Walter Peterson Rites Held In Wisconsin

Walter Peterson, 85, father of Mrs. James Head of this place, died Saturday in Menominee, Wisconsin, following a long illness.

Services for Mr. Peterson were held Tuesday of this week in the Lutheran Church at Menominee, with burial there.

Mrs. Head remained in Wisconsin through this week to attend the services. Jeff Head left Saturday for Wisconsin to attend his grandfather's funeral.

Third Barrio Clean-Up Held Last Saturday

Barrio Clean-Up no. 3 was held on Saturday, November 8th, and it again became evident by late afternoon that the end was nowhere in sight. However, at this point there is much pride in the fact that every alley, save one short section, is now open and cleaned. And every household that gathered unwanted and useless debris has had the pick up services of the workers. As a whole, the cooperation of the community members has been just great, but of course, no one can claim 100% in any project. Some few have yet to get their part done and the clean-up committee stands ready to help them.

Council and Advisory Members and workers are also facing a bit of a dilemma. There is a deadline date approaching on renovation of the new neighborhood center building and a great deal of reluctance to stop half way through the clean-up of the barrio. This unsuspected pride that surfaced recently, plus the advantages of good outdoor weather now, has placed the workers in a perplexing situation.

Considering this position and the fact that many of these people work five days a week and have given three Saturdays, and need some time for personal business, we are going to take a break this coming week end, go fishing or rest and perhaps come back with a way to solve the problem.

Again, the committee would like to express their thanks for the use of all equipment and this time especially to Mr. Homer and Mr. Mikeska, who volunteered to furnish a truck. —Rep.

TO CONDUCT SERVICE

The First Presbyterian Church of which Rev. Gordon Garlington is pastor, will conduct the services this coming Sunday afternoon, Nov. 16th, at the Nursing Home here. The service will start at 3:30.

Post Script

My daughter and son-in-law, Mr. and Mrs. William Sauer were visitors in Eldorado and Reynolds community over the week end.

While they were here they took me for a visit to Gertrude Williams at the Reynolds store. This was the first time I had been out there in over a year and we had a lot to tell about in the 30 minutes we were there.

The first thing I asked her about was her granddaughter, Cindy. She was the attractive 12-year-old I met over a year ago when I was there buying black-eyed peas and new potatoes.

She replied that Cindy spent a good part of the time with her during her summer vacation.

—ps—
And now about 12 quilts! Gertrude is in the process of making 12 handmade quilts for each of her 12 grandchildren.

She showed us a number she had already made—probably seven or eight. She hoped to have them ready for Christmas but failing, she would wait for another holiday. They are designed for grandsons and granddaughters.

The Reynolds Home Demonstration Club often meets at the Country Store, and members have already seen them. I wish that some club member with a gift for words would write a story about them.

—ps—
The Lions Club met this week with program brought by David Meador, chairman of the Civic Improvement and Community Betterment committee.

Boss Lion Ronnie Mittel reported that the Broom and Mop Sale of last week grossed about \$1400, an all-time, high amount for this sale which the club stages each November.

Mittel expressed thanks to the community for this fine support.

—ps—
The Eldorado Parent-Teacher Association will meet this coming Monday night, Nov. 17th, at the school, starting at 7:30.

Theme of the meeting will be, "A Visit From The School Board."

—ps—
There was a meeting of the Bev McCormick American Legion Post last Thursday night, and Willard Gentry was re-elected Commander to serve the coming year, with Phil Olson as adjutant.

The post will put on the annual Christmas party for school children around Dec. 16th, but will not sell the basketball schedule placard to finance this year's event. Instead the costs will be paid out of the post treasury.

The Legion post is also going to have quarterly meetings instead of meeting the first Thursday of each month. The next meeting will be held the night of Thursday, January 8th, 1976.

ELEMENTARY ACTIVITIES:

Friday, Nov. 14. End of second six weeks.

Thursday, Nov. 20. Report cards. Assembly program at 1:00. Room no. 1, Mrs. Stigler's 3rd grade.

If only the problems of life come when we are young—when we know everything. —Ruthie Dacy A. D., Beulah Harris Rep.

Mrs. Winnie Jackson gave a report from the gift shop. Members are supposed to bring hand made gift items to the December meeting.

A motion was made to buy some hospital items from Mrs. Nimitz to donate to the Cancer Society.

Ruthie Dacy, activities director, reported that she planned to have Bingo twice a week so it was decided to buy more prizes to be used.

Mrs. Winnie Jackson reported that the electrocardiograph had been ordered. After no further business the meeting adjourned. —Rep.

Girl Scouts Continuing Sales Of Calendars

What's the Date? — November 1st through 15th are the dates for Girl Scout Calendar Sales. The Bi-Centennial Theme is portrayed this year. These are beautiful calendars, yet practical. They sell for 75 cents each, with 25 cents going to troop use, 50 cents per calendar going to El Camino Girl Scout Council. This is an excellent troop money raising project.

Leaders: Turn your Calendar money (50 cents per calendar) in to your Calendar Chairman, Mary Field. Keep the 25 cents per calendar for your troop use. The Calendar Chairman will then in turn, give her money to the Neighborhood Chairman, to be deposited in First National Bank. If this sounds confusing, it isn't. This only alleviates burdens for all concerned.

We have 300 calendars to sell. Let's get busy and be the first this year to sell our quota. Good luck Girl Scouts!

In the second quarter, George Factor scored from one yard out and Alan Hall tossed to Jimmy Bosmans for two extra points. Later in the period, Factor scored on an 11-yard run and the PAT failed.

Menard also scored in the second quarter as Ray Ellis went 11 yards for a TD. The point after was no good. Joe Baker went one yard for a TD. Ray Hernandez ran for two extra points.

In the third quarter, Elijio Rodriguez scored a TD on a six-yard run and Harlin scored two extra points. Tommy Paxton went eight yards for another Eldorado TD and Zack Holsey added the PAT.

In the final period, John Ben Cawley ran 28 yards for the Eagles and the extra point failed.

To Robert Lee For Final Game Friday

The Eagles go to Robert Lee this Friday night for the final game of the '75 season. The tilt will start at 7:30 p.m. on the Steers' field, and the Eagles will be hoping for a repeat of the 27-12 victory over the Steers of a year ago.

JV's Defeat Menard For 8th Straight Win

The Eldorado Junior Varsity won their final game last Thursday in Menard 22-0, for an 8-0 season. This was the first time in 13 years the JV has had an unbeaten season and everyone is truly proud of these boys.

The Eagles received the kick-off. On the 3rd down QB Jym Bob Byrd called a play sending Shannon Wilkerson over the goal for a TD. The PAT was blocked and the Eagles led 6-0.

The next series was play and punt, back and forth for both teams. On 4th down for the Yellowjackets, Lynn Whitaker tackled the QB and forced him behind his own goal for a touchback, adding two more points to the Eagles score for 8-0.

Eldorado made a strong drive to the 1-yard line of Menard, but time ran out before the Eagles could score in the first half.

In the second half, the Eagles kicked off. Wilkerson intercepted a Jacket pass on the Eldorado 20-yard line and ran back to the 45. On a series of plays the Eagles drove to the 3-yard line of Menard. Sam Whitten then carried the ball over for the TD and the PAT by Edward Hernandez was blocked, leaving the score 14-0.

Menard had the ball for a large portion of the remaining time, but again on a Jacket 4th down, Whitaker sacked the QB for a big loss. Eldorado JV took over on the 11-yard line of Menard. Hernandez made a TD for the Eagles, and a pass from QB John Cheatham to Randy Williams was complete for the 2-point conversion. The Eagles widened their lead to 22-0. No time was left for Menard to score before the game ended.

Outstanding on tackles for this final game were: Whitaker with 11, Whitten 8, Leonard Lloyd 6, Ricky Short and Phil Head 5 each, and with 4 each were: Hernandez, Mike Lux and Larry Fay.

The JV football team would like to add a special thanks to their coaches Larry Mitchel and Kenneth Thomes for leading them to the NUMBER ONE spot this season; with special thanks also to the cheerleaders, officials, and fans, who followed them faithfully to the games. —Rep.

All those connected with the JV football team wish to express their appreciation to Reyes Robledo for his fine work as trainer this past season.

8th Graders Defeat Menard By 14-0 Score

Eldorado:	Menard:	
11	First Downs	5
141	Yds. Rushing	26
56	Yds. Passing	61
10-5-2	Passes	11-4
2	Turnovers	2
2-10	Penalties	3-45
3-95	Punts	4-81

The Eldorado 8th Graders football team completed its season with a 14-0 win over the Menard 8th grade team on the Eagle home field last Thursday night.

The first quarter of play was about equal with neither team being able to sustain a drive. In second quarter Eldorado's offense began to move. The Eagles mounted 7 play scoring drive from their own 37 yard line late in the second quarter to take an 8 to 0 lead at the half. The touchdown was scored by Doran on a 30 yard pass from Edmiston. Morrison ran the extra point.

Eldorado controlled the half throughout most of the third quarter with two good sustained drives: The second drive culminated in a 3-yard touchdown run for a touchdown. The extra point try on a pass from Edmiston to Doran was incomplete.

Eldorado had one good drive in the fourth quarter that ended with a Menard interception on the Menard 19 yard line.

Eldorado played a stout defensive game, holding Menard to 26 yards on the ground and 61 yards through the air. Farris, Aguilar and Morrison led the defensive charge with 4 tackles each and Mertz, Nixon, Homer and Bradley each made 3 tackles. The defensive secondary Mertz, Edmiston, Nixon and Minor blunted a furious Menard passing attack in the fourth quarter to insure an Eldorado victory. Offensively, Edmiston had a good night, completing 5 of 10 passes for one touchdown and a total of 56 yards. The rushing offense was led by Bradley with 97 yards and Morrison with 44 yards. Homer averaged 31 yards on three punts for his best kicking average of the year.

Mr. and Mrs. Jerry Doyle and children visited Jerry's mother, Bessie Doyle, and brother, Jim and Nancy over the week end.

Mrs. Carl E. Twibell of Seminole, Okla., has been visiting here in the Kenith Richardson home.

Subject: Toxic Plants—Fall Forecast.

Numerous reports, field surveys and discussions leaves the impression that potentially toxic plants may be a problem this fall and winter. The variable growing season rainfall, the dense growth of annual and perennial broomweed, short forage supply, a lower quality forage and fall moisture may result in poisonous plant problems. This material is a reminder of some things that could happen.

Things to look for and be aware of:

—Prussic acid poisoning from sorghums and Johnsongrass is a real possibility about this time of the year—usually after frost.

—Nitrates will accumulate in small grains, coastal bermuda, and many forbs, especially those shortly grazed, on cold, cloudy mornings. This is true on fertilized pastures, around corrals, or bad grounds. A good practice on pastures is to keep the animals off of small grains until mid-morning when temperatures increase and the sun comes out. Don't place hungry animals in corrals filled with weeds, especially carelessweed.

—Grain tetany is possible primarily on mother animals from small grain or winter growing native grasses. Again, this condition is worse under cool, cloudy weather when magnesium becomes limiting. Providing supplemental magnesium may be necessary.

—Threadleaf groundsels have increased greatly the past couple of years in response to the fall moisture. Animals usually graze this plant mostly in February and March when the plant first starts to green. Eating excessive amounts will result in acute (immediate) livestock poisoning while small amounts of plant material will result in a chronic (lingering) condition. This lingering effect is a result of severe and permanent damage to the liver. Animals may actually do rather well, get fat and then die as a result of low levels of toxins which could not affect a healthy

NEWS

OF SAFETY

HIBERNATION FOR LAWN MOWERS

When storing your lawn mower, it's important you do it safely. Here are some tips from experts at the Outdoor Power Equipment Institute for the owners of the 40 million lawn mowers in America that will be bedded down for the cold weather.

1. Drain all gasoline out of the mower before putting it away. Store the gas in a strong, metal, clearly marked, safety-type can with a self-closing cap and keep it away from children and combustible materials.

2. Never reach into the blade to clean it unless you're sure the mower is off and the power is off. Stop the engine and disconnect or remove the spark plug before making any repairs.

3. Make sure that you store the mower in a safe place where children and pets can't "play" with it.

4. Discuss proper servicing and maintenance needs with your dealer. Schedule a service appointment well before the spring rush.

5. Before you take the machine out again for spring mowing, make sure to read the safe operating instructions included with the mower. Make sure you relearn the controls well enough to be able to act instantly and correctly.

Follow these rules and your lawn mower should be in great shape after its winter hibernation.

WILL SOMEONE TALK YOU OUT OF LIVING FOR GOD?

Each person has a personal feeling when it comes to living for God. Jesus is your personal Savior. Husband will it be your wife, or wife will it be your husband, or family will it be someone that call themselves a friend? Children it may be Mother or Dad, that keeps you from living for God. They may be following tradition and want you to follow tradition. Out of pride and selfrighteousness, people will find themselves being cast into the lake of fire.

Some people are just excuse makers. They use the weather, or the church is not big enough, there's enough people going if there is 2 or 3 in the midst. The United Pentecostal Church not just pentecostal but the United Pentecostal Church lifts up the highest standard of Holiness of all churches of the World, because through the name Jesus Name baptizing and the Holy Ghost with the evidence of tongues it is declared unto his people.

I want to tell you some known facts. There have been people come and heard the gospel preached in the Name of Jesus; they really felt something, that they haven't felt before they went then and told someone what they felt. But the one they told made fun of the holiness church, so they didn't come back.

I have had children say, "Bro. Ford we want to come to church but Mother and Dad won't let us." The blood will be on that Mother or Dad's hands.

I have baptized some in his name and they have received the Holy Ghost but they are not in church and living the life of the light that Jesus taught so they will be cast into the lake of fire with the Unbelievers.

People will say, "O How I Love Jesus," and pray in Jesus' name, but they won't be baptized in Jesus' name. Just about everyone says they're a Christian, but God knows where they stand and lets the unbeliever know where he stands. I know because I walked that road before myself.

Are you a drinker? The Bible said a man that drinks strong drink is unwise. Do filthy words come from your mouth? Are you a filthy joke teller? Men are you good when you are at home with your wife, but when you get away your mind becomes corrupt? Ladies when you go to San Angelo shopping do you have a secret friend? You would be surprised at the ones who do and yet call themselves Christian.

When you really have God in your life you will know the real way and want to know more about the meat that you have heard about.

Many people are starting to non-denominational, but all the time they just need to humble themselves at a Pentecostal altar, because Pentecostal is not a denomination but an experience. The same thing Peter preached is what we preach.

Nowhere in the Bible did the Apostles baptize in the Father, Son and Holy Ghost. They Baptized in

Jesus Name only. Check these scriptures: Acts 10-48, Acts 2-38, Acts 8-16, Acts 19-5.

You might say why was Matthew 28-19 put here? It was put there for a stone of stumbling and a rock of offense. Jesus said this was hid from the wise and prudent. How then is it hid? It is hid in broad open daylight. Luke 24-17 that repentance and remissions of sins should be preached in his name. Till a person is baptized in Jesus' Name there is no forgiveness of sins. Peter said in Acts 2-38, repent and be baptized in the Name of Jesus Christ for the remissions of sins you shall receive the gift of the Holy Ghost.

People say it's not for us today. Why? Acts 2-39. Trinity baptizing started 325 years after the death of Christ. This is History and I can prove it, if you would like to discuss it. Trinity baptizing started in the Catholic Church, so it says in the Catholic Encyclopedia and other Encyclopedias.

All other churches have just accepted the trinity baptizing.

I came from a Church of Christ to Pentecost. They claim the name but they have trinity baptizing. If you are baptized in the Name, then you will receive the Holy Ghost because you have remissions of sins.

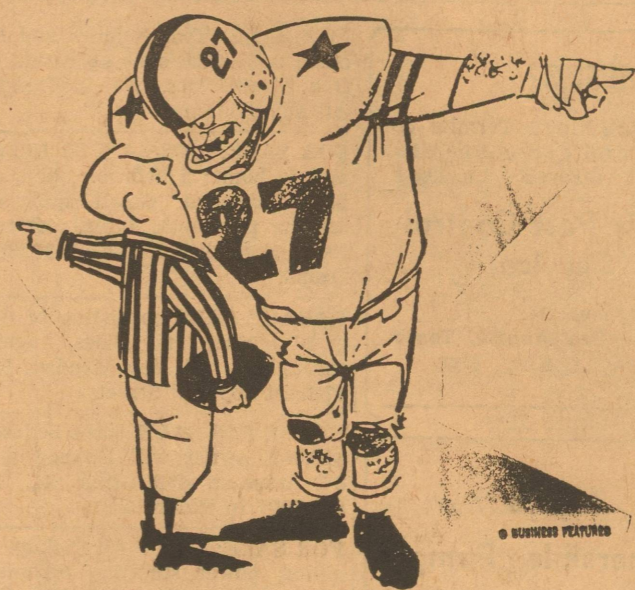

"Baptize." John's baptism wasn't in trinity baptism; it was in repentance only. In Acts 19-2-6 Paul said baptism of repentance was of John. That they should believe on him which should come after him, that is on Christ Jesus. When they heard this they were baptized in the Name of the Lord Jesus. Paul laid hands on them; they received the Holy Ghost and spoke in tongues.

When you come to the Pentecostal Church come expecting to feel the power of God. That power will draw you to an altar of repentances. It is quite different. He said his people would be a peculiar people. All pentecostal people come of one denomination or other because they felt there was more. I'm not saying, you don't have anything but there is more for you. Let me tell you about a few of our preachers just to let you know we are ordinary and love you. Bro. Bunch, pastor of Iraan, was a Baptist. Bro. Helms, pastor of San Angelo, was a Lutheran. Bro. Deaver, pastor of Lubbock, was in Church of Christ. Bro. Capps, pastor of San Angelo, was in Assembly of God. Bro. Ford, pastor of Eldorado, was in Church of Christ.

I could go on and on but to sum up the whole thing: It comes by the Name of Jesus.

If you feel your life is a drag, try Jesus' Way.

After reading this and you want to be blessed of God, send a little offering to help pay for the writing. Send to United Pentecostal Church, Box 115, Eldorado 76936. —Bro. Walter L. Ford. For questions or Home Study, call me at 853-2806. (Pd. Adv.)

SAFEGUARDING PLUTONIUM AS A REACTOR FUEL

Plutonium, worth over \$5,000 a pound as a fuel for nuclear power plants, is handled with tighter safeguards than those given the most valuable of gems.

Preventing inadvertent release of plutonium in a power plant is accomplished by four barriers placed in a series, according to industry experts. If the first barrier should fail for any reason, three other barriers would have to fail before plutonium could be released to the air or water outside the containment.

The four barriers are (1) the ceramic nature of mixed plutonium-uranium fuel, (2) fuel rod cladding, (3) the reactor vessel and piping which form the boundary of the coolant system, and (4) the containment building itself, which is constructed by reinforced concrete several feet thick.

Plutonium is one of many hazardous materials that are handled routinely

effectiveness of its safety procedures and equipment. In the 35-year history of the plutonium industry, no one has ever died from exposure to plutonium. Yet, by using plutonium as a fuel in nuclear power reactors, the United States can save millions of dollars in uranium mining, milling and enrichment costs and extend our uranium resources for centuries.

Bi-Centennial Year Has Theme Locally

"A Past to Remember—a Future to Mold" is the National Theme of our Bi-Centennial year. Recognizing the need for roots in our ever changing society, we are trying to provide opportunities for every county citizen to discover a new "sense of place," a feeling of personal involvement in the community.

The next meeting of the Historical Society will be December 1, in the Auditorium of the Memorial Building. Everyone is urged to join the society and get involved in our bi-centennial celebration.

Watch for and participate in many events coming up prior to our big celebration June 26, 1976. We hope to have a children's art show, a dog show, a style show, any many other events. If you have any ideas please contact Mrs. Ruthie Dacy and join in fun and activities leading up to our big celebration.

November 20 there will be a bridge tournament, sponsored by our local bridge club, and part of the proceeds will go to the Bi-centennial Celebration Fund. The fee is \$2.00 per person so if you are a bridge player come out and enjoy an evening of bridge and help support this worthwhile project. Sandwiches, cookies and coffee will be served during the evening. The time is 7:00 o'clock in the Auditorium of the Memorial Building. —Rep.

STEAK CANTONESE AND RICE

Rice recipes are becoming more and more popular. Not surprising, since the "typical" recipes of many countries are made with rice. In fact, rice is the staple food for over half of the world's population. And for one main reason economy! It is inexpensive itself. Then when combined with or served under a more expensive food like meat, it can make that meat go a long way. In addition, rice is easy to digest, low in fat and cholesterol, and simple to prepare. It is also one of the most versatile foods you can serve . . . in soups, salads, vegetables, main dishes, and desserts. Here it's teamed with slices of round steak, to tease your palate and please your purse.

Steak Cantonese and Rice
1 1/2 pounds boneless beef round steak
2 tablespoons vegetable oil

2 large tomatoes, coarsely chopped
2 medium green peppers, cut in strips
1/4 cup soy sauce
1/2 teaspoon each garlic salt, pepper, and ground ginger
1 tablespoon cornstarch
1/4 cup water
1 beef bouillon cube
2 cups hot cooked rice (cooked in beef broth or bouillon)

Slice meat into thin strips, cutting diagonally across the grain. Brown steak in oil on all sides over high heat. Reduce heat. Stir in tomatoes, green peppers, soy sauce, and seasonings. Cover and simmer 10 minutes. Blend cornstarch and water. Stir into meat mixture. Add bouillon cube. Cook and stir until mixture thickens and bouillon cube dissolves. Cover and simmer 10 minutes longer. Serve over beds of rice. Makes 6 servings.

Dollar-Wise Decorating
DECORATING A CHILD'S ROOM
By Joy Miller

A parent who surprises a child with a new room robs the youngster of half the fun of decorating. A child denied the anticipation . . . planning . . . and part of the do-it-yourself execution loses a good opportunity for self-expression.

You can't blame a child for wanting to be in on such a personal project. It's unfair when the children concerned are neglected and adults completely "take over."

Whether you're decorating with a tot or a teenager, let the youngster pick the predominant color.

It would be a good idea to start with the floor. Color could begin there.

Some of the new self-stick carpet tiles from Armstrong have rugged enough textures to withstand rough-and-tumble activity from two rugged boys in a room, and are do-it-yourself easy as well as durable. Installing carpet squares is such a cinch that (with only a little help at room perimeters) it's an excellent D-I-Y project for an older child!

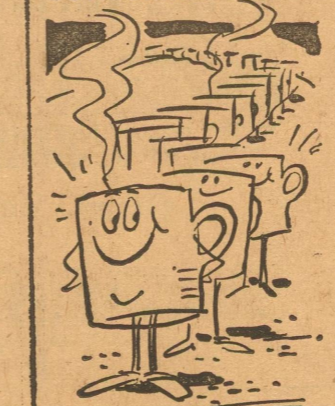

A special sport, hobby, or collection can provide a theme and allow a favorite color to run riot in accessories that depict the interest.

As for furniture, if your daughter is wild-for-wicker, for instance, you don't have to buy lots of new pieces; one wicker chair (from a second-hand store) spray-painted will make a good start.

The simplest materials can make decorating a child's room a delightful experience and inspire environment-control creativity throughout life.

Whatever decorating decisions are made, the important thing to remember is that a room is a "personal" statement; and the child has a right to make it.

COFFEE Facts & Figures CONSUMING FACTS

How much coffee do Americans drink every day? To get some idea, imagine standard six-ounce cups of coffee lined up, edge to edge, for the day's drinking. They would stretch for some 18 thousand miles.

In all, Americans enjoy more than 380 million cups of coffee daily, or 140 billion every year. And according to the National Coffee Association, each cup is still a bargain, costing only about 3 cents per cup when served at home.

PAR-TEE NEWS—

Sixteen players turned out for the Sunday Mixed Foursome.

Winning first place was the team of Tom Miner, Mary Waldron, Lum Burk and Jerry Cantwell with two under par.

Second place went to the team of Delbert Taylor, Ralph Waldron, Eddie Kinser and Ted Short with even par.

The weather has been perfect lately and a good number of players are enjoying being outdoors.

We hope the nice weather continues a few days as our cart trails are to be grveled for all weather use this week.

The club is concerned with the surgery of Mrs. Katie King, mother of Clara Mae Donaldson. We hope the best for Mrs. King.

Remember the new time change for the bingo party Nov. 19 is at 7:00 p.m.

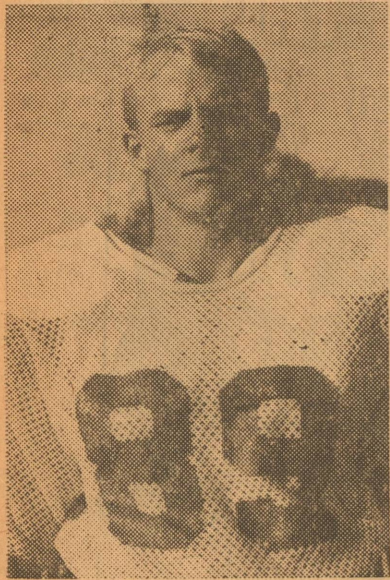

One woman said to another leaving the supermarket: "I've always wanted to spend money lavishly, but I certainly never thought it would be on sugar, milk, bread and mayonnaise."

Happy golfing! —Rep.
