DEDICATION

We, the staff of the Tiger Post, dedicate this edition of the school paper to Queen Avalée of the house of Back, who is the reigning football queen of 1933-34.

CORNATION CEREMONY

The cornation ceremony and parade were staged on Tiger field at three o'clock Friday afternoon, Oct. 27. The parade, which consisted of the new Chevrolet town sedan, which bore the royal party, and cars, which contained the pep squad, formed at the high school building and proceeded to Tiger field.

The McLean Tigers were in formation near the north end of the field and the band led the procession to place just in front of them. The queen's party stopped in the center of the field and the pep squad was in the van.

The attendants of the queen and the band left the field. Queen Avalée was presented with the new ball by Coach Rush. She led the pep squad to place in front of the Tiger line.

Queen Avalée kicked the ball for the beginning of the game, and then was escorted to the sideline by Captain Ellison of the Tigers and Captain Walker of the Cyclone.

QUEEN CONTEST SUCCESSFUL

The annual contest for football queen closed at 10 a. m. Friday. This was the most successful contest for several years, and the greatest class spirit and spirit of rivalry was exhibited.

Results were: seniors \$68.03, juniors \$73.34, sophomores \$32.62, freshmen \$15.38, total \$209.37.

SENIOR REPORT

The senior class is most happy to report their success in the football contest. Hard work and persistent effort was necessary in order to beat the other classes.

A committee of senior boys worked faithfully in decoration of the field and the car in school colors Friday afternoon. These boys were: Arthur Lee Howard, Bruce Graham, Archie Hibler, John Mertel and Elton O'Neal.

Plans have been made to have senior pictures made on November 21.

JUNIOR CLASS

The junior class entertained with a party at the gymnasium last Wednesday night. A good crowd attended and an enjoyable time was reported by all.

The junior class, as well as the entire student body, feel that this was

a generous contribution and was greatly appreciated by all. Though we did not win first place, we do not feel that our efforts were in vain, and we believe we can say that we gave the seniors "a run for their money."

FRESHMAN REPORT

We are sorry to say that the freshman queen was defeated, even though we supported her to the last. We were quite proud of the way she looked as an escort, but we expect to be even more proud of her as queen next year, for we promise to do better, and show the seniors what we can do.

PEP SQUAD

The pep squad continues in practice of yells, songs and formations, daily. As both schools participating in the game last Friday afternoon had names beginning with "M," and both had black and gold for colors, an artistic and beautiful field formation was performed.

A peculiar pep rally was enjoyed Friday afternoon. Immediately after the game here, another pep parade was made, and after hearing that the Shamrock Irishmen had succeeded in lowering the Bronchos, the parade notored to Shamrock.

Mr. and Mrs. S. D. Shelburne, Mrs. Chas. E. Cooke, Archie Hibler and Bobbie Lynch took their cars to transport the squad to Shamrock.

HOME ECONOMICS

The second year foods class has been preparing very appetizing cakes and pies. In one instance a score card was made for one of the cakes made by three members of the class, and it was given a grade of 95.

AGRICULTURE

The Aggie string band is becoming quite popular, playing at a number of occasions recently. Their next engagement is at Alanreed next Friday night.

The poultry team will compete in a contest at Sayre, Okla., Nov. 18. This is another division of the Aggies that is quite popular. It seems that they always manage to bring back something for their efforts.

Mr. Tampke has been asked to bring a meat judging team to Kansas City again this year to compete in the national contest. The boys who have been selected for the team are J. Billingslea, Basil Pettit, and Milard Windom.

FOOTBALL NOTES

The Tigers quieted the Memphis Cyclone last Friday to the tune of 9-0. The Tigers played without the services of Crockett, but they played their old style of football after their relapse at Clarendon.

At present the squad is looking forward to the conference game at Wellington next Friday night. They are determined to win, and we feel sure that Wellington is determined to win also, because the Wellington squad was beaten last year by the Tigers in play for the bi-district championship.

Coach Rush went to Berger last Friday night to complete arrangements for a game with the Berger Bulldogs on the night of November 10. According to Coach Rush, the seniors will probably play their last game against Berger, as he intends to schedule a game for Nov. 17 and play his entire 1934 squad, unless other matters interfere.

ASSEMBLY

Assembly for this week has been postponed until too late to be reported in this column, but it will be included in next week's issue.

A very enthusiastic program was held last Friday morning, when the football game was announced. There was plenty of pep manifested and everyone's spirits were raised considerably. The program was attended by several of the business men who made talks of appreciation for the work of the school.

SOPHOMORE CLASS PARTY

The sophomore class was entertained with a Halloween party at the

home of Gwynne Carpenter. There were about fifty members of the class present and all took part in and enjoyed the many games that were played.

FRESHMAN PARTY

Mrs. Wheeler Foster entertained the members of the freshman class Tuesday night. The party will not be classified as one of the scheduled parties, since it was given as a Halloween treat.

"Yes, I listened to it very carefully."

And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

Southwestern PUBLIC SERVICE Company

DO YOU EXPECT FROM YOUR PAPER?

You expect from your newspaper more than you do from any other person or institution. You pay the sum of \$2.00

for the newspaper to give you news for 52 weeks. That's \$2.00 for it; but,

your newspaper to take advantage of changes for the better of the community.

Let your newspaper to explain public affairs, to forewarn you of impending public moneys spent.

Let your newspaper to set a high standard of morality, to give you news of things that are right and things that are wrong.

Let your newspaper to set a high standard of entering the column after column and supporting the band, the athletic, school programs, the plays, and dozens of other events.

Let your newspaper to build up your home financial and protect home investment making unwise investments, warning the salesmen and other rogues.

Let your newspaper to establish contact with the rural areas to induce them to improve their town.

Let your newspaper to give all public meetings, public conventions, etc.

Let your newspaper to urge poor relief benefits, library and Cross drives, Christmas drives, Legion and Auxiliary sales, forget-me-not drives, etc.

Let your newspaper to publish notices, church programs, farm bureau information, union unit news, market news, bring you the reports and cover all doings of many semi-public organizations.

Let your newspaper to support every meritorious organization in the city's good.

Do you expect all this for \$2.00 a week?

No, it can't be done for that. The money you, as a subscriber, pay for this paper covers less than one-fourth the cost of publishing the paper. The other three-fourths must be paid by advertisers.

Since the advertisers pay a large share of the expense of publishing your newspaper, don't you think you owe them the duty to patronize them whenever they offer you equal or better values than non-advertisers?

And you, Mr. Advertiser, don't you think that in view of the many services which the newspaper performs, for which the newspaper derives no compensation, but which mean more business and more profits for you, the newspaper deserves your advertising and printing business? Make your community newspaper your advertising and printing medium and you help build up the community.

Send your advertising dollar away from home and you do just what you wouldn't want others to do to whom you look for your business. It is just as important that the advertising dollar remains in the community as it is for the grocery dollar and the clothing dollar and the rest of the commodity dollars that make your town prosperous to remain at home.—Springfield (Mo.) Advance—Press.

"CRIME ON THE INCREASE"

Sunday's newspapers carried a story about the increase in crime over the nation.

We heard a few months ago that if we would only bring beer back, that the crime wave would be broken. That people would have respect for law and that citizens and courts would stand for more rigid penalties.

Kinda odd, crime being on the increase, with beer on sale all about us in nearly every direction. Makes us glad that Donley county had the character and judgment to keep it out here, considering the published results in other places.—Clarendon News.

Sign Painter—"Who ordered this sign saying 'Standing Room Only?'"

Mrs. Eva M. Rogers, Mrs. Pete Ballard and Mrs. Luther McCombs attended the Eastern Star convention in Amarillo last week.

When half through terracing a field last year rain set in and prevented Oscar Mangold, Madina county farmer, from finishing the job. The rain was costly, the county agent says. The terraced land was the poor upland half of the field but it made 10 bushels more corn to the acre than the richer bottom land.

Anything from bathroom fixtures to false teeth are bought with canned products in Tarrant county this year, according to reports of home demonstration club members. Plumbers, laundries, filling stations, news stands and dentists are among the concerns accepting pay in canned goods.

Other things equal, good seed wins. Austin Bishop, Jr., Red River county 4-H club boy, picked more than a bale of cotton to the acre on three acres planted to pedigreed seed. His father made three-fourths of a bale planted on the same kind of land at the same time.

"Hey, Skinna-a-a-y, I've got a real Remington"

AND all the pride of owning a real, honest-to-goodness Remington Portable is in that hail to "Skinny". A real Remington—with a four row keyboard like the big machines in Dad's office.

Now it's fun to do school work and write letters and stories. And watch those school marks get better and better.

The only thing—Dad must not borrow it too often for his office "home-work". Nor Mother for her correspondence and other writing tasks. For this little machine will do just about everything you'd expect a portable to do.

And at such surprisingly low cost—the lowest in history. Only \$19.75 for this real Remington. And if more convenient, terms are cheerfully granted.

According to the State Health Department, 68 to 70 degrees is the health temperature for the homes during the cold months and colds and similar afflictions are traceable to living in a dry superheated atmosphere. A cheap thermometer might mean the difference in health and a doctor's bill this winter.

There has been a tendency among most church members to allow their subscriptions to their church paper to expire during the past few years. One church in McLean has only two members taking their denominational paper. This is to be regretted, for it is impossible to be informed on denominational affairs without the church paper, just as it is impossible to be informed about community affairs without the home paper.

One of our good friends has a friend who is a printing peddler, and was persuaded to place an order for stationery last summer at what was purported to be a "low price." When the stationery came there was \$1.71 due the postmaster before it could be taken from the office. And to make matters worse, the job was such that the owner is ashamed to use it.

There is no way to equal the service given by the home printer.

The last meeting of American doctors in Chicago showed a cure for cancer has at last been discovered, or at least the disease can be prevented if proper measures are taken in time. Both State and National Health departments have issued warnings from time to time against tumors and fake nostrums, but up to the past few years there was not much hope to offer cancer victims. Now the use of radium, the X-ray and the knife in proper hands takes much of the dread from the disease.

There is still time to plant Italian rye seed in bermuda lawns, insuring a green lawn this winter. The planting of rye, which is the cheapest lawn grass seed one can buy, in bermuda lawns removes an objection to bermuda dying down in winter. The rye stays green all winter and does not interfere in any way with summer lawns.

The making of a lawn and garden requires more work than anything else, and anyone who is willing to devote a few hours a week to his home grounds can have a pretty yard and garden with very little expense, but the work must be done, regardless of expense.

When the editor mentions the need of publishing stated financial reports as the law directs, he is sometimes accused of having a selfish motive, yet no office holder shrinks from taking his salary or a legal fee.

Taxpayers are coming more and more to demand that they be given a complete publication of their financial affairs. The cost is always less than commercial advertisers pay. Take, for instance, this paper; readers are charged for at 10c per line straight, while the law only allows newspapers to charge not over the classified rate, which figures here 2c per word for the first insertion and 1c thereafter, falling far below the 10c rate; yet no one would have the temerity to accuse the editor of overcharging regular commercial customers.

The fact remains that publication of financial affairs is the cheapest insurance that the people's money will be properly spent, than anything else that may be done.

RED CROSS RELIEF AID DISTRESSED IN 120 DISASTERS

Help Given in Fires, Floods, Earthquake and Epidemics Part of Year's Task

The American Red Cross has reached into the homes of six million families in the past year with unemployment and disaster relief, Chairman John Bar to Payne announced.

"As the year closed the organization continued in readiness to serve in the forthcoming winter at the point of greatest need and to adjust its service to meet the calls of the emergency of unemployment and disaster," Chairman Payne stated.

In a year of greatest economic distress in the nation's history, in which the Red Cross ably discharged a relief task in distributing flour and clothing to distressed families in all but six of the nation's 3,695 counties, the organization also was called into action in 120 disasters, of which 96 were within the borders of the United States.

Earthquake, floods, hurricanes, fires and other cataclysms visited death and destruction upon the lives and homes of thousands of people. Red Cross statistics showed that in the 120 disasters almost a thousand lives were lost, 148, 340 homes were destroyed or damaged, 13,275 persons were injured, and Red Cross relief was given to 452,879 individuals.

In giving aid in these disasters, in its unemployment relief and in handling the distribution of government wheat and cotton, the Red Cross expended from its national treasury the sum of \$1,070,254.

During one period of twelve weeks, 46 disasters occurred in 23 states. Red Cross disaster workers were hard pressed in meeting all of these needs occurring at once, but everywhere misery was promptly relieved.

Support of the Red Cross work is through its annual roll call, conducted by chapters in the period from Armistice Day to Thanksgiving Day, November 11 to November 30. Every citizen who joins the Red Cross as a member aids in carrying relief to disaster victims and in other Red Cross services, such as preservation of life, child welfare through the Junior Red Cross, and direct service for the public health.

THOSE WHO BUY

The time is coming when those who buy goods over the counters of the nation will be asking some new questions. Not only will they inquire about the quality and price, which are important, but they will also want to know something about the conditions under which the goods were produced.

If an article was manufactured in a factory where working conditions were poor, where men and women are paid starvation wages, where children wear out their lives, the consumer will know these things. If clothing was made in a sweat shop there may be some way of branding it. If the stores which sell the goods do not pay decent wages, maybe that fact will become known.

It is important that farmers get a fair price for their products. We all admit that. It is just as important that those who labor get fair wages. That is not only humane, decent, right, but it is to the advantage of every person in the nation. If people earn, they can live and spend. If they do not, the depression continues. The United States will some day be upon a foundation of happiness and prosperity.—Record, Muskogee Heights Mich.

seems, took part in the discussion to the extent that the Scripture says that there was "much questioning." It seems that the members from both churches took part. Peter was, no doubt, the outstanding figure in the discussion, as he stood and rehearsed his experience on the house top in Joppa. Paul and Barnabas told how the power of God had come upon the Gentiles under their ministry. Then James, the half brother of Jesus, and the writer of the book of James, took his opinion from the Old Testament in the book of Amos, 9:11, 12, and discussed how the true kingdom would be restored, and that the tabernacle of David would be repaired, and that God was visiting the Gentiles to "make out of them a people for His name." The whole group, the church assembled, voted a decision in favor of the faith, and grace of God being the sole elements of regeneration. They further agreed that certain ones should go and take not only a letter from the church to that effect, but that they should also communicate the information by mouth. The main burden of the message was that the Christians should walk worthily of the Lord after He had saved them.

There were four admonitions. The Christians were to abstain from meat offered to idols, they were not to drink blood, they were not to eat anything that had been strangled, and they were to abstain from fornication. The first three were a part of idolatrous ceremonies, and committed by all idolators and non-Christians. In other words, they were to refrain from even the appearance of evil. It would be well for Christians to refrain from many of the pleasures in which the world indulges heavily, in order that they might better uphold Christ to a lost world. The fourth was a matter of personal morality and Christian living. Immorality was common among non-Christians, and it was the duty of Christian people to live above it. So it is still their duty.

MISS NOEL'S ROOM

We had a Hallowe'en party Monday afternoon. We all wore black cat masks and lighted our jack-o'-lanterns. We played games, and R. P. Bird won a prize for putting the tail on the cat. Mrs. Carpenter, Mrs. Strandberg, Mrs. Meador and Mrs. Woodward brought us candy, apples and poppers, which we liked very much.

Joe Reeves was absent from school several days on account of illness.

We are glad to have Marie Kite back in school again.

MRS. HARRIS' ROOM

Black cats, owls, witches and jack-o'-lanterns decorated our room for a Hallowe'en party Friday afternoon. Hallowe'en games, races and stories were enjoyed by all. Just before the party ended four of our room mothers came in with a nice treat of candy and apples for each of us.

THIRD-FOURTH—MISS SIMMONS

We were sorry to lose Wilson Herbert Rector last week. He has moved to Shamrock. We hope he will make as many friends there as he has here. The next day after Wilson Herbert left, Virginia Lee Lonsdale came to take his seat. We are glad to have her in our room.

Mary Ellen Gething spent the week end with her grandmother at Webb.

Mattie Lee Wilson's sister, Louise, spent the week end with her parents. She is attending school in Amarillo.

The third grade studied the story of Wee Robin in language last week. After studying the story they played it. Each pupil had a part. The characters were: Wee Robin, Gray Pussy Cat, Gray Greed Hawk, Sly Fox, Wee Lassie, and the King and queen who presented Wee Robin with a strand of the queen's beautiful hair to put in her nest.

During the first six weeks of school the third and fourth grades entered a contest in reading. The class with the highest average during that time was to be entertained. So the fourth grade entertained the third grade group with a Hallowe'en party Friday afternoon. The third grade had such a good time they say they are going to let the fourth grade do it again, but the fourth grade say, "No, thank you."

The third and fourth grade room won the prize for having the best fire poster, which was made under the supervision of Mrs. Estes.

We have subscribed for a few copies of the Weekly Reader. It is a little newspaper printed for third and fourth grades. Each article is followed with seat work to be done after reading is finished. The papers will come each week until February.

MRS. SLIGAR'S ROOM

Last Thursday was celebrated as Hallowe'en in our room. The children drew jack-o'-lanterns and wrote stories about them. Hallowe'en stories were read and enjoyed. At two o'clock, in response to invitations sent out the previous day, several mothers came in, and our Hallowe'en party began. Each child donned an orange and black cap and games were played until three o'clock, when the children were served oranges with skins cut like jack-o'-lanterns, and clever little frosted cookies with jack-o'-lantern faces. The children were then

dismissed and the mothers remained until four o'clock.

A mothers' club, under the auspices of the P. T. A., was organized, and a general discussion of the work of the room followed. Mrs. W. L. Woodward, L. L. Rogers, Leon Bodine, E. W. Braxton, Claude Hinton. Mrs. Lee Woodward was a guest.

The club plans to meet once each month, on the last Thursday, at two o'clock. We believe that such meetings will strengthen the work of our room by leading to a closer cooperation between parents and teacher.

The children's treat, as well as the other refreshments, was furnished by Mesdames Campbell and King, room mothers.

SEVENTH GRADE PARTY

The seventh grade had a very nice time at a Hallowe'en party, at the home of Joe Billy Bogan. Games were played and the boys chose partners and took them down to a "witches' den." Lovely refreshments of hot chocolate and sandwiches were served to the following: Charles Cunningham, Ferrel Abbott, Fred Wayne Harris, Spencer Sitter, Mollie Thurman, Margaret Kennedy, Albert Overton, D. V. Nicholson, Irene Penland, Julia McCarty, J. L. Penland, Anadel Sligar, David Lonsdale, Wanda Estes, Olive Louise Atwood, Willa Mae Gressett, Jeff Coffey, Dorothy Sitter, Billie Jean Biggers, R. L. Floyd, Jesse Dean Cobb, Edwin Ledbetter

and Joe Billy Bogan. The parents and teachers present were Mrs. Sitter, Mrs. McMeheh and Mr. McHaney.

The seventh grade has two new pupils, David Lonsdale and Kenneth Mossor.

SECOND GRADE—MISS BALEY

Our second grade had a Hallowe'en party Friday afternoon. Jo Ann Campbell brought a real jack-o'-lantern. We made owls, black cats, witches, and masks out of paper. We read Hallowe'en stories and played Hallowe'en games. Mrs. Campbell and Mrs. Burrows brought cake and punch for our refreshments. Bobby Bentley, John Cubine and Patsy O'Rourke were our guests.

We are very glad to have Carl Martin in our room. He comes to us from Skillet.

FIFTH GRADE ROOM REPORT

The high fifth room mothers gave our room a treat Friday afternoon after school. The treat was fruit and candy.

A CORRECTION

Last week's News carried a notice of a visit of Rev. Joe Fort of Waxahachie to his sister, Mrs. J. R. Hindman. This was an error, and should have been a notice of his death.

Carole—"Douglas, dear, I wish you would see a doctor before our wedding."

Douglas—"Why should I? I am perfectly well except for a little dyspepsia."

Carole—"That's just it. I want a certificate from a doctor showing that your dyspepsia antedated our marriage."

Sufferer—"I have a terrible toothache and wish somebody could suggest something to relieve the pain."

Friend—"I had the toothache myself one day last week and I went home and my loving wife kissed me and consoled me and in a few minutes the pain was gone. Why don't you try the same sort of thing?"

Sufferer—"I think I will. Is your wife home now?"

Visitor—"What lovely furniture you have!"

Johnny—"Yes, I think the man we bought it from is sorry now that he sold it; anyway he calls nearly every day on account of it."

1st Boy—"So your mother takes in washing, does she?"

2nd Boy—"She certainly does. You don't suppose she'd risk leaving it out at night unless your father was in prison, do you?"

Guy—"Do you know Lincoln's Gettysburg address?"

Jane—"No, but in Washington it was the White House."

"YE CRITICS"

You with the critical eye—
Try watching yourself pass by.
Have you done your bit
To help mankind;
Or censured others
With fault to find?
Did you give your lift
To boost the load?
Have you helped a friend
O'er a rough road?
Do you live just right—
Refrain from vice?
Does your past record
Show up right nice?
Unless you're immune
From worldly sin,
Check up on yourself
When you begin.
No life is perfect;
Though high or low—
Don't judge another
Until you know.
—Marjorie Cathcart in Pathfinder.

"Now" said the speaker who had been selected to start the new drive. "I'm not going to talk very long but if you can just get what I say in your head you'll have the whole thing in a nutshell."

The demonstration that followed this speech was so vociferous that the speaker was unable to continue.

Merle Grigsby was in Pampa Monday and Tuesday.

War Veterans' Problems

Not since the period of the World War has the Red Cross faced a greater problem in handling the claims of World War and other veterans. Due to the changes in the regulations covering veterans' claims, chapters all over the nation have been crowded with veteran applicants for relief and for service in preparing appeals. During last year Red Cross home service workers in 3,268 chapters dealt with the problems of 411,124 ex-service men or their families. The chapters also aided 7,346 men still in the regular army, navy and marine corps.

An Army of Children

The membership in the Junior Red Cross last year was 6,829,866 boys and girls in schools, private, public and parochial. They enjoyed volunteer work in hospitals and for orphans, the aged and crippled, and also aided their schoolfellows by providing attention for their eyes, purchasing their glasses, and giving many other types of service to them. The Juniors aid their school work by carrying on correspondence and the exchange of portfolios with school children in other nations.
