Edward Cadra Pakan Resident Dies Thursday

Funeral services for Edward P. Cadra, 58, of Pakan, were held at 3 p.m. Saturday in Trinity Lutheran Church of Shamrock with Rev. Gerald L. Petsch of Amarillo officiating. Burial was in Pakan Cemetery.

Mr. Cadra, who died Thursday, was born in Shamrock and had lived in Pakan most of his life. He was a farmer. He married Virginia Petruzzio in Ambler Pa. He was a member of Trinity Lutheran Church and a trustee of Lela public school district.

Survivors include his wife; two sons, Bonnie and Mark all of the same; two daughters, Pam and Kim, both of the home; a sister, Mrs. Della Schultz of St. Joseph Mich.; four brothers, Elmer of Shamrock, Judie of Borger, John Perryton and Godfrey Andrews.

Former Resident to Participate in Art Show

Mrs. Dan Howard of St. Petersburg, formerly Jonnie Ruth Kirk of McLean, will be participating in the Sixth Annual Arts in Action show to be held at the Civic Center in Amarillo on November 18th and 20th. There will be over 100 artists and craftsmen from Texas, New Mexico, Colorado and other states showing their arts and crafts. This event will be both an exhibit and sale.

Jonnie Howard has exhibited in several events in the Borger area for the past three years and has received two awards for an "Outstanding Work of Art." She has also had a one-person exhibit of 33 paintings at the Panhandle Bank & Trust Company of Borger.

In the Sixth Annual Arts in Action show, Mrs. Howard will exhibit approximately 30 paintings most in oils, and many will be for sale. The public is invited to attend and admission is free.

Mrs. Howard is the daughter of Ruth Boles McLean.

Mrs. Vivian Grigsby was a patient recently at Highland General Hospital in Pampa.

W. W. Boyd was a patient in Highland General Hospital in Pampa this week.

Top O'Texas Cowbells Observe Farm - City Week

Top O'Texas Cowbells are observing Farm - City Week November 18-24. This twenty year tradition is always celebrated at Thanksgiving time. The national theme is "Partners in Economic Progress," and is to bring about a better understanding between rural and urban people to increase knowledge and appreciation of both for the American way of life. The Farm - City chairman from McLean is Mrs. Clyde Magee.

Agriculture is the nation's biggest industry with assets totaling almost \$60 billion. The beef cattle industry is the largest segment of agriculture. Each American consumes 84 lbs. of beef on a retail weight basis per year. Eighty three per cent of U. S. cattle are in herds of less than 500 head. Most large as well as small operations are family owned. Counting production and living expenses, farmers-cattlemen spend \$125 million a year, all of it going to businesses in cities and towns across the country. The farmers and towns across the country. The farmer and rancher receives an average of 43¢ out of each dollar spent for farm-grown food. The balance of the dollar represents the labor and other costs involved in transporting, processing and distributing food. Prices received by cattlemen are determined strictly by supply and demand at the time of sale. That is why prices fluctuate with changes in supply. Agriculture is not a margin-added business where margins are added to costs of materials like conventional manufacturing and merchandising businesses.

Just 4% of the American population produces food-freezing the other 96% to produce other goods and services. One American farmer-cattlemen produces enough food and fiber for 56 persons. If it were not for agriculture's improved production efficiency inflation would be even more than it is.

Agriculture is the nation's largest employer. One out of five jobs in private employment is related to some phase of agriculture-from growing food and fiber to selling it at the super market. "Labor, Land Capital-We need each other, clothe and feed each

Residents Need To Mail Comments, Could Lose Hospital

McLean citizens have until November 22 to comment on new HEW rules that if adopted, would probably close the McLean Hospital. The HEW proposals would allow about four beds per 1,000 people. McLean's hospital would only be allowed about five beds and even Amarillo might lose 284 beds.

The proposals would not only affect hospital capacity but vital services such as obstetrics and radiation therapy would be cut back.

Congressman Jack Hightower is very concerned and said that these proposals are a backward step for rural health care in this country. The congressman suggested citizens send their comments on this issue to Daniel J. Zwick Health Resources Administration, Room 10-22 3700 East-West Highway Hyattsville, Md. 20782.

Resident's Mother Buried At Canadian

Funeral services for Mrs. Laura Lee Dickinson 50, of Canadian, were held at 2 p.m. Monday at the First Baptist Church in Canadian with Rev. Bob Mueller pastor of the Gem Baptist Church, officiating. Burial was in the Canadian Cemetery.

Mrs. Dickinson, the mother of a local man died Saturday. She was born in Durham, Okla. and had lived most of her life in the Canadian area.

She is survived by her husband, Roy; two sons Buddy of McLean and Bob of Canadian; a daughter, Mrs. Carol Ruth Hohentrest of Grand View, Mo.; her parents, Mr. and Mrs. Carl Snyder of Higgins; and four grandchildren.

Toys For Tots Drive Underway

Alpha X Upsilon chapter of Beta Sigma Phi is collecting toys to be taken to Amarillo and be repaired to give to needy children. If you have some toys to donate, please leave them at McLean Hardware.

The next meeting of Top O' Texas Cowbells will be a luncheon at Tom's Country Kitchen in Pampa on December 5 at 11:30 a.m.

William Akers Buried At Pampa

Funeral services for William Henry Akers, 75, of Pampa, who died Monday, were held at 10 a.m. Wednesday in Duenkel Memorial Chapel, Pampa, with Dr. Ralph Palmer, pastor of First Christian Church officiating. Burial was in Fairview Cemetery.

Mr. Akers, who was born in Garland, was a retired oil field driller. He moved to Pampa in 1933 from McLean. He married Faye Swafford in 1926 in Wellington. He was a member of the First Christian Church.

He is survived by his wife; one daughter, Mrs. Ophelia Lambrecht of San Antonio; two sisters, Mrs. Mary D'Spain of McLean and Mrs. Ruth Thomas of Amarillo; one brother, Thomas of Amarillo and three grandchildren.

Frank Phillips To Have Welding Class

Registration and first day of classes for winter welding school at Frank Phillips College will be November 21.

Students may enroll full-time for day classes or part-time for evening classes. Completion for the suggested requirements of the welding course will qualify the student for an Associate of Applied Science degree in welding.

The course includes basic acetylene welding, electric arc welding, weld and metal testing, pipe layout horizontal and "downhill" pipe welding plate layout, and special welding.

Classes are held in the welding department of the vocational campus at Bunavista. Students who wish to work during the day and attend class at night will, on completion of the course, be qualified for the same degree as the day class longer for the evening students to finish the required courses.

CORRECTION:

Doyle Lee son of Mr. and Mrs. Buck Lee, was omitted from the story concerning the Pee Wee team that was published two weeks ago.

This was the last year that Doyle will be on the Pee Wee team.

Mr. and Mrs. H. H. Worsham are patients in the Groom Memorial Hospital.

S/SGT. WILLIAM LOWE
S/Sgt. William Lowe
Helps Team Win
Excellence Honors

Air Force Reserve Staff Sergeant William F. Lowe, son of Mr. and Mrs. W. W. Lowe of Rt. 1, Antlers, Okla., helped his Kelly AFB, Tex., team earn overall excellence honors during the recent Air Force Reserve Vehicle Fodeo held at Norton AFB, Calif.

Sergeant Lowe is an air cargo specialist at Kelly with the 74th Mobile Aerial Port Squadron.

An AFFES first, the three-day competition involved ten-man teams selected from ten AFFES aerial port squadrons throughout the U.S.

Each team planned loads, built pallets, loaded a craft and accomplished troubleshooting and safety procedures. The competition also included written tests and the driving of vehicles and forklifts through an obstacle course.

The sergeant is a 1970 graduate of McLean High School and attended San Antonio College. His wife, Janet, is the daughter of Mr. and Mrs. Thomas Bailey of 327 S. Third, McLean.

Boat Registration Sets New Record

A record setting number of boat registrations is nothing new in Texas.

This year the Texas Parks and Wildlife Department will register the usual approximate 10 percent increase in boats with 515,841 in the books as of Sept. 30, 1977.

John Ebell, in charge of boat registration statistics, said the state's vast waterways, good weather and general economic health keep the state either number two or three in the nation for registration, usually trailing only California and Wisconsin.

Derby Town Jubilee Set For Saturday

This Saturday there will be a Derby Town Jubilee in the McLean High School Auditorium. It will feature old time country fiddle, bluegrass, gospel, modern country and popular music.

There will be many out-of-town guests including Ricky Allbritton and his Gospel Quartet from Amarillo, plus The Singing Stewart Family, also from Amarillo; a bluegrass group from Lubbock composed of Mike Murley, Craig Cunningham, Jeff and Randy Redman; also from Lubbock, Cyndy Hall, Chris Rogers will be traveling from Abilene plus a group of square dancers coming from Lefors.

In addition to the out-of-town guests there will be locals including Scott Raines, Darryl Hernandez, Kerry Anderson, Eland Myers, Stephen Myers, Buck Henley and Leslie Cunningham.

This is only a partial list based on returned information received to date.

This show is scheduled to be video-taped and will start promptly at 7:30 p.m. so come early and get a good seat.

Coach Bill Coward Speaks To Lions

Coaches Bill Coward, Jim Yakubovsky and Jack Dorsett were honored during the Lion's last meeting. Coach Coward praised his assistant coaches players and the public. These men are working hard to build up a superior athletic program in McLean, including track. Mr. Ron Wright was also a special guest. Mr. Wright teaches advanced math in the high school.

The Lions will have their annual Farmer-Rancher Night Dec. 5th at 7:00 p.m. in the Casper Smith Building. All local farmers and ranchers are urged to join us at this gathering.

Mr. and Mrs. J. A. Meador of Boerne Tex. and Boyd Meador of McLean attended funeral services Monday in Amarillo for their niece, Mrs. Julia Evans.

Visitors in the F. M. Bailey home over the weekend were Mr. and Mrs. Matthew Bailey, Allen, Kristi and Misti of Plainview and Kathy and Bradley Southerland of Wellington.

THE PAIGE COMPANY, INC., 432 PARK AVENUE SOUTH, NEW YORK, N. Y.

Farmers-Ranchers Seek Soil - Water Conservation Help

Many farmers and ranchers of Gray County are seeking help in soil and water conservation. This year the Soil Conservation Service in conjunction with the Agricultural Stabilization and Conservation Service administered two cost-share programs. These were the regular Agriculture Conservation Program which runs annually. Then the Drought and Flood Conservation Program was in effect from June to October.

The ACP resulted in thirty-seven requests for SCS technical assistance which consisted of ten ponds, two water storage facilities fourteen irrigation pipelines, five land leveling, three tailwater pits, one waterway, one erosion control dam and one stock pond. These conservation practices were cost shared anywhere from fifty to seventy-five percent of the actual cost, not to exceed set average county cost.

The DFCP was a special program brought on by earlier drought conditions of Gray County. Many farmers and ranchers benefited greatly from this program. We had thirty-four irrigation pipelines, eight tailwater pits, twelve ponds, one land leveling, two terraces, and six diversions. This gives a total of sixty-three requests for SCS assistance. All were eighty percent cost shared not to exceed set average county cost.

These figures alone show that farmers realize what soil and water loss can cost them now and in the future. They have watched gullies eat away at their fields caused by water runoff. They have watched fuel bills soar on their irrigation wells. While much of their water was running down the county bar ditches.

But due to government programs such as ACP, or special programs like DFCP, they can help prevent this. Financial aid helps farmers and ranchers install much needed conservation measures with only part of the cost incurred by them.

For additional information contact your local SCS office. In Gray County contact Pampa SCS field office by calling 665-1751 or write to SCS Field Office, 720 W. Francis, Pampa Texas 79065. SCS assistance is available to anyone without regard to race, color, creed national origin or sex.

A baked potato will taste better if you stick it with a fork a few times before baking so the steam can escape more easily.

Cotton Trading Increases This Week

Trading increased this week as the volume of cotton available for sale grew. Physical prices for most mixed lots ranged from 41.00 to 44.00 cents per pound, most qualities bringing 250 to 300 points over the loan. At present, little, if any premium is being paid for grades higher than 32 or staples longer than 32. Growers received an average of \$62 per ton for cottonseed.

About 17,500 samples were classed at Memphis for the week ending Friday, November 11 bringing the season's total to 29,400. This compares to 7300 as of this date last year.

Light spotted grades made up 68 percent of the samples classed while white grades made up 32 percent. The predominant grades were 37 with 40 percent, 42 with 24 percent, 31 with 17 percent and 41 with 12 percent. Major staple lengths were 31 with 43 percent and 32 with 28 percent. Micronaire readings were in the desirable range of 3.5-4.9 on 89 percent of the samples tested. Eight percent mixed above and three percent mixed below this range. Average pressley for the week was 86.00 pounds per square inch.

EXTENSION COMMUNITY IMPROVEMENT SPECIALIST

Tim L. Shaunty is the new community improvement specialist with the Texas Agricultural Extension Service, filling the position vacated by Garland Marshall who retired Sept. 30. Shaunty has served as an area community resource development specialist with the Extension Service since 1974, with headquarters in Amarillo.

Hunters Need To Practice Safety

November brings to mind Thanksgiving turkey pumpkin pie visiting relatives and other holiday images. However, November retains a special place in the minds of thousands of Texans; it marks the beginning of the state's regular hunting season for quail deer and turkey.

It is truly an exciting time of year, especially for those young hunters who are going hunting for the first time. If you happen to be in this group, the Texas Parks and Wildlife Department hopes you take more into the field than a loaded gun and your enthusiasm.

Hopefully, you will take along a knowledge of hunting safety and safe gun handling. The rifle or shotgun you will be carrying has been designed to kill, and the bullet or shot it shoots cannot tell the difference between a deer or a man.

A careful study of hunting accidents has shown that most of them could have been avoided if those involved had practiced hunting safety. Careless gun handling along is responsible for at least 35 percent of the accidents which occur in Texas each year.

To protect you and your hunting companions while hunting together with loaded firearms, there are several rules to follow that parallel common sense.

The cardinal rule is to consider every gun as if it were loaded whether in the home or a field. Guns carried into camp or home must always be unloaded, taken down (taken apart) or have actions open. It is best to case firearms while traveling from your residence to the field or from one field to the next.

Be sure that the barrel and action are clear of obstruction such as mud or snow. Even cleaning patches left in the barrel could cause an explosion.

Never point a gun at anything you do not want to shoot and that includes your hunting companions, tv screens, livestock and windmills.

Be sure of your target before pulling the trigger as this can be the most dangerous time of the hunt if you haven't identified the bird or animal. Remember, if you miss your target that bullet or load of shot will continue to travel for quite a distance.

Since many hunting accidents occur while climbing in and out of deer and duck blinds, the hunter must be sure the gun is unloaded at this time.

Crossing fences accounts for many accidents as the hunter becomes snared by the barbs or hooks the trigger on a post. Sportsmen hunting alone should unload the firearm and lay it on the ground with the muzzle pointing away from him. As the number of hunters increases so does the potential danger when crossing fences. In this situation, both hunters should unload their guns and while one holds the firearms the first hunter crosses

S. S. Benefits In Gray County

Social security benefits were being paid to residents of Gray County at the rate of \$966,849 a month at the start of 1977, Howard Weatherly social security manager in Pampa said.

Social security benefits can be paid to retired persons age 62 and over, to workers who become severely disabled before age 65 and to survivors of deceased workers.

Monthly social security checks are also paid to certain dependents of a worker who has retired, become disabled or died.

Of the 4745 social security beneficiaries living in Gray county, 2566 are retired workers and 307 are disabled workers. Another 647 persons are receiving benefits as the wives or husbands of retired or disabled workers. Widows, widowers and dependent parents of deceased workers number 777.

In Gray county, 1782 people under age 65 and 3463 people age 65 and older are receiving monthly social security benefits. Of total beneficiaries 1768 are men, 2534 are women and 143 are children.

Statewide, 809,690 retired workers receive an average monthly benefit of \$206.94. For every 1000 persons age 65 or over in Texas 868 receive social security benefits.

Lillie Mae Williams was a patient in Southwest Osteopathic Hospital this week.

Catherine Dorsey of Alanreed is a patient in an Amarillo Hospital this week.

The heat pump

"THE ELECTRIC SAVINGS MACHINE"

HOW MUCH HEAT DOES THE HEAT PUMP PUMP?

Neither glacial January winds nor a simmering August sun can affect the heat pump's year 'round circulation of air, at just the right temperature.

Now you can stop fussing with the thermostat on those in-between days, too. The heat pump is an automatic climate control system that switches from heating to cooling to maintain the precise temperature you want. On very cold days, resistance heating coils (installed with the heat pump) automatically supplement the heat extracted from outside air. THE HEAT PUMP IS AN ELECTRIC SAVINGS MACHINE... LOW ON COST, HIGH ON COMFORT!

A stream of * Springtime air . . .

ment wheat program. Also two of the speakers painted a little brighter picture for improved wheat exports in the next several months. Dr. Roland Smith will up-date us on these prospects in the meetings on November 29 and 30.

MARKETING SHORT COURSE

There will be a Crop Marketing Short Course in Pampa at 7:00 p.m. in Courthouse Annex November 29 and 30. Mark these dates on your calendar and plan to attend.

Dr. Roland Smith, Extension Grain Marketing Specialist, will present a program on the 29th and 30th. Dr. Smith will discuss the use of hedging and futures in crop marketing give the results of the Aggie Futures Market Game that started with the Livestock Marketing Short Course earlier this month. Also Dr. Smith will cover the government loan program and give his predictions on the market outlook for wheat and feedgrains.

Dr. Fay Sammons, Area Extension Economist, will present part of the program November 30. He will discuss economics and cost of crop production for next year along with comparisons for profit possibilities between various crops.

WHEAT PROGRAM

I attended the Texas wheat meeting in Amarillo last week. The program was very interesting. From what Bruce Weber, Production Adjustment Division, ASCS, USDA, Washington, D.C., said I believe that there will be several changes made in the 1978 govern-

C. C. To Present Play Nov. 20-22

The hilarious Broadway production, "Take A Number Darling" will be presented by the Drama Department of Clarendon College November 20-22.

"Take a Number, Darling" is a comedy by Jack Sharkey. Concert pianist Duncan Latimer and his wife Ellen, a renowned soap opera star, have apparently a perfect marriage and flawless careers so when scandal mongering Bart Madden of notorious "Mystique Magazine" requests an interview via their public relations representative Gladys Nurmy she naturally accepts.

Under the direction of Ms. Leslie Schnauffer, instructor of Drama at the college, the play is scheduled for a 2:00 p.m. performance on Sunday, November 20 and 7:30 performances on the evenings of the 21st and 22nd.

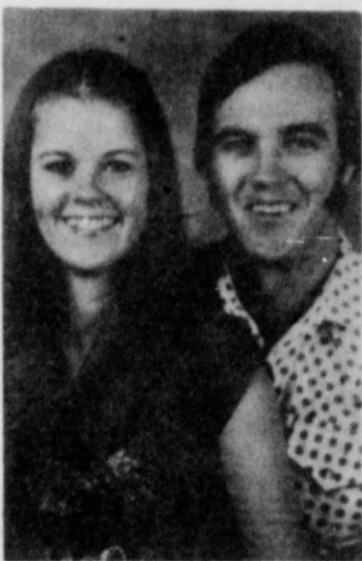

A reception sponsored by the Green Masque Club of Clarendon College will be held following the 2:00 p.m. Sunday performance for all attending.

Reservations for performances may be made by calling (806) 874-2574. College students with activity tickets will be admitted free.

The English call the merry-go-round a "roundabout." In France, where it was first made 300 years ago, it is named a carroussel. Aging for more than 11 days did not result in further improvements in any of the sensory characteristics.

This research suggests that U.S. choice beef carcasses should be aged (stored in a 1 degree C cooler) for 11 days to maximize tenderness and to optimize flavor and overall acceptance of the majority of the muscles in steaks and/or roasts from the chuck, rib loin and round.

CYNTHIA MORRIS STACY HOWARD

Local Couple Make January Wedding Plans

Cynthia Morris and Stacy Howard will be united in marriage Jan. 14 at the First Baptist Church in McLean.

Parents of the bride-elect are Mr. and Mrs. Wayne Morris of McLean. The future bridegroom's parents are Mr. and Mrs. J. F. Howard also of McLean.

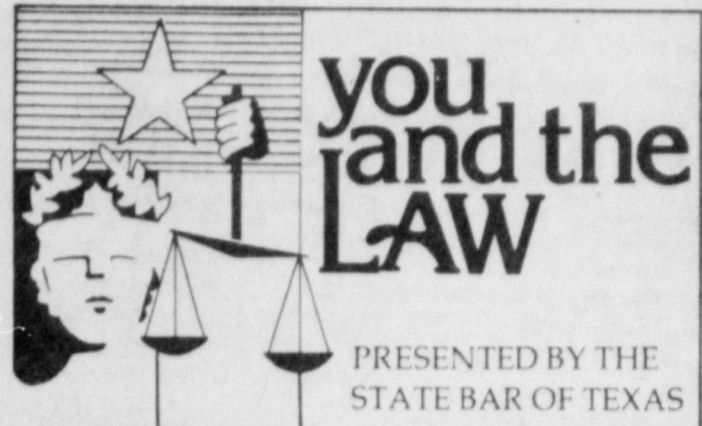

Miss Morris is a student at Clarendon Jr. College. Her fiance is a self employed welder.

Busy, Busy!!!

What was Den? doing during part of their weekly meetings in October? Such industrious work going on: measuring, sawing, hammering wood parts together, painting! None other than a pushmobile ready in time for the Pushmobile Derby which started Sunday, Nov. 6 at 3:00 at the Coronado Shopping Center in Pampa.

Their reward was a white ribbon for coming in third. The participants were David Barton, Billy Beck, John Bentley, David Campbell, Trevor McDonald, Floyd and Lloyd Morris, Jeff Mounce, Charles and Mitch Reynolds.

Paul Mertel is a patient in High Plains Baptist Hospital in Amarillo this week.

You and the LAW

PRESENTED BY THE STATE BAR OF TEXAS

Q: I've got a question concerning personal property taxes. I have lived all over Texas and for the first time I've received a tax notice. Everyone I have talked to does not pay it. Can they make you pay back taxes on cars you do not own anymore? What happens if I don't pay it?

A: The property you own as of the first day of the tax year, usually the first of January, is subject to personal property tax in most jurisdictions. This means that if you own a car on the assessment day and sell it the following day, that car is still subject to tax.

The taxing authority has the power to file suit against you for payment. Some cities may also have a lien on the property and could foreclose. It could be sold through the power of the court to pay the taxes. True, some taxing jurisdictions are more aggressive in their efforts to collect than others.

Q: My husband and I married about two years ago. Just the other day he surprised me saying that after we married, he adopted a 15 year old girl. Somehow that doesn't ring true. Is it possible that he could legally adopt a child in Texas after our marriage and without my knowledge?

A: You're right, it doesn't ring true. The law says that if the person filing for the adoption of a child is married, both spouses must join in the petition seeking the adoption.

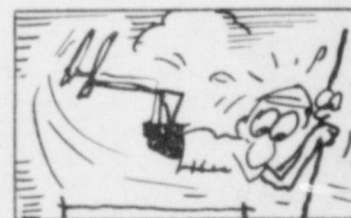

Q: Can a doctor or hospital perform an autopsy on the body of a patient who died in that hospital without obtaining permission from the patient before death, or without permission of relatives?

A: A coroner who has reason to suspect foul play in connection with a death has authority to order an autopsy to determine the cause of death. However, any other interference with a deceased person's body, without first obtaining consent of the surviving spouse or next of kin, is prohibited by law. Any unauthorized interference with a deceased person's body may provide the basis for a suit for damages filed by the person entitled to its custody.

Q: My volunteer group is going to hold a fund-raising banquet for charitable purposes. Do we need to charge the sales tax on the tickets to the banquet, or on the food when we serve it?

A: If your organization is non-profit and the function is not a regularly scheduled one; and, if the function is not being held in an established restaurant or other eating place; and, if it's all volunteer—you most likely will not have to collect any sales tax. To be absolutely certain, however, you may wish to check with the nearest district office of the State Comptroller.

Send your questions to "You and the Law," State Bar of Texas, P. O. Box 12487, Austin, 78711. Answers may appear in columns in hypothetical terms; personal answers not possible.

The first pole vaulter to clear the bar at 15 feet was Cornelius Warmerdam on April 13, 1940, in Berkeley, California.

value, although prices are a bit higher. That trend likely will continue through the holiday season as demand for eggs increases.

Good choices include smoked picnics, fresh shoulder roasts and steaks, assorted chops and liver.

Specials focus on beef chuck roasts and steak, round steak, ground beef, liver and some of the more tender cuts, such as sirloin steak. Also consider boneless cuts because they do offer more servings from each pound than most other cuts.

Impulse buying may send family food costs soaring. Avoid haphazard food buying by planning menus and then making a shopping list from them. This can keep trips to the store down to one a week and mean even more savings.

Market Report

Fresh fruits and vegetables offer some top economy buys at Texas grocery markets this week according to Mrs. Gwendolyn Glyatt, consumer marketing information specialist.

Items in best supply at the most economical prices are cranberries, grapefruit, oranges, apples, tangelos, tangerines, bananas and grapes.

In selecting cranberries, look for plumpness, good color and size uniformity. Also they are easy to freeze. Simply put the original package in the freezer.

Fresh potatoes and onions are this week's "spotlight items" for thrifty choices. Other good values are cooking greens, hardshell squash and sweet potatoes. Additional economy buys are pumpkin, carrots, broccoli, eggplant, cabbage, rutabagas and green peppers.

Fryer chicken prices have fluttered upward slightly, but whole chickens are still an economy choice. In egg buying, Grade A, large-size eggs generally are the best

"AND THEY CRUCIFIED HIM..."

Most will agree that the crucifixion of Christ was the most heinous crime in the annals of history--the Son of God, "who did no wrong", "in whose mouth was found no guile", executed in the manner of the worst criminal. How sad! The righteous one dying for the unrighteous. "The Lamb of God that taketh away the sin of the world." Killed without cause.

How terrible the thought to be one of those that took part in the crucifixion. How could anyone do such a thing? we ask!

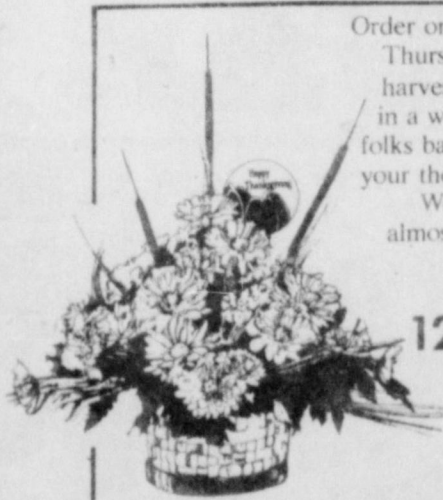

Yet similar things take place daily. "For if we sin wilfully after that we have received the knowledge of the truth, there remaineth no more sacrifice for sins, but a certain fearful looking for of judgment and fiery indignation, which shall devour the adversaries. He that despised Moses' law died without mercy under two or three witnesses: of how much sorer punishment, suppose ye, shall he be thought worthy, who hath trodden under foot the Son of God, and hath counted the blood of the covenant, wherewith he was sanctified, and unholy thing, and hath done despite unto the Spirit of grace?" (Heb. 10:2-29). Every willful act of disobedience of God's commands on the part of an individual places that person in a position not dissimilar to the position of those who crucified the Christ! What is the difference between those who nailed Christ's hands and feet to the cross and those who "sin wilfully... who hath trodden under foot the Son of God... hath counted the blood of the covenant... an unholy thing... hath done despite unto the Spirit of grace"? Their fate is the same. The crucifixion a sad thing... a bad thing---even so is the willful sin. "It is a fearful thing to fall into the hands of the living God" (Heb. 10:31).

Texas Department of Health
Fratris L. Duff, M.D., Commissioner

How much is a smile worth?

Personnel in the Texas Department of Health's State Dental Health Program have found that a smile can be a priceless possession.

Through the program thousands of Texas children with decaying teeth and other dental problems are receiving badly needed help.

"We had one little fifth grader come in who was afraid to smile because the other children made fun of him when he did," says Dr. Barry J. Currey, public health dentist in Abilene. "One look in his mouth and you could tell why. He'd been in an automobile accident and chipped both front teeth off right at the gum level. He was at the age where boys start having girl friends and he felt his looks were against him. His teachers also called him a slow learner."

Dr. Currey used a composite resin which could adhere to what was left of the front teeth, and this enabled him to rebuild the teeth, making them the same color and shape they used to be.

"After we finished with his teeth, he seemed to perk up and to come out of his shell," Dr. Currey said. "He was back in here the other day and he told me he had a girl friend and that he'd been elected to some class office. He was also doing much better in school."

Dr. Currey said he treated another little boy, about five years old who suffered from chronic infection around decaying teeth. "His white cell blood count was way off, he was having night sweats or fever and he was in pain all the time. In addition he would go to school one day and then miss class the next because he was sick."

Dr. Currey said some of the boy's teeth were so badly decayed that they couldn't be capped or restored. It was necessary to remove eight bad teeth and put stain-

less steel crowns on the remaining ones.

"After we were finished, he could chew and eat a balanced diet, and his general health improved tremendously. Now his attention span is much longer in school. His teachers report his attitude has changed and he is doing much better in class," Dr. Currey said.

The public health director told of another case suffering from "bottle mouth syndrome." He said the three-year-old girl had rampant decay because her mother had kept her on a bottle filled with soft drinks and grape juice which contained sugar and speeded up the decaying process.

"The overall digestive pattern was off because the child could only eat soft foods like mashed potatoes," he said. "She was losing weight and also having kidney problems. After we fixed her teeth and she could eat meat, celery, lettuce and apples once again her general health improved so much that she was a different child."

The Texas Legislature has appropriated approximately \$2 million for fiscal years 1978-79 to bring dental care services to indigent children through the age of 18 years old. It is estimated that 750,000 Texas children blow age 19 come from families with incomes below the poverty level and that these children are not provided for under existing programs of dental treatment.

"Local eligibility committees determine which children are not receiving dental care from some other program and are eligible for the service," said Dr. Carlos Lozano, chief of the Bureau of Dental Health. Dr. Lozano said dental care services are delivered in different ways.

He said there is a three-chair mobile clinic operating in Harlingen and a two-chair mobile clinic operating out of El Paso. "There are 40-44 counties in the State with no dentists, and these mobile units are designed for such regions," said Dr. Lozano. "A though they didn't become fully operational until February of 1977, by the end of the fiscal year in August they had treated 2,500 children."

He said the full-time clinics employed dentists and auxiliary personnel paid by the state. The fixed clinics treated 12,361 children during the last fiscal year.

Although several of the programs were not fully operational until late in the year, Dr. Lozano reported that a total of 37,058 patients received dental treatment during the fiscal year.

Cubs - Cubettes Win Over Lefors

The McLean Jr. High Cubettes and Cubs both took wins over Lefors Jr. High teams at the McLean gym this Monday night.

The Cubettes rambled to a 24-15 over the Lefors squad led by Donna McAnear who tallied nine points for the evening. Rounding out the scoring was Leslie Skipper with five points, Terri Glass with four Margaret Horn with three, Cindy Glass with two and Missy Billingsley with one.

The Cubs overwhelmed their competitors by a margin of 25-16. Billy Skipper was the high scorer, sinking thirteen points. Dudley Reynolds hit the basket for nine points, Eric Stokes had two and Andy Eck scored one.

Cubs - Cubettes Play At Miami

Last Thursday the Junior High Cubs and Cubettes started their basketball season off playing all four teams at Miami.

The A team girls were defeated 22-8 as Donna McAnear and Susie Billingsley each scored 3 points for the high point players in that game. The B team Cubettes were also defeated with a score of 1-12. Stacy Smith with four points and Phonda Herndon with four points were the high point players in the game.

The A team Cubs won their first game of the season by a score of 16-14. Billy Joe Skipper scored eight points as Dudley Reynolds followed close behind with 7

Tigerettes Lose To Hedley 48-39

The Tigerettes suffered a loss for their first game of the season last Tuesday at Hedley by a score of 48-39. The Owlettes held the Black and Gold to two points the first quarter, but the Tigerettes got over their jitters and scored 37 points the next three quarters to Hedley's 38. Leading the Tigerettes in scoring was Melinda Hunt with 20 points.

Tigers Play Tuesday At Headley

The Tiger basketball team played its first game of the season last Tuesday against Hedley and lost 72-30. The Tigers couldn't connect on their shots and three of them fouled out. Hedley has been playing basketball since the first of the year and they didn't miss two many of their shots. The high scorer for the Tigers was Sam Haynes with nine points. The Tigers will play the Irish at Shamrock Friday.

X's and O's

by Bill Coward

It's basketball season now in McLean and if you haven't had a chance to see one of the McLean teams in action, let me urge you to come out for an exciting time. We are now fielding seven teams from junior high through high school and we play almost every night of the week except Wednesday. The first home game for our high school teams will be Tuesday Nov. 22 against Clarendon. The Junior High plays this Thursday against Claude. Games start at 4:00 Thursday and 5:00 next Tuesday.

Thus far we have played three games and the girls have played two. The boys were beaten in their first two outings by two fine basketball teams. Making the transition from football to basketball takes time and the young men who make up the team have shown they are willing to work. We will try to run the fast-break and play man-to-man defense this year and I think the players are really doing a good job in picking up the offense. Tuesday night we beat Lakeview 82-74. When I told our team they scored 82 points, they could hardly believe it. I'm looking forward to an exciting season this year. The girls just keep

improving with every Cub Scout Pack Have Meeting

game and their attitude is super. I think they will become one of the best teams in the district and if they keep working as hard as they have been, they can win the district. There is a lot of talent among our girls and I'm looking forward to seeing them play a lot of good basketball and win a lot of games.

Those Junior High and High School boys not involved in basketball are going into our off-season program. For the next several months they will be lifting weights working on quickness and agility and playing competitive games. I feel that the off season is the most important time of the year, it is during this time that they build their strength physically and it is also important mentally. Team spirit will be stressed and the boys will form a comradeship that will draw them closer together.

This is quarter test time at MHS and the students will be spending plenty of time studying. We will be getting out for Thanksgiving on Wednesday, November 23 at 2:30 p.m. Then Monday, November 28 is teacher in-service day and students will be excused from classes. It is hard to believe that the first quarter is gone so fast. I feel that these have really been 12 good weeks at school and I think the attitude of the

All Cub Scouts and their parents met for the monthly pack meeting at the Methodist Church, Sat. night at 7:00 p.m. The main display was the various collections put together by members of Dens 1 and 2. Very nicely labeled and set up were such collections as: rocks, leaves, paper airplanes, keys, small flags -- replicas of colonial times coins and stamps.

There were games and songs and a flag ceremony followed by the proud presentation of badges to David Campbell, bobat; and Justin Finney wolf; American Cancer Society Certificates for participation in the Cancer Drive campaign; pins for those who attended all the summertime activities pins for the "mothers of the month" who contributed most in helping out den projects; and Recruiter Badges for those who bring in new members.

After a hearty singing of "John Jacob Jingle" students and faculty has been super. So far it has been a very good year and I can see no reason for the rest of the year not to be the same. Franklin P. Jones said, "Some people's idea of keeping a secret is lowering their voices when they tell it."

heimer Schmidt", refreshments were served. The next pack meeting will probably be held in December. It will be Indian Christmas. Wow with Indian tests, games and dances and with Indian projects and decorations.

Birthday Party

Mrs. Gladys Small was honored at a surprise birthday party recently by several nieces and nephews. Those attending and bringing delicious dinner were Mr. and Mrs. Albert Bryan; Mr. and Mrs. Leonard Bryan, Ke Dale, and Timothy; and Mrs. Leon Smule William, Elaine and D n s, all of Sweetwater Okla.; Mrs. Shir Bryan, Debbie and Pa Tanya and Terry Dale all of Pampa; Mrs. La Sargent and Clyde from Shamrock and Mrs. Jeanette Kennedy and Judy and Mr. and Mrs. W. C. Simpson of McLean and her brother Mr. and Mrs. Mar Tibbets of Lefors.

points. In the B team boys game the Cubs came out ahead 24-14 with Bick Horn scoring 10 points for the high point player.

ONE OF OUR NEW PHONES IS REALLY MICKEY MOUSE

Southwestern Bell's two new Design Line® telephones go to great lengths to add color and excitement to the Wonderful World you live in.

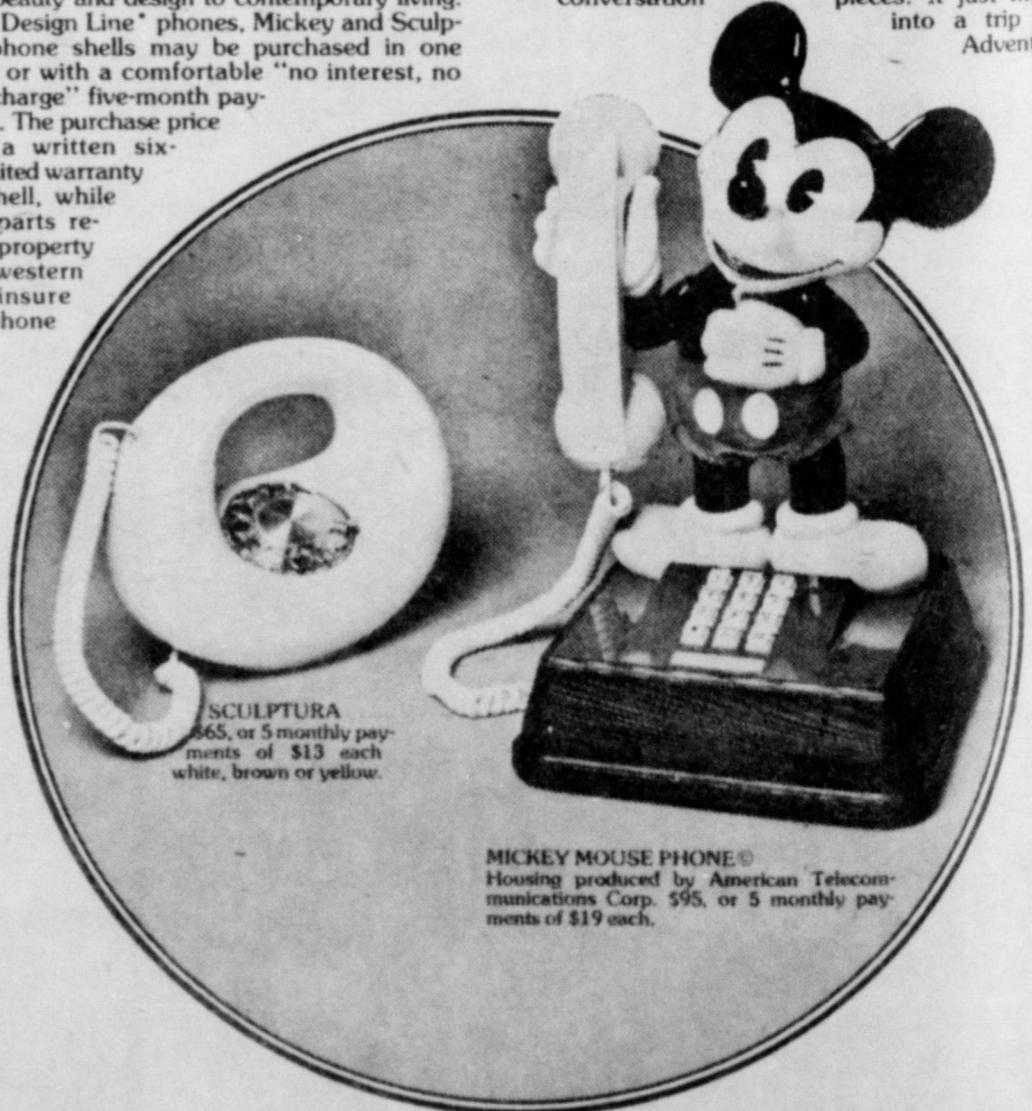

The Mickey Mouse Phone® is for fun and whimsy, adding a Fantasyland feeling to your day-to-day lifestyle.

The new Sculptura Telephone takes us into the gates of Tomorrowland, giving a classic sense of futuristic beauty and design to contemporary living.

Like all Design Line® phones, Mickey and Sculptura telephone shells may be purchased in one payment, or with a comfortable "no interest, no carrying charge" five-month payment plan. The purchase price includes a written six-month limited warranty on the shell, while working parts remain the property of Southwestern Bell to insure quality phone

service. Southwestern Bell will then service these working parts with no additional charges, should the need ever arise. As gifts, all Design Line® telephones may be either mailed to you for personal presentation, or sent directly to the receiver.

Call or stop into Southwestern Bell's business office to get the feel of Mickey and Sculptura for yourself. And see the other Design Line® pieces. It just might turn into a trip through Adventureland.

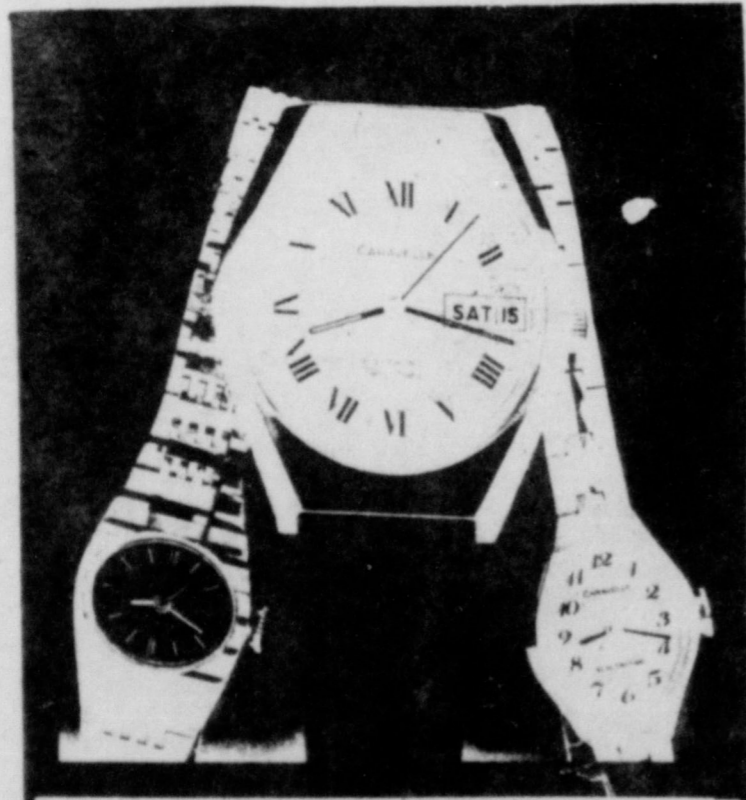

SCULPTURA \$65, or 5 monthly payments of \$13 each white, brown or yellow.

MICKEY MOUSE PHONE® Housing produced by American Telecommunications Corp. \$95, or 5 monthly payments of \$19 each.

Fifth Grade News

By Damon McElroy
 Fifth grade is when
 you first start football,
 and we need to mention
 the names of the fifth
 grade boys that were in
 football. They are Shawn
 Studer, John Matheny,
 Mike Lovitt, and Ro-
 bert McDonald.

Also I'd like to men-
 tion the fifth grade peo-
 ple that are playing in
 band. They are Judy Ste-
 wart, Robert McDonald,
 Shawn Studer, Damon
 McElroy, Amber King-
 ston, Kim Morris and
 Michael Estes.

In Health we've stud-
 ied about the bones,
 muscles, digestive sys-
 tem, circulating system,
 and now we are studying
 about the growth of the
 body, not only physical
 growth but emotional
 and mental growth.

In Social Studies we're
 studying about the colo-
 nists and the way they
 built their houses, how
 they got their food what
 they wore and what they
 made their clothes out of.

In reading we are
 learning to use the index
 using a key word.

The best citizens this
 year have been Amber
 Kingston, Shawn Studer,
 Paige McDonald, Von
 Holwick, John Matheny
 and Damon McElroy.

Beta Sigma Phi Meet Nov. 13

The Alpha Xi Upsilon
 met Sunday November 13
 in the home of Mary Lou
 Glass. The program on
 "Education" was dis-
 cussed by the members.

Refreshments were
 served to Mary Bybee,
 Freda Holland, Jacque
 Gillispie, Charlotte Hef-
 ley, Frankie Smith, Mary
 Lou Glass, Sonie Heas-
 ley, Jean Smith, Susan
 Barker, Evelyn Shaw,
 Billie Kingston, Marie
 Cummings, Sue Coward,
 Janet Yakubovsky, Linda
 McDonald and Shirley
 Stokes. Frankie Smith
 won the door prize.

The state flower of Georgia
 is the Cherokee rose.

Baptist Women Study Far East

The Baptist women
 met in the church last
 week with Felia Ayers
 to study the Far East.
 An interesting program
 by Pauling Miller and
 Evelyn Hunt on Asia,
 Juanita Smith on China,
 and Susie Trout and
 Ellen Roby on Japan was
 given.

There were 12 mem-
 bers present with one
 visitor Mrs. Minnie
 Erwin.

The next meeting will
 be with Louise Dickinson
 for a Bible study on Nov.
 22.

"A lover without indiscre-
 tion is no lover at all."
 Thomas Hardy

**A very
 REFINED
 Gentleman
 OR how
 NORBERT RILLIEUX
 was the
 original
 Sugar Daddy.**

On August 26, 1842, Norbert Rillieux put a patent
 on a sweet idea.
 It was a way to refine sugar.
 To help the sugarcane juices evaporate more quickly,
 he enclosed condensation coils in a vacuum chamber.
 The process that's made things a lot sweeter ever since.
 You can make your future a little sweeter, too, by
 buying U.S. Savings Bonds through your Payroll
 Savings Plan.
 They're the dependable way to save for an education,
 vacation, or even retirement. Because they always pay
 off with interest.
 So buy U.S. Savings Bonds.
 And be a "sugar daddy" in your spare time.

Series E Bonds pay 6% interest when held to maturity of 5 years
 (4 1/2% the first year). Interest is not subject to state or local
 income taxes, and federal tax may be deferred until redemption.
