## Tigers Face McLean-Friday

The Groom Tigers dropped to 1-6 in season play and 0-2 in loop play Friday night with a loss against Silverton.

Groom managed to roll up 216 total yards on offense, with 36 of them rushing. Quarterback Michael Rose completed 16 of 24 passes for 177 yards, five to Stoney Crump for 64 yards and five to Kevin Kerlee for 73 yards.

Silverton's Wayne Henderson led all rushers with 94 yards on 18 carries. The Owl's ground game, combined with three Groom turnovers and four interceptions, spelled doom for the Tigers.

"We can't come out and turn the ball over seven times against a good ball club and expect to do well," Groom Coach Jimmy Branch said. "We were playing pretty good ball, but those three fumbles killed us."

Silverton put a quick 12 points on the board in the first period when Kendal Minyard hit Jamie Frizzell on a 17-yard touchdown pass and Neal Edwards sprinted into the end zone from the one.

Stoney Crump responded with what would prove to be the Tigers' lone touchdown of the night, a 21-yard dash. Robert Miller's conversion pass to Richard Jenkins

brought Groom within five points of the Owls.

Groom had a chance to go ahead 13-12 before a fumble turned the ball back over to Silverton. With two minutes remaining in the half, the Owls posted back to back touchdowns, a 32-yard pass from Minyard to Edwards and a 13-yard run by Denny Hill, to carry a 26-7 lead into the locker room.

Groom lost a fumble on the opening kickoff of the second half, which led to Bradley Brunson's 3-yard scoring run. On the very

next kickoff, Silverton again recovered the ball when the Groom return failed to cover the kick. And again Brunson took it in for the score from the three yard line. Groom trailed 42-7 as the fourth period began.

"Some nights we play with our heads," Branch said, "and some nights we play with our hearts. The night that we come out and play with both is the night we're going to win."

Groom continues district play in McLean Friday night, beginning at 7:30.

## Race Is On For Commissioner- Precinct 1

The race is on for Carson County Commissioner of Precinct 1 as the local candidates make their visits around to local voters passing out campaign literature. Voters not only in Precinct 1 have decisions to make as to their selection of candidates but voters from coast to coast must choose from President to Sheriff in the November general election.

After the death of Commissioner R.J. Britten, the democratic vacancy of the Commissioner was filled by the Commissioners Court by Britten's son Mike. Since then the Carson County Democratic Executive Committee met their policy requirement of selecting a candidate to be placed on the ballot. From a group of several the committee chose Art Britten. But since that selection was made three others have successfully qualified to be write-in candidate for Carson County Commissioner, Mike Britten

was the first person to announce his candidacy as a write-in followed by C.L. Wieberg and Don Smith.

The salary of commissioner pays \$21,857.04 per year with an additional \$200.00 per month car allowance and 100 percent hospitalization insurance for the commissioner. The commissioner's court meets every second and fourth Monday of the month for the responsibility of handling all of the county's business, including paying county bills. The commissioner's court is the presiding government body for the county passing all orders of the court. Other responsibilities of the commissioners include approving the county's annual budget and setting all salaries of county employees and elected officials.

Precinct 1 now has two full time employees Don Smith and Eddie England with others being added on a part-time basis as needed.

I have also spent 2 years working part-time for Rural Metro Corporation as an Emergency Medical Technician. Rural Metro provides ambulance service to the Pampa and White Deer area.*

*During the last few months I have been asked two main questions while campaigning for Sheriff. Question number 1 is why do you want to be Sheriff. I am not running because I need a job. I feel that my business experience, coupled with my law enforcement experience makes me uniquely qualified to be Sheriff.*

*The second question I have been asked is if elected will I be a full-time Sheriff. The answer to this is Yes. If elected I will no longer be involved in the day to day activities at B & B Solvent, Inc. Being a good Sheriff for the people of this county will be my number one priority.*

## The Good Roads Amendment - Proposition

Whereas, Texans pay a 9c a gallon federal fuel tax into the Federal Highway Trust Fund, a user fee which is then appointed to the state to acquire, construct and maintain their highways;

Whereas, Texas receives approximately \$800 million a year from the Federal Highway Trust Fund;

Whereas, these federal funds pay for building over half our Texas highways;

Whereas, since 1917 when federal highway funds were first given to the states, Texas has used 100 percent of these funds exclusively for its roads and bridges;

Whereas, it has recently been suggested the federal highway reimbursements should be diverted to other unspecified purposes;

Whereas, such a diversion of dedicated highway funds would cripple the state's

highway maintenance program, end its long-term planning, and cancel critical new road projects, including many in our area;

Whereas, using federal highway reimbursements for purposes other than our roads would violate the public trust by breaking the government's pledge that those who use the highways should pay for their construction and maintenance;

Whereas, protecting the substantial investment in our highways and improving them will help encourage economic growth and create jobs in Texas;

Whereas, Texas voters can guarantee this unnecessary raid on our dedicated highway funds never take place by voting for Proposition 1, the Good Roads Amendment to the Texas Constitution, in this November's Presidential election;

Whereas, Proposition 1 appears at the end of the ballot as "The constitutional amendment and / or clarification providing that federal reimbursement of state highway dedicated funds are themselves dedicated for the purpose of acquiring rights-of-way and constructing, maintaining and policing public roadways."

Now, Therefore Be It Resolved, we support Proposition 1 to insure dedicated federal highway funds received by Texas are spent only for their intended purpose of improving our highways, and Be It Further Resolved, we call on all Texans to join us and every statewide elected Texas official in approving Proposition 1 and we pledge our best efforts in encouraging all Texans to vote "For" Proposition 1, The Good Roads Amendment.

Adopted this 4 day of Oct., 1988, by City Of Groom

## Band Receives II

The McLean High School Tiger Band received a Division II at the UIL Marching contest held in Borger last Saturday.

Band Director Roger Myers said he was very pleased with the way the band sounded.

"The kids played their music excellently and I felt we had a good chance for a I, but marching mistakes prevented us from receiving the top rating."

According to Myers all Class A Bands did surprisingly well. Nazereth and Wheeler finished First and Second and will advance to Regional competition.

The Band will perform their contest show at the Groom ballgame this Friday.

## Twirling Solo

Amy Ward competed in Twirling Solo in Borger last Saturday and received a Division I which earns her a trip to the State Contest in June.

Amy will perform her winning routine at halftime this Friday

## Tigers Stop Warriors

The McLean Tigers moved a step closer to the playoffs last Friday night as they defeated the Miami Warriors, 40-14.

Even though the final score was 40-14 the game was not quite as one sided as the score would indicate.

The Warriors jumped right out and scored in the first few minutes of the game to make the score 8-0 in favor of the Warriors. The Tigers couldn't manage to get across the goal line in the first quarter and the score was 8-0 Miami at the end of the period.

The Tigers came back in the second quarter and scored on a two-yard run by Sid Brass and a Tuffy Sanders kick to even the score, 8-8. Neither team scored again before the half, so the score was tied at intermission.

The Tigers came back in the third period fired up and ready to play. McLean

Student Council Members-are Back Row (left to right)-Clay Reynolds, Quillan Rutherford, Chad Williams, Becky McCarty, Front (left to right) Doug Purcell, Karen Jordan, Joetta Bailey and Mindy Magee.

## Cubs Still Undefeated

The McLean Jr. High Cubs traveled to Miami last Thursday to play the Miami Jr. High Team.

The Cubs added another victory to their already impressive record, coming away with a 46-6 win.

Coach Joe Riley said "It was a great team effort. It's always harder to play a team you've already played. They know what you run and they know what to watch for."

The Cubs are having a fantastic year and will be in Groom tonight to try and up their record to 5-0.

According to Coach Riley he expects the Groom team to be tougher the second time around, and since McLean beat them the first time they will be looking to upset the McLean Cub Team.

Game time is 6:00 p.m. in Groom.

## Lighthouse News

Last Saturday night the Lighthouse sponsored a camp out for the guys and a slumber party for the girls.

Twelve men and boys camped out on a ranch near McLean. They played softball, football and had a camp out. The girls played games and had fellowship. Sunday morning everyone attended church at the Lighthouse.

Sunday afternoon everyone went to the Billingsleys and played volleyball and stick ball. We all had a terrific time.

Thursday night the youth group from the Lighthouse went to Amarillo to the Carman concert. Two youth and seven sponsors went attended. It was a terrific concert.

We have plans for several other activities in the coming weeks. Come and join us at the Lighthouse, an interfaith church, to worship the Lord with spirit filled praise and fellowship. Services are Sunday at 10:30 a.m. and 7:00 p.m., Monday youth night at 7:00 Wednesday at 7:00.

## McLean Junior High

### Elects Student Council

Recently, McLean Junior High formed their Student Council for the 1988-89 school year. According to Jerry Cook, who serves as the group's advisor, this year is going to mark a new beginning in the role of the council.

The purpose of the Student Council is to aid the student body in whatever function they are involved, and to enhance the school environment, both physically and psychologically.

Cook says this year the group will be very active within the school and will sponsor several activities to boost spirit within the student body.

The Student Council consists of eight members, the president and vice president and two representatives each for the seventh and eighth grade classes. All are chosen by the members of the class to represent them.

Members of this year's student council are Mindy Magee, Joetta Bailey, Doug Purcell and Karen Jordan, all from the seventh grade.

Also, from the eighth grade, members are Quillan Rutherford, Becky McCarty, Chad Williams and Clay Reynolds. The council has elected Quillan Rutherford to serve as president this year.

### Bob Howard Escapes Injury

Bobby Howard of Groom was involved in an accident involving two vehicles one mile west of Price Road and Kentucky Street in Pampa.

James Calvin Bullard, 58, of Pampa was pronounced dead on arrival at Coronado Hospital Emergency Room shortly after 9 a.m. on Thursday, October 13.

An initial investigation of the fatal accident by Texas

Department of Public Safety troopers indicated Bullard was driving a Jeep Wagoneer east on a caliche road when he apparently failed to yield right of way at an intersection of a north-south caliche road.

The Wagoneer collided with a north-bound Ford pickup driven by Bobby Howard.

Bullard was not wearing a seatbelt and appeared to be thrown from the vehicle and was trapped beneath it at the time of the collision.

Bobby Howard was not injured in the accident.

### TO THE CITIZENS OF GROOM AND PRECINCT ONE CARSON COUNTY, TEXAS

In the early 1970's Mr. Arthur Britten requested that our firm represent the town of Groom. A decision had been made in Washington, D.C. concerning the construction of I-40 through the Panhandle of Texas which would bypass Groom, with the nearest planned accesses to be a mile east and a mile and a half west of Groom.

Mr. Britten saw that the plans would isolate Groom, and he initiated the fight for the welfare of the town. He was a primary force in organizing the local citizens and public officials. Everyone got behind him. Civic groups, the mayor, and the City Council all passed resolutions in support of our effort, which was fought at every level of government, up to and including Washington, D.C. Mr. Arthur Britten paid our fee himself.

As you know, the fight for interstate access was successful. We were able to obtain access to and exits from both FM 295 and FM 2300 on the north side of Groom. To my knowledge no other town of Groom's size in the United States has comparable access to the interstate highway system. The citizens of Groom and the surrounding area can be proud of the accomplishment.

Soon after construction started the contractors came to Mr. Britten and asked to get the fill dirt from his property on the north side of the highway. The highway beautification law stated that no fill dirt could be taken within 1,000 feet of the interstate highway. Mr. Britten saw an opportunity to solve a critical flood problem for the City of Groom if he could bypass the 1,000 foot law and take the fill dirt from the lake bottom on the south side of I-40. He also realized that it would eliminate the noxious sewer odor from the drainage ditch that came into Groom when the wind came from the north. Again he employed my services.

After getting the citizens of Groom behind us, we got the contractor to agree to remove about 20,000 yards of black wash dirt from the lake bottom to get down to suitable soil for the overpass fills. After appealing to the Texas Department of Public Highways in Austin, and then to the Bureau of Public Roads in Washington, D.C., we were able to accomplish this. Mr. Britten again paid for my services. For the City of Groom to solve the flood and sewer problem it would have cost them many hundreds of thousands of dollars.

Mr. Arthur Britten saw the opportunity for the town and did not let it get away. Every time I drive through Groom I am proud of having been a part of it and of what was accomplished for your town.

Yours very truly,

Robert L. Templeton
