WHAT'S A DIRT PILE FOR? — There's nothing more fun than sliding down a big "mountain", especially if you have a bunch of friends to go with you. Sliding down this one are Rachel Edmiston, David Nolen, left, Justin Edmiston in back, Sammy McClure, in front, Bobby Corbell, center and Shanna Edmiston, right. Justin, Bobby and Shanna teamed up with the local youngsters during a visit last weekend.

Short Stuff

By JOE AWTRY

The day of the lone wolf and the hermit are gone forever. We do things better by helping each other and working together.

The difference between a good community and a poor one, an effective city and an inefficient one, is often reflected in the cooperation, or lack of it, among the people who live there. When people help each other, freely and voluntarily, there's a spirit of team work that makes a city or county really go — a pleasure to be associated with. When there's no cooperation — no spirit of the helping hand freely given — what might have been pleasant jobs become grudging chores.

This is also true of our city and county government. They are going to be what you make them and the only way you can help make this county and city be what you want them to be is to get out and vote for the people who are going to be your best voice in governmental affairs.

J.D. and Joyce Redwine could really be in trouble. They received a statement from an out of town hospital and in the body of the statement was the following:

"This statement has been compiled by a computer. If not paid within thirty days, you will be turned over to a human."

Angie found a plaque that she thought was really going to enrich her life if she read it each morning. She hung it on the kitchen wall and it hasn't helped her a bit because she forgets it is there. It reads, "Oh, Lord, help me this day to keep my big mouth shut."

I came up with one that almost caused World War III. I suggested the following, painted in two inch letters and she could wear it as a necklace: "Caution — be sure brain is engaged before putting mouth in gear."

We recently went through the ordeal of finding homes for six puppies.

Two small boys came to the house one day to look 'em over. After playing with the pups for a while, one youngster looked at the other rather wistfully and said, "I know that when I ask for one my mom is going to say no."

"That's no problem," said his buddy. "You gotta use psychology. Don't ask for a dog. Ask for a baby brother. Then you'll get the dog."

Editorial

The Time Is Now

Education is learning and growing. And it is one of the most important things a community can give its youth.

The school in Eldorado is a good one. That is plain to see by the number of students winning honors in University Interscholastic League competition, winning scholarships to universities and doing so well in the outside world.

However, the local system has a few problems that the school board feels could be alleviated by the passage of a \$1.2 million bond issue. First of all, the school is crowded. Elementary students needing extra help have to meet with teachers in hallways or in corners of workrooms; high school classes have to be shuffled around in all directions, even to dressing rooms off the stage and teachers do not have a place to hold conferences with students. The cafeteria is also crowded, with students having to rush in and eat to make room for other students. Also, there is little room to store visual aids and other materials so they are now scattered all over the school system.

If the bond issue passes, the board will build three new buildings, an elementary classroom building, cafeteria and learning center.

These conditions have existed for at least two years, and the school board feels the time to do anything to alleviate them is now for these reasons:

- The crowded conditions are not going to get any better because the school is expected to continue to grow steadily as it has in the past few years.
- The financial condition of the school system is excellent, with the only debts being two payments on the new football field. In fact, the board has a surplus fund of about \$280,000.
- Oil and gas companies and those owning royalties pay over 70 percent of the school's taxes and the bulk of the bonds would be paid by them.
- The oil and gas companies are expected to be prominent in this area for the next ten years and are then expected to slack off.
- Inflation is driving the cost of building any facilities up 1½ percent each month.

The conclusion from all these facts is that the board is right; the time to build these buildings is NOW. It is a good business proposition, will add to the quality of the facilities of the school system and give the system a chance to continue to offer the children of this county a top-notch education.

These facilities will be a true asset to the town, the community and the county; something we can all be proud of.

A one-act play, "Sparkin," produced by Eldorado High School speech students, will be presented two times Tuesday morning in the high school auditorium. The play was chosen as an alternate in regional competition after one-act play competition held here last week.

Cast members are Lori Griffin as Susan Hanna, Mary Byrd as Lessie Hanna, Lorrie Powell as Granny Painsberry and Michael Mertz as Orry Sparks. Cast hands are Jolynn Jay, Mike Griffith, Susan Crippin. The play is directed by Janice Routh. During the play tournament, Lorrie Powell was named to the all-star cast, and Mary Byrd was named as an honorable mention to the all-star cast.

The Plays produced by Reagan County high school students and Junction high school students will represent the county in regional competition April 20 and 21 at Tarleton State University.

Also representing EHS will be

seven local students who placed first, second or third in literary events held here last week.

Jerry Byrd won first in both number sense and science and second in ready writing.

Mary Byrd won first in typewriting, Jolynn Jay won second in informative speaking and Paul McWhorter won second in science. Jym Trimble won third in both persuasive speaking and slide rule.

Mike Griffith won second in feature writing and third in news-writing. Sandy Willeke won second in headline writing and third in feature writing.

Viki Forlano and Paige Helmers won fourth in number sense and spelling, respectively.

On the junior high level, Stephanie Thomas won second in number sense, and Anna Robledo won third in oral reading.

Eldorado won the district meet with a total of 133 points, with Wall falling behind with 132.

Bond Issue, Four Other Races Before Local Voters Saturday

Saturday is election day, with local voters eyeing five different races.

The biggest issue of the day will be the school bond election, which is for \$1.2 million. The money is to go for three new buildings on the school campus, an elementary classroom building, cafeteria and learning center. The bond election comes after two years of planning by the school board.

Running for positions on the school board will be nine people, Paul Page, Jr., E.M. Martin, Jr., Duwain Sauer, Ramon Mobley, Bill Gentry, Rick Sterling, Delia Pina, Sam Henderson, Jr., and Dan Griffin. There are two openings on the board. Mrs. Pina is the only incumbent.

Vying for two places on the city council are David Vannett, Frank

Williams, Domingo Pina and incumbents Billy McCravy and Bobby Sykes. Since no one officially filed to run for mayor, any one who is written in and accepts the position can become mayor.

Running for positions on the hospital district board of directors are Pat Sykes, Becky Sterling and

Reuben Minor. They will be filling the three open positions on the board.

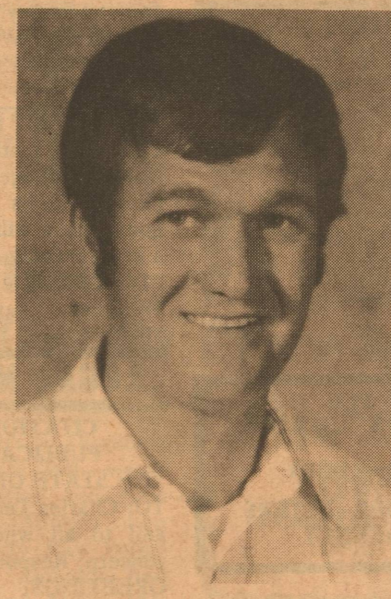

Persons in precincts two and three will be eligible to vote for precinct directors of the board of directors of the Plateau Underground Water Conservation and Supply District. Steve Sykes has filed to run for the seat vacated by his father, Bobby Sykes in precinct three and Robert Page filed to run for precinct two.

Polls will be open from 7 a.m. until 7 p.m.

Voters will vote for school trustees and the bond issue at the high school building. Presiding judge is Mrs. R.E. Corbell and Margaret Frost is alternate judge.

The election for the water district will be at the Southwest Texas Electric Cooperative building, with Rick Sterling as presiding judge.

The hospital board election will be in the high school gymnasium with Frankie Short as presiding judge.

JOHNNY CLAWSON

Big Lake Coach Is Coming Here

Johnny Clawson of Big Lake has been hired as head football coach for Eldorado High School. The announcement was made after a called school board meeting Monday night. Present were president Mort Mertz, Lynn Meador, Frankie Hardy, Dr. J.B. Brame, Richard Kent, Billy Williams and Delia Pina.

Clawson has been serving as first assistant coach at Reagan County High School.

Also during the meeting, the board hired John Callison and Pam Love Miller as substitute teachers.

The board also approved a request by Julie Griffin to use one discretionary day on her leave of absence allowance.

Board members also agreed to not renew a contract for Ken Thomas for the upcoming year.

Benefit Dance Slated For Saturday Night

Sidewinders, a local band, is donating music for a benefit dance Saturday night in the Memorial Building. The dance, which is being sponsored by Beta Sigma Phi Sorority, will be from 9 p.m. to 1 a.m.

All proceeds will go to fund the sorority is raising to buy a piece of equipment for Schleicher County Medical Center.

It is one of several events being sponsored by local organizations to observe the hospital's opening ten years ago. Several pieces of new equipment have been added to the facility since the first of the year, including a fetal monitor, a life pack monitor, and blood gas analyzer.

Special Rite Scheduled By Presbyterians

A special service will be held at the Presbyterian Church Sunday for those joining the church. To be honored on Palm Sunday from the commission class are Bill Cawley, David Corbell, Victoria Powell and Debra Sutto.

Joining the church by letter of transfer will be Joe and Jean Andrews, Mrs. Gladys Elder, Mrs. Elizabeth Rae Powell, Hal and Gerri Whitten, Martha Jo Whitten, Mrs. Hester Huckaby and Jean Sutto.

The Sacrament of the Lord's Supper, a reception and coffee hour for the new members will follow the ceremony.

The Rev. Ron Sutto is pastor of the church.

RACE TO THE POLLS AND CAST YOUR VOTE SATURDAY

CPR Class Is Set By Auxiliary

The Eldorado Hospital Auxiliary will be sponsoring a cardio-pulmonary resuscitation (CPR) class April 30 and May 1 from 6-10 p.m. both nights.

Enrollment is on a first come, first served basis, with the course holding ten students. The course will be in the County Show barn. To enroll, call 853-2990 or 853-2897.

Students Win Contests, Present Play Tuesday

WHAT'S MY LINE — Mary Byrd and Michael Mertz catch a few laughs during rehearsal for a one-act play the speech students produced for University Interscholastic League competition. The play was chosen as an alternate to regional. The students will present the play twice Tuesday morning, at 9:45 and 10:30 a.m. in the high school auditorium.

RECOMMENDATIONS FOR ANIMALS EXPOSED TO RABIES

Dogs and cats bitten by a known rabid animal should be destroyed immediately. If the owner is unwilling to have this done, the unvaccinated animal should be placed in strict isolation for six months. It should be vaccinated with a modified live virus one month before being released. If the animal has a record of current vaccination, it should be revaccinated immediately (with a modified live virus vaccine) and restrained (leashing and confinement) for at least sixty (60) days, but preferably ninety (90) days. Livestock bitten by rabid animals likewise should be destroyed immediately. If the owner is unwilling to have this done, the animal should be placed in strict confinement for six months.

Exposed livestock can be safely killed and its tissues eaten without risk of infection if the animal is slaughtered within seven days after being bitten. Persons who slaughter and skin an exposed animal should wear gloves and perform their duties with care to prevent possible exposure from the wound area. Liberal portions of the tissues in the area of the bite should be discarded. The remaining muscle tissues of the animal are considered safe to eat.

No tissues or secretions from a clinically rabid animal should be used for human or animal consumption; however, pasteurization temperatures will inactivate rabies virus, so drinking pasteurized milk or eating meat that has been completely cooked from a rabid cow does not constitute a rabies exposure.

MANAGEMENT OF BITING ANIMALS

When an apparently healthy domestic dog or cat, without provocation, bites a person it should either be confined and observed by a veterinarian for ten (10) days or killed immediately and examined by the fluorescent antibody technique. If the owner opts observation and signs suggestive of rabies develop, the animal should be humanely killed immediately and its head submitted for rabies examination by fluorescent microscopy.

Signs of rabies in wild animals cannot be interpreted reliably; therefore, any wild animal that bites or scratches a person should be killed at once (without unnecessary damage to the head) and the brain examined for evidence of rabies.

If the brain is negative by fluorescent antibody examination for rabies, one can assume that the saliva contains no virus, and the bitten person need not be treated.

For further information, including pre and post exposure prophylaxis in man, request publication 6-108 from the Literature and Forms Division, Texas Department of Health, 110 W. 49th Street, Austin, Texas 78756.

Land Bank Has Recent Meeting

Several area men recently attended the 34th Annual Stockholders meeting of the Federal Land Bank of Houston. About 650 persons from 64 Federal Land Bank Associations in Texas attended the meeting.

Attending from the local area were James T. Williams, Jr. and Otis Deal of Eldorado and A.E. Prugel of Sonora.

Thomas H. Benson,

president, in his report to the stockholders, stated that there was an increasing demand for new loans in 1978. This was the second largest year in the bank's history with \$245.5 million in loans and it appears the demand for loans will continue.

He added, "In this time of historic highs in interest rates, the advantages of the variable rate loans is apparent to the farmers and

ranchers of Texas. Eight-seven percent of our loans are on the variable rate, and our borrowers have 8 1/2 percent interest rate as compared with the 11 1/4 percent prime rate," Benson said.

The Federal Land Bank of Houston makes long-term loans on farms and ranches and currently has 35,020 loans for approximately \$1.5 billion outstanding.

Alliance Sets Sunrise Service

The Ministerial Alliance of Eldorado is conducting a sunrise Easter service Easter morning at the First Presbyterian Church.

The service is at 7 a.m., with the Rev. Mark Woodruff of Our Lady of Guadalupe Catholic Church as liturgist and the Rev. Ron Sutto as preacher.

A breakfast of coffee and rolls will follow the service. The services will be over in time for persons to attend Sunday School.

"This is an opportunity for the community to worship together as a whole," said Rev. Sutto.

I have been an active member of Schleicher County for 22 years. I came to Schleicher County with Halliburton Co. in 1956. After nine years in Eldorado, Halliburton chose to transfer me to a new location. However, my family and I decided that Schleicher County was the place to make our home. In 1966, I purchased the Exxon dealership in Eldorado and have been in business in this community for the past 13 years. I am a member of the First Methodist Church, and serve on the Board of Directors. I am also a member of the Lions Club and a past president of the Eldorado Golf Club. I served this community as mayor from 1973 to 1977.

My wife, Jan, and I have two daughters, Susan and Charlotte. Susan is a graduate of Eldorado High School and is a certified public school teacher. Charlotte is in the seventh grade and is active in all facets of school life. Jan and I have had children in the Eldorado schools for 18 years. We have willingly participated in all aspects, and at all levels of the educational process.

My commitment to the community, my belief in public education, and my knowledge of the financial workings of the business world would qualify me as a school board member. I respectfully ask for your support and your vote in the April 7 election.

TO THE CITIZENS OF SCHLEICHER COUNTY INDEPENDENT SCHOOL DISTRICT:

The board of trustees, after careful consideration, feel that NOW is the appropriate time to update our school plant facilities. Therefore, we submit for your consideration on Saturday, April 7, 1979, the proposal authorizing the construction of the following facilities:

1. A new elementary classroom building
2. A new learning-library-resource center
3. A new cafeteria

The quality of the educational program needs to be upgraded and improved from time to time. Sound and effective educational programs are dependent to a large degree upon the school plant and facilities which accommodate and support them. Because of your interest and support throughout the years, adequate educational facilities have been provided for our children, but we feel now is the time to construct these new facilities.

Based on present and projected school needs, we have developed a building program that will maintain a high quality and fully accredited program for the years ahead.

We urge your support of this building program. Whether we make the improvements or continue with our present facilities is your decision.

Respectfully submitted,

Board of Trustees Schleicher Co. Independent School District

grandmother, Mrs. Rosa Crawford of Eden.

A special fund has been established for his daughter. Money for the fund should be sent to Mrs. Clifford Crawford, in care of Mr. and Mrs. Jim Cawley, Eldorado, Texas.

Omega Features Front Wheel Drive With Transverse-Mounted Engine

The 1980 Omega, featuring a transverse-mounting engine and front wheel drive, unveils a new era in passenger car packaging for Oldsmobile.

The new Omega, the fourth generation of resized models from Oldsmobile, joins the regular-size Oldsmobiles, the Cutlass and Toronado in the division's fleet of more fuel-efficient cars.

Among highlights of the 1980 Omega are:

- A weight reduction of approximately 750 pounds. This, along with a 10 percent reduction of aerodynamic drag, offers a fuel economy improvement up to six miles per gallon over similar 1979 models.

- A high ratio of interior room to exterior size allows greater passenger comfort. All models are designed for five persons.

- A wheelbase reduction of six inches and the overall length is 18½ inches shorter than the 1979 Omega.

Four models of the new Omega are offered... a coupe and sedan in two series, the Omega and Omega Brougham. Also available is a sporty SX option.

Standard features on the 1980 Omega include a 2.5-litre, four-cylinder engine transversely mounted with front-drive, AM radio, four-speed synchromesh floor shift, rack and pinion steering, low drady front disc brakes, maintenance-free wheel bearings, radial tires, self-adjusting clutch, freedom battery and inside hood release.

New optional equipment includes a 2.8-litre, V-6 engine, six-way seat adjusters for both bucket and bench seats, reclining seat backs on both front seats, a removable glass sunroof, an electric rear window defogger, combination dome and dual lens reading lamp, an electric digital clock and AM-FM stereo pushbutton radio with either a cassette tape or 40-channel CB radio.

Fourteen exterior colors are available.

The grille, a dual vertical bar-type, extends above and below the headlamps and wraps up into the front end panel giving the Omega an Oldsmobile family resemblance. Vertical park and turn lamps are located between the single rectangular headlamps and the grille.

In the rear are large vertical wrap-over tail lamps with a centered Olds emblem. The tail lamps are bordered in bright chrome. The back-up lamps are located at the bottom of the tail lamps.

A special SX option is available in 10 colors on the standard coupe and sedan. The sporty package includes black grille bars, black lower body, blacked out window frames, tail

NEW OLDS FOR '80 — The 1980 front-wheel drive Oldsmobile Omega, approximately 750 pounds lighter than its 1979 counterpart, has a wheelbase of 104.9 inches. It is available in four models, the base Omega (background), and the Brougham with a higher level trim. Oldsmobile dealers will have the 1980 Omega on display April 19.

lamp bezels, headlamp doors and side markers and black bumpers and fillers. The one-piece deck lid spoiler is body color and sport mirrors, a specific wheel trim and decal stripes are included.

The 1980 Omega's instrument panel is designed to enhance the roomy interior of the new model. All primary instruments and controls are on the left side of the instrument panel

within easy reach of the driver. On the right of the instrument panel is the glove box, clock and air outlets and it is positioned further forward to allow the front seat passenger even more room. The radio is centrally located for easy reach by both the driver and passenger.

The 1980 Omegas have seven and a half inches of front seat travel to accommodate both tall and short

drivers. More shoulder, leg and rear knee room is provided in the new model compared with previous years.

The inside door lock button has been relocated and redesigned. The lock control is now a sliding lever positioned beneath the door handle. This positioning prevents use of a wire to encircle the lock button to gain entry to the car.

VOTE FOR PAUL PAGE, JR.

FOR SCHOOL BOARD TRUSTEE

Being a lifetime resident of Eldorado and father of three boys, I am very concerned about our children's education and the welfare of our school. Since our county has the capability of having one of the best school systems in Texas, I see no reason to settle for anything less. To me our children's education should be one of the major concerns of the citizens of Schleicher County, and the continual improvement of their education and welfare is something of which we can be proud. This is why I am running on the school board and am asking for your vote.

Thank you for your consideration,
Paul Page, Jr.

An investment in Your Future

...ATTEND CHURCH

For where your treasure is, there will your heart be also

In a world where order depends heavily on regulation, we have learned to rely on signs for direction. Sometimes, however, the signs seem to point in completely opposite ways.

How often we have heard a political candidate point out for us his way, all the while assuring us it is the only way. His opponent, meanwhile, diligently attempts to convince us that success lies in the opposite direction. The most confusing factor is that they may both be right in some degree. Before we can make a choice, we must consider the signs and utilize them in reaching our conclusions.

The decision we make when we cast our vote is vital to our future. Let us examine the issues with great care. Exercise our best judgment. And most important of all, let's be sure we follow one sign without fail—the sign that says "VOTE."

FOLLOW THE SIGNS

SUPPORT AMERICA!

Our priceless heritage embodied in the flag of the United States, is as alive today as it was when written for the ages in the Declaration of Independence and the Constitution. It stands for all the world to see and for all Americans to cherish. And in the tradition of Washington, Jefferson, and Hamilton, we, too, have a privilege, a right, and a duty. While we may disagree as to the methods, we should not disagree as to the goal—that of preserving the greatest democratic society the world has ever known.

Our flag is a symbol, not of sentiment, but of history, the history of men and women willing to live and die for it. Surely this willingness is with us still, because daily we experience more of the blessings that are ours—ours because we are Americans.

Oscar time is movie time—so celebrate with a free preview!

A whole weekend of great movies—for free! It's just a sampling of what Home Box Office is all about. (And movies—uncut and uninterrupted—are just part of it. There are fantastic nightclub specials and exclusive sports programs, too!) Here's what you can see for free this weekend:

SATURDAY, APRIL 7
1:30 PM "Harper Valley P.T.A." Based on the hit song, this hilarious comedy starring Barbara Eden tells the real story.
3:30 PM "Standing Room Only: Barry Manilow." Two hours of great entertainment—the kind you find every month on HBO!
5:30 PM "SportsScene." Joe Namath is the host of this "magazine" special, with previews of the baseball season and of the basketball and hockey playoffs.
6:30 PM "The Great Brain." G-rated family fun, starring Jimmy Osmond—Donny & Marie's little brother.
8:00 PM "Revenge of the Pink Panther." Peter Sellers is as hilariously incompetent as ever, as he's joined by Dyan Cannon, star of "Heaven Can Wait."
10:00 PM "Wild Geese." This drama of mercenary soldiers in Africa offers the man action starring Richard Burton, Roger Moore, and Richard Harris!
12:15 AM "Mean Dog Blues." Oscar winner George Kennedy portrays a sadistic warden in this story of a young man falsely convicted.

SUNDAY, APRIL 8
12:00 PM "Islands in the Stream," with Oscar winner George C. Scott. This Ernest Hemingway story was nominated for Best Cinematography.
2:00 PM "The Turning Point." The screen debut of Mikhail Baryshnikov. Starring Anne Bancroft and Shirley MacLaine, it received 8 Oscar nominations in 1977, including Best Picture.
4:00 PM "House Calls." The stars are Glenda Jackson and Walter Matthau, both of whom have received Oscar nominations.
6:00 PM "Up Close—Academy Awards." Film-clip samplings of this year's nominees, plus interviews with Nick Nolte, Jane Fonda, Warren Beatty.
7:00 PM "The Goodbye Girl." Richard Dreyfuss won Best Actor for his role in this Neil Simon comedy, which received 5 Oscar nominations.
9:00 PM "Coma." Terrifying science-fiction tale of a time when the demand for organ transplants has outstripped the supply.
11:00 PM "Julia." Vanessa Redgrave won Best Supporting Actress and Jason Robards Best Supporting Actor in this story of a friendship between two women.

Of course, to receive HBO, you must be a cable TV subscriber. So if you are, don't miss your free preview. This weekend is the perfect time to see what you've been missing!

Send in today!

Nursing Home News

Don't give up yet, in regard to us having clouds a good many days, but don't receive enough of those days to accumulate enough moisture. As all of you know, we are out of the so called winter months, into the spring months, and then too, we have all heard of the cute little saying, which is "April showers bring May flowers," so we have a good chance of getting a good rain yet before the "sure 'nuff" hot weather sets in.

I spent about half of last week sitting in a chair with a heating pad against my

back so I was not able to attend the service in the dining room here last Sunday afternoon.

The First United Methodist Church conducted the service and several of the members came down the hall in the nursing home visiting with residents who were not in the dining room and we always appreciate them doing that.

Next Sunday afternoon the Church of Christ that is located on the Mertzon Highway will conduct the service here.

The bingo winners on Wednesday last week were: Juanita Sanchez, 1; Mae Mercer, 1; David Locklin, 1; Beulah Harris, 1; Erna Rexroat, 1; Fred Gunstead, 1 and Bess Andrews, 1.

On Friday winners were: Myrtle Wade, 1; Bess Andrews, 2; Beulah

Harris, 5; Fannie Blaylock, 1; Juanita Sanchez, 1; Marvin Sparks, 1 and David Locklin, 1.

Don't part with your illusions. When they are gone you may still exist, but have ceased to live.

Glenda Harris BSP President

Glenda Harris was elected president of Xi Xi Chi chapter of Beta Sigma Phi sorority Monday night. Others serving with her will be Peggy Williams, vice president; Sherry Lux, recording secretary; Sherry Martin, corresponding secretary; Nelva Martin, treasurer and Mary Nolen, extension officer.

The officers will be installed during the Founder's Day celebration at Anna's April 23. In addition at the installation, the club will honor the pledge of the year and the girl of the year. Hostesses will be Nelva Martin, Nell Edmiston, Peggy Williams, Tommie Boswell, Flora Hubble and Sherry Lux.

During the meeting Monday night, the members discussed the dance on behalf of the hospital's fund raising drive. The dance will be from 9-1 p.m. April 7 in the Memorial Building. Sidewinders are donating their time for the benefit. Proceeds will go to a special fund the sorority is raising to buy equipment for the local hospital. tickets are five dollars a couple and three dollars for singles.

Members also discussed the annual scholarship. applicants for the honor should apply to Barbara Jackson before May 15. The \$150 scholarship will go to a graduating senior to further his or her education.

A committee for a tea honoring charter members and other members belonging to the local chapter during its existence the last ten years was named. They are Glenda Harris, Barbara Jackson, Sherry Martin, Sherry Lux, Peggy Williams, Nell Edmiston, Nelva Martin and Flora Hubble.

Lynn Meador, secretary for the school board, presented a program on the upcoming bond issue for the school. He pointed out the needs for new buildings, where they will be, and how they will be used and the effects the bond issue will have on taxpayers.

Hostesses were Sarah Yates and Nelva Martin.

ENGAGEMENT ANNOUNCEMENT — Mr. and Mrs. Bill Maness have announced the engagement of their daughter, Vonda Glynn Maness, to Stanley Dwayne Flanagan. Miss Maness is a 1974 graduate of Eldorado High School and Abilene Christian College and is employed by FESCO in Ozona. Her fiancé is a 1974 graduate of Ozona High School and attended Northwestern College in Wichita Falls. *** ANI is telephone talk for Automatic Number Identification. It is a new service for you. The operator will no longer ask one-party customers for their number when they dial long distance calls. Information required for billing will be recorded automatically.**

Of course the operator will still come on the line when you dial a 110 + (operator assisted) call such as collect, credit card, third number billing or person-to-person to perform the operator assistance required.

We're happy to provide this new service. We know you'll enjoy it.
