Bailey Ranch School News

By Jack Meador
THANKSGIVING DAY
By Luther Parker

The Pilgrims had been in the new world nearly a year. The springtime sowings had taken place and all the summer the field had been watched with great anxiety for all knew that their lives depended upon the coming harvest. The summer crops came a richness of fruition beyond all exhaustions, and late one day in the fall Governor Bradford sent four men into the woods to kill the wild birds. "We will hold a thanksgiving of harvest feasts," he said, and invited the Indians who had been friendly to other strangers to rejoice with the white men. The Indians came bearing gifts of venison and the harvest feast lasted three days.

This was the first Thanksgiving spread throughout the country. Until the Civil War the celebrating of the day was merely a state affair. During the Civil War it was suspended for a long while, but in 1864 president Lincoln issued a proclamation appointing the fourth Thursday in November thereafter as a national holiday. When Lincoln was assassinated it almost caused this pass out of existence but the succeeding president took it up, and since then Thanksgiving day has been regularly celebrated throughout the United States. The proclamation by the president is sent to the governors of the different states, each of whom issues a corresponding proclamation for his own state.

—B.R.—S.—N.—

SCHOOLROOM REPORTS

Louis Kerr
The eight grade history class are wishing that Europe had lost her history in the battle of Waterloo.

The seventh grade report fairly good progress but are intensely interested in getting rid of "That Old Arithmetic."

At last! All of the Parks children are back in school again.

Ruth Clark started to school at 8:30 Monday morning, but quit again at 1:00 o'clock Monday evening.

Luther Parker was absent from school last Tuesday morning. He reports that the cause was rainy weather.

J. T. Kerr and Louis Kerr, also Pearl Faught were absent Thursday November 12.

On Nov. 11 the Bailey Ranch School enjoyed a pause in the school work for the celebration of that memorial day.

Herschell and Morgan Crooks who have been absent several weeks started again last Monday morning, but Herschell is absent at present owing to illness.

Miss Hubert, who has the sixth, fifth and fourth grades, are interested in the daily health habits and are working for a health certificate.

Miss Ashmore who has the first, second, and third grades seem intensely interested with Thanksgiving works if it can be judged from the posters in the windows which the children have made.

Miss Ashmore and Miss Hubert rooms are also working on Thanksgiving plays and pro-

W. O. Alexander Director In Howard Payne College

Howard Payne College has amended its charter, so as to have 35 directors instead of 17, and W. O. Alexander, Cashier of The First National Bank of our city has been chosen as one of the new directors.

JOKES

Stranger: (to Jack Meador) Son what is your little brother crying for.

Jack: He ain't crying for nothing, he's done got it.

Mr. Henry Mund: Yea L. D., I remember when the war of 1812 was fought.

L. D.: Gee, grand dad you must be pretty old. Can you remember the fall of the Alamo?

Mr. Mund: Now, it seems like I heard something drop.

Waldine: Dad how does war start?

Mr. Sudduth: Well now son say you hit mother in the face.

Mrs. Sudduth: No, Ottis, you are teaching the child wrong.

Mr. Sudduth: No, I am not.

Mrs. Sudduth: Yes you are.

Mr. Sudduth: No, I am not.

Waldine: That's all right dad I think I understand how war starts.

HARD TIMES NO. 2
Louis E. Kerr

Now ther's a time a coming
You bet there is share
You bet ther's a time acoming
When we gonna have war.

But heck, who cares
I've got my own hogs
And the woods are full of coons
For the man with hunting dogs.

Why fellers I've seen the time
When a good saddle hoss
Could sell for a hundred dollars
And then be selling at a loss.

I've just got enough feed
For that little yellar pup
But I won't have long
If corn seed don't go up.

I tell ye fine fellow
That I am broke so flat
That I had to borrow money
To buy myself a hat.

The car is in the carshed
I told my wife, "It's broke at last"
But to tell the truth my fellow
Is it won't run without gas.

And now I am scared to tell her
I know it'll start a row
So I won't go to town this month
Guess I'll stay home and plough.

With my hands in my pockets
And my pockets in my pants
When it comes to talking business
I haven't got a chance.

I don't nave to do no selling

Eldorado Gets Rain Monday Night

Eldorado was visited Monday night with a quarter-inch rain, which will benefit the range and help get up the fall grain. The rain came just after the wind blew up from the north, but came from the south and east. It was accompanied by some hail.

The weather Tuesday was considerably colder, but not down to freezing.

COTTON GINNING REACHES 6,315 BALES

The 1931 cotton crop ginned up-to-date, reaches a total of 6,315 bales, ginned as follows: Eldorado Gin sq. bales 710 Round bale 3,530 1,765 Bailey Ranch (two weeks ago) 1,625 J. D. Luttrell Gin 2,215 Total 6,315

We were unable to get a report from Bailey Ranch Gin this week.

Ranchman Dies Suddenly

Mrs. Sam Loyd received a message Saturday morning that her father, Mr. Frank Turney, had died very suddenly. He was at the Head-of-the-river Ranch, or the Anson ranch, 4 miles south of Christoval, at which place he has resided for the past several years, going from Sonora, there. Funeral services were held at the ranch home at 1:00 o'clock Sunday and burial was made in the Sonora Cemetery.

Mrs. Loyd has the sympathy of her many friends in Eldorado in her sorrows.

The Rev. E. P. Neal, pastor of the Methodist Church at Sonora, conducted the service.

Thanksgiving has passed and it is only a few days until Christmas, about 20 more days to do that Christmas Shopping.

THAT HOLIDAY FEELING

JUST before Christmas they all felt so tired. They had been busy doing so much—shopping, keeping up with work that had to be done, making puddings and pies, cranberry jelly.

Oh, there was so much for every one to do around Christmas time.

Every one was busy with something or other—rushing to get everything finished in time. And every one felt tired.

But just as Christmas approached it seemed that new strength entered into each one. It was the beautiful holiday feeling, the feeling of joy and gaiety, of thankfulness for friends, of thankfulness for home, of rejoicing for families.

The tired feeling drew away into the background. In its place came the holiday feeling—the feeling of good will to all, of peace and of contentment over the lasting possessions belonging to mankind—the possessions on which one could never put a price.

That holiday feeling brought all that was good into the foreground.

No one would have missed it for anything in the world.—Mary Graham Bonner. (© 1930, Western Newspaper Union.)

FOR LEASE—300 Acres of good grass, one mile from depot. Phone or see D. C. HILL

Eldorado now has a small sanitarium, opened by Dr. Pennington, who is capable of taking care of many cases that have been forced to go other places. He has an ad in The Success notifying the people of his place and seeks a consultation with any interested people. This is something that has been needed in Eldorado for many years.

I don't have to do no ginning Although I am just a hypocrit Trying to make a living.

Hi-jacker Of Poker Game Not Apprehended

The man that held up a poker game on a ranch near here last week has not been apprehended, in fact the identity has not been discovered. There was some discussion as to who the man with a drawn revolver was, and therefore has not been complained against.

Harlow, who had on a gun at the time of the hold up, has pleaded guilty to carrying a gun and still in jail Wednesday.

FARM BOARD TO LOCK UP 6,600,000 BALES

The United States Farm Board and Bankers have agreed to lock up 6,600,000 bales of cotton and with hold it from the market until July 1932. This is a plan to try and stimulate the cotton market.

This pledge, however, would not be binding if the price went up to 12½ cents before that time.

R. C. Spurgers Sells Truck Line

R. C. Spurgers has sold his truck line franchise from Eldorado to San Angelo, to L. M. Barnes, who takes possession this week. Mr. Barnes says his line will connect with other truck lines out of Dallas, Ft. Worth and San Antonio.

He will move his family here and make our city his home.

Mr. Spurgers has made no plans for the future. He has been trucking here for several years and says he does not know at present what he will do.

SEE IT

For December we have the finest one month's booking of pictures and short subjects, yet. December is Big Show Month At The Ritz

F. R. Keele was out from San Angelo Tuesday.

Fourteenth District Elect Richard M. Kleberg

At the special election held in the 14th Congressional District of Texas, which embraces San Antonio, Richard M. Kleberg, democrat was elected, leading his nearest opponent, another democrat by about 5,000 votes, all returns not being in Wednesday morning when the returns were broadcast from W. O. A. I., but enough to insure his election by almost 5,000 votes. Kleberg will fill the vacancy caused by the death of Congressman Wurzbach, Texas' only republican. There were ten men in the race, nine democrats and one republican.

This makes the standing in the National Congress 118 democrats, 114 republicans.

Mac Sproul Hunter Of Fame

Mac Sproul is just about the most famous guide in the Davis Mountains of Texas. He killed his first bear when 13 years old, has 135 bear to his credit and either has slain or been responsible for the ssaying of 115 panthers. These beasts are responsible for many ranch losses. The federal government estimates that one mountain lion, puma or panther will kill as many as 30 deer a year. The plentiful deer supply of the Davis Mountains therefore is in part due to Sproul and others of his kind who have declared war on the beasts.—San Angelo Standard-Times.

Mac Sproul, above mentioned is a nephew of our townsman, T. C. Sproul, and by his deadly aim has brought many of the wild beasts of the mountains to an early end, and saved the lives of many live stock.

MRS. JOE WILLIAMS IS HOSTESS

Mrs. Joe Williams entertained the Eldorado Bridge Club, Tuesday, Nov. 24 instead of Thursday, Nov. 26, at her home in Eldorado.

After playing several games of Contract Bridge, prizes were awarded Mrs. J. W. Lawhon, high club and Mrs. A. P. Bailey high guest.

Delicious refreshments were served to the following: Club members, Mesdames W. D. Gregory, J. C. Crosby, J. W. Lawhon, Luke Thompson, L. T. Barber, Lewis Ballew, J. W. Hoover, Van McCormick, Ben Hext, M. H. Crabb, Tom Henderson and guest Mrs. A. P. Bailey.

Rev. F. G. Clark has promised to write an article for The Success each week for a while.

His first article appears in this issue, we ask that you read these articles and pass to us your comment. Rev. Clark has a brilliant mind and is capable of giving us some good food for thought. They will cover the current events of the nation and maybe the world.

The Success Editor received a nice letter from Congressman, R. E. Thomason, who is now in Washington getting ready for the opening of Congress, and wants the people of his district to write him of any need that they may have with him as their Congressman. His address is .28 House Office Building, Washington, D. C. and will be until next summer. So feel free to write him, as he will appreciate it and will assist.

DAILY TRUCK LINE

I have bought the Truck Line Franchise of R. C. Spurgers, and will make daily trips from here to San Angelo, connecting with other truck lines, and will appreciate any business entrusted to me.

L. M. BARNES, Owner (p 48

Claud Butler Bags 12 Point Black-tail

Claud Butler and J. H. O'Harrow returned Friday from the O'Harrow ranch in the Delaware Mountains, where Claud killed a black-tail, that weighed 212½ pounds dressed; had 12 point antlers with 27½ inch spread.

Others who got a black-tail each on the O'Harrow ranch were Sam Williams, Otto Williams, Floyd Williams and Van O'Harrow.

Hunting is good on the O'Harrow ranch.

"WHO KILLED EARL WRIGHT?"

Widely Heralded Murder Trial To Be Held At First Baptist Church, Sunday November 29th, at 3 P. M.

Eldorado residents won't have to leave their own streets to see and hear a murder trial, for one is to take place at the First Baptist Church next Sunday afternoon November, 29 at 3:00 p. m.

A young man, Coach Williamson, will be "tried" for murder, and the whole setting will deal with the "killing" of a man by his friend, whom, it is shown, was under the influence of liquor at the time he struck the blow which snuffed out a life, left a widow and family of fatherless children.

The "Trial" is being put on in cooperation of the churches and is a means of pointing out a lesson in prohibition law enforcement. Twenty-five prominent local leaders of this city will take part in this trial.

The cast follows:

Judge, J. C. Smith; Sheriff, F. M. Bradley; Jack Stiles (Bootlegger) Walter Ramsay; Deputy Sheriff, Clarence Knight; Frank Lloyd (Defendant) Coach Williamson; Court Reporter, Leslie Baker; Mrs. French (Star Witness) Miss Grace Karr; Mr. Cook, (Coroner) D. C. Hill; Mrs. Yloyd (Defendant's Mother) Mrs. J. D. McWhorter; Mrs. Wright (Wife of Deceased) Mrs. E. W. Brooks Council for Defense, Atticus Webb, Dallas, Texas. Prosecuting Attorney, Rev. T. R. Gathright.

Summoned for the JURY—W. O. Alexander, A. T. Wright, J. C. Carr, Tom Jones, R. L. Sample, D. E. DeLong, Joab Campbell, Will Eaton, T. W. Johnson, J. H. Jarvis, Sam Loyd and Grady Parker. Admission FREE. You are urged to be present and hear this Impressive Drama Trial. Committee.

MRS. LUKE THOMPSON IS HOSTESS

Mrs. Luke Thompson entertained the Eldorado Bridge Club Thursday, November 19, at her home in Eldorado.

Several games of Contract bridge were played and delicious refreshments served to the following. Club members were: Mesdames Lewis Ballew, L. T. Barber, Van McCormick, J. W. Hoover, Ben Hext, M. H. Crabb, J. C. Crosby, J. W. Lawhon, Joe Williams, and W. D. Gregory. Guests were Mrs. A. P. Bailey and Miss Agnes Rae.

Prizes for the afternoon games were awarded Mrs. M. H. Crabb, high club and Mrs. A. P. Bailey, high guest.

FOR SALE—Good Oak Wood. Delivered at \$7.00 per 123 cubic feet. Phone 7011. LEONARD ISAACS

Fred O. Green and wife left Wednesday for New Mexico, where they will make their future home. The Success regrets to see these esteemable people move from our midst, but wish them well in their move.

Mr. Green came here as manager of the San Angelo Telephone Co., an dserved as Mayor of our city, which office he filled with credit, for the past two years he has handled the Ice business for the West Texas Utilities here.

THE SUCCESS
 November 27, 1931

Down at San Benito, Carl C. Will caught a fish 16 feet long and weighed 1,200 pounds. The next fish story you hear L. T. Wilson and C. B. Reagan will be hunting San Benito with their minnow hooks.

Alpine reports that 200 cars of stock have been shipped to the various stock markets. This will be between 6,000 and 8,000 head of stock and will mean that there will be some Christmas money around Ft. Stockton.

Saturday afternoon, The Success Editor spent the larger part of it at the radio listening to the Southern Methodist University football game with the U. S. Naval Academy at Annapolis. The first quarter looked pretty favorable for the Midshipmen but the Mustangs picked up in the second and third quarters and by some very long passes succeeded in making a couple of touchdowns and an extra point, which defeated the Navy 13 to 6. Navy had opportunities to score again but failed.

Then there was Notre Dame and Southern California had the air full of surprises, and California turning a trick on Notre Dame and defeated them by a score of 14 to 16.

Just as this news was broadcast to the countryside there came a wire from the home town, the Eldorado Eagles, who were down at Rocksprings, saying that the Eagles had added another star to their crown by defeating the Rocksprings lads 18 to 6. The Eagles almost rank with the above mentioned squads.

Two big trucks parked over

night on opposite sides of the highway near Trent, caused the death of Mr. and Mrs. O. W. Dubberly, of Howard County. They were enroute to Hubbard to attend the funeral of Mr. Dubberly's father and were traveling at night, when he came upon the truck parked on the highway. He turned to miss it and hit the one on the other side. A third person, a daughter of Mr. and Mrs. Dubberly was injured in the wreck, but will recover. Instead of one funeral, there was three, just because some unthoughtful person, blocked a highway, which is supposed to be open.

We will probably get our highway laws adjusted someday.

Are we thankful for the kindness and goodness of God, during the past 12 months? The people of Schleicher County should be very thankful for the fine rains, fat stock and bountiful crops, that have been harvested this year. It has been a year of plenty. The ruler of the Universe have poured out of his bountiful hands the very best of his creations, and the most bountiful harvest of all past years has been gathered. The poverty and want, when plenty is near, is not the fault of God. It is of mankind. We are responsible for many of our ills, and in spite of living in a land of plenty we are poor. Hard times are upon us, which is a fault of our own. We should be thankful for the goodness of God and especially the people of Schleicher County, as we close one of the best harvest seasons in the history of our county.

Schleicher County, brim full of fat cattle and sheep, goats and hogs, with a harvest of 75 bushels of oats to the acre and wheat made around 35 bushels to the acre, with one of the best forage crops ever grown and the largest cotton crop in the history of the county, we should be in the best condition in the history of the county. We have probably raised so much it makes us poor to harvest it.

A. B. Crosby was in from Middle Valley, Saturday.

LET'S CULTIVATE OUR TALENT

By F. G. Clark
 About the year 1800 a New England family, Reynolds by name, settled in south eastern, Ohio. This, by the way, happened to be the birth place of this writer.

The Indians were still trouble some in that section and conflicts between them and the settlers were frequent. During one of these encounters young Reynolds had his throat cut, though not fatally. Due to a lack of surgical care, the cut left a bad scar. This caused the nickname, Scar-neck, to be attached to him which he carried through life.

His son moved to central Iowa, near the little town of Panora, where he settled on a farm. To him were born two sons George M. and Arthur.

In the course of my peregrinations I met them there, while we were still young. During their schooldays there was nothing in the lives of these boys that distinguished them from other boys of their class and age, but after years proved that, in one direction, they had transcendent genius. On coming to maturity, George took a subordinate position in the local bank. He soon became its President.

Then he was called to a position in the First National Bank of Des Moines. In a surprisingly short time he was made president of that institution.

About eighteen years ago he went to Chicago and helped organize what was then the largest banking institution west of New York. Its capital stock was one hundred seventy three millions, a huge sum in those days. Of this institution George was elected president.

Now, if you will look at the list of the twelve leading bankers, chosen by President Hoover to administer the five hundred million dollar fund, raised for the purpose of assisting smaller banks throughout the nation, you will find George M. Reynolds's name among them. At present he is president of the Illinois Trust Company. And what about his younger

Positive Proof of FORD ECONOMY

City of Detroit purchases 137 new Ford cars
 Hundreds now in use prove low cost of operation

THESE 137 new Ford cars represent one of the largest deliveries ever made to a municipality at one time.

21 radio-equipped Ford scout cars were traded in on this purchase. They had been operated day and night for two years in heavy traffic and all kinds of weather.

Their individual records ranged from 78,434 miles to 143,723 miles with a grand total of 2,233,097 miles. The operating cost of the 21 cars was 2.264 cents a mile — less than 2 1/3 cents. This cost included all fuel, oil, tires, repairs and every other item except depreciation and insurance.

Of 577 Ford cars in Detroit City service, the 300 in the Police Department traveled a total of 6,591,937 miles during the past fiscal year, at an average cost of 2.9 cents a mile.

Many claims have been made on operating costs, but here in the carefully kept motor car records of the City of Detroit is positive proof of Ford economy.

In the paragraphs above, it is seen that 21 Ford scout cars averaged less than 2 1/3

cents a mile and 300 Ford cars in all branches of Detroit police work averaged 2.9 cents a mile!

Day and night, twenty-four hours a day, these Ford cars are in operation. Few branches of transportation demand such grueling service. The records show that low fuel and oil consumption is but one of the Ford's many economies. Ford materials, simplicity of design and accuracy in manufacturing provide unusual strength, stamina and freedom from replacements and repairs.

The individual car buyer as well as the purchasing department of a city or a business cannot afford to ignore the proved economy of the Ford car.

FIFTEEN DIFFERENT BODY TYPES

\$430 to \$640

(F. O. B. Detroit, plus freight and delivery. Bumpers and spare tire extra at low cost. Economical time payments through the Authorized Ford Finance Plans of the Universal Credit Co.)

brother Arthur? As soon as George passed up higher, Arthur took the place he vacated.

The lesson to be drawn from the lives of these men is this: There is a level or average of human intelligence, and toward this level each individual intelligence tends to gravitate. Nine tenths of the consciousness of the normal individual is on a level with his associates. But the tenth tenth is different.

S. I. Nicks was in from the ranch Saturday meeting his many friends. Mr. Nicks looks well and was it not for his rheumatism he would be as young as ever, although he has been ranching in this county for over 40 years.

Mrs. Claude Meador was in from the ranch Saturday shopping and visiting.

Star Tires and Tubes

ELECTRIC VULCANIZING

 Where Service and Courtesies awaits You
 Kent's Service Station

That is what makes him an individual. It is this tenth that constitutes his individuality, which he must cultivate if he is to succeed in life. In one, this tenth may be musical talent, in another business, in another, something else. These Reynolds boys had the financial talent and had the good judgement to cultivate it, hence their success. Find out what distinguishes you from others, cultivate that and you will succeed.

H. H. Hooker and wife, and M. O. Shafer and wife, report that they saw lots of quail while in the Valley last week, but did not get any game of any kind.

J. O. Willoughby, who ranches west of Eldorado about 22 miles, was bitten by a spider last Thursday and suffered much from the bite that he called Dr. W. D. Patton for treatment and to ease the pain. He is improving from the bite as we go to press.

R. L. Bricker was in from the ranch Saturday buying supplies.

 BILL MITTEL, Prop.

The Magnet . . .

No city, no town, can long exist industrially unless it can retain its home industries and, perhaps, attract other industries.

What influences an industry to locate in a particular community? Quality and cost of labor; quality, cost, extent and availability of raw material; a market for its product, and last, but far from least, the availability, dependability and cost of electric power.

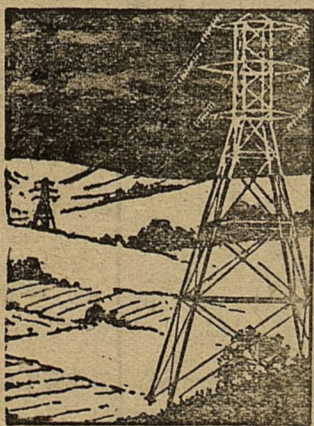

Electric power is the motive power of industry because it makes possible the most efficient use of machinery, and because its cost is almost negligible.

The modern transmission line electric system, therefore, is not merely a company furnishing dependable electric service, it is a magnet attracting and keeping industries . . . and jobs . . . in the territory it serves!

To West Texas' unexcelled advantages from the standpoints of natural resources, raw materials, intelligent labor, low production costs, an enthusiastic market and a policy of genuine cooperation with new industries, the West Texas Utilities Company—serving 125 prosperous cities and towns in West Texas, the "Land of Opportunity"—adds the provision of the dependable and inexpensive electric power supply demanded by modern industries.

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule . . . and adds only a small amount to your total bill?

West Texas Utilities Company

WHY HAVE

PHYSICAL EDUCATION?

Aletha Faught

All things being equal, happiness depends on health, health depends on digestion, digestion depends on blood, the quality of blood depends on the circulation and the circulation depends on exercise. Therefore Physical Education is to develop organic vigor, provide Neuro-Muscular training, promote bodily and mental poise, correct postural defects, secure the more advanced forms of co-ordination, strength, endurance, and to promote such desirable moral and social qualities, as appreciation of the value of co-operation, self subordination and obedience to authority, and higher ideals, courage and wholesome interest in truly recreational activities.

Physical Education was added to our school this year and we find it very interesting. Miss Lelia Parker, a former Eldorado High School graduate and ex-student of Sul Ross has charge of the department.

Pupils who have Physical Education are more energetic, healthier, and possess a happier frame of mind; their school work does not seem so dull to them; girls learn to take orders from the director on the play grounds as well as in the class room. They find friendship and good fellowship. It is an ideal place for fostering of lasting friendships.

Sode of the sports which will be taught are basket ball, volley ball, hiking and tennis.

—E.—H.—S.—

MR. HOLT RECEIVES REPORT FROM STATE SUPERVISOR

Edward Willoughby was out from San Angelo-Friday looking after his ranch interest here.

Hop Cheatham was in the city Saturday from the Burleson farm.

A few days ago, Miss Katherine Henderson, one of the State Supervisors, visited Eldorado High School. In order that every one who is interested may know what her opinion of our school was, we are quoting the recommendations and comments which she made to the State Department of Education, a copy of which was sent to Mr. Holt: "In order that the schools may be properly certified it is essential that minimum requirements be met. To that end the supervisor who recently visited your school makes the following recommendations:

1. That reading tables be provided for library use in the study-hall. The library is in a room adjoining the study-hall, but it is not large enough for a reading room. Consideration should be given to employing a trained librarian and the library should be kept open all day. Continued improvement should be made in the library. Drama, biography, travel, and the like, should be added.

2. That additional books be added to the grade library. Effort is being made to improve libraries in each room, but as yet the standard has not been reached.

3. That, if possible, the crowded section of the first grade be moved to a larger room.

4. That consideration be given to the reduction of fee for typing. \$1.00 per month is too high.

5. That the required time be given for laboratory in biology. It is believed that seating room can be arranged for the twenty-four pupils. If this is done, the two sections will not be necessary.

6. That consideration be given to the introduction of world history instead of the two in European history.

7. As soon as income will permit additional typewriters be purchased.

8. That commendation be given for the following evidences of progress.

a. A most interesting museum of historical relics has been established and the pupils of the American history classes of recent years have done worthwhile work in local history. Much of the history of the section is being preserved this way.

b. A special period for extra curricular activities is believed to be proving an important part of the school program.

c. Public school music and physical education have been added to the curriculum.

d. A reading club formed by the teachers is promoting professional advancement.

e. A decided improvement has been made in the library.

In a short time the work of cataloguing will be completed. The school has a competent faculty and a responsive student body in both high school and grades. It was a real pleasure to see the work of the school.

—E.—H.—S.—

ONE DAY IN OUR HIGH SCHOOL WITH A FRESHMAN

Billy B. Baugh

I try to get to school by eight o'clock in the morning in order to play a little before school starts. There are always enough boys at school before the eight-thirty bell to have a game of pass football, and Mr. Terry is always out ready to referee for us. We play about half an hour and then the eight-thirty bell rings.

From eight-thirty to nine we have a study period and then the next period we have General Science, taught by Mr. Williamson. We go back to the studyhall, and following the end of this period there is a five minute recess. After recess I go to Algebra. My teacher is Miss Bradshaw. The next and last period before dinner is our English period. Miss Allen teaches us English, or tries to.

I have from twelve o'clock to one to eat dinner. I eat my dinner in about half an hour. Sometimes I go out and play on the freshman football team and other times I go up stairs and play on the typewriter.

After the one o'clock bell I have a study period. The next period I go to History. My History teacher is Miss Meyer. After History class there is another five minute recess and after recess I go to my typewriting room. Mr. Smith teaches me typewriting, and next is the three-twenty bell, which ends the day for a freshman—if he doesn't have to stay in for the eighth period.

ELDORADO INDEPENDENT BASKET BALL TEAM BEING PLANNED

Jack Ratliff

An independent basket ball team is being planned with coach Williamson as manager and coach. Three of the High school teachers are to be on the team. The practice will begin as soon as football is over.

The team will probably play Mertzon, Christoval, Lakeview, Water Valley, Wall and Sonora. They will probably enter the Christoval tournament. Christoval gave a cup last year. The same cup will be given again until some team wins it three year in succession.

The team will also give the High school team some good practice. There are plenty of men in Eldorado who can play basket ball. Among the ones that are considering playing are Messers. Smith, Terry, and Williamson of the high school; T. D. Redford, Max Leaman, Buck Graves, Hollis Miller, Lyonell Ballew and Conn Isaacs.

Eldorado should put out a real first class basket ball team out of this group. If they do get a team organized, come out and help your team win.

—E.—H.—S.—

BOXING IS BEING PLANNED IN THE HIGH SCHOOL

Richard Jones

If you see any boys going around with black eyes and bumps on their heads, don't worry, because they have only been boxing. The boys of the High School that do not want to come out for basketball this season are going to take boxing. Mr. Smith, the high school principal, will be in charge of the boxing. The boys have not yet decided where they will take these lessons, but they will probably take them on the stage in the auditorium. The boys will start boxing after they play the last game at Junction. Contests will be held later in the year for different weight divisions.

A list of some of the boys that are interested in boxing are J. R. Conner, Jack Ratliff, Eugene Lewis, A. J. Roach, Jack Smith, Marshall Chilk, Hassell Ratliff and Morris Bricker. The High School should have

a good bunch of boxers out of this crowd. This will give the boys their credit in physical education.

—E.—H.—S.—

SPORT SLANTS

By Jack Ratliff

Eldorado, 13—Rocksprings, 6
The Eagles journeyed to Rocksprings November 21 to plaster a defeat on the Rocksprings Bulldogs. The boys all had a good time and the game was enjoyed very much. Every substitute played in the first half. In the second half, the regulars went in. The subs held them 0-0 in the first half and had the ball on the 15 yard line when the half ended. The regular line had only been in the game a few minutes until Rocksprings made a touchdown. Rock springs played a punting game the rest of the third quarter. In the fourth quarter Eldorado made a touchdown early in the quarter. Jack Kerr made the touchdown. Eldorado also made the extra point. During the third quarter, Bull McGinty intercepted two passes. He ran for a touchdown on one and ran the other up to the nine yard line. When the game ended, Eldorado had the ball on Rocksprings' three yard line with two downs to put it over.

The most interesting thing about the game was the line in the first half. Billie Kerr and Gerald Gafford, ends; Bill Smith and Eugene Lewis, tackles; Hollys Alexander and Vance Morgan, guards; J. R. Conner, center. These men were outweighed 15 pounds to the man. They held Rocksprings scoreless for the first half of the game.

This was Eldorado's third straight victory. Eldorado has won seven and lost two. As the paper goes to press, the Mason game has not yet been played.

THINGS YOU NEVER SEE OR HEAR

Thelma Taylor

- 1. Hassell studying.
- 2. John with a girl.
- 3. Jim walking.
- 4. Ruth Nix dignified.
- 5. Marshall Chick serious.

6. Tommy when he knew his English lesson.

7. A dignified senior.

8. One that didn't put on airs.

9. Picture show making a touchdown.

10. Gusta V. when she wasn't busy.

11. A straight A report card of A. J.'s

12. Louise O'Harrow at a foot ball game when she wasn't saying "Stay right in there, Eagles"

13. Ruth Nix in love with just one person.

14. Lolete when she could stand up on the bleachers without falling.

—E.—H.—S.—

FISH IN DEEP WATER

Gusta V. Graves

Fish: Oh yeh, She wouldn't tell me where the algebra room is, but I guess I know. I can read Why didn't I think of that and I could've saved some hard knocks. Well here we are at the math room.

Teacher: All right, now to start out on we'll have a quiz. If x is 5 how much is 2x?

Fish: Now, I know that, so I'll just jot down that 2x is as big again as x.

Teacher: Well, of all things. You certainly are living up to your name. Don't think we teachers are so dumb as not to know when you are. Now you know if x is equal 5, 2x is bound to be equal to 10. You don't have to know any Algebra to know that. Arithmetic tells you that.

Fish: I didn't hear him, tell him to say it louder.

Teacher: Heavens! Oh, well, if you don't know you may find out for yourself. Use your dictionary. Say, what do you use your head for, anyway?

Fish: Hat rack.

Teacher: I believe it. Now, children lets settle down to work.

Fish: O. K. work on what, though?

Teacher: Algebra of course. Say even if you didn't know you should read the sign over the door and see A-l-g-e-b-r-a. What are your eyes for any way?

Fish: For girls to look at; I mean to look at girls.

Teacher: Young man you are not a bit smart in fact, you are being extremely silly. Now, take x to the first power—

Ed Finigan was in the city Saturday afternoon, from his ranch 5 miles north.

John F. Isaacs and J. H. Jarvis went to Gillespie County last week and each got a buck, the weather being so warm and the boys remained over until Wednesday, one of the deer spoiled. Mr. Isaacs reports that he saw about 250 on storage at Fredericksburg.

Ira McDonald was in from the ranch Saturday meeting friends and trading.

Henry Mund was in from the ranch Saturday buying supplies.

W. H. McClatchey and wife and daughter, Miss Mabel, were visiting in the city Saturday and buying ranch supplies.

Jim Hoover and wife and Miss Agnes Wright made a business trip to San Angelo Saturday.

Perry Johnson was in from the farm Saturday, wearing his best looks and meeting his many friends.

Will Isaacs and son Willie were in the city Monday from the ranch 22 miles east.

PAINS QUIT COMING
"When I was a girl, I suffered periodically with terrible pains in my back and sides. Often I would bend almost double with the intense pain. This would last for hours and I could get no relief.
"I tried almost everything that was recommended to me, but found nothing that would help until I began taking Cardui. My mother thought it would be good for me, so she got a bottle of Cardui and started me taking it. I soon improved. The bad spells quit coming. I was soon in normal health."

At Christmas Eve
By Rev. Abram Ryan in Philadelphia Record

Ah! there's nothing like a Christmas Eve
To change life's bitter gall to sweet,
And change the sweet to gall again;
To take the thorns from out our feet—
The thorns and all their dreary pain,
Only to put them back again.
To take old stings from out our heart—
Old stings that made them bleed and smart—
Only to sharpen them the more,
And press them back to the heart's core.

Ah! there's nothing like a Christmas Eve
To melt, with kindly glowing heat,
From off our souls the snow and sleet,
The dreary drift of wintry years,
Only to make the cold winds blow,
Only to make a colder snow;
And make it drift, and drift, and drift,
In flakes so icy cold and swift,
Until the heart that lies below
Is cold and colder than the snow.

IN THE POULTRY YARD
--where quantity and quality of eggs determine the real cost of any feed--that's where you find RED CHAIN Egg Mash to be the most economical egg producer!

A sack of feed costs more than a sack of sawdust—but you can't "save money" by feeding sawdust to your chickens.

Likewise, a sack of RED CHAIN Orange-Vitamine Egg Mash costs more than cheap imitations--because it's worth more to YOU!

Feed it to your own flock; test it in comparison with any other egg mash, and you'll feed RED CHAIN every day in the year--for bigger year round poultry profits!

RED CHAIN Feeds Are SUPERIOR Feeds

School Notes

Fish: Where's that?
Teacher: Shut up! What would be the 5th power of x?
Fish: x, x, x, x, x.

Teacher: Yes, I know but it is also equal to x to the 5th power. I see it is about time for the bell. Prepare yourselves for removal from this room.

Fish: Fee, she's gonna remove us. Gee, I bet that's bad. Wonder what it's like to be removed?

Teacher: Shut up back there! There's the bell. Don't forget to go to your English class. (Watch the space next week and see our Fish display his knowledge of books, etc., in English class before the dignified lady.)

MR. SMITH MAKES EDUCATION WEEK TALK

Anna Ruth Spurgers
Mr. Smith gave a talk before the study hall Friday, November 13. He gave an outline of different vocations that one could make his profession. He told us how many years of preparation of college each required, the income of each, and the qualifications necessary. The following outline was followed in the talk:

- I. The Professions.
 1. Ministry
 2. Law
 3. Medicine
 4. Dentistry
 5. Pharmacy
 6. Teaching
 7. Journalism
 8. Engineering
- II. Business
- III. Technical Trades
 1. Machine trades
 2. Manufacturing
 3. Building trades
 4. Transportation
- IV. Agriculture
 1. Farming
 2. Stock raising
 3. Dairy farming
 4. Poultry farming
 5. Fruit growing
 6. Market gardening

NOW LET'S HAVE SOME SPEECHES

Lola Davis
What? Are there advantages in extemporaneous speaking? Well, I'll say there are. If you could have heard our president's (Dahlia Fae Johnson) speech last Tuesday you would readily agree with me. The CAR Dramatic Club is going to study extemporaneous speech for awhile. Did you say you thought our club would soon just be old dry speeches? Now, do not fool your self. Our speeches are not going to be dry. How could speeches on subjects such as "Should Government Compete with Private Enterprise" and "The Situation of Great Britain" be dry? We are all eager to get started on these as we believe they will not only be interesting but beneficial.

No, speeches are not all we are having. We have already started on another play which is "The Camera Man!" We are going to learn our parts out side school. The parts were assigned last Tuesday. Look for another peep into the club next Friday.

ATHLETICS AND THE TOWN

Raymond Smith
We have a fair football team this year. It is one of the best teams ever produced by Eldorado High School. We have played nine games, won six, tied one, and lost two. The team has won their half in this district in the league and it is hoped that they will win the other half. They will play the Mason High School team at Junction on Thanksgiving Day, and hope to have a good crowd, even though the game will not be at home. I think that a nice crowd of Eldorado people should attend this game. The boys need their support very much.

We, the boys on the team, and the high school are very proud of the support which we were have received from the town this year. At the game with Sonora at Eldorado we had the best crowd ever to see a football game at Eldorado.

We wish to thank all those who attended the games this year, for their support.

There are some in the town who comment on the games, especially those lost. We like to hear what you think because we want to improve our mistakes, if possible. So don't be afraid to say what you think, whether good or bad.

AT THE GAME

Thomas R. Jones

The boys of the football team should treat the visiting team as well as possible. The boys should not make fun of the visiting team. The boys are not the only ones playing the game, although the boys on the team do the most work. The pep squad and the other people of the town and school backing the boys make them feel better and fight harder. If the visiting team does not have many of their town people with them it is hard for them to play the game. The town should always be backing the football team. They should be at the game if possible. The football boys know the students of the school better than they do the people outside of the school. The students of the school should be out there yelling for the football boys. The money that is made at the game is used in the school. If some of the money is used to get the team from the other town here we do not return the game. The team that loses the game should be a good loser and give the winning team a yell. The team that wins the game should be a modest winner and not say that they were better than the other team.

—E.—H.—S.—

WHAT DOES A FOOTBALL PLAYER DO FROM 4:00 TO 6:00 O'CLOCK EVERY AFTERNOON?

Jack Ratliff
The football players go thru a lot of work during one week. Below is a review of all that they do.

On Monday the boys usually have a light day. They run more than anything else to get the kinks out of their legs. They take a lap as soon as they get their suits on. The coach then talks about the game that was played the Saturday before. Then they run some signals for about twenty minutes and go around the field and in.

On Tuesday they have the hardest day of the week. The backfield punts some while the linemen have a stiff practice of line work. The coach divides the squad into two teams and they have some scrimmage. The coach is referee. They scrimmage for an hour and go in.

On Wednesday they have another hard day. They go thru some tackling and blocking. Then they go down on some punts. A backfield man and a lineman go together. The back carries the ball while the lineman gets a block.

On Thursday they have a light day. They go down on some passes and have some dummy scrimmage.

On Friday they get a talk from the coach about the game on the next day.

On Saturday the boys combine all that they have learned the past week to use in the game. Thus, you see what a football played goes through during a week.
