OF AND FOR ELDORADO AND SCHLEICHER COUNTY. ALL THE TIME

## Why I Belong To The Eldorado Lions Club

Man does not live to himself, independent of the people among whom he lives. Our very existence depends upon cooperation. We must have it in our city, county, state and national government. Our churches are dependent on it to carry forward their work. So, also, our social and civic progress must be promoted by the cooperation of our citizens, if it is to be attained. Because I want to work with my neighbors for progress, I joined the Lions Club as one step in that direction.

The Lions Club has a weekly luncheon where its members may spend an hour in fellowship with each other. I like the society of my friends, so I enjoy these luncheon hours. It pays in dollars and cents to know your neighbors but that is the lowest plane to put it on. It pays in higher ideals, warmer friendships and nobler aims; things that money cannot buy. These luncheons gave me another good excuse for joining the club.

There are Lions Clubs all over the United States. My membership would be of advantage to me in case I should travel beyond the bounds of my home county. This is a good reason for my membership.

The Eldorado Lions Club has sponsored almost every move made for civic progress in and around Eldorado since its organization, among which might be mentioned street lighting, paving, clean-up work, topping of road to the depot, school side walk now being built, conventions entertained, boy scout movement and others. Because I want to be an active supporter of such movements, I am keeping my membership in the club.

I want to be able to say "This would be a good thing for Eldorado and Schleicher County. Let's go after it," rather than say "Why don't you fellows in the Lions Club do something about this?" I want to be with the club that is doing things, and not on the outside suggesting what some one else should do. If there is a load to carry and there always is in progress, I do not want the other fellow to have to carry both my part and his. I am not willing for my neighbor to be constantly working to build up my business, my town and my county without helping him to the extent of my ability. My membership in the club is the best way of doing this. If for any reason I cannot attend the luncheons I am not going to let that fact keep me from supporting the club with my dues and moral assistance. While the luncheons are enjoyable and worth attending, they are a small feature of the club life and merely furnish an opportunity for discussing and planning the good of the community.

If you are a citizen of Eldorado or Schleicher County; if you believe the things mentioned above; if you want the town to build and the county to develop and want to do your part in that direction you can do it much better with the cooperation of others who have like aims and ambitions. The Lions Club is the only organization in Eldorado devoted exclusively to civic progress. Join us and let's go forward together.

## Boy Scouts To Meet At Mertzon

Final arrangements are being made this week for the opening of Camp Louis Farr on Spring Creek near Mertzon, Texas on next Monday morning. A large group of local Scouts are planning to attend with some of the local leaders.

Every precaution is taken to insure the health and safety of the Scouts while in Camp Louis Farr. In accordance with the standards required by the Boy Scouts of America all water used in cooking, drinking and swimming is tested by the State Department of Health.

The food and menu are supervised by a trained dietician and is balanced to give the Scouts enough calories of the right kind to assure that they will gain weight at the same time they are taking part in the program of activities.

More than thirty expert instructors have been signed up to be in Camp on May 29. These instructors will teach Indian-craft, archery, tin-can-craft, beadwork, leatherwork, metalwork, woodcarving, Scoutcraft, naturelore, angling, athletics, personal health and a dozen other subjects that are interesting to Scouts.

The swimming program will be especially interesting. Jim Atkinson of San Angelo will be water front director. Instruction will be given for beginners and advanced swimmers and also in the completion of the Red Cross Life Saving tests.

The camp will be directed by B. W. Draper, Scout Executive of the Concho Valley Council.

## Yard Improvement Specialist

Miss Onah Jacks, yard improvement specialist from A. & M. College spent May 23 and 24 with Miss Mabel Howell, County Home Demonstration Agent. Visits were made to several homes and an intensive yard plan was made at the H. M. Freund home. Mrs. Freund is the yard demonstrator for the Mayer Hmoe Demonstration Club.

The last meeting of the Bailey Ranch Home Demonstration Club was held last Friday, May 19 at the home of Mrs. Claude Meador. The members responded to roll call with a discussion of their garden. The president, Mrs. Oscar Gibson outlined the work of the club year and explained the goals we are working for. At the previous meeting which was held at the home of Mrs. Lester Henderson, on May 5th, Miss Howell, county demonstrator helped the members work out a food budget for the coming year. In this way the members may know the quantity and variety of food needed to provide a balanced diet for their families. At each meeting recipes are exchanged and each member planned to make a pair of pillow cases. Refreshments were served to Mesdames. J. H. Faul, Oscar, Gibson, Claude Meador, Tom Redford, Ervin Mund, Arthur Mund, Frank Kinser, Lester Henderson, Hop Ashmore, Jess Nixon and Oddest Suddith.

Mr. and Mrs. J. D. Timming, Jr., of Hutto, Texas, are here this week visiting Mr. and Mrs. V. G. Tisdale. Mrs. Timming was formerly Miss Pat Tisdale.

Potter County has an A-1 sheriff. When the cafe men of that city began selling 3.2 beer under a Federal license, he arrested them and confiscated their products until they all decided they had better wait until Texas repealed the law.

Congratulations to Sheriff W. N. Adams. San Antonio and Galveston officials said they would hands off and allow the liquor men to have their way but we have hope that Attorney General Alfred will see that they close up. He gave out a statement condemning the Federal Department for issuing permits in dry states. Stay right in there Jimmie, Texas will back you up.

## METHODIST SERVICE SUNDAY. LAYMAN'S DAY

Sunday School at 10:00 A. M. Talk from J. A. Montgomery, of San Angelo at 11 o'clock. Subject, "Stewardship"

Evening hour, "Practical Christian Living."

We urge all our people to come to our services, especially on Layman's Day.

W. H. Marshall

## REV. W. H. MARSHALL LEAVES FOR TRIP WITH CRUSADERS

The Rev. W. H. Marshall who has been working with the young boys in our community and has organized them into a crusader band, left Thursday morning for a few days trip which will take them through the Rio Grande Valley, into Old Mexico at Matamoros, returning by way of Corpus Christi. The trip will be educational and full of sightseeing events for the boys, which will long be remembered by these youngsters. The trip was financed by the people of Eldorado and Schleicher County, who loves boys and have their best interest at heart. The Rev. Marshall is to be commended for the interest he has taken in these boys and made the trip possible.

Mrs. Irby Boynton of Cuba is visiting her parents Mr. and Mrs. W. M. Pearce for awhile. They are contemplating going to the World's Fair.

Mr. and Mrs. J. A. Nixon of Ft. Worth came in last week to visit Mrs. Nixon's sister, Mrs. Oscar Gibson. Mr. Nixon has returned to Ft. Worth, but Mrs. Nixon will remain on the ranch with Mrs. Gibson for an extended visit.

Our friend Hugh Richardson was in from the ranch Tuesday with his wool, unloading it at the Eldorado Wool Company warehouse. Mr. Richardson has been in Schleicher County for several moons and has had more sheep at times than he has now but said Tuesday that the wool off of these was his and he owed no one anything on his sheep.

When every sheepman in Schleicher county can say the same thing the sheep industry in this county will flourish like a spring garden after a fine rain.

## Prohibitionists Meet In San Angelo

Wednesday the prohibition forces gathered in San Angelo to make plans to carry on a successful fight to keep Texas in the dry columns on August 26 next. Among the State speakers were Dr. Atticus Webb, E. M. Critz, of Coleman; George Wilson, former assistant Attorney General, Rev. J. H. McClain, of Ballinger, Judge Frank Sweet, of Brownwood, Rev. C. E. Marshall, of Brady and Dr. J. W. Hunt, of Abilene. All of the men are noted speakers and were on the program Wednesday. They are men full of the best information and are not controlled or bought by the Brewer Association. They love God and the country more than silver or gold and do not believe that Texas or the United States should again be afflicted by the damnable drink habit.

They stand for decency and sobriety and urge the citizens of West Texas and all United States to awake to the situation in time to save the nation.

## IRAAN SCHOOL BAND MAKE HIT IN CONCERT

The Iraan School band composed of 46 people mostly school children, gave a band concert at the High School Auditorium, Monday night under the auspices of the Boy Scouts, which was enjoyed by a good many people of our city and community. The program was self evidence that the Iraan band has been under good supervision for the past two years. The purpose of the band on its good will tour is to promote good will among neighboring communities.

They will visit San Angelo and Breckenridge Park in San Antonio before returning to Iraan. They are travelling in two large school buses owned by the Iraan school.

Eldorado opened their homes to the visitors and kept them over night as they made no charge for the concert. The admission charges went to the local Boy Scouts.

## OIL NEWS

Joe Tisdale well is drilling as we go to press Thursday at about 510 feet below the top of the lost pipe but are still some 200 feet off of old bottom.

W. R. Nicks No. 1, began drilling out cement and found the top of a bailor which had been sidetracked, had fallen to bottom of hole when lowering the casing and consequently slow progress is being made. They were bailing water from the hole Wednesday.

There were fourteen members present and two visitors. The program was planned for Mother's Day.

In the sale were numerous lots. The Samson Oglesby, Jr. clip of about 40,000 pounds is reported to have been contracted at 25c.

At the close of last week, Thomson Bros. & Lawhon sold to Wright Bros., their clip of 40,000 pounds at 25c. The same firm also bought about 12,000 pounds from Joe Logan and 10,000 from R. M. Thomson, Jr. These wools were shipped by the local wool house Monday.

## GULF REFINING COMPANY PUTS NEW DEAL IN PRACTICAL OPERATION

Extensive Advertising Campaign Launched by Gulf Refining Company To Show Its Belief In Upward Trend Of Commerce and Industry

Here's one of the most remarkable stories, as well as one that is of special interest to all the people of Texas. Three years ago the Gulf Refining Company engineers made a discovery of revolutionary importance to the oil industry. A discovery so advanced, so significant, that it made possible a finer, longer-lived motor oil than the industry had ever seen.

This discovery was an utterly new refining process—the now-famous Alchlor Process, exclusive with Gulf. The oil made by it is called Gulfpride.

At first it was possible to produce only limited quantities of this new remarkably oil. But so amazingly outstanding was its quality that—utterly without advertising and publicity—its fame spread throughout the United States and all foreign nations. It came into universal demand wherever the finest motor lubrication was sought.

Gulfpride has proved itself beyond question the finest motor oil in the world. This oil is manufactured in the Gulf Refinery in Port Arthur, Texas. It has established seventeen world's records. It has surpassed every set of specifications ever issued for a motor oil, including U. S. Army, U. S. Navy and British Government.

Gulfpride is now in demand in all corners of the earth and shipped to all points from Port Arthur, Texas, where it is manufactured.

The current extensive advertising campaign of the Gulf Refining Company now appearing in Texas newspapers is stressing this oil and too, the fact that Gulf stations sell three grades of oil and gasoline at three prices, ranging from the buying power of the motorist who wants a low priced gasoline or oil, but wants the most possible value for the money, to the motorist who wants the very best regardless of cost.

Will Rogers can be heard on the air every Sunday evening, on the Gulf Refining Company radio program at 7:00 P. M. and Irvin S. Cobb on Wednesday and Friday evening at the same hour. A weekly comic paper is distributed free at all Gulf stations.

Mrs. Marie Perner and children are here this week guest of C. C. Doty. Mrs. Perner's father, Mr. Perner will join them before returning to the ranch.

Friday, May 26

There are four constitutional Amendments to be submitted to the people in August. One is the submitting of the liquor question, one is the \$20,000,000.00 employment bond issue and one is a homestead tax amendment and the other is to provide home rule to counties having 62,000 or over population. It will behoove each of us to post ourselves in all these questions and be prepared to vote.

Now since the Legislature has ordered an election to change the Constitution of the State of Texas and to repeal the 18th Amendment, the citizenship of this great State must prepare themselves on the proper way to vote. Will the people vote booze back without any restrictions. The Success believes that the State will remain dry and that it will favor the retention of the 18th amendment and especially so in this county. It is true if you are to believe the news reports. It looks like the liquor is doomed to come back but the people have not spoken and the paid news dispatches may not all be true.

The time and opportunity is coming back now when the fellow with the ambition can make good again. Can find something that he can work at and something to invest in that will make him some kind of remuneration that will be worth while. Our stocks, bonds and other properties are coming to have a value as well as the dollar.

Our friend Newt Craig takes issue with us agreeing with the Fergusons on allowing all the people or citizens to vote on the liquor question by permission of the Legislature. He seems to think all the Mexicans and negroes are antis and none of them had paid their poll tax and tells us we are wrong. We wonder if this is the first time we are, if we are. Anyway Mr. Craig does not think anyone who has no poll tax should vote. Our guess is that there is about as many pro voters without poll taxes as there are antis. If all could vote and have a say, how nice it would be if the pros do win and we think they will.

If you want a real garden of Eden, travel through the east portion of Schleicher county. Everything is green and the best grass in ages on the ranch. In fact most of Schleicher county has been in the recent rain. Just the West side is still dry. The ranch people however are not suffering but the farmers can not get their crops up without more rain and in some places they will get it up but must have more rain if it grows to do any good.

Aubrey Baugh was taken to San Angelo the first of the week and remained at the hospital for a thorough examination and treatment. His friends trust that he will be able to return by the week end.

While the balance of the world talks peace and disarmament, the Japs push war on the Chinese and continue to take their territory which makes a fellow believe in real armament instead of disarmament. If China was armed she could at least resist her enemies. As it is she is a helpless lamb before her shearers.

Our friend Hampton of Station A was in the city Monday telling us how well his ball team should beat Eldorado but some cause he has never got the job done. Now since we learn that our friend Buck Bailey is to be here for a month, it would be well for Mr. Hampton to get his squad in tip top shape and do the job while Buck is with the team and it will sure enough be worth the price if he can get the job done. Buck has been defeated in several games but has never learned to like it, then too, if we can get him in several games it will get his mind off

## GARDEN OF EXPERIENCE

By F. G. Clark

Financial affairs are on the up grade and there is a substantial cause behind this upward movement. Depressions are not broken by balyhoo or senseless optimism. Sensible and real things must be accomplished in order to meet the situation.

In examining the history of past panics we find that not one of them has been broken, except by increasing the circulatory medium and as long as the administration refuses to do this the panic continues. Grant prolonged the panic of '73 by vetoing the bill to remonitize silver and Cleveland did the same in '93. The trouble is we have been bound by the traditions of the past and have come to worship the Gold Standard as God. Loyalty of this god must not be impaired, the millions starve and the nation trembles on the verge of bankruptcy. Cleveland coined the phrase; "the tyranny of preconceived opinion," but failed to see that he, himself was a victim of it.

It takes clear vision and dauntless courage to put away antiquated habits and meet a modern crisis with modern methods. The agencies of civilization, both in church and state have been hampered greatly by this human trait that binds the race to out grow schemes and dogmas. It is the mark of a truly great man who can take his eyes of the past and turning them on the future, solve the problems of today by methods of today.

The Savior's advice is still good; "Let the dead past bury its dead and come and follow me." This is exactly what our great President is saying to us in this crisis. New factors have entered into the problem and a new solution is called for—this I am offering you. Follow me and we will emerge into the sun shine of prosperity once more. In the meantime we are already seeing signs of its coming—that it is even at the door. When the buds on the trees begin to swell you may know that spring is nigh and the wise man will make his preparations accordingly.

Prices are advancing and the cause is not due to senseless optimism but to a substantial reason. We have gone off the gold standard and this has cheapened the dollar which had become much to dear when measured by commodities. If you have anything to sell, hold onto it as long as possible for prices are rising. If you have money, invest it now and you will make an easy profit for yourself and help others by placing it in the channels of trade. The dollar, however is only cheapened toward commodities. It is worth the same as ever, when applied to the payment of debts and the restoration of values. Trust your president and "Carry On."

(1) Holding the belief that the highest degree of local self government which is consistent with the efficient conduct of those affairs by necessity lodged in the Nation and the State will prove most responsive to the will of the people, and result to reward their diligence and intelligence by greater economy and efficiency in their local governmental affairs, it hereby is ordained:

"(2) Any county having a population of sixty-two thousand (62,000) or more according to the then last Federal Census may adopt a County Home Rule Charter, to embrace those powers appropriate hereto, with in the specific limitations hereinafter provided. It further is provided that the Legislature, by a favoring vote of two-thirds of the total membership of both the Senate and the House of Representatives, may authorize any county, having a population less than that above specified, to proceed hereunder for the adoption of a Charter; however, as a condition for such authorization, it is required that notice of the intent to seek Legislative authority hereunder must be published in one or more newspapers, to give general circulation in the county affected, not less than once per week for four (4) consecutive weeks, and the first of such publications shall appear not less than thirty (30) days next prior to the time an Act making proposal hereunder may be introduced in the Legislature. No County Home Rule Charter may be adopted by any county save upon a favoring vote of the resident qualified electors of the affected county. In elections submitting to the voters a proposal to adopt a Charter (unless otherwise provided by a two-thirds vote of the total membership of each House of the Legislature) the votes cast by the qualified electors residing within the limits of all the incorporated cities and towns of the county shall be separately

kept but collectively counted and the votes of the qualified electors of the county who do not reside within the limits of any incorporated city or town likewise shall be separately kept and separately counted, and unless there be a favoring majority of the votes cast within and a favoring majority of the votes cast without such collective cities and towns, the Charter shall not be adopted. It is expressly forbidden that any such Charter may inconsonantly affect the operation of the General Laws of the State relating to the judicial, tax, fiscal, educational, police, highway and health systems, or any other department of the State's superior government. Nothing herein contained shall be deemed to authorize the adoption of a Charter provision inimical to or inconsistent with the sovereignty and established public policies of this State, and no provision having such vice shall have validity as against the State. No Charter provision may operate to impair the exemption of homesteads as established by this Constitution and the Statutes relating thereto.

"(3) a. A Charter hereunder may provide: the continuance of a County Commissioners' Court, as now constituted, to serve as the governing body of a county to operate hereunder; or, may provide for a governing body otherwise constituted, which shall be elective, and service therein shall be upon such qualifications, for such terms, under such plan of representation, and upon such conditions of tenure and compensation as may be fixed by any such Charter. The terms for service in such governing body may exceed two (2) years, but shall not exceed six (6) years. In any event, in addition to the powers and duties provided by any such Charter, such governing body shall exercise all powers, and discharge all duties which, in the absence of the provisions hereof, would devolve by law on County Commissioners and County Commissioners' Courts. Further, any such Charter may provide for the organization, reorganization, establishment and administration of the government of the county, including the control and regulation of the performance of and the compensation for all duties required in the conduct of the county affairs, subject to the

limitations herein provided. "b. A Charter hereunder may provide that Judges of County Courts (including that County Court designated in this Constitution), and Justices of the Peace be compensated upon a salary basis in lieu of fees. The jurisdiction of the County Court designated in this Constitution, and the duties of the Judges thereof, may be confined to that general jurisdiction of a probate Court which elsewhere is defined in this Constitution. The office of Justice of the Peace may be made either elective or appointive. Other than as herein provided, no such Charter shall provide for altering the jurisdiction or procedure of any Court. The duties of District Attorney and—County Attorney may be confined to representing the State in civil cases to which the State is a party and to enforcement of the State's Penal Code, and the compensation of said attorneys may be fixed on a salary basis in lieu of fees. "c. Save as hereinabove and hereinafter otherwise provided, such Charters, within the limits expressed therein, may invest the governing body to be established for any county electing to operate hereunder with the power to create, consolidate or abolish any office or department, whether created by other provisions of the Constitutions or by statute, define the duties thereof, fix the compensation for service therein, make the same elective or appointive and prescribe the time, qualifications and conditions for tenure in any such office; save that no such Charter other than as hereinbefore authorized shall provide to regulate the status, service, duties or compensation of members of the Legislature, Judges of the Courts, District Attorneys, County Attorneys, or any office whatever by the law of the State required to be filled by an election embracing more than one county. Excepting herefrom nominations, elections or appointments to offices, the terms whereof may not have expired prior to the adoption of the Amendment to the Constitution at such time as a Charter provision adopted hereunder may be in effect (save as to those offices which must continue to be elective, as herein elsewhere specified), all terms of county officers and all contracts for the giving of service by deputies under such officers, may be subject to termination by the administrative body of the county, under an adopted Charter so providing, and there shall be no liability by reason thereof. "d. Any county electing to operate hereunder shall have the power, by Charter provision, to levy, assess and collect taxes, and to fix the maximum rate for ad valorem taxes to be levied for specific purposes, in accordance with the Constitution and laws of this State, provided, however, that the limit of the aggregate taxes which may be levied, assessed and collected hereunder shall not exceed the limit or total fixed, or hereafter to be fixed, by this Constitution to control counties, and the annual assessment upon property, both real, personal, and mixed, shall be a first superior and prior lien thereon. "e. In addition to the powers herein provided, and in addition to powers included in County Home Rule Charters, any county may, by a majority vote of the qualified electors of said county, amend its Charter to include other powers, functions, duties and rights which now or hereafter may be provided by this Constitution and the statutes of the State for counties. "(4). Any county operating hereunder shall have the power to borrow money for all purposes lawful under its Charter, to include the refunding of a lawful debt, in a manner conforming to the General Laws of the State, and may issue therefor its obligations. Such obligations, other than those to refund a lawful debt, shall not be valid unless authorized by a majority of all votes cast by those resident qualified voters of the area affected by the taxes required to retire such obligations, who may vote thereon. In cases of county obligations, maturing after a period of five (5) years, the same shall be issued to mature serially, fixing the first maturity of principal at a time not to exceed two (2) years next after the date of the is-

suance of such obligations. Such obligations may pledge the full faith and credit of the county; but in no event shall the aggregate obligations so issued, in principal amount outstanding at any one time, exceed the then existing Constitutional limits for such obligations and such indebtedness and its supporting tax shall constitute a first and superior lien upon the property taxable in such county. No obligation issued hereunder shall be valid unless prior to the time of the issuance thereof there be levied a tax sufficient to retire the same as it matures which tax shall not exceed the then existing Constitutional limits.

"(5). Such Charter may authorize the governing body of a county operating hereunder to prescribe the schedule of fees to be charged by the officers of the county for specified service, to be in lieu of the schedule for such fees prescribed by the General Laws of the State; and, to appropriate such fees to such funds as the Charter may prescribe; provided, however, no fee for a specified service shall exceed in amount the fee fixed by General Law for that same service. Such Charters as to all judicial officers, other than District Judges, may prescribe the qualifications for services, provided the standards therefor be not lower than those fixed by the General Laws of the State. "(6) a. Subject to the express limitations upon the exercise of the powers by this subdivision to be authorized, such Charters may provide (or omit to provide) that the governmental and—or proprietary functions of any city, town, district or other defined political subdivision (which is a governmental agency and embraced within the boundaries of the county) be transferred, either as to some or all of the functions thereof, and yielded to the control of the administrative body of the county. No such transfer or yielding of functions may be effected, unless the proposal is submitted to a vote of the people, and, unless otherwise provided by a two-thirds vote of the total membership of each House of the Legislature, such a proposal shall be submitted as a separate issue, and the vote within and without any such city, town, district, or other defined governmental entity, shall be separately cast and counted, and unless two-thirds of the qualified voters cast within the yielding defined governmental entity, and a majority of the qualified voters cast in the remainder of the county, favor the proposed merger, it shall not be effected. In case of the mergers hereby authorized, without express Charter provision thereto, in so far as may be required to make effective the object of the proposed merger, the county shall succeed to all the appropriate lawful powers, duties, rights, procedures, restrictions and limitations which prior to the merger were reposed in, or imposed upon, the yielding governmental agency. Particularly, it is provided that the power to create funded indebtedness and to levy taxes in support thereof may be exercised only by such procedures, and within such limits, as now are, or hereafter may be, provided by law to control such appropriate other governmental agencies were they to be independently administered. Such mergers may be effected under proposed contracts between the county and any such yielding governmental agency, to be approved at an election as hereinbefore provided for. In order to increase governmental efficiency and effect economy the county may contract with the principal city of the county to perform one or more of its functions, provided such contracts shall not be valid for more than two (2) years. "b. In case of the partial or complete merger of the government of a city operating under a Home Rule Charter, with the government of a county operating hereunder, those city Charter provisions affected thereby shall cease to control, and the county Charter provisions shall control. "c. When any embraced incorporated city or town elects to merge its governmental functions with those of the county under the provisions hereof, such Charter may provide for defining or redefining the boundaries of such cities

and towns, provided, however, that in defining or redefining the boundaries of such cities and towns, such boundaries may be extended only to include those areas contiguous to such cities as are urban in character, and as to such cities or towns and for the benefit thereof the county, in addition to the primary city and county tax herein authorized and any other lawful district tax, may levy and collect taxes upon the property taxable within such city or town as defined, within the limits authorized by Sections 4 and 5 of Article XI of this Constitution, (or any Amendment thereof) for incorporated cities according to the population, provided that no tax greater than that existing at the time of such merger or for any added purpose shall be imposed upon any such city or town unless authorized by a majority of all votes cast by the resident qualified voters of such city or town. "d. Areas urban in character though not incorporated, under appropriate Charter provision may be defined as such by the governing body of the county, provided, however that no portion of the county shall be defined as an urban area unless it has sufficient population to entitle it to incorporate under the then existing laws of the State; and no such urban area, when created, shall be vested with any taxing or bonding power which it would not possess if it were operating as a separate incorporated unit under the then existing Constitutional and Statutory provisions of this State; and provided further that the governing body of the county for the government of such areas shall have and exercise all powers and authority granted by law to the governing bodies of similar areas when separately incorporated as a city or town, and such areas shall be subject to additional taxation within the same Constitutional limits as control taxation for a city or town of like population. Likewise such Charter may provide for the governing board of the county subject to existing Constitutional and statutory provisions to define, create and administer districts, and have and exercise the powers and authority granted by the Constitution and laws relative to the same. "(7). No provision of this Constitution inconsonant with the provisions of this Section 3, of Article IX, shall be held to control the provisions of a Charter adopted hereunder, and conforming herewith. Charters adopted hereunder shall make appropriate provision for the abandonment, revocation, and amendment thereof, subject only to the requirements that

there must be a favoring majority of the vote cast upon such a proposal, by the qualified resident electors of the county; and, no Charter may forbid amendments thereof for a time greater than two (2) years. The provisions hereof shall be self-executing, subject only to the duty of the Legislature to pass all laws (consistent herewith) which may be necessary to carry out the intent and purposes hereof. Further, the Legislature shall prescribe a procedure for submitting to decision, by a majority vote of the electors voting thereon, proposed alternate and elective Charter provisions."

Section 2. The foregoing Constitutional Amendment shall be submitted to the qualified electors of the State at an election to be held throughout the State on the fourth Saturday in August, 1933, at which election all ballots shall have printed thereon the following:

"For the Amendment to Article IX of the Constitution of Texas, adding Section 3, providing authority for the adoption of a Home Rule Charter by the voters in counties having a population of sixty-two thousand (62,000) or more, to effect more efficient and economical government within such counties, and to authorize mergers of separate governmental agencies within such counties as may from time to time be authorized by vote of the people therein."

"Against the Amendment to Article IX of the Constitution of Texas, adding Section 3, providing authority for the adoption of a Home Rule Charter by the voters in counties having a population of sixty-two thousand (62,000) or more, to effect more efficient and economical government within such counties, and to authorize mergers of separate governmental agencies within such counties as may from time to time be authorized by vote of the people therein."

Each voter shall scratch out one of the above listed clauses on each ballot, leaving unscratched that particular clause which expresses his vote on the proposed Amendment to which it relates.

Section 3. The Governor of this State is hereby directed to issue the necessary proclamation ordering an election in conformity herewith to determine whether or not the proposed Constitutional Amendment set forth herein shall be adopted, and the Governor shall have the same published as required by the Constitution and laws of this State.

### ADAMS HOME CLUB

The Adams Home Demonstration Club met May 18th at the ranch home of Mrs. Bailey Montgomery with eleven members present and several visitors.

After the necessary business was attended to, a miscellaneous shower was given for the new bride Mrs. Claude Bradshaw. There were several visitors present, including a number of ladies from Eldorado. As each person comes in they were asked to register in a guest book. After every one had arrived the hostess announced that there would be a treasure hunt. Five of those present including the bride were given a spool with a thread tied to it which they were supposed to wind to the end. All the spools led to an empty paper sack, except one which the bride was lucky enough to get.

Hers led into an adjoining room where there was an old fashioned well with vines growing over it. The old Ooken bucket was there ready to draw forth whatever might be in the well. In this well instead of water there was an innumerable stack of packages which proved to be many beautiful gifts which any bride can make use of.

Those present with their gifts were:

Mrs. T. J. Jacoby, cup towels and pillow top; Louise O'Harrow hand towels; Mrs. W. L. Isaacs, pie plates; Mrs. Pat Martin, 2 bath towels; Mrs. Sam Williams water set, Mrs. J. F. ## Black-Draught Clears Up Sluggish, Dull Feeling

"I have used Theford's Black-Draught for constipation for a long time, and find it gives relief for this trouble," writes Mrs. Frank Chapman, of Wynne, Ark. "I think it is good for spells caused from gas on the stomach. If I get up in the morning feeling dull and sluggish, a dose of Black-Draught taken three times a day will cause the feeling to pass away, and in a day or two I feel like a new person. After many years of use we would not exchange Black-Draught for any medicine."  
P.S.—If you have children, give them the new, pleasant-tasting SYRUP of Theford's Black-Draught.
