Seventh Grade Give Interesting Program

The Seventh Grade gave an interesting program at the High School Auditorium Monday night. Sixteen were graduated to the High School, 12 of which began their school work in our city. The class roll follows: Samuel Cloud, Jetty Grace DeLong, Mary Jess Koy, Frank Bradley, Cecil Moore, Louise Boyer, Marguerite Chick, June Gafford, Inez Bruton, Milton Spurgers, Mildred Willis, Charles Ratliff, Ollie Ruth Newlin, John Luedicke, Margaret Powers, and William McWhorter.

Eldorado Independents Lose To Red Roosters

The Red Roosters of San Angelo came to Eldorado Sunday and defeated the Eldorado Independents by a score of 13 to 9. The Eldorado team defeating them the previous Sunday, so far we have accomplished nothing and will have to do the whole thing over. The "Poochey Ballews" seemed to have a day of errors.

Southwestern University Seeking To Raise Funds

The Womans Missionary Society of Georgetown, of the First Methodist Church, has sent out an appeal to raise a fund that will be necessary to keep the Southwestern University going. They are asking for cash, and if you do not have cash they want old discarded gold jewelry or silver, or diamond rings, anything that has a value. Many homes have lots of discarded jewelry, that could be turned into cash. Bring it in and leave it at The Success Office or send in a small cash donation if you have it. The University needs some help from the Methodist people just now.

Presbyterians Have Sunday School Picnic

The members and friends of the Presbyterian Sunday School held their Sunday School picnic the past week end on the T. K. Jones ranch. Those present enjoyed the occasion and report a nice outing.

Dr. Gray, their pastor, has accepted a call to a church at El Paso and will soon leave this field of work. He has been here some two years. Who will take his place here has not been decided yet. Dr. and Mrs. Gray have made many friends in our midst.

Senior Commencement Sermon Sunday

The Rev. J. L. Ratliff preached the Commencement Sermon Sunday at the Baptist Church. A good crowd was out to hear it and take part in the morning program.

Mr. and Mrs. Pat Martin went to San Angelo Friday, taking their daughter, Miss Bina Sue, for some dental work.

Curtis An Impostor Admits He Mised Lindberg

And now comes the press dispatches from Hopewell, N. J. that John Hughes Curtis, one of the Norfolk negotiators in the Lindberg kidnap case, has confessed that his story of the many contacts he claimed to have with the supposed kidnapers was only a hoax. "He stated that the boat and all the people to whom he has been referring were creations of his own mind, and do not exist in fact."

An impostor of the most vile sort, that has helped to heap up the grief of the Lindbergs, when he was offering assistance, causing him to be away from home in the hours he was needed most. But as the deed unravels, justice will surely come.

Eastern Star Elects Officers

At a meeting of the Eastern Star last Thursday evening the following officers were elected: Mrs. J. H. Jarvis, Worthy Matron; W. E. Eaton, Worthy Patron; Mrs. Tom Kent, Associate Matron; J. H. Jarvis, Associate Patron; Mrs. W. O. Alexander, Secretary; Mrs. C. M. McWhorter, Treasurer; Mrs. Edwin DeLong, Conductress, and Miss Isabelle Isaacs, Associate Conductress. The installation of these officers will take place at 8 o'clock on the evening of May 31st. The present Worthy Matron, Miss Johnnie Alexander, requests all members to be present at this time. The entertainment committee for that evening will be Mr. and Mrs. W. H. Humphrey, Mrs. J. W. Hoover and Miss Pauline West.

Mrs. H. G. Ross Dies

Mrs. H. G. Ross was born Jan. 29, 1854, died at the home of her daughter, Mrs. Guy Bodine, 8 miles north of Eldorado, Friday evening, May 13, 1932, being 78 years old last January. She was the mother of 15 children, 12 of whom have preceded her in death.

She with her husband and family moved to this county some 26 years ago and have resided most of the time since in this county. She was a member of the Primitive Baptist Church, and the Rev. Richard and J. L. Ratliff conducted the funeral service at the Bodine home, with the Eldorado Funeral Service in charge of the funeral.

Mrs. Ross is survived by three daughters, two Mrs. Armendous, and Mrs. Bodine. The body was laid to rest in the family lot in the Eldorado Cemetery Saturday afternoon.

New Fixtures Arrive For Post Office

The new fixtures for the post office have arrived, and will be installed this and next week.

They are something we can feel proud of. They will cost something like \$4,500.00.

We will likely have some inconveniences in making the change and our friend Alfred J. may get out of humor during the change but we will all be proud of the new fixtures after they are installed.

J. A. Montgomery layman of the Methodist Church in San Angelo addressed the congregation at the Methodist Church in Eldorado Sunday night. While here was a guest of Mr. and Mrs. J. B. Christian. Mr. Montgomery is the father-in-law of Jack Elder, son of Mrs. J. B. Christian, who also accompanied Mr. Montgomery to our city.

W. E. Bruton Shipped Two Trucks Beef Cattle

W. E. Bruton shipped 22 head of fed beef cattle to Ft. Worth Monday by two trucks. They had been fattened by Mr. Bruton on his stock farm from feed he raised last year. They were beauties and should command a good price.

These cattle weighed 770 pounds and sold for \$5.10 per hundred.

Lions Club Elect New Officers

The Lions Club held their regular meeting Wednesday and elected new officers.

Judge J. A. Whitten was elected a delegate to attend the State Convention at Dallas, June 6-7. They voted to have an entertainment June 2, Thursday night, for their wives and sweethearts. A good program is being planned. Each Lion will be assessed \$1.00 extra for the occasion whether he attends or not, so it is cheaper and better to be present.

This being the time to elect officers for the ensuing year, the following were nominated and elected: C. E. Knight, president; W. O. Alexander, Vice-president; R. D. Holt, Sec'y and Treas.; Sam Loyd, Lion Tamer; W. T. Whitten, Tail Twister; and E. C. Hill, Grady Parker and Don McCormick, directors.

The club voted thanks to Miss Grace Karr for her assistance during the past school term to the club.

The next regular meeting will be Wednesday, June 1. The special meeting will be Thursday night, June 2.

SHOWER FOR MRS. LYONELLE BALLEW

Mrs. Lyonelle Ballew was honored by a miscellaneous shower given at the Presbyterian church on Friday, May 6, by a number of friends. A large host of friends were present, each bringing a gift, and those not attending sent gifts.

After a short program and presentation of gifts, refreshments were served and Mrs. Ballew expressed her sincere thanks for the many useful and lovely things she received.

The country side around Ft. McKavett was thrown into a mass of moving humanity last Friday night when John Henry Murr Jr., 3 year-old, wandered away from home late Friday afternoon, and strolled into the woodlands some two miles from the ranch house, accompanied by two faithful ranch dogs.

Quite a number of neighbors and friends from Menard and Junction came and joined the hunting party, and found John Henry Jr. and his two dogs at two o'clock Saturday morning. He had become tired of travel and fell asleep under an evergreen, close by were the two dogs, and the cold rain awakened him and he began to cry and the hunters soon came to his rescue.

Mr. and Mrs. Murr are prominent ranch people of Menard County.

The following members of the Eastern Star attended the School of Instruction in San Angelo on May 18th: Mr. and Mrs. J. H. Jarvis, Mr. and Mrs. W. E. Eaton, Mr. and Mrs. W. O. Alexander, Mrs. D. C. Hill, Mrs. A. J. Atkins, Mrs. C. M. McWhorter, Mrs. Frank Spencer, Mrs. Tom Kent, Mr. and Mrs. W. T. Whitten, Mrs. D. C. Royster, Miss John Alexander, Miss Nettie Isaacs.

Schreiner Sells Wool Average Price Per Pound 9 1/2 Cents

The Schreiner Wool and Mohair Commission Co., sold three million pounds of wool last week, to John Allison and C. D. Stokes. Allison representing Adams and Leland and Stokes representing Winslow and Co., both firms are Boston wool dealers.

Mr. Louis Schreiner says when the co-ops only advanced eight cents per pound on wool that made the price, and these same remarks were made by J. A. Whitten of the San Angelo Wool Central Storage Co., a few weeks ago at the Lions Club here. The Schreiners are one of the largest Wool and Mohair shippers of the state. They also sold their short wool, in fact, they sold their entire wool accumulations, and report that this was the lowest price since 1894.

The wool market like all other products is in a critical condition, but if the products get to moving at some price the country will be able to recover to normalcy sooner.

Paul Nixon was in from the farm Saturday meeting friends.

Former Eldoradoan Dies At San Angelo

Tom M. Williams 69, of San Angelo, died at his home Saturday afternoon, and was buried Sunday afternoon in Fairmount Cemetery.

Mr. Williams is a brother of Sam Williams, Schleicher County prominent ranch owner, and for many years ranched in this county and lived in Eldorado; has two children buried in the Eldorado Cemetery. For the past several years he has resided in San Angelo.

Surviving Mr. Williams, who had been in the furniture business, are the widow, two sons, T. A. and Howard, three daughters, Mrs. J. Ward Brooks of Knickerbocker, Mrs. Charlie McGlaun and Mrs. Luther Creath of San Angelo; two brothers, Sam Williams of Eldorado and Albert Williams of Llano; three sisters, Mrs. John Burk of Eden, Mrs. Alex Gaddy of San Saba, and Mrs. M. A. Yarborough of Sebring, Florida, and nine grandchildren.

MAY 20, 1932

Now since school is out, we can all spend some time fishing that is, those of us that have not been.

Eldorado received nearly two inches of rain Saturday night and Sunday night.

Just 6 weeks longer to run on this bargain offer, after July 1. The Success will be \$1.50 per year. You can get it from now until July 1, 1933 for \$1.00. Send in your subscription and get started. This is election year and you should keep up with the candidates and the general happenings of your county.

The many friends of Carl Kerr were glad to learn last week that he did not have to have an operation. He was carried to Brady, but did not have an operation. Carl is one of the graduates of the school.

A house divided against itself cannot stand. This is a good text for our wool growers to study. They are becoming divided as to the best way to market their products and each group blaming the other for the low price making. The Success is not able to understand, but we now think that the grower would be better off if he could sell on an independent market just like he does his cotton, but our sheep men are in touch with the situation and should be able to remedy the situation. So mote it be.

The Premier of Japan was assassinated Sunday at his home in Tokyo, the second ruler within one year. Inukai was killed by young army cadets, who gave themselves up to the Military authorities. Japan has almost as grave a situation as China. The Premier was 77 years old, and was practically dictator of the government.

Well some of these would be candidates for Governor, can now rest easy, as Gov. Sterling has announced for re-election and they will probably not choose to run.

All the "bears" do not seem to be in Wall Street, from the grand jury indictments returned in the East Texas Oil field steal. There seems to be some rascals in the East Texas Oil field.

The news of the finding of the dead Lindberg baby, was flashed to the world last Thursday evening, just as The Success was going to press. The sad news of this horrible crime spread to the four corners of the earth, even before the father knew of the find, he being off on a hunt trying to follow a clue for the recovery of his stolen baby. All sympathy and condolence of the world cannot replace the baby, but America will probably awaken to the fact that crime must be suppressed, and those who seek to violate the laws of humane society must have to pay for their sins. They begin by trespassing the smaller laws and in the end the most vile crimes of the earth are committed in our own civilization. Our own children are not safe any more. How long will America wink at crime and refuse to act is not known, but something will likely be done now to clean up some of the vices of our larger cities. Where murderers and kidnapers den up. May God hasten the day to come.

Mr. and Mrs. J. H. Jarvis have returned from a vacation which carried them into Oklahoma. They were in from Shell Station Saturday.

The above program was given Tuesday evening at the High School auditorium by the graduating class consisting of 17 young people completing their four years of high school work, from the Eldorado High School, an affiliated school with 26½ units.

The two students making the highest grades for the class were Miss Bernice Bricker, for the girls and Morris Bricker for the boys. They get the scholarship offered by the various colleges.

The program by the Senior class this year was different from any ever rendered by a graduating class from our school. Instead of having an outside speaker, the class furnished the entertainment gotten up by the class, all original and we consider one of the best ever rendered.

The stage was decorated in the class colors, and so arranged that it was real attractive, with Miss Gusta V. Graves, president of the class in the center, introducing each number on the program in a unique way, each responding as indicated by the program above. This is the largest class since 1929, when 29 graduated from our school. The class this year numbering 17.

The program covered much past history of the school, leading up to the four years of the class' high school work, and was very interesting to those who have witnessed the advancement of the Eldorado High School from its one room, one teacher school, to the present institution of learning. The writer being one of the witnesses. May her usefulness continue to multiply.

J. C. Johnson was in from the ranch Saturday. He is ready to shear if the weather permits.

Geo. Dickens, one of Schleicher targer crop growers was in the city Saturday. Mr. Dickens has one of the largest farms in the county.

THIS AND THAT

By Jimmy

"You prohibitionists sent this state to hell in 1928, but you are not going to do it this year," yelled John H. Kirby at the county Democratic convention in Houston. Kirby was pleading for a wet plank in the Democratic platform. The resolution was adopted. ***

The prohibition laws came in for some caustic criticism at the Harris county meeting. In 1928 the people were exceedingly dry. This year the delegates were preponderantly wet. Now the good citizens don't know whether the majority has been on a jag since that time or whether the machine was just "oiled up" for the occasion. ***

But regardless of what happened Harris county is one of the many Texas counties that are "conventionally" wet. ***

Kirby was sincere, he meant business. The prohibitionists are not going to send the state to hell this year—the ants are going to do it, or bust a draw string trying. ***

"I prefer to take my religion from the Sermon on the Mount and not from the Anti-Saloon League," he continued. "And my democracy from Thomas Jefferson rather than from Thomas Love," he shouted amid applause that shook the rafters. The crowd was with him. The dries were at home attending their knitting. ***

To some, it seemed to be a strange way for Democrats to act; but these are strange times. And strange things are happening. If you don't believe it ask John Henderson of Kerr county. If news dispatches are correct Mr. Henderson has uncovered another reason why we must rout depression. ***

According to newspaper accounts, Mr. Henderson had been losing a lot of young turkeys—for no good reason at all. The losses were becoming so regular that Mr. Henderson decided to investigate. With a shotgun under his arm he set out to follow his birds and kill the kidnapper, murderer or whatever it was. ***

As the old turkey hen led her brood to the banks of a creek Henderson following close behind, saw a bullfrog leap out of the water, swallow one of the youngsters and dive back into the creek. ***

That may not be important, but it does seem that when bullfrogs start eating turkeys it's about time to take some action to end the depression. Bulls, bears, and frogs. Whatta world! Whatta world!

Oscar Gibson was in from the farm Saturday.

G. E. Woods was in from the farm Saturday meeting friends and trading.

BREVITIES

(The Editorial Digest)
 Governor Sterling will run for re-election. His private fortune is gone, he says. He will seek wealth in friends. Most politicians do. . . Jim Ferguson now has a target to shoot at. He will no doubt, use high explosives. . . Tom Hunter says Sterling, "the highest bidder at a recent auction of the governor's chair, a self-destroyer of his only claimed asset, a business wizard and an economic genius", has five times, in the absence of his bosses, announced for re-election, and as many times has withdrawn. It will probably stick this time. ***

The state railroad commission needs some corrective attention, thinks the Wichita Times. Charges and counter-charges have been made, with Commissioners Terrell and Smith on one side and Commissioner Neff on the other. There has been too much balderdash and bickering. The people want the thing straightened out. "Wherefore we beg to suggest to Mr. Neff that he file his contemplated resignation in time for his successor to be nominated in the Democratic primary, so that the people will have the opportunity to apply the remedy," the Times pleads. ***

Motorists are revolting against the tax-load on automobiles, we are told. In some states, where the gas tax has reached as high as seven cents, there has been a decline in registrations. Cars are "staying at home" because the owners can't carry the load. There is a movement in Texas to divert part of the gasoline and registration tax away from the highway fund. "If they succeed, there will be a demand for a high gas tax next year and the motorist will shoulder the bill, as usual," observes the Denison Herald. "Texas motorists should rise up and forestall this effort." ***

Claud Meador was in the city Saturday from the ranch looking after business.

G. H. Farrington was in the city Saturday accompanied by W. M. Smith.

Mr. and Mrs. E. W. Maddox of Station A were shopping in Eldorado Tuesday.

PAINS QUIT COMING

"When I was a girl, I suffered periodically with terrible pains in my back and sides. Often I would bend almost double with the intense pain. This would last for hours and I could get no relief.

"I tried almost everything that was recommended to me, but found nothing that would help until I began taking Cardui. My mother thought it would be good for me, so she got a bottle of Cardui and started me taking it. I soon improved. The bad spells quit coming. I was soon in normal health."

THAT CRUCIAL
TEN PER CENT

The people of the United States consume about 90 per cent of what they produce. Ten per cent normally goes abroad.

That may seem a small drop in the bucket. But, as David Lawrence recently pointed out, the 10 per cent may mean the difference between prosperity and depression in the country. A 10 per cent profit on an investment is a very good one. A 10 per cent drop in the business done by a concern usually makes drastic retrenchment essential.

In 1931 the United States sold abroad \$2,500,000,000 less in goods than in 1925. Yet, even in 1931, more than \$1,500,000,000 was paid to 1,400,000 people directly involved in manufactur-

ing products for export. According to Mr. Lawrence, if we could get back the two-and-a-half billions of foreign trade we have lost, we could put more than 1,500,000 men to work, earning about \$1,500,000,000 in wages, all of which would serve to swell our purchasing power as a nation. Another 1,400,000 persons would be put to work supplying the goods these re-employed people wanted to buy. The net gain, therefore, would be employment for close to 3,000,000 workers—more than a third of those now out of work.

There is not a state or a town in the country which is not adversely affected by the decline in foreign trade. In these days commerce between nations grows steadily more important to the stability and prosperity of the world. It is an

ON TEXAS FARMS

By W. H. Darrow,
Extension Service Editor

The tendency of Texas farmers to turn to horses and mules for farm power is noted in Wise county where the county agent reports the acquisition by farmers of a registered Percheron stallion, a Mammoth jack and a "paint" stallion. A county commissioner estimates that 90% of the depleted work stock of the county will be out of use within three years.

"Produce cheap milk to get by the depression" says Nelson Gerringier of Jackson county who produced it at a feed cost of 6 1/4 cents per pound in March. He is a dairy herd demonstrator who weighs and tests each cow's milk and feeds carefully. His 12 cows produced 288 pounds of butterfat that month, bringing production receipts to \$100.80. Feed cost \$18.

George Scott, Madison county farmer who made 11 bales of cotton from 22 terraced acres against 8 bales from 20 unterraced near-by acres last year, tells the county agent that terracing will do more good the first year than the application of 200 pounds of fertilizer, to say nothing of the increased value of the land in later years. He got \$3 worth of cotton per acre for terracing that cost only \$1 per acre.

Since feeding his steers 1-10 pound of limestone flour daily with the grain ration they have eaten more, had less digestive troubles and have apparently made better gains, says H. N. Hanson of Bosque county.

R. B. Robnett, Delta county 4-H club boy, sold 2,600 pounds of hegar seed last year from his one-acre pure line hegar demonstration with the county agent.

After charging for feed, interest and handling expense, Harrison Davis of Grayson county reports to the county agent a profit of \$300 on 67 head of beef cattle bought in November, grazed on oat and wheat pasture through the winter, and sold in March.

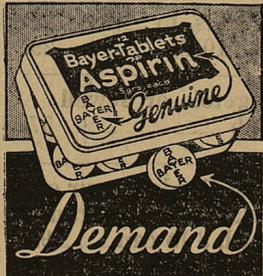

The Editor and wife, daughter, Beatrice and grandson, Bobby, went to San Angelo Sunday to visit Gene Cochran, and hear him preach. He was filling the pulpit for his pastor, who was absent. Gene is just a layman, but used as a text, "Sin"; had a big subject but handled it well. Mr. Cochran is traveling salesman for Martin-Glover Co., and is well known throughout this section by the business people.

international problem—but it is a problem which narrows down until it reaches the smallest hamlet in the hand.

HUNGER

Blessed are they who do hunger and thirst after righteousness, for they shall be filled. Matt. 5:6.

Some have meat and no can eat, Some could eat that want it But we have meat and we can eat And so the Lord be thankit.

We unconsciously grade beings by their hunger. The earth worm lives on dirt, the buzzard on carrion, the cow on grass, man on a variety of foods. But these are merely physical hungerers.

When we turn to mental and spiritual hungerers, man stands alone. However, among men there are many grades of these hungerers. There are men who are of the earth earthy, and are related to the earth worm, harmless, but nearly worthless. Others are hungry for gossip, and pounce eagerly upon a slander and feed upon it with relish. These are related to the Buzzard and Hyena, that every decent person despises. Others are hungry for profanity and vulgarity. These may be dismissed with contempt. But the really great man may be known by his hunger for the higher things of life. Deprive him of the beautiful and he will pay any price in his power to recover it. Deprive him of intellectual society and he is miserable. To read a good book is more to him than the satisfaction of any carnal appetite. His intellect is hungry, and to satisfy it is one of his chief delights. He is thoroughly in sympathy with Chaucer who wrote centuries ago.

Oh for a book and a quiet nook Either indoor or out With the leafy stillness overhead

Or the street cries all about Where I may read all at my ease All at my ease either of the new or old

For a jolly good book where on to look

Is better to me than gold. But hunger for righteousness is a signal of highest manhood.

The good book says: "Feed upon the good word of God that you may grow thereby."

But one says: "I have no hunger for righteousness, how can I remedy that?"

Well, take a good dose of repentance and confession of sin and you will be surprised at how keenly you will hunger for godliness.

STATE FAIR OF TEXAS

Dates for the 46th annual State Fair of Texas at Dallas, have been set for Oct. 8 to 23, inclusive, it has been announced by Otto Herold, new president of the exposition.

The regional show of the American Jersey Cattle Club, which was held at the State Fair of Texas in 1930, has again been awarded to the Texas exposition, and will be held at Dallas during the Southwestern Dairy Show. The region covered by this show consists of eleven states, Texas, Oklahoma, Arkansas, Louisiana, Alabama, Georgia, Florida, North and South Carolina, Tennessee, and Kentucky. The regional Jersey Show assures the Southwest Dairy Show of being the biggest of its kind held in America this year.

Modern Electric Cookery
Will Make Your Kitchen
Cooler . . .
Cleaner . . .
More Economical

Electric Cookery means a cool, happy kitchen, because electric heat is "controlled." It is applied only to the bottom of the utensils, exactly as required. None is wasted to make your kitchen unbearably hot and disagreeable.

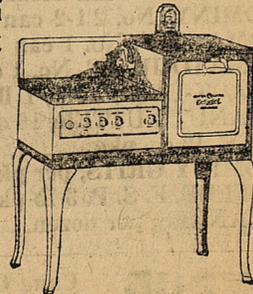

Your kitchen will be cleaner, too, for electricity is clean as sunshine. There's no soot, smoke or grease to soil walls and curtains or begrime pots and pans. Think of all the work you can eliminate by this one feature alone!

And the economy of Electric Cookery will gladden your heart and lower your budget! Electrically-cooked foods retain full bulk weight . . . meats do not shrink . . . vegetables do not boil away . . . and, due to a superior cooking principle, more inexpensive cuts of meat can be used with gratifying success. The

Electric Range cooks foods with all the precious vitamins, essential minerals and delicious food-flavors sealed-in, too!

We will be delighted to demonstrate this modern automatic cook, and explain why it has been approved and endorsed throughout West Texas. Profit by Electric Cookery superiorities NOW!

Call us for an individual investigation of your use of electric service, to determine the cost of cooking by electricity in your home. You may be surprised to know that there are many cases where electric cookery actually decreases the total of electric and gas bills.
