New Officers Installed In Local Lions Club

The Eldorado Lions Club installed their new officers for the incoming year Friday night, at their annual Banquet and installation program. The place of meeting was at the McClary Cafe where plates for 50 were prepared and all taken. The luncheon being served in three courses.

Lion Knight, the out-going president, presided over the meeting with Judge Campbell acting as Toast Master.

A table was prepared for the ladies to register as they came in and much amusement was had by the registration committee, and the pencil they used. After registration the guests were all seated and when they began to pick up their napkins quite an explosion was had clear around the table. Each napkin having an explosive cap in it, that when opened the explosion occurred, which caused quite a bit of merriment.

The President then presented Lion Holt with a present from the Club which he opened to show the guests, which turned out to be another explosive joke which when over with would fill a bushel basket.

The Club had six new members to initiate and each new member was called on for his talk which furnished talks from Leslie Baker, Shorty Doyle, Thorpe Parker and M. O. Shaarer. All of which were very useful talks in every day life.

After the luncheon a mock trial was held in which Lion Sample was tried from using dirty water in his Dairy Milk, instead of clean water. An hour of real fun took place, Judge Campbell presiding as Judge, R. M. Bradley was prosecuting attorney and C. E. Knight, attorney for the defense. Several Lions were used as witnesses for the prosecution and their wives were used for the defense. (The trial was just for entertainment only).

This Luncheon takes place about once a year with the local Lions and is always looked forward to by its members. The Lions Club is quite an asset for the town and is always ready to assist and put over every good project for the community. It should have the good will of all our citizenship.

H. W. Chrieseman, ranchman from Barnhart, was in the city Saturday shaking hands with friends and looking after his wool which is being handled by the Eldorado Wool Co. While here visited his son Francis Chrieseman on the J. Campbell ranch.

SAMPLE DAIRY

What The Democratic Platform Really Contained

"We urge the enactment of such measures by the several states as will actually promote temperance, effectively prevent the return of the saloon and bring the liquor traffic into open under complete supervision and control by the states.

"We demand that the federal government effectively exercise its power to enable the states to protect themselves against importation of intoxicating liquors in violation of the law."

What has our Democratic leaders done, or the National Governing officials. They have already issued certificates allowing beer to be sold in Texas against the state laws and many have tried to sell it and some places are selling it against the state laws, under the pretense of the Government certificates allowing it in dry states. Yet some people want to condemn a man that is a real loyal Democrat when he protests against such infringements upon the party and the thing it has stood for election on.

And now comes Mr. Farley, who is supposed to be spokesman for the Democratic party, who says all good democrats should vote for the repeal of the 18th Amendment. If it takes the repeal belief to make good Democrats, God pity the party. We consider ourselves just as good a democrat as Mr. Farley, and we will not vote for repeal and will go further and say we do not believe any good democrat will.

We believe there is plenty of Democrats who have enough manhood left to vote like they wish and not be dictated to by the wet leaders in the party. We respect Mr. Farley's views and grant him the privilege of his convictions, but we resent the idea that he use the party whip or try and ostracize those who oppose him from the Democratic fold.

SONORA WOOL CO. SELLS 250,000 POUNDS OF WOOL

The San Angelo Morning-Times reported Wednesday morning that the Sonora Wool & Mohair Company, at Sonora, Texas, sold about a quarter million pounds of wool at 25 1-2 to 26 cents per pound. They also sold about 30,000 pounds choice wool at 27 cents.

PARTY HONORING PAULINE & INEZ BRUTO

Last Saturday at the home of Mr. and Mrs. Bob Harris, a party was given in honor of Miss Pauline and Inez Bruton. Refreshments were served to thirty-five guests, each reporting a delightful time. Miss Hazel Bruton who has been at Sul Ross was also present at the party.

John Wood New State Highway Chairman

Governor Ferguson has appointed John Wood, her Secretary, as State Highway Chairman. He takes the place that Frank L. Denison has been refused by the Senate and all the courts.

Mr. Wood has been serving as secretary to the Governor ever since she took the office and now will assume the new office of Chairman of the State Highway Commission.

SHOWER FOR MRS. EVERETT LOVELACE

Friends of Mrs. Everett Lovelace, nee Miss Lucile Oglesby, gave her a shower at the home of Mrs. Bert Page last Saturday and those who attended report that she received many beautiful gifts, which shows the high esteem for the bride.

Miss Lucile was married on November 28, 1932 but kept the marriage a secret from her friends and even her father and mother here. She was attending Daniel Baker College at Brownwood at the time and has continued her studies through the term of school, and it was just recently that her parents were aware of her marriage.

She is at home for a visit, and her many friends took advantage of the occasion to show their appreciation of her and gave her a shower. Miss Lucile graduated from the Eldorado High School in 1932 and entered Daniel Baker College last fall at the opening of the term, making her home with her aunt Mrs. Otis Smith at the time of her marriage to Mr. Everett Lovelace who is in business at Brownwood.

BOY SCOUTS HAVE 22 MEMBERS NOW

Judge J. A. Whitten reported at the Lions Luncheon Wednesday that the Boy Scout Troup of Eldorado now has 22 scouts and that the progress for the building of the new huts were bright and that he wanted the co-operation of all in raising the money to build these needed huts for the boys.

The Directors are R. D. Holt, Don McCormick and W. Alexander. The Scout Master being W. H. Marshall.

B. F. Nolen was in from the farm and ranch Monday, on his way to San Angelo, where his daughter, Frankie, was in a hospital for examination. She has been ill at San Antonio for several months and has had two operations. Her many friends here trust that she will soon be able to return home with good health.

Miss Blanch Newlin left Sunday for Alpine where she will take a summer course at Sul Ross.

Are You Worried?

Has this long period of low prices shaken your confidence in your financial future? If you should have a serious fire, or worse still, if you should be called away from your family and business what condition would your estate be left in? Fire insurance on your property and insurance on your life will take away the worry on both these points. Cash or terms. See me for explanation.

Lions Talk Barbecue And Rodeo

At the regular luncheon Wednesday the Eldorado Lions Club brought up the matter of having a Barbecue and Rodeo at the Fair Park some where about the 20 or 21 of July. It met the approval of all present and the matter is to be taken up more definite at next Wednesday luncheon. It will be well for any one who would like to see Schleicher County have a good barbecue to express themselves to some member of the Lions Club, as the Lions do not want to get up something that the people would not approve of. So let the Lions know if you would like to have a July celebration.

An indoor base ball club was organized in the Lions Club, and the club chose sides and will practice so they will soon be in position to challenge other teams for games. Shorty Doyle is captain of one side and O. W. Smith is captain of the other side.

The Lions are doing a wonderful work for the community and the County at large and they need the generous support of all citizens in every undertaking. They especially ask that if you are interested in the July celebration to let them know.

DINTY MOORE'S PADLOCKED

Dallas Judge Declares Cafe That Sold Beer a "Nuisance"

DALLAS, June 6.—Judge Robert B. Allen today placed Dinty Moore's downtown cafe, where 3.2 beer was sold two weeks ago, under a permanent injunction as a "common nuisance."

In entering the order, the judge characterized the open sale of the beer by Bill Singletary, operator of the establishment, "the most flagrant violation of the law in the history of Dallas County."

He ordered the cafe padlocked for one year unless Singletary posted \$1,000 bond as assurance that he would not again permit the place to be used for sale of beer or other intoxicating liquors. Singletary said he would post bond.—San Angelo Evening Standard.

STATION A HAS GOOD BALL CLUB

The Station A Ball Club this year has made a very good record by winning ten of their fifteen games played. Hampton, manager of the team has tried all comers that are looking for games and has been fairly successful with most of their games.

The two outstanding games of the season were played with the Big Lake team and Ozona. The Station team coming out with a long end of the score of three to nothing with Big Lake and holding the strong Ozona team, member of the West Texas League, to a small score of 1 to 0. The Ozona run being unearned.

"Dutch" Olenburg and Ratliff pitchers for the Station have been showing a great deal of stuff so far this season and promise to win many more games before the season is over.

The team goes to Mertzon Thursday to play the strong team of the Concho Basin League. They are always looking for games and at any time that teams want to play they can get in touch with W. A. Hampton, of Humble Pipe Line Station A.

PART 3 OF THE EMERGENCY FARM MORTGAGE ACT

It is reported that the first loan from the \$200,000,000 fund appropriated by Congress to re-finance farm mortgage indebtedness and to aid the farmers to redeem their foreclosed farms, was made in Texas this week. The loan was for the amount of \$3,000.00, and was made to a farmer and stockman of Brazoria county, who has resided in that section for a number of years.

A. P. Graves, Agent of the Farm Loan Commissioner, Houston, Texas, reports that although they have been somewhat hampered by a large volume of correspondence addressed to his office, the Texas division is now organized and in position to handle incoming business with dispatch. Mr. F. Meador has been requested to act as his local correspondent for Schleicher and Sutton counties and all eligible farmers entitled to assistance through this division may call on him, and he will gladly render such assistance as he can.

They report a wonderful trip with many wonderful sights, but the "Battle Ax" says she is glad to be back.

The rain question has taken all the glow out of the 3.2 beer just now, and it is the opinion of many around these diggins that a good rain would do more for the country than the 3.2 beer would.

With lost of our people gone to the World's Fair we have come to the conclusion that the depression has slipped from the confines of Grand Old Schleicher

The high price of wool has already brought many new cars into display on our highways.

The Highway department will likely get back to the front pages again now. The Governor has appointed her secretary as Chairman of the State Highway Commission. The other members had called a special meeting for June 19 and 20 to award additional road contracts. Now the new Chairman said he would call them together before that date, which will likely cause a controversy. The new appointee has not been confirmed by the senate and it had adjourned, but he will probably serve until they have a call session.

The "Hello World" Broadcasting Station at Shreveport, La. has been sold and the voice of Old Man Henderson will be off the air for a while at least.

A special fund is being raised by the many friends of Miss Gusta V. Graves to send her to a specialist at Dallas. She has had treatment in various places but the friends wanted to do something for her if possible and asked the privilege of raising the funds and sending her to a specialist. Eldorado has always been noted for its christian fellowship and the response has been gratifying, and it will not be long before she will get to go and try the merits of the specialist. Her parents have been trying to do everything possible and have spent lots of money for her recovery and are still trying to do everything in their power, but this movement at the suggestion of friends who wanted to be of service if possible. It is to be hoped that favorable result will be found.

Our subscription rate will expire July 1st, at the special low rate of \$1.00. Get your subscription in before the date expires. We need the dollar and you need The Success.

NOTICE OF PROPOSED AMENDMENT TO THE CONSTITUTION OF TEXAS S. J. R. NO. 3

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article IX of the Constitution of Texas be amended by adding thereto a section to be Section 3, which shall provide:

"Section 3. (1) Holding the belief that the highest degree of local self government which is consistent with the efficient conduct of those affairs by necessity lodged in the Nation and the State will prove most responsive to the will of the people, and result to reward their diligence and intelligence by greater economy and efficiency in their local governmental affairs, it hereby is ordained:

"(2) Any county having a population of sixty-two thousand (62,000) or more according to the then last Federal Census may adopt a County Home Rule Charter, to embrace those powers appropriate hereto, with in the specific limitations hereinafter provided. It further is provided that the Legislature, by a favoring vote of two-thirds of the total membership of both the Senate and the House of Representatives, may authorize any county, having a population less than that above specified, to proceed hereunder for the adoption of a Charter; however, as a condition for such authorization, it is required that notice of the intent to seek Legislative authority hereunder must be published in one or more newspapers, to give general circulation in the county affected, not less than once per week for four (4) consecutive weeks, and the first of such publications shall appear not less than thirty (30) days next prior to the time an Act making proposal hereunder may be introduced in the Legislature. No County Home Rule Charter may be adopted by any county save upon a favoring vote of the resident qualified electors of the affected county. In elections submitting to the voters a proposal to adopt a Charter (unless otherwise provided by a two-thirds vote of the total membership of each House of the Legislature) the votes cast by the qualified electors residing within the limits of all the incorporated cities and towns of the county shall be separately

kept but collectively counted and the votes of the qualified electors of the county who do not reside within the limits of any incorporated city or town likewise shall be separately kept and separately counted, and unless there be a favoring majority of the votes cast within and a favoring majority of the votes cast without such collective cities and towns, the Charter shall not be adopted. It is expressly forbidden that any such Charter may inconsonantly affect the operation of the General Laws of the State relating to the judicial, tax, fiscal, educational, police, highway and health systems, or any other department of the State's superior government. Nothing herein contained shall be deemed to authorize the adoption of a Charter provision inimical to or inconsistent with the sovereignty and established public policies of this State, and no provision having such vice shall have validity as against the State. No Charter provision may operate to impair the exemption of homesteads as established by this Constitution and the Statutes relating thereto.

"(3) a. A Charter hereunder may provide: the continuance of a County Commissioners' Court, as now constituted, to serve as the governing body of a county to operate hereunder; or, may provide for a governing body otherwise constituted, which shall be elective, and service therein shall be upon such qualifications for such terms, under such plan of representation, and upon such conditions of tenure and compensation as may be fixed by any such Charter. The terms for service in such governing body may exceed two (2) years, but shall not exceed six (6) years. In any event, in addition to the powers and duties provided by any such Charter, such governing body shall exercise all powers, and discharge all duties which, in the absence of the provisions hereof, would devolve by law on County Commissioners and County Commissioners' Courts. Further, any such Charter may provide for the organization, reorganization, establishment and administration of the government of the county, including the control and regulation of the performance of and the compensation for all duties required in the conduct of the county affairs, subject to the

limitations herein provided.

"b. A Charter hereunder may provide that Judges of County Courts (including that County Court designated in this Constitution), and Justices of the Peace be compensated upon a salary basis in lieu of fees. The jurisdiction of the County Court designated in this Constitution, and the duties of the Judges thereof, may be confined to that general jurisdiction of a probate Court which elsewhere is defined in this Constitution. The office of Justice of the Peace may be made either elective or appointive. Other than as herein provided, no such Charter shall provide for altering the jurisdiction or procedure of any Court. The duties of District Attorney and County Attorney may be confined to representing the State in civil cases to which the State is a party and to enforcement of the State's Penal Code, and the compensation of said attorneys may be fixed on a salary basis in lieu of fees.

"c. Save as hereinabove and hereinafter otherwise provided, such Charters, within the limits expressed therein, may invest the governing body to be established for any county electing to operate hereunder with the power to create, consolidate or abolish any office or department, whether created by other provisions of the Constitutions or by statute, define the duties thereof, fix the compensation for service therein, make the same elective or appointive and prescribe the time, qualifications and conditions for tenure in any such office; save that no such Charter other than as hereinbefore authorized, shall provide to regulate the status, service, duties or compensation of members of the Legislature, Judges of the Courts, District Attorneys, County Attorneys, or any office whatever by the law of the State required to be filled by an election embracing more than one county. Excepting herefrom nominations, elections or appointments to offices, the terms whereof may not have expired prior to the adoption of the Amendment to the Constitution at such time as a Charter provision adopted hereunder may be in effect (save as to those offices which must continue to be elective, as herein elsewhere specified), all terms of county officers and all contracts for the giving of service by deputies under such officers, may be subject to termination by the administrative body of the county, under an adopted Charter so providing, and there shall be no liability by reason thereof.

"d. Any county electing to operate hereunder shall have the power, by Charter provision, to levy, assess and collect taxes, and to fix the maximum rate for ad valorem taxes to be levied for specific purposes, in accordance with the Constitution and laws of this State, provided, however, that the limit of the aggregate taxes which may be levied, assessed and collected hereunder shall not exceed the limit or total fixed, or hereafter to be fixed, by this Constitution to control counties, and the annual assessment upon property, both real, personal, and mixed, shall be a first superior and prior lien thereon.

"e. In addition to the powers herein provided, and in addition to powers included in County Home Rule Charters, any county may, by a majority vote of the qualified electors of said county, amend its Charter to include other powers, functions, duties and rights which now or hereafter may be provided by this Constitution and the statutes of the State for counties.

"(4). Any county operating hereunder shall have the power to borrow money for all purposes lawful under its Charter, to include the refunding of a lawful debt, in a manner conforming to the General Laws of the State and may issue therefor its obligations. Such obligations, other than those to refund a lawful debt, shall not be valid unless authorized by a majority of all votes cast by those resident qualified voters of the area affected by the taxes required to retire such obligations, who may vote thereon. In cases of county obligations, maturing after a period of five (5) years, the same shall be issued to mature serially, fixing the first maturity of principal at a time not to exceed two (2) years next after the date of the is-

suance of such obligations. Such obligations may pledge the full faith and credit of the county; but in no event shall the aggregate obligations so issued, in principal amount outstanding at any one time, exceed the then existing Constitutional limits for such obligations and such indebtedness and its supporting tax shall constitute a first and superior lien upon the property taxable in such county. No obligation issued hereunder shall be valid unless prior to the time of the issuance thereof there be levied a tax sufficient to retire the same as it matures which tax shall not exceed the then existing Constitutional limits.

"(5). Such Charter may authorize the governing body of a county operating hereunder to prescribe the schedule of fees to be charged by the officers of the county for specified service, to be in lieu of the schedule for such fees prescribed by the General Laws of the State; and, to appropriate such fees to such funds as the Charter may prescribe; provided, however, no fee for a specified service shall exceed in amount the fee fixed by General Law for that same service. Such Charters as to all judicial officers, other than District Judges, may prescribe the qualifications for services, provided the standards thereof be not lower than those fixed by the General Laws of the State.

"(6) a. Subject to the express limitations upon the exercise of the powers by this subdivision to be authorized, such Charters may provide (or omit to provide) that the governmental and/or proprietary functions of any city, town, district or other defined political subdivision (which is a governmental agency and embraced within the boundaries of the county) be transferred, either as to some or all of the functions thereof, and yielded to the control of the administrative body of the county. No such transfer or yielding of functions may be effected, unless the proposal is submitted to a vote of the people, and, unless otherwise provided by a two-thirds vote of the total membership of each House of the Legislature, such a proposal shall be submitted as a separate issue, and the vote within and without any such city, town, district, or other defined governmental entity, shall be separately cast and counted, and unless two-thirds of the qualified votes cast within the yielding defined governmental entity, and a majority of the qualified votes cast in the remainder of the county, favor the proposed merger, it shall not be effected. In case of the mergers hereby authorized, without express Charter provision thereto, in so far as may be required to make effective the object of the proposed merger, the county shall succeed to all the appropriate lawful powers, duties, rights, procedures, restrictions and limitations which prior to the merger were reposed in, or imposed upon, the yielding governmental agency. Particularly, it is provided that the power to create funded indebtedness and to levy taxes in support thereof may be exercised only by such procedures, and within such limits, as now are, or hereafter may be, provided by law to control such appropriate other governmental agencies were they to be independently administered. Such mergers may be effected under proposed contracts between the county and any such yielding governmental agency, to be approved at an election as hereinbefore provided for. In order to increase governmental efficiency and effect economy the county may contract with the principal city of the county to perform one or more of its functions, provided such contracts shall not be valid for more than two (2) years.

"b. In case of the partial or complete merger of the government of a city operating under a Home Rule Charter, with the government of a county operating hereunder, those city Charter provisions affected thereby shall cease to control, and the county Charter provisions shall control.

"c. When any embraced incorporated city or town elects to merge its governmental functions with those of the county under the provisions hereof, such Charter may provide for defining or redefining the boundaries of such cities

and towns, provided, however, that in defining or redefining the boundaries of such cities and towns, such boundaries may be extended only to include those areas contiguous to such cities as are urban in character, and as to such cities or towns and for the benefit thereof the county, in addition to the primary city and county tax herein authorized and any other lawful district tax, may levy and collect taxes upon the property taxable within such city or town as defined, within the limits authorized by Sections 4 and 5 of Article XI of this Constitution, (or any Amendment thereof) for incorporated cities according to the population, provided that no tax greater than that existing at the time of such merger or for any added purpose shall be imposed upon any such city or town unless authorized by a majority of all votes cast by the resident qualified voters of such city or town.

"d. Areas urban in character though not incorporated, under appropriate Charter provision may be defined as such by the governing body of the county, provided, however that no portion of the county shall be defined as an urban area unless it has sufficient population to entitle it to incorporate under the then existing laws of the State; and no such urban area, when created, shall be vested with any taxing or bonding power which it would not possess if it were operating as a separate incorporated unit under the then existing Constitutional and Statutory provisions of this State; and provided further that the governing body of the county for the government of such areas shall have and exercise all powers and authority granted by law to the governing bodies of similar areas when separately incorporated as a city or town, and such areas shall be subject to additional taxation within the same Constitutional limits as control taxation for a city or a town of like population. Likewise such Charter may provide for the governing board of the county subject to existing Constitutional and statutory provisions to define, create and administer districts, and have and exercise the powers and authority granted by the Constitution and laws relative to the same.

"(7). No provision of this Constitution inconsonant with the provisions of this Section 3, of Article IX, shall be held to control the provisions of a Charter adopted hereunder, and conforming herewith. Charters adopted hereunder shall make appropriate provision for the abandonment, revocation, and amendment thereof, subject only to the requirements that

there must be a favoring majority of the vote cast upon such a proposal, by the qualified resident electors of the county; and, no Charter may forbid amendments thereof for a time greater than two (2) years. The provisions hereof shall be self-executing, subject only to the duty of the Legislature to pass all laws (consistent herewith) which may be necessary to carry out the intent and purposes hereof. Further, the Legislature shall prescribe a procedure for submitting to decision, by a majority vote of the electors voting thereon, proposed alternate and elective Charter provisions."

Section 2. The foregoing Constitutional Amendment shall be submitted to the qualified electors of the State at an election to be held throughout the State on the fourth Saturday in August, 1933, at which election all ballots shall have printed thereon the following:

"For the Amendment to Article IX of the Constitution of Texas, adding Section 3, providing authority for the adoption of a Home Rule Charter by the voters in counties having a population of sixty-two thousand (62,000) or more, to effect more sufficient and economical government within such counties, and to authorize mergers of separate governmental agencies within such counties as may from time to time be authorized by vote of the people therein."

"Against the Amendment to Article IX of the Constitution of Texas, adding Section 3, providing authority for the adoption of a Home Rule Charter by the voters in counties having a population of sixty-two thousand (62,000) or more, to effect more efficient and economical government within such counties, and to authorize mergers of separate governmental agencies within such counties as may from time to time be authorized by vote of the people therein."

Each voter shall scratch out one of the above listed clauses on each ballot, leaving unscratched that particular clause which expresses his vote on the proposed Amendment to which it relates.

Section 3. The Governor of this State is hereby directed to issue the necessary proclamation ordering an election in conformity herewith to determine whether or not the proposed Constitutional Amendment set forth herein shall be adopted, and the Governor shall have the same published as required by the Constitution and laws of this State.

FOR FAILURE PROOF BANKING STRUCTURE

Speaker Outlines Threefold Cooperation Between Bankers, Government Officials and the Public to Maintain Bank Standards

TWO elements beside the bankers themselves are required in order to give the nation universally the type of banking it should have, Francis H. Sisson, president of the American Bankers Association, declared in a recent address. He said that the efficiency of government officials upon whom the people rely to supervise the banks properly, and the patronage of the people themselves are factors in the kind of banks a community shall have.

"There can be no question that the people of the United States should have banks immune from failure and wholly free from bad or questionable banking," Mr. Sisson said. "It is not enough, as President Roosevelt has said, that while some bankers had been incompetent or dishonest, this was not true in the vast majority of our banks. A situation should exist in which there is not even a small minority of bankers open to question. There should be no room for dishonesty or incompetency to exercise any influence in banking anywhere.

"While bad faith and bad management enter the human factor in all types of business, their effects in banking should be surrounded by such special safeguards as to render them no longer a factor in bank failures. The responsibility for bringing this about, however, cannot rest upon the bankers alone, for the means to accomplish it are not wholly in their hands. There are other essential elements.

"One is the efficiency of government supervision. Since we rely so greatly upon supervision, it may, unless it is of the highest order in safeguarding the public interest, create a sense of false security. Supervision should render bad banking impossible, but it has failed to do so. There was supervision by presumably the highest type of bank supervisors in every one of the instances of questionable banking that has shocked the attention of the country during the past three years. Therefore a thorough strengthening of supervision is clearly called for if the people are to rely on it to the fullest extent for the protection of their interests.

The Public's Part

"Another essential factor in maintaining good banks involves the part played by the public in banking. There is certainly a responsibility on the people themselves to support that type of banker whose rigid adherence to sound principles makes a sound bank, rather than to give their patronage to the easy-going banker who may be easier to do business with, but whose methods create a weak bank.

"Bank customers are charged with a great responsibility in protecting the safety of their banks in respect to their utilization of the assets of the banks as borrowers. Banks have failed because many of their loans and securities, created in good faith by bankers in cooperation with the business interests of the country, proved unsound under subsequent conditions. An unsound loan is created by the borrower as well as the banker. A bank is only as sound as its community, and this applies also to the banking structure as a whole in relation to the economic condition of the nation as a whole.

"A bank is truly a semi-public institution, but in a reciprocal sense—it has its obligations to the public, but so has the public equal obligations to the bank. No one who has not sound banking principles at heart has any business in a bank whether as a banker or as a customer.

"The banker is a semi-public servant. He is charged with the heaviest of responsibilities and obligations that occur in our economic life. But he can meet these fully only through the cooperation of good laws, good public officials who are empowered to exercise authority over his bank, and good business methods on the part of business men generally who utilize his bank. Only through such cooperation by all elements in our nation's community life can we be assured of a failure-proof banking structure.

"The Administration at Washington has taken hold of this problem with a firm grasp of essentials and is exercising splendid leadership toward the desired end. The strongest feature of the government program will be found in recognizing the joint responsibility of the public, of business and of government officials together with the bankers themselves in creating the kind of banking the nation should have."

Improved Pasture Pays

IMPROVED pastures are a cheap source of feed for stock. A farmer in New Hampshire, cooperating with his county agent top-dressed his 5 acres of pasture with 500 pounds of complete fertilizer at a cost of \$75, reports the United States Department of Agriculture. After 4 weeks he turned his cows out on this pasture. Tests made during the six weeks the cows grazed there showed that his herd produced 7,000 pounds more milk than they did in the same period the previous year, although the farmer had one cow fewer and fed 800 pounds less grain. Based on current milk prices he made \$189 on the extra milk and saved \$16 on the grain, netting him an increase in income of \$120.—U. S. Department of Agriculture.
