75TH YEAR

ELDORADO—SCHLEICHER COUNTY, TEXAS (76936)

Thursday, August 26, 1976

Number 35

by Lyndell Williams
Texas Press Association

Austin, Tex.—Attorney General John Hill has ruled unconstitutional the Texas law limiting campaign expenditures in statewide races.

Hill based his decision on a recent U. S. Supreme Court ruling (Buckley vs. Valeo) that a section of the Federal Election Campaign Act limiting campaign spending was an "invalid infringement upon the right of free expression guaranteed by the First Amendment to the United States Constitution."

The 64th Legislature passed a bill limiting candidates for statewide office in a general primary election or general election to campaign expenditures totaling 10 cents multiplied by the voting-age population of the state.

The runoff primary limit was set at four cents multiplied by the voting-age population. Candidates for State Board of Education were limited to campaign expenditures totaling \$1,500.

The opinion was requested by Secretary of State Mark White and Education Commissioner M. L. Brockett.

In other recent opinions, Hill concluded:

—Comparable sales of farms and ranches should be considered in assessing the value of land used for agricultural purposes.

—County officials and employees can be paid for unused sick leave but are not entitled to interest on their matured but unpaid claims for accrued sick leave.

—The Railroad Commission is required to issue notice and conduct hearings in order to issue a formal declaratory ruling which requires an interpretation of a previously adopted Commission rule.

New Medicaid Pact

The State Welfare Board has given up its five-week battle for a two-party Medicaid agreement, and awarded H. Ross Perot's computer firm a \$165.6 million contract to administer the state medical assistance program for the needy.

The board accepted the Dallas firm's low bid for the eight-month contract after negotiating sessions failed to produce a joint agreement between Group Hospital Services, Inc. (Blue Cross-Blue Shield of Texas) and Perot's Electronic Data Systems.

Blue Cross, which had administered the program since its inception in 1967, had been the next lowest bidder at \$167.3 million.

Commissioner Raymond Vowell recommended that DPW seek a joint contract with GHSI and EDS at the low bid. "The prices bid are so close and the variable factors of caseload and incurred claims so large that it is difficult to determine which bid would be the lowest cost to the state in all situations," he said.

Short Snorts . . .

The House Administration Committee has approved shifting the printing and enrolling duties to the Legislative Council. Members estimate the savings will approximate \$175,000 annually.

The 1,700-acre Stonewall portion of the LBJ Ranch has reverted to the Johnson family from Frates Properties, Inc., Tulsa.

Sen. Lloyd Doggett of Austin is eyeing legislation to create a statewide building code and to give counties ordinance-making powers.

Comptroller Bob Bullock has asked the budget examiners to give him 2.25% of the sales tax collection to run his department. That would be a 55% increase over the current budget—\$109,800,000 for the coming biennium. Bullock says his office has reached the halfway mark of his \$100 million commitment to the legislature two months ahead of schedule.

The Air Control Board won \$29,000 in penalties against Gulf Oil's Port Arthur refinery.

—SUCCESS Want Ads get results!

Post Script

A big celebration is set Saturday night and all day Sunday by the First Baptist Church congregation here in Eldorado, and they have the best wishes and congratulations of the community at this significant time. The schedule of events is given elsewhere in this Success issue.

The current pastor, the Rev. Gene Stark, and several former ones, all promise a full time of activities for present members of the congregation and former members who are back to visit.

The church traces its founding here back to Sept. 1, 1901, when a group of people met with Rev. Ben Wilson as Moderator and Rev. A. T. Talbert as Clerk. The last charter member of that founding group was Mrs. Emma (Alexander) Campbell, who died some years ago.

—ps—

Around the business district . . .

Bill Carson is having the former Jones building on South Main redone. New aluminum windows are being installed and new wooden roof trusses are on the site and will be mounted, and new roof put on. The structure is over 40 years old and housed the Jones and Wagley car agencies in earlier days, and more recently has been used for a welding shop.

The new plate glass window has been put in the front of the Westerman Drug building.

—ps—

With our subscribers: The Gene Eubank family are now at PO Box 29514, San Antonio, Texas 78229.

Mr. and Mrs. Odie Harris have moved back here from Sterling City.

Mrs. Robert Lauffer has taken her family back to Rockwall after spending the summer here.

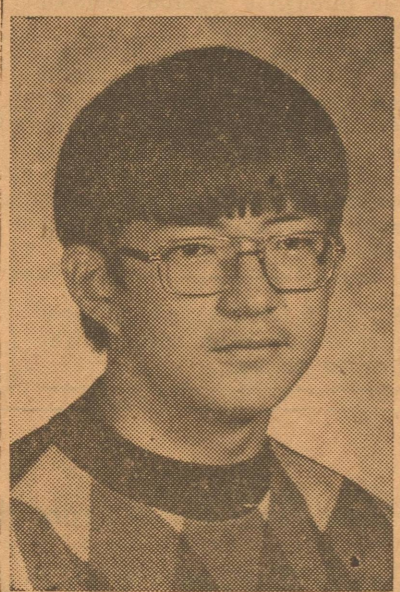

—ps—

With passing of the national conventions of the two major political parties, we will have Jimmy Carter & Walter Mondale trying to unseat Republican President Gerald Ford, who has Senator Bob Dole of Kansas as his running mate.

It's just over two months until the General Election of Nov 2nd.

—ps—

The Eagles' Drum Major

JIM BOB BYRD

Serving this year as drum major of the Eagle Band is Jim Bob Byrd, son of Mr. and Mrs. Tom Byrd.

Screwworm Onslaught Has Only Begun

Even though 1976 is only a little more than half gone, it's evident it'll be easily the worst screwworm year in Texas since the pandemic of 1972 and—with 6,772 infestations already confirmed—one of the worst on record.

Screwworm cases confirmed earlier in the month here in Schleicher county have been on the ranches of: Walter S. McGreor, Howard Derrick, and W. F. Edmiston.

Daughter Born To Williamsses

Mr. and Mrs. Jack Williams announce the birth of a daughter on August 18th. She weighed 7 lbs. and has been named Kimberly Dawn.

Grandparents are Mr. and Mrs. Leroy Hanusch of this place and Mr. and Mrs. D. Williams of Welch. Greats are Mr. and Mrs. Walter Hanusch of Eden, F. H. Reeder of Sherman, Mrs. Grace Williams of Quanah, and Mr. and Mrs. H. L. Ross of Vernon.

3:00 p.m.-----Singspiration

Football Booster Ads To Start In The Success

Last Saturday, the Eldorado Eagles closed their initial two weeks of practice, and will host Rock-springs here Friday night at 6:30 in a scrimmage game on the grid field, so the start of the grid season is just around the corner.

Next week, the Eldorado Success will start running the traditional series of football booster ads, and they will continue through the season which closes the first week in November.

Our crew have already done much of the preliminary work such as taking photos of the varsity team members, coaches and managers and we expect to have everything ready for printing in our forthcoming issues.

We will carry the probable starting line-up, the schedule of coming games, and the scores of past games.

The Eagle booster ads serve several purposes: they give recognition to the players; they advertise each week's game giving time, date, place and season's results; through sponsors of the ads, they demonstrate townwide support and backing of the Eldorado Eagles football teams.

We are now in the process of selling for this ad series, and have already done most of the selling. Any Eagle booster overlooked who wants on the ad series should call The Success office at 853-2600.

While there may be few direct sales in getting on the series, it creates good will which is vital to any business enterprise.

Mike Quimby is starting his

fourth year as head coach of the Eagles. This year the Eagle varsity are starting new two-year game contracts with neighboring teams, and the main change in District 9-A was putting of the Big Lake Owls back in, after that town's school dropped from double-A classification back to A.

The Eagles will have just four non-district contests, all coming in the four Fridays in September. They will launch their '75 season when they go to Rankin the night of Friday, Sept. 3rd. On the 10th they will host Iraan here in their first home game; on the 17th they go to Ozona, and on the 24th will host Winters, here. All four of these non-district games will start at 8:00 p.m.

District 9A play will be launched Oct. 1 against Big Lake, with subsequent games against Menard, Robert Lee, Wall, Junction, and Mason. The six District 9A games will all start at 7:30 p.m.

It will be noted that the Eagles no longer play their long-time rivals, the Sonora Brocos, who are now in a double-A school. It's been three years since the Eagles have gone to the top in football. Coach Quimby's Eagles had a highly successful year in 1973 when they downed Sonora for the first time in many years to take the district crown, and then they went into bi-district and regional contests. But the '74 and '75 seasons saw the Eagles in near-cellular placings in district. It remains to be seen how the Eagles will fare this year.

1976 FOOTBALL SCHEDULE ELDORADO EAGLES

Date	Team	Place	Time
Sept. 3	Rankin	There	8:00 P.M.

595 Enrolled In School

Tuesday morning, on the second day of classes at school, Supt. Guy Whitaker reported a total of 595 students enrolled. The figure may vary slightly up or down during the first week or two of the new school term.

There are 320 students in grades Kindergarten through 6, and 275 in 7 through 12.

Fund Drive Set For Arthritis Foundation

Howard and Faye Dell Derrick have consented to serve as Special Gifts Chairpersons for The Arthritis Foundation in Schleicher county this year. Their special gifts letters were to be mailed to Eldorado citizens this week.

The West Texas Chapter of The Arthritis Foundation is headquartered in Midland.

WORKING WITH A.S.U. BAND

Carolyn Bland and Cathy Orr have started working out with the Band at Angelo State University. Both girls also moved into the dorm at ASU on Sunday of this week.

Rocksprings Coming For Scrimmage Friday Night

The Eagle varsity football boys will host Rocksprings in a scrimmage game on Eagle field this Friday night at 6:30 on Eagle Field.

Coach Mike Quimby and his assistants report the boys in good shape following their recent weeks of practice and all set for this initial encounter.

Eagle Booster Club To Be Organized Friday

An organizational meeting of the Eagle Booster Club will be held after the Rocksprings scrimmage on Friday evening, August 27, in the Band Hall classroom at the High School.

All interested persons are urged to attend this organizational meeting to set up our program for the year.

The purpose of the Booster Club is to encourage participation in and support of our athletic programs in Eldorado High School.

Mr. and Mrs. Dick Copeland of Hurst, Texas, visited here recently with Mr. and Mrs. Junior Isaacs.

The Tim Terrys moved this week to the teacherage across from the school, which was re-done by Dean Day. The Butch Jarrett family are moving to the Terry house.

HISTORICAL SOCIETY

By JANNETTE WILKERSON

It's been a short summer. But, the visitors to the Museum in this short time have proved to be a real highlight. It's as impressive on the inside as it is on the outside. We hope to have a guided tour program set up for school groups and other organizations soon. If you would be interested in having your group go through please give some advance notice and notify Margaret Frost. It's an education in our local history and you may see your Grandmother's old high buttoned shoes. Please take advantage of this "Labor of Love" for that special feeling of pride and entertainment.

REMEMBER WHEN?

North of town there is a historical marker at the site of the San Angelo and Sonora stage road. Stop by and read it, if you haven't done so already. If you haven't done so already, read it, if you haven't done so already. An old stagecoach rule of the road was: "Spit With the Wind—not against it." And not without good reason. Here are some regulations laid down by the Stagecoach Co. for riders of its cross-country stages more than a century ago:

1. Abstinence from liquor is requested, but if you must drink, share the bottle. To do otherwise makes you appear selfish and unneighborly.

2. If ladies are present, gentlemen are urged to forego smoking cigars and pipes as the odor of same is repugnant to the "gentle" sex. Chewing tobacco is permitted, but spit WITH the wind, not against it.

Mrs. McWhorter's Funeral Held Monday

Funeral services were held Monday afternoon in the First United Methodist Church for Mrs. C. M. McWhorter, who died at age 94 Saturday in the local Medical Center.

Officiating was the pastor, the Rev. Keith Wyatt. Mrs. Robert L. McWhorter sang "In the Garden." Interment was made in the Eldorado cemetery under direction of Kerbow Funeral Home.

Mrs. McWhorter was born Eugenia Buchanan Sept. 29, 1881, in Brenham, where she was married to C. M. McWhorter Sept. 12, 1917. She moved to Eldorado that same year. She was a Methodist and member of the Daughters of the American Revolution, Huguenot Society of Texas and Eastern Star.

Her husband died June 26, 1940. Survivors include a nephew, John F. Buchanan of Houston, and a great nephew, J. E. Buchanan of Houston.

PAGE HAS HOSPITAL STAY

Robert Page returned Friday from a stay of several days in the Shannon hospital, San Angelo. He is continuing convalescence at home and expects to go to Austin for further treatments.

Methodist Notes

Holy Communion will be served this Sunday, August 29th, as we begin the First Sunday of King-domite.

The new mimeograph machine has been ordered and is due in about two weeks.

At noon on Sunday, Sept. 12, a dinner will be served in the educational building following the morning service.

Presbyterian Notes

Announcement will be made shortly for Rally Lay and Promotion Sunday in the Sunday School.

Rev. Otis Moore of Mo-Ranch will be our guest minister for special services here Oct. 3-5.

RECEIVES MASTER'S DEGREE

Abilene, Tex.—Jane Sanders All-corn, daughter of Mr. and Mrs. Jerrall Sanders of Eldorado, received the master of education degree in educational diagnosis from Abilene Christian University during summer commencement exercises Aug. 13.

Mrs. Allcorn is a 1964 graduate of Schleicher County High School.

3. Gentlemen must refrain from the use of rough language in the presence of ladies and children.

4. Buffalo robes are provided for your comfort during cold weather. Hogging robes will not be tolerated and the offender will be made to ride with the driver.

5. Don't snore loudly while sleeping, or use your fellow passenger's shoulder for a pillow. He (or she) may not understand and friction may result.

6. Firearms may be kept on your person for use in emergencies. Do not fire them for pleasure or shoot at wild animals as the sound riles the horses.

7. In the event of runaway horses, remain calm. Leaping from the coach in panic will have you injured, at the mercy of the elements and hostile Indians and hungry coyotes.

8. Forbidden topics of discussion are stagecoach robberies and Indian uprisings.

9. Gents guilty of unchivalrous behavior toward lady passengers will be put off the stage. It's a long walk back. "A word to the wise is sufficient."

These Stage Stops were about 25 miles apart, and they made no unscheduled stops.

This was attributed to the fact these stages were also the official carriers of the U. S. Mail, and you know what they said about that. Postage rates were 10c an ounce, so at those rates the time element was first and foremost. The nickname of "Jackass Mail" was given to some of the West Texas lines.

Brings to mind the old saying, "We never had it so good."

Easter Seal 'Action Line' Is New Service In Texas

A new service for disabled Texas children and adults, called "Easter Seal Action Line," has been initiated by the Easter Seal Society for Crippled Children and Adults of Texas. Easter Seal Action Line's 24 hour, toll-free number, 112-800-492-5555, can be used by disabled persons and their families to obtain information regarding help they need.

William E. Russell, Executive Director for the Texas Easter Seal Society, reports, "Many people, especially in the rural areas, don't realize how many services are available for the handicapped today." The Easter Seal Action Line is designed to serve as a link between the handicapped and those services. With just a phone call, persons can receive that assistance in helping them to locate service they need, where it can be obtained, and who can provide it for them.

Among the many services available through the Texas Easter Seal Society Action Line are speech, physical, and occupation therapies, evaluations, purchase of needed orthopedic equipment, all of which require a medical doctor's authorization. The Texas Easter Seal Society pledges to make every effort to locate the needed service if that service is offered in the State of Texas. The Texas Easter Seal Society makes these services available to the handicapped of all ages.

Any handicapped person or anyone who knows a handicapped person who needs help in locating a

needed service is urged to call the toll-free Easter Seal Action Line, 112-800-492-5555. Night or day, 7 days a week.

Raymond Hall, cashier at The First National Bank here in Eldorado, is local representative for the Easter Seal Society.

Gieghorn Rites Held In New Mexico

An industrial accident at a refinery plant near Artesia, New Mexico, on August 4th, claimed the life of Charles R. (Toby) Gieghorn, 29. Funeral services and burial were held in that area.

Survivors include his widow, the former Nancy Jarrett, who formerly lived in Eldorado; two children, Jenny Lee, 9, and Charles Jr., 6; and his parents, Mr. and Mrs. Charles Gieghorn of Artesia.

Nancy's parents, Mr. and Mrs. Wm. W. Jarrett, live at 2102 Runyan, Artesia, NM 88210.

A&M Range Scientist At Center

San Angelo, (Spl.)—Dr. Darrell N. Ueckert joins the Texas Agricultural Experiment Station on September 1 to begin searching for the knowledge that will help livestock producers in the Edwards Plateau control poisonous plants better.

Ueckert, who has been on the range management faculty at Texas Tech University since 1971, will be a staff member of the Texas A&M University Agricultural Research and Extension Center at San Angelo.

Receives One Of Eight Freshman Scholarships

GINA FORLANO

Alpine, Tex.—Gina Marie Forlano, a 1976 graduate of Eldorado High School, is one of eight students named to receive a Freshman Leadership Scholarship to Sul Ross State University in Alpine for 1976.

Miss Forlano is the daughter of Dr. and Mrs. Albert J. Forlano of Eldorado and plans to major in political science at SRSU. While at EHS, she was a member of the National Honor Society, the National Forensic League and was named Who's Who Among High School Students. She ranked third in her graduating class and was regional qualifier in University Interscholastic League (UIL) Informative Speaking in 1976 and was a state qualifier in UIL Debate in 1975. She was also a member of the Speech Club and the Spanish Club.

The Freshman Leadership Program is a new concept in collegiate leadership training and the pilot program at SRSU is "designed to get incoming freshmen involved in a variety of campus activities and in University planning," according to Sharon Bass, assistant dean of student life. She said, "We hope that these students, in turn, will become the future leaders of the student body."

The program is available to incoming freshman students who have displayed a potential for leadership in their high school careers.

Comptroller's Office In S. Angelo Gets \$117,908

Austin, Tex.—Comptroller Bob Bullock said the July enforcement program of his San Angelo district office totaled \$117,908 in field collections and revealed through audits \$39,346 in additional taxes owed the state.

Bullock said the office conducted 12 audits during July, yielding an average \$155 in additional taxes owed per audit hour.

The Comptroller emphasized that collections by the San Angelo office are in addition to state taxes routinely paid from the San Angelo area directly to Austin.

"This is money we can't put in the bank until we go out and get it," said Bullock.

Statewide field collections by the Comptroller's 36 district offices totaled \$4.9 million during July, with the combined audit efforts producing \$3.3 million in additional revenue owed the state.

The San Angelo office, headed by Larry Wolter, is located at 1900 Sherwood Way, telephone 949-0575, and is open from 8:00 a.m. to 6:30 p.m.

The San Angelo office serves Tom Green, Coke, Concho, Crockett, Irion, Kimble, Mason, McCulloch, Menard, Reagan, Runnels, San Saba, Schleicher, Sterling, Sutton and Val Verde counties.

Prospector Scheduled For This County

R. F. Thomas, Paris, will drill a 6,900-foot wildcat in Schleicher County, 15 miles north of Eldorado, 5/8 mile southeast of his No. 2 Alice Duff Heirs, a Tom Green re-entry and 1/2 mile south-southeast of his No. 1 Margaret Hallman Heirs, Tom Green Canyon gas prospect 3/4 mile west of depleted Strawn oil production in the Ju-Jan-Jag (4450) field. It is the No. 1 David Steen.

Location is 1,980 feet from the north hand west lines of 1188-GC & SF.

It is also 1 7/8 miles northwest of his No. 1 L. W. Steen, in 1205-TCRR, Schleicher re-entry, which has been cleaned out to 4,300 feet. Drilled by Senca Oil Co. and Tucker Drilling Co., Inc. it was abandoned July 29, 1959 at 6,940 feet.

The No. 1 Hallman Heirs, in 1187-GC&SF, has been shut in to await pipeline connections. It flowed gas at the rate of 2,075,000 cubic feet daily through perforations at 5,903-907 feet.

Receive ASU Degrees

San Angelo, Tex.—Two Eldorado students, Magdalena Q. Arispe and Delia M. Guerrero, were among 204 students receiving degrees from Angelo State University during the University's summer commencement program, earlier this month.

Miss Arispe and Miss Guerrero both received a Bachelor of Science degree.

Miss Arispe, daughter of Mr. and Mrs. Mike Arispe, will teach in the Eldorado schools.

Miss Guerrero, daughter of Mr. and Mrs. Luther Guerrero, has been hired to teach in the McCamey school.

Both graduated in 1973 from Eldorado High School.

Featured speaker for the summer commencement was Dr. Bryce Jordan, president of the University of Texas at Dallas.

Speaking to the gathering in the physical education building on the ASU campus, Dr. Jordan said that society's fast pace demands the continuation of education beyond graduation.

"Education must be an open-ended process," he said. "The skills you've acquired over the years will not suffice. The rapid and tumultuous changes taking place in our society, nation and world necessitate that learning be a lifelong occupation."

Of the 204 persons receiving degrees, 29 were master's degrees and 175 were bachelor's degrees.

The Egyptians once believed that the rising of the Nile River was brought about by a goddess' tears.

Potatoes refrigerated for a week may develop a sweet taste because some of their starch changes to sugar. To improve flavor, store them at a higher temperature for one or two weeks before using.

Scouts Announce Fall Recruiting Plans

The annual fall membership campaign in the Concho Valley Council, Boy Scouts of America, will begin Sept. 1 when 131 Scout troops and Cub Scout packs enroll new members.

Called "SPIRIT OF '76", the Scout council expects to give an opportunity to hundreds of boys to join the Boy Scouts of America, Kenneth Epley, Council president, said.

Special events scheduled for this fall include Pack Rallies, Troop Rally night, and First-Nighter, and "OPERATION FLYING START."

A boy may become a Scout when he is 11 years old or has completed the fifth grade or a Cub Scout when he is 8 years old or has completed the second grade, Epley said.

In addition to the boys who join existing packs and troops, Epley said, the Concho Valley Council's organization and extension committee expects to organize about 20 new packs and troops in the 23 West Texas counties.

The Boy Scouts of America provides a program for boys and young adults that is designed to develop desirable qualities of character, to train in the responsibilities of participating citizenship, and to develop personal fitness, Epley said. Cub Scouting is a family and home-centered program and Scouting is designed to achieve the BSA objectives primarily through a vigorous outdoor program.

Information about the Scout and Cub Scout programs is available from the council service center, P. O. Box 1584, 104 Park Drive, San Angelo, TX 76901. Phone: 915-655-7107.

David Meador is current Scoutmaster of Troop 18 here in Eldorado.

Fall Fashion Trends Show Variety

Fall fashion trends for 1976 will provide something for everyone. The variety of styles and colors will make it easy to find just the right addition for any wardrobe. Popular looks will range from rugged, outdoorsy and layered to classic suits and separates to soft, femininely sexy evening wear.

Country looks that provide functional, unstructured garments worn in layers will be the most contemporary trend. Sweaters, tunics, coats, and ponchos will be an important part of this look, along with natural accessories such as jute or braid belts and leather boots.

In addition to traditional fall colors such as raisin, gray, beige and copper, brights will be available. Brilliant reds, blue and orange will be set off by winter white, possibly the newest fall color trend.

Fabrics will provide interest through texture and patterns as well as color. Blanket plaids, fur fabrics, crinkled cottons and crepe de chine will play prominent roles this fall.

Accessories will include the return of colored and textured hosiery and long fringed mufflers. Bangle bracelets will remain popular as will belts and scarves.

Fall, 1976, will be a good season for expressing individuality through clothing.

Salads Perk Up

Hot-Weather Appetites

Nothing beats the summer heat like a cool salad—light or main dish type.

Extension publication B-945, "Salads" is chocked full of salad magic. Everything from care of greens to the final touch of a perky garnish is discussed. There are even recipes for low calorie dressings for vegetable and fruit salads, she said.

Seventy-five main dish, frozen molded, fruit and vegetable salad recipes offer almost endless variety to family meals. This publication can be ordered from the Department of Agricultural Communications, Texas A&M University, College Station, Texas 77843. Cost of the publication is 30 cents. One recipe from "Salads" is:

Heavenly Frozen Fruit Salad

- 1 teaspoon unflavored gelatin
- 2 tablespoons lemon juice
- 1 3-oz. pkg. cream cheese
- ¼ cup mayonnaise
- ¼ teaspoon salt
- 2 tablespoons sugar
- ½ cup heavy cream, whipped
- ¼ cup quartered maraschino cherries
- 1 No. 2 can crushed pineapple, drained, or
- 1 No. 303 can fruit cocktail, drained, or
- 1½ cup mixed, sliced fresh fruit
- ¼ cup chopped nuts.

Soften gelatin in lemon juice. Set in pan of boiling water until gelatin is dissolved. Add to combined cheese, mayonnaise, salt and sugar. Fold in remainder of ingredients. Pour into ice-cube tray; freeze until firm. Slice, serve on salad greens. Serves eight.

Angleton Agent Chosen

TAEHE President-Elect

Kerrville.—Mrs. Frederica E. Seaman of Angleton, the Brazoria County Extension agent (home economics), was chosen president-elect of the Texas Association of Extension Home Economists (TAEHE) recently.

Mrs. Sherman will serve in that capacity for one year before taking the office of president, the position now held by Janie Washington of Sulphur Springs, Hopkins County Extension Agent.

Some people believe that

the best way you can get good luck out of a four-leaf clover is to wear it in your shoe.

If two drinking glasses are stuck, one inside the other, fill the inner glass with cold water and the outer with hot. They will come apart easily and unbroken.

CUMMINGSES MOVE AWAY

B. T. and Lois Cummings moved to Breckenridge last week. He served as manager of the Haley Transports office and has been succeeded in that position by Theo Faulkner.

Mrs. Cummings operated a dress shop, the Fashion Boutique, in the Kempsey building and moved her fixtures and stock to Breckenridge where she will open a similar store.

SWIMMING POOL CLOSES

The County Swimming Pool held its final day of operation this past Sunday. Mr. and Mrs. Larry Mitchell served as managers during the season. The pool was scheduled to be drained early this week.

The pool is now 20 years old.

TO CONDUCT SERVICE

The Church of Christ on the Mertzon highway, of which B. C. Coates, Jr., is Minister, will have charge of the services this Sunday afternoon, August 29th, at the Nursing Home.

Setting a screw in wood can be made easier if the threads are first coated with soap.

Dry cleaning is recommended in caring for batik. If the fabric is to be used for screens, wall hangings or lamp shades, a coat of clear shellac may be applied or a protective plastic finish sprayed on.

School Menus

(Meals served with buttered rolls and milk.)

Wed., Aug. 25: Fish sticks, black-eyed peas, macaroni & cheese, cole slaw, chocolate pudding.

Thursday, Aug. 26: Roast beef and gravy, creamed potatoes, green beans, carrot & pineapple & raisin salad, cherry cobbler.

Friday, Aug. 27: Barbecue on a bun, french fries, pork & beans, rice krispie cookies.

Monday, Aug. 30: Tamales, pinto beans, Spanish rice, lettuce & tomato salad, brownies.

Tuesday, Aug. 31: Turkey a la king, whole kernel corn, apple-sauce, peanut butter cookies.

Wed., Sept. 1: Hot dogs with chili, corn chips, cheese strips, fresh fruit cup, ice cream.

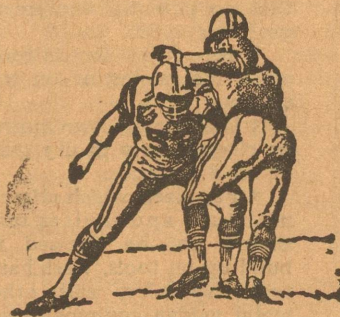

Thursday, Sept. 2: Fried chicken & gravy, creamed potatoes, English peas, strawberry jello, apple crisp.

Friday, Sept. 3: Sandwiches—tuna, chicken salad, ham salad, pimento cheese, peanut butter; french fries, carrot sticks, banana pudding.

Prices Remain Same For School Lunches

The prices of lunches served in the school lunchroom remain the same this year as last, and are as follows:

Grades K thru 3	55c
Grades 4-6	65c
Grades 7-12	75c
Adults	90c

Reddy's helpful tips for your Home Laundry

PLAN AHEAD

Sort clothes according to type of fabric, color-fastness, degree of soil and garment construction. You'll save both hot water and electricity by doing similar items together. Accumulate a full load before running your washer.

BE SELECTIVE

Choose the cycle that is precisely appropriate for the clothes you are washing. Is a "hot" temperature setting really necessary? Except for heavily soiled items, most loads will come clean in either a cold or warm wash. Look into cold wash detergents.

Use the least amount of detergent that will get your clothes clean — most loads require only an ounce or less!

Overloading causes extra strain and wear on your equipment; check the manufacturer's recommendations for load weight. Balance your load by alternating small and large items.

FOR SAFETY SAKE

Be sure control is "off" before reaching into your washer.

If one is necessary, use only a heavy duty extension cord.

Be sure your washer is grounded. Keep dry cleaning agents, color remover and Fiberglas out of your washer. It's a good idea not to wash clothes containing cleaning fluids in your washer.

In Those Days

ONE YEAR AGO
Aug. 28, 1975—School administrators reported a total of 602 students in school, a gain of about 40 from a year earlier.

Mrs. Donald Parks was reported a patient in Memorial Hospital, San Angelo.
A \$17,995 sprinkler system was being installed on the Court House lawn.

FIVE YEARS AGO
Aug. 26, 1971—Funeral services were held here for Mrs. May Belle King, 77, who died at Crane.

Western Auto was having a Grand Opening Sale in their new building on the highway.
The swimming pool season was drawing to a close. Fred and Flora Riley were in charge of the pool during the summer.

The engagement of Lisa Whitten to Gary Don Carner of Big Lake was announced.
Albert McGinnes completed 25 years with West Texas Utilities. He was local manager at Sterling City.

The Cecil Lewis family returned from a trip to California.
In a church ceremony in San Angelo, Miss Jeanine Ann Kunkel became the bride of John Webster McGregor.

A daughter was born at Fredericksburg to Dr. and Mrs. Daniel Fritz. Grandparents included Mr. and Mrs. W. V. Lux of this county.

12 YEARS AGO
Aug. 27, 1964—Coach Earl Barnett's Eagle football boys had a scrimmage game coming up with Rocksprings. Mike McCravey, Bob Halbert, and Richard Preston were team captains.

The school term was about to be launched with A. M. Whitis superintendent and Guy Whitaker and Curtis Humphries principals.
A Revival was set at First Baptist church with Leray Fowler of Houston and Norman Burgess of Arlington in charge.

Larry Blair was given an S&H Foundation Scholarship to The University of Texas.
Construction was started on the new building on the Sonora highway to house the headquarters of the re-organized woolen mills.

Jimmy Garvin and Lucy Leatrice Guthrie of San Angelo were married.
A heart attack claimed J. Forrest Runge, prominent ranchman of this area. He died at age of 71.

20 YEARS AGO
Aug. 23, 1956—Price Daniel and Ralph Yarborough were reported "Slugging It Out" for Governor of Texas in the run-off Democratic Primary. E. H. Sweat and Orval Edmiston were in the run-off for Sheriff here.
Earl James Cozzens died at 73 in Fort Worth. He was a former Eldorado resident.

A daughter was born to the Rev. and Mrs. Russell Heaner.
Work was under way on the new county swimming pool in the west part of town.
The City was to receive bids for \$160,000 worth of new water and sewer extensions.

Mrs. Jim Willoughby gave a kitchen shower honoring Trudy Gaynor.
Mrs. A. C. Wendland was registering her music pupils for the new season.
Buddy Baker and Miss Lila Lee Johnson married in Kansas City.

ELDORADO LODGE
No. 890 A. F. & A. M. Stated meeting 2nd Thursday in each month, at 7:00 p. m. from Oct. 1 to April 1, and at 8:00 from April 1 to October 1. Visiting brethren welcome.

Community Calendar

Aug. 27, Friday. Eagles scrimmage Rocksprings here, 6:30 p.m., on Eagle Field.
Aug. 28, Saturday. Shower honors Mrs. Mark Elam, the former Sharon Garlitz, 10:00 to 11:00 a.m., home of Imogene Edmiston.
Aug. 28-29. 75th Anniversary Celebration at 1st Baptist Church.
Aug. 31, Tuesday. Drawing 7:30 p.m. at Fire Hall.
Sept. 1, Wednesday. Lions Club meets 12:05, Memorial Building.
Sept. 6, Monday. Labor Day holiday.
Sept. 9, Thurs. Masonic Lodge.
Sept. 13, Monday. Eastern Star.
Sept. 16, Thursday. Social Security representative at Court House 10:00 a.m. to 12:00 noon.

Firemen Raise Money

As a Fall money raising project, the Eldorado Fire Department has set a drawing for 7:30 p.m., Tuesday, Aug. 31st, at the Fire Hall, for three door prizes.
The prizes are a Remington MOD 1100 Automatic with Vent. Rib; and the second and third prizes are half cases of Shotgun Shells, choice of caliber.
More details available from any local fireman.

COPY OF ELDORADO'S FIRST PAPER APPEARS

Mrs. Harry Mercer, chairman of the Library section of the Schleicher County Museum is inviting you to visit the Museum and read the very first paper published in Eldorado.
"The El Dorado Paper" made its appearance Friday, December 6, 1907 with R. L. Carothers, Editor & Prop.
This little paper you must see. It will go on display this week.

SHEEP & GOAT FIELD DAY is set for Sept. 2nd at the Texas A&M Research and Extension Center at San Angelo. Registration and coffee will be at 9:00 a.m., with a Dutch Treat barbecue at 12:00 noon and further tours at 1:00.

Jimmy Dan Doyle of San Angelo visited here over the week end with relatives.

YARD AND LAWN EQUIPMENT CARE

Just about every homeowner in America has one or more pieces of yard and lawn equipment and knows the basic ways to work them. But not everyone is as readily familiar with the safety and maintenance procedures that should be observed for their proper operation and care.

If you own or operate any yard and lawn equipment, consult this safety and maintenance checklist to ensure that no potential equipment problems exist:

- * Never use electric tools when it's raining or on wet surfaces.
- * Use a power lawn mower or clippers only in dry grass or on dry shrubs.
- * Fertilizer, which attracts moisture and invites rust, should not be allowed to build up on tools. Wash hand tools, spreader, and other metal garden equipment regularly with full-strength Janitor In A Drum®, rinse and let dry. (Be sure to disconnect electric equipment before attempting to clean them.)
- * If you use a metal ladder, keep it away from electric power lines.
- * Do not leave tools out-of-doors; exposed to the elements. When not in use, outdoor equipment should be kept in a dry place. Before storing metal tools for long periods of time, coat them with oil to protect them from moisture and rust.

The 21 District Mood And Amer. Politics

(by Congressman Bob Krueger)

Over the past several weeks I have had the opportunity to travel widely around our 50,000 square mile Congressional District, conferring with a wide variety of people. From Runnels County to San Antonio, I spoke with soil conservationists, early settlers, school teachers, and cattlemen. In San Antonio, I went door-to-door, a method I have found effective in polling the concerns of my constituents.

In many respects, the results of my informal surveying of the people I met are predictable. People want to see less government interference in their lives, whether it be in the form of price controls on products or regulations which infringe on the privacy and freedoms of the individual. Soil conservationists and cattlemen share the concern that people from the northeast do not adequately understand the nature of the problems they face, whether they be predator control or soil erosion.

The older citizens with whom I conferred expressed a sentiment familiar to us all: inflation is eating away at their livelihood, and their dollars seem to be worth less and less. In San Antonio, people are concerned about our country's energy policy and the need to control government deficit spending more strictly.

In spite of these concerns, complaints, and frustrations, however, our people still remain basically hopeful and optimistic. America has yet to face a challenge which it could not meet, and our people still are willing to rise to the challenges now before us.

Even the various political gyrations which we are now observing may be viewed as an effort to address our problems in a realistic, orderly fashion. No other country on earth approaches its problems in such an open and forthright manner. Although there may be temporary upheavals, and the political parties may verbally assault each other on the basis of their disagreements, there is an underlying sense that these public displays of outrage and temperament are but the flexing of the public's political and ethical muscle. There is something completely American about the purgings that take place within our political system every four years, an observation recently reinforced when Nelson Rockefeller and Barry Goldwater shared the stage at the Republican convention, and Hubert Humphrey and George Wallace shared the stage

at the Democratic convention.

It is my judgment that America is in a great time of moral and political revival, and that this new hope and confidence will be reflected in our political system. As we in elected office seek to find solutions to the problems of inflation, spending, and our energy policy, we will be looking to the American people for their wisdom and encouragement. After the November elections, the President will have a great opportunity to provide leadership and guidance to a people who recognize their problems and are ready to work on them. I look forward to that time with high expectations and confidence that we will be united as a country, in spite of our individual differences, working together for the common good.

The results of my informal survey tell me that the people of the 21st District share that confidence; although they are quick to cite the problems they find with their country and their government, they do so in the spirit of improving things, and with the belief that constructive criticism come improvements that will help us face the challenges of the future.

Good Neighbor H. D. Holds Meeting

The Good Neighbor Home Demonstration Club met on Thursday, August 19, in the home of Ruth Baker. Mrs. Frankie Schrier, club president, presided over the business meeting. Officers for next year were elected. The club president will be Ruth Baker. Louella Sauer will serve as vice president. Miss Connie Spence will continue as secretary-treasurer.

Mrs. Flora Riley was elected as the council delegate for the Good Neighbor Club. A report was given on the quilt that the club had made. Mrs. Nancy Lester presented the program. Following the meeting Miss Ruth Baker, the hostess, served refreshments of cake and tea.

Roll call was answered with a "Vegetable I Cooked Yesterday" and from the answers I would say club members are eating a variety of vegetables.

The demonstration was "How to Decorate a Flower Pot." Squares of cloth in a variety of colors were glued to the pot. Five pots were covered and were quite attractive, each one taking home a finished pot.

Those present were Eleanor Jeffrey, Frankie Schrier, Louella Sauer, Flora Riley, Joanie and Betty Schrier, Nancy Lester, and the hostess. —Rep.

Understanding Yourself

SUCCESSING AS A TEAM MEMBER

Do you have what it takes to be part of an elite team? It can take a lot, when the team is the United States Marine Corps Reserve.

TO MAKE A GREAT TEAM —It takes a few good men.

You start at boot camp with rugged training, and you benefit from good pay, physical and vocational experiences. You get \$60.20 a month to start (it goes up fast) and, what many consider best of all, you'll be a Marine.

After your training, you'll spend most of your time as you normally do in civilian life, but one weekend each month and two weeks every summer you'll train with the Marines once again. And all the time you'll be part of the Marine team.

It's a proud tough team. If you make it, you'll be proud to have earned the title of United States Marine. To learn how you can earn it, call 800-423-2600 toll free. The toll free number Californians call is 800-252-0241.

Then you might know if you have what it takes.

Herbs that are easy to grow on a kitchen window include dill, chives, garlic, parsley, shallots and watercress.

Potatoes refrigerated for a week may develop a sweet taste because some of their starch changes to sugar. To improve flavor, store them at a higher temperature for one or two weeks before using.

No Need For Advertising?

- Preachers don't preach just once a year even though people are against sin.
- Teachers review lessons. They know that children do forget and often have to be told more than once.
- Highway patrolmen drive up and down the highways, and caution drivers although motorists know the law and should obey.
- Mail order firms continue to send out catalogues.
- Not all of us know what is sold in stores in the home town, and we need to be invited continually to trade in your place of business.
- The Notre Dame cathedral has stood for centuries, but still they ring the bell every day.
- If you're one of those who believe in continuous and profitable advertising, you'll want to use the columns of the

Six Flags Announces Fall Schedule Changes

Arlington, Texas.—Officials of Six Flags Over Texas today announced that the Arlington theme park will be open only during the evening hours from August 30, through September 3.

General Manager Dan Howells said the abbreviated schedule was made necessary by unusually early school openings which cut sharply into the park's host and hostess staff. "The revised schedule," he said, "will assure our guests of full enjoyment of the park."

He said the park will open at 4:00 p.m. Monday through Friday. It will be open until 10:00 p.m. Monday through Thursday, and until midnight Friday.

During that period the price of tickets purchased at the park's front gate will be reduced to \$5.50.

Regular pricing and normal operating hours will be in effect on Saturday, Sunday and Monday of the Labor Day week end.

After Labor Day, Six Flags will be open on weekends only until the end of November.

UNDERGOES SURGERY

Pat Ragsdale, who is employed here with Atlantic Richfield, has been off work for about the past two weeks convalescing from surgery. He was scheduled to go back to work about the middle of this week.

Schleicher Wildcat

Cactus Operating Co., Wichita Falls, will drill a 5,000-foot wildcat in southeast Schleicher county, 20 miles southeast of Eldorado, 1 3/8 miles west of an active wildcat and 5/8 mile north and slightly west of a 5,151-foot failure. It is the No. 1-9 Carl J. Cahill.

Location is 467 feet from the north and east lines of 9-K-GH&SA.

The failure, Guffey & Amtex No. 1 Cahill, abandoned July 8, 1961, topped the Palo Pinto at 4,078 feet; Strawn, 4,435 feet and Ellenburger 4,950 feet on elevation of 2,283 feet.

To Parents Of Students In Grades 7 Through 12

There are several items of general interest to parents concerning their child in grades 7 thru 12. They may expect reports on student progress either mailed or given to the students during the year according to the following schedule:

Sept. 30, 1976, Progress Reports mailed;

Oct. 21, 1976, Unsatisfactory progress reports mailed;

Nov. 18, 1976, First quarter grades given to students;

Jan. 6, 1977, Progress reports mailed;

Jan. 27, 1977, Unsatisfactory progress reports mailed;

Feb. 24, 1977, Second quarter grades given to students;

March 31, 1977, Progress reports mailed;

May 5, 1977, Unsatisfactory progress reports mailed;

May 27, 1977, Third quarter reports mailed.

The unsatisfactory reports will be mailed only to those where applicable.

A new policy has been instituted concerning end-of-school class parties. These parties have always been planned and held by the room mothers of each class, and this policy will continue. The change involves the requirement that a class must decide whether or not it desires a party, and if it does, a written request must be made to the school office. Then, if approved, the request is given to the room mothers for their action.

Some parents do not realize that all social activities their children attend during the year are not school sponsored. A check with the High School office can generally give you this information. For the football season, any after game coke parties for the High School must be sponsored through the Student Council; the Jr. High will have only one after game coke party on Thursday night, and this is sponsored by the Jr. High cheerleaders. The Jr. High also has an end of season football party sponsored by the room mothers.

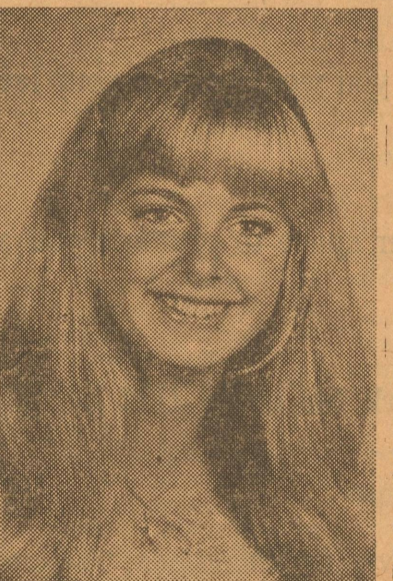

All Jr. High social functions and any week-day High School functions must end by 10:00 P. M. Any High School social function ends by 11:45 P. M.

COMMISSIONERS MET MONDAY

The County Commissioners had a meeting Monday and did further discussion on the dump ground west of town.

Mike Quimby, head coach of the Eldorado Eagle football team, gave the program at this week's Lions Club meeting. He discussed the team prospects for the coming season.

Miss Garlitz Bride Of Mr. Elam

MRS. MONTE MARK ELAM the former Sharon Garlitz

Mr. and Mrs. Elmer Garlitz announce the marriage of their daughter, Sharon Ann, to Monte Mark Elam of Irving, on August 11, 1976.

He is the son of Mrs. R. B. Franklin of Irving and the late William C. Elam.

Sharon is a 1975 graduate of Eldorado High School and attended Tarleton State University at Stephenville one year.

Mark is a 1973 graduate of Irving High School and has attended Texas Tech. He is presently a student at Tarleton State in Stephenville.

Shower Saturday To Honor Mrs. Elam

A Gift Coffee Saturday morning in the home of Mrs. Imogene Edmiston will honor Mrs. Mark Elam, who before her recent marriage was Sharon Garlitz. The bride is daughter of Mr. and Mrs. Elmer Garlitz.

The calling time for the shower is 10:00 to 11:30 a.m.

Hostesses with Mrs. Edmiston will include: Mmes. J. T. Bird, Ben Fatheree, Ricky Gibson, Lynn Griffin, Bill Hubble, Shirley Jackson, Harry Mercer, Fred Morrison, Pete Peters, Charlie Niblett, Richard Preston II, W. M. Rountree, Jim Thornton, Buddy White, and Earl Yates.

School Attendance Policy . . .

The Schleicher County school system has changed its student attendance policies slightly, and it is important that all parents understand them. The absence of a child for any reason penalizes the school district and taxpayers, causes lost time for the classmates, extra work for the teachers, extra bookkeeping, and certainly causes the student to lose something that can never be regained. There are certainly legitimate and necessary absences, but the school asks the cooperation of parents in minimizing those which are not.

In general, a student will receive an excused absence permit when he or she presents a signed and dated statement of reason for absence from the parents. The student will be allowed to make-up missed work ONLY if the absence was due to sickness, death in the family, or dangerous travel conditions. Absences due to instances such as family travel will be allowed make-up if the absences are approved one week in advance by the principal. All other types of excused absences do not have the right of make-up of missed work. If one is unsure whether make-up will be allowed, the principal should be contacted prior to the absence. The office must be notified before a student leaves the school for any reason during the school day.

Absences not approved by school or parent will be treated as truancy and are subject to disciplinary action.

County Extension Agent's Column

Cotton Prices See Ups, Downs

Cotton prices took a sharp plunge during the last three weeks of July, dropping about 20 cents per pound after reaching high levels earlier. With this, an economist for the Texas Agricultural Extension Service believes the cotton market has experienced both the high and the low for the season.

"Two-steps forward and one back can be expected until price recovery is complete," says Charles Baker. "Supply, demand and crop prospects should take hold soon to steady market conditions."

The U. S. Department of Agriculture's August 12 cotton crop estimate of 10.7 million bales points to the fact that we can't produce enough cotton in 1976 to meet demand, notes Baker. Domestic consumption is estimated at 6.8 million bales while 4.5 million will be shipped abroad. That's 600,000 bales more than the expected crop.

"U. S. cotton growers have contracted 47% of their crop, with 22% of the Texas crop under contract. More contracts will be signed when prices get back up near early July levels," predicts Baker. "If contracts aren't right and price isn't right at time of harvest, farmers are expected to use the loan much more than in 1975."

Farmers should be concerned about seed prices also, notes Baker. The average price of \$90 per ton paid to farmers in 1975 was extremely low compared to the total value of products from that seed. Cottonseed prices can be the difference between profit or loss in cotton production, yet farmers give little attention to what they receive for seed.

Cull Low-Producing Cows

Detecting and culling low-producing cows is the first step in increasing beef herd productivity. Cows that do not wean a calf every 12 months can no longer be retained due to sentiment; they are too costly, says Dr. John Spitzer, area beef cattle specialist for the Texas Agricultural Extension Service.

"Along with culling low producers, cattlemen should also be aware that summer calves wean at much lighter weights than calves born at other times of the year. This makes a strong case for removing slow breeding cows, even for the cattlemen with an extended calving program," points out Spitzer.

The specialist suggests removing bulls no later than August 20 and having cows palpated for pregnancy 40 to 60 days afterwards. By keeping calving dates on cows, a producer will know if the cow bred back to calve within the 12-month interval. Any cow not meeting this requirement should be culled. Cows normally calving in the summer months can be held open with little or no loss in total pounds of calf weaned.

"Return the bulls to the cows by December 1 to get summer and fall calving cows bred for next year. This will end the 1977 calving season the latter part of May and it will not resume until September," notes Spitzer.

Moisture Key In Grain Storage

Watching the moisture content of grain crops as well as taking simple precautions can insure safe storage after harvesting, says an agricultural engineer for the Texas Agricultural Extension Service. Harvesting grain at a moisture content of 18% or above can greatly increase harvesting efficiency.

The higher the grain temperature and moisture content, the quicker the grain must be dried mechanically to prevent mold.

MARKET REPORT—

College Station, Tex.—Turkey prices are inching upwards, but turkeys continue to be an excellent protein choice, reports Mrs. Gwendolyn Clyatt, a consumer marketing information specialist.

She added that special prices will likely be found on drumsticks, hindquarters and frozen turkey and gravy.

Mrs. Clyatt is with the Texas Agricultural Extension Service, The Texas A&M University System.

"Dairy specials are scattered, but good values can be found on milk, sour cream, margarine and mild cheddar cheese.

"Fryer chickens, both whole birds and mixed parts, remain at last week's prices.

"Eggs will probably continue at their current price level—and eggs are an economical high protein food," she continued.

Although demand for pork has been slow and supplies light, prices continue to fluctuate. Specials are few, but items to consider are Boston butt roasts, mixed chops and pork liver.

"Beef counters are well stocked with a variety of cuts. Now is the time to take advantage of prices available on chuck cuts to put some into the freezer.

"Other good beef values are ground beef, sirloin steaks, round and rib steaks," she said.

Fresh fruit and vegetable items in good supply at most economical prices include grapes, bananas, peaches, nectarines, oranges, plums, cantaloupes, watermelon, cabbage, carrots, eggplant, okra, dry yellow onions and squash.

Consumer Watchword: Stretch the protein of leftover meat by making it into a casserole with egg sauce.

Forlano Participates In Recent Seminar

Dr. Albert Forlano was a participant in a seminar "Pharmacological Consideration in Patient Care" presented Aug. 20 at Angelo State University. He spoke about "Bioavailability of Drugs From Different Dosage Forms", "Adrenocortical Steroids", "The Nurses Role In Long Term and Short Term Steroid Therapy" and "Over the Counter Drugs and Their Interactions with Prescription Drugs."

Other topics on the program were Cardiac Drugs, by Dr. Denver Marsh, M. D., and Anti Hypertensive Drugs by Dr. John Coughlin, M. D., The Nurses Role in Drug Abuse and Psychotropic Drugs by Juliann Reakes, M.S., R. N., and Wilda Arnold, M. S., R. N.

HOOVER TO SAN ANGELO

David Hoover started work Monday as manager of a paint store in San Angelo, after he worked here for several months as the Foxworth-Galbraith manager. Early this week, the local yard was awaiting arrival of the new manager.

'October Magic' To Be State Fair Theme

Dallas, Tex.—Big Tex may have a rabbit or two tucked away under his ten gallon hat in preparation for this year's State Fair of Texas.

"October Magic," a 17-day festival of fun and fantasy, is moving steadily from the planning to the assembling stages at Fair Park to be ready for October 8, its opening day.

The magic formula involves an intriguing combination of attractions beginning with the bright Broadway musical hit, "Shenandoah" which opens in the Music Hall at Fair Park on October 8. A warm family-oriented show, "Shenandoah" promises strong appeal for fair time audiences.

Returning to Dallas is the popular Dancing Waters Exhibition. Located on the Esplanade leading to the Hall of State, this colorful spectacle combines flood lights and music for a spellbinding effect.

There'll be magic in the air at the Women's Building, along with the aroma of freshly baked cakes and casseroles and a variety of competitive events. In the nearby Automobile Building, the mesmerizing impact of all the new car makes and models gathered under one roof will permeate the 1977 Southwest Automobile Show. The rotunda of the Better Living Center will showcase the fabulous \$5 million Zale Diamond, the largest modern cut pear-shaped diamond in existence.

On the sports scene, the nation's top cowboys will be back in '76 to tackle a bonanza of bulls, broncs and prize money in the State Fair Rodeo. Football is still king at the Cotton Bowl with a lineup that includes the Texas-Oklahoma battle, plus SMU-Houston, Texas Southern-Bishop, Prairie View-Bishop and a heavy schedule of high school games.

From October 8-24, more than three million people are expected to visit the Pan American Livestock Exposition, shop for marketplace bargains in the Embarcadero, study the newest agricultural developments at the Texas Food & Fiber Pavilion, enjoy aerial acts and musical groups on outdoor stages and join the elbow-to-elbow crowds along the fabled State Fair Midway. Parades, horse shows, circus performers, foreign exhibits, fireworks, good food and entertainment around the clock are basic components of the State Fair tradition that stretches back over 91 years.

ROPING SET SUNDAY

A three-steer progressive roping is set for this Sunday, August 29, at the arena south of town.

J. R. Sparks reports that plans call for action to start at 2:00 p.m. and entry fees will be \$30.

DUPLICATE BRIDGE

Winners last week: Elnora Love and Evelyn Wimer and Blakeways, tied for 1st; Margaret Frost and Pete Finley, 2nd; Griffiths, 3rd.

A Special Word To Out-Of-Town Subscribers

Please notify us promptly when you change your mailing address.

Newspapers are Second Class Mail and are not forwarded as First Class letters are.

We appreciate receiving both your old and new addresses, and MUST have your ZIP Code number in order to assure proper delivery. Your co-operation will enable us to send Success papers to you without delay in the mails.

Mr. Businessman:

HERE ARE SOME QUESTIONS TO ASK THE PRINTING
PEDDLER AND OFFICE SUPPLY SALESMAN

When The Person Selling Printing Solicits Your Business, Here
Are Some Questions He Should Be Willing To Answer
TO YOUR SATISFACTION:

1. Is he a taxpayer in your community or county?
2. Can he fill your needs on short notice?
3. Does he donate space in the local newspaper to local and county projects and enterprises?
4. Does he pay wages to employees who live in and do business in your area?
5. Does he grant favors that you would ask of your local newspaper?
6. Does he donate newspaper space to promote you and your neighbor's business?
7. Does he support and work for issues that bring improvement to the area?
8. Does he support your civic organizations, schools and churches with free publicity?

We sincerely believe that these questions should be considered when you purchase printing. We stand ready to serve your

Cereal Makes A Delightful Filling For Orange Brunch Cake

Orange Brunch Cake starts out with a standard sweet yeast dough. The really unusual part is the filling—moist and jelly-like with a delightful hint of orange. The unusual ingredient is breakfast cereal—bite-size crispy rice squares, added to give texture, flavor and nutrition. Crush the cereal, blend with sweetened orange juice and cook a few minutes, until very thick.

ORANGE BRUNCH CAKE

- 2 tablespoons and 2 tablespoons butter or margarine
- 3/4 cup and 1/4 cup sugar
- 1/2 cup orange juice
- 1 tablespoon grated orange peel
- 3 cups Rice Chex cereal (bite-size crispy rice squares) crushed to 1 cup
- 1/3 cup chopped pecans
- 1 package active dry yeast
- 1/4 cup warm water (105-115°)
- 1 teaspoon salt
- 1/2 cup milk, scalded

2 1/2 to 3 cups all-purpose flour, unsifted

Combine 2 tablespoons butter, 3/4 cup sugar, orange juice and peel in saucepan. Heat to boiling. Stir in cereal and nuts. Cook over low heat, stirring constantly, until very thick (about 3-4 minutes). Let cool. Sprinkle yeast in warm water. Stir to dissolve. Set aside. Combine 2 tablespoons butter, 1/4 cup sugar, salt and milk in large bowl. Add egg and yeast. Mix well. Gradually add enough of the flour to form a stiff dough. Stir vigorously after each addition. Knead 15-20 times on lightly floured board until smooth and no longer sticky, working in some of the remaining flour to make a very stiff dough. Cover with plastic wrap or waxed paper and let rise (on board) 30 minutes.

Roll out on lightly floured board to 15 x 8 inch rectangle. Spread filling lengthwise down center third of dough. Cut 1-inch wide strips in dough from filling to outer edges. Fold alternate strips over filling at an angle to form a braid. Transfer to greased baking sheet. Or, form into a ring joining ends securely. Cover. Let rise in warm place (80-85°) until doubled in bulk (about 40-60 minutes). Bake at 350° about 15-20 minutes or until golden brown. Cool on rack. Drizzle with confectioners icing and sprinkle with nuts if desired. Makes 1 cake.

Soak oven racks in detergent overnight to make them easier to clean.

Eldorado Churches Welcome You

ENCHANTED ISLAND

It was too good to be true. Suddenly I found I had the opportunity to visit the land of my dreams—a tropical island! It was long ago when my beloved "rolling stone" uncle visited my home, brimming with stories of the fascinating, delightful South Seas. I had been convinced that life in this land would be a forever-happy thing.

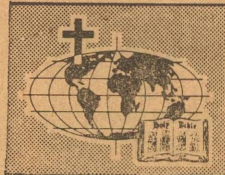

And now the magical moment had come. I found that the sky was, indeed, bluer than blue, the flowers brilliant and luxurious, the sea clear and everchanging. Yes, it was all this and more.

But one day as I stood on the shore listening to the roaring rhyme of the waves, I realized that I was no happier than I had been before. I discovered that my problems were within me. How could I have assumed that happiness would be guaranteed on an enchanted island?

These thoughts prompted me to return to my church which I had ignored for many years. Here I found my faith was renewed, and I found self-respect and understanding that come from loving God and doing His will. I sensed anew that no man can expect to experience true happiness without Him. Hurry to your church—there to find the ingredients to make your days and your life glad and secure.
