Groom Hospital Deeded Over To GEDC Recently

Groom Memorial Hospital Board deeded the hospital property to the Groom Economic Development Corporation in a meeting recently. After deeding the property and designing a procedure for disposition of the contents, the Board dissolved Groom Memorial Hospital Corporation which essentially dissolved the board. The disposition of the contents and revenue therefrom will be the last act of the board.

Money from the sale of the contents will be used by the board to make repairs to the roof after an existing note is paid.

Plans are being made to hold a local benefit auction to dispose of the contents. The contents are being screened in order to keep necessary equipment for a proposed clinic and community center. The

Minor Accident West Of Groom Lands 20 Illegal Aliens Enroute To Mexico

Department of Public Safety Trooper Gary Davis was not expecting to find illegal aliens last Friday afternoon when he investigated a minor traffic accident. The van in which 20 aliens from Mexico were riding in veered off the road. Upon inspection of the van, Officer Davis found 20 illegal aliens crammed on top of each other.

The illegal aliens ranged in age from 15 years to 45 years of age and were enroute to Florida from Arizona.

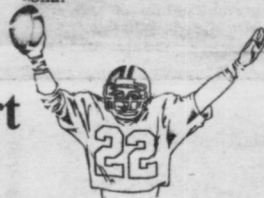

One female was accompanying the 19 young men.

It became very difficult for local law enforcement officers DPS officers Gary Davis, Gerald Ray and Ed Longoria of Claude and County Deputy Jerry Gaines to understand the Spanish speaking folks. Rosa Lopez was called to help interpret the needed information.

All the aliens were farm laborers. The driver of the van was Francisco Pedro, owning Arizona driver's license from Maricopa, Az.

Local law enforcement officers found approximately \$200 in Mexican currency in the van along with a pistol.

All 20 aliens were calm and cooperative as they waited at Justice of the Peace Max Wade's office while the authorities from the Border Patrol in Amarillo arrived to begin the process of deporting the aliens to El Paso and back across the Mexican border. As one border patrol officer commented, "just to come back to the U.S. again."

Rainfall Report

The area has recently received ample rainfall to keep lawns green and flowers in full bloom.

The area received a total of 4.05 inches during the month of August and so far this month a total of .67 moisture has been recorded.

Farmers are careful not to complain about rain whenever it comes but this year it seems the showers have come at the most inopportune times with planting being delayed for many and now showers seem to be prevalent as harvest time approaches.

cafeteria equipment will pretty well remain in tact. The center portion of the hospital will house the clinic area. Future plans call for the removing of partitions from the center portion to the north to make room for a community center and Senior Citizens area. Various suggestions are being studied as to the most desirable use of the hospital rooms on the south and east wing of the building.

The Groom Economic Development Corporation states that this is going to be a major project requiring the participation of the entire community. It's the corporations goal and purpose to rehabilitate a facility which will continue to serve the Groom community. It's going to take alot of donated labor and money to complete the project.

Out on the JOB

WATCH ↑ UP FOR POWER LINES

Out on the job, power lines bring needed electricity to the site. But they can be dangerous . . . if you don't watch up! You need to be especially careful when you are handling re-bar, pipes, scaffolding, or tools that are long enough to contact overhead lines. Contact with power lines is also a potential danger to operators of front-end loaders, dump trucks and any other equipment of unusual height.

Keep an eye up for power lines. Watch up, for safety's sake.

On Monday, Sept. 8 was the first meeting of the year for the 4-H Club.

Upcoming events are Foods and Nutrition and Livestock projects. Our next meeting will be the first Monday in October.

If you would like to be a member of the club and are between the ages of 9-19, contact local leaders Ida Hess or Janet McCracken.

Public Notice

The City of McLean has been notified by the Texas Department of Health that the water being supplied by our system exceeds the following maximum constituent level for Nitrate specified by the Department "Drinking Water Standards" which were promulgated as required by the "Safe Drinking Water Act", Public Law 93-523 (U.S.) The limit is set at 10 milligrams of Nitrate (as nitrogen) per liter of water. The amount of Nitrate (as nitrogen) in the water we supply was reported to be 11.95 milligrams per liter.

Adults and children over the age of 6 months need not be concerned about drinking water from the tap. An excess Nitrate intake by an infant under the age of 6 months may reduce its available oxygen supply and possibly produce "blue

baby" symptoms. Parents are advised to find other sources of drinking water, such as bottled water, for their infants under 6 months of age. All doctors and hospitals in the area have been notified of this situation.

Public Notice

McLean School is presently conducting a survey for any eligible pre-kindergarten students. To be eligible for this class a student must be at least four years of age and must be:

1) Unable to speak and comprehend the English language, or

2) From a family whose income, according to standards set by the State Board of Education, is at or below subsistence level (check at the school business office on income).

PUBLIC NOTICE

BRIEF EXPLANATORY STATEMENTS OF PROPOSED

CONSTITUTIONAL AMENDMENTS

GENERAL ELECTION

NOVEMBER 4, 1986

PROPOSITION NO. 1 ON THE BALLOT

Senate Joint Resolution 15 proposes a constitutional amendment that would permit the legislature to provide by general law for the apportionment of the value of railroad rolling stock among the counties in which the property of the railroad is located for purposes of property taxation, and would delete the requirement that the Comptroller participate in making the allocation. To comply with both statutory and constitutional law, the apportionment currently is being made by the State Property Tax Board in conjunction with the Comptroller.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to allow the legislature to provide by general law for the apportionment of the value of railroad rolling stock among counties for purposes of property taxation."

PROPOSITION NO. 2 ON THE BALLOT

Senate Joint Resolution 33 proposes a constitutional amendment that would replace the constitutional requirement that the subject of a bill be expressed in its title with a mandate that each house of the legislature adopt rules of procedure that would require the subject of each bill to be expressed in its title in a manner that gives the legislature and the public reasonable notice of that subject. Determining compliance with the rule would be the responsibility of the legislature. Cur-

rently, a law is invalidated if a court finds its caption is defective. The amendment would provide that past and future enactments may not be held void on the basis of an insufficient title.

The amendment also would eliminate the suggestion that the state's laws be revised every ten years, and instead would provide for continuing revision of state laws.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment requiring each house to include in its rules of procedure a rule that each bill contain a title expressing the bill's subject, and providing for the continuing revision of state laws."

PROPOSITION NO. 3 ON THE BALLOT

House Joint Resolution 73 proposes a constitutional amendment that would permit the Legislature to authorize any county, city, town, or other political subdivision to use public funds or credit to pay insurance premiums on nonassessable life, health, or accident policies. Due to the prohibition in the constitution against the lending of credit and granting of public money, political subdivisions currently are prohibited from becoming shareholders in associations such as mutual-insurance companies, in which policyholders are shareholders. A nonassessable mutual insurance policy does not allow a company to raise capital by assessing the policyholder an extra amount on a pre-

mium. This amendment will allow mutual insurance companies and stock companies to bid for life and health group policies of political subdivisions. Public liability will be limited to the payment of premiums specified in the contract.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment allowing political subdivisions the opportunity to engage in and transact business with authorized mutual insurance companies in the same manner as with other insurance companies."

PROPOSITION NO. 4 ON THE BALLOT

Senate Joint Resolution 4 proposes a constitutional amendment that would repeal the prohibition against branch banking by state banks and would allow state banks and national banks domiciled in this state to establish and operate banking facilities at locations within the county or city where they are domiciled. The amendment would also authorize the Legislature to permit a state bank or a national bank domiciled in this state to engage in business at more than one place if it acquires a failed state bank or national bank domiciled in this state.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to provide that a bank may offer full service banking at more than one location within the city or county where its principal facility is located, subject to limitations and restrictions provided by law."

Estos son los informes explicatorios sobre las enmiendas propuestas a la constitución que aparecerán en la boleta el día 4 de noviembre de 1986. Si usted no ha recibido una copia de los informes en español, podrá obtener una gratis por llamar al 1/800/252/8883 o por escribir al Secretario de Estado, P.O. Box 18887, Austin, Texas 78711.

**Injuries Plague Tigers
in Clarendon Game**

It was a long evening Friday night as the McLean Tigers were plagued by injuries in the game against Clarendon. The final score was 42-0 in favor of the Broncos.

Greg Littlefield was the most seriously injured player. He sustained a concussion and had to be taken to the hospital by the McLean Ambulance Service. Although he is now at

home, he is questionable for Friday night's game against Valley.

Others who had to leave the game were Dan Fish, who suffered a separated shoulder, Casey Cooper, who damaged his knee and Johnny Mann, who has a bruised foot.

According to Head Coach Bill Phillips, "We were outmanned and outsized. The kids gave it everything they had but with so many of our players out with injuries it was hard on us. But if the guys are going to give it everything they've

got, I really can't gripe." McLean offense totaled 111 yards while the Broncos were able to gain 373 in passing and receiving. Clint Herndon led the offense with 65 yards rushing while Huey Green and Greg Littlefield had 12 and 4 yards, respectively.

In Friday night's game, Clint Herndon was named Offensive Player of the week and also was the recipient of the Win Award. Defensive honors went to Pat Gomez and Huey Green won the Big Hit Award.

Looking toward Friday night's game against Valley, Coach Phillips said, "Valley has a real good team and they have one of the best passing quarterbacks in the state of Texas. They will throw the football a lot during the game."

Cards Of Thanks

I would like to thank all my friends for the lovely flowers, cards, calls and most of all your prayers during my illness. I am home from the hospital and feeling much better. God bless each of you for your kindness.

With Love,
Sarah Farley

We would like to express our gratitude to Kay Burk for calling us about the equipment available at Stuckey's in Conway. We also want to thank Mr. Peeples for making it possible for us to have it by organizing a crew to take it down and transport it to Groom. Thanks also to the crew. We appreciate your help to obtain such a great addition to the Groom Park and the school playground.

By Rex Peeples

We have made it through two full weeks of school with no mishaps. I am certainly proud of the teaching and learning that I observe each day.

Your school board passed a motion to allow all citizens 65 and older, who reside in our district, free passes for all extra-curricular activities. Please come by the business office if you qualify and sign up to receive your free pass.

We have some excess equipment that we will be

In the minutes for October in 1921, the board adopted the following rules for the janitor: To thoroughly mop and clean the school rooms, build fires and keep coal in the rooms for use during the day. . . And to keep water in the water vessels.

FFA Booth Takes Top Prize At Tri-State Fair

By Kiley Lambert, Reporter
An FFA information booth, entered Saturday in the Tri-State Fair by the Groom FFA chapter, received a first place cash prize of \$200 for best booth.

The theme of the booth was "Cut Your Cattle Losses with Put Options." Options are a form of price insurance for cattle feeders.

FFA members worked last week to prepare the booth and FFA President Matt Weinheimer and member Audra Wagner accompanied by Chapter Advisor Carlton Turville went to the fairgrounds Saturday to set up the booth. It will be on display all this week at the Tri-State Fair.

The FFA chapter is planning a community program on put options later in October.
