

THE ELDORADO SUCCESS

OF AND FOR ELDORADO AND SCHLEICHER COUNTY. ALL THE TIME

VOL. XXXI

Eldorado, Schleicher County, Texas. Friday, October 30, 1931.

No. 44

The above picture represents a ranch scene in Schleicher County and was published in Farm & Ranch at Dallas. The ranch picture in the tower part is that of Will H. Hill ranch, some of his fine Angora goats and his prize winning herd of Aberdeen-Angus cattle. Mr. Hill has been many years breeding up his stock, attended many state fairs over the nation, and winning many prizes from his goats and cattle. This ranch scene is only typical of many others found in this section of Texas and especially Schleicher County, where the best sheep, cattle and goats in the State are being grown. We need offer further proof of this statement, other than the State Fair prizes won by Schleicher County ranchmen and the large sheep winning

Lee King Drops Dead On A. A. Bush Farm

Tuesday afternoon, Lee King, 29, dropped dead on the A. A. Bush farm 6 miles west of Eldorado, while working with George Main, repairing fence. Mr. King was digging a hole for a gate post when he dropped dead, falling against Mr. Main. He died instantly. Mr. King and family moved here from Brady about 8 or 9 months ago, previously living at Llano and Mason. The remains were taken to Mason for burial Wednesday. Mr. King leaves a wife and three children to mourn his going.

His death came on his 29th birthday, a birthday cake had been prepared and he was to meet with a neighbor and friend after supper, who had a child who also had a birthday, but how bitter was the disappointment. But there will be no disappointment in the Great beyond for those that love God.

"AND THE CAT CAME BACK"

You have probably heard the above saying many times and is often the case when anyone lives in Eldorado for a while, and move away, they leave a fond recollection behind. So it is with our good friends Mr. and Mrs. Hubert and Dell Smith.

We are pleased to announce their return from Houston, Texas, to our city. In fact when they left they did not burn any bridges behind them. They left many friends, who join The Success in welcoming them back.

They have leased the School Cafeteria from Mrs. Shipp and want their friends to meet them there.

Local Talent Play and Much Singing

Proceeds to Athletics, Library and School Activities

By Lucile Oglesby

Would you be interested in seeing eight beautiful girls sit on the knee of one gallant man? Yes, this particular man is none other than Albert McGinty. You will have an opportunity to see this in "Music and Love of All Lands."

Or, better still, would you be excited when Bill Sproul (as Dr. Slycem) attempts to cut Aris Carr's throat in "Quack, Quack," the one-act play to be given? Those taking part in this feature are Jack Ratliff, Bill Sproul, Aris Carr, Pauline Rape, Dahlia Fae Johnson, Florence Page, Lola Davis, Grace Ratliff, Jim West, Hollis Alexander, Bernice Bricker, Hassell Ratliff, Faye Keeney, Pauline Rape and Edward Cox.

If you would like to see all of these exciting things happen, see and hear "Music and Love of All Lands," and "Quack, Quack," at the High School Auditorium, November 6. This is just the first of a series of regular entertainments. We shall expect to see you there. You can't afford to miss it.

Hallowe'en

The Parent Teachers Association is sponsoring a picture at the Ritz Theatre for Sunday and Monday, instead of having their regular Hallowe'en party as usual. They will share in the proceeds of this picture, for the benefit of the Association. The picture, "Lightning" starring Will Rogers is worthy of your patronage and is real entertaining, and Mr. Gafford as well as the Parent Teachers solicit a visit from you on this picture.

THE SUCCESS
 OCTOBER 30, 1931.

Al Capone, Chicago gangster, and booze runner, after making his millions, has finally been faced with an 11 year prison sentence and a fine of \$50,000.00. His conviction was for non payment of income tax. He was not satisfied with his illicit business, but thought he would rob the government of its income tax, through his illicit traffic, many men have been murdered, and Al, by rights should have had a life term imprisonment, but maybe 11 years will help some. We have too many loop holes in our laws for men to crawl through, and then we become too sympathetic when they are caught.

Eldorado businessmen found themselves in darkness, Saturday night. The lights on east main were soon restored but the west side of Main were in darkness some time and never was restored strong enough to run the picture show.

Well, the Eldorado Eagles did themselves proud Saturday at Sonora by beating the Bronchos 13 to 0. And we trust our good neighbors to the South will rejoice with us and now help us to win the Conference game, whoever we play it with.

Last weeks ginning run the cotton crop for this county up to around 4,500 bales and nearly all are predicting now that the crop will reach between 6,000 and 7,000 bales. The Success estimated the crop at 7,000 bales in July and if the price goes up enough to pay to pick it clean we still believe it will run almost to that figure.

The Methodist Church had a large crowd out Sunday night to see the 23 and 24 Psalms in picture lecture, but the light bulb burned out and they were disappointed in that part of the program, but heard a real sermon from the local pastor. New bulbs have been ordered, and some extras, so no future disappointment is anticipated.

Governor Murray of Oklahoma visited Dallas, Texas, and made an address. The Oklahoman has made many addresses the past several months, and the only thing he likes being fit timber for presidential timber is, he is not a multi-millionaire. A poor man is not considered presidential timber, but if the Democrats are looking for a real winner, they had better not pass up "Alfalfa Bill."

The fact that President Hoover's plan to release frozen assets comes on the eve of a political year, may or may not have political significance; but the fact that the proposed plan has restored a great deal of confidence among the buying power of the nation is significant. Men who haven't smoked a "tailor-made" cigarette since the new cigarette tax law went into effect are frequently seen at cigarette counters buying the ready-made fags and paying the tax without even looking back.

GROUNDLESS GOSSIP

(Dallas Morning News)
 Many business men of the United States in this present economic depression naturally have fears and the most timid among them are shedding gloom in all directions by gossiping darkly of coming panics and bankruptcies. Such rumors hinder the return of prosperity, which now apparently is in sight.

The United States has been awaiting signs of stability and unity of purpose in Europe and these are now clearly in evidence. Europe, on the other hand, looks for indication of change in the United States, the recognized leading state in finance and business. It finds these in the constructive measures already formulated throughout the Nation, in part under way, which are making themselves felt as the beginnings of a returning wave of prosperity. Credit is expanding, fall business is gaining volume, unemployment in the next few months should lessen, not increase, and a more cheerful attitude is expressing itself in business circles.

Texas is so rich in its products and its foods that it might well be a leader in the movement that is renewing the Nation's confidence. Low prices for products hurt at first, but mental readjustments have been made, the worst is over, and prosperity will be long return to Texas. There is some real suffering from poverty and lack of employment, but Texans are putting their shoulders to the wheel and will help one another out of trouble. The present need is to substitute hope for fears and cheerful expectations for dismal forebodings.

The country now needs few mourners over past losses, and far less gossip of ill omen. In place of these it needs courage, energy, cheerfulness, and a boundless confidence in the basic strength and integrity of American business and financial institutions. Texans may be sure that Texas is on the up grade and that the State expects its citizens to push vigorously in anticipation of the betterment already in sight.

UP TO THE MOTORIST

Between 1920 and 1930 motor vehicle taxes increased 513 per cent—principally due to the gas tax, which alone produces more than \$500,000.00 a year. This tax is constantly being increased, and in some states has actually been diverted to such purposes as fish hatcheries, oyster conservation, state buildings, property tax reduction, water supply systems, schools and so on.

The gasoline tax is becoming class legislation of the most obnoxious kind. The motorists of the country must show that the old idea that "one cent more won't make any difference" is no longer true.

But if this experiment fails to plan out, we will have to go back to the old theory of increasing consumption to get rid of the surplus, which is probably the only real and lasting remedy for the situation. If every torn, ragged and worn out piece of cotton goods in this country could be replaced with new material tomorrow, there would be no surplus cotton to speak of.

Outside of Texas however, people may take General Wolters seriously. And that is rank injustice, not only to East, but to all of Texas.

COUSIN TOM REMEMBERS

By T. R. Havins

"BUFFALO HUMP"

No other Comanche chief who lived during the past century was as much feared as was Buffalo Hump. This thoroughly bad Indian and his band terrorized the northwestern frontier of Texas for two decades during the middle of the century.

From his favorite camping ground near Santa Anna Mountain in eastern Coleman county Buffalo Hump and his band sallied forth into the white settlement on their marauding expeditions. Buffalo Hump hated the whites with an intensity that seemed to grow with the years. No other Comanche chief was so bloodthirsty. No other chief was so cruel and vindictive.

In 1845 when the government desired to make a new treaty with the Comanches, Len Williams and Broome W. Lee were sent to notify Buffalo Hump. They found him on Jim Ned Creek in Coleman county. He professed the greatest show of kindness for them. But while they were still in his camp, he instructed some of his braves to follow them and ambush them. Williams and Lee left the camp going northward in search of Sanaco and his band. They found Sanaco on upper Peach Bayou in Callahan county. Shortly after they arrived the braves of Buffalo Hump came into and camp and demanded the whites of the camp to give them protection as far as the camp of Old Owl on the upper Clear Fork.

When the Comanche reservation was established in 1855, Buffalo Hump refused to bring his band on the reservation. He rove about for several months then came into the reservation. The Indian agent, John R. Baylor, gave his people food and clothing. The next day the band betook themselves to the prairies. Six months later they again appeared inside the reservation and Baylor repeated his kindness. Again Buffalo Hump went away to the plains. This exhausted Baylor's patience, and when the Indians again appeared he informed their leader that they could either remain on the inside or stave on the prairies. Buffalo Hump remained on the reservation, but he was a constant trouble maker as long as the reservation was maintained.

When the Indians were moved from Texas in 1858, Buffalo Hump and his band were settled on the Wichita reservation where he lived until his death in 1870.

DYING TO HEAR THE FUNERAL ORATION

"Millions of veterans," writes Correspondent Herbert Corey, "would find relief in another war. The wife would get the monthly pay, there would be insurance adjustments, and there would be one more good time with the old gang."

Well, perhaps Mr. Corey is right. But if millions of our veterans feel that way about it, they have exactly the same sort of intelligence that would actuate a small boy to set fire to the schoolhouse and burn up teachers and pupils so that he might gain respite from his lessons.

Mr. Corey assumes, in this article at least, that the next war will be exactly like the last, and that belligerent Americans would merely embark, shouting, for foreign shores while our business men stayed at home and raked in the money.

He forgets presumably that democracy has already been saved once. He speaks of our prosperity during those days, but evidently fails entirely to consider the state of the Belgian refugee and the French peasant who, at the same time, were placed in a somewhat less enticing situation.

Wouldn't it be fine and quite worthy of reckless materialism, to have another nice bloody war, but to have it, of course, on the other side of the world so that we might reap the benefits of prosperity while other nations had homes swept away, civilization slaughtered and starved and fields made barren?

To talk of war bringing back prosperity is like discussing the wisdom of destroying a fine income-producing property to get the insurance money.

There was a time when "what this country needs is a good 5-cent cigar," but today what is needed is a good advertising man who can cause people to jar loose with some of the filthy lucre they have stored away.

The plan of Southern bankers, in co-operation with the Federal Farm Board, to hold 7,000,000 bales of cotton off the market has met with favor generally. If the bankers will hold the cotton and the farmers won't have to hold the "sack" next year everything will be lovely.

GREAT VARIETY OF BOOKS IN HIGH SCHOOL LIBRARY

By Raymond Smith
The Eldorado High School Library is at the front of the study hall. It has several volumes. Those volumes treat the subjects of History, General fiction, English, Grammar, History of Literature, Public Speaking, Short Stories, Poetry, American History, Ancient History, English History, Modern and Medieval History, Biographies, Civics, Economics, Spanish, Latin, Mathematics, and Science. There are also a number of magazines and newspapers.

There are a set of 23 Spanish books donated by Elizabeth Hinyard of San Angelo.

Twenty-nine new books have recently been received. Twenty-one of them being for English and eight for History classes.

HERE COMES THE LITTLE AUSTIN

By Lola Davis
Can one still "Watch the CAR-GO," I'll say. We are little but loud. During our entire time the last meeting we practiced on the play which was presented in chapel Wednesday morning.

Miss Karr told the club about the play, "Quack, Quack," which will be given November 6. We sincerely hope there will be no serious accidents when the play is presented; however we are afraid to permit all persons to see the play so we will allow only those with strong sides because we are afraid someone might burst his sides laughing. Part of the characters were chosen from the Dramatic Club and the remaining ones from the Public Speaking class.

Judging from observation, all members of the club are very well pleased with its procedure. We all get so excited and interested on Tuesday we do not even care for remaining at school

until four. Although we do not have as many meetings, the "Car Dramatic Club" is something like public speaking. The public speaking students not only get extra help in this club but students who do not take public speaking get some training in speech, therefore we consider the "Car Dramatic Club" very much worth while.

NEW PHYSICAL EDUCATION PROGRAM FOR GIRLS

By Dorothy Lee King
The Eldorado High School girls are going to have to get more of their lessons at night, as they now have a period for Physical Education. The girls are divided into three groups, each group meeting a certain period every Tuesday and Thursday. The teacher is Miss Lelia Parker, a graduate of Eldorado High School. We are going to learn many new things in the way of exercises and little dances. We meet every Wednesday and Friday. All the girls seem very interested and are glad to take it as there are no books or exams, and we also get a lot of pleasure from the exercises.

DETERMINATION

It's plugging away that will win you the day.
So don't be a piker, old pard!
Just draw on your grit; it's so easy to quit;
It's the keeping-your-chin-up that's hard.

It's easy to cry that you're beat—and die;
It's so easy to crawl and crawl;
But to fight and to fight when hope's out of sight—
Why, that's the best game of them all!

And though you come out of each gruelling bout
All broken and beaten and scarred,
Just have one more try—it's dead easy to die—
It's the keeping-on-living that's hard.

FRESHMAN ENGLISH

By Aletha Faught
The Freshman English class has been studying "The Lady of the Lake" the last week. This poem is by Sir Walter Scott and is very interesting. It is a metrical Romance. The class is very interested in it and can hardly wait until the last stanza is read to find out what happens.

SPORT SLANTS

By Jack Ratliff

Eldorado made themselves section champs last Saturday when they beat Sonora 13-0. Eldorado will play the winners of the other section for the district. If we win, then comes the by-district and then the regional.

Final Standing of Eldorado in this Section

Won	Lost	Tied	Pct.
Eldorado	4	0	1.000
Ozona	2	1	0.667
Rocksprings	2	2	0.500
Junction	0	2	1.000
Sonora	0	2	1.000
Menard	0	1	0.000

Full Season Record

Eldorado	6	Rankin	6
Eldorado	6	Menard	6
Eldorado	20	Ozona	20
Eldorado	0	Menard	0
Eldorado	12	Rocksprings	12
Eldorado	13	Sonora	13

* non-conference.

Eldorado will probably play Mason for district championship. Mason has not won their section, but comparing the brand of ball that they are playing with the ball that the other towns are playing, they probably will win that section. Mason and Menard beat Brady by about the same score. That is only hope, but it at least shows us that Eldorado is in the same class with Mason. The Mason-Eldorado game should be the best game that Eldorado will play. The date has not yet been set, but it will be before Thanksgiving.

There were more Eldorado people to see the game at Sonora than Sonora people. The pep squad and several outsiders were present.

The editor of this column promised last week that if the town supported the team, the team would win an honor that Eldorado has never had. The town supported the team and the team won the honor. All is well except Sonora!

Eldorado did not have any injuries in the game. Several subs played. Sonora played all the men on account of injuries. Most of their men got knocked out in some part of the game.

Eldorado goes to Ozona to play them a non-conference game. Eldorado should beat them because they have lost enough games compared with the ability of the team. Ozona has im-

proved a lot since the game here. Eldorado had practiced there weeks longer than Ozona. Everyone should go to Ozona that possibly can and support the team.

The Lions Club has promised the squad a loving cup if they win the District. That alone is something to work for besides the honor. The Lions club has certainly done their part in supporting the team since they have been here.

DISTRICT ENROLLMENT GREATER THAN LAST YEAR

By Bill Black Baugh
At the end of the first month of Eldorado's Public School there was an enrollment of 123 pupils in high school. In the grammar school the fifth, sixth and seventh grade enrollment totaled 87 pupils, and the first, second, third and fourth grades enrolled 167 pupils.

The total of all the regular pupils of Eldorado high school and grammar school is 408 pupils. At this very same time last year the total enrollment was 459 pupils.

The enrollment for the district schools was: Reynolds, 20 pupils; Alexander, 6 pupils; and the Mexican school, 42 pupils. The total enrollment of Eldorado and the district schools was 476 pupils.

CHORAL CLUB ENTERTAINMENT NOVEMBER 6

By Dahlia Fae Johnson

This is one year in the history of the Eldorado High School that the girls really and truly have a Choral Club. The girls, thirty-two in number, are always present at all meetings, and not only present but are interested in the work. They were told at the beginning that if they were to be a member of the club, they must join with the intention of making the most of the work. This has been carried out to the fullest extent. At each meeting the girls are striving to do their best. As the result of such faithful efforts we are going to let you, the citizens and patrons, be the judge, as to whether we have accomplished anything or not. Your chance to do "his will be on the evening of November 6 at the E. Marshall Chick.

FRESHMAN GIRLS' NICKNAMES

By Ruth Clark
The freshman girls do not all have nicknames yet or probably they have one and it just hasn't been found out what they are. So far we have found out only about half of them. Where they were derived I do not know, so here goes. Do I hear any objections? Lorette Andrews — "Happy"; Inez Cobb — "Bob"; Zona Clare Koy — "Pocahontas"; Ruth Nix — "Slats Junior"; Mary Doyle — "Doll Eyes"; Mozelle Luedecke — "Sallie"; Celeste Tisdale — "Bertha Nell"; Zella Mercer — "Zak"; Gussie Nolen — "Pooch"; Margaret Hill — "Rebecca".

FRESHMAN BOYS' NICKNAMES

By Richard Jones
The boys around Edward's community have started calling him "Sroot". He said that if he knew who started the nickname that he would do something to whoever started calling him this. No one knows who started this nickname. Gerald Gafford:
The boys of Eldorado have started calling Gerald "Picture Show" because he is always doing something that he has learned to do. He is always acting or saying something funny.

MUSEUM NOTES

By Raymond Smith
Several years ago a museum was started in the Eldorado School. This Museum is gradually progressing. We think that this work should be supported by all the students of the high school at least. We also ask any one on the outside to let us know of any article which would be of any historical interest. If anyone should have anything, we ask that you either lend or donate it to the school museum. All the people of the city or any one else who wishes to see the collection that we have are invited to come to the school building and look through the Museum.

ON TEXAS FARMS

By W. H. Darrow,
Extension Service Editor

Sesbania, the new legume being extensively tried in South Texas for soil building purposes, grew to a height of six to seven feet this summer in the citrus grove of A. Rupp in Brooks county. Demonstrations suggested by the county agent are establishing the value of adding barnyard manure and turning under legume cover crops in orchards.

Hall county farmers plan to sow

about 400 acres of alfalfa this fall in demonstrations with the county agent.

Cows whose calves have been creep fed in Sherman county are fat and will go into the winter better than those whose calves were not creep fed, demonstration results indicate. Several demonstrators report this year's calves weighing about 600 pounds at the end of the summer.

"The best crop ever raised on the place," and "twice the tonnage on terraced land as compared with land not terraced" are the descriptions of neighbors and owners of the crops

grown on a farm terraced last winter by the county agent for R. E. Lasater, King county. Ten acres of utterly ruined land are producing one ton of maize per acre this year.

Wood county has seen more canning this year than in all its previous history, says the home demonstration agent. Communities having home demonstration club houses with canning equipment are in continuous use and there is a constant call for membership by new families.

Four acres of soy beans have yielded enough to supply Bob Waley, dairy

demonstrator of McLewis Community, Orange county, with plenty of legume hay for his 15 dairy cows most of the winter.

Montana man who took a tractor hitched three fourteen-inch plows to it, then climbed into an automobile and from the automobile directed the operation of the plow gang by means of radio. One key on his radio control started the tractor motor, another threw in the clutch, another guided the tractor around the field and a fourth regulated the speed of the engine. In this manner the thirty-acre field

was turned, only the ghostly hands of the radio impulse being at the wheel of the tractor. The prediction is made that eventually the farmer will be doing most of his plowing that way. Of course skeptics will wonder what the saving is when the farmer sits in an automobile to guide the radio hook-up. On the face of it it looks like adding the automobile to the equipment necessary to plow thirty acres of land. What the effect of static will be upon radio plowing is another problem, the answer to which is unannounced. When the loudspeaker in the farmhouse is inclined to go "Whoop!" and howl like three dozen tiger cats losing their ninth lives, what does the radio plow do? Does it begin to do squads east and west in lightning-like rapidity, or does it simply put the plowshare between the bull wheels and whimper distractedly? Besides, what the farmer wants is some way to meet the depression by remote control.

IN THE POULTRY YARD

--where quantity and quality of eggs determine the real cost of any feed--that's where you find RED CHAIN Egg Mash to be the most economical egg producer!

A sack of feed costs more than a sack of sawdust--but you can't "save money" by feeding sawdust to your chickens.

Likewise, a sack of RED CHAIN Orange-Vitamine Egg Mash costs more than cheap imitations--because it's worth more to YOU!

Feed it to your own flock; test it in comparison with any other egg mash, and you'll feed RED CHAIN every day in the year--for bigger year-round poultry profits!

With the law at his heels he stole across the gangplank little realizing the adventures, the thrills and the romance that awaited him aboard the S. S. "Transatlantic." Had he known he would have chosen to face the district attorney rather than the "Transatlantic" comes to this theatre next Friday and Saturday, bringing with it Edmund Lowe in the leading role. He enacts a light-hearted, light-fingered gentleman of chance who moves in the best triangles. The lovely Lois Moran is cast in the feminine lead with such screen luminaries as Jean Hersholt, John Halliday, Greta Nissen and Myrna Loy in the other featured roles. William K. Howard directed.

CHRISTIAN ENDEAVOR

Week before last a party was given in the basement of the Presbyterian Church. About forty young people were present to enjoy the pleasant games and delicious refreshments. At this time it was announced that a Christian Endeavor would be organized the following Sunday night.

Sunday night, Oct. 18 twenty young people met for the organization. The following officers were elected: Lucile Oglesby, President; R. J. Page, Vice-president; Elizabeth Bradley, Secretary; Herma Lee Hooker, Chorister; Margaret Sheen, assistant Chorister; Isabelle Isaacs, Pianist; Anna Florence Page and Dena Meyer, Program committee and Paul Goodyear, reporter.

Sunday night, Oct. 25 twenty-six were present. Six new members were taken, and the presence of several visitors was appreciated. A splendid program was rendered and the following program was assigned for Sunday, Nov. 1:

Songs:
Subject: What Jesus Teaches About Faith in God.

Leader: Dahlia Fae Johnson.
Scripture Reading: Matt. 6: 25-30:
Ruth Nix

Leaders Talk: Dahlia Fae Johnson.

Faith Unto Salvation:
Thomas R. Jones

Faith For Service: Annie Pearl Finley
Power according to Faith:
Margaret Sheen

Duet: Inez Cobb and Lolete Andrews

Faith in a Father's Care: R. J. Page

Faith in Prayer: Bernard Carr

Applying the Message:
Herma Lee Hooker

A Story of Faith Rewarded:
Elizabeth Bradley

Song as a Prayer:
Christian Endeavor Watchword.

A cordial invitation is extended to all visitors.

The picture, "Merely Mary Ann" advertised last week by the P. T. A. to show Sunday and Monday, cannot reach Eldorado at this time, but Will Rogers in "Lightning" will be shown and the Parent Teachers will sponsor it instead, and will share in the proceeds of the Monday Matinee and Monday night show.
