How Doctors Treat Colds and Coughs

To break up a cold overnight and relieve the congestion that makes you cough, thousands of physicians are now recommending Calotabs, the nausealess calomel compound tablets that give you the effects of calomel and salts without the unpleasant effects of either.

One or two Calotabs at bedtime with a glass of sweet milk or water. Next morning your cold has vanished, your system is thoroughly purified and you are feeling fine with a hearty appetite for breakfast. Eat what you wish, -no danger.

Calotabs are sold in 10c and 35c packages at drug stores. (Adv)

The above scene is a graphic representation of the homes of two housewives -just before guests arrive for the evening meal. The woman at the left has been working in a hot kitchen all afternoon . . . nothing has gone off well . . she is nervous, tired, irritable . . . and looks it. But the modern homemanager at the right is cool, fresh, lovely and unhurried. She has been away from home all afternoon, yet is ready to take a delicious, savory and attractive meal from her oven. Her meal will be an unqualified success.... the success of the other housewife's dinner-party is extremely doubtful.

The difference is that the modern home-manager, at the right; has an Electric Range. . . . The other housewife still cooks by old-fashioned methods!

You, too, should profit by the many advantages and superiorities of modern Electric Cookery. With one of the new General Electric Hotpoint Ranges in your kitchen you'll save money, work, time and food. You'll serve better, more healthful and more attractive meals. You'll be happy, cheerful and energetic. Take advantage of special prices and terms . TODAY! See one of our salesmen NOW. He will be glad to tell you the interesting and valuable story of Electric Cookery. There's no obligation,

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule ... and adds only a small amount to your total bill?

West Texas Utilities

Only By Insurance
