#### MIAS AMIGAS SONG

Words by Lucille Hill Walker

My Mias Amigas the glad time has come  
To recall golden days ever dear;  
Pledge again our devotion,  
Renew friendship's vow  
As our happy hearts laugh at the years.

Then join in the fun,  
Make merry each one,  
Precious moments are fleeting away;  
Clasp a hand, say "I love you,  
I'm glad you could come" --  
Help us celebrate friendship's bright day.

Then join in the fun,  
Make merry each one,  
Precious moments are fleeting away;  
Clasp a hand, say "I love you,  
I'm glad you could come" --  
Help us celebrate friendship's bright day.

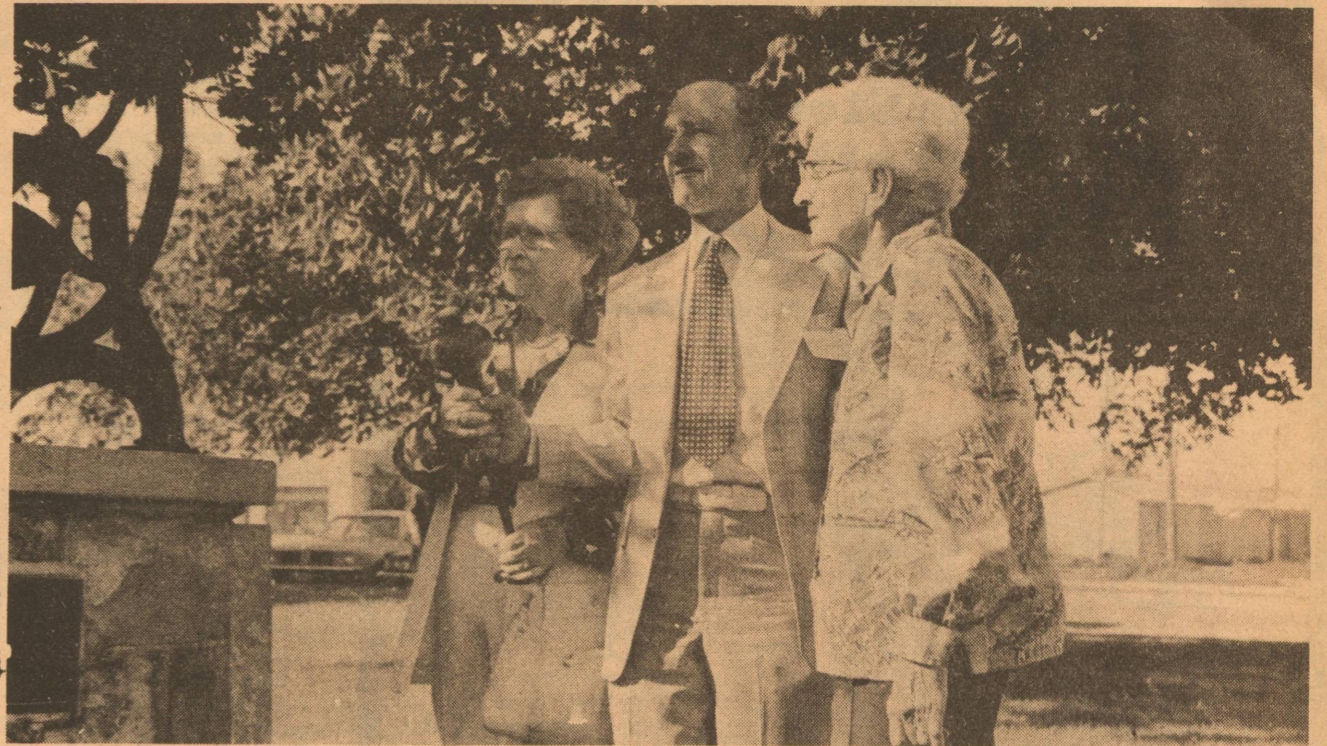

Then join in the fun,  
Make merry each one,  
Precious moments are fleeting away;  
Clasp a hand, say "I love you,  
I'm glad you could come" --  
Help us celebrate friendship's bright day.

### Beta Sigma Phi Joins Christmas Lighting Effort

Eldorado may have lights for Christmas after all. BETA SIGMA PHI offers a challenge to other organizations within Schleicher County. President Sherry Martin and Past President Glenda Harris contacted a member of the Christmas Lighting committee for the Schleicher County Progress Council with good news this week. Beta Sigma Phi is offering to contribute the price of one light -- approx. \$165.00. They offer a challenge to other organizations to meet or exceed this contribution.

Adah West Bowder offers a challenge to Schleicher County individuals to meet or exceed their contribution of \$50.00.

WTU offers a challenge to local businesses to meet or exceed their contribution of \$50.00.

The Schleicher County Progress Council appreciates all contributions and pledges made thus far. Others contributing include: Foxworth-Galbreath Lumber \$15.00; Willhoit Texaco \$10.00; Blanche West \$5.00;

Also First National Bank of Eldorado \$150.00 and Faulstich Const. Co. \$50.00. even small ones.

Anyone interested in making a pledge or contribution to this effort can contact Carolyn Mayo at City Hall (853-2691), Donna Garvin at the Leader office (853-2032), Hyman Sauer at the First National Bank (853-2535) or Nancy Lester at 853-2312. Contribution cans are located

### VBS Closes for Year

The Vacation Bible School sponsored by the First Presbyterian Church and the Methodist Church was held last week with 65 to 70 children attending every day, with the 3-4 year old's class being the largest with up to 28.

In charge of the school were Sherry Page and Micky McGregor. Pat Pitts was in charge of all refreshments.

Teachers for the Bible School were: Sherry Lux and Glenda

at the Eagle Mart, F.N.B., City Hall and Jerroll's El Dorado Restaurant.

Because there was not enough response before the July 1 deadline, the Christmas Lighting Committee will not be able to take advantage of a price change and discount. Yet, all is not lost and the lights are still being kept in mind. From the date of placing the order it should only take about 30 days before receipt of the lights.

### McCarson, 3-4 year old class; Julie Griffin and Ruthie Chalmers, kindergarten-first grade class; Lexie Hodnett, second and third grade class; Jill Preston, and Christi Meador, fourth, fifth, and sixth grade class.

In charge of the art class was Marty Edmiston and Sherry Johnson. A closing program was presented at the end of the week with all the children receiving certificates. The fourth, fifth and sixth grade class presented two puppet plays.

### Este Members Describe Travels

The realization that we were really going to London, England did not hit us until we were at the Dallas-Fort Worth Airport preparing for take off. Eight young ladies and three sponsors boarded Braniff's flight 602 at gate 13. Our group was comprised of Janet Bradshaw, Liz Brame, Mary Byrd, Susan Crippin, Laura Gentry, Jolynn Jay, Carolyn Marsalis, and Lorrie Powell with Pansie Jay, Judy Jordan and Pat Moore acting as sponsors.

We arrived at London's Gatwick airport around 11:30 Tuesday morning and were soon met by Sue Edwards, our AIFS tour guide. The rest of the day was free to get settled into our new home for a week. Our evening was filled with a visit to Shakespeare's Tavern and Playhouse. We enjoyed a five course Elizabethan feast as well as three and a half hours of entertainment by players, jesters and magicians.

Wednesday, June 11, was a full day of sightseeing in the city of London with our first stop being Westminster Abbey. We saw the Houses of Parliament, Trafalgar Square, and Piccadilly Circus from our bus windows. Then we went to Buckingham Palace to see the changing of the guards. We also visited Saint Paul's Cathedral and the Tower of London. At 7:30, we met our bus to go to the Adelphi Theatre where we saw a super production of "My Fair Lady."

Bright and early Thursday morning we took a scenic drive to Canterbury where we toured the Canterbury Cathedral and then had a few free hours for shopping before going on to Dover. We saw Dover Castle, the White Cliffs, and waded in the English Channel. We returned to London to see "Private Lives" in the Duchess Theatre. One of the highlights of this evening was when the Queen Mother arrived to see the same performance.

Friday, the 13th, was a free day for individual activities. We rode the Underground to Knightsbridge and shopped in one of London's finest stores - Harrod's, Ltd. We then went separate directions. A few girls remained at Knightsbridge to shop, some went to Wimbledon, and still another group visited the London Dungeon. At 7:00 we met at Victoria Palace to enjoy the play "Annie." A

burger King for a late night snack where they met three of the girls who starred in "Annie."

The next day included a trip to Windsor Castle. We went through Queen Mary's Doll House and toured the grounds. On the way back to London, our group got off the bus at Hampton Court where we saw the state apartments, the beautiful gardens, and many other points of interest. We rode a train back to London in time to see a production of Ira Levin's thriller - "Deathtrap."

Our first stop Sunday was Salisbury Cathedral where we were able to attend the Sunday Morning Prayer Service. We then drove to the Salisbury plains to observe the ancient monument of Stonehenge. Our tour then took us to Bath where we saw the Roman Baths, followed by dinner in the city.

The last day of sightseeing included the Christ Church College and Cathedral which is one of the 21 colleges making up Oxford University. Then en route to Stratford-on-Avon we stopped at Sir Winston

Churchill's birthplace, Blenheim Palace. In Stratford we visited Anne Hathaway's cottage and Shakespeare's birthplace. The afternoon was free for shopping or just looking around. We had dinner at Marlowe's Restaurant, then attended a performance by the Royal Shakespeare Company of "As You Like It" in the Royal Shakespeare Memorial Theatre.

Early Tuesday morning, we drove to Gatwick airport. Around 10:30 we boarded Braniff's flight 601 returning to Dallas. We landed at DFW about 3:30 pm. Our wonderful trip was over now, except for all of the super memories. A note of special thanks is offered to every person who helped make this trip possible. Thank you for making our drawing such a success, and congratulations to each winner. Most of all, we want to thank the three lovely ladies who accompanied us to England -- Pat, Pansie, and Judy. Thanks again for a memorable trip, ESTE

### Local Salvation Army Drive Tops Goal

Elton McGinnes, chairman for the Salvation Army spring Fund Drive, stated that contributions had exceeded the proposed goal of \$1000 dollars by \$400. Chairman McGinnes would like to thank all workers and donors for this excellent performance.

Funds from the drive will be used locally to send boys to the free Salvation Army Camp at Medlothian starting July 28. Funds will also be used to assist in emergencies such as food, lodging, transportation, clothing, medical assistance, utilities, rent and any other deserving need.

Two thirds of the funds are used for state programs: homes and hospitals for unwed mothers, youth programs, aid to prisoners and families, friendship homes for the elderly, flood and fire disasters and many more programs.

Members of the local Salvation Army Service Unit are: T.P.

Robinson, chairman; Orval Edmiston welfare chairman; Donnie Danford, treasurer; Elton McGinnes, Johnnie Griffin, Rev. Dan Adams and Tom Ratliff, members.

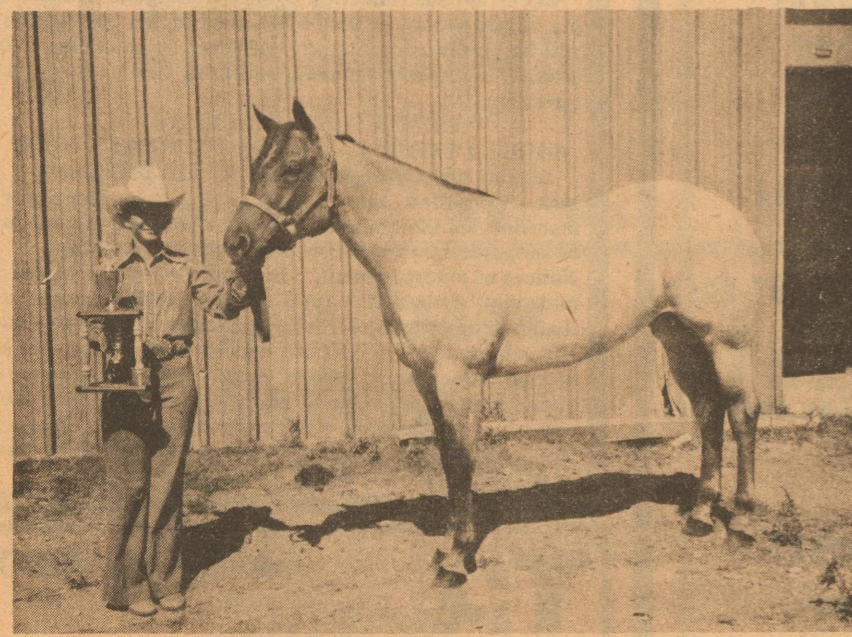

Edmiston stated that the local Salvation Army Service Unit will be sending three local boys to the Salvation Army Camp Hoblitzelle. The camp, starting July 28, continues for one week.

The camp provides for over 3000 boys in Texas at no cost to the boys or the parents.

The boys will get the best of care with officers and counselors present to see that everyone has a good time.

The boys will enjoy activities such as: swimming, boating, horse back riding, archery, handicrafts, movies, baseball, and many more activities.

The boys attending this year are Joe Louis Lozano, Donny Heffernan and John Trivino.

**NO PRIVATE INTERPRETATION**

II Peter, Chapter 1, verse 19--We have also a more sure word of prophecy whereunto ye do well that ye take heed, as unto a light that shineth in a dark place, until the day dawn, and the day star arise in your hearts;

20--Knowing this first, that no prophecy of the scripture is of any private interpretation.

21--For the prophecy came not in old time by the will of man, but holy men of God spoke as they were moved by the Holy Ghost.

The scriptures are not of a private interpretation. Men spoke these words by the Holy Ghost. If people have the Holy Ghost they will understand the scriptures. If you don't have the Holy Ghost you can be taught by a Holy Ghost-filled person how to be filled with the Holy Ghost.

Let the Holy Ghost be in your heart to help you make heaven.

Rev. Walter L. Ford.

**Food, Family And 4-H**

Christmas IS coming, so get ready, set, and go NOW-and "do some Christmas things" this summer.

If you don't read on, you'll have only yourself to blame when Christmas catches you unprepared this year.

Lillian Chenoweth, a family resource management specialist, says spending some time and money on Christmas now will actually avoid most of the frantic, "short money", rushy things about Christmas later.

Mrs. Chenoweth, on the home economics staff of the Texas Agricultural Extension Service, The Texas A&M University System, says early planning and action makes almost everything about Christmas easy.

**MAKE A LIST**  
Make a list-now-of all the people you'll give gifts to.

This list probably won't change much by Christmas.

Then start your shopping tasks-now.

Think how much easier it is to shop now rather than later in stores crowded with people who didn't plan ahead.

Besides, by starting now, you can spread your purchases over several months instead of over-extending the budget at the end of the year.

There's also a better chance of finding sales and doing comparison shopping now.

Another advantage to early planning is you might be able to give of yourself. For example, your own unique services or talents could be a gift-if you plan early. You might give three months of Sunday breakfasts in bed or demonstrations in needlepoint to a neighbor who always wanted to learn, or home-made crafts or baked goodies.

**THROW A PARTY**  
If you ALWAYS have a Christmas party, have one now instead.

Most people will have more time to enjoy an "off season" party, and you won't be nearly so rushed.

**PLAN FAMILY PRIORITIES**  
Take time now-as a family-to plan your priorities for the holidays.

Do you want time together as a family? Plan activities you can do together, such as make decorations, cook or visit friends.

**MAKE TRAVEL RESERVATIONS**  
It might also pay to make your travel reservations now-and pay for any tickets.

You might avoid price increases later in the year and the frustrations of "no seats available."

## From City Hall

The City has finally received the shipment of special re-set regulators for gas users who have open face heaters. Although the City is considering a contract with Producers Gas Company to supply emergency fuel during cold periods, persons using open face heaters may request that their regulators be changed by City crews as an extra precautionary measure. The newer models of heaters have an automatic safety device that will not allow gas to pass with out adjustment once the pilot has gone out. These re-set regulators will be limited to persons with the older type heaters. There will be no charge for changing the regulators; however, there is a limited number of them available so they will be installed on a first-come, first-serve basis.

Did you know that our City's water is tested each month by the State Health Department? Due to the quality of our water, you may feel the water should not be tested; however, an employee of the City is required by the State to gather samples, label them, and take them in person to San Angelo. If a sample fails, even due to contamination of the container, they must be resubmitted until they pass.

Eldorado has really good quality water for which we can be thankful. Very seldom does a sample fail.

Because of increased unauthorized dumping, the Landfill is now open 7 days a week. Mrs. Claudyne Yocham and Gavino Castro, attendants, and Ted Yocham, who is in control of operating the City Caterpillar to cover refuse, really have their hands full during the spring and summer months. Even though their positions might be considered unglamorous, they are very important in the operation of the landfill - a necessity. The job is not as easy as it might seem.

The City must operate the landfill under Federal Air Control Board and State Health Department regulations and keep our permits current. Recently the Federal Air Control Board reminded City officials of regulations governing the landfill. One stipulation is "No burning of oils, Asphaltic materials or vehicle tires." Another limits the burning of refuse to specific times of the day as well as only when the wind is from the South or Southwest. The wind must not be blowing less than 6 mph nor more than 23 mph during the burn period. Many times City employees find that someone has illegally entered the area

and set refuse on fire. This not only violates the City permit regulations but endangers crop and pasture land adjoining the landfill. Only City personnel are allowed to start any fire. Citizens are discouraged from bringing vehicle tires to the landfill as the City must not burn them and does not have room in which to bury them. Therefore, the City must find a market for them. A dealer who sells to Pemex Oil in Mexico stated that he would pick up the tires as they are worth approximately 6 gallons of gasoline when used as fuel in Mexico. The Mexican government must not have a Federal Air Control Board! They can wisely use this source of fuel which is wasted in the United States.

Another note about the Landfill - please do not send rocks to the landfill. They fill the pits quickly and will soon cause us to have another pit dug. Citizens burning their trash may soon find themselves without a trash truck - as the fire re-ignites in the truck and several times the new truck's safety has been jeopardized. That would be \$32,000 of taxpayer's money going up in smoke! Trash cans showing evidence of recent burning will be left by the attendants - no questions asked!
