## State Capital NEWS

By Vern Sanford

Now that virtually all the bill-drafting has been done, Texas legislators can get down to the business of thrashing out laws. Under the State Constitution the rules of each house, a two-thirds vote must be obtained on a bill to be introduced in either house after the first 60 days of the session. That deadline came at the end of last week.

As the 60-day deadline approached, the House had about 50 bills on file. Senate had about 500 bills. In addition to these bills, each house has a number of resolutions to consider. Subject matter ranges from local measures to proposals for sweeping overall changes in the constitution and its agencies.

That 60-day deadline is a large number in the Senate for other reason, too. A fourth vote in the upper chamber is necessary to bring up a bill for final action before the first day has elapsed.

Actually, the House is similarly restricted, but the members tend to suspend that rule early in the session.

**NEW BOARD PROPOSED**—In order to mobilize Texas' vast agricultural resources another board is proposed. It would be known as the Texas Agricultural Development Board.

Noting that Texas is falling behind in the relative growth of some of its key industries, the term House Study Committee suggests that a 15-member and representative of all areas of the state be appointed by the governor.

Its duties would be to inventory agricultural assets and needs, establish goals for the industry, prepare an agricultural market program, develop new ways of converting raw agricultural products into marketable items and perform other similar activities designed to boost agriculture in the state.

**TAX HEARINGS ON**—Major revisions of the governor's \$187,000 tax program came under study at initial House revenue and tax committee hearings. Industry spokesmen suggested a general sales tax hike preferable.

Gas industry representatives opposed the proposal to increase the natural gas production tax from seven to eight per cent. Breweries objected to beer being placed under the general sales tax.

Surprisingly, corporations did not speak out against the recommended increase in the corporate franchise tax rate (from 25 to 33 per \$1,000 on capital surplus with a gradually devaluing levy on debt).

Opposition to boosting the gas tax from five to six cents a gallon will come at a second hearing set for March 14. Another big date will be March 15 when the controversial liquor-drink bill comes up for tax committee review.

A tipoff to opposition strategy is given by William H. Abing, chief of Texas Milk Producers' Oil & Gas Association when he testified the Legislature might ease its revenue-raising job easily by adjusting the sales tax.

Lt. Gov. Preston Smith says favors the sales tax approach. He still insists that the budget can be balanced without any tax increases.

Smith indicated that the optional one per cent city sales tax bill already passed by the House will be okayed by the Senate.

**REDISTRICTING "GETS WORSE"**—Redistricting is going to be a bigger headache this year than in 1965. So predicts Speaker Ben Barnes after studying legislative and congressional reapportionment problems.

Some Texas congressmen reportedly are upset. Rep. Gus Mutscher, Brenham, chairman of House district committee, Sen. J. P. Word of Meridian, his Senate counterpart, and Sen. Ralph Hall of Rockwall visited Washington over the weekend to talk with congressmen and swap ideas.

Numerous redistricting bills are in the hopper.

**NEW GOVERNOR**—Texas will have a "new" governor on March 28. On that date Sen. William Patman of Ganado takes his turn as acting chief executive.

Patman is president pro tempore of the Senate. Each holder of that office traditionally serves as "Governor-for-a-Day" while both the governor and lieutenant governor are out of the state.

Citizens from Patman's 14-county 18th district will be honor guests for the occasion. They will attend an all-day reception in the governor's office and take special tours of the governor's mansion and capitol complex.

Patman will sign proclamations, honorary appointments and bills. An exhibit by artists from Patman's district will be displayed in the capitol on that date.

Recalling that the first seat of Texas government was at Washington-on-the-Brazos (in Patman's district), a special array of historical items from the area also will be set up. These will be in the State Library and Archives Building.

**SCHOOL TESTING**—This spring approximately 80,000 seniors in 296 high schools in 128 school districts will be given an opportunity by the state to analyze critically and constructively their schools and their teachers.

Public School Education Committee is sponsoring the unique questionnaires. Purpose is to measure what the students have learned and how well they can use their knowledge.

Results of the study will be related to a massive data-gathering project to give a full picture of the state's public-school-education system.

**MANSION GROUNDS**—Mrs. John Connally has unveiled a model representing detailed plans for landscaping and beautifying the grounds of the Governor's Mansion.

She used the unveiling to launch a statewide fund-raising project, in coordination with the new Texas Fine Arts Commission and the Texas Garden Clubs.

Project is to be financed completely by donations.

Plans for the habilitation of the grounds were drawn up by Joe Lambert of Dallas. Specifications are being drafted by the State Building Commission. Construction is to begin this summer.

**SNIPER TOOK DRUGS**—University of Texas sniper Charles J. Whitman "ate" amphetamine drugs "like popcorn," and found a seemingly endless supply through illegal sources. A legislative committee was given this information by C. Dean Davis, general counsel for the Texas State Board of Pharmacy.

His comments concerning the killer of 16, in that murderous rampage last Aug. 1, overshadowed hearings on bills to place LSD, amphetamines, barbiturates and a variety of hallucinogens on the dangerous drug list.

Bills went to sub-committee after lengthy hearings.

**SHORT SPORTS**—Senators sent the four-year-term constitutional amendment bill back to committee for reconsideration after it was approved 5-4.

Voting on the feed lot licensing and regulating bill has been postponed in the House until March 21.

House passed a bill to authorize the Parks and Wildlife Commission to restore and maintain historic forts, missions and other important sites.

House voted to substitute Memorial Day (May 30) for Columbus Day (Oct. 12) as an official holiday.

Hearings on the \$1.25 an hour minimum wage bill have been set for March 15-16 by Senate and House committees.

Texas Board of Mental Health and Mental Retardation has announced the appointment of Dr. John Kinross-Wright as commissioner, succeeding Dr. Shervett Frazier, who resigned to return to full-time academic work at Baylor University Medical School.

Atty. Gen. Crawford Martin says that intangible Texas property belonging to a non-resident citizen is subject to the inheritance tax, since a provision of the law which would exempt them is unconstitutional.

## OPEN HOUSE AT SCHOOLS

McLean P.T.O. observed Texas Public School Week last Tuesday, March 7, with an open house in the grade school and high school buildings.

Rooms were open for parents' inspection and teachers were on hand to answer questions and discuss the students' progress.

The science exhibits made by junior high school students were set up in Mrs. Weaver's room for the visitors to see. The winners of this project were: 1st, Dana Miller; 2nd, Matthew Bailey; 3rd, James Hugh Bryant; 4th, Danny Bradley; 5th, Billy Orrick; 6th, David Haynes; 7, Don Taylor.

The winners will travel to Amarillo in the near future to enter their exhibits in the science fair.

Refreshments were served by members of the P-T.O. to those attending the open house.

A concert by the McLean Tiger Stage Band, under the direction of Herb Gerner, climaxed the evening.

## 'Green' Eggs? Ross Collie Says 'No Imagination'

If you have ever read the children's book, "Green Eggs and Ham" written by Dr. Seuss, you might think immediately that he would have to have a great imagination to think up such a book. But this week it was decided that this book might not be all imagination.

Ross Collie, who lives southwest of McLean, brought in a box this week that contained 21 green eggs. He has a hen that has been laying one egg every day and the shell is a pastel green. He doesn't know what breed this chicken is, but it is unusual and different.

Mr. Collie brought in a clipping from a Louisville, Ky., paper that proved that this is not the first time this has happened.

The Louisville paper said, "Everyone laughs and says it can't happen, but the little red hen goes on laying green eggs. She's been doing it for six months. The eggs themselves are completely normal; a yellow yolk and a white white. But the egg shells are pastel green."

Veteran poultry experts in Kentucky say the egg has to be white or brown if it's a chicken egg. It simply can't be green, they contend, but the eggs ARE green.

## First Baptist Church To Begin Revival On March 26

First Baptist Church, McLean, will open a 10-day revival on Sunday, March 26, with Bill Penland, evangelist, leading the services.

Services will be held daily through April 5, at 10:00 a.m. and 7:30 p.m., except on Sunday, which will be at the regular time.

Norman Burgess, music director at Central Baptist Church, Pampa, will be leading the choir and congregation in some fine music.

The public is cordially invited to come and hear the special music and gospel messages.

ize the Parks and Wildlife Commission to restore and maintain historic forts, missions and other important sites.

House voted to substitute Memorial Day (May 30) for Columbus Day (Oct. 12) as an official holiday.

Hearings on the \$1.25 an hour minimum wage bill have been set for March 15-16 by Senate and House committees.

Texas Board of Mental Health and Mental Retardation has announced the appointment of Dr. John Kinross-Wright as commissioner, succeeding Dr. Shervett Frazier, who resigned to return to full-time academic work at Baylor University Medical School.

Atty. Gen. Crawford Martin says that intangible Texas property belonging to a non-resident citizen is subject to the inheritance tax, since a provision of the law which would exempt them is unconstitutional.

**KING AND QUEEN:** Crowned king and queen for the year 1967 at a youth banquet held at the First Baptist Church were Alan Duniven and Denise Bailey. Alan is the son of Mr. and Mrs. Bob Duniven, and Denise is the daughter of Mr. and Mrs. E. M. Bailey.

## Youth Banquet At Baptist Church Features Spring

Spring was in bloom a little early this year at the First Baptist Church last Friday, March 10. A youth banquet was given in the church basement which was decorated with spring colors, using "Garden of Friends" as the theme.

A large number of youth was on hand to hear Rev. Darvin Scott, pastor of the First Baptist Church at White Deer, deliver an address to the youth, which was enjoyed by everyone present.

Denise Bailey and Alan Duniven were crowned as queen and king of the banquet. The king and queen were chosen upon the basis of their church attendance and work done in the church.

The youth would like to thank the church, teachers and parents who helped to put on the banquet in their honor.

## Brother of Local Man Dies

Funeral services were held in Plainview Monday for Adrian McElroy, 45, brother of Wayne McElroy of McLean.

Mr. McElroy was minister of a Tuxedo Church of Christ at the time of his death. He was a native of Childress.

Other survivors are his wife, Emma Jean; one daughter, Mrs. Lavanna Boyd of Amarillo, and another brother, Ernest of Plainview.

## Irrigation Program At Spearman

Area irrigation farmers and agri business people on the High Plains are invited to attend the irrigation program at 2 p.m., March 21 in the Spearman Farm Bureau Building.

The program is co-sponsored by the agriculture committee of the Spearman Chamber of Commerce and Peoples Natural Gas of Amarillo.

## Amarillo Dragway Races to Begin

Ernest Walker, president of Amarillo Dragway in Amarillo, announced today completion of plans for the 1967 season's opening race.

This Sunday, March 19, action is slated to get underway with time trials at 7:00 a.m. and final races to start at 2:00 p.m. Walker states that drivers of stock cars, and 1,000 horsepower fuel dragsters will battle it out, tournament style, attempting to win \$5,000 cash, 89 class trophies, and set new strip records.

Attending the funeral of Carl Hefner from out of town were Mr. and Mrs. Joe Sears and son, Hardy, and Mrs. L. P. Free of Oklahoma City; Mr. and Mrs. Clifford Taylor, Mr. and Mrs. Olyus Taylor, Mr. and Mrs. John Hugh Taylor, all of Frederick, Okla.; Mrs. Cleve Carter of Fort Worth; Mr. and Mrs. Lucius Rogers, Mr. and Mrs. Allen Wilson, Mr. and Mrs. Archie Martin, Mrs. Barbara Todd and son, Walter Roy, and Mrs. Arline Todd and daughter, Cindy, all of Amarillo; Mr. and Mrs. Harold Todd of Lefors; Mrs. Vera Beall of Park City, Utah.

## One-Act Play to Be Presented Here On March 21

"Out to Lunch," McLean High School's entry in University Interscholastic League one-act play competition, will be presented to the public March 21. The play is described as a serious comedy, presenting some thought-provoking subjects in a humorous manner.

In the starring roles are two seniors with several years of dramatic experience. The part of Man is played by Jay Ben McMillen. Jay Ben is experienced in one-act play contests and last year placed on the all-star cast in district competition.

Woman is played by Jackie Groves, who has been in one-act play competition since she was a freshman. She has been a member of the all-star cast in both district and regional contests and was a member of the play cast that placed second in regional competition in 1965.

The supporting roles are also portrayed by seniors. The two guards are played by Bryan Parker and Dorothy Bessley. This is the first attempt of both these students in dramatic activities, though both are involved in public speaking. Bryan will represent McLean High this year in Interscholastic League competition as a prose reader. Dorothy has been successful in extemporaneous speaking contests for the last two years, having won first in district and third in regional contests. She will be an extemporaneous speaking contestant again this year.

The part of Another Man is played by Keith Watson, who has worked with the one-act plays for several years as both stage manager and actor. Keith is also a very successful contestant in persuasive speaking, having won first place in district and third place in regional last year. He will be a speaking contestant this year.

"Out to Lunch" will be presented in the high school auditorium March 21 at 7:30 p.m. Admission is \$1.00 for adults and 50 cents for students. Tickets may be purchased from any play cast member or at the door.

## New Highway Work Approved for Gray

The Texas Highway Commission has approved a \$544 thousand seal coat program for 262.5 miles of farm to market roads in 15 counties. Cost will be financed in the 1967 Farm to Market Road Improvement and State Highway Safety and Betterment Programs.

## Patrol Investigates 12 Accidents in February in County

The Texas Highway Patrol investigated 12 accidents on rural highways in Gray County during the month of February, according to Sgt. J. W. Wilson, Highway Patrol supervisor of this area.

These crashes resulted in nine persons injured and an estimated property damage of \$4,090.

The rural accident summary for this county during the first two months of 1967 shows a total of 23 accidents resulting in no persons killed, 20 persons injured, and an estimated property damage of \$12,425.

Only one month remains for approximately 2,000,000 vehicles registered in Texas to secure the 1967 safety inspection sticker. The period set by law for securing the 1967 sticker ends at midnight, April 15, 1967, and there can be no extension of that deadline. The sergeant stated, "Any motorist whose vehicle bearing Texas license plates that does not display the 1967 inspection sticker after April 15 is subject to arrest by any sheriff, deputy sheriff, city policeman or any officer of the Department of Public Safety and upon conviction will be subject to a fine not to exceed \$200."

## Singing Sunday

The McLean Community Singing will be held Sunday, March 19, at the First Baptist Church. The February meeting was cancelled, due to the funeral service for John Evans.

All singers, piano players and other interested persons are invited and urged to attend the singing Sunday afternoon.

## Girl Scout Week March 12 to 18

For those who are about to throw in the sponge and join the cynics who see little hope for the future, the week of March 12 to 18 may come as a reminder that youth, hope and high ideals are ever-present. These seven March days are officially designated as Girl Scout Week. The theme of the Girl Scouts' 55th birthday is: "Values to Hold—Worlds to Explore." The values are still those instilled by the founder of the Girl Scouts, Juliette Gordon Low. The young ladies of the Scouts now, as then, represent the highest ideals of character, conduct, patriotism and service. The worlds they explore involve the home, community, nation, other cultures and other lands.

In this day when skepticism and materialism are rampant and many young people are rebelling against restraint of any kind, the importance of such organizations as the Girl Scouts takes on a new meaning. The three million Girl Scouts represent a mighty force among American youth—a constructive force that may come up with some meaningful answers to today's problems for all young people.

The Girl Scouts and Girl Scout Week deserve the unqualified endorsement and support of every adult U. S. citizen.

## Wesleyan Guild Has Meeting

### FEEDING YOUR "SPACEMAN"

Today, the faces of our youths, at least the boys, are turned toward outer space. The plastic helmet has crowded the padded helmet out of the toy shops, or threatens to do so, and the feathered headdress adored by the boys of other days is almost a rarity.

The boys don't know it, and quite possibly their mothers don't realize it either, but the nutritional experiments now being carried out for the feeding of our men in space, will have an even more far-reaching influence on everyday dietary practices.

In the middle 1930's, when attention was centered on Admiral Byrd and his Antarctic expeditions, our family had a small and compact house trailer, with which we took the three children and their grandmother into the Canadian woods, left the youngsters and Grandma at the guide's home in an abandoned lumber camp, and took to the woods with canoe and pack.

**Early Experimental Foods**  
Owing to my connection with the American Medical Association, we were fortunate enough to get an experimental supply of dehydrated foods from one of Byrd's suppliers. These were among the earliest attempts at dehydration, other than the American Indian's "jerky" and similar primitive methods.

Some of these foods were good; a few were excellent; some were scarcely edible. The spinach had a nice green shrivelled up worm

## "I REMEMBER" BY THE OLD TIMER

From R. R. Wetherbee, Marshall, Minn. I remember the first automobile that I owned. It was a two cylinder Haynes Apperson Model A made in Kokomo, Indiana.

It had a water-cooled engine and a steering lever that worked fine until you hit a rut in the road, then it would give quite a jerk. The car originally had air tires, but had been converted to solid rubber tires about three inches wide. They gave a fairly good cushion, but made the vehicle difficult to steer.

The car would get up to twenty miles or better an hour. Of course, the roads were just trails and one seldom drove except in second gear. The cooling system was the "weak" spot and the car ran "hot" if you drove it for very long.

The car was built in 1900 and shipped into Marshall in 1903 or 1904 by a man interested in automobiles. It was the first automobile in Marshall. It had a wooden frame and when the owner ran over a hump on Main Street, the frame broke.

My father bought it for my brother and me. I learned much about the constitution of an automobile, very helpful information, as I began selling Studebaker cars in the year 1915.

## LIBRARY NEWS

The Lovett Memorial Library would like to thank Mrs. James Foster Jr. for the books she gave to the library recently.

There were 42 books in all: 16 Golden Book encyclopedia, 20 Standard Treasury of Learning which cover knowledge on various subjects, and six books on the continents and different countries.

McLean is very fortunate to have one of the finest libraries of any small town in this area, and it is greatly appreciated when anyone donates books to the library.

Guy Beasley, librarian, is doing a fine job helping McLean children to find research and literature for the many themes and reports they are working on at the present time.

## THE FAMILY LAWYER

### Diplomatic Immunity

Not long ago, in an American courtroom, a young woman filed a paternity suit against the ambassador of a foreign power. She said that she was expecting a baby, that the ambassador was the baby's father, and that he ought to start paying some bills.

But the court refused to hear the woman's complaint. The judge pointed out that any proceedings against the ambassador would violate his right to diplomatic immunity.

Does a foreign ambassador live a charmed life in this country, safe from punishment by our courts? Could he even commit murder and get away with it? Does diplomatic immunity allow diplomatic impunity?

Generally speaking, that is indeed the situation. He is not subject to the jurisdiction of either our criminal or our civil courts. In fact, the immunity of an ambassador is so broad that it also covers his family, his aides, and—to some degree—even his domestic help.

That way, both sides benefit. For the work of an ambassador may be seriously hampered if he (or those close to him) could be harassed by charges and claims that might or might not be justified.

And experience has shown that by and large, despite their immunity, diplomatic personnel don't just run wild. As a practical matter, there are powerful restraints tending to keep them in line.

For one thing, an ambassador's home office is not likely to look with favor on any mischief-making. An envoy who, for instance, won't pay his grocery bills is certainly not winning

friends for the country he represents.

For another thing, our State Department may take the initiative by lodging a complaint with his government. If that does not help, we may also declare him "persona non grata" and ship him back home.

Furthermore, as a man of stature, an ambassador may feel a strong sense of personal responsibility. He may, for example, take out liability insurance to compensate possible victims of his bad driving.

In any event, the basic concept of diplomatic immunity has proven so useful that it is surely here to stay. It is recognized by every country on earth. And its roots go back to the very dawn of history.

## Mrs. Smith Hosts Pioneer Study Club

The Pioneer Study Club met Thursday, March 2, in the home of Mrs. Alice Short Smith. Lovely refreshments were served to 15 members and two guests.

### Easter Sunday Is Children's Day

Easter and the official entry spring this year fall within a few days of each other. Although spring always arrives about the 21st of March, the date of Easter varies over a wider range. This year it is the 26th of March.

In case you need reminding, Easter comes on the first Sunday after the date of the first full moon that occurs on or after March 21—according to Webster's New World Dictionary. Since it celebrates the resurrection of Jesus Christ, it is observed in a pleasant and rather gentle manner—the Easter egg hunt and the Easter bonnet.

Countless millions of children will pursue the annual treasure hunt for the gifts of the Easter bunny in brightly colored, easy-to-see baskets—tinted eggs, chocolate rabbits and gumdrops. The excited cries of childish discovery ringing on the spring air are one of the more pleasant aspects of Easter.

Let's hope that spring arrives with clear skies and that the sun shines on Easter for the benefit of the children and the Easter bonnets.

North Dakota at one time passed an anti-snuff law.

### Methodist Women In Regular Meeting

The W.S.C.S. of the Methodist church met in the church parlor for regular meeting this week. The meeting was called to order by Mrs. Andrews and the group sang "The Voice of God Is Calling."

All business was taken care of, with a special meeting being called for Thursday to pack a box for the patients at Wichita Falls. Mrs. Madge Page, treasurer, gave a report for the close of the year.

Mrs. J. L. Hess, who was delegate to the annual conference at Amarillo, gave a report on the progress on the women's work.

Mrs. Andrews gave the Bible lesson from the second chapter of 1st Peter. The group then dismissed to the fellowship hall for the birthday luncheon.

Mrs. Leona Sitter and Mrs. Mary Mertel were hostesses and lovely decorations depicted St. Patrick's Day. Rev. Elton Wyatt gave thanks.

Those attending were Mesdames Al Cooke, Eva Peabody, Larrah Rhodes, Wornack, Elton Wyatt, Ellen Wilson, Madge Page, Maude Cooke, Mae Massey, Jane Day, Leona Day, Pearl Bogan, Grace Carpenter, Carrie Kirby, Etta Brown, Leona Andrews, Bessie Hess, Mary Mertel, Leona Sitter, and Miss Cleo Pope.

Ones having birthdays were Pearl Bogan, Leona Bow, Madge Page, Leona Andrews and Mary Mertel.

### Mrs. Easton Hosts Alanreed Club

The Alanreed Twentieth Century Study Club met Thursday, March 9, in the home of Mrs. Judy Easton at the Taylor Ranch.

The president, LaRue Hambricht, opened the meeting with the reading of the club collect led by Laura Goodman. The minutes were read and approved.

A field trip was planned for March 30 to Boys Ranch. Roll call was answered with diversified subjects.

Barbara Hambricht gave an Easter program, and at the close she had an Easter egg hunt. Laura Goodman was awarded the prize for finding the most eggs.

Towels, other articles and \$5 were brought for Girls Town.

Refreshments carrying out the Easter theme were served by the hostess, Mrs. Easton, and the co-hostess, Ruby Lilly, to the following: Mesdames Jessie Mae Roland, Lela Sherrod, Claudia Cooke, Laura Goodman, LaRue Hambricht, Mary Davis, Lula Crisp, Marjorie Fish, Lucy Goldston, Alma Glass, Barbara Hambricht, Iona Glass, Nola Crisp, and one visitor, Mrs. Maude Waldrop.

### News From HEALD

Visitors in the K. S. Rippey home on Thursday evening of last week were Mr. and Mrs. H. S. Rippey and Mr. and Mrs. Jack Hull of Shamrock, Mr. and Mrs. A. W. Lankford and grandson, Kevin Lankford.

Mrs. O. O. Tate spent most of last week with her sister, Mrs. Jesse Cannon of Pampa, who underwent surgery the first of last week.

The Heald W.S.C.S. met with Mrs. A. W. Lankford on Wednesday afternoon of last week. Mrs. J. W. Dougherty brought the third lesson in the study of James and 1st Peter.

Mr. and Mrs. Ott Davis and Rhonda visited Mrs. Davis' uncle, L. A. Sparlin, at Lattie Sunday afternoon.

### WTSU Has New Basketball Coach

Dennis (Duck) Walling, who has racked up an impressive 189-73 record in eight seasons as a junior college coach, Friday was hired as head basketball coach at West Texas State University.

He coached for six years at Decatur Baptist College in Decatur, and moved with the school when it was transferred to Dallas as Dallas Baptist Junior College. He has been at Dallas two seasons.

Walling succeeds Jimmy Viramontes, who directed the Buffalo basketball program for the past four seasons.

Walling, 34, is a former West Texas basketball player. He started on the 1952 Buff team that won the Border Conference and captained the 1953 squad.

This past season, Walling's Dallas Baptist team posted a 21-9 record. Walling's 1963-64 Decatur club compiled an impressive 28-4 record and finished the season as the nation's second ranked junior college team.

His 1965-66 team placed sixth in the National Junior College Tournament and finished the season with a 25-5 mark.

A veteran of 12 years in the coaching profession, Walling first served as assistant basketball coach at Dalhart High School. After two years at Dalhart, he was inducted into the service where he was named to the All-Service basketball team.

Walling and his wife, Mary, have five children, three daughters and two sons. The children are Sherri Sue, 12; James Robert, 8; Nancy Lou, 5; Kendall, 4, and Sally Ann, 10 months.

About \$779,000.000 is given away annually by 15,000 U. S. philanthropic foundations.

### TAX SAM SEZ:

**Reporting Retirement Income**

The good tax folks tell us that there are many retired taxpayers who failed to claim the retirement income credit to which they are entitled on their income tax return. If you are retired or if you are receiving retirement income, be sure to read the instructions carefully to make sure that you don't pay tax dollars that you don't owe.

### TAX QUESTIONS AND ANSWERS

Q—My wife is visiting her mother for a few weeks. Can I file our return without her signature as most of our income is from my salary?

A—No, your wife's signature is required as well as yours on a joint return. Failure to have her sign the return will hold up processing and any refund due.

Q—I just completed my return and sent it in. What records should I keep in case I'm audited?

A—Keep whatever you need to substantiate the income and deductions on your return. Cancelled checks, paid bills, Forms W-2 and 1099, bank books and similar records will be helpful.

Q—My salary was about \$6,000 last year and my wife earned about \$1,500 doing part-time office work. Which return would be best for us to file—a joint return or separate returns?

A—Based on income alone, your question is impossible to answer. The deductible expenses each of you have are the determining factors.

Generally, joint returns are more advantageous for married couples. Compute your tax both ways and then file the return that results in the lower tax.

Q—Can I use my 1966 income as the basis for a declaration of estimated tax?

A—Yes, this is one of the methods that may be used in filing a declaration of estimated tax. You may also use your 1966 tax or an actual estimate of 1967 income as the basis for filing estimated tax declarations.

Q—How do I figure my state gas tax deduction?

A—Page 9 of the 1040 instruction booklet contains a table that may be used to figure this deduction.

Q—I had a capital loss in 1966. Can I carry it over to next year if I don't use all of it this year?

A—Yes. Capital losses can be carried over indefinitely until they are absorbed. The loss when carried over retains its original character so that if it was a long term loss it remains a long term loss, while a short term loss remains a short term loss.

Q—I have GI insurance. Are the yearly dividends taxable?

A—No, veterans insurance dividends are not taxable.

Q—Do I have to report the alimony I receive from my ex-husband?

A—Yes, alimony is taxable income to the recipient. Child support payments, however, are not taxable.

Q—I made several contributions to local candidates in last November's elections. Are they deductible if I itemize?

A—No. The law does not permit deductions for contributions to political campaigns.

### Parking Space to Bowl Ticket Holders

As a special bonus to persons purchasing two or more season tickets, a parking space adjacent Buffalo Bowl will be reserved for you this fall.

Frank Kimbrough, director of athletics, says that season ticket holders may also choose between three reserved parking areas adjacent the stadium. The reserved areas will be on the north-west, east and south sides of the stadium.

## Peace Corps to Test on March 18

McLean area residents interested in putting their skills to use in developing nations around the world are invited to take the Peace Corps Placement test at 1:30 p.m. on Saturday, March 18, at Room 322, Post Office, Amarillo.

The Peace Corps uses the placement test to determine how an applicant can best be utilized overseas. The test measures general aptitude and the ability to learn a language, not education or achievement. (If test scores indicate a limited language-learning ability, for example, the Peace Corps tries to place the applicant in an English-speaking country.) The placement test requires no preparation and is non-competitive—an applicant can neither pass nor fail.

The application form, not the placement test, is the most important factor in the selection of volunteers. Persons interested in serving in the Peace Corps must fill out an application, if they have not already done so, and present it to the tester before taking the test. Applications may be obtained from local post offices or from the Peace Corps, Washington, D. C. 20525.

The placement test takes about an hour and a half.

## Gray County Farm Newsletter

By EVELYN MASON  
Final Date to Sign in Annual Programs

This is to remind producers that March 17 is the last day to sign to participate in the 1967 cotton and wheat-feed grain program. Only those farms which sign up will receive payment and only those signed will be eligible for CCC loan on these commodities. Producers are encouraged to not wait until the last few days to sign.

### Release and Reapportionment Of Cotton Acreage

The date to release any cotton acreage to the county for this year has been extended to March 17. Any producer who will not plant his cotton for 1967 will want to release it so the future cotton allotment will not be reduced. Producers wishing to request that some of the released cotton acreage be reapportioned to their farm must do so by March 17.

### Diverted Acres

Any acreage designated as diverted acres under the 1967 program must not be grazed after April 30, 1967. This diverted acreage must be on land of equal productivity on the farm. If below average land is designated, the payment rates will be reduced accordingly. If the yields are set up on irrigated fields, the diverted acreage cannot be on dryland.

Producers will report their own wheat acreage this year. The final wheat acreage can be reported at any time if the producer has decided how much wheat he will leave for harvest.

Any producer who prefers to pay the cost may request measurement service on wheat. The cost is \$7.00 plus \$2.00 for each additional plot. Final date to request measurement service is May 1.

### Wheat Loan on Purchase

The final date to obtain a CCC loan on wheat is March 31, 1967. Producers interested should request loan or purchase by that date. Maturity date for the 1966 wheat crop under loan is April 30, 1967. This is the last date to redeem any wheat already under CCC loan in the county.

## Easter Seal Appeal Making Progress

Paul Keim, Gray County's Easter Seal representative, said today that the 1967 Easter Seal Appeal for the Easter Seal Society for Crippled Children and Adults of Texas is going well. Keim serves as Easter Seal Appeal treasurer for Gray County.

The 1967 Easter Seal Appeal will help finance the Easter Seal Society's rehabilitation program for children and adults in Texas. Last year the society helped 16,031 disabled persons through its program of assistance in funding and making effective use of services for the disabled and their families.

The Easter Seal Society helps support 23 treatment facilities in Texas where children and adults are treated regardless of ability to pay. These centers offer physical therapy, medical diagnosis, speech and hearing programs and related services to help the disabled to build happier and more useful lives.

As Easter Seal representative for Gray County, Keim is the person to contact for services from the Easter Seal Society. He can be contacted at First National Bank, Pampa.

When contacted for services, Keim will request the Easter Seal Society to investigate the needs of the disabled person and will ask that the society advise the handicapped person of the best resources available to help him.

Keim added that additional contributions to the Easter Seal Appeal should be sent him as

Six Flags to Begin Season on April 29

Six Flags Over Texas will begin its 1967 season on Saturday, April 29.

The announcement came from Angus G. Wynne Jr., president of Great Southland Corporation, owner-operator of the famed 115-acre, historical-theme entertainment park located midway between Dallas and Fort Worth.

During the spring, Six Flags Over Texas will be open on Fridays from 5:00 p.m. to 11 p.m. and on Saturdays and Sundays from 10 a.m. to 10 p.m. Starting May 26 and continuing thru Labor Day, the park will be open seven days a week from 10 a.m. to 10 p.m. Following Labor Day and until the season closes Oct. 29, Six Flags will operate on Saturdays and Sundays only from 10 a.m. to 8 p.m.

The Run-A-Way Mine Train ride, new project in the \$1,000,000 expansion of the Boom Town section of the park which was begun last season, has been completed over the winter months. The ride, one of the most exciting ever developed, was introduced to visitors on a limited basis near the end of last season, while work continued on the project.

An attendance milestone will also be reached during the forthcoming season, as Six Flags anticipates welcoming its 10-millionth visitor some time during the month of August. The park, which opened in 1961, has already counted over 8.5 million visitors.

County Agricultural Agent Texas A & M. College Extension Service

By FOSTER WHALEY

We have two production guidelines completed that are of special interest to the McLean area. One is on alfalfa production. The other's on a stocker calf operation.

The alfalfa production guideline is a 10-page mimeographed publication that should prove to be a most helpful piece of literature to the McLean area. Numerous farmers and ranchers in this area are in the process of developing new irrigation wells and putting in alfalfa for hay production. Because of the keen interest of some 30-40 farmers and ranchers in this area we did the alfalfa guideline first. We now have plenty of copies of this publication for all that are interested. If you have not received one in the mail, you should soon.

On March 29, your local committee on alfalfa production in cooperation with the extension service is having a meeting on irrigation well development and distribution systems. In next week's paper a complete story will give you the details.

We hope to have a night meeting. Maybe a free barbecue lunch. Bill Lyle, irrigation specialist with the extension service from Lubbock, will be on the program. We hope to have a representative from a sprinkler irrigation company, an irrigation well driller, a specialist on growing alfalfa. More details next week on this.

Our stocker calf guideline has been well received by many who have read the guide. One concern is considering the matter of reproducing it in an attractive print. Our only regret is the fact we did not have time to devote to this major endeavor of developing guidelines in all of our 10 major production areas.

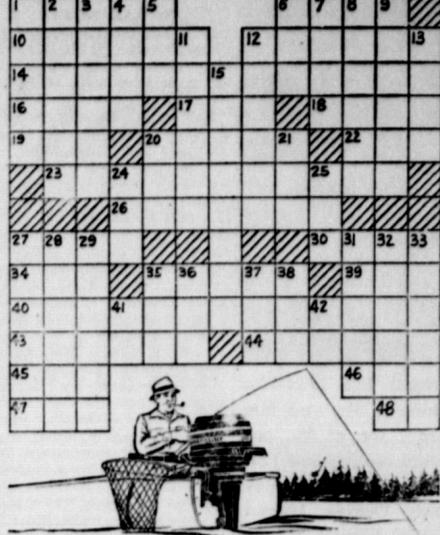

We hope to revise each of them as time permits. To do the job to our complete satisfaction, a county agent should use a full week of time devoted exclusively to one major enterprise.

We are still assembling data from our cattle feeding guideline. This one will be written in the view that few people will be feeding small bunches of cattle (500 or less). Most people in this county that feed cattle will be having it done in a custom feed lot. Therefore, it will not cover such things as suggested rations for different classes of cattle. It will not give bunk space requirements and similar data. It will cover buying and selling information. Hedging on the live beef cattle future market. Cost of gain of certain classes of cattle at a given feed cost per ingredient. It will give potential grade and yield of different classes of cattle fed at different lengths of time.

CHICAGO TRIP In early May if things go as planned, we will head a delegation of farmers and ranchers that will make a study tour to the Chicago mercantile exchange with a side trip to the cornbelt cattle feeding area. If you as a farmer or rancher are interested in making this trip, contact me soon. It looks like there will be a full bus load. When date and other plans are completed it will be opened on a first come first served basis.

Sorry to have missed you two weeks in a row—stock show at Pampa last week and heaven knows other directions we have been running.

QUESTIONS & A

Q—Who must submit annual income questionnaires to the Veterans Administration?

A—Generally, all veterans and widows on pension rolls and parents who are receiving dependency and indemnity compensations as of October, 1966. Questionnaires will also be mailed this year to parents in receipt of death compensation.

Q—When I move next month, how should I tell the VA so that I will get my pension check at the new address? Should I notify the U. S. Treasury in Chicago?

A—No. Do not advise the Treasury Department. Notify the VA regional office where your records are located and they will advise the Treasury Department. Give your claim number along with your old and new address. Also, be sure to tell your post office of the change.

Q—Will children in receipt of death pension be required to submit questionnaires.

A—Children will not be sent questionnaires. However, any child that has an annual income exclusive of earned income in excess of \$1,800 should report source, amount, and date of income promptly.

Q—Are veterans whose only service was after Jan. 31, 1955, eligible for admission to a Veterans Administration hospital?

A—Yes, on the same basis as veterans with war-time service.

Q—A person who has no veteran status, but is in the service now, is he able to take training under the new G. I. bill?

A—Yes. Any person on active duty in the armed forces of the United States who has served on active duty for at least two years and continues on active duty is eligible to apply for educational benefits under the new G. I. bill.

Q—Under the new G. I. bill, can training on-the-job be approved?

A—No. Apprenticeship or other on-the-job, or institutional on-farm training, may not be approved.

Q—I am the wife of a totally disabled veteran. Can I go to school under the new G. I. Bill?

A—No provisions are made for a wife's education. You should check your Veterans Administration for all benefits available for dependents of those in your husband's condition.

Q—I changed jobs last year and now find myself driving about 30 miles a day to get back and forth to work. Can I deduct 10c a mile for this driving?

A—No. Commuting to and from work is a personal expense and is not deductible.

Q—Are child support payments deductible?

A—Child support payments are not deductible to you, nor are they taxable to your former wife. However, if you, rather than your former wife, provide more than one-half the child's support, then you may claim the \$900 dependency exemption on your return.

**LETTERS TO THE EDITOR**

Why have a 4-H Club or FFA in McLean? Do they serve any purpose? This past week, I have seen the boys so discouraged that I wonder if it will not have a lasting effect with some.

During the Top of Texas Junior Livestock Show and Sale in Pampa, boys of McLean, along with other area boys and girls, worked hard enough to represent their clubs and their town, that they were exhausted when it was all over.

There is but one word to explain the backing and support of our local citizens, "pityful."

I realize the merchants here contribute and support the McLean Show, for which we are grateful. But what boy or girl hadn't rather have a ribbon or trophy from this show, and have a buyer or two from his own home town come help when the time came to sell his or her calf or pig, in a show where the competition is "great."

Our boys did well with their pigs and also their calves. McLean calves placed second in all three divisions of the Herefords. They also received a trophy when groups of five were judged and Gray County 4-H placed second. Three of these were McLean calves.

Yet, when sale day came, calves that stood one place from the top brought thirty cents. One of these was also reserve breed champion. Calves placing 16th

**NEWS OF CONSERVATION**

**By VAN MILLS**  
L. E. Glass has completed a diversion terrace, stock pond and some critical area shaping on his stock farm north of Alanreed.

J. T. Trew has completed an irrigation well on the stock farm he leased from Drew Word. A pit type pond was staked for Lewis Meers on his farm south of Pampa.

A field leveling job was completed on the W. H. Taylor Estate.

A new irrigation well was completed on the E. G. Barrett Estate southwest of Pampa.

Timing of irrigation is of maximum importance in the production of wheat. The stages of growth where adequate moisture is essential are jointing stage, late boot and early head. The jointing stage usually occurs around the last of March, and the early boot stage around the middle of April. The early head or flowering stage occurs around the middle of May. The stages of growth where maintenance of adequate soil moisture is most is in the late boot and early head stages.

In one experiment the six days in the early heading stage without adequate moisture resulted in a decrease of seven bushels. In one year the yield of wheat was reduced nine bushels due to inadequate moisture in the late dough stages. It is not very profitable to spend a lot of time and money on land preparation, fertilizer, seed and watering, and then more or less abandon the wheat after it reaches the later stages of growth.

Proper irrigation water management is essential in obtaining an economic response to nitrogen fertilizer and to produce an adequate wheat crop.

and 18th brought more. When a club member comes out in the red on a project he has spent a year's work on, and after such a good showing, it seems like a price of "nothing." They must think "What's the use?" What Future Farmer wouldn't be encouraged to belong to a "Registered" association with prize calves worthy thirty cents? My heart goes out to Nelson Christie and others who have worked many hours trying to build character in our adults of tomorrow.

Sincerely,  
LaVerne Brooks

**Mrs. Hinton Hosts Swa-Pa-Hobi Club**

The Swa-Pa-Hobi Club met Monday afternoon, March 13, with Ida Hinton.

The meeting was opened with a prayer and singing was led by Freda Bailey. A short business meeting was held.

White elephant gifts were exchanged by the members.

Refreshments were served by the hostess to the following members: Freda Bailey, Bea Lester, Loree Barker, Mildred Teeple, Ida Davis, Ramah Lou Lankford and Emily Rippey.

The next meeting will be held April 10 in the home of Ramah Lou Lankford.

For one intend to back the boys at the sale from now on.

These boys and girls could be future farmers and ranchers around here to help McLean grow but if not encouraged, may not stay with it. All of us need encouraging and we need our young people to feel wanted by the town, so they will want to stay in McLean and open up new businesses. Take a look around you. None of us are getting any younger and our youth are moving away from McLean. Please wake up and keep our town on the growing list by being interested in all of our youths.
