Schleicher County Gets Some Rain

Saturday and Sunday was threatening rain over Schleicher County, and Saturday afternoon a rain fell over the east side of the County beginning slightly west of Eldorado and grew heavier as it went east reaching a total of one and a quarter inches in some places, but was rather scattering throughout the east side, most of that portion of the county got as much as a half inch. The rain will be of much benefit to the range. Vernon Porter reports an inch and a quarter at his ranch. Burk reports an inch at his ranch, others report rain.

WOOL SCOURING DEMONSTRATION

There will be a county wide demonstration on wool scouring at the Eldorado Wool House Friday April 28, at 2:00 P. M. Everyone interested is invited to come.

BAPTIST PARSONAGE BEING REPAIRED

The Baptist congregation is having the parsonage overhauled this week and treating it to a new covering, making ready for their new pastor, the Rev. L. E. Frazier, who is coming here about the first. Bro. Frazier held a meeting here last month and made many warm friends here while in our midst.

GOOD HIGHWAY BRINGS REVENUE TO SCHLEICHER

Austin, Texas, April 25.—Schleicher county's state highway brings \$72,000 a year in extra business to the county in the form of tourist trade, the Texas Good Roads Association has estimated from a survey of the state's last official traffic census.

This business, the survey points out, does not include "natural" trade from local cars or those of adjoining counties, which obviously would increase with improved roads.

State checkers, from four days' actual count, found the average daily traffic to be 400 motor vehicles on Highway 30.

Motor traffic in Texas is divided, the experts have found, in two almost equal classes. Roughly, half are local cars or from adjoining counties. The other half are from beyond the state, or from Texas points at least two counties distant. The latter are genuine tourists.

"On this basis, some 200 outside cars cross Schleicher county each day," the Association's survey said, "scattering their good American dollars among the restaurants, hotels, tourist camps, hot dog stands, garages, filling stations and stores along the important highways.

"If they spend as little as \$1 per vehicle within the borders of the county, then Schleicher county's trunk roads mean \$6,000 in added business per month or \$72,000 a year, exclusive of the convenience and saving to her own 3,000 people, who operate some 1,000 cars themselves."

The survey, conducted by the Association for every county in Texas was designed to show importance of roads to each community, and thus arouse public opinion against any further diversion of gas tax money, which would cripple the highway program.

W. R. Nicks Well Recovers Lost Bailer

The W. R. Nicks well which has been trying for several weeks to secure a lost bailer in the well, has succeeded in getting to it and getting it out. It has cleaned out below 5,425 feet by Thursday and will probably reach old bottom which is 6,170 feet, and if nothing further goes wrong, should be making new hole next week, which depth is getting to an interesting point.

Tisdale well No. 1 is fishing for 14 joints of casing dropped in the hole about two weeks ago.

SAN ANGELO COLLEGE PROGRAM POSTPONED UNTIL MAY 12TH

The program which was to be given by the San Angelo College students at the school auditorium on April 24th was postponed and is now to be presented on the evening of May 12th. The Parent Teacher Association have agreed to sponsor this program and will charge the small admission price of 5c for all school children and 10 cents for adults. Belton, April 25.—Miss Clyda Pruitt of Eldorado has recently been named on the dean's honor roll at Baylor College for Women here. Because of an average in her courses despite heavy duty in the services of the college, Miss Pruitt ranks among those given highest mention.

At the beginning of the winter term, Miss Pruitt was accepted as a member of the Junior Scholarship Society, an organization composed of those students gaining honors in scholarship among the underclassmen.

L. T. Wilson slipped off from his friend C. B. Reagan and went over into Old Mexico fishing, but has not told of any big catch since his return.

C. E. Knight, F. M. Bradley, J. C. Carr, W. O. Alexander and W. N. Ramsay attended the Lions District meeting at San Angelo Thursday.

Sheriff O. E. Conner while coming in from Sonora Friday night ran over a cow in the lane about ten miles South of town and came very near having a serious wreck and he badly wrecked his new car.

Mr. and Mrs. Silas Burk were in from the ranch Sunday, bringing their daughter back to school. They report about an inch of rain at their ranch.

Teachers Re-elected For 1933-34 Session

At a meeting of the Board of Trustees of the Eldorado Independent School District on April 17, most of the present staff of teachers were re-employed for the next school session. Among these were the following: Miss Una Lee, first grade; Mrs. B. Watson, second grade; Mrs. Payne Robinson, third grade; Mrs. Otis Buie, third grade; Miss Ruth Howell, fifth grade; Mr. H. D. Irby, sixth grade; Mr. J. H. Kelley, high school mathematics; Mr. Dave Williamson, high school science; Miss Willie Allen, high school English; Mr. J. C. Smith, high school commercial work and principal; Miss Blanche Newlin Reynolds School; Mrs. Mary Davis, Mexican School; and Miss Dovie Newman, Alexander School.

The school costs for the 1933-34 session are to further be cut by the reduction of the number of teachers in the Eldorado School and by having a part-time teacher in the Mexican School. The Eldorado school is one of the few schools which has been able to pay its teachers this year and it is not now in debt for maintenance. Also, because costly buildings have not erected at high prices, the district is not suffering from being too heavily indebted on bonds. A salary cut of 15 per cent was made last year for every teacher in the district. The elimination of one full-time teacher will decrease the budget by about \$1,100 for next year.

M. E. CHURCH NOTICE

C. C. Julian wanted in Oklahoma for trial on fraud, prefers to live in China. He skipped his bond and is now in China living surreptitiously at a British Hotel at Shanghai, in the international settlement.

You will have to wait just another 120 days before you can begin paying off that old debt of yours. Then times will probably be better.

Miss Hazel Bruton who is attending Sul Ross College, was at home the past week-end visiting friends and homefolks. This is friends and homefolks.

Mr. and Mrs. A. D. Richey, Mr. and Mrs. Doc Kerr of our city and Mr. and Mrs. J. L. Williams and son of Eden returned Wednesday night from a few days fishing in Old Mexico. They caught plenty to eat, but had no luck in landing the big ones, but a nice outing was enjoyed.

Eli McAngus, who is a student at A. & M. College this year spent last week end at home in Eldorado visiting.

Mr. and Mrs. Charlie Muns and family were in from the ranch Saturday trading and visiting.

WINNIE RUTH JUDD IS HELD INSANE

A jury that heard the evidence against and for Winnie Ruth Judd, who was given a death sentence for the slaying of her friend Agnes Annie LeRoy, in Arizona, in a former trial, said they believed the woman insane, which will place her in a state hospital for medical care instead of going to the gallows as was her fate. Mrs. Judd is a daughter of a minister, and killed two women friends and shipped their bodies to California after dismembering them and placing them in a trunk. The case has attracted much attention.

TIME, TALENT AND TALER

By Frances Mills
Mr. Holt gave a very inter-
esting talk at the Junior-Senior
banquet Friday night that was
enjoyed by every one present.
The title of his speech was
"Time, Talent and Taler." This
talk should be valuable to the
Juniors as well as the Seniors
who are soon going out into the
world.

Mr. Holt said that every body
had the same amount of time
but everybody did not make as
good use of their time as they
could. A person can decide his
own future with the proper use
of his time. When we waste
something that is just as im-
portant as any other of our as-
sets.

He also said that all of the
Juniors and Seniors had a good
deal of talent or else they would
not have been able to reach the
Junior and Senior classes. He
said that some of us may think
that we have no talent but if
we will examine ourselves close-
ly we will find some point that
we can successfully develop.

"Taler" is a German equiv-
alent of money. Mr. Holt brought
out the point that the current
depression had demonstrated
that money and other material

assets are subject to quick and
sizable depreciation in value. He
said that an investment in one's
self would not depreciate but
would be worth more and more
as time goes on. The conclusion
is that while an investment in
material assets are subject to
depreciation an investment in
education will always be of value.
Mr. Holt advised those pres-
ent to get further education if
at all possible. He said that high
school education was just a
foundation for further technical
training.

bates in Spanish." Frances and

The Negative won.

MR. NUNNALLY SPEAKS

TO SENIORS
Louise Boyer
Mr. Nunnally, of San Angelo
Junior College, spoke to the Sen-
ior Class in April 17.

He gave them a brief sum-
mary about the San Angelo Jun-
ior College. He said it would
take two full years to complete
the business course including
typing, shorthand, law, secre-
tary work and book keeping. He
said they taught Physical Edu-
cation, Home Economics, Fine
Arts, Debate, and General law.
Mr. and Mrs. Massie are the
financers, and scholarships are
offered. Mr. Nunnally compared
the Junior College with Harvar-
d. He made an interesting talk
which the Seniors enjoyed very
much.

JUNIOR - SENIOR BANQUET

Thelma Taylor
The Junior - Senior Banquet
went over in a big way last
Friday night at the First Bapt-
ist Church. The senior colors
lavender and gold, were every-
where. The class flower, purple
pansy, seemed to be growing al-
over the walls of the Baptist
Church in enormous sizes. The
lights were covered with gold
and lavender crepe paper. Large
bowls of roses and other flower-
decorated the tables while there
was a blue bonnet at each plate.
The place-cards were purple and
gold with a cute little miss slyly
looking at the boys over a fan
and dancing for the girls.

There were three courses
served which consisted of:
1. Ginger Ale Cocktail.
2. Plate lunch.
3. Ice and cake.

The Grape Ice and yellow
cake with lavender icing carried
the colors further.
The program consisted of
some tiasts rendered by W. B.
Gibson, Willie Ruth Johnson,
Fae Keeney, R. L. Sample and
Miss Meyer; a song, "Just Be-
cause You're You," by Elnora
Andrews accompanied by Miss
Karr; and a talk by Mr. Holt.
We all agreed with W. B. when
he said that we all enjoyed Mr.
Holt's speech very well although
he meant that we all enjoyed his
speech very much. That was all
right and Mr. Holt knew how to

take W. B.'s English errors.
The Seniors want to express
their appreciation, as the foot-
ball boys say, for the best ban-
quet that they have ever attend-
ed since they have been seniors
or anything else.

SENIOR PICNIC GETS RAINED OUT

Thelma Taylor
The Seniors had planned a pic-
nic at Christoval last Saturday
night but it seems that the rain
beat them to their picnic ground.
There were thirteen participant
at the picnic; Jim West, Jack
Kerr, Frances Mills, Inez Cobb,
Margaret Bradley, Hollys Alex-
ander, Thelma Taylor, Margare
Sheen, J. R. Conner, Eugen
Koy, Audrey Smith, Anna Ruth
Spurgers, and Miss Mozelle Tur-
ney, chaperon.

Although there wasn't a great
crowd there we all were like Jim
said he was. He said he was en-
joying himself just as much as
if there were 150 there. There
was mud on the ground but who
cared about the mud when there
was plenty to eat and there was
certainly enough to eat and
plenty to spare. We made ice
water with the ice that was left
so that the fish wouldn't be en-
tirely forgotten and we kindly
said a little prayer for our own
little fish in E. H. S. as we did
so.

SENIOR PLAY TO BE GIVEN APRIL 28

Thelma Taylor
The Seniors will do their bit
toward helping the school along
next year and for years to come,
by giving their play Friday
night, April 28 at the High
School Auditorium. The money
derived from this entertainmen-
will be given to the school for
some improvement or such as
has been the custom here for
some time. If you want to help
out a good cause, then come to
this play and give the amateurs
a big hand. They'll appreciate
it and you'll enjoy it. Don't for-
get the big night, FRIDAY,
APRIL 28.

TENNIS TOURNAMENT TO BE HELD HERE APRIL 29

Gordon Williamson
The Tennis tournament will
be held here in Eldorado Satur-

for the winning singles team,
and one for the winning doubles
team. The teams that will be
here will be all of the class B
schools in this district. The boys
that will be playing for Eldora-
do will be Jack Ratliff, Hollys
Alexander and Joe T. Hext.

JUNIOR CUP MEET TO BE HELD SATURDAY APRIL 29

Gordon Williamson
The meet will be held here at
the school track. We would like
for as many as could to see the

be three different tournament

schools here in this part of the
district. The ones that run Sat-

four them to Austin and see
that they don't get into trouble.
The old saying "Go West My
Boy, Go West," has been chang-
ed by W. B. to "Lets Go East,
My Colleague, Lets Go East."
W. B. thinks they are going to
Washington June 4.

WHAT THE ECONOMICS CLASS IS DOING

Junior Isaacs
The Economics Class is study-
ing investment. This is very in-
teresting and it will also help
the students in later life.

Investment teaches what
questions to ask to find out
what tests to apply to see if
different investments are safe.
This interesting subject teaches
how to have an income at the
retiring age that is equal to the
amount that they have been
used to living off of.

The Economics students have
been working hard in order to
get an A in this work. All the
Economics students wish to
learn this work because it will
help them in later life.

JOKES

Eve never fretted
O'er how she was dressed,
And Adam never had to have
His trousers pressed.

Modern Times
"In God we trust": the state-

On every silver dollar;
But when the banks shut off
our cash,
How we began to holler.

RED CHAIN Egg Mash

PUTS IN THE EGG BASKET

WHAT OTHERS PUT ON PAPER

A fair feeding test of RED CHAIN is the best way to clear up conflicting claims about egg meshes...Talk is cheap—and anyone can find nice words in the dictionary. On paper most feeds claim "more eggs at less cost"—but RED CHAIN actually does what others claim to do!

Don't buy your egg mash for what it does on paper—buy it for what it puts in the egg basket...Feed RED CHAIN to your own hens and see the difference between claims and results. It is the unequalled quality of RED CHAIN Egg Mash that makes it the cheapest egg producer—regardless of price.

SCHOOL TRANSPORTATION COST INCREASING

AUSTIN, Texas, April 25.—Approximately one-twelfth of the white school children of the State requires transportation to school, it is pointed out by William Eilers of the State Department of Education, in an article in the current issue of the Interscholastic Leaguer, published by the University of Texas League Bureau. The reports of the county and of the city superintendents show that 95,541 children were transported at a cost of \$1,403,313 during 1931 and 1932. The State Department of Education in 1926 compiled figures showing that 14,677 children were transported during 1925-1926 at a cost of \$329,870. This shows an increase of nearly 81,000, or a yearly seven-fold increase in six years. The State aid fund in 1931-1932 paid \$196,444 for part of the transportation cost of 59,100 school children. The cost of the remaining 36,441 school children was paid from local sources.

"This immense increase in the transportation of school children has been mainly due to the law permitting the consolidation of smaller schools," Mr. Eilers said. "Four years ago a law was passed authorizing county boards of trustees to group all of the schools of the county for high school purposes; and, after a map of the county indicating these groupings was approved by the State Department of Education the high school units were permitted to consolidate. A great stimulant to consolidation was the bonus paid out of the State aid fund to high school units for partial or entire consolidations.

"The county board of trustees and county superintendent of Wise County were the first in Texas to present and have approved by the State Department of Education a map of the county grouping the schools into high school units.

"McLennan County is credited with transporting more rural children to school at this time than any other county. The county superintendent's report

for 1931-1932 credits this county with transporting 2,437 school children."

High School Notes

Jack Kerr: I tell you, You are going to be glued to your seat when we start putting on our senior play.

Gordon W.: Yea, I thought there would be some way of keeping the audience.

She: Yo utthink more of that dog then you do.

He: Why shouldn't I he growl less than you do.

Cecil Moore: Miss Allen, could you tell me what 'dignity' is?

Miss Allen: Dignity, my son, is what you think you possess until Mr. Holt comes around and says, "What does this mean?" and hands you a paper or something with a mistake on it.

Helped By Cardui

Here's the true story of how Cardui helped Mrs. H. E. Dunaway, of McComb, Miss., as written by herself.

"I was sick and rather discouraged. I was so weak and thin, I was not able to do my work as it should be done. This made me fret a good deal, and did not help my condition.

"I had pains across my back and lower part of my body. My nights were spent in rolling from one side of the bed to the other, hoping I would soon go to sleep. Then when morning would come, I would be just as tired as when I went to bed. A neighbor, seeing how badly I felt, told me to try Cardui. After I had taken one bottle, I was much better. I kept on taking Cardui, and I was stronger and slept much better at night."

FRIESS WILL ENTER STATE MEET IN MAY

Harold Friess, Sonora high school flash, will be allowed to enter the state meet of the Interscholastic League in Austin May 5 by virtue of winning second place in the mile run at the district meet in San Angelo Saturday and the fact that his shoe was put off by another runner's spike, fouling him out of the 440-yard dash.

He will be eligible to enter either event at Austin. He will train for both, and will enter one or the other.

Sonora boys won no other places Saturday.—Devils River News.

ON TEXAS FARMS

By W. H. Darrows, Extension Service Editor

Not content with showing the champion lamb at Fort Worth a year ago, Cecil Moore, a Schleicher county 4-H club boy raised a car load of 50 this year which were judged champions at San Angelo and Fort Worth. He now plans to feed sheep commercially on his father's farm.

The success of his 4-H club son in feeding two baby beeves by Extension Service methods has caused Charlie Flukenger in Waller county to resolve to breed up his grade beef herd and to finish his calves for market.
