State Capital NEWS

By Vern Stanford

TIME OUT—First big break one of the session's closest contests—over whether Daylight Saving Time—came when the state affairs committee approved the exemption bill.

Theatre owners, restaurant operators and farmers backed the bill by Sen. Joe Christie of El Paso, to continue Texas on Central Standard Time. (After April 1968 the new federal Uniform Time Act goes into effect everywhere except where state legislators vote otherwise. Only one state, North Dakota, so far has passed an exemption act.)

Panel was unimpressed with arguments of television broadcasters, railroad and airline businessmen that the state must stay in line with the rest of the nation.

Same bill, heard in House state affairs committee, was referred to sub-committee and has not yet emerged.

VETERINARY LABORATORY—Bill to create a Veterinary Medical Diagnostic Laboratory for Texas farmers and ranchers at Texas A and M University has been sent to the governor for his signature.

Rep. Dick Cory of Victoria and Sen. Bill Patman of Ganado, sponsors of the bill, said the laboratory will be located on property which will be given to the state by the A and M Board of Regents. Purpose of the laboratory is to give speedy and accurate analyses of samples from possibly diseased animals to help local veterinarians diagnose and treat the animals.

MIGRANT LIVING—House Health Committee—considering a bill to set up state standards for farm-worker housing—heard testimony last week from state officials of the inhuman living conditions of the 2,000 migrant farm workers in Texas.

Committee sent the bill along to a sub-committee, after such officials as Col. Egon Tausch of the migrant section of the Texas Food Neighbor Commission gave studies of migrant conditions and pointed out that cases of infant dysentery often range as high as 30 per cent among the children of farm workers.

FEED LOT BILL MOVES—Feed lot license bill was approved by the House agriculture committee. Sponsor is Rep. Tom Holmes of Granbury.

It sets standards of sanitation for livestock feeding operations under authority of the Texas Animal Health Commission and fixes these annual licensing fees: \$5 for lots that feed under 1,000 head; \$10 for 1,000 to 3,000 head; \$20 for 3,000 to 10,000 head; and \$30 for over 10,000 head. License fee optional for lots feeding under 1,000.

Under amendments, the commission would have to act in 30 days on license applications. Water Pollution Control Board and Air Control Board regulations would prevail in "matters lying within their jurisdiction." Committee also approved a bill to raise fines and penalties up to \$200 per head for improperly transporting animals over fever tick quarantine areas.

LOCAL OFFICIALS' RAISE—County auditors and precinct officials would make substantial monetary gains under a pair of bills being sponsored in the House by Reps. Vernon Beckham and Denison and Dick Cory of Victoria.

Beckham's bill would let county commissioners courts pay mileage reimbursement to county officers for travel in their line of duty. House Committee on committees referred that measure to a sub-committee for further consideration.

Cory's bill would allow commissioners to raise the salaries of justices of the peace and constables up to 30 per cent over that they now earn. Committee favorably reported this one back to the House floor where it is now awaiting action.

LIVESTOCK MARKETS—Sen. Wayne Connally of Floresville and Rep. Charles Jungnickel of Grange have introduced legislation to place greater emphasis on encouraging the construction

development and expansion of services and facilities of livestock markets in Texas.

Connally's bill would establish a charter-fee system to govern livestock markets and to create a seven-member Public Livestock Board in the state government to grant charters and supervise the markets where livestock are auctioned.

MOVIE REGULATION—Every incorporated city and town in Texas would be required to set up a "Motion Picture Classification Board" to preview every movie to be shown in that city and classify it as "suitable" or "not suitable" for persons under age 18 by a bill introduced in the House by Rep. Cordell Hull of Fort Worth.

Hull said that cities now have the authority for such regulation, but his bill would make the board mandatory and would provide guidelines for classifying movies. Board would be composed of nine members appointed by the city's governing body for two-year terms.

TEACHING OF SPANISH—Rep. Ralph Wayne of Plainview has introduced a bill requiring public schools to offer courses in Spanish to students in the second, third and fourth grades.

Wayne's bill, now in the House Education Committee, would require that within five years after passage of the bill, every elementary school in the state begin teaching Spanish to students in at least those three grades.

It also provides that the State Board of Education furnish textbooks and recorded Spanish exercises to the school districts without cost to the students.

COURTS SPEAK—U. S. Supreme Court rejected a challenge of the Texas law which provides penalties up to \$1,000 a day for operating slant hole oil wells.

High court wrote no opinion in ruling that it would not hear arguments on the state law dealing with violators of the prohibition against angle drilling across another property owner's or lease holder's boundary.

A total of \$304,800 in fines are involved in appeal. But petitioners claimed the state is seeking fines and penalties ranging into millions of dollars in 100 similar cases.

ATTORNEY GENERAL SPEAKS—A \$5,000,000 appropriation for the Institute of Texas Cultures at San Antonio's HemisFair '68 can be spent any time up to Feb. 19, 1969, and may be used for operating expenses. Atty. Gen. Crawford E. Martin held in an official opinion.

In other opinions, Martin concluded: Legislature may authorize a grant or loan of state funds to (Continued on Page 3)

St. Patrick's Day Celebration in Shamrock March 17

The Irish City of Shamrock is again extending a warm Texas welcome to neighboring cities, towns and communities to attend the 21st annual St. Patrick's Day Celebration on Friday, March 17.

Launching this year's Irish Festival will be Dr. John H. Furbay, New York City, internationally known lecturer, who will address the Pre-St. Patrick's Day Banquet scheduled for Thursday evening, March 16, at the Armory.

Everyone is invited to attend this kick-off event and remain for the following day's activities. Banquet tickets, priced at \$3.00 each, may be reserved by calling the Shamrock Chamber of Commerce.

The colorful parade, always the highlight of the celebration, is scheduled for 11 a.m. St. Patrick's Day. Featured in the hour-long procession will be more than 40 floats, a dozen or more bands and drill teams, beautiful collectors and riding clubs.

The Irish Band Festival will be underway all day at the high school auditorium.

The downtown sound stage will be the scene of continuous program features throughout the day, closing with an Old Fiddlers Contest late in the afternoon.

Western entertainment at the Sheriff's Posse rodeo arena will include calf roping and barrel racing.

At least 20 beautiful collectors will compete for the title of Miss Irish Rose of 1967. The winner will be crowned in an impressive coronation at the Armory during the afternoon.

The celebration will end Friday night with a dance at the Armory. Furnishing the music will be Willie Lo-Max and The Jacks of Amarillo.

Former McLean School Principal Receives Honor

Jimmy Payne, a former high school principal in McLean, was named "Outstanding Industrial Arts Teacher" of the West Central Texas Division of the Texas Industrial Arts Association, in a meeting on the Texas A and M University campus Saturday.

Payne is now working as a drafting teacher at Cooper High School, College Station.

Payne's award makes him eligible in selection for outstanding industrial arts teacher in the state of Texas. He will be presented at the national convention in Philadelphia, Pa., March 14-17.

Gray County Buys \$3,239 in Bonds

The 1967 United States Savings Bond goal for Gray County is \$400,000, according to an announcement made by George B. Cree Jr., chairman of the Gray County Savings Bonds committee. January sales in the county totaled \$37,239, which represents nine per cent of the 1967 sales goal.

The Texas 1967 Savings Bond goal is \$181.3 million E and H sales during the month of January totaled \$15,191,636, which is an increase of 18 per cent over January, 1966.

The county savings bonds committee was happy to learn about the new "Freedom Shares" announced by President Johnson on Feb. 21. They will go on sale May 1, 1967. Freedom Shares along with E and H savings bonds play an important role this year in supporting our forces in Vietnam and in helping stabilize the nation's economy. Chairman Cree stated.

School Election Has 5 Candidates

Five men are running in the race for the two openings on the school board. These names were released this week.

They are Ted Simmons, John Jones, Ollis Calcute (incumbent), James Thacker and Finis Dalton.

Mrs. J. M. Bilderback has returned to her home in Amarillo after spending five weeks with her mother, Mrs. Roy McCracken, who has been ill.

FACTORY ALSO HONORS—Marie and Cal Fraser are shown here with Ronald McDaniel, production superintendent. Mr. and Mrs. Fraser, whose home is in California, were in McLean for the tenth anniversary of Marie Foundations.

West Texas C-C Will Sponsor Legislative Meet

State senators and representatives from the West Texas area will meet Tuesday morning, March 14, at a legislative breakfast sponsored by business men of District 1 of the West Texas Chamber of Commerce.

The breakfast will be at 7:30 a.m. in the Sun-Austin Room of the Stephen F. Austin Hotel in Austin.

C. F. Mimar, Parhandle division manager of Southwestern Public Service Co., Amarillo, and district vice president of WTCC, will preside at the meeting.

Counties making up the district are: Dallam, Sherman, Hansford, Ochiltree, Lipscomb, Hartley, Moore, Hutchinson, Roberts, Hemphill, Oldham, Potter, Carson, Gray, Wheeler, Deaf Smith, Randall, Armstrong, Donley and Collingsworth.

Nine File for City Councilman

Nine candidates have filed in the coming city election for the three openings for councilman, and one has filed for the office of mayor.

In the race for councilman are Joe D. Smith, Jimmy Joe McDonald, Bill R. Cash, Miro Pukan, Richard (R. L.) Brown, R. L. Wright, W. G. Carter, J. W. Meacham and J. D. Alexander.

Only one has filed for the office of mayor, and that is the incumbent, Boyd Meador.

Tom Anderson to Speak in Pampa

Tom Anderson, nationally known speaker and writer, will speak on Wednesday, March 15, at 8 p.m., in Pampa at the high school auditorium. Tom Anderson's column, "Straight Talk," appears in 130 newspapers across the United States and Canada.

Anderson has received many awards for his patriotic speeches. Among those awards is the coveted Valley Forge Freedom Award. This award is presented to an outstanding speaker or writer each year "for outstanding achievement in bringing out the American way of life."

The public is cordially invited to attend. Tickets will be on sale. Proceeds are to go to a college scholarship at Frank Phillips College, Borger.

Easter Seal Society Aids Handicapped

"Do you know a handicapped person who needs help and isn't getting it?" is the question being asked by Paul Keim, who is Gray County's Easter Seal representative and the person to contact for services from the Easter Seal Society for Crippled Children and Adults of Texas.

The Easter Seal Society offers rehabilitation services to help disabled persons and their families to find and make the most effective use of resources which will be helpful to them in developing their abilities and living more purposeful lives, Keim said.

Keim urged every person in Gray County to increase their support of the Texas Easter Seal Society and its program of services to the crippled children and adults.

He added that anyone who could benefit from rehabilitation services should contact him at the First National Bank, Pampa, to request services for the Easter Seal Society.

2 McLean Players Make All-District

Names of those from McLean High School to make the all-district basketball team were released by the high school this week.

Eddy Finley, a senior, made all-district, with Jim Hester getting honorable mention.

On the girls guard line-up, Toni Willoughby made the all-district.

John J. Engle Earns \$50 Award

Airman Second Class John J. Engle, son of Mrs. Norma B. Engle of McLean, has received a \$50 award at Tinker AFB, Okla., for improving home town news coverage of U. S. Air Force basic training graduates.

Airman Engle, an information specialist, recommended a procedure that expedited releases by the U. S. Air Force Home Town News Center at Tinker concerning newly enlisted Air Force personnel.

The airman's suggestion has saved the USAF centralized news service substantial time and money, particularly with the increased military build-up due to the Vietnam conflict.

Airman Engle submitted his military improvement suggestion as part of the Air Force-wide cost reduction campaign.

He will depart Tinker in April, en route to another information assignment in Vietnam.

A graduate of Enid (Okla.) High School, he attended Phillips University at Enid and Oklahoma City University.

His wife, Karen, is the daughter of Mrs. Ruth G. White of Aline, Okla.

SUNDAY'S SERMON

SPRING

No matter what the thermometer says, spring arrives each year on March 21.

If winter hangs on, the "real" spring waits a short while. Robins, boys playing marbles, baseball and climbing trees, freshly-plowed earth, and green valleys and hillsides.

Spring comes again, assurance that life is immortal and creation normal and abundant. Look well at the marvels and the wonders of spring. Wonder, perhaps, as you must about the mystery of budding flowers and greening leaves.

There is a master plan. Winter is gone. Summer will soon be here again.

With all the beauty of spring surrounding you, think but for a moment, and you will perhaps believe that God has reached out to touch the hand of Mother Nature.

Social Security News

If you lose your Medicare identification card, the social security office will help you secure a replacement, according to Travis C. Briggs, district manager of the Amarillo social security office.

Briggs said his office would need to know your full name, your claim number if you have it, birth date and mailing address.

Hospitals need the card to verify that a patient is enrolled in the Medicare program and to use in requesting payment from Medicare for their services to the patient.

No one should delay in securing needed medical attention because the card is lost or misplaced, as the hospitals can secure the claim number from the social security office in an emergency.

The Amarillo social security office is located at 1006 S. Adams, telephone DRake 6-5151, and is open Monday through Friday from 8:15 a.m. until 4:30 p.m. Thursday evenings the office is open until 7:30 p.m.

A representative of the Amarillo office will be in Shamrock at the Community Building from 10:00 to 11:30 a.m. on March 13, 20 and 27.

Speaking of magazines, a man brought us a copy of the Woman's Home Companion dated February, 1958. The selling price was five cents per copy and with one year's subscription at one dollar you could get several dollars worth of extra prizes.

The ads were a revelation. For instance, one ad guaranteed that after taking their mail order course you could get a job paying three dollars per day.

A large ad displaying the latest thing in corsets had them priced for the healthy poor at only \$1.50, and the elaborate black satin finish that should appeal to the uncomfortable wealthy for \$3.00. You could buy an Edison graphophone for \$10.00 with the long loudspeaker. I had more fun than that with the last one of these; we remem-

ber just calling the cows through the end of it.

A woodburning wooden hen incubator that would hatch up to 38 eggs could be had for only \$6.00, and five drops of 5-Drops would cure anything from rheumatism to asthma.

At first we thought that times had changed a lot, and then we read a soap ad:

The mistress one day found her servant crying.

To clean the parlour wainscot vainly trying.

"I've tried all soaps," she sobbed, "but can't improve it. There's still dirt on it, but I can't remove it."

The mistress sympathising said, "Don't trouble."

The soaps you're using make your labor double.

Just try Sapolo, and you will not moan so."

She used it with success—at least let's soap so.

And if the above soap ad wasn't enough to prove that times don't change so much in 69 years, there was an article on nervous tension for the women. It complained that the responsibilities of the home plus trying to take over in the place of men were making nervous wrecks of the ladies. We had thought this all just happened lately.

Pages From A History Notebook

St. Patrick was not Irish. One account says he was born at what is now Dumbarton, about 373 and that his father was Calpornius, a Roman Centurion, his mother un-named. He supposedly was captured in a Piet raid and sold as a slave in Ireland. A second account says he was born at Carnarvonshire, his mother's name Concha and his own Welsh name Maenwyn. According to this record, Pope Celestine gave him the name of Patricius when he consecrated him a bishop and sent him as a missionary to Ireland.

March 17 is more than St. Patrick's Day in Boston. On March 17, 1777, General George Washington, from atop Dorchester Heights, South Boston, watched with pleasure as British troops under command of General Howe evacuated Boston, sailing away to Halifax, N. S.

Grover Cleveland, born March 18, 1837, was the 22nd and 24th President of the United States, serving 1885-1889 & 1893-1897. During Cleveland's first term, a surplus in the national treasury gave politicians an opportunity to criticize the tariff policy in effect. The surplus encouraged political patronage and was the basis for numerous legislative bills. Cleveland vetoed many pension bills, Labor troubles, strikes, monetary standards and immigration were also in the national spotlight — but mainly the tariff situation was blamed for Cleveland's unsuccessful bid for re-election. The tariff question was still an issue when Cleveland was elected to a second term for years later.

Commodore Stephen Decatur, naval hero of the wars with the Barbary pirates and the War of 1812, died March 22, 1820, of a wound suffered in a duel earlier that day. His opponent was Commodore James Barron, member of a family famous in naval history. The duel was fought near the village of Bladensburg, just outside Washington, D. C.

Strength

"Have I not commanded you? Be strong and of good courage; be not frightened, neither be dismayed; for the Lord your God is with you wherever you go."

— Joshua 1:9

We cannot expect every day of our lives to be filled with roses and happiness. Things will not always go our way. We can expect reversals, defeats, and constant challenges. Though we may not always win, we can still refuse to be hopelessly beaten. We can always salvage something of a victory if we refuse to sit down and quit; if we meet challenges with the best effort we can muster, if we keep our courage and our faith in God.

THANK YOU

Just to thank all our customers for the business you while we were in the cafe. We take this means of expressing my gratitude to my and business associates who generously gladdened my with a surprise appreciation party and shower of gifts. Special thanks to the girls who had originated the idea. I remember the party, the gifts, but most of all I shall remember you who took this happy way of assuring me of friendship. We will always be your friends.

Department of Public Safety is reminding Texas motorists that only five weeks remain before the April 15 deadline on the 1967 vehicle inspection stickers.

House Parks and Wildlife Committee favorably recommended a bill introduced in the House by Rep. Leroy Wieting of Portland authorizing the Parks and Wildlife Department to negotiate with the federal government for the eradication of vegetation in Texas streams and lakes.

Water Development Board withdrew a \$15,000,000 bond offering because of an "unsatisfactory" market.

Lindsay Enderby of Gainesville as been designated chairman of "Opportunities Unlimited," a career-political education conference set for April 22 on the UT campus. Sen. John Tower and GOP National Chairman Ray C. Bliss are sponsors of the conference.

Sen. V. E. (Red) Berry of San Antonio has proposed constitutional amendments to take Texas either "all wet" or "all dry" for liquor sale.

Bills by Rep. Joe Allen of Baytown would ban the use of oyster shell in road construction and restore the old shell dredging line at 1,500 feet from five

reefs. Allen also recommends enlarging Parks and Wildlife Commission from three to six members.

DPS Director Notes Time Is Short for Vehicle Inspection

The director of the Texas Department of Public Safety reminded motorists today that only five weeks remain before enforcement begins on the 1967 vehicle inspection stickers.

Col. Homer Garrison Jr., DPS director, said that the law allows for no extension of the April 15 deadline and urged drivers to have their vehicles inspected before the last minute lines begin forming.

Garrison pointed out that some two and one-quarter million vehicles in Texas remain to be inspected in order to comply with state law. This amounts to approximately 14 vehicles per working day for each of the 5,500 official inspection stations.

"Undoubtedly," Garrison stated, "many motorists will wait until the last day, and it may be very difficult to find an inspection station that is not swamped with late-comers."

"In order to secure an orderly flow of the remaining uninspected vehicles through the inspection stations we would urge each motorist to have the inspection attended to as soon as possible. This can easily be taken care of during a routine visit to an authorized neighborhood inspection station."

Sen. V. E. (Red) Berry of San Antonio has proposed constitutional amendments to take Texas either "all wet" or "all dry" for liquor sale.

4-H Adult Leader Forum in Austin

Key Texas political figures addressed a forum of 96 state 4-H leaders during the second annual Texas 4-H Adult Leader Forum held March 7-9 in Austin.

The forum is designed to "provide additional training for adult leaders in 4-H work," according to Dr. Edward Schlutt, director and coordinator of the state organization.

The leaders studied program development, effective leadership, confidence for leadership, principles of democratic leadership and helping youth adjust to the citizenship challenges of adulthood.

The forum members also toured the state capitol and the governor's mansion and observed the Senate and House in session.

Car Club Cites Corvette

Chevrolet has been awarded a trophy from the Sports Car Club of America as the manufacturer of the Corvette which turned in the "best performance in 1966 by an American-built grand touring car." The award was accepted for Chevrolet by Zora Arkus-Duntov (right), Corvette engineer, at the club's annual awards banquet in San Francisco. Shown presenting the trophy to Arkus-Duntov is James Kaser, of the SCCA. The award was based on a Corvette's first-place finish in competition at Daytona and Sebring, Fla., last year. The Sting Ray Coupe was equipped with a 427-cu.-in. V8 engine.

Peace Corps to Test on March 18

McLean area residents interested in putting their skills to use in developing nations around the world are invited to take the Peace Corps Placement test at 1:30 p.m. on Saturday, March 18, at Room 322, Post Office, Amarillo.

The Peace Corps uses the placement test to determine how an applicant can best be utilized overseas. The test measures general aptitude and the ability to learn a language, not education or achievement. (If test scores indicate a limited language-learning ability, for example, the Peace Corps tries to place the applicant in an English-speaking country.) The placement test requires no preparation and is non-competitive—an applicant can neither pass nor fail.

The application form, not the placement test, is the most important factor in the selection of volunteers. Persons interested in serving in the Peace Corps must fill out an application, if they have not already done so, and present it to the tester before taking the test. Applications may be obtained from local post offices or from the Peace Corps, Washington, D. C. 20525.

The placement test takes about an hour and a half.

Q-Are you going to put out a table showing what my 1966 tax should be when the 6 per cent surcharge is added in?

A-The 6 per cent tax surcharge proposed by President Johnson does not affect 1966 income tax returns.

Q-I'm over 65 and I've heard that starting this year my medical expenses will not be fully deductible.

A-No, it does not. Allowable medical expenses for taxpayers 65 and over will be fully deductible on 1966 returns.

Q-I was off the job for about two months last year because of illness. Doesn't some of the pay I received during this period qualify for the sick pay exclusion?

A-Yes, it very well might. There are two rules governing when and how much sick pay may be excluded from income for federal tax purposes.

First, if the amount you received as sick pay is more than 75 per cent of your weekly rate of pay, there is a 30 day waiting period before you are entitled to a sick-pay exclusion.

If the amount you receive is 75 per cent or less, the waiting period is seven days unless you are hospitalized for a least one day during your absence from work.

The exclusion under both rules is limited to \$75 per week for the part of the first 30-day period in which you are entitled to the exclusion.

Q-Where should I list the alimony I receive?

A-Use line 7 on page 2 of Form 1040. Prizes and awards, state tax refunds and other miscellaneous items should be entered here.

Q-My wife and I are filing a joint return and the Social Security withheld from both our salaries exceeds the maximum. Can we take a credit for this?

A-The maximum applies to the Social Security tax withheld from each taxpayer. Only the amounts in excess of \$27.20 withheld from your salary, or your wife's, may be claimed as a credit against income tax liability.

Effect of Climate On Health Is Question

With another season of winter cold at hand, millions of Americans are dreaming again about going South for the winter—for their health.

This brings up once again a question that has long puzzled physicians—what effect does climate actually have on health? Should the physician advise a patient to try a change of climate for his health?

There is no pat answer. Sometimes a change of climate helps. Sometimes it doesn't.

Researchers say that the human body functions best at a temperature of about 66 degrees. They also know that babies and older people have more difficulty in adjusting to drastic changes in temperature.

Diabetes appears to be more controllable in the tropics. Stress diseases—ulcers, heart disease, hardening of the arteries—are less frequent in the South.

Do sufferers from hay fever and other allergic ailments fare better in an arid, warm climate? Sometimes. Others find the native plants in the southwest just as troublesome as those in the North.

If you are contemplating a change of climate for health reasons, by all means consult your family doctor first. He knows your family's medical history and emotional patterns.

He may suggest four or five different spots that might be helpful to you. Or he might tell you that as far as your health is concerned, you might just as well stay home.

Today's Health, the family magazine of the American Medical Association, lists several do's and don'ts to keep in mind in considering a cross-country move for health reasons—

DON'T make a change of climate hastily, on the basis of rumors from someone who spent two weeks in the new place. Don't just send queries to residents of the new place. People tend to overrate the climate where they live and play down its shortcomings.

DO keep in mind that as important as a change of climate are proper diet, pure water and air, plenty of sleep, adequate exercise and a healthy mental outlook.

It's sometimes hard to separate the therapy of sun and fresh air from the stimulus of a new setting.

DO try to live in the new locale on a try-out basis for a while, a year if possible, before severing ties with the old home town.

DON'T defy the weather. If it's cool, put on extra clothing. If it's hot, wear light clothing and cut down on activity. Study your reactions and plan accordingly.

DON'T expect immediate results from the new climate. Many people have found a change of climate a road to better health. Some have not.

DRINKING WHILE DRIVING... Driving while drinking is involved in nearly 40 per cent of the fatal accidents on the rural highways of Texas, according to records compiled by the Texas Department of Public Safety.

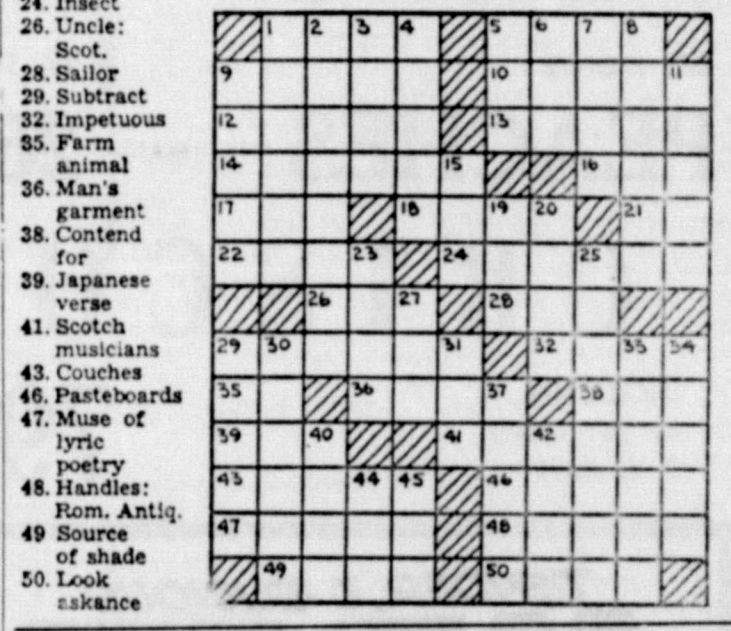

What the Texas Legislature needs to do, governor, is to pass a law to legalize frugality.

Join the Party

In politics, the voice of the people is the final word. A candidate may have the support of his party; his party may have the most registered voters in the community; it is still the individual voter's endorsement of qualifications or platform which spells the difference between victory or defeat.

The politician must do more than "run". In this community, progress doesn't come merely because people "live" here.

Progress is achieved because people buy, sell, trade, and provide needed services. The community prospers not only because people are doing business here, but as well because of the efforts of unpaid workers—civically-minded individuals who devote their time freely to activities and projects which benefit everyone.

Join the party. Be a community booster.

"Safe at home" means scoring a run and possibly winning the game to a baseball player.

The same phrase means something entirely different to the American family.

Every year we are greeted with a new set of statistics that tell us that we are by no means "safe at home" in the average household. In fact, the statistics show that home can be downright dangerous.

Accidents in the home caused 28,500 deaths in 1965, according to

the Archives of Environmental Health, a professional journal published by the American Medical Association.

Each year about 25 million home accidents cause injuries serious enough to require medical attention or to restrict the activity of the victim a day or longer.

A host of physical factors are involved in home accidents, such as electrical and power equipment, inadequate lighting, glass doors, abandoned ice boxes, medicines, and many others. But by far the major causes of home accidents are two things—falls and fires.

Falls are the second most common cause of accidental death,

next to highway accidents. Falls in and around the home each year cause injuries to nearly 7 million people and 12,000 deaths.

Falls on stairs cause nearly 2,000 fatal accidents a year. Proper lighting and sturdy handrails on stairs are highly important to home safety.

A good ladder to aid in reaching high places is much safer than standing on boxes or chairs. And the ladder should be firmly placed and braced at the foot. Spilled water or grease or improper waxing of floors cause falls. Loose rugs, scattered toys and trailing extension cords also are hazards. A light switch near

the door of each room is a safety measure.

Most of these hazards can be eliminated or minimized by the head of the household.

Get your family together this evening and organize a tour of the house to check for possible "fall hazards." Then set about to correct these hazards as quickly as possible. Make your home as nearly accident-proof as possible.

Some wool blankets on today's market are especially treated to make them machine washable. Wash these blankets according to the instructions that accompany them.

Six Flags to Begin Season on April 29

Six Flags Over Texas will begin its 1967 season on Saturday, April 29.

The announcement came from Angus G. Wynne Jr., president of Great Southwest Corporation, owner-operator of the famed 115-acre, historical-theme entertainment park located midway between Dallas and Fort Worth.

During the spring, Six Flags Over Texas will be open on Fridays from 5:00 p.m. to 11 p.m. and on Saturdays and Sundays from 10 a.m. to 10 p.m. Starting May 26 and continuing thru Labor Day, the park will be open seven days a week from 10 a.m. to 10 p.m. Following Labor Day and until the season closes Oct. 29, Six Flags will operate on Saturdays and Sundays only from 10 a.m. to 8 p.m.

The Run-A-Way Mine Train ride, new project in the \$1,000,000 expansion of the Boom Town section of the park which was begun last season, has been completed over the winter months. The ride, one of the most exciting ever developed, was introduced to visitors on a limited basis near the end of last season, while work continued on the project.

An attendance milestone will also be reached during the forthcoming season, as Six Flags anticipates welcoming its 10-millionth visitor some time during the month of August. The park, which opened in 1961, has already counted over 8.5 million visitors.

Mr. and Mrs. Luther Petty were in Pampa last Thursday to attend to business.
