

THE SUCCESS.

"Nothing Succeeds Like Success"

Of and For El Dorado and Schleicher County, All the Time.

VOL. XXV.

El Dorado, Schleicher County, Texas, Friday, July 3, 1925

27

1861-1865.

At Stone Mountain Georgia,

The Southern Memorial Association is erecting a Monument as a lasting tribute to the Valour of the SOUTHERN SOLDIER. This Association has issued through the United States Mints a Memorial Half Dollar Bearing the Likeness of LEE & JACKSON. The Coin will be distributed through all Southern Banks at Cost of \$1.00 each, the premium on them going into the Association's fund for completion of the Monument.

We have a limited supply of these Coins available for distribution on July 3rd, the date on which we are authorized to release them.

FIRST NATIONAL BANK

OH! BOYS.

Come and get a pair of the latest long Trousers for boys, little men, of all ages, from five years up. Williams Tailoring Co.

Typewriter Ribbons at The Success Office,

Mr. W. C. Cloud returned from San Angelo Saturday where he had been for medical treatment, he had his tonsils removed and we trust will soon be on the road to better health.

LAND, LIVE STOCK and REAL ESTATE Phone 112
We will appreciate business extended us. We try to sell listed property.

TO VOTE ON INCORPORATION JULY 10.

The people of El Dorado will have an opportunity to incorporate the town on July 10th, an election was ordered Saturday by Judge Ford, the incorporation includes the original town section, with a portion of the Christian, West, Keeney and Keele additions. Sam E. Jones was appointed to hold said election.

TO THE PUBLIC.

If you own a One or Two section ranch and want to sell, list it with me. I can sell it for you if priced right, as I have had several inquiries lately for such places. G. D. Hines, County Surveyor, Schleicher County, Texas

SCHOOL OF MUSIC.

Miss Turner will open a School of Music in the Sunday School room of the Methodist Church Annex, beginning July 1st. Instruction will be given on piano, violin, mandolin, guitar and banjo. An Orchestra will be organized for the benefit of all pupils and any Orchestral instrument may be added.

A course in Kindergarten Music will be an especial feature of this school. The children are taught the dry facts of the science of music while they believe themselves at play. This is done along the ideas suggested by the great Educator Froebel. Miss Turner's experience with child pupils combined with this attractive system assures a degree of success which has been here-to-fore unattainable.

It is our desire to make this school permanent and we earnestly solicit the co-operation of all who may be interested.

Miss Turner will be permanently located with Mrs. Seth Ramsey, and will be glad to explain the work to any one who may care to investigate.

Terms upon application. Miss Turner.

CLIFF SCHOOL TO VOTE ON MAINTENANCE TAX.

Joe Garvin was in from the ranch Saturday getting supplies to hold an election in his precinct to vote a 50 cents tax for school maintenance. The election is being held Thursday July 2nd, the evening The Success goes to press. Mr. Garvin thinks there is very little opposition.

PRESBYTERIAN'S TO BUILD NEW CHURCH.

The Presbyterian congregation are preparing to build their new church, according to Bert Page Monday about \$4,000.00 had been subscribed and that the new church would be built on the east side of the square.

The Presbyterians have never owned their own church here but have had a church organization here for several years, using the Methodist church.

R. A. EVANS COMMISSION CO. MAKES SALES.

The R. A. Evans Commission Co., reports the following sales made the past two weeks.

Sold for A. Oliver, of Edna, Texas, 640 acres of land situated in Block A at \$15.00 per acre clear title. Mr. F. Faught of Gillispie County, gets the West half and Mr. Paul Nixson of El Dorado gets the East half, this section is most all tilable and is about 15 miles west of town.

They sold for Pat Martin, 30 head of steer yearlings at private terms to Hensel Matthews.

Sold for the J. H. O'Harrow estate 130 head of steer yearlings to Hensel Matthews and C. A. Graves at private terms.

Sold for Seth Ramsey 115 cows and calves to Irion County parties at \$25.00 per cow and calf.

Sold to W. H. Williams for R. A. Evans 125 acres of land at \$9.50 per acre, this land is off the Evans ranch in Irion Co.

Sold for Ollie Cox of Irion County to R. A. Evans 24 head of steer yearlings at \$20.00 per head.

CARD OF THANKS.

We wish to thank our friends for the many nice and useful presents we received. Mr. and Mrs. Floyd Farrington.

S. W. Mather was trading in town Saturday.

Kill The Flies.

We have a good supply of Fly Swatters, Fly Tox, Ni-Late, Tangle Foot and Bee Brand Insect Powder.

E. W. Brooks.

A. T. Wright, Editor and Proprietor.

SUBSCRIPTION RATE, ONE YEAR..... \$1.25.

*Entered as Second Class matter July 3th, 1906, at the Post office at El Dorado, Texas, under Act of Congress of March 3rd 1879.

Friday, July 3.

All local advertisements will be charged at rate of 5c per line each insertion, Display ads 20c per column inch for one insertion contract prices furnished upon application special obituaries and resolutions charged at rate of one cent per word.

The Success favors the movement for incorporating our little town, and if the movement carries and then the right kind of officers are elected, there is no reason why the incorporation would not prove beneficial.

The time set for the election falls on a date that about half of our people will be at Christoval at the Encampment, this will necessitate about a 60 mile drive for those who are away to vote, we trust however that you will be here to vote regardless of the inconvenience it puts you to.

This election is for voting on incorporation, nothing else included, no officers, no ordinances, these will come at another election if incorporation carries.

There are some things that El Dorado needs and must have before she can make much further progress, these things can be secured better if incorporated, especially do we need incorporation for sanitary purposes.

Incorporation is coming some day in El Dorado we trust it is now, so when July 10th comes and you should be attending the Encampment at Christoval, just make the necessary sacrifice to come back and vote.

Every person who has attained the age of 21 years and who has resided within the limits of the territory to be incorporated, for 6 months next preceding the date of said election and is qualified electors under the laws of the State, is entitled to vote at this election.

Editor Wright of the Eldorado Success, was here Saturday en route home from Brady. It was a joy to watch Brother Wright roll up his pants legs and wade the irrigation ditch, but we don't blame him, because we would probably cut capers worse than he did if we never saw more than a bucket full of water at a time as he does except when he come to Menard. Mr Wright reports his county in splendid condition

and says crop prospects are fine range conditions good and his people feeling prosperous and happy.—Menard Messenger.

A. T. Wright editor of the Eldorado Success, came over to Brady on last Thursday morning and spent the remainder of the week with his brother, A. D. Wright and family. In getting out his paper a little early last week, Editor Wright said, "we are doing so that we may have the week end off for an outing," and aside from the fact that his brother lived here, he showed good judgment in coming to Brady to spend his vacation, and the thoughts of getting to visit the Heart of Texas so thrilled him that his paper even though gotten out on short notice was one of the best issues yet. He mailed the paper and then got to Brady twenty-four hours ahead of it and witnessed the Sentinel coming off the press at the same hour both paper are supposed to be printed. Those who had not seen Editor Wright but had read his paper were just like the rest of us - surprised to find in him a man so small in stature.
—Brady Sentinel.

Local fisherman say that fishing is better since the rise of three weeks ago than it has been in several years. Several yellow cats weighing from sixty to sixty-five pounds have been caught up and down the river and it is said that you have to get out behind a stump to bait your hook in order to keep the channel cat and bass from eating your bait.
—Menard Messenger.

Sheriff Luedicke said that while he was crossing the San Saba near Menard the other day a 125 pound yellow cat flopped up and fell back in his car, but told us not to tell this where Josh would get a hold of it.

You can lead a fool to deep water but you can't make him think.

NOTICE TO MASTER MASONS.

The Masonic Service Association of Texas, will visit El Dorado Lodge No. 890, July 25 from 10:00 a. m. to 4:00 p. m., dinner will be served at the Lodge room to all members and visitors.

Among those coming is Guinn Williams, Grand Master, of the Grand Lodge of Texas, and Wilbur Keith, Secretary of the Masonic Association of Texas.

All Master Masons are requested to be at this meeting.

We had a nice time over at San Angelo Friday attending the Quarterly Conference of The Methodist Churches of the San Angelo District, it does us good to get out once in a while and see how the other churches are getting along some of the churches reported 100 per cent paid up, of course we could not do this well but we made a good showing and came up ahead of some of the rest but we would like to have been found among the top notches, but as a whole the various churches are in good financial condition with bright prospects in the future.

Hugh McAngus was in the city Saturday telling us of some more trouble he is having, the person who found his lost Planter seat phoned his wife that they had it and told who it was but she forgot the name and he does not know where to go to get it, so the person will confer a great favor on that Scotchman if he will phone him again, as he needs it mighty bad, or better still bring it to town and we will phone Mr McAngus that it is here. It has been found but he does not by whom

Dr. B. Kahn writes us that he is off on his vacation for two or three months but his father will look after his work here, occasionally visiting this place.
Dr. E. Kahn can be reached at Victoria by letter.

AUTO ACCIDENT AT CHRISTOVAL SUNDAY.

Sunday afternoon at Christoval a big Nash car driving South from San Angelo was wrecked just on the hill nearing Christoval, those in the car were Milton Beatty, Albert Polster, Byron Alsop, Lanham Birdwell and Roy Homes. The car was being driven about 60 miles per hour, upon reaching the old rock quarry just north of town, a car driven by one of the Rouce boys of Christoval was making a turn in the old quarry when he started back on the highway he saw the Nash car coming, he put his car in reverse and backed into the quarry to avoid being run over, the Nash was running on extreme west side of road, but suddenly swung to left crossing the highway, running into bank on East side of road which blowed out a casing and the car turned over, from one to three times, Rouce's car was still running, he pulled out to the side of the wreck and two of the occupants were standing up by the car, he then went to Christoval for help and a doctor. Holmes of Miles was the worst hurt and was still alive Wednesday with chances for recovery some better.

We understand that the boys were making about 60 miles, or had made the run from San Angelo to where the wreck occurred in 18 minutes, which is between nineteen and twenty miles.

A JOLLY RE-UNION AT CHRISTOVAL.

Wednesday morning June, 24, the following party left El Dorado to spend the day at Christoval with Mrs. W. P. Silliman and family from Abilene; Mrs. C. C. Doly, and daughter, Miss Marie of El Dorado, Gilbert Edens and Ola May Edens, El Dorado, Mrs. Rice, of Odessa, Mrs. Cherbino, of Phoenix, Arizona, Mrs. Edens of Big Springs, and Mrs. G. A. Niell, of El Dorado. These were met at Christoval by Mrs. Hubble and granddaughter, Miss Lucile Cauble, and Miss Anderson, of San Angelo. There were five sisters in the party.

After arriving at Christoval, having enjoyed the ride down there over the lovely highway, and viewing the beautiful scenery, we spread our dinner under the beautiful shade and you may be sure that we did full justice to the feast. The rest of the day was spent in talking of old times and recounting past events. Many happy times were recalled to our memories and we lived over our youth again. It was a day long to be remembered by us and we hope that many such happy times may be spent to gether again. We motored back to El Dorado late in the afternoon all tired but happy
A Guest.

The Brady Boosters will be in El Dorado Friday morning July 10th, if presents plans work out, the 10th will be the last of a four day strip, they will spend the first night out at San Antonio, from there they will broadcast from Station WOAI Tuesday night July 7th, if you have a radio tune in.
Remember that they will be here Friday morning July 10.

The best life insurance policy is keeping on the sidewalk.

There is an island in the South Pacific that gets its mail every five years. And it is glad to get it that often. All convenience is relative. Some things we formerly thought conveniences are now considered more or less hardships. The free rural mail delivery system has been a gradual development, but it has been a boon to rural populations and is now a permanent fixture in the life of the people.

A few years ago an old nag jogged along from box to box, depositing joys and tears, duns and cheeks, and now and then a package. In those days 20 or 25 miles was a long day's journey. But it was the R. F. D. just the same. Today, instead of jogging with the horse, the rural carrier jolts by auto, but he makes better time, more trips, and delivers several times more mail matter than formerly. In the future will it be compressed air chutes, airplanes, or radio-electric delivery?

The Government's rural routes are not unchangeable. It is to the interest of every community to see that its local post office has all of the rural delivery territory to which it is entitled.

In the Post Office Department is a map of every rural mail route in the country. The tendency in establishing these routes, though quite, has been competitive. Politics may have had something to do with them but efficiency and the wishes of the rural patrons has been the controlling motive in their placement.

R M Perry and family have moved to Uvalde to make their home for a while but we predict that they will some day return to the land of plenty.

W. D. Swift, son Cicero, and daughter Miss Margaret were shopping in the city Saturday Cicero had been on the sick list for several days, and we were glad to see him out again.

Health and Home

ICED DRINKS IN THE SUMMER

On a warm and sultry summer day, there is nothing more refreshing to the mind and to the body than an iced drink. Of course, when such drinks are being used, moderation should be practiced, because if taken in excess or too rapidly, they are liable to be injurious to the stomach. However, when taken in a sensible manner, they are refreshing and beneficial to the fatigued. In the manufacture of these drinks, care should be taken to avoid any combination that may be indigestible or hard to assimilate. The drink should be consumed in a slow and leisurely manner.

The greatest danger present in the use of iced drinks is the one that involves the use of ingredients that are possibly impure or contaminated in any way. This is very liable to happen if the juices that are used are allowed to stand until they become soured and unfit for use, or if the milk or other ingredient used is not strictly fresh. The predisposition of milk to spoil quickly at summer temperatures makes it oftentimes necessary to use evaporated milk, which after all is just pure fresh milk with more than half the water taken away. It is sterile and, therefore, always safe. For use in iced drinks, it is ideal.

Following are several formulas used in the manufacture of iced beverages. If these formulas are followed religiously, the results will be found to be very satisfactory.

Chocolate Malted Milk.
1 cup evaporated milk 3 teaspoonfuls cocoa
1 cup water 2 teaspoonfuls malted milk
Mix cocoa with water until syrup is obtained. Put all ingredients in Mason jar and shake thoroughly and serve with chilled ice.

Milk Punch.
1 cup evaporated milk 2 tsp. orange juice
Sugar to suit taste ½ cup water
1 cup tea Small stick cinnamon
2 tsp. lemon juice ½ cup fruit juice (currant or berry preferred)

Boil slowly the cinnamon, a lemon rind and orange rind in water for ten minutes. Strain and when cool add the other ingredients. Place in a Mason fruit jar and shake well. Serve in tall glasses with chopped ice.

Egg Nog.
1 egg 1½ tsp. powdered sugar
Pinch salt 2 tsp. fruit juice
½ cup cold evaporated milk Nutmeg gratings
½ cup ice water
Add salt to egg white and beat to a stiff froth. Add the sugar, the well beaten yolk of the egg and the fruit juice and nutmeg. Fill glass with milk and cold water. Sprinkle top with chopped nuts.

All News items appreciated.

W. E. Baker who ranches west of town was among those that traded in town Saturday.

Joe Tisdale was in from the ranch Saturday buying supplies and meeting friends.

There is quite a number of protests reaching Washington just now trying to get the authority there to stop a Ku Klux parade which is to take place August 8th. The Klan has already secured permission from the district commissioners to parade. It is said that the rally August 8 will be the greatest demonstration in the history of the organization. The parade will form at 3 o'clock at the Peace Monument at the foot of the capitol grounds, and move west on Pennsylvania Avenue to the street leading to the temple where they will disband and hold the rally in the shadow of the monument which was erected in honor of that Great American, The Father of this Country.

One of the strongest protests came from the Organization for the Advancement of Colored People.

CONDENSED AUSTIN NEWS

Dr. H. J. Mueller, professor of zoology in the University of Texas has gone to Chicago, where he will teach in the University of Chicago during both terms of the summer session.

The Railroad Commission set the date July 14 to hear the proponent to require an interlocking device to protect the Texas & Pacific and Texas short line crossing at Grand Saline.

The Texon Oil Company recently paid to the State Land Commission \$96,000 royalties on oil produced on University of Texas lands in Reagan County during May, bringing the total royalty collections for May up to \$219,958.

Governor Miriam A. Ferguson has honored the requisition of the Governor of Indiana for rendition of Cyril E. Fletcher, wanted at Anderson County, Ind., to answer a charge of failing to support his children. Fletcher was reported to be in San Antonio.

Requisition has been issued by Governor Ferguson on the Governor of Missouri for the return to Grayson County of Glenwood Stone, wanted to answer an indictment charging burglary, the offense alleged to have been committed April 12, 1922. Stone is said to be in Jackson County Missouri.

Gross receipts tax collections on the production of crude oil in Texas for the quarter just closed amounted to \$1,714,024, said by State Comptroller S. H. Terrell to be the largest amount to be collected since the tax was imposed, exceeding that of any previous quarter by approximately \$250,000. Gasoline tax collections for April totaled \$354,336.

Registration of motor vehicles increased 5,960 during the last week bringing the total up to 768,590, according to the State Highway Department. Commercial motor vehicle increased 576, with a total of 71,929. Motor busses number 3,654 tractors 3,242, tractors 222, motor cycles 2,167 chauffeurs 9,511, dealers 2,167, and transfers 146,110.

Reclamation of some 20,000 acres of land in Delta and Hopkins Counties, now subject to overflow, will be accomplished in the material enlargement of the levee protected areas on the North and South Sulphur, according to State Reclamation Engineer, B. F. Williams, who will soon make a personal inspection of the project. Approximately \$185,000 will be spent in enlarging and extending the present levee system.

Frank Collier, former Mayor of Wichita Falls, convicted of manslaughter in connection with the slaying of his son-in-law, Elzie (Buster) Robertson and sentenced to three years, has filed appeal in the Court of Criminal Appeals. The case will not be submitted until the next term of court, which opens on the first Monday in October.

Many strange requests have been received at the Governor's office and scores of peculiar exhibits submitted, but one of the strangest came in recently. An East Texas writer sent a letter inclosing a small envelope with three ticks sealed in it. The man asked Mrs. Ferguson to inform him if they are fever ticks and also to supply him with a copy of the tick-eradication law. Gov. Miriam Ferguson not being a "bugologist" could not classify the ticks.

United States Senator Earle B. Mayfield has accepted an invitation to deliver the Fourth of July oration at Paris at the celebration to be given under the auspices of the Northeast Texas Good Roads Association. Senator Mayfield also announced that he has accepted invitations to deliver addresses at a Woodmen of the World picnic at Celina, July 18; district short course institute of A. & M. College at Henderson, July 13, and Old Settlers annual reunion at Hico, Aug. 14.

Once more the State committee on classified and accredited high schools put off action on the all-absorbing question of Bible study in public schools, which becomes the more a delicate and controversial subject because of the agitation in Tennessee over the teaching of evolution in the schools of that State. The Texas committee steered clear of it this year. At its session in Superintendent Marr's office last week the committee decided to postpone action on the matter for a year.

A research station in Texas in epidemiology is the goal of Dr. H. O. Sappington, State health officer, who has just returned from the East and inspected the research station at Andalusia, Ala. Texas presents a field as good as the best for research work," said Dr. Sappington. "And this State should have a station devoted to epidemiology. In Alabama the Andalusia station has done wonderful work in hookworm investigation, malaria and typhoid research, and even in making serum against snake bite.

This keyboard
is taken from
the Standard
Remington

Remington Portable

YOU don't have to teach your fingers all over again when you write on the Remington Portable. It has the same Writing Keyboard as any standard machine—no shifting for figures. This in itself makes for increased speed and efficiency.

Compact—fits in a case only four inches high. Beautiful in appearance and does beautiful work. Strong and sturdy, like every Remington.

As necessary in the home as the clock on the mantel. As indispensable when you travel as a shaving kit or a hair-brush.

FOR YOU—FOR EVERYBODY!

Texas Items

Resurfacing many of the graveled streets in Lockhart has been begun by the city commission.

The Mills Bennett Production Company, a Delaware corporation for \$2,000,000, has been issued a permit to operate in Texas.

All funds for erection of the Ellis County women's building, to be constructed on Davis Memorial square at Waxahachie, have been subscribed.

The crop condition around Angleton has improved from 25 to 50 per cent within the last ten days. Good rains have fallen and all crops are looking better.

An issue of \$75,000 Archer City independent school district bonds, bearing 6 per cent and maturing serially, has been proved by the attorney general's department.

Contracts for construction of the new University of Texas refection hall on the campus of the main university have been disapproved by the attorney general's department.

Total of the valuations placed on taxable property in Nueces County this year show an increase of over \$3,000,000 over the valuation of 1924, according to the announcement of the county assessor. The valuation of the county is \$23,300,000.

Operation of electric cars over the streets of Marshall has ceased after a thorough test of a 22-passenger bus. It was decided to do away with the heavy steel cars and substitute buses. Street car service was established in Marshall in 1909.

Though the final date on which 16 Texas counties, given aid under the drought relief act of 1913, may extend their loans as provided by the Thirtieth legislature, is July 1, no applications for extensions have been received, State Treasurer W. G. Hatcher says.

A contract has been let by the Weslaco Independent School District for the erection of a junior high and ward school buildings at Weslaco. Work is to start immediately. The junior high school building is to cost \$48,000, and the ward school, which is for Mexican children, will cost \$16,000.

Beaumont and Port Arthur are promised a wide boulevard connecting the two cities which will be some sixty miles shorter than the present route, leaving the old road for heavy hauling. While the proposition has been talked for some time, it was not until this week that a committee of five men was appointed to work up plans. It is planned to have the boulevard consist of a double system of roadways, which will eliminate the danger of collisions.

Notice has been given by the state fire insurance commission that it will take up and consider on July 7 the adjustment of fire insurance rates on moving picture shows and several other propositions, including classification of concrete tile rates, broom factories, broom corn storage, barn charge and exposure from barns and outhouses; credit for fire extinguishing devices, rates on petroleum properties, peanut mill and storage, and incubator and brooder charges.

"Old Ironsides," the ancient locomotive which, in former years, pulled the trains between Point Isabel and Brownsville, over the Rio Grande rail road, has been offered to Cameron County to be placed in the new state park at Barreda as a permanent exhibit. This particular locomotive is believed to be the oldest in existence. It was brought to Point Isabel by boat in the early 70s, and for over half a century carried the commerce between Point Isabel and Brownsville.

Smithville won a step in its long Katy shop removal fight last week at Austin, when the third civil appeals court upheld the decision of the Travis County district court, holding that the reorganized Katy railroad is bound by the former company's permit to maintain its division shops at Smithville, rather than to remove them to a point near Waco. Attorneys in the case are quoted to the effect that the case will be carried to United States supreme court for final adjudication.

Four railroads operating in Texas have been notified by the interstate commerce commission that it would institute an investigation to determine whether the railroad commission of Texas had prescribed reasonable rates for freight transportation in a ruling issued July 6, 1923. The Southern Pacific, El Paso and Southwestern, Galveston, Harrisburg and San Antonio and El Paso Northwestern roads, in a petition to the commission, declared that the Texas order had required them to institute freight rates which constituted undue prejudice against shippers outside of Texas.

An all-concrete highway from Houston to Galveston, with all concrete bridges and culverts and no grade crossings between Harrisburg and the Galveston Bay causeway is looked upon as a possibility of the next two years. Good roads advocates declare this to be one of the greatest highway needs of Southwest Texas and say that its accomplishment is almost in sight for a 20-foot concrete highway from Galveston to the Galveston-Harrisburg county line is provided for in a bond issue voted Saturday.

ELDORADO 8, EDEN 6.

The El Dorado Eagles added another victim to their list last Thursday by defeating Eden 8-6 on the latter's grounds. The game marked the fifth straight victory for the locals, and made their record nine wins out of eleven games played this season.

Bailey started on the mound for El Dorado but errors by his team mates kept him constantly in trouble. After one was down in the eighth and with two men on bases, he was relieved by King, who pitched brilliantly to retire the side without further scoring. El Dorado scored two runs in the ninth which, with King's fine pitching, was enough to bring home the bacon.

Aside from the pitching of King, the hitting and fielding of McVey, Eden's first baseman, featured. Frank White, by getting three hits out of four trips, led the El Dorado hitters.

The Score:	R	H	E
El Dorado	200	202	002
Eden	201	010	020

Don't forget the El Dorado-Del Rio Series, July 2nd, 3rd and 4th at Sonora.

A new Shipment of Screen doors and screen wire, all widths West Texas Lumber Co.

J. E. Tisdale was in the city Saturday, renewed the subscription going to his daughter Mrs. Vester Hughes, Mertzton, Texas, also his own for which he has our thanks. Mr. Tisdale visited his daughter last week and says that lots of oil is passing thru Mertzton daily.

Weak In Back and Sides

"Before the birth of my little girl," says Mrs. Lena Standil, of R. F. D. 2, Matthews, Mo. "I was so weak in my back and sides I could not go about. I was too weak to stand up or do any work. I felt like my back was coming in two. I lost weight. I didn't eat anything much and was so restless I couldn't sleep nights. My mother used to take

CARDUI For Female Troubles

so I sent to get it. I improved after my first bottle. Cardui is certainly a great help for nervousness and weak back. I took six bottles of Cardui and by then I was well and strong, just did fine from then on. Cardui helped me so much."

Thousands of weak, suffering women have taken Cardui, knowing that it had helped their mothers or their friends, and soon gained strength and got rid of their pains. Cardui should do you a lot of good.
