HAS EYE INFECTION

Forrest Alexander hasn't been able to do much office work for the past ten days. Forrest is suffering from an infection in his eyes, and says it's about to drive him crazy. He has been taking treatments at San Angelo.

The Burk Truck Lines reports the shipment of a mixed load of cattle and hogs to the Ft. Worth market last Monday. Several ranchmen of the county were interested in this shipment.

CHANGES ADDRESS

We had a note from H. Bounds the other day asking us to change his paper and have it sent out on the Christoval route. As most of you know, Mr. Bounds has moved from where he was to where he is now, and doesn't get his mail here any more. We wish him success at his new location.

TWO NEW ONES

We've added two new subscribers to our list since last week, and we're happy to have them. They are Harvey Dickens and R. D. McKee.

E. T. Turnbow and John Williams both renewed their subscriptions last week also. It's mighty fine to have the folks pay up just like they enjoy getting the paper.

Others whose subscriptions have come in this week are Mrs. W. M. Pearce, C. M. Reynolds, Paul Nixon, Earl Cathey, Pete Owens, Luke Thompson, T. C. Stanford, Walter Hanusch, W. N. Ramsay and Mrs. J. D. Ramsey.

IT'S HIS POLICY

One of the first things G. A. McCalla, who is a new comer to our county, did when he landed here was to come in and subscribe for his county paper. We recently met Mr. McCalla when both of us happened to be in the county agent's office at the same time. He's the type fellow we are always glad to welcome to our county.

TO BE ON AIR

Floyd and Lloyd and Billie Louise Spurgers will sing over radio station KGKL, San Angelo next Saturday afternoon at three o'clock. The public is cordially invited to tune in and hear these young folks in this program.

WE JUST WONDER

A. J. Stevens from out the Bailey Ranch way was in town and called on us last Monday. We forgot to ask him if the bumble bees have bothered him any more since he burned up that stack of feed several months ago. We just wonder!

TAIN'T SO!

The report got out Monday that Don McCormick had a good case of the mumps. Don was in town Wednesday and said he never felt better in his life and still hasn't had nairy a mump in his life.

Don was in practically the same position as the humorist of several years ago who put an article in the paper like this: "The report of my death has been greatly exaggerated."

Schleicher County Receives 39.21 Inches Raintall In 1936

RECORDS OF GEO. WILLIAMS SHOWS TOTAL OF 19.10 INCHES IN SEPT.

George Williams, who has been keeping a record of rainfall in Schleicher county for the past several years, brought a record of the 1936 precipitation to the Success Office last Friday.

According to Mr. Williams' record, a total of 39.21 inches was received in this county during the year. The September deluge which brought floods to many portions of the state and which filled all lakes on the divide, blocking many county roads, brought Schleicher county 19.10 inches during the month. Mr. Williams' record for the year, by months is as follows: January, .25; February .60; March, .25; April, .56; May, 5.25; June, 3.95; July, 3.15; August, 1.25; September, 19.10; October, 2.45; November, .90; December, 1.50 inches. Total or year 39.21 inches.

ELECTION JUDGES FOR NEXT TWO YEARS NAMED BY COURT

Election judges to serve in the various voting precincts of Schleicher county for the coming two years were appointed by the Commissioners Court in their meeting last Monday. The judges, by voting precincts, are as follows:

Precinct 1, H. E. Sharp; 2, Jack Mann; 3, J. H. Jackson; 4, Ed Finnigan; 5, L. L. Tisdale; 6, Dick Ramsel; 7, J. F. Oglesby; 8, J. F. Runge; 9, Otto Sauer.

PRESIDING ELDER TO BE HERE SUNDAY

Dr. L. U. Spellman, presiding elder, will be here next Sunday and will preach at the Methodist church at the evening service. Everyone is cordially invited to attend this service.

After the service, Dr. Spellman will hold the second quarterly conference for the local church.

DEMONSTRATION IN FIRST AID GIVEN AT MEETING OF LIONS

Four Boy Scouts, members of the Eldorado Troop, were guests of the Eldorado Lions Club at their regular meeting last Wednesday.

After the luncheon, these boys demonstrated what they were taught in Scout work in first aid. One of them acted as a patient who had been injured in an automobile accident. Lyndon Isaacs was the patient, and Jack Whitley, Bob Bradley and J. T. Ballew did a good job of administering first aid while waiting for the doctor to arrive.

This is one of the many useful things which boys learn in Scout work, and this program was given as a part of the local troop's observance of National Boy Scout Week.

"Coast To Coast" To Be Presented Here On Feburary 19 and 20; Cast Begins Work

Presentation of Winner of the Baby Contest With Cash Prize Given

The cast for "Coast to Coast" the thrilling drama of the networks, sponsored by the Eldorado Lions Club, which is to be presented at the high school auditorium Friday and Saturday February 19th and 20th has been definitely chosen.

Miss Ardath Armstrong of Kansas City, the director, and the casting committee have secured some of the best talent in Eldorado for this production.

The cast includes, Pauline West who plays the part of the local singing teacher, Glenn Rattliff who is very much in love with Jean, the proprietress of the Bosworth music store and played by Marshall Elmore. Pete Perkins, Charles McLaughlin, a good friend of Dev. Sampson, the colored porter, portrayed by R. L. Sample. Titus Pennyback who holds the mortgage on Jean's store and intends to foreclose, John Isaacs. Trixie Trimble, helps Jean and pesters Pete,

Elizabeth Ballew. Jack Skinner and Louie Dicker, portmote amateur contests for the Blow Hard Instrument Co. and are so good that they have even sold counterfeit stamps to the post office, played by Jack Hext and Jimmie West. Percival Snell, a sissy personified and the one and only nephew of Titus Pennyback, Jack Johnson. Lizzie Lullerlittie, a hick like nothing you've seen yet, Mrs. Bess Andrews. Colonel Rowes, announces and runs the amateur hour, Horace Rees.

The various choruses made up of High school girls and young women of Eldorado will charm you with their snappy tunes and catchy dance steps.

Be sure to vote for Eldorado's most popular baby. Each merchant is sponsoring a baby, the votes are one cent each, drop your pennies in the fruit jar in the various stores. The child receiving the highest number of votes is to receive a cash prize the night of the show.

Mrs. Geo. Williams Installs New All Electric Incubator

Mrs. George Williams, who operates a hatchery at her place two miles south of Eldorado, announces the installation of a new James Way all-electric incubator. This new machine is being placed into operation this week. It has a 300-egg capacity, and Mrs. Williams is better equipped to do your custom hatching than ever before.

Mrs. Williams attended the A. & M. Short Course at College Station last summer, where she studied diseases of poultry and says she will be glad to help any poultry raiser with his flocks.

R. A. King Dies Wednesday At Brady

Word was received here late Wednesday of the death of R. A. King, prominent Schleicher county ranchman, who passed away at Brady. Mr. King, who was 69 years of age, had suffered a long illness.

Funeral services were held from the First Presbyterian church in Brady on Thursday afternoon at three o'clock, being conducted by Rev. N. P. Wilkinson of Eldorado, who was assisted by Dr. Guy Davis of Brownwood and Dr. John Angus MacMillan of Brady.

Mr. King was a native of Sherman, coming to Brady at the age of 15 years where he became prominently associated with that city and county. He was in the hotel and hardware business for several years, and gave the present site of the Union Depot. He was active in social and religious circles in Brady throughout his residence there.

Mr. King lived at Brady until 20 years ago, when he moved to Sutton county where he remained about a year, before moving to Schleicher county where he has continuously lived and ranched since.

He is survived by his widow the former Virginia Elizabeth Jones, whom he married in 1897 and four children: R. A. King, Jr., of San Angelo; Mrs. J. B. Granville, Brady; John Irvin King, Sonora; and Mrs. Georgia Brittain of Eldorado. Also surviving are seven grandchildren, one sister, Mrs. Hill Rayburn of Tulsa, Okla., one brother, F. M. Richards of Brady, and a number of neices and nephews.

Active pallbearers were Sam E. Jones, T. K. Jones and Ber. Page, Eldorado; Sid Espy and V. B. Deaton, Brady; and C. T. (See No. 4, Last Page)

City Council Votes To Pay Off Paving Debt Tuesday Night

Members of the City Council voted to wipe out a 6-year-old paving debt at their regular meeting last Tuesday night when they decided to pay off the remaining paving warrants.

These warrants, which are in the amount of approximately \$1250.00, are held by a San Antonio firm, and A. J. Atkins city secretary, was instructed to write this firm to send the warrants to the local bank for collection.

The Council also voted to pay the remaining \$250.00 debt against the street maintainer. This money was made available through collection of 1936 taxes, and makes approximately \$5,000 in back debts which the present administration has paid.

Wide Range Of Events To Be Held At 4-County Meet

Superintendent Smith received recently a list of the events to be held at the 4-County Meet in Menard on March 27. The schools that will be represented in this meet are: Eldorado, Menard, Sonora, and Junction.

The Literary Events are: Declamation, 4 divisions; Debate, 2 divisions; Extemporaneous speech, 2 divisions; Ready Writers, 1 division; Spelling, 1 division; Typewriting, 1 division; and Shorthand, 1 division.

The Athletic Events are: High School Track and Field, 13 events; Junior High Track and Field, 8 events; Tennis, 8 divisions; and Volley Ball.

The winner of each event will receive a medal, and the winning school will receive a trophy. Why not be one in helping win the trophy for our school?

SCHOOL BUILDING UNDERGOING REPAIRS AND IMPROVEMENTS

Workmen are at present busy on the main building, on which some repairs and improvements are being made. The building has just been re-roofed with a new coat of tar, as the roof has not been reconditioned in five years and the guarantee has just expired.

In addition, the building is being completely weather proofed with weather stripping. This improvement will make the old building much more comfortable and a saving in heat will be effected which will perhaps pay for the weather stripping within two or three years. At present, the heat loss due to ill-fitting windows and doors is extremely great. This improvement will make it possible for the new building boiler to adequately heat both the new and old building boiler—with a resultant saving in fuel.

Mrs. Jarvis Benton and Miss Frances Bowen will leave Tuesday for Sweetwater to attend a dramatics school. The school will continue through Friday.

Work Reinstated By Commissioners At Meeting Monday

District Agent Martin Here Monday Announces Change For February 15

E. C. Martin of College Station, Extension service district agent from this district, met with the Commissioners Court last Monday, at which time he announced a change in county agents for this county.

A number of ranchmen and farmers of this county were present to hear Mr. Martin give some brief details of the new government program as it will apply to ranchmen of this territory. After explaining this program, Mr. Martin asked the court to reinstate county agent's work in this county and announced that a new man would be here on February 15th. He said in part:

"The government's program has been carried out in Texas with a cheaper overhead expense than any state in the union. I have just recently received a report from all of Texas, and I'm glad to announce that Schleicher county has put her program over with less expense than any other county in my territory.

"Your present county agent has made a splendid record in your county, and I am now in a position to offer him a better county—to give him a promotion in this work.

"I want to ask the court to reinstate county agent work in this county, and with the permission of the court, I want to make this change, sending you a new man on February 15th.

"Your new county agent is a man who is familiar with conditions as they apply to Schleicher county. He has never been engaged in county agent work, but he has had a considerable experience as a teacher in vocational agriculture and has been very successful in club work—a work in which this county has (See No. 3, Last Page)

CHORAL CLUB GIRLS TO RENDER PROGRAM OVER RADIO FRIDAY

Miss Imogene Mangum will take members of the Choral Club of Eldorado High School to San Angelo next Friday night, where they will appear in a program over Radio Station KGKL. The program will be rendered between 8 and 8:30 o'clock, and the public is invited to tune in and hear these girls.

Girls in the club are Floise Whitten, Johnnie Fern Isaacs, Hazel Doyle, Billie B. Steward, Erma Lee Bodine, Elizabeth Stanford, Lois Parks, Doll Weatherly, Betty Jo Whitten, Rosalyn Jones, Ernestine Finnigan, Leola Sauer, Billie Louise Spurgers, Maxine Wilton and Beatrice Wright.

Supt. J. Carliton Smith will make a short talk during the time assigned to Eldorado, and it is possible that members of the boys' glee club will also have a part on the program.

LET'S CO-OPERATE

By this time next week a new county agent will be on the field and will be laboring under the task of meeting all of us, hearing our woes and learning just what we expect of a county agent.

The success of our new county agent depends a lot upon each individual citizen of the county—especially those of us who have occasion to use the county agent. Seek his advice and information regarding the farm program and ranch program for 1937.

This new man will doubtless come here with an earnest desire to do the impossible—please everybody. And his success in this, too, depends a whole lot upon you.

Schleicher county has gained an enviable record in the state on some phases of her part in the extension work. If we're to continue to hold this reputation and if we're to gain further recognition as one of the best counties in the state of Texas we must work toward that end.

We people of Schleicher county should appreciate the fact that the Extension Service of Texas spends two dollars to our one in carrying on county agent work in this county. Let's show our appreciation by our willingness to co-operate with the new county agent. Let's make him proud of the fact that he came to Schleicher county to begin

Kitchen Planning Is Easy!

WOULD you like to have your old kitchen remodeled as attractively as this? To change it is not as difficult as you would suppose. Kitchen specialists make plans on paper. So why shouldn't you? Draw the room floor measurements on a sheet of paper to show the position and size of windows and doors. Then cut paper and fold it in squares to represent new equipment which may be moved about until you find the most convenient positions that make for efficiency. Since the modern automatic gas

range, refrigerator and sink constitute the three important work centers, they should be placed to take advantage of the room plan, and united by means of storage cabinets and work tops. The continuous working surface is an ideal way to draw these three units into a circle, each of them at equal distances from one another if possible. Valuable suggestions and novel arrangements are to be found in kitchen illustrations shown in magazines, advertisements and newspapers.

his county agent work.

We don't know who this man is, but we do know that the Extension Service is not going to send a man here who is not able to "carry through" if he receives the co-operation of Schleicher county people.

ECONOMIC HIGHLIGHTS

The average citizen has heard relatively little of foreign affairs lately. Events at home—the election, the convening of Congress, the strikes, the unprecedented floods in the Middle West, and South—have taken all his attention.

Yet the foreign situation has grown steadily more menacing.

In Spain, for example, a civil war is going on. Everyone knows that. What everyone doesn't know is that a general European war, on a small scale, is likewise going on in affairs—but the fact remains, according to every fact finding newspaperman who has returned from the Spanish battlefronts, that several European nations have troops actively engaged in Spanish battles, are supplying one side or the other with airplanes, rifles, cannon, ammunition and food. For instance, when the rebellion began, a rebel leader Franco had almost no tanks—now he has great numbers of the most up-to-date type.

And the loyal-modern, well-armed ships.

Finally, why are these nations mixing in a civil war that, theoretically, is none of their business? The answer to that is two-fold.

First, there is a good chance that a loyalist victory would result in the establishment of a communist regime in Spain. Italy and Germany, leading fascist powers, are determined to do everything possible to prevent that—it would threaten their hopes for the gradual extension of fascism through all Europe. By the same token, a rebel victory would be followed by a fascist Spanish government, as General Franco has said. And France and Russia feel that if that happened, they would be put in great danger, inasmuch as they would be surrounded by unfriendly nations.

The second phase of the answer is given by intimation in the quotation from Major Williams. The chatter of diplomats to the contrary, it is a reasonable assumption that Europe would be at war now if the antagonistic powers were not held back by fear of each other's possible strength. It is no secret that Germany would attack France tomorrow, if she were confident she could win—and that France would do the same thing, given the same assurance. Civil war in Spain is providing these powers with a chance to try out their fighting equipment—and the General Staffs are watching with unabated interest.

This "international civil war" has killed thousands of Spaniards. It has laid Spain waste. And it is, perhaps, preparing the way toward the most sanguinary general conflict in world history. Today all Europe is an armed camp—and its weapons are infinitely greater both in number and potential destructiveness

than before the World War. It is very possible that if one of the powers becomes satisfied that the "tests" made in Spain show it to be superior to a neighboring unfriendly power, the blow-off will come with breath-taking suddenness.

So far as America is concerned, the State Department obviously realizes the dangers in Europe—is seeking to formulate an equitable and workable neutrality policy. There is a great deal of debate going on among those with different views. It seems certain that the President will be given wide discretionary powers in dealing with foreign crises. It also seems certain that the old doctrine, dramatized by Wilson, of "freedom of the seas" will be dropped, in the hope of keeping us out of conflict.

The auto strike overshadows all other business news. At this writing, little or nothing has been accomplished in the way of settlement. John L. Lewis, labor generalissimo, is an adamant as ever, and so is Alfred E. Sloan General Motors head. G. M. car production has fallen to extreme lows, with strikers in possession of many plants. Labor chiefs will not call a halt to "sit down" tactics; Mr. Sloan will not arbitrate until strikers leave the plants. So a stalemate exists and long legal battles are pending.

The Administration has done nothing toward forcing a settlement; the belief is growing that it must act soon or the whole course of the recovery movement will be imperiled.

COUNTRY WOMEN'S CLUB MEETS FEB. 3 WITH MRS. ALEANDER

The Country Women's Home Demonstration Club met on Feb. 3rd in the home of Mrs. Gordie Alexander. Miss Frances Bowen, county home demonstration agent, gave a talk on meal planning and purchasing.

A salad plate was served to Mrs. Herman Glenn, Mrs. Tom Alexander, Mrs. Richard Cheatham, Mrs. Bill McSwane, Mrs. Truett Stanford, Mrs. Claude Alexander, Miss Frances Bowen and visitors, Mrs. B. D. Mackey of Bronte, Mrs. Grace Sherrod and Mrs. Norman Hodges.

The next meeting will be at the home of Mrs. Tom Alexander on February 17th.

Strength During MIDDLE LIFE

Strength is extra-important for women going through the change of life. Then the body needs the very best nourishment to fortify it against the changes that are taking place.

In such cases, Cardui has proved helpful to many women. It increases the appetite and aids digestion, favoring more complete transformation of food into living tissue, resulting in improved nutrition and building up and strengthening of the whole system.

He needs milk—out and in, running and playing all day long.

It takes a lot of body building vitamins to keep up the vitality of our girls and boys. Plenty of milk from Stanford's Dairy will help to make them strong.

RESOLUTIONS OF SCHOOL ADMINISTRATORS CONFERENCE RELEASED

The resolutions of the 800 school and county superintendents who met in Austin on January 4 and 5 have just been released, and perhaps serves as a good summary of what the leading educators in Texas stand for at the present time.

For the benefit of those interested in keeping up with the best thought in educational lines, the resolutions are very briefly summarized, with only those of interest to this locality included.

1. That legislation be enacted to encourage the organization of larger administrative school units.
2. That a division of elementary education be established in the State Department of Education.
3. That public school lands not be revalued, and that control of such lands be in the hands of the State Board of Education.
4. That we endorse the Harrison-Fletcher bill for federal aid of education.
5. That we approve the purpose of the Texas Commission on Co-Ordination in Education.
6. That certificate laws be changed and that teachers be certified for specific fields of work.
7. That the State furnish free textbooks for any course accredited by the State Department of Education.
8. That the public schools proceed as rapidly as possible toward the installation of the new twelve year state curriculum program.
9. That the legislature provide for graduate work for negroes at Prairie View College.
10. That we heartily approve the Educational Forum for adult and universal education.

Quick Ice Cube Release Feature Of New Frigidaire

Housewives no longer will struggle with ice trays to release cubes of frozen water, electric refrigerator salesmen were telling prospective purchasers today following introduction in Fort Worth last week of the new 1937 model Frigidaire.

Nearly 1,200 representatives of refrigerator dealers in the Southwest, including a number of Salesmen for the West Texas Utilities Company in District K, viewed the year's current models which feature a quick ice cube release operated by a lever loosening the cubes in an all-metal tray.

"It marks a forward step in refrigeration," T. T. Kuykendall, West Texas Utilities Company sales manager who headed the company's Abilene delegation, said. "Only metal trays are used in the new model Frigidaire. The lever serves to loosen ice cubes so that they drop from the tray quickly and easily, eliminating the loss in ice which occurs when the tray is held under a hot water faucet in the kitchen sink."

As a result of floods in the Mississippi valley, delegates from Memphis, Tenn., attended the Fort Worth meeting. The Memphis conference has been postponed.

SELF CULTURE CLUB CONTINUES STUDY IN RECENT MEETING

Continuing its travel course study with "Spain" as the subject of the program, the Self Culture Club met with Mrs. Bill McSwane Thursday, Jan. 28.

During the business session a one hundred per cent donation was made by members of the club for the Red Cross relief fund for the aid of Ohio Valley flood sufferers. The amount collected was \$20.00.

Mrs. Palmer West as leader opened the program with a discussion of Spanish Art and architecture. Mrs. Truett Stanford read a paper on the Jewel of the Mediterranean. An North African Motor tour was described by Mrs. Gordie Alexander. Mrs. L. M. Hoover finished her review of the book "The Americanization of Edward Bok. Roll call was answered with Spanish traits.

Refreshments were served to Miss John Alexander, Mrs. A. J. Quinn, Mrs. Joab Campbell, Mrs. Richard Cheatham, Miss Pauline West, Mrs. Stanford, Mrs. Hoover, Mrs. Jimmie West, Mrs. O. E. Conner, Mrs. Will Steward, Mrs. George Williams, Mrs. Wiley Ratliff, Miss Chris Enochs, Mrs. West, Mrs. Jim Williams, Mrs. Alexander, Mrs. Reuben Dickens and Mrs. McSwane, members. Guests were Mrs. C. C. West and Mrs. Edgar Spencer.

Mrs. John Parker was taken to a San Angelo hospital for treatment the latter part of last week.

At Your Best!

Free From Constipation

Nothing beats a clean system for health!

At the first sign of constipation, take Black-Draught for prompt relief.

Many men and women have said Black-Draught brings such refreshing relief. By its cleansing action, poisonous effects of constipation are driven out; you soon feel better, more efficient.

Black-Draught costs less than most other laxatives.

Mr. and Mrs. B. O. Taylor of Amarillo are visiting in the home of Mr. and Mrs. Forrest Alexander this week. Mrs. Alexander is a daughter of Mr. and Mrs. Taylor.

ROTATION REDUCES SOIL LOSSES IN COTTON

Texas farmers, in complying with the Agricultural Conservation Program, planted 1,625,236 acres in 222 counties to legumes and an additional 3,819,329 acres in 228 counties were devoted to other soil conserving crops and practices, according to the annual report for 1936 submitted by E. N. Holmgren, administrative assistant of the Texas Extension Service.

Experiments have shown that rotation of crops increases yields by adding fertility and holding moisture. In addition, rotation reduces loss of soil by erosion. The reduction through rotation

has amounted to as much as 18 tons of soil per acre in one year.

Farmers in Texas who complied with the Agricultural Conservation Program in 1936 diverted 3,773,415 acres from their cotton acreage and used these acres to plant legumes and for other soil conserving crops and practices.

Other acreage diverted from soil depleting crops to soil conserving crops and practices include: from rice, 38,266 acres; from peanuts, 23,564; and from general soil depleting crops, 2,519,181 acres.

Of the 2,338,418 acres terraced or contoured in Texas in 1936 under the supervision of county agricultural agents, a total

of 1,401,525 acres were so protected in compliance with the terms of the Agricultural Conservation Program.

Mrs. R. C. Spurgers served cake and cocoa to the 7-B class of Eldorado high school on Tuesday, February 9th, in honor of the birthday of Floyd and Loyd Spurgers. Supt. Smith and

the teachers of 7-B were also present for this event.

O. L. Richardson of Sonora was a business visitor here Tuesday, stopping here while enroute to San Angelo.

Mr. Renschel, game warden of this district, was a business visitor in Eldorado last Tuesday.
