Mrs. Oglesby's Rites Held Here Saturday

MRS. BERTHA OGLESBY

Funeral services were held Saturday morning in the First Presbyterian Church for Mrs. Sam (Bertha) Oglesby, 84, who died Thursday in the Nursing Home where she had lived for several months.

Under direction of Kerbow Funeral Home, interment was made in Eldorado cemetery beside Mr. Oglesby who died in 1964.

In February of 1963, the Oglesbys were honored on their Golden Wedding with a celebration which was attended by a large crowd of family and friends.

Mrs. Oglesby was born Nov. 19, 1892 in Rannels county and came to Eldorado as a child.

On Feb. 3, 1913, Bertha Holland became the bride of Sam Oglesby Jr. in a ceremony held in Altus, Oklahoma. Both the bride and groom came from pioneer families here in Southwest Texas. Her parents were Mr. and Mrs. S. W. Holland. Mr. Oglesby's parents were Mr. and Mrs. S. M. Oglesby Sr. of Merton. Mr. Oglesby Sr. was one of the first sheep producers of this area.

Following their 1913 marriage, the Oglesbys returned to Schleicher county to make their home and engaged in ranching.

Survivors of Mrs. Oglesby include a son, Robert H. Oglesby of Eldorado; a sister, Mrs. O. M. Smith of San Angelo; six grandsons; a great-grandson; and several nieces and nephews.

She was preceded in death by another son, Bill Oglesby of this place; and a daughter, Mrs. Lucile Lovelace of Brownwood.

S. S. Man Here Today

Peter Gonzales, social security representative for the San Angelo Social Security office, has scheduled his June visit to Eldorado. He will be at the Fire Station on Thursday, June 16th, from 1:00 to 2:30 p.m. Anyone who wants to file a claim for benefits, get information, or transact other business with the Social Security Administration may contact him at this time. Persons who are unable to meet with him are encouraged to call the office in San Angelo.

Student benefits are payable only to unmarried students. Student beneficiaries should promptly report marriages as any payments after the marriage are overpayments and must be repaid.

ATTEND GRADUATION

Etta Ruth Dannheim and her grandson, Chayse, spent the Memorial Day week end in San Angelo with the Dale Peterson family.

While there they attended the graduation ceremonies of San Angelo Central High School in which Eric Peterson, another grandson, received his diploma. Eric was a letterman in tennis each of his three years in Central High School, and he was a two year National Honor Society member.

Airman Doug Peterson of Good-fellow Air Base came down Saturday accompanied by two friends and visited his aunt and uncle, Mr. and Mrs. James Head and family. Earlier that day, they participated in the Walkathon at Fredericksburg.

Post Script

Half Inch Of Rain!

At about 5:00 Sunday morning, a brisk shower visited this area accompanied by thunder and lightning.

The town of Eldorado received about half an inch and this was fairly general over the area.

With our subscribers: Mrs. Ann Lauffer and family are here for the summer from Rockwall.

Robert Mather recently renewed from 4065 Hobart Ave., San Jose, Calif. 95127.

Mrs. W. A. Tampke renewed from Box 985, Brackettville, Tex. 78832.

Around the business district: Workmen were doing foundation work Tuesday on the addition to be built onto the Southwest Texas Electric Co-Op headquarters building.

Joe Wagley was here during the week end and removed the 8 or 10 cars from the Wagley Auto Sales lot on the Sonora highway. He is going back into the used car business in San Angelo with a partner and the cars here were added to the stock.

Work continues on the Mini Mart store building. The insulation crew were due in this week to spray the interior of the building with insulation. Then finish work will continue.

Floyd Butler is doing some remodeling on his large building on the northeast by-pass. He formerly operated a vegetable business in it and has announced plans to put an oil field supply enterprise in it in the future.

Charlie Schrier has quit operation of the Gulf service station and is now operating his C&F Transport trucking business full time.

Speck Receives Medical Degree

Fred L. Speck Jr. of Rocksprings was recently awarded a medical degree at the University of Texas Medical Branch of Galveston. He is a grandson of Mrs. Annie Speck of this county.

He was a high honor graduate and will remain in Galveston for internship, and subsequently go to Oklahoma City for three years.

He was valedictorian of the 1970 class at Rocksprings High School and subsequently earned a degree at Texas A&M.

Nursing Degree Awarded To Mrs. Hight

Mrs. Linda Merle Hight received a degree from Angelo State University in graduation ceremonies May 13, 1977. She received an Associate of Science in Nursing Degree.

She lives at Tanskersley, Texas, with her husband Hubert and five children. She is the former Linda Merle Nixon, daughter of Mr. and Mrs. E. H. Nixon Sr. of Eldorado.

DAHLBERG BROUGHT HOME

Nicky Dahlberg, 13-year-old son of Mr. and Mrs. Lester Dahlberg, was brought home Saturday from Shannon hospital where he was treated for head injuries sustained in the recent Junior Rodeo.

TO CONDUCT SERVICE

West Side Church of Christ will conduct the service this Sunday, June 19th, at the Nursing Home.

A WORD FROM YOUR MAYOR:

Mayor Starts Municipal Court

On June 20, 1977 at 4:30 P.M. your mayor will open the first session of Municipal Court in and for the City of Eldorado. For the time being it will be my responsibility to act as judge of this court. We will be performing an evaluation study to determine if a full time judge is needed in the future.

As a citizen of Eldorado, I am aware that some of the judgments rendered by the new court will be unpopular. I pledge that I shall make every effort in my power to make judgments that are:

1. In the best interest of the citizens of this community.
2. Without special privilege. Treating all persons with equality.
3. In accord with the laws of the United States, The State of Texas and the City of Eldorado to the best of my understanding.
4. Fair and Just, to the best of my ability.

The decision to open court has not been reached without careful thought. Our City has many ordinances which cannot and have not been enforced because there was no court in which they could be tried and tested. Some of those ordinances are outmoded, no longer of consequence, out of date, in need of revision or revoking. It is my hope that this court will help to modernize and to some degree streamline our city government.

Too often, it has been my sad duty to tell an inquirer that there is an ordinance on record but no method of implementation. We now have an arm of government that can, and will, act for our citizens.

It is often hard to change habits of long standing. In our mind we know that we are not acting, or driving, in a safe and sane manner. Our attitudes tend to tell us that laws were meant for the "other guy," and that WE are somehow above the law. Too often we tell ourselves that the dog next door barks much louder than our own or, that it will be okay for me to burn my trash just this one time or, all the other kids, without valid driver's licenses are driving, why can't I?

It is not my intent to impose unrealistic laws on anyone; however, I shall be diligent to execute the responsibility of my office and uphold the laws of this land and this city.

4-H Horse Show Will Be Held At Rodeo Grounds Saturday Morning

The annual 4-H Horse Show will be held this Saturday morning, June 18th, starting at 10:00 at the Rodeo grounds south of town.

There will be a \$3 entry fee per class and Halter and Performance classes, and Riding Equipment awards. County Extension Agent Jerry Swift has charge of arrangements.

Some Re-Assignments Of School Faculty

Following the close of the school year recently, there have been some reassignments of faculty personnel. Julie Griffin has been named 6th grade teacher replacing Mr. Kuykendall.

Mrs. Joan Edmiston will teach the 3rd grade formerly taught by Mrs. Garlington. Donna Mikeska will teach kindergarten.

Mrs. Debbie Williamson, wife of the new head coach, will teach Title I reading.

The C. J. Niblett family spent last week at Port Mansfield and other points at Padre Island, on vacation.

To Compete In Montana For Rodeo Scholarships

College Station, Tex.—Thirteen Aggies will compete for \$100,000 in scholarships June 14-18 at the National Intercollegiate Rodeo Association championship at Montana State University.

John Powell of Eldorado is included on the Texas A&M Rodeo Club team.

Competition is nationwide and scholarships are awarded the contestant's college or university in his or her name.

Mr. and Mrs. K. H. Richardson returned Sunday from a trip to Oklahoma where they visited relatives.

Criner To Judge 4-H Horse Show

J. B. Criner, Extension Agent of Irion County, will judge the 1977 Horse Show on June 18. Billy Hausenfluck and Dan Dunagan will serve as ring stewards.

This year's show should be one of the best—starting at 10:00 a.m. Saturday, June 18. Barbecue lunch will be prepared by Orland Harris.

Awards of Equipment will be given to all first place winners. Plan to attend the Horse Show and barbecue. No charge for the Horse Show.

Williamson Hired As New Head Coach

Mike Williamson, 29, of Pearsall has been hired as new head coach in the Eldorado schools, it was announced this week by school officials.

A native of Crystal City, Texas, Williamson graduated from high school there where he was in basketball, baseball and track. He is a graduate of Texas A&I at Kingsville, had Freshman football at the University of Houston and three years at A&I.

He taught and coached at Orange Grove high school, Jr. High at Pearsall, and in 1975 was named head coach and athletic director at Pearsall high, a double-A school. He won six teams, lost 5, tied 1 and won District 28AA in 1975 and '76. He is a Baptist.

Williamson's wife is Debbie and she has been hired as a Title I reading teacher in the elementary school.

The Williamsons are in process of moving here this week and they will live in one of the teacherages.

Ray Alexander Dies At The Age Of 70

Funeral services for Ray Alexander, 70, of Eldorado, were held Tuesday afternoon in Johnson's Funeral Home Chapel in San Angelo, with the Rev. Gene Stark of First Baptist Church of Eldorado officiating. Burial was made in the Eldorado cemetery.

Pall bearers were Tracy Thompson and Casey Thompson, both of Big Spring; Eddie Alexander and R. B. Alexander, both of Sonora; Eddie Sutton of Dimmitt, and Bob Reynolds, Billy Jack Reynolds and Carl Fuller, all of Eldorado.

Mr. Alexander died at 6:05 p.m. Sunday in Shannon hospital.

He was born Oct. 6, 1906 in Calf Creek. He was married to Lula Mae Bruton Dec. 18, 1930 in Sonora.

Survivors include his wife; one son, James Alexander of Sonora; one daughter, Mrs. Mary Lou Thompson of Big Spring; three brothers, Gordy Alexander and Claude Alexander, both of Austin and R. J. Alexander of Big Spring; and seven grandchildren.

Commissioners Set \$1.25 Tax Rate

At their meeting Monday, the Schleicher County Commissioners reset a \$1.25 tax rate per \$100 valuation for the coming year.

They ordered an oil, gas and mineral lease sale, and Legal Notice for this is printed elsewhere in this Success issue.

They ordered payment of funds for work on Little League field. Odis McDonnell was instrumental in this.

Judge McWhorter reported that the County Jail will be inspected on June 30th by the Texas Jail Commission.

WOLFF VISITS HERE MONDAY

Nelson Wolff visited Eldorado Monday and called at The Success office.

Wolff has announced that he will run for Bob Krueger's Congressional seat if Krueger challenges John Tower for the U. S. Senate. Wolff is in business in San Antonio.

HOME FROM HOSPITAL STAY

Mrs. Charlene Gunstead underwent surgery Friday in the Clinic Hospital in San Angelo. She was brought home Monday and is continuing convalescence at home.

Dr. and Mrs. Jack Mowrey of Pinetop, Arizona, visited here with friends during the week end. He formerly practiced here.

Lions Officers To Be Installed Friday

The 1977-78 slate of officers of the Eldorado Lions Club will be installed this Friday night, June 17, at a ladies night at El Dorado Restaurant. The event will start at 7:30 p.m.

Phil Olson will be installed as new Boss Lion to succeed Walter Wallis.

The remainder of the officer slate is as follows:

Curtis Andrews	1st V. Pres.
Jerry Jones	2nd V. Pres.
A. T. Turner	3rd V. Pres.
Lynn Meador	Sec.-Treas.
Floyd West	Lion Tamer
John Pitts	Tail Twister

Directors:

Penfield Barker	1977-79
Richard Ganschow	1977-79
Willard Gentry	1976-78
Robert L. Jay	1976-78

Installing officer will be Bill Watson of Ozona. He is currently Care chairman of the Lions District, and is in the dry good business in Ozona.

There was no meeting of the Lions Club held on Wednesday of this week, in lieu of the ladies night and installation set for Friday.

School Board Meets For Routine Business

The trustees of the Schleicher County Independent School District held their regular monthly session Monday night in the school library.

Tom Doyle, attorney for the Texas Association of School Boards, explained operation of policy services and presented policy materials to the board. Mr. Waldrop discussed TASB insurance for school personnel. No action was taken on the insurance plan.

A sales representative of International Business Machines discussed the rental and purchase plans for classroom typewriters. The board decided to accept the rental agreement with IBM for classroom typewriters.

The resignations of Mrs. Doris Garlington and Mrs. Judy Meador from the faculty were accepted, and Coach and Mrs. Williamson were hired.

The First National Bank was designated depository for the coming two years.

A financial report and a tentative budget request for 1977-78 were discussed. Bills were paid.

The board voted to pay the light bill at the Little League park.

Nursing Home Notes

The regular schedule was followed in the Home last week, with only an exception or so.

On Wednesday the Bingo winners were: Bess Andrews 2 games, Beulah Harris 2, Carrie Blakeway 1, Maggie Sluder 1.

Ruthie Dacy was out of town on vacation Friday, so Mrs. Callison brought a large group of young girls from the Baptist church and they sang and put on a puppet show here in the Dining Room. We all enjoyed it very much.

Ebbie Donaldson was taken back into the Hospital the middle of the week. We miss him here in the Home.

Bertha Oglesby, who had been here in the Home several months, passed away last week. We are very sorry to lose her and we extend our deepest sympathy to her family. We surely miss her.

There were a few visitors last week as follows:

Mrs. Otis Kent of Littlefield visited friends in the Home. Mr. and Mrs. Mickey Pennington of Houston visited his grandmother, Carrie Blakeway. Flossie Crawford's guests were Mr. and Mrs. W. A. Stephens from San Angelo. M. J. Cunningham of Roswell, New Mexico, who is Mrs. Lucille Jackson's son-in-law, visited friends here in the Home one day last week.

The time to be happy is now; the place to be happy is here; the way to be happy is to make others happy. —LaVita Brooks and Beulah Harris, reporters.

Raymond Trimble has been a patient in the local hospital and was transferred Tuesday to St. Johns in San Angelo.

IN 1492, it's believed, American Indians introduced the first European to tobacco.

At about that time, ma- chinery was developed in the United States that re- placed the tedious hand- rolled technique.

In the 1960s the U.S. government started requir- ing cigarette packages and advertising to carry a warn- ing notice. The first ciga- rette product to show tar content printed on the face of the package was Carlton, which is recog- nized as the

pioneer in the low-tar market segment, having been introduced by The American Tobacco Company in January, 1964. Carlton's air-stream filter system, the first of its kind, is the result of almost 15 years of research and development effort. Carlton Menthol is listed in the Federal Trade Commission's latest report as the king size brand lowest in tar.

\$100 Raised Here For Mental Health Assn.

Eldorado raised \$100 in the May drive benefitting the Mental Health Association in Texas.

Bellringer workers collected house to house during May, Mental Health Month.

Proceeds benefit the non-profit, non-governmental agency whose members are dedicated to fighting mental illness while working on behalf of the mentally ill and their families.

The Mental Health Association exists entirely on donations, such as those raised in the May drive, said Shirley K. Camfield, state president.

Camfield thanked Mrs. Paul Page and the Bellringer workers in Eldorado, calling them an important team in the movement to promote mental health in the state.

Landmark Residence In West Addition Of Eldorado Was Sold Recently

FRED IGO, voc. ag. teacher in the local schools, recently purchased the tile and stucco McWhorter residence in the west part of town. The house was built in the mid-1920's by the late Carl McWhorter. Igo plans to do some work on the house before moving into it.

The Spring Cleaning Of Your Car

The car that weathered the big winter storms of '77 deserves a spring clean-up and some cosmetic pampering to help preserve its beautiful body and interior.

To guide owners with an automotive beauty treatment in mind, John Farley, Chrysler's Manager of Technical Services, offers 13 tips, starting with the interior:

1. Most car upholstery fabrics are treated with soil-resistant finishes that make dirt sit on the surface. Prevent loose dirt from working into the fabric by frequent vacuuming. Or keep a whisk broom in the glove compartment and brush frequently, unless fabric has raised tapestry threads that brushing could damage.

2. To clean the new velours and other fabric upholstery or auto carpeting, vacuum loose dirt and treat stains. Then use foam cleaner or a mild detergent or soap. Apply suds first to an inconspicuous area to be certain it won't damage color or finish. Rub sparingly with a sponge into small area at a time. Wipe off excess suds and moisture, first with a damp cloth, then a clean, dry cloth.

3. Clean vinyl or leather upholstery with suds from a bar of mild, non-alkaline soap or special leather or vinyl cleaner. (Some vinyl upholstery cleaners also clean vinyl tops).

4. To remove water-based stains (ketchup, milk, ice cream, coffee, some candies), use dull-edged knife to remove as much substance as possible. Wipe with a cloth dampened with warm water. If stain persists, rub lightly with cloth wet with cleaning fluid.

5. Scrape oil-based stains (butter, mayonnaise, grease, lipstick) with a dull knife. Use solvent-type spot cleaner. Start outside and work to center to avoid leaving ring. Blot up excess and loosened oils with clean white paper towel.

6. Chewing gum or tar should be hardened by chilling with a cube of ice. Then proceed as for oil-based stains (see tip #5 above).

7. White stains left on carpeting by salty snow and slush can be removed by vacuuming, then careful work with a stiff bristle wire brush. For stubborn stains, apply a solution made with one cup of table salt to a quart of water. Wash off with foam-type upholstery cleaner.

8. Vinegar cuts the film on inside and outside glass. Use two tablespoons to a pint of water.

9. Mud and corroding road salts can be removed from unseen spots at a do-it-yourself car wash. Aim the warm,

pressurized soap spray from the hose underneath the car, particularly at fender wells, rocker panels and inside surfaces of bumpers.

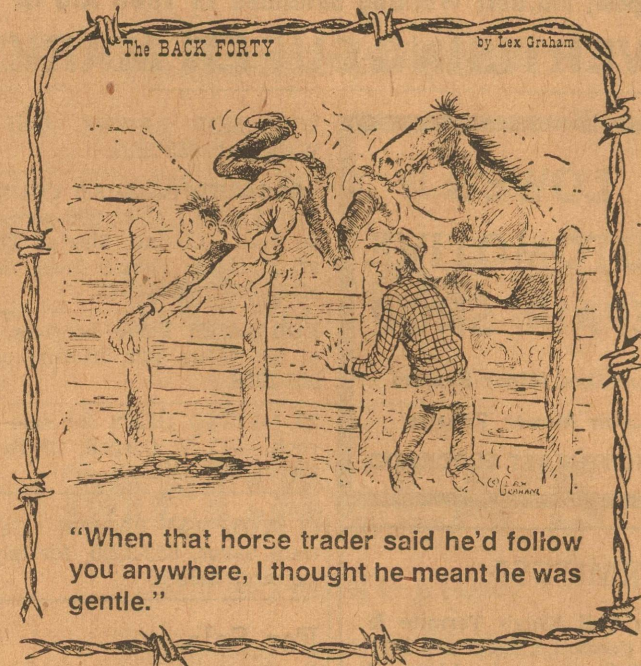

10. The liquid soap that relieves dishpan hands (not strong dishwashing machine soaps) helps the do-it-yourself car washer by preventing water spots.

11. Don't wash the car in the sun or when paint is hot. After soaping and rinsing, don't wipe with a dry cloth. It can scratch the paint surface. Use a damp towel or squeezed-out chamois.

12. To restore showroom shine to an older car, use a cleaning paste or liquid specifically recommended for deeply imbedded grime. Then apply polish. A one-step cleaner and polish will do for a newer car with only a mild coat of road film.

13. A daub of wax over a small break in paint stalls spread of rust. Better yet, treat with a touch-up paint coded to your car's color. Put a minimal amount of paint on the touch-up brush and stroke lightly.

Farley recommends use of the car cleaning and polishing products in the Chrysler Mopar line. They're available at your local Chrysler dealer and through aftermarket sources such as auto supply stores.

"When that horse trader said he'd follow you anywhere, I thought he meant he was gentle."

Sometimes people find themselves in predicaments which they can't seem to find a way out of, particularly in money matters. But we can help you find the solution.

Enjoy A Weekend Brunch At Home

Weekends. Instead of catching trains or buses, you catch up on sleep. Instead of dressing up and fighting traffic, you relax, lounge around the house and brunch at home.

As part of the all-American leisurely weekend, more and more people are enjoying brunch—that late morning combination of breakfast and lunch that's often better than either.

Brunch at home can be eaten anywhere—patio, porch, kitchen or dining room—and made more festive with special touches such as Andre Champagne. Even simple foods—bacon and eggs, waffles or omelets—can seem extra special when teamed with champagne.

Here are some simple but satisfying recipes for a brunch that may help transform a weekend into a holiday.

EGGS DELMONICO
1 can (10 3/4 oz.) cream of mushroom soup
1/2 tsp. minced pimento
1/4 cup grated cheese
4 hard cooked eggs, cut in quarters
2 slices toast, buttered (English muffins or biscuits can be used), Paprika Parsley
Heat soup over low heat, stir in pimento and cheese, carefully fold in eggs. Cook over low heat until cheese is melted. Serve immediately over hot buttered toast, garnished with parsley and sprinkled with paprika. Makes 2 servings.
Serve with Andre White Champagne.

EGGS DIABLO
1/2 cup chopped celery
1/4 cup green onion slices
1 tsp. margarine
1 cup barbecue sauce
1/4 cup margarine
8 eggs, beaten
1/4 cup milk
1 jar (8 oz.) processed cheese spread
3 English muffins, split, toasted; or 6 crisply fried corn tortillas
6 slices Canadian bacon
Saute celery and onion in 1 tsp. margarine. Add barbecue sauce; simmer 15 minutes. In separate pan, melt 1/4 cup margarine over low heat; add combined eggs and milk. Cook slowly, stirring occasionally, until eggs begin to thicken. Add 1/2 cup cheese spread; continue cooking, stirring occasionally until cheese spread melts and eggs are cooked. Spread muffin halves with remaining cheese spread. For each serving, cover muffin with fried Canadian bacon (optional) and eggs; top with sauce. Makes 6 servings.
Serve with Andre Pink Champagne.

EGGS ON A STRING
2 tsp. butter
1 tsp. water
1/2 medium onion, chopped
1/2 package frozen green beans, French cut
4 eggs, beaten
Red pepper or pimento to garnish
Melt butter with water over medium-low heat; do not allow butter to brown. Add onion and steam until

BRUNCH AT HOME needn't be elaborate. Add champagne, and give it extra sparkle!

(optional) tender. Add beans and simmer until cooked, about 10 minutes. Add eggs and scramble until eggs are thoroughly cooked, but not dry. Serve in a casserole dish, garnished with slices of red pepper or pimento. Makes 4 servings.
Serve with Andre White Champagne.

COLD DUCK FRUIT COMPOTE
1 pint strawberries, hulled and halved
1 can (17 oz.) kadota figs, drained
1 can (20 oz.) pineapple chunks, drained
2 cups stemmed seedless grapes or halved seeded red grapes
1 can (30 oz.) sliced cling peaches, drained
1/2 cup honey
2 cups Andre Cold Duck
Mix together in a 3-quart serving bowl strawberries, figs, pineapple, grapes and peaches with honey and Cold Duck. Chill until ready to serve. Serve in bowls. (As a dessert, compote can be served with cookies or fingers of spice cake.) Makes 6 to 8 servings.

Homemaking At A Glance

The Schleicher County 4-H Dress Revue was held in the Memorial Building this past Wednesday.

Twenty-five 4-H members participated in this activity.

District 4-H Camp will be held at the state 4-H Center in Brownwood on Monday, Tuesday and Wednesday of next week.

A number of 4-H members from Schleicher county will be participating.

Mr. Everett Janne, Landscape Horticulturist, presented a program on home landscaping this past Tuesday at the Memorial Building.

This week I have some information for you on common sewing machine problems and how to correct them.

1. Skipped stitches:

Check: the needle may be dull, bent, burred or placed in the clamp incorrectly; perhaps the wrong kind of needle has been used for the fabric; ball point needles are suggested for knits and wedge needles for leather and vinyls; see that thread is not too thick for the needle; may be using incorrect presser foot pressure for the fabric; see if machine is threaded incorrectly; if fabric is light weight, try sewing with tissue paper on top and under fabric.

2. Needle comes unthreaded:

Be sure to position the take-up lever at the highest position when starting to sew or stopping; allow ample lead thread under presser foot; Notice: the needle may be threaded in the wrong direction.

3. Thread breaks:

The wrong size or type needle is used for fabric and thread; see if the machine is improperly threaded; Look: the tension may be too tight; see if the throat plate is damaged; is the thread guide rough or burred? Check: the thread may be wrapped around the spindle; look for a bent needle; investigate for defective thread.

4. Needle breaks:

See that the needle is correctly inserted in clamp; perhaps the needle is too fine for the weight of fabric; do not sew over pins; Check: the needle may be hitting a loose presser foot; be sure you are using the correct throat plate; Look: you may be using the wrong style of needle for the machine; do not pull fabric while sewing; may be using incorrect presser foot for zig-zagging.

Consumer Food News

College Station, Tex.—Fruit and vegetable abundance and low prices are this week's food buying newsmakers, according to Mrs. Gwendolyn Clyatt, consumer marketing information specialist.

Mrs. Clyatt is with the Texas Agricultural Extension Service, The Texas A&M University System.

Her analysis of this week's buying picture is as follows:

Fresh Fruits—Watermelon and honeydew supplies are larger, and prices are lower. Adequate supplies of strawberries, oranges and grapefruit are still available—and winter pears are plentiful with attractive prices.

Fresh Vegetables—Good supplies and low prices signal economy buys on soft-shell squash, yellow, patty pan and zucchini. Other good buys are cabbage, carrots, snap beans, broccoli, mustard greens, corn, head lettuce, green onions, radishes, cucumbers and sweet green peppers.

Processed Vegetables—Plentiful items include canned sweet corn and green peas, frozen corn-on-the-cob, cut corn and frozen potatoes.

Dairy—Features include cheeses, half and half, sour cream, yogurt and margarine.

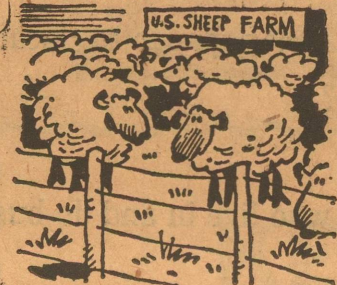

Poultry—Egg protein is comparable to meat protein in quality—and the price is lower. Fryer chicken prices are advancing with increased summertime demand, but the whole bird costs less per pound than parts.

Beef—Prices are up just slightly, but economical choices are cuts in less demand—chuck roasts, steaks and rib and round steaks, ground beef and liver.

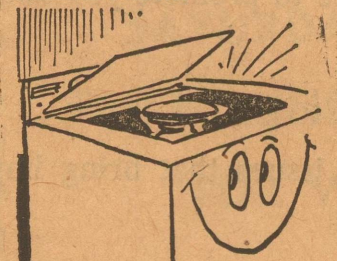

Pork—Supplies are in a seasonal decline, but excellent choices are still on the market, so check for features on Boston butt roasts, shoulder steaks, quarter-loin sliced into chops and pork liver.

Consumer Watchwords: Quality cantaloupes will pass several tests; most have a smooth stem scar, distinctive fragrance, coarse-corky netting and yellowish background.

**PLASTIC
Facts And Fancies**

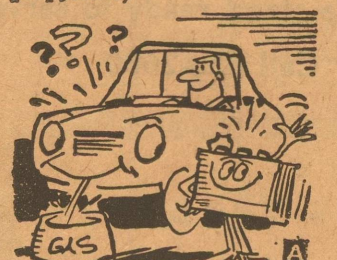

If we didn't have plastics, about 40 million acres of agricultural land would be needed to grow enough cotton to replace the 20 billion pounds of synthetics now manufactured each year. And, only one percent of America's petroleum is converted into plastics used for thousands of products—including 70 percent of America's fibers.

Today's efficient washing machines and dryers cost only 75% of what they did 15 years ago. Why?

One reason is plastics—because so many heavy, expensive metal parts have been replaced by durable plastic ones. Prices has gone down... quite an achievement in these days of inflation. (One example is the washing machine agitator—some 95% of them are now made of polypropylene.)

Automobile manufacturers use so much plastic in so many places—for example, the now widely-used polypropylene battery—that to use other material would greatly increase an average automobile's weight, and consequently reduce its gas mileage.

**SOME QUESTIONS ANSWERED IN REGARD
TO THE BEEF REFERENDUM COMING UP**

Cattlemen are registering to vote through this week in the Beef Referendum, and deadline is this Friday, June 17th, at County ASCS offices.

Those who have questions may call toll-free: 112-800-682-4106.

Sealy, Tx.—Registration in the first national Beef Referendum began recently and Texas cattle producers are doing their homework before voting, according to the chairman of the Texas Beef Development Taskforce (BDT).

J. D. Sartwell, a rancher from Austin County and chairman of the state BDT, reports excellent response to a toll-free Beef Referendum Hotline. We are getting dozens of calls each day from interested cattlemen, he says. The vast majority indicate they favor the program, after getting their questions answered.

The most frequent questions, with Sartwell's answers, include: Who Can Vote? Anyone who owned cattle during 1976 is eligible to register and vote, he says. This includes 4-H and FFA students who may have owned only a few head. Each producing entity—whether an individual, a family, partnership or corporation—is entitled to one vote. But they must register first.

Who Will Administer the Program? A 68-member Beef Board will administer the \$30 million to \$40 million raised each year, says Sartwell. These Board members will be cattle producers nominated by existing producer organizations in each state.

How Will This Program Benefit Cattle Producers? Beef research,

education, promotion and foreign market development will be the stimulus needed to put the cattle business back on a profitable basis, he says. This program will increase beef consumption and help stabilize market conditions which will benefit cattlemen and consumers alike.

Nutritionists say the average American is eating only half of the meat needed for good health. Sartwell adds. Through nutrition research and consumer education, consumers will improve their diet and beef producers will get their fair share of any increase.

Is It A Government Program? No, declares Sartwell. This is a producer program all the way—financed by producers and administered by producers. The role of the Secretary of Agriculture is limited to that of a referee—to assure that the program is administered to the intent of the Act, which is to help the beef industry.

Can I Get a Refund Promptly? Yes, any producer who is not satisfied that the funds are wisely invested can request and get a refund within 60 days after the request is made, answers Sartwell. This amounts to a Money-Back Guarantee.

Registration for the Beef Referendum began June 6 in more than 2,000 county ASCS offices across the U. S. Cattle producers have until Friday, June 17, to register for the Referendum. Actual voting will be July 5-15 at the ASCS offices.

Texas cattle producers with additional questions can call, toll free: 112-800-682-4106 for additional information on the Beef Referendum.

**Tennis Club Met
On Monday Night**

At a short business meeting held Monday, June 6, the Eldorado Tennis Club unanimously approved the constitution and bylaws for the organization. Two families were appointed for each summer month to be responsible for Monday night play. These include:

Highlights and Sidelights From The

STATE CAPITOL

by Lyndell Williams
Texas Press Association

Austin, Tex.—Legislative leaders are predicting quick agreement on a schol finance bill in a special legislative session.

Lt. Gov. Bill Hobby and House Speaker Bill Clayton said there is broad general agreement on the \$875 million measure reported by a conference committee May 30.

The conference version never actually came to a direct vote in either House, though both Hobby and Clayton predicted a majority would have supported it.

The presiding officers last week pressed Gov. Dolph Briscoe to speed the call of a special session from mid-July to late Jun.

They also urged the governor to broaden the agenda to include property tax standards and special tax treatment for agricultural lands as well as school finance.

The conference report on HB 750 of the regular session is admittedly another stop-gap solution rather than a long-range approach to financing schools equitably.

"The conference report is not all that bad," said Hobby. "If we are going to have a band-aid approach at least we have the band-aid right there in the medicine cabinet."

Hobby and Clayton urged an early special session because school districts are confronted with an August 20 deadline for filing their proposed budgets for the coming school year.

Bills Certified

Comptroller Bob Bullock certified funds are available to cover the \$15.5 billion general state appropriations bill and other direct funding measures passed by the legislature.

Bullock's official estimate of money available for the special legislative session on school finance will be made after Gov. Dolph Briscoe exercises his veto powers over budget items.

All of the bills requiring direct appropriations were transmitted to the governor for his consideration after Bullock's required certification.

TOWER TALKS

JOHN TOWER

Hospital Cost Containmentment

WASHINGTON—The Administration's recently announced plan to cap soaring health care costs by limiting the amounts hospitals can charge for their services represents little more than a hope and a prayer. By all other objective measures, it won't accomplish its goals.

What the President has promised with his hospital cost containment program is an end to the 15 per cent yearly rise in costs to patients. What the plan ignores are factors more directly responsible for the soaring increases, and more importantly, the serious economic repercussions to hospitals if his plan becomes law. Health care in this country will begin a sharp decline.

Like many other industries in the American economy, the health care field has grown by leaps and bounds. Its growth pangs have been expensive. A hospital room that in 1950 was \$15.62 a day now ranges upward of \$175 a day—an alarming 1000 per cent increase. Health care now accounts for nine per cent of the Gross National Product.

While correctly recognizing the seriousness of the current dollar squeeze in health care, the President's plan has failed to grasp its complexity. His plan would clamp a lid only on the amounts hospitals charge for patient care and treatment.

At the same time, no mention is made of how hospitals will recoup the inevitable shortfall to meet their rising expenses, not subject to the same stringent controls.

Past experience with selectively controlling wages and prices casts serious doubt that the President's plan can match the promises with performance. Moreover, it's nothing short of foolhardy to resurrect carrot and stick economic schemes and apply them to an area as important to the Nation as health care. Too much is at stake.

Singling out hospitals disregards the most blatant contributors to spiraling costs. Inflation in the economy as a whole plays the largest part. Exorbitant premiums for malpractice insurance paid by doctors nationwide eventually show up in increased fees to hospitals and patients. Advanced technology and more sophisticated equipment also carry larger price tags than ever before. Employee wages and fringe benefits are more.

But when all is said and done, government itself is most culpable for the present state of affairs in health care. Overlapping state and Federal programs require ever larger staffs to administer increasingly bureaucratic procedures. Government's inadequate reimbursement system rewards inefficiency in hospital treatment. Hardly an eyebrow is raised when costs escalate because they are automatically absorbed. Few questions are asked about whether or not government gets its moneysworth.

The President's plan won't spell an end to such systemic problems. If hospitals are not allowed to meet their expenses, cutbacks in service automatically will follow. The larger problems would remain.

Government would be better advised to rethink the nature of health care goals in this country, recognizing first the current problem in its totality. Programs which provide incentives for efficiency should replace shopworn notions we've labored under. Only then can we begin to make some economic sense out of the troubled health industry.

Texans and all Americans deserve the best health care for their dollar. They will be shortchanged if the President's hospital cost containment legislation is enacted.

CONSTANT COMPANIONS

Copyright © Kelster Advertising Service, Inc., Strasburg, Va.

"Those three are always together," remarked Lisa's mother. She was referring to her little daughter, who is seldom seen without her beloved collie, and her well-worn rag doll. They are constant companions.

"Lisa is very sensitive about friends," her mother continued. "And this week she came home from Sunday School with a very important lesson. Her teacher told her about God's love, and how He never leaves us. Lisa came skipping into the house and announced, 'Now I have three good friends, and the best one of all is Jesus.'"

Little Lisa had indeed learned a wonderful truth. All of us need to discover it for our own lives. For every life needs the companionship of God. Let your church bring this hope and promise to you.
