# Pioneer Observes 91st Birthday

Mrs. Christine Pakan, mother of Miro Pakan and pioneer resident of the Pakan community in Wheeler County for the past 63 years, recently celebrated her 91st birth-

A native of Myjava, Czechoslovakia, she was born to Paul and Elizabeth Cadra. She remembers her early years with joy of security in her parental home, but at the age of 13, after the death of her father, she was forced to make her own life.

Her first employment was that of a baby sitter which she worked at for 10 months and then departed for Vienna, where she struggled for three years to earn enough to go to America.

Her new home was in Chicago, Ill., where life was much easier, but she was enveloped with loneliness for her mother and her home. Again she set a goal-to save enough to return to Europe.

After five years in America she was ready to return to her native land but before she could sail, a young man by the name of Samuel HONOR ROLL Pakan changed her mind and she soon became his bride.

Soon after their marriage the depression of 1890 hit and he lost his job. On borrowed money he bought a milk route, and this proved to be very successful and he soon had a thriving business. fortunately, we did not receive it

Mr. Pakan felt that he could only be satisfied with a farm and country life. He heard of new opportunities in Texas, and in 1905 the Pakans arrived at Story, now known as Lela, and Pakan bought farm land northwest of Shamrock. grade below 80. He donated the land for a school, which was named Pakan School and from that time the community has been known as the Pakan community.

Mrs. Pakan recalls that after Fabian, Ross Lisman, Michele leaving the comforts of her home Parker, Larry Boyd and David in the city, the early years were Haynes hard for her as she had to learn to grow her own food, sew and Hunt, Billy Orrick, Leslie Back, mend and prepare her meals with Rose Mary Blankenburg, Marsha what she had on hand. She soon Ellison, Becky Orrick, Diana Trybegan to love the Texas prairie on, Judy Watson and Martha and found life to be good.

Mr. Pakan died in 1929 and Mrs. Pakan continues to manage her farm with the help of her sons. Mrs. Pakan takes great pride in

her 20 grandchildren and 19 greatgrandchildren. She can tell them colorful stories of the early days in the Panhandle . . . of buying and ordering entire bolts of cloth from mail order houses and made dresses and shirts of the same material for her youngsters . and how she was crowned "Queen for a Day" by the Pioneer Study Club in 1953.

When community telephones were put in between 1906 and 1909, with 16 telephones on a line . . . she remembers that there never was

By FOSTER WHALEY

Henry Lowrance, manager of McLean Gin, has ginned only six bales of cotton so far. Henry thinks it will be at least two more weeks before mechanical stripping can begin. He thinks there will be some bale per aerc cotton in the county. I agree with him; however, the average yield over the county will fall far short of this figure. Much of the cotton in the Pampa vicinity needed an additional two weeks of warm weather. The frost and hard freeze on Oct. 15 was two weeks earlier than the normal first killing frost.

Presently, few farmers have turned in on their wheat for grazing. Most of them have a few acres of diverted ground which could not be grazed until after Nov. 1, unless a fee was paid to do so. Wheat pasture has developed very slowly due to unseasonably cold weather. Many farmers were delayed by the September rains in planting their wheat. Much of the wheat has had little rain since it came Wheat offers little hope for pasture. We estimate at least 65 per cent of the wheat is in this category. Most of the good wheat pasture will come from irrigated

acres. This is limited. If you have time this weekend you won't have to drive far to see a beautiful foliage tour any place along McClellan Creek.

On Thanksgiving, there should be no other kind. And, while we think of Thanksgiving in terms of family gatherings, it should not be forgotten that giving thanks with due humility is a matter for the individual. ## **Baptists Hold** Halloween Party

A Halloween party was held at the First Baptist Church for the young and the old, Tuesday night. A big crowd attended and a good time was had by everyone present.

Each department of the Training Union put on a skit, sang, or performed in some way. A revised spooky form of Mother Goose rhymes was put on by the junior department, which was very entertaining.

Refreshments of "wtches brew" kool-aid, delicious "muddy water" coffee and cookies were served

Mrs. Joe Graham and Mrs. Miro Pakan were in Amarillo Saturday on business. They went on to Canyon to visit with Mrs. Pakan's daughter, Margie, at WTSU.

TIME IS DRAWING NEAR

After all these long weeks and months, November 8th is just around the corner. I have tried to see as many of you folks as possible and will still be there plugging until D Day.

I feel that with my background and desire I will make you a good Representative in Austin. I don't have any axes to grind but feel that I can be of service.

I want to thank all of you who have been helping me in so many ways during this campaign. Just one last favor that you make every effort to give me a plug these last few days

If you are on the fence, I hope you will inquire about me from some of your friends. You won't have to ask very many until you find someone who can tell Mr. and Mrs. E. L. Price in you what you need to know.

The family will cheer this flavorful one-dish meal that is quickly and easily prepared and so nourishing you need only add crisp breadsticks and your dinner is complete. Serve this appetizing casserole now while the newly-harvested Russet potatoes from Washington State are in — this choicest of all potato varieties adds an inviting flavor and goodness to any and all of your favorite potato dishes. Washington State Russet potatoes are grown in deep, mineral-rich lava soil and potato growers of the state say this adds extra energybuilding nutrients to their potatoes.

#### HARVEST CASSEROLE WITH RUSSET POTATOES AND FRANKS

- 4 large Washington Russets 2 large tomatoes, diced
- 2 carrots, sliced
- large green pepper, diced

1 large stalk celery, sliced 1 large onion, cut in ringe

Peel potatoes, cut in thin slices. Place in shallow baking dish, about 11x7x2 inches. Combine all remaining ingredients except frankfurters, and place on top of potatoes. Cover with foil and bake in moderately hot (375 degrees F.) oven for about 55 min. or until potatoes test done. Add frankfurters that have been cut in halves or slices. Bake 5 min. longer. This casserole may be reheated in 350 degree F. oven for 20 to 30 minutes. Makes 6 to 8 servings.

Preference rights does the Post-Korean GI Bill give me? I had active duty from May 30, 1960, to June 1, 1961, and received an honorable discharge.

A-Five point preference in competitive examination for Federal Civil Service Jobs will be added to competitive examination scores of veterans discharged after Jan. 31, 1955. (Ten points will be added for veterans with service-connected disabilities or who hold a Purple Heart.)

Q-What part of my tuition and cost of books and supplies does the VA pay under the educational provisions of the new GI bill? A-None. If you have been dis

charged from service and are attending school full-time under the new GI bill, the VA pays you \$100 a month if you have no dependents; \$125 with one dependent; and \$150 with two or more dependents. The rate is proportionate for % or ½ time. You pay for your own tuition, books and supplies.

tion as to how long one has to wear a uniform in the Army to be classed as a veteran. I have been told that a new law has been passed whereby a person wearing a uniform 24 hours is a veteran. I tried to join the armed forces several times during the first World War but was rejected. I was drafted soon afterwards. I was sent to Fort McKinley in Portland, Me. on Oct. 21, 1918. I was given discharge from the service on Oct. 31. All the time I was wearing a uniform. Am I therefore con-

sidered a veteran? A-To be considered a veteran of World War II, you must have served at least 90 days of active honorable service beginning April 6, 1917, and ending Nov. 11, 1918. Shooting at or near telephone An exception is if you served with wires can be very bad manners, the U. Over a century ago, farmers began to realize that they were at a disadvantage when bargaining because they knew little about crop and livestock supplies outside their area. They asked the government for help and a system of crop reporting was begun to fill this need. This year marks the 100th anniversary of continuous reporting of acreage, yield and production for the United States.

Cary Palmer says that the crop reporting system of collecting agricultural statistics relies heavily on some 40,000 farmers and agri-businessmen. Their voluntary reports month after month and year after year have an important role in providing Texas agricultural statistics and make the American farmer the best informed of any in

One hundred years of voluntary reports is an achievement from which all America
