### QUICKER, BETTER RELIEF from use of **Black-Draught**

"I have taken Black-Draught, off and on when needed, for twentyfive years, for it is easy to take," writes Mr. George T. Wharton, of Petersburg, Va. "I take it for constipation and when I have that dull, tired feeling. I take it for colds and other complaints where a good laxative is needed, and I believe it gives me quicker and better relief than any other medicine I know. It certainly has been a help to me."

P.S. — If you have CHILDREN, give them the new, pleasant-tasting SYRUP of Thedford's Black-Draught.

Meet 2nd Tuedsay Night In Each Month

Royal Arch Masons

J. B. Sammons was in from the ranch Monday looking after business. He and Racky Meadow Felix Susen was a business had reached a final agreement as we appeared on the scene.

## Modern Electric Service . . . a Partner of Industry

Modern transmission line electric service has played an important and vital part in the progress and development of West Texas. With a new period of expansion awaiting this territory during the next few years-this dependable,

economical and elastic power supply is destined to play an even greater role in the industrial drama to be enacted

Electricity has been the equalizing force that has enabled progressive small towns to compete on an industrial basis with large centers of population. Because of the adequate, inexpensive power supply furnished to this territory by the West Texas Utilities Company, it is possible for West Texas cities to go after, and secure, the valuable payrolls of industrial establishments. Much progress has been made during the past ten years—and considerably greater advances will be made during the coming decade.

The West Texas Utilities Company, serving 161 progressive cities, towns and communities in this "Land of Opportunity," will continue to work for the development of West Texas. With three major generating stations, nineteen auxiliary plants, more than 2,600 miles of transmission lines and scores of office buildings and warehouses throughout the 250,000 square miles it serves—this company's future and yours are inseparably linked. Working together we will accomplish marvels of progress during the next few years.

Do you know that your increased use of Electric Service is billed on a surpris-ingly low rate schedule . . . and adds only a small amount to your total bill?

West Texas Utilities
Company

NOTICE OF PROPOSED

STATE OF TEXAS:

kept but collectively counted limitations herein provided. of the Constitution of Texas be a favoring majority of the votes Court designated in this Conconsistent with the efficient al Laws of the State relating Peace may be made either electure thereof there be levied a tax conduct of those affairs by nec- to the judicial, tax, fiscal, edu- tive or appointive.
