FROSTY MORNING . . . Trees, wires and shrubbery in the Muleshoe area were all frosted over when Old Man Winter paid a visit Friday morning. Light snow and freezing mist fell over the area Thursday night causing the streets to be slick.

Freezing Weather Left Little Moisture In Area

Freezing drizzle has left the Muleshoe area under a thin sheet of ice, making streets and highways slick for the past two days. However, the weather man predicted a warming trend for Saturday afternoon and Sunday. Besides the icy highways a heavy early morning and evening fog made driving somewhat hazardous. The cold front which saw the temperature drop to 18 Friday and Saturday morning caused scattered snow showers in the area which turned to sleet and light rain, over the central and northern part of Texas.

Vegetable Grower Conference Set

HEREFORD -- Improved methods of growing potatoes, onions, carrots, peppers and tomatoes will be spotlighted during the 1976 West Texas Vegetable Conference at the Bull Barn in Hereford, Tuesday, February 17. Convening in the heart of this Texas Panhandle vegetable growing area, producers will join with industry leaders, research scientists and specialists to review vegetable research highlights and take a close look at production techniques. Also on tap are discussions relating to the Texas Pesticide Law, a film on the newly developed herbicide method, and reports on vegetable demonstration results. Keynote address will be presented by the past president of the Potato Association of America and internationally recognized authority on potato science -- Dr. Robert Kunkle, professor of horticulture at Washington State University. According to Dr. Roland Roberts, area Extension Service vegetable specialist, Kunkle will describe the Washington potato industry which has developed rapidly in recent years. He also will illustrate innovative practices that have enabled Washington potato growers to produce phenomenal yields with average state yields approaching 500 sacks per acre, more than double the national average. Ten highly qualified vegetable

Vehicle Registration Underway Thru March

Cadet Stephen O'Grady made the 3060 list at the West Point Academy in New York. He is the son of Mr. and Mrs. Jim O'Grady of Muleshoe. Miss Doris Bartholf came home from Lubbock hospital. She will be in an arm brace for three more weeks. After that's taken off, she will be in a back brace for a fracture she received to her back. Thomas Durham, son of Mr. and Mrs. Charlie W. Durham of 804 E. Hickory Ave., Muleshoe is one of 150 Cornell College students to have been named to the first-semester dean's list, or honor roll, for earning grade point averages of at least 3.6 on a 4.0 scale. Durham's average is 4.0-3. He was one of 17 students to have made a 4.0, or perfect straight A average, according to Cornell registrar Charles Milhauser.

Morton Crop Production Meeting Set

Starting in February, it will be "something old, something new" for most Texas License plates. The something old will be the five-year license plate issued in 1975 already mounted on the vehicle. The plates were designed to last for at least five years, being made with more durable materials than the one-year plates issued in earlier years. The something new will be a red, white and blue validation sticker to be affixed in the embossed rectangle at the upper left-hand corner of the license plate issued a year ago. Affixing the sticker will make the plate good for another year's driving. The new system not only saves the State Department of High-

Pioneer Declares Dividend

AMARILLO -- February 3, 1976, the board of directors of Pioneer Corporation at a meeting in Amarillo declared a stock dividend of 20 percent and continued the dividend rate of 30 cents per share. This would indicate an annual rate of \$1.20 per share on the increased number of shares. The stock dividend will be issued on March 15 to stockholders of record February 19, 1976. The cash dividend will not apply to the new shares issued pursuant to the stock dividend for the first quarter only. It was also announced that consolidated net income for 1975 was \$26,951,226 which amounted to \$3.63 per share on the average number of shares outstanding during the year. This compares with a consolidated net income of \$19,316,171 and earnings per share of \$2.59 in 1974. Consolidated net income for the fourth quarter of 1975 was \$6,472,830 or 87 cents per share compared with \$4,511,478 or 61 cents for the same period of 1974. In making the announcement, Pioneer President K.B. (Tex) Watson stated that the improved performance of the oil

Police Report

Several incidents are under investigation by local law enforcement officials, including a broken window at the First National Bank, reported on January 19. On January 20, Ralph Ethridge reported a water tank and spray on a three-wheel trailer stolen. Southwestern Public Service reported vandalism to street lights (apparently shot out) on East Avenue G from Third to sixth Streets on January 21. N.A. Dunlap reported a spare

Grain Producers To Meet

LUBBOCK -- Dr. Burton French, chairman of the USDA task force which recently completed a nationwide cost of production study, will be guest speaker at the annual membership meeting of Grain Sorghum Producers Association. The one day session is slated for March 12 at the Hilton Inn, 505 Ave. Q in Lubbock, Texas. Burton will review procedures and findings of the in-depth study which came about through the cost of production clause written into the 1973 Farm Bill through the efforts of GSPA. Another highlight of the meeting will be a talk on recent grain grading scandals and their possible solutions, presented by John Marshall, USDA grain inspector. The meeting will also include election of the executive committee members, all of whom are up for re-election. Members of the current executive committee are A.W. (Dub) Anthony, Jr. of Friona, Tex., president; Melvin Barton of Dimmitt, Tex. and Mabry Foreman of Felt, Okla. vice presidents; K.B. Parish of Springlake, Tex., secretary-treasurer; John A. Smith of Cameron, Tex., Larry Abeldt of Hope, Kan. and J.L. Massey of Robstown, Tex. Massey recently assumed a

The 5-5 freshman also is one of the top defensive players for SPC. The Texanettes currently are 13-1 for the year. Their next home game will be on Monday, February 9, when they entertain the Wayland College junior varsity beginning at 7 p.m. in Texan Dome. Miss Throckmorton is the daughter of Mr. and Mrs. Lloyd Throckmorton of Muleshoe.

Adequate Land Cover Controls Wind Erosion

Dust storms caused by strong winds have been common in the Bailey County area since the land was first put to the plow. Early methods of farming left much of the land unprotected from the prevailing winds. Wind-blown soil from the "dust bowl" of the plains states once darkened the sky over Washington, D.C. and other eastern cities. The clouds of dust blew from land that had been mismanaged and over-used. Today, farmers, ranchers, and other land-users have advanced technology at their disposal to help reduce soil losses. Conservation programs, using grass, tree windbreaks, strip-cropping, cover crops, proper crop rotation, minimum tillage, and better management can eliminate win-borne dust from cropland in Bailey County and other areas. Maintaining adequate cover on the land is the most important factor in controlling wind erosion. A good cover should be maintained on the soil surface throughout the spring in Bailey County. Low rainfall coupled with high wind speeds cause increased erosion problems until about May. Visible soil erosion can reduce soil productivity very rapidly. When soil erosion can be seen with the naked eye, soil loss is approximately 14 Tons per acre

Sugarbeet Meeting At Hereford

A Sugarbeet Producer's Meeting will be held in Hereford, Texas on February 10, 1976 for all sugarbeet growers in the Holly Sugar Corporation production area. The meeting will be conducted by the Texas Agriculture Extension Service and the Panhandle Economic Program. The meeting will begin at 9:30 a.m. at the Bull Barn and the latest information on research, recommendations for cultural practices and disease control will be presented. The program is planned to provide information, which should assist producers in solving production problems encountered during the last few years.

SPANISH BAPTIST CHURCH BURNS . . . Wiring in the ceiling caused a fire which completely destroyed the inside of the old building at the Spanish Baptist Church Thursday evening. The sanctuary only suffered smoke damage. H.E. Reeder, Muleshoe Fire Chief said this was the 25th fire during the month of January and the 29th since the first of the year in Muleshoe.

 Holmes went on to suggest that businesses have the security experts at Muleshoe Police Department appraise their security needs and make recommendations.
 "Of course, there are several specifications that any good alarm system meets," Holmes explained. "First, it covers all access points, including rear windows, even if they're small and difficult to reach. Second, its power source is hidden -- at least from the burglar. To be effective, an alarm system must be virtually impossible to sabotage."
 Holmes advised managers and proprietors of commercial establishments to test their systems periodically to make sure they function properly. He also stressed that all employees should be trained in the use of

 Holders of personalized plates and other special license plates will receive a new plate, but the majority of Texas vehicle owners will receive stickers and keep the same registration numbers.
 Opening February 1, the vehicle registration season continues through March. The new stickers must be affixed by midnight April 1 or drivers will be subject to arrest and penalties.
 Vehicles must be registered with the county tax assessor-collector of the county of the owner's residence. Most counties operate substations where registration fees may be paid.
 Vehicle owners received computerized three-part registration forms for their vehicles by mail during January. All that is needed for registration is to bring the three-part form and the registration fee to the county tax assessor-collector's office or to one of the many substations that will be in operation during the registration season.

STATE CAPITAL
Highlights
AND Sidelights
by Lyndell Williams
TEXAS PRESS ASSOCIATION

AUSTIN — There's good news and bad news on the state financial front.

The good news is Comptroller Bob Bullock's revised revenue forecast projecting a \$428.2 million cash surplus at the close of the current fiscal period Aug. 31, 1977.

Bad news is Bullock's warning that even the substantial surplus won't prevent a "huge" tax bill next year to finance 1978-79 state governmental appropriations.

Rising oil and gas production taxes account for \$207.4 million of the additional revenue estimated by the comptroller. A 23 percent increase is also anticipated from retail sales taxes.

Bullock's figures indicate there is plenty of growth potential left in the existing tax structure.

Total revenue for 1976-77 is calculated at \$12.6 billion, as compared with \$10.7 billion for 1974-75.

The changing economy and new federal legislation may bring further drastic changes in revenue forecasts, Bullock noted. Two days after his revised figures were released, a State Supreme Court franchise tax ruling had the effect of raising his estimate another \$31 million.

Bullock advised legislators to plan no celebrations of the surplus or

dream of any spending spree.

"The people who write the budget, not the size of the surplus, will determine if we have a tax bill and how big it will be," said Bullock. "It's up to them."

Cut Averted

Risking legislative disapproval, the State Welfare Board voted to reallocate funds previously designated for other purposes to health care programs.

The reallocation apparently prevented a cutback in health care for the poor, aged, blind and disabled.

A hard choice faced the board—spending more for health services than the legislature authorized or reducing programs the legislature intended to continue at previous levels.

Lawmakers last year revoked department authority to transfer appropriated funds from program to program with Legislative Budget Board authority.

Meanwhile, a welfare staff report showed Texas welfare beneficiaries defrauded the state of \$6.2 million Nov. 1, 1974-Dec. 31, 1975—mainly through food stamps and Aid to Families with Dependent Children (AFDC).

Laws Reviewed

The U.S. Justice Department finally approved Texas' new 1976 presidential preference primary law, but rejected single

member House of Representatives districts drawn by the legislature for Jefferson, Tarrant and Nueces counties. The 1975 redistricting for several counties was not disturbed. Secretary of State Mark White Jr. said the state will tell a three-judge federal panel here February 9 that the districts for the three counties were drawn by the legislature and should be left intact. The Justice Department has claimed, for varying reasons, the district lines dilute minority

voting strength.

White accused the Justice Department, which must pass on all state and local election matters under the Federal Voting Rights Act, of engaging in "cheap politics" in the districts ruling on Nueces County.

Courts Speak

The State Supreme Court refused to reconsider its ruling upholding a challenged provision of the Texas corporate franchise tax, freeing \$31 million in

suspended funds for use.

In a Houston case, the high court held a landowner retains his rights to his property even when it sinks out of sight due to subsidence.

A divided Supreme Court declined to free a 15-year-old Odessa juvenile delinquent, concluding that courts have not held all rights constitutionally assured adult offenders are available to juveniles.

The Third Court of Civil Appeals reversed the trial court in a franchise tax

case, holding General Dynamics Corp. should not recover more than \$2 million it paid under protest 1968-71.

A helicopter insurance policy must pay off on damages to aircraft damaged in a landing after its crop-spraying was completed for the day, the Supreme Court held. The company had relied on a policy provision denying coverage during spraying operations.

AG Opinions

Atty. Gen. John Hill held

the Governor's Criminal Justice Division may not provide funds for buying electronic surveillance equipment to "bug" private corporations.

In other recent opinions, Hill concluded:

- The Coordinating Board, Texas College and University System has little authority to regulate courses offered by out-of-state schools at U.S. military bases in Texas.
- Meetings of groups of college employees such as

the general faculty or athletic council are not covered by the open meetings act.

• An original opinion of last year holding the House Speaker is custodian of House records and *consequently* he has power to consult individual representatives before releasing certain information concerning them was correct.

• Most people bow down and worship the individual who, they think, can do them the most good.

TEXAS 1876

AUSTIN — The grain growing capabilities of Texas are just beginning to be understood. Three years ago cultivation of wheat was begun in earnest, but only as an experimental crop. Last year in Texas there were over 7,600,000 bushels in 13 counties — averaging \$1.50 a bushel. Average yield in the U.S. is 15 bushels. Average yield in Texas in those 13 counties is 45 bushels per acre.

TARRANT COUNTY — The Tarrant County Construction Company has made application for the remaining portion of the work on the Texas Pacific Railroad between Fort Worth and Eagle Ford and there is no doubt but that they will get it.

JACKSBORO — Town remarkably quiet for the past month, except that about thirty ponies have been stolen from the neighborhood. Some were recovered at Fort Griffin recently.

HOUSTON — Some thieves in want of fashionable clothes entered the small tailor shop on the corner of Congress and Fannin streets and carried away some half a dozen pants patterns, much to the disgust of the tailors.

DE KALB — The U.S. Mail was robbed today 15 miles west of this place, en route from Clarksville to Texarkana. One man did the work, having his face disguised. No clue as yet.

JACK COUNTY — The ECHO reports that rain, cold, wind and fuel are in demand, likewise intelligent voters. Candidates are active in pursuit of the aforesaid, and we hear one precinct in this county, which contains but one voter who is not a candidate.

COMANCHE COUNTY — The latest production of the poet laureate of the COMANCHE CHIEF is as follows: "If you want to find relief, send two dollars for the Chief." (That would buy the printer beef.)

MCCULLOCH COUNTY — McCulloch County has lately been organized. The county seat will be located at the mouth of Postoak Creek. Quite a strong effort is being made to fix Camp San Saba as the seat, but this effort will undoubtedly fail, according to the SAN SABA NEWS.

Advertised in Leading Texas Newspapers — The "Type-Writer," an elegantly constructed machine intended to abolish the use of old-fashioned pen and ink, is attracting much attention. It is about the size and shape of the ordinary sewing machine; is easily operated, and prints the letters required in bold, clear characters. The inventors claim for it a capacity of sixty words per minute. It is so simple in construction that its operation is readily acquired with only a few hours practice.

MARRIED IN DALLAS . . . Mr. and Mrs. Jess Winn announce the marriage of their daughter, Bobbie Shawn to William C. (Bill) Weir. The couple were married on January 8, in Dallas. Mrs. Weir is a graduate of Crosbyton High School. She attended Wayland Baptist College for one year at which time she played with the Flying Queen Basketball team. She transferred to Texas Tech and received her degree in physical education. Weir attended North Texas State and received his degree from Eastern University in Durant, Oklahoma with a degree in Business Management. They are residing in Duncanville, where Mrs. Weir is assistant basketball coach for the girls.

Mrs. White Chosen Artist Of Month

Mrs. Rheaata Peeler White was chosen Artist of the Month by the Muleshoe Art Association. She is a native of West Texas and a member of the Texas Watercolor Association, Texas Fine Arts Association, Lubbock Fine Arts Association and the Muleshoe Art Association. She is past president of the local association, serving two terms. Her acrylic, oils, enamels and watercolors hang in noted galleries throughout Texas and New Mexico.

South Plains "Design Time" Convention in Lubbock. Rheaata's creativity and talent have been nurtured through study. She studied at Texas Technological University; West Texas State University under the tutelage of Dr. Emilio Cabellero, F.R.S.A.; Wayland Baptist College with Bob Duna-way, Elizabeth Black; Master of Education - Art, Muleshoe, Connie Martin, Lubbock, Benz School of Floral Design, Houston.

Her paintings have the quality of vignette and reflect a genuine appreciation and comprehension of nature's perfection. This harmony is also and integral part of her artistry with flowers.

Auxiliary Hears Report

The Muleshoe Hospital and Nursing Home Auxiliary met for their annual business meeting, January 16, 1976, at the Thrift Shop. Reports of the projects of 1975 were heard by the members. Mrs. Kenneth McGehee gave the report on Project Christmas card, total donations received were \$2,169.90. The money was used to purchase the Flame Photometer for the lab.

The members agreed to purchase new table and chairs for the dining room of the Nursing Home, and a bed shampoo rinsers for the bed patients was approved. This year, as in the past, the Auxiliary helped with the Blood Bank Drive. Those helping were, Mrs. S.M. Ethridge, Rue Kimbrough, Mrs. Skeet Bradshaw and Mrs. R.A. Brady.

Mrs. S.M. Ethridge gave the report on the Thrift Shop. The report covered the past four months and the total was \$3,777.35. The members voted to use some of the money to purchase a Gas Machine for the operating room.

The State Convention of Hospital Auxiliaries will be May 18-20 in Dallas. At the present time, the Auxiliary has nineteen active members. Anyone wishing to donate their time may contact any member for more information.

Rue Kimbrough reported that five babies were sent home in a Christmas stocking the week of Christmas. Other items voted on by the members were the furnishing of the operating room for the new hospital, with a cost of \$35,000.00. A plaque will be placed on the door stating the name of the donor, The Muleshoe Hospital and Nursing Home Auxiliary.

The Auxiliary is planning a bicentennial report about the auxiliary from its beginning in 1967.

The Epsilon Chi Chapter of Epsilon Sigma Alpha sorority held their business meeting, Tuesday night, February 3, in the community room of the Muleshoe State Bank. Hostesses were Mrs. Charles Moraw and Mrs. Hugh Young.

The meeting was called to order with the Vice-president, Mrs. Jim Crawford, giving the opening ritual. Chaplain, Mrs. Jack Rennels, gave the opening prayer.

Mrs. John Blackwell and Mrs. Jerry Harrison introduced guest speaker, Marlene Whitfield, Social Service Worker, of Lamb County, for the Texas Department of Public Welfare. She showed slides of "Child Abuse in Texas." Mrs. Whitfield said child abuse takes three forms: physical, sexual, and emotional. It is the non-accidental injury of a child by a parent. All kinds of children are abused - rich and poor; infants and adolescents; black, brown, white; boys and girls.

All kinds of parents abuse children. Most parents were the victims of abuse in their own childhood. Mrs. Whitfield said there is a new law in Texas, it says you must report child abuse; and to report is a misdemeanor. This is not to threaten you - it's to save the children. She urged all people of the community to report child abuse by dialing toll-free, 1-800-292-5400.

The law provides immunity from prosecution for those who report, unless the report is made in malice. You don't even have to give your name. Mrs. Whitfield, said a partial solution to the problem of these helpless children are foster care homes,

where they can live, grow, and feel worthwhile. Homes are especially needed for children who are minority, teenagers, handicapped, and family groups.

To become foster parents, all you have to be is healthy, self-sufficient, and able to provide physical care, guidance, love, and understanding. For more information on child abuse or the foster home program, contact the Texas Department of Public Welfare.

Mrs. Andy Douglass, Chairman of the school parties, announced ESA will be hostesses to Mrs. Shirley Williams, special educational class Valentine party, Friday afternoon, February 13, at the Mary De Shazo Elementary School.

Mrs. John Blackwell, Ways and Means Chairman, announced plans to hold an ESA auction February 17. All auction items will be brought by sorority members, and will be sold to the highest bidder.

Mrs. Charles Moraw reported on the January Philanthropic Projects. The Mothers' March for Birth Defects and the Cancer Awareness Clinic were cited as being most successful. She also announced Genie Lopez, of Richland Hill Elementary, and Elvira Nunez, of Mary DeShazo Elementary had received their eye glasses.

Names were submitted for the ESA ZEUS Award and the winner will be revealed at a later date. The ZEUS Award is an award presented to a man, who has performed an outstanding service to the community, for the ESA Chapter or for mankind in general. The recipient of the award is proclaimed to be the

"Man with 40,000 Sweethearts."

Committees were also appointed to help select a Muleshoe High School Senior girl, who will receive the \$100.00 Epsilon Chi scholarship in May. Other committees were appointed to go out into the community, and work with the Muleshoe Bicentennial Committee, to find and name an Outstanding Pioneer Woman of the area. The Bicentennial Pioneer Woman will be recognized at the annual ESA Mother and Daughter Banquet, May 7. The recipient of the bicentennial award will join in the Muleshoe Fourth of July festivities, and at the same time, this will be Epsilon Sigma Alpha's way to say "Happy 200th Birthday, America."

A baby spoon was presented to Mrs. Ronnie Barrett, by Jonquil Girl, Judy Lambert. It is an Epsilon Sigma Alpha tradition that new ESA babies receive a spoon with the Epsilon Sigma Alpha crest.

Judy Lambert also gave a report on the District IX meeting held in Sudan, and announced the April meeting will be held in Lubbock, with a spring luncheon. The Outstanding District ESAer, and the Outstanding First Year ESAer will be revealed. Also election of officers for the new year will be voted on.

Vice-president, Mrs. Jim Crawford, led her ESA sisters in the closing ritual. Members attending were Mrs. Dean Allen, Mrs. Ronnie Barrett, Mrs. John Blackwell, Mrs. Jim Crawford, Mrs. Andy Douglass, Mrs. Mack Garrett, Mrs. Jerry Harrison, Mrs. Charles Isaac, Mrs. Richard Kimbrough, Mrs.

Charles Moraw, Mrs. Al Martin, Mrs. John Birdwell, Miss Virginia Bowers, Mrs. Jack Rennels, Mrs. Wayne Tunnell, Mrs. Hugh Young, Mrs. Larry Goree, Mrs. Terry Hillin, Mrs. Larry McMillan, Mrs. Terry Parham, Mrs. Johnny St.Clair, and Miss Judy Lamber.

Hobby Club Members

Show And Tell

Muleshoe Hobby Club was held Thursday, February 5, in the Muleshoe State Bank Community Room, with Mrs. Allie Barbour acting as hostess. Mrs. Bernice Amerson drew the hostess gift.

Those attending with crafts were Mrs. Allie Barbour - Bohemian blue caster set; Mrs. Levina - showed fake fur tissue holders; Mrs. Sammie Ethridge - jeweled box; Mrs. Mabel Caldwell - sand colored bottles, white coral and an Uncle Sam made from Readers Digest; and Mrs. Ethel Julian brought a ring tree from metal.

Others attending the meeting without crafts to show and tell were Mrs. Myrtle Chambless, Mrs. C.E. Briscoe, Mrs. Bub Shafer, Mrs. Bernice Amerson, Mrs. S.L. Robison and one new member, Mrs. H.H. Carlyle.

The next meeting will be held February 19, with Mrs. H.H. Carlyle.

FEBRUARY WEDDING SET . . . Mr. and Mrs. Junior Lambert of Bovina announce the engagement and approaching marriage of their daughter, Denisee, to Steve Holcomb, son of Mr. and Mrs. Lester Holcomb of Clovis. The couple will exchange wedding vows at 7:00 p.m., Saturday, February 21, in the First Assembly of God Church in Muleshoe. All friends and relatives of the couple are urged to attend the wedding and reception that will follow, in the fellowship hall, of the church. The bride-elect attended Bovina Schools and is currently employed at Parmer County Spraying Service. The prospective groom is a graduate of House High School. Holcomb is employed with the Clovis Fire Department. Grandparents are Mr. and Mrs. Bill Lamber of Muleshoe and Mr. and Mrs. J.W. Gann of Austin.

Deputy Grand Matron Visits Muleshoe Chapter Tuesday

Mrs. Roberts Russell, Floydada, Deputy Grand Matron, District 2, Section 3, Grand Chapter of Texas, Order of the Eastern Star, made her official visit to Muleshoe Chapter No. 792, Tuesday evening, February 3, in Masonic Hall. Preceding the meeting, she was honored with a dinner at the Corral and was presented a money corsage.

Other guests in the Chapter were Mr. and Mrs. Larry Knowles, Worthy Matron and Worthy Patron of Friona Chapter No. 990.

Mrs. Russell brought Greetings and instructions from Mrs. Doris Easterling, Clyde, Texas, Worthy Grand Patron of the Grand Chapter of Texas. She was accompanied to Muleshoe by Mrs. Ruth Daniell of Floydada.

Routine business was conducted, under the supervision of Mr. and Mrs. Derrell Nowell, Worthy Matron and Worthy Patron of the Muleshoe Chapter.

Mrs. Nowell expressed her appreciation for a full corps of officers, and displayed the One Hundred Per Cent Welfare certificate, in recognition of Muleshoe Chapter's one hundred percent participation in the Worthy Grand Matron's Welfare Program.

Nights were received from the Plainview Chapter, for February 20. A salad supper was held at 6:00 p.m. and the Chapter meeting at 7:30. The invitation from the Friona Chapter is for February 28 at 7:30 p.m.

Refreshment Hostesses were Mrs. Fred Payne and Mrs. Bob Phillips, using the Valentine motif in table decorations and refreshments.

To get rich, amuse the people; to stand alone, know something; to be feared, be above reproach.

PRESIDENTIAL HOSTESSES SELECTED . . . Seven new Presidential Hostesses have been selected for South Plains College. From left are Linda Hernandez of Muleshoe; Gill Beam of Lamesa; Karan Herington of Muleshoe; Dr. Marvin Baker, SPC president; Bryanette Woods and Kathy Roberts, both from Brownfield; Denise Rhodes of Abernathy, and Nancy Brown of Levelland. The young women are SPC's official representatives for a variety of school functions.

National Cotton Council Urges Passage Of Bill

BILOXI, Miss. -- National Cotton Council delegates today urged early passage of a bill to enable producers to vote on an increase in the current \$1-per-bale assessments for cotton research and promotion.

The bill, authorizing a producer referendum, has been introduced in the House by Rep. David Bowen (D-Miss.), and hearings on it were held by the House Cotton Subcommittee in mid-December. The Council's resolution asked the bill's enactment and implementation "at

the earliest practical date" and pledges full educational and legislative support for the program.

In other major resolutions adopted at their 38th annual meeting here, delegates asked immediate action to apply the multifiber arrangement concept to countries exporting large amounts of textile products to the U.S. but not now under such arrangements.

At the same time, delegates urged the U.S. government not

to enter international agreements on market allocation or buffer stocks nor make any other international commitments which would result in controlling or limiting U.S. cotton and cottonseed production, trade, stock level, or price. They

asked instead that inter-governmental discussions on these points be carried on by the International Cotton Advisory Committee.

The Council also:

(1) Called on U.S. steamship conferences to open their freight rate on cotton, pointing out that part of the price disparity between U.S. cotton and foreign growths was caused by non-competitive rates from this country;

(2) Expressed appreciation for U.S. government assistance in satisfactorily settling most of the letter-of-credit problems resulting from exporters' cotton sales contracts in 1975, and urged continued efforts to influence certain textile mills in the Republic of China (Taiwan), the Philippines, Thailand, and other countries to honor their contract

obligations;

(3) In recognition of rapid increases in palm oil imports, called on the U.S. government to provide reasonable restraints to avoid excessive interference with domestic markets;

(4) Pledge full assistance in getting a proposed boll weevil eradication trial started in the Virginia-Carolinas area no later than 1977, including support for federal appropriations to cover at least 40 percent of the operational cost;

(5) Urged that federal estate and gift tax exemptions be adjusted in keeping with economic changes which have occurred since present exemptions were established; and

(6) Supported development of reasonable and practical regulations for cotton dust, flammability, and pesticides, and asked

expanded research particularly in the areas of byssinosis and fire-retardant finishes for cotton.

Earlier, Council delegates heard a warning from Federal Energy Administrator Frank Zarb that American citizens will have to pay a price in terms of economic, political, and individual freedom unless the U.S. takes necessary steps to achieve self sufficiency in energy by 1985. He listed these steps as: (1) making the most efficient use of existing energy supplies,

(2) producing a maximum amount of American coal and adjusting environmental laws to allow its use, (3) developing nuclear power and light-water reactors, and (4) developing oil and natural gas in Alaska and the naval petroleum reserves.

Rep. Jamie Whitten (D-Miss.), ranking member of the House

Appropriations Committee, described inflation as the nation's most immediate problem and said the federal government has to learn the difference between "spending money to spin wheels or spending money for something sound." He called for a full review of agriculture in relation to today's urban society and said thought must be given to a price support system that will give stabilization to agriculture and make it a dependable business.

Edward Donnell, board chairman of Montgomery Ward, reported that the current retail outlook for cotton is excellent.

Pointing out that the 1980's offer cotton exciting marketing opportunities, he said it will be increasingly important for the industry to determine its users' needs and strengthen promo-

tional activities at all levels to gain in the market place.

W.D. Lawson, III, Gastonia, N.C., cotton merchant, was named Council president succeeding C.L. Denton, Jr., Denwood, Ark., who is now board chairman. Other officers elected were: Vice Presidents - Gerald Brewer, Fresno, Calif., Edward Breihan, Lubbock, Tex., and E. Hervey Evans, Laurinburg, N.C.; Treasurer - Jack G. Stone, Stratford, Calif.; Executive Vice President and Secretary - Albert R. Russell, Memphis; and Administrative Vice President - Earl W. Sears, Memphis.

More than 1,200 cotton leaders, representing the industry's seven segments in 19 states, attended the Council meeting. Next year's session will be held in Orlando, Fla., January 31 - February 1.

Fruit-Vegetable Grades Standardized

COLLEGE STATION -- A movement is under way to standardize the grading of fruits, vegetables, nuts and other special food products, says an economist in marketing and food distribution for the Texas Agricultural Extension Service.

"Grade names now being used for these food products are inconsistent and confusing to consumers and producers," points out Dr. William Vastine. "For example, the premium grade for potatoes is U.S. Extra No. 1, for apples it is U.S. Extra Fancy, and for oranges and grapefruit it is U.S. Fancy."

The U.S. Department of Agriculture recently announced a proposal that would require the use of uniform terminology in grading these products. Under the new system, all premium grades of fruits, vegetables, nuts and other special products

would be U.S. Fancy. The other three grades would be U.S. No. 1, U.S. No. 2 and U.S. No. 3, says the Texas A&M University System specialist.

"The only grades used originally were U.S. No. 1, 2 and 3. Later, premium grades were added but the terminology used for these grades was not consistent in all food products."

Vastine notes that before the new standards can be adopted, there must be a need for them, they must be practical, and they must be supported by consumers and producers.

Anyone may respond to the proposed changes, which appear in the October 6 issue of the Federal Register, by writing the Hearing Clerk, U.S. Department of Agriculture, Room 112, Administration Building, Washington, D.C. 20250. All information must be submitted in duplicate no later than February 15.

In an election held by the student body Wednesday, February 4, Joie Carpenter was selected Miss MHS for 1976, and Larry Parker was selected Mr. MHS. First runners-up were D'Anne Clark and Billy Balderas. Second runners-up were Yolanda Zackoski and Kyle Kimbrough.

Joie Carpenter is the 18 year old daughter of Mr. and Mrs. Jimmy Carpenter. She is active in FTA and Student Council. She plays guard for the Mulettes.

Larry Parker is the 17 year old son of Mr. and Mrs. William Parker. He is active in FTA, art club, and sports.

Selected as Prince and Princess of Friendship were Curtis Carpenter and Patti Poyner. First runners-up were Billy Balderas and Dani Dunham. Second runners-up were Reuben Gonzales and D'Anne Clark.

Curtis Carpenter is the son of Mr. and Mrs. Jimmy Carpenter. He is active in FFA, participates

in the Livestock shows, and is a member of FTA and Student Council. Curtis plays forward for the Mules.

Patti Poyner is the 16 year old daughter of Mr. and Mrs. Haney Poyner. She is active in Student Council and FTA. Patti is a varsity cheerleader and Junior class secretary.

Congratulations to these students selected by their classmates as Mr. and Miss MHS and Prince and Princess of Friendship.

Seniors Measured For Caps, Gowns

The Senior Class reported to the auditorium Tuesday, February 3, 1976, to be measured for caps and gowns.

The first order of business was the decision of what color of robes to wear. The boys will wear black robes and the girls will wear white robes. Black tassels will be worn by everyone.

The Seniors need to be thinking who they would like to have for escorts, ushers, and what song they would like for the class song. These things will be discussed at the next Class meeting.

Future Homemakers Hold Meet

Rose and Rosebud Future Homemakers met Monday, February 2, in Room 14 to hear Mr. Nick Harris explain procedures for selling a new Bicentennial cookbook compiled by Home-making Teachers throughout the United States. In past years, 17 cookbooks pertaining to specific subjects such as meats, vegetables, salads, desserts, and others have been published. The best of all of these have now been combined into a new limited edition. It will be sold by Future Homemakers in schools. The price of the book is \$4.95 and may be purchased from any member. Profits will be used for FFA projects for the remainder of the year.

SHERYL STOVAL
Best Of MHS

The Thespians have chosen Sheryl Stoval and Carey Sudduth as the Best of MHS for this week. These two have been chosen because of their outstanding performances at the Basketball Homecoming games, Friday, January 30.

Sheryl is the 16 year old daughter of Mr. and Mrs. Bob Stoval and resides at 417 East Dallas Street. She is a member of the Basketball Team, FTA, the Art Club, the Muletrain Mule's Tale Staff, and Junior Class Reporter. When asked to make a comment on Basketball, Sheryl replied, "This year our team has had its ups and downs. We were young this year but it will only help during next years 3-AA District competition."

Carey, 17 year old son of Mr. and Mrs. Dave Sudduth, lives at 1726 West Avenue F. He is in Football, basketball, golf and Student Council. His comment on Basketball was, "We don't have many games left but we are still working hard. The win against Dumas showed that we can beat some of these teams. We didn't play that well but we still won; and that's real encouraging."

If you can't laugh at yourself, learn to occupy your time with a good hobby.

FFA Has Meeting

Monday, February 2, the FFA Chapter held their meeting in the Ag building. They first discussed spring citrus fruit sales and decided to assign sections of the town in which they will sell. For every 10

crates a persons sells, he will receive 2 free tickets to the FFA banquet held in April.

David Head, Robert Martin, Darrell Rasco, and Robbie Young went to Hereford to participate on the judging team. This was their first time to judge and they did a real good job.

The following members participated in the Bailey County Livestock Show held Thursday and Friday, February 5 and 6: Darrell Rasco, Wayland Barker, Kim Black, Orvis Burriss, Robbie

Happy Birthday

Happy birthday to those students whose birthdays are from February 8 through February 14.

February 8 - Alonso Ontiveroz; February 10 - Cecil Mardis, Kim Kelker, Solomon Garcia, Cindy Dodd, and Brenda Wimberly; February 11 - Gary Davis; February 12 - Leroy Rojas; February 13 - Barbara Davis, Beatrice Edmundson, and Hope Garcia.

Junior Class Meets

Monday, February 2, 1976, the MHS Junior Class had a meeting for Banquet discussions. The theme committee divided into groups and each group took a theme. They got ideas for decorations for their particular theme. Then one group at a time told all of their ideas. After everyone made their presentations they voted for one theme. The votes were counted and the theme was made final. Now all ideas for the decorations are being planned.

In-Service Gives Students A Holiday

MHS Students enjoyed a holiday Friday, February 6. This holiday was scheduled for students participating in the Bailey County Livestock Show.

Teachers of the Muleshoe schools held one of their ten scheduled In-Service days from 8:30 a.m. - 4:00 p.m.

A general faculty meeting was held at 8:30 in the high school auditorium. Mr. Neal Dillman, Superintendent of Schools, presided.

Dr. C.L. Kay, Lubbock Christian College, was the speaker for the In-Service. His topics included "Alaska's Pipeline: The Last Frontier or America's Future", "The Anatomy of Free Enterprise", and "The American Economic System".

A MILD WINTER?
BOONE, N.C.--For those who put faith in the forecasting abilities of the woolly worm, North Carolina will have mild weather this winter with the most severe weather coming early.

Sneed, Dwayne Shafer, Alick Shafer, Carlos Contreras, Shannon Kennedy, Glenda Rasco, Joe Don Prather, Robby Young, Rickie Claybrook, Larry Free, David Crow, Kyle Kimbrough, Johnny Ramage, Keith Rempe, Jimmy Wedel, Oscar Agundis, Edwin Watson, Mike Dale, Keith Hawkins, Tommy St. Clair, Timmy James, Steve Turner, Randy Burton, Ross Feagley, Brent Gunter, Brent Maddox, Mark Washington, Dean Estep, Sheila Hunt, Ricky Kenemer, Gloria Mallouf, Brad Morrison, Clayton Ramm and Robert Shafer.

Money-Making Projects

The Juniors were in charge of the Concession stand at the Stock Show this year. Because of many conflicts, they asked the Sophomores to help. The Juniors furnished all the food and the Sophomores agreed to take work shifts. Two classes have agreed to split the profit, so both classes shared a very good money-making project. This will help the money situation of both classes.

Another money-making project recently completed by the Juniors was the selling of Mums for the Basketball Homecoming. The mums sales have really been a lot of help to the Junior class.

FTA Students Honored At Tea

Thursday, January 29, the Blackburn-Moore FTA Chapter was honored at a Tea sponsored by the Delta Kappa Gamma.

The tea, which was held at 4 p.m. in the Home Economics room, was held in honor of FTA students, Pioneer teachers, and of Retired teachers.

Cakes, cookies, punch, and coffee were served to all present. Everyone ate and talked and enjoyed the tea very much. It was a very interesting afternoon and those present had a good time. The FTA chapter would like to thank Delta Kappa Gamma for hosting the tea in honor of them.

The Mules won their first district game against Dumas 39 to 37. This was probably the most balanced scoring we've had all year, with Carey Sudduth, 12 points; Dean Northcutt, 12 points; Mike Wisian, 8 points; and Robert Shafer, 7 points. This was also one of our better defensive games.

This week the Mules will play their last two games. On Tuesday the Mules will travel to Dumas and on Friday the Mules will play Canyon at Muleshoe.

★★★ Mulette Maneuvers

The Mulettes played an outstanding second half Friday, January 30, to win their homecoming game 44-42. The Mulettes trailed Dumas the entire game even though they had put forth their best effort. They finally came back to tie up the ball game with less than a minute left to play. Then Sheryl Stoval, who led all scorers with 24 points, made a basket with only 3 seconds left; and the Mulettes had their first district victory. Joie Carpenter played one of her best defensive games of the year to lead the guards. Elizabeth Isaac had 10 points; Evelyn Grace had 5 points; and Beth Whitt had 5 points.

The Junior Varsity also won their game against Dumas 29 - 26. Jo Roming scored 9 points; Beth Whitt scored 9 points; Laura Beene had 6 points; and Tammy Bruns had 5 points.

The Varsity Mulettes lost to Levelland 58-42. Elizabeth Isaac led all scorers with 20 points. The Junior Varsity lost their third game of the season 43-42 in overtime to Levelland. The J.V. has a 14-3 record and the Varsity a 12-13 record. The Mulettes have one more game Tuesday against Dumas at Dumas.

Planning Your Vegetable Garden

COLLEGE STATION -- Time spent planning your vegetable garden will provide fresh vegetables for eating and preservation with more fun and less work, believes the Texas Agricultural Extension Service. The first important consideration is to choose vegetables that the family likes best. If only one or two family members like a particular vegetable, it may be cheaper to buy it at the supermarket and use the garden space for those vegetables enjoyed by all.

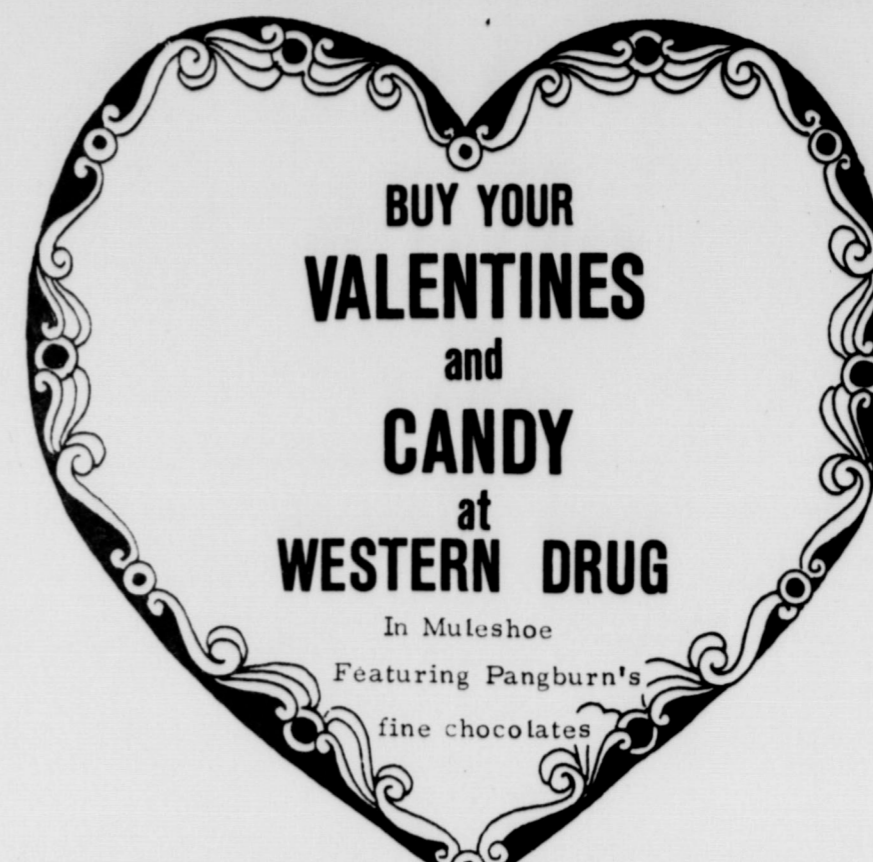

Secondly, choose those vegetables that have a superior taste and flavor when freshly harvested as compared to the usual store-bought produce. Tomatoes, sweet corn, peas and snap beans are good examples of vegetables that taste better when harvested garden-fresh. Space is another consideration. A small garden can provide fresh vegetables for many meals if the crops chosen do not require a lot of space. Also, dwarf varieties of many popular vegetables are available. It is recommended that the inexperienced home gardener start with a small garden and select vegetables that are easy to grow. If properly managed, a garden 20 feet by 20 feet can provide abundant fresh produce for a family of three or four. Beans, green onions, tomatoes, radishes, leaf lettuce and squash are good vegetable crops for beginning gardeners.

they are harvested and plant a second crop in the same space; and (6) practice crop rotation if possible. Planning prior to planting a garden will go a long way to avoiding a lot of unnecessary work and possible problems later in the year.

On Saturday, January 17, several Muleshoe Junior High Choir Students won honors at Solo and Ensemble Contest in Lubbock.

Receiving Superior ratings were: Tommy Edmundson and Debra Everts. Jerry Puente and Brenda Woodruff were awarded ratings of above average.

They did very good and we congratulate these students for doing so well at the Contest.

'A' Team Defeat Olton

On January 26, the Mullettes played at Olton. They defeated the Olton Fillies 50-22. Scoring for the Mullettes were Shelly Dunham and Becky Turner each with 20 points and JoRonda Rhodes had 10 points. The Mullettes shooting percentage was 48 percent. All of the guards played a good game. The guards had 27 rebounds for that game. February 5, the Mullettes will travel to Springlake-Earth to play.

Littlefield Beat Mullettes

On January 19, the Mullettes went to Littlefield. It was a hard game and all the girls hustled but were unable to overcome the 31 to 26 loss to the Wildcats. The high pointer for that game was Lorenza Martinez with 10 points, Tammy Williams and Cindy Hamblen tied with 7 points, and Gloria Castorena scored 2. All the guards hustled and played a good defensive game.

'A' Team Mules Win 2

On January 19, the "A" team Mules played the Littlefield Wildcats and won by a score of 33-25. High pointer was Zeke Pecina with 14 points.

On January 26, the "A" team played the Olton Mustangs and won by a score of 32-22. High pointer was Mike Northcutt with 8 points. Next was Alvaro Ontiveroz with 6. Zeke Pecina and Curtis Elder both tied with 4 each. James Atwood had 5 points. Mark Northcutt and David Patterson tied with 2 each, and Robbie Barret had 1 point.

'B' Wins And Loses

On January 19, the "B" team played the Littlefield Wildcats and lost by a score of 29-17. High pointer was Darrell Chaney with 4 points. Joel Bratcher, Todd Ellis, Sam Whalin, Lyndal Stovall, and Paul Hurtado each had 2.

On January 26, the "B" team played the Olton Mustangs and won by a score of 38-9. High pointer was Sam Whalin with 17 points. Next was Cody Crittenden with 6. Todd Ellis, Darrell Chaney, and Kent Rempe had 4 each. Thurman Myers had 2 and John Carrion had 1 point.

Mullettes Are Defeated

The "A" team played at Littlefield on January 19. They got beat by five points, the score was 29-34. High scorer for the Mullettes was Shelly Dunham with 12 points. Second was Becky Turner with 11 points. Next was JoRonda Rhodes with 4 points and Kanetha Hysinger had 2 points. The Mullettes guards played a good defensive game. So now the Mullettes record is 14 wins and 3 losses.

'B' Mullettes Trample Olton

On January 26, the Mullettes defeated the Olton Fillies by a score of 52-8. The high pointer for that game was Lorenza Martinez with 14. Cindy Hamblen 12. Gloria Castorena scored 9 points, Tammy Williams 7, Bobbie Nell Osborne 4, Sharla Henry 3, Esmeralda Posadas 2, and Agnes Lopez 1. The guards played a good defensive game. Our next game will be on February 5 at Springlake. SEE YOU THERE....

An investment in Your Future

ATTEND CHURCH

"For where your treasure is, there will your heart be also"

a little BIG NOW

We all get a thrill out of seeing our children put on our hats or shoes. Obviously they don't fit now, but some day he, or she will grow to fit them. At the same time imagine that they are trying on our lives. Would they fit? ... or do you live the type of life that you would want them to grow to. Live a life of worship of the Lord.

"Thou wilt show me the path of life: in thy presence is fulness of joy; at thy right hand there are pleasures for evermore."

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and His demand for man to respond to that love by loving his neighbor. Without this, grounding in the love of God, no government or society or way of life will long endure and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Washington And The Poet

While George Washington was
encamped with his soldiers at
Cambridge, outside Boston, he
received a poem praising his
efforts. The poem had recently
been published in the "Pennsyl-
vania Magazine" by Phillis
Wheatley, a former slave.
Washington was so flattered
and impressed with the work
that he wrote praising the
"elegant lines" and "potential
talents." He also told her: "If
you ever come to Cambridge,
or near headquarters, I shall be
happy to see a person so favored
by the Muses, and to whom

Spending Can Be Cut

By an overwhelming majority,
members of the West Texas
Chamber of Commerce feel that
state government spending can
be cut or held to a level that will
not require new taxes from the
next Texas legislature.
This opinion came from a
recent mail survey on state
affairs issues made among
WTCC members. The results of
that survey were released today
by the WTCC.
The results of the state issue
survey showed, by those re-
sponding to be as follows:
(1) Do you feel state govern-
ment spending can be cut
and/or held to a level that will
not require new taxes from the
next legislature.
Yes - 92 percent, No - 7 percent,
No Opinion 1 percent.
(2) Do you feel that state
employees should not be ap-
pointed to state advisory or
policy making boards by the
Governor?

Yest - 80 percent, No - 14
percent, No Opinion 6 percent.
(3) Do you feel the local schools
and higher education are doing
an adequate job of teaching the
benefits of our private free
enterprise system over other
forms of government?
Yest - 40 percent, No - 56
percent, No Opinion - 4 percent.
(4) Has the Texas Lobby Con-
trol Act intimidated and/or dis-
couraged you from having your
say about state government
affairs?
Yest - 39 percent, No - 49
percent, No Opinion - 12 percent.

nature has been so liberal and
beneficent in her dispensa-
tions."
This was the first recognition
received by Miss Wheatley in
America. Her first book of
poetry had been published in
London in 1773 where she
became a celebrity of sorts and
a favorite at court. Washington's
praise was the first recognition
by a prominent American. It is
all the more important since she
was a former African slave.
Miss Wheatley, born in Africa,
was brought to America at the

age of eight. She was bought by
John Wheatley of Boston and
trained as a personal servant for
his wife, Mrs. Wheatley. She en-
couraged Phillis to read and
write, a feat she accomplished
within sixteen months.
Through the years she wrote
various poems, but they never
included autobiographical ma-
terial or made any reference to
slavery and its conditions. In
1773, at the age of twenty, she
had gone to England for health
reasons, and there her work was
popularly accepted.
In 1776 her popularity was at
its peak because of Washing-
ton's praise. Her fame did not
last long. In 1778 the Wheatley

family faced bankruptcy and
Phillis was on her own.
She married John Peters, a
free Negro, but their misfor-
tunes were so great that her
health failed and her husband
went to debtors' prison. She
died in 1784 at the age of
thirty-one.
Phillis Wheatley was only a
minor poet who was technically
competent but no extraordinary.
Her importance is that she was
among the first Africans in
America to be recognized for
literary ability. She helped to
weaken the myth of the inferi-
ority of blacks.
In Spanish Texas, there was no
comparable literary activity.

Spanish Texans were more in-
volved in survival than they
were in developing a culture.
They brought with them the
native culture of Spain and the
additions to it provided by
Mexico, but this was of second-
ary concern as they struggled
to develop an economic base in
Texas and to provide security
for themselves and their fami-
lies.

Frankly, the longer we
travel the road of life,
the less we know about it.

Too many people work
themselves to death, in
an effort to retire.

For Rent

You're doing without a Zimmatic center
pivot. Saving your hard-earned capital
for other improvements. Don't want to
borrow right now.
But it's costing you money every year you
wait. Two ways. First, you're losing the
extra crop production you get under
irrigation. Second, inflation is at work.
Boosting prices, dropping the value
of your dollars.

Why not rent a Zimmatic under our new
lease plan? Let the system pay for itself
and put some extra money in the bank for
you at the same time.
Our rates are reasonable. You can
include freight, installation, pump...
other "above ground" items in one
flexible package, tailored to your needs.
Why wait to irrigate? It's just costing you
money. Call us today for details on

Friona Industries Reports Most Profitable Quarter

FRIONA -- Friona Industries, Inc., reported net income of \$410,826, or 33 cents per share, on revenues of \$14.4 million for its second quarter ended December 31, 1975.

"This was the company's most profitable quarter in the past two years," explained John G. Carrothers, president.

These results compared with a loss of \$156,489, or 13 cents per share, on revenues of almost \$12 million in the same quarter of the prior year.

In the first six months of the current fiscal year, the company achieved net income of \$771,762, or 62 cents per share, on revenues of \$25.2 million, compared with a loss of \$535,517, or 43 cents per share, on revenues of \$21.2 million during the first half of the prior year.

"Historically, when the cattle industry has pursued its tradi-

tional trends, the first and second quarters of our fiscal year have shown the best profitability," said Carrothers. "Also the prices paid for grain-fed cattle during this period were better than they have been in many months, although they began to decline somewhat in the latter part of the second quarter."

"Results for the second quarter were substantially improved because of a marked increase in profitability of the custom-feeding, commercial feeds and animal health supplies lines of business. Company-owned cattle showed very good profitability although not as much as the first quarter of the current fiscal year. Grain and grain-hauling operations sustained very minor losses during the quarter," commented Carrothers.

Custom cattle feeding opera-

tions at the company's three feedlots also produced higher income as occupancy increased primarily due to continued profit margins.

"In addition, there was a substantial turnaround in animal health supplies sales and net income from our Hi-Pro Veterinary Stores during the quarter," he added.

"This resulted from cost cutting and other reorganization measures which have and are being presently implemented for these operations, plus the willingness of cattle raisers and cattle feeders to purchase more animal health supplies in times of a more prosperous long-range outlook for the industry," said Carrothers.

Manufactured feeds produced by the company's Hi-Pro milling facility returned to profitability in the second quarter. Sales, net

income and tonnage were ahead of the second quarter of the prior year and the first quarter of the current fiscal year.

"Sales of Hi-Pro Cattle Cubes, a pelleted feed supplement for range cattle utilized chiefly in the winter months, contributed to the increase in our commercial feed business," he stated.

In December, the company arranged for a 15-year, \$2,750,000 loan from a major insurance company. The proceeds will be used to retire a note in conjunction with the purchase of the 57,000-head capacity Swisher County feedyard from Mesa Petroleum Company in late 1974; to pay off a note held by another insurance company and a note payable to certain stockholders. The remainder, about \$650,000, will be added to working capital.

"We believe that the demand

for red meat will remain strong in the third and fourth quarters of our fiscal year; however, available supplies of grain-fed cattle will certainly increase as we move into the summer months.

"Hopefully, this increase in supply will be tempered by a decrease in the availability of grass-fed cow and calf meat. Because of this situation, company-owned cattle are not expected to contribute as much profit in the third and fourth quarters as they did in the prior six months," he said.

"Overall, we are pleased by our six-month results which were achieved in an unusually turbulent time in our industry," concluded Carrothers.

Effie Davis Buried Monday

Funeral services for Effie Davis, 84, of Quanah were held Monday at 2:30 p.m. in Knowles Funeral Chapel in Quanah. J.B. Lamb, minister of the Church of Christ in Quanah conducted the services. He was assisted by Stanley Devall, minister from Lancaster, Texas.

Mrs. Davis died at 7:20 p.m. Saturday in Plains Memorial Hospital in Dimmitt where she had been a patient for the past 11 days. Cause of her death was congestive heart trouble.

Mrs. Davis had been a resident of the South Hills Manor Nurs-

ing Home in Dimmitt for the past 15 months.

She was a member of the Church of Christ in Quanah. Survivors include two daughters, Mrs. Robert O'Hair of Earth, and Mrs. J.M. Holt of Rosemead, California; two sisters, Mrs. E.E. Holland of Muleshoe and Mrs. Annie Coffield of Quanah. Also surviving are 18 grandchildren and several great grandchildren. Burial was in the Quanah Memorial Cemetery.
