

ELDORADO SUCCESS

Schleicher's Leading And Most Widely Distributed Newspaper

VOL. XXXVII

Eldorado, Schleicher County, Texas, Friday, January, 8, 1937.

NUMBER 2

On The DIVIDE

"ROUNDING UP AFFAIRS"

If reports made to us are true, Schleicher county officials are running true to form in not turning their offices over to their successors at the expiration of their terms. They did not approve bonds of the newly elected officers, as did other counties, and are holding office under the pretense of having some unfinished affairs to round up. Yet, they've had two months to "round up" these affairs. They may be justified in this action, we don't know, but at least they're being different.

FEED THEIR SHEEP

Ford and Sam Oglesby are among the Schleicher ranchers who are feeding their sheep through the winter, taking them off the range land which is infested with bitterweed. In speaking of this expensive process, Ford said "I'm trying to pull them through the winter and until such a time as they'll have something green besides bitterweed to eat." Ford's sheep eat better than a ton of feed per day.

BULL BRINGS \$200

Ed Ratliff, who seems to enjoy raising pure-bred Hereford cattle, recently sold a yearling bull to F. B. Calcote at a price of \$200.00.

Mr. Ratliff has eleven more young bulls penned up, which he plans to sell. He stated that he would probably take some of them to the San Angelo sale next March.

CATTLE TO MARKET

Four loads of Schleicher county cattle were taken to the Fort Worth markets during the past week, according to A. J. Burk, who operates the Burk Truck Lines.

One load of fat cattle were sent by Chas. Reynolds, and another for Baugh Bros.

George Williams also sent two loads of fat steers to market.

Ray Willoughby recently sold 200 head of three-year-old ewes, which were delivered to the buyer at Pandale.

NEW AND RENEWALS

Among our subscribers, both new and renewals, who have paid their subscriptions during the holidays are John Rae, Mrs. J. H. Boothe, G. A. McCalla and W. B. Cobb.

The subscriptions came in unsolicited, and we appreciate the promptness of these folks in keeping their subscriptions paid up.

NO MORE IN GULF

Dr. and Mrs. L. J. Moore and little son and Dr. Moore's brother, R. H. Moore of Los Angeles, Calif., who is visiting in Eldorado, returned home last Friday from a 15-day fishing trip near Rockport, Texas.

Dr. Moore says there's no more fish in the gulf—they caught all of them, and also had plenty of oysters. They brought back around 150 fish and several gallons of oysters as evidence of their good catch and splendid Christmas vacation.

Mangus Prepares For Further Tests Of Schleicher Well

BAILER SHOWS 4,000 FEET OF FLUID, 50 FEET OF CAVINGS

Four thousand feet of fluid and 50 feet of cavings were found Monday in Mangus Oil Co.'s No. 1 Judkins & Spencer, eastern Schleicher County wildcat, when the bailer was run. The bailer was run only twice, gas showing each time, and preparations were made to begin swabbing today.

Workmen at the well report that an entirely new rig has been erected, and preparations are going forward for further tests to determine if the well is really a producer.

Testing is expected to determine soon whether or not the first commercial oil production in Schleicher County is developed from a promising showing in the Ellenburger, lower Ordovician, from 5,905 to 5,915 feet, the plugged back depth. If it is not, Mangus plans to run acid.

Treatment with 2,000 gallons of acid several months ago by Cecil Rains of Midland, then the contractor, improved the oil showing, the recovery on early swabbing being estimated by the operators at five barrels of fluid hourly, about 90 per cent oil and 10 per cent water. Alternate swabbing and circulating with rotary through 3 1-2-inch upset tubing proved unsatisfactory, and the Homestead Oil & Gas Co. of Texas took over operations. It purchased some equipment from Mr. Rains, bought additional equipment for a complete cable tool outfit, including a 150-horsepower, six-cylinder Diesel engine, and awarded a contract to the Bryson Oil & Gas Co. of San Angelo to condition and thoroughly test the wildcat.

The Homestead of Texas is a stockholder in the Mangus, a Buffalo, N. Y. firm. W. M. Holland of San Angelo is its president. The company recently leased 19,987 acres in the area and turned the block, less 1,280 acres, to the Maverick Oil Co. of Angelo, which assigned leases on 9,993 1-2 acres to the Tex-Tor Oil Corp. for the drilling of a nearby wildcat on Judkins C. Spencer land to 6,200 feet or 250 feet in the Ellenburger unless production is obtained shallower. Location of the Tex-Tor wildcat will depend upon whether or not production is developed by the Magnus.

FOUR MARRIAGE LICENSES ARE ISSUED DURING DECEMBER

The records of J. F. Isaacs, county and district clerk, reveal that four marriage licenses were issued in this county during the month of December. They are as follows:

Lester Addie Garrett of Camp Allison and Miss Marie Deats of Christoval, December 7th.

R. G. Gardner and Miss Oveda Faught, both of Eldorado, December 16th.

C. C. Sirkel of Eldorado and Miss Aileen Everett of Killeen, December 18th.

R. T. Faught and Miss Susie Edna Dameron, December 24th.

EUDORA HAWKINS

BERNICE HUDDLESTON

UTILITIES COMPANY TO SPONSOR UNIQUE RADIO PROGRAMS

Abilene, Tex., Jan. 7.—West Texas women will have an opportunity to tell the world about their cooking during a series of broadcasts over Abilene and San Angelo radio stations, sponsored by the West Texas Utilities Company, beginning Thursday morning, January 14, it was announced today.

The series, titled "Your Electric Servant" program, will feature Bernice Huddleston, Abilene soprano, and Eudora Hawkins, Home Economist, for the West Texas Utilities Company.

The program will go on the air at 9:15 A. M. over Station KRBC, Abilene, and will be reproduced at 9:30 A. M. over

Station KGKL, San Angelo.

Prizes will be given for the best recipe sent in by listeners. An electric clock will be awarded January 28 for the winning recipe on "how to bake a cake that pleased your family most." Miss Hawkins said.

"An attractive and valuable electric appliance will be awarded weekly thereafter," she announced. "While the series of broadcasts begins this week, we thought it best to wait two weeks before closing the opening contest. The winning recipe will be given in detail over the radio each week and the name of the winner announced."

Guest artists from all over the territory will be presented from time to time, Gene Elo, program manager, said.

INFANT SON OF MR. AND MRS. LEFTY HAYNES BURIED HERE TUESDAY

Funeral services for Leland Daniel Haynes, infant son of Mr. and Mrs. Lefty Haynes of Fredericksburg, were held in Eldorado at ten o'clock Tuesday morning. The child was born at the Fredericksburg hospital at 8:45 Monday morning.

Besides his parents, who are former residents of Eldorado, the child is survived by his grandparents, Mr. and Mrs. R. A. Evans and numerous other relatives. Mr. Evans and daughter, Mrs. Roy Smith, went to Fredericksburg Monday and accompanied the body to Eldorado.

Funeral services were conducted by Rev. A. J. Quinn and Rev. J. L. Ratliff, and burial was made in the Eldorado cemetery.

Mr. and Mrs. Haynes lived in Eldorado for a number of years before moving to Fredericksburg some two years ago. He is employed as an engineer for the Shell Pipeline Company. The Success joins their many friends here in extending sympathy to them in their dark hour of sorrow.

ROSCOE PARKER IS ILL WITH PNEUMONIA

Roscoe Parker, son of Mr. and Mrs. E. C. Parker, is ill with pneumonia at the Parker home here.

He left San Antonio on December 23rd to spend Christmas here, and had contracted pneumonia when he arrived in Eldorado. He is reported to be doing as well as can be expected.

Mrs. Nolan Kennedy was a guest of Mrs. Collier Shirley of Sonora last Wednesday.

GLENN R. LEWIS ENTERS INTO PRIVATE PRACTICE OF LAW

Attorney Glenn R. Lewis of San Angelo, who was succeeded by O. C. Fisher as district attorney of the 51st Judicial District, has resumed the general practice of law, according to an announcement from San Angelo this week.

Mr. Lewis has located his office in room 514 of the Western Reserve Life building in San Angelo, and he invites all of his Schleicher county friends to visit him there.

OFFICERS INSTALLED FOR COUNTY COUNCIL OF WOMEN'S CLUBS

Members of the county council of Home Demonstration Clubs held their first meeting of the year last Saturday afternoon in the home demonstrator's office. All members were present, and officers for the coming year were installed.

Officers are Mrs. Gordie Alexander, chairman; Mrs. Palmer West, vice chairman, and Mrs. Orville James, secretary and treasurer. Delegates from the various clubs for the next year are as follows:

Adams: Miss Lottie Reynolds and Mrs. Will Isaacs.

Cliff: Mrs. Luke Robinson and Mrs. Jack Elder.

County Women's Club: Mrs. Herman Glenn and Mrs. Bill McSwane.

Eldorado: Mrs. Jarvis Benton and Mrs. Elton Ellis.

Reynolds: Mrs. Orville James and Mrs. W. E. Bruton.

Riverside: Miss Pat Talbot and Mrs. George Rogers.

J. C. Carr Moves Family To Priddy, Texas Last Week

ELDORADO RESIDENT FOR 6 YEARS QUITS BUSINESS, RETURNS TO FARM

Eldorado lost some good citizens last week, when J. C. Carr and family, residents of this county for six years, returned to their farm at Priddy, Texas, 30 miles east of Brownwood. Mr. Carr moved the family the first of last week, and returned to Eldorado to close out his business affairs here.

The Cash Service Station, which Mr. Carr operated in connection with the Phillips wholesale agency, will be turned over to another. Mr. Carr has been in business here during all of his six years of residence here. He was agent for the Humble people for five and one-half years, and has been with the Phillips for the past several months, operating the wholesale agency here for his brother, O. A. Carr of San Angelo.

Mr. Carr will not be actively engaged in farming this year, but states that he will be kept busy during most of the time in repairing the premises. The Success regrets the loss of this estimable family but joins their friends here in wishing them success in their new home.

DISTRICT MISSIONARY MEETING TO BE HELD HERE NEXT TUESDAY

The Methodist Missionary Society of the San Angelo district will meet with the Eldorado Methodist church in a zone meeting on Tuesday, January 12.

The subject of this meeting is "Leadership." The all-day program opens at ten o'clock Tuesday, morning, and lunch will be served at noon by members of churches will be guests and will the local organization.

Women from the surrounding churches will be guests and will also participate in the program. All are cordially invited to attend this meeting, especially the women of the church. The societies are anxious to become organized for the biggest and best year's work possible, and, for this reason, a good representation is urged.

ISELY SUCCEEDS STONE AS WORKER IN CONCHO SCOUT AREA

Frederick B. Isely has assumed the duties of a special field representative of the Concho Valley Scout Council. He will supervise work formerly directed by Jack O. Stone, assistant Scout executive who is now Scout executive at Port Arthur. Isely's work will cover the Ranch, Val Verde, Uvalde and border districts of the area. Isely received his Scout training in Ft. Worth, and has attained the rank of Eagle Scout. He served as a counselor on the staff of Camp Worth Ranch near Palo Pinto in the summer of 1930.

GOSPEL SERVICES

Special gospel services will begin at the court house each Thursday and Friday night at 7:30. Every one invited. "No creed but Christ, No law but Love."

Plans Completed For Annual Basketball Tournament Saturday

BRACKETS COMPLETED FOR ALL GAMES; PLAY TO BEGIN AT EIGHT

With the completion of placing the teams for their games, final plans were completed here this week for the second annual basketball tournament which will be held at the high school gym next Saturday.

Eldorado is scheduled to play Mertzon in the opening game at eight o'clock Saturday morning. Other morning games scheduled are Christoval vs. Eola, Sonora vs. Lakeview and Ozona vs. Rocksprings. Four morning and four afternoon games are scheduled.

Finals will be played Saturday night, with a trophy to be awarded to the consolation winner and tournament winner. The all-tournament team will also be selected, with individual medals being awarded to the five members of this team.

Admission will be ten and twenty cents for each of the series of games, morning, afternoon or evening. All-tournament tickets may be secured at twenty cents for students and forty cents for adults.

This is expected to be the best basketball classic ever played in Eldorado, and a large crowd is expected to witness the games.

IRA WOODS WINS FREE TRIP TO ROSE BOWL FOOTBALL GAME

Ira Woods, local agent for the Humble Oil Company, returned last Monday night from a trip to the Rose Bowl football classic in California. This trip was awarded by the Humble company to the bulk station showing the greatest percentage of increase in sales, and Ira won over eleven bulk stations.

The Texas delegation included two bulk station operators, one zone salesman, three service station operators and two service station supervisors. They left from Big Spring, and made the trip by automobile.

Ira says the trip was a very enjoyable one and they saw lots of interesting things, but they almost froze in California. According to Ira, the entire delegation was glad to get back to Texas where the climate is warmer.

GIRLS 4-H CLUBS OF HIGH SCHOOL IN MEETING THURSDAY

Both the junior and senior girls 4-H Clubs met in a joint meeting at the high school on Thursday afternoon. Miss Frances Bowen met with the girls, at which time a canning budget was discussed.

For the past two years, the girls have been carrying leafy and green vegetables in their work, but other vegetables will be stressed this year. Each girl will also try to have a "salad bed" that will provide salads for the entire family.

Mr. and Mrs. C. Snell and children visited with relatives in Lampasas over the week-end.

SMALL TOWN'S FUTURE

Along about this time of year, with a brand new year just in the offing, is a mighty good time to take stock of this and that. A good time, in fact, for residents of small towns to think something of their town's future. Naturally, the big towns want as much business from the small towns as possible, and they offer some services that are indispensable to the small towners.

But, residents of small towns should not overlook the fact that upon them depends the future of their own town, its business. A town with solvent, up-to-date business firms is a good town, and the only way business can remain so is to enjoy the patronage of its people.

It would be poor judgement

to build a fine home a hundred miles from town. It is equally poor judgement to build a fine home in town and then destroy that town by taking your business elsewhere. If a town's worth living in, it's worth supporting.

AN EFFICIENT BODY

We believe that no state body or organization has made more rapid strides toward efficiency in operation than has the Texas Highway Department. This step toward the efficient planning of Texas highway systems and of realizing the greatest possible value for every dollar spent began several years ago, and was further augmented, in our opinion, by the Texas Centennial Celebrations.

When it was definitely determined that Texas would celebrate her Centennial year, the Texas Highway Commission and highway engineers began planning a better system of roads that would lead out-of-state visitors to the chief attractions of the Centennial.

The efficiency of the Texas Highway Department has been brought on to Schleicher county, although we have been in a position to receive but little highway construction. Highway workers were quickly assigned to the job of constructing fills through the lakes that blocked

all traffic on Highway 30 during our rains several months ago, and the speed made on this job was evidence of an efficient organization.

For the past several weeks highway work has been done in this county in the repairing of damage done to Highway 30, north of Eldorado, by the floods. And when this work is completed, we will have a better highway than ever before.

Such efficiency, we believe, reveals to the average Texan that our highway organization is headed by real business men.

REPORT GIVES WORK OF COUNTY AGENTS IN SCHLEICHER COUNTY

The state office of the Extension Service requires that each county agent and home demonstration agent make out an annual report of the year's work done in the county. The following, which is included in the combined reports of the two agents here, shows some of the major accomplishments of the work in Schleicher county during year of 1936:

The two agents put in a total of 558 days work in the county. 4-H Club work consisted of work with 47 different 4-H clubs in the county.

A total of 724 home and farm visits were made, visiting in 331 homes of the county. Approx-

imately 2,997 visits to the agents' offices and 979 phone calls were made in regard to some phase of the extension work.

109 news articles on the work were published, and 2,654 individual letters were written. In addition there were 1,092 circular letters mailed and 335 bulletins distributed.

Exhibits of extension work were shown at 19 different events during the year.

TERRACING

Thirty terracing demonstrations were held during the year, and over 1,465 acres of land were either terraced or contoured. The estimated value of service or saving by means of this phase of the work was set at \$3,702.

Six trench silos were filled in the county.

CONTROL OF ANIMAL PARASITES BRINGS ADDITIONAL PROFIT

West Texans are becoming more and more convinced that control of animal parasites will bring additional profit. This fact is reflected in the reports sent in by various county agricultural agents.

An unusually wet fall in Bandera county has increased the stomach and intestinal worm problem, but ranchmen who have carried on a systematic drenching program estimate that the practice will bring them a 15 per cent increase in their lamb crop.

Goat lice have a large toll annually in the quality of mohair, and ranchmen are turning to the wettable sulphur dip as a means of improving the clip and eradicating this pest. The county agricultural agent of Brown county in cooperation with a specialist from A. and M. College, recently dipped 244 goats on the Bob Low Ranch, 345 on the J. D. Nabors Ranch, and 317 on the C. H. Grady Ranch. The demonstrations were repeated 16 days later, and a marked improvement in the condition of the mohair and general condition of the goats was seen.

In spite of the worst infestation of internal worms in recent years, Oscar Nuemhoffer of Kerr county recently finished marking up 300 fall lambs which he says are the strongest, most vigorous group he has had in the 16 years he has been practicing fall lambing. Nuemhoffer has drenched his ewes regularly every 30 days since April and lost only 3 lambs.

OUTLOOK IS FOR FURTHER IMPROVEMENT SAYS BUREAU OF AGRICULTURAL ECONOMICS

College Station—The outlook is for further improvement in the economic position of agriculture in 1937.

This is the opinion of the Bureau of Agricultural Economics which annually aids farmers with forecasts as to the trend of various agricultural commodities. In general, farmers may expect 1937 to be similar in many respects to 1935.

Farm prices are expected to stay at high levels in 1937, al-

though some decline is probable in the last half of the year. Taxes may move up slightly, and costs of labor, building materials, machinery, and fertilizer will probably be a little higher.

Some increase in cotton acreage is expected. Wheat production will be up, both in the United States and the rest of the world, and declining prices are in prospect.

Increased demand from consumers is expected to aid fruit growers. The stronger demand for vegetables will be largely nullified by increased plantings. Unusually large stocks of rice are on hand and the price out-

look is unfavorable.

Hog prices will be high through 1937 and production will be short for several years. Cattle prices will be higher in 1937 than in 1936 and the outlook for several years is good.

Butter prices will rise to highest levels in seven or eight years.

EAGLES DEFEAT LAKEVIEW QUINTET 26-7

In a game on the local floor Wednesday night, the Eldorado Eagles ran up a score of 26 points to 7 for the Lakeview Chiefs.

Johnnie Clement, although not shooting in his usual form, scored 12 points to lead the scoring for the Eagles. Bryant scored six points, McCalla four, Meador two, and Rounds two. Jennings led the Chiefs in scoring with four points. Probst and Stewart were the other Lakeview tallymen.

Referees were Paul Davis and L. T. Barber.

The Eagles are scheduled to make a strong bid to win the Annual Basketball Tournament to be held in the local gym tomorrow. The tournament was won by Ozona last year. All local students and patrons are urged to attend the tournament and back the Eagle squad.

For Bad Feeling Due to Constipation

Get rid of constipation by taking Black-Draught as soon as you notice that bowel activity has slowed up or you begin to feel sluggish. Thousands prefer Black-Draught for the refreshing relief it has brought them. Mrs. Ray Mullins, of Lufe, Ark., writes: "My husband and I both take Theford's Black-Draught and find it splendid for constipation, biliousness, and the disagreeable, aching, tired feeling that comes from this condition." With reference to Syrup of Black-Draught, which this mother gives her children, she says: "They like the taste and it gave such good results."

BLACK-DRAUGHT

King Edward-Mrs. Simpson Tops A.P.'s List Of Ten Biggest News Stories Of The Year

New York.—At the crossroads of the world's news on the Associated Press general desk, the 10 biggest news stories of 1936 appeared to be:

1. The British Empire crisis over the King Edward-Mrs. Simpson romance.
2. United States political campaign, 1936.
3. The Spanish civil war.
4. Italy's conquest of Ethiopia.
5. Civil war in labor's ranks.
6. United States business recovery.
7. Remilitarization of Rhineland.
8. United States droughts—floods.
9. Hauptmann's execution.
10. Development of Dr. Charles Greeley Abbot's solar steam engine.

This list, as can any, may be turned upside down without losing effect. A hundred other stories may have been more important. A thousand others might be added by a thousand different editors. It is an arbitrary list, made up from a consensus of 20 Associated Press editors, and it represents in the main the news which they remembered and which was displayed in greater volume than others by the American press.

Briefly, the reasons for inclu-

sion of these stories are:

Empire Crisis—Because it threw into bold relief the trend of thought about the monarchy which has been in ascendancy in recent years; because it was a modern fairy tale come to life; because it protended so much for an empire which had been held together by such a traditionally slender thread; because it cost a king his throne.

The Political Campaign—Because, culminating in the re-election of President Roosevelt and the Democratic sweep of congress and state tickets, it held those elements of suspense, struggle and surprise which always intrigue. It was important to the world because many believe it gave effectiveness to a far-reaching social program, inaugurating a new era in American democracy, and gave point to the President's peace efforts in the Americas.

The Spanish Civil War—Because it sharply delineated the broad mass movements of fascism and socialism in Europe and was revealed as the possible forerunner of another great world war, demonstrating the cruelties of modern war and what modern war means.

Italy's Conquest—Because it was the first outright seizure of one nation by another for keeps in this century and marked the

final defeat of League of Nations sanctions and other non-military efforts to stop Italy and it was, in Prime Minister Baldwin's own words, "the humiliation" of Great Britain. A formidable rival to her was set up in that part of the world for the first time since Napoleon was driven from Egypt.

The Labor Dispute—Because after decades of adherence to the craft principle of organization, the issue of industrial unionism came out in opposition to the A. F. of L., with a powerful leader, the final outcome effecting millions of workers in the United States—evidence of labor's new grip on the American way of living.

United States Business Recovery—Because the wave of wage increases and dividend declarations apparently marked the beginning of an end of the depression and the start of what some called a "boom" which would test the mettle of government and big business leaders to prevent a repetition of 1929.

Remilitarization of Rhineland—Because it marked the definite end of the Versailles at-war diplomacy centering in ef- fushed in another phase of post-war diplomacy centering in ef- ferts to maintain peace by armed strength and alliances.

United States Droughts and Floods—Because, following the 1934 drought, the drought proved to be the greatest natural disaster of the year and brought about sustained interest in conversation. The floods unexpectedly inundated sections of such large cities as Pittsburgh, Hartford and Johnstown and caused great loss of life and property.

Hauptmann's Execution—The finale to the greatest "natural" story, together with Lindbergh's exodus to England.

Solar Steam Engine—Because it marks a step along the trail of science which some day may lead to man's harnessing the elements to provide power.

TRAINING OFFERED IN TERRACING TO YOUTH UNDER NYA

Austin, Jan. 6.—Terracing survey work being done by NYA youths under supervision of County Agricultural Agents is training them to be better farmers, two agents reported, to the National Youth Administration this week.

About 550 boys, mostly residents of rural areas, are now working part-time on soil conservation surveys in 57 Texas counties. Work is done for farmers who apply and agree to construct the needed terraces.

C. V. Robinson, Coleman county agent, reported: "We were able to map out 28 farms of about 5,000 acres with the plane table, giving the farmer an exact map of his cultivated land. We were able to turn about 22,500 feet of terrace lines.

"These boys derive much educational information. . . Most of them are boys of grammar school education, and their future depends on labor. We see no reason why they will not be trained to make good farmers."

Texas Highways Will Receive Huge Fund This Year

MORE THAN SEVENTEEN MILLION PROVIDED FOR IMPROVEMENT

Austin, Jan. 1.—Texans may look to \$17,542,634 in highway improvement in 1937. . .

The highway department says this program will improve more than 4,322 miles at a cost of \$7,771,317 each to the Federal and state governments. Also the state will spend approximately \$2,000,000 on non-Federal aid program.

Construction completed in the fiscal year which ended in 1936 cost \$34,479,891, and projects active then, some of which still are active, cost \$38,662,688. Completed were 2,543 miles of improvement, and active during the Fall months were 4,908 miles.

Highway officials say the 1937 state program will not excel \$2,000,000 because it is necessary to match the \$7,771,317 Federal aid program.

The bureau of public roads approved the 1937 regular Federal aid program under which first projects were let in November. The year's program includes 549 miles of grading and small structures, 300 miles of graveling and caliche surfacing, 258 miles of asphalt topping, 205 miles of concrete and brick surfacing, 13 large bridges and landscape projects.

Major phases of the 1937 program are grading and drainage structures on 58 miles of Highway 3 between Marfa and Van Horn and later surfacing to close the last gap in the highway; surfacing Highway 40 through Montague and part of Cooke Counties, some 40 miles in all; 52 miles of grading and drainage structures and surfacing Highway 13 across Oldham and Deaf Smith Counties to complete the state-wide artery, and 36 miles improvement of Highway 33 a-

Ross B. Jenkins, Callahan county agent, wrote: "These boys soon learn how to set up the farm level; how to gauge the distances needed between terraces and to do everything needed in running lines."

Due to bad weather Mr. Jenkins' crew was in the field only eight days but ran terrace lines on about 700 acres of land, he said. "The boys like the work," he wrote. "Most of them are so interested that after they have worked the time allotted to them they wish to go out with me even though they do not receive pay."

cross Parmer County.

Outstanding contracts of 1936 included a new Galveston causeway on Highway 6 at an estimated cost of \$2,000,000. Also contract was let for a Neches River bridge on Highway 87 between Port Arthur and Orange, to cost approximately \$2,500,000.

WEST TEXAS WOMEN BUILD WELL AND BUY INTELLIGENTLY REPORTS SHOW

West Texas women know how to build well and buy intelligently, as reports from home demonstration agents indicate.

In addition to building a clothes closet, Mrs. Noel Joyce, bedroom demonstrator at the Bakerfield home demonstration club in Hudspeth county, has renovated a mattress, added 8 sheets, 4 pairs of pillow cases, 1 feather pillow, 1 cotton comfort and 3 bedspreads, painted the walls of her bedroom and kitchen, and put up curtains. The total cost of all improvements was \$35.50.

The home food supply of Mrs. Joe Pryor, demonstrator of the Pontotoc home demonstration club, Mason county, is valued at \$375.77, and in addition Mrs.

Pryor has sold surplus products to the amount of \$149.61, which does not include sale of turkeys.

A well balanced garden, containing 22 varieties of vegetables, and orchard, dairy cows, poultry, and meat animals enabled Mrs. Pryor to lay in such a splendid supply of food for her family of six.

Mrs. Ernest Wellborn of Center Point, Kerr county, refined furniture, including a desk 70 years old, a spool bed, washstand, dresser, and three comfortable chairs with caned bottoms. She also remodeled her clothes closet, varnished and waxed her floors.

Lady's Painful Trouble Helped By Cardui

Why do so many women take Cardui for the relief of functional pains at monthly times? The answer is that they want results such as Mrs. Herbert W. Hunt, of Hallsville, Texas, describes. She writes: "My health wasn't good. I suffered from cramping. My pain would be so intense it would nauseate me. I would just drag around, so sluggish and 'do-less.' My mother decided to give me Cardui. I began to mend. That tired, sluggish feeling was gone and the pains disappeared. I can't praise Cardui too highly because I know it helped me." . . . If Cardui does not help YOU, consult a physician.

NOBODY'S BUSINESS

Austin.—Allotment of \$3,000,000 of PWA funds, thru the federal bureau of public roads, to Texas for grade crossing elimination in 1937, announced this week in Washington, brings the total program of federal-state road construction in the state for 1937 to about \$22,000,000, which will assure steady employment to many hundreds of workers and contribute to the rising tide of prosperity and jobs in Texas for the new year. The budget now includes three millions for grade crossing elimination—all federal money, which does not require matching by the state; one and a half millions for farm-to-market roads, and \$7,700,000 of regular federal aid, each requiring matching by the state highway department.

Approach of the Feb. 15 date when Gov. Allred will appoint a new highway commissioner to succeed D. K. Martin, of San Antonio, who with Chairman Harry Hines will constitute an Allred named majority on the commission for the first time, has intensified interest in the identity of the new commission in Austin and throught the state. The governor's office remained absolutely silent about the appointment, except to say that it would be submitted to the senate promptly on expiration of Martin's term. The retention of Chief Engineer Gibb Gilchrist, of course, depends largely upon who the new commissioner is, and notwithstanding the rumor factories have been working over-time, nobody but Gov. Allred

knows the answer. And Allred's keeping his counsel.

JOBS ARE BIG TOPIC

Jobs and appointments, always are of paramount interest in political-minded Austin, and the hotel lobby experts were tremendously interested this week in three vacancies on the state board of education. Expiring terms are those of Jim Guleke, of Amarillo, Mrs. J. E. Watkins, of Henderson, and Lew Henderson of Bryan. Best information was that Henderson would be the only one of the trio reappointed. Guleke, recognized as an able and outspoken member, has been rather strongly anti-New Deal. Text-book publishers who get millions of dollars of business from the board, are vitally interested in these appointments.

TWO LOSE OUT

A strong effort to have the office of state superintendent of education, to which L. A. Woods of Waco has just been elected for a third term, filled by appointment by the board of education, rather than elective, will be made in the forthcoming session. A senate committee which includes some of the ablest members of the upper house, has been making a study of the state school system, and will recommend many changes.

One of the arguments for taking the school system out of politics was a recent bit of fantastic cruelty by Woods, who, during the Christmas holidays, dismissed two veteran employes, Asst. Supt. James and Miss Lillian Peek, head of the home econo-

mics department. On the night before Miss Peek was to have delivered an address to a national organization, he sent her a letter notifying her she had been dismissed. James was out of town, and Woods didn't even bother to locate the man who has carried on most of the work of the department, while Woods has traveled over the state building his political fences. He just sent word to James' family that he was fired. Woods gave no reason for either dismissal, but information here is that he considers his aides didn't give him enough political help in the July campaign.

DIARIES ARE DANGEROUS

Diaries are dangerous things for Hoollywood actresses to keep as was proved in the recent Mary Astor divorce case. They are just as dangerous for state employes to keep, too, apparently. One long time railroad commission worker furnished the information during last summer's campaign that Commission Chairman E. O. Thompson had been "out of his office" 181 days last year (or some similar figure). Of course, Thompson was traveling over the state, holding hearings and otherwise carrying on commission business. When asked about his figures, the employe remarked that he "kept a diary on all state officials, even the governor, showing how many days they were absent from Austin." So he has been invited to devote his full time to his diary-keeping, or find another job.

ANOTHER JOB STORY

Still another job story has to do with a brilliant young newspaperman, member of the capitol staff of a big news service. This youngster, instructed to get a photo of a certain University of Texas student who was involved in a sensational story, went to an Austin photographer to get the picture. It happened there were two students with exactly the same name and initials, and the photographer had photos of both. He gave the reporter the wrong one. The reporter was promptly fired, and was out of work for months. Eventually, he got another job and made good. Now he is slated to land a nice place as press agent for one of the state departments, because he has real ability, and proved he could "take it" in the face of tough breaks.

PRESBYTERIAN CHURCH

Services Sunday as follows:
Sunday School at 10:00
Morning Worship at 11:00
Evening Worship at 7:15

You are invited to attend the Sunday School. An interesting class for every age.

"God's Perfect and Final Spokesman" is the subject for the sermon at 11:00 o'clock. God used many ways of speaking to man but there is one that is more plain and complete than any other. And that fact lays upon us an additional responsibility.

"What Company Do You Keep?" is the subject for the evening hour. A person is judged by the company they keep, we often say. And there is a reason for such judgement, and more reasons to keep good company.

The teachers and officers of the Sunday School will have a meeting at 2:30 p. m. Sunday.

A cordial welcome awaits all at our services.

N. P. Wilkinson.

Miss Frances Bowen returned here last week to resume her duties after spending the Christmas holidays with relatives in Austin.

PENNY PITCHERS HAD A TOUGH TIME IN OLD DAYS, WELLS REVEALS

Illegal and punishable by law "to steal anything from a neighbor without that neighbor's consent or to pitch pennies or play marbles for "keeps"—and a criminal offense "for any person, male or female, brown or white, married or single or any derivation or degree thereof to wade, paddle, swim, dive or duck into the water of any irrigation ditch within the city limits!"

Thus did the first mayor of El Paso undertake to "clean up" what is now one of the Southwest's greatest cities, the history and attractions of which Carveth Wells will describe at 6:30 Saturday night over station WFAA, Dallas, in the second of the new series of "Exploring America with Conoco and Carveth Wells" radio programs sponsored by Continental Oil Company.

"El Paso is a metropolis of sunshine and health," says the internationally known explorer, "since it can boast of 331 days of sunshine annually and a healthgiving altitude of 4,000 feet. It is a land of January shirt-sleeve golf. Yet, within a three-hour drive to the snow-blanketed timberland of the high

FOR SALE or TRADE—Scholarship to Byrns Business College. Call Success for further information.

Sacramentos at Cloudcroft, you can use your ski, toboggas and snowshoes."

El Paso serves as excellent headquarters for side trips to nearby Carlsbad Cavern, White Sands at Alamogordo, the old missions of Ysleta and Socorro east of El Paso, the remarkable salt lakes known as Crow Flats northeast of the city, and Juarez, Mexico.

Miss Beulah Williams, who spent the Christmas holidays in Llano, returned to Eldorado Sunday to resume her duties in the local high school.

**SHOWER GIVEN
HONORING MR. AND
MRS. THAXTER FAUGHT**

Mrs. Flora Davis, Mrs. Clem and Cramer Sofge and Mrs. Harvey Spears honored Mr. and Mrs. Thaxter Faught Wednesday Jan. 6, at the home of Mrs. George Sofge.

The following were either present or sent presents: Mrs. Richard Cheatham, Mrs. Will Mc Angus, Mrs. George Sofge, Mrs. Gillis Davis, Pauline Hudson, Mrs. Bill McSwane, Mrs. Roy Glen Gardner, Mrs. Ruby Harris, Mrs. Ashley, Mr. and Mrs. G. F. Spurgers, Mr. and Mrs.

Claude Dailes, Mrs. W. F. Parent, Mrs. Henry Mercer, Mrs. Will Doyle, Hazel Doyle, Mrs. Skeet Griffin, Mr. and Mrs. Cramer Sofge, Mrs. Clemie Clark, Mrs. A. D. Richey, Mrs. Harvey Spears, Mrs. Clem Sofge and Mr. and Mrs. J. Tom Williams.

Every one reported a very enjoyable afternoon and wish them much happiness and success through life.

**SCHOOL ADMINISTRATORS
CONFERENCE HELD IN
AUSTIN JAN. 4 AND 5**

On Monday and Tuesday, January 4 and 5, a school administrators conference was held at the First Baptist Church in Austin. The meeting was the second annual one of its kind to be held in Texas. State Superintendent L. A. Woods presided.

Several important school problems now facing school administrators in Texas were spoken on and discussed from the floor. Among the leading questions included in the program were the twelve-grade system, larger administrative school units, transfers and tuition, certification of teachers, education of handicapped children, danger of carbon monoxide gas in school buses,

FOR RENT—Or lease for 1 year, the Speer section of land one mile east of town. I will be in Eldorado January 9th at the hotel, or write J. C. Speer, 2300 Cumberland Ave., Waco, Texas.

and the school budget.

Among those making speeches at the meeting were Supt. Woods, Miss Wilson, J. J. Brown, Miss Nell Parmley, and John Olsen of the State Department of Education, and Supt. J. Mr. Hodges of Tyler, Supt. H. D. Fillers of Wichita Falls, Supt. G. M. Sims of Port Arthur, Supt. E. K. Barden of Sugar Land, Dr. H. T. Manuel of the University of Texas, and others.

Approximately 500 superintendents attended the conference.

Misses Margaret Hill and Roberta Milligan returned to Austin this week to resume their studies in Texas University.

TO ANGELO HOSPITAL

Frankie Thompson, little daughter of Mr. and Mrs. Jess L. Thompson, was taken to a San Angelo hospital last Tuesday for treatment for appendicitis and kidney trouble. She was brought back home Wednesday, and is reported to be doing nicely.

R. A. Evans and Mrs. Roy Smith went to Fredericksburg last Monday to visit their daughter and sister, Mrs. Leland Haynes.

SCHOOL FACTS

Approximately 33,000,000 boys, girls, and adult citizens, or one of every four persons in our country, turned schoolward this year. About 23,000,000 are attending the kindergarten or elementary school. Six million have entered high school, and about 1,000,000 young men and women are enrolled in emergency education classes, evening schools, and special schools.

Approximately 1,018,000 teachers have assumed the responsibility this year for the instruction of America's students in both public and private institutions of learning.

The annual cost of public education is \$25.61 per citizen, or a cost to each of only 7 cents a day. Add a cent and a half to the 7 cents, and the sum would pay the cost of instructing the 3-364,000 persons enrolled in private schools.

For nearly ten years the number of illiterates of this country has stood at about 4,000,000. It seems difficult to materially reduce this figure, despite the amount of money being expended for education.

**TEXANS TO STUDY
IN NEW ZEALAND**

DENTON.—With a backward glance through the Golden Gate, Miss Winifred Jones, senior student at Texas State College for Women (CIA), will say goodbye to America on Feb. 2 for a year that promises new experiences. The Lancaster, Tex., girl will sail aboard the liner S. S. Monterey from San Francisco, to spend a year as a foreign exchange student studying nutrition at the University of Otago in Dunedin, New Zealand.

The honor came to Miss Jones in recognition of her outstanding work in the home demonstration field. She will arrive at Auckland, N. Z., two weeks and five days after sailing, and from the capital city of the islands she will go to Dunedin, capital of Otago Province, and begin her work under the fellowship granted in a reciprocal arrangement with the University. Miss Isabel Crowe, New Zealand student, attended the College in 1933 under the same plan.

A Safer Way

Your monthly bills may be paid direct from your billfold, but the safest, more convenient way is through your bank.

A permanent systematic record is always available when you have paid by check. A notation may be made on the check, and your receipt is always available. The cost is nominal as compared with the satisfaction of maintaining a checking account with us.

Wm. Cameron & Co., Inc.

"BE IT RESOLVED: That I will make use of the Electric Servant in 1937."

One of the best New Year's Resolutions—a really MODERN Kitchen!

The West Texas Utilities Company long ago resolved that it would bring the West Texas housewife the maximum in service at a minimum cost. This vow has been kept to the letter. As proof, it reminds you that the average housewife today enjoys thrice the comforts of electric service known less than a score of years ago.

Yes, this policy of giving the housewife her money's worth, which has reduced the net average rate per kilowatt hour from as much as 20 cents to 5 cents, today makes electric service the cheapest commodity in the average home.

The modern home is equipped with many appliances that use but relatively few watts of electric energy per hour. Electric refrigerators, electric ranges and electric water heaters operate on

an incentive rate (discount) schedule that amounts to much less than 5 cents a kilowatt hour. There are 1,000 watts in a kilowatt—1,000 watts of energy for one house for 5 cents.

The new electrified home should be the model West Texas American home under these conditions. There is nothing prohibitive about the cost of operating any electric appliance. They have become staple products, recognized as standard for comfortable, modern homes—as much a fixture as the rug on your floor.

Modern housewives will pass a resolution today to modernize their homes in 1937, using the Electric Servant to eliminate drudgery and to stimulate the happiness that electricity served up to you has made possible in this great area.

You can secure your modern Electric Kitchen step by step. As you add each major electric appliance—refrigerator, range and water heater—you automatically receive the benefits of low incentive (discount) rates.

**West Texas Utilities
Company**

SCOUTS OF CONCHO VALLEY AREA PLAN FOR SUMMER CAMP

Boy Scouts of the Concho Valley Council are already preparing for the summer camping season. Through the 1937 Camp Saving Plan, the boys are now saving their money for camp by depositing through their Scoutmaster and finance committee small amounts of money to apply on their summer camp fees.

If a Scout has deposited as much as \$5.50 by May 15th, he will be admitted to any \$6.00 camp operated by the Concho Valley Council. Scouts using the camp saving plan become members of the 1937 camp club, according to Julius J. Johnson, chairman of the camping committee.

Scouters Convention

The third annual Scouters' convention and 11th annual meeting and banquet of the Concho Valley Council will be held in San Angelo on January 22, at the St. Angelus Hotel. Scouters and friends of Scouting from ev-

ery town in the council are expected to attend. A business meeting and discussion sessions will be held from 3 until 6 p.m. The banquet and annual meeting will begin at six-thirty, and a very interesting program of Scouting is planned for the banquet.

FOUNDATION PATTERN VALUED POSSESSION

My directions for the knitting didn't come," says Mrs. Otis Buoe, a member of the Eldorado Home Demonstration Club, "so I measured the number of stitches to the inch and then I knitted the blouse to fit my Foundation pattern."

Mrs. Buie, who was a Wardrobe demonstrator for the Eldorado Club last year and who won honorable mention in the state contest, says that she is constantly finding new uses for her foundation pattern and counts it one of her most valued possessions.

Mrs. W. E. Eaton spent the Christmas holidays with relatives in San Antonio. She returned home on Tuesday of last week.

LION PRESIDENT REVIEWS WORK DURING PAST SIX MONTHS

J. A. Whitten, president of the Eldorado Lions Club, briefly reviewed the work which has been accomplished by the club during the past six months, at the meeting Wednesday, and urged all Lions to greater activity during the coming six months of the fiscal year.

"While the club has not done as much as I had hoped they would do," Whitten said, "we have been rather active, we've done many worth-while things and we have gained some ground instead of losing ground."

L. M. Hoover, the club's secretary, gave a brief report of collections and disbursements during the period, stating the club had been able to "stay out of the red" and had a small balance on hand.

Twenty members were present at this meeting, which was held at the hotel. Wednesday, January 20, was set as the date for reading and adoption of by-laws for the club.

WESTMORELANDS TO FUNERAL OF RELATIVE

Mr. and Mrs. Jerry Westmoreland and children left last Saturday for Rule, Texas, upon receipt of a message that Jerry's grandmother, Mrs. J. C. Westmoreland, 73, had died.

Mrs. Westmoreland had been a resident of Haskell county for many years. Burial was made in the Haskel Cemetery. Jerry and family returned to Eldorado on Tuesday.

BURGLARS VISITED THEM

Dr. L. J. Moore reported that burglars entered his home while the Moore family was away on vacation. Entrance was made by breaking a window, and several articles were reported stolen among which was the little son's bank containing between \$3 and \$5.

An attempt was also made to enter the C. E. Knight home one night last week, but the would-be burglars were scared away.

Miss Marshall Elmore, home economics teacher in the high school, returned Sunday to resume her duties after spending the holidays in Dallas and Sherman.

C. S. McKinney and Aaron Edgar were business visitors in San Angelo last Saturday afternoon.

Glenn Ratliff went to Shreveport, La., last week to visit in the home of his brother. He is also visiting in Dallas and other points while away and is expected to return to Eldorado the latter part of this week.

Mr. and Mrs. R. T. Crain returned home last Monday from a visit in San Antonio, where they visited in the home of Mr. and Mrs. Doc Hudson.
