No. 29.

## All-Star Teams for Softball are Selected

Softball fans of the McLean community have selected their official all-star teams to represent the community in future exhibition games this summer.

The compilation of the votes—the culmination of the voting—was completed Monday, July 18, and the first, second, and third choices were chosen.

The unanimous choice of the community for any position was the name of Peilon Webb as catcher. Other high-vote getters were Cliff Griffith in center field, and another, Johnny Haynes as left fielder.

Thomas Bailey was a unanimous choice for first base. As pitchers, in order, were Asper Gramam, John Corbett, first baseman, Bobby Close, and Bill Earles. In order, are Peilon Webb, Al Tinsley, and Amos Baker. Managers named, in order, were Clyde Holloway, John Simpson, and George Graham.

Team:  
Pitcher, Peilon Webb; catcher, Asper Gramam; first baseman, Bobby Close; second, Budgie Hu; third, Johnny Haynes; short stop, Lee Jr.; left field, Thomas Bailey; center field, Johnny Griffith; right field, W. C. Simpson; manager, Clyde Holloway.

Team:  
Pitcher, Al Tinsley; catcher, Peilon Webb; first baseman, Bobby Close; second, Don Tindall; third, K. C. Shirley; short stop, Johnny Haynes; left field, Edwyn M. center field, Benny Cooper; right field, Bob Black; manager, Benny Cooper.

Team:  
Pitcher, Amos Baker; catcher, Bobby Close; first baseman, J. C. Corbett; second, Lawrence Ward; third, Hershel Smith; short stop, Clyde Mounce; left field, Thomas Bailey; center field, Frank Simpson; right field, Bill Reeves; manager, Asper Gramam.

The rules committee has not decided on the exact procedure in allowing the men chosen to play. However, it is probable the first team will start any exhibition games played, and relief in the various positions will be decided upon by the team manager, Clyde Holloway.

Opening was open to any fan or over 15 years of age or over. Those of those people voting waited the final day, last Saturday, to turn in their ballots.

Presbyterians Plan  
Regular Services  
Regular Sunday services will be held both morning and evening at the First Presbyterian Church, directed by the new pastor, Rev. George MacDonald.

Services begin at 11 a. m. and evening services at 8 p. m.

Mrs. Boyett Writes of Voyage  
We haven't heard of very much sea sickness. Many passengers are taking dramamine, a new preventive, and evidently it works.

"They serve us three 'huge' meals, morning mullion and afternoon tea every day. I believe we are all 'growing' every day, too, as there is nothing to do except eat and sleep.

They had all kinds of church services Sunday. The Catholics at 7 and 8 a. m. Moormons at 10, and Episcopalian at 11. We chose the latter and were disappointed. Just as we thought we were ready for a sermon, we were dismissed. They had only the ritualistic part of the service. I suppose we don't have enough Protestants in the world to supply the ships with a minister."

Paris, France, July 12:  
Arrived in Cherbourg about 7:30 a. m. and on to Paris 3:30 p. m. Plan to stay here four days and everyone tired. Not much sleep the last night on boat. Several are only 22 in our party. Several didn't make it, for various reasons. Some of us are "overgrown."

Best wishes to all Willie Boyett.

DOUBLE DUTY? Rish Phillips and D. A. Davis examine an unusual plant grown in Phillips' garden. Note the small tomato-like growths near Davis' left hand, and the small potatoes at the lower portion of the plant. Similar unusual growths have been reported at various points in the Panhandle. According to the Amarillo Daily News, Alton Perry, Garvin County, Okla., agricultural agent, says the small tomato-like growths "may look like tomatoes, may even taste like 'em, but they're nothing in the world but potato seed." Perry says such botanical marvels are comparatively common in tropical countries, and that heavy rains may be responsible for the appearance of the seed in the Panhandle this year. Do you have a better explanation?

## By the Way

BY HELEN BLACK

(Editor's Note: Here's a new feature which we hope you will see regularly in The News. It's those little news items which are hard to expand into stories, and other little items about and around town. Occasionally, Mrs. Black may not be able to round up enough of the little interesting items to make up her column—but you're invited to tell her. Especially will be wanted humorous items, but not the kind which "make fun" of others.)

I saw Christa Carol Rodgers at church Sunday with her parents. Her leg was free of the heavy cast she has worn so long, but due to the stiffness of her knee, she is still unable to walk. Dr. Margo, of the McBride Clinic in Oklahoma City, was by to see her a few days ago and seemed optimistic over her condition. He thinks that now only time will help her regain the normal use of her leg. Her leg was broken when she was struck by a car on a downtown street last March.

Another youngster who has had a cumbersome cast to contend (Continued on back page)

## Cooke, Huggins Leave for Flight, African Hunt

McLean's representatives among the world travelers and African hunters, C. E. (Chuck) Cooke and A. B. (Bert) Huggins, left Amarillo Tuesday noon.

The two men will fly around the world, stopping off at Nairobi, Africa, for a 35-day hunt. The men hold licenses which will enable them to shoot anything they see from elephants to mice, with a limit on the number of the various kinds of animals they may kill.

The pair of hunters will arrive back in Amarillo September 26. The two around-the-world tickets were the first ever issued from the Amarillo T. W. A. office.

Mr. and Mrs. Ewan Sitter and Mrs. Cooke accompanied Cooke and Huggins to Amarillo to board the plane.

## Legion Names New Officers

Bill Cash was elected at a recent meeting of the Andrew H. Floyd post of the American Legion in McLean to serve as post commander during the coming year. Cash will succeed Floyd Guthrie as head of the Legionnaires.

New post adjutant chosen was Joe Gibson, who succeeds Jake Slaughter. W. C. Simpson was elected as finance officer, taking the place of Archie Farren.

## Funeral Rites Held Here for Mrs. Gullidge

Funeral services for Mrs. John T. Gullidge were held this morning at 8:45 o'clock at the First Presbyterian Church in McLean.

Rites were conducted by Rev. George MacDonald, local pastor, assisted by Rev. Karl Ernst of Dumas. Burial services will be held at the Rose Hill cemetery in Fort Worth at 6 o'clock this evening. The body will be carried overland by the Claborn-Womack Funeral Home.

Mrs. Gullidge has been making her home here for the past two years with her daughter, Mrs. F. H. Bourland. She died Tuesday afternoon at 2:10 o'clock at a Wellington hospital. A former resident of Fort Worth and Clarendon, she will be remembered by many as Mrs. George W. Medley.

## Tearing Down Of Surplus Gym Nears Finish

Tearing down of the surplus gymnasium at Pampa, materials from which are to be used in the construction of the municipal building here, is well underway, and should be completed this week.

The contractor, Lee Strickland of Pampa, is tearing down the huge building this week, and has already moved a considerable amount of the materials to McLean. For the present time, the wood, both the oak flooring and the dimensional lumber, is being stored in the Alderson building adjacent to the City Hall.

Taking of the next step toward the erection of the new building here will depend on when the plans and specifications are received from the architect, J. Roy Smith of Amarillo. Smith is now working on the plans, but will probably not deliver them for another week or more. He is drawing up the plans in such a manner that the oak flooring from the old building, and much of the dimensional lumber, can be used.

The new building will be constructed in such a way that it can double as an auditorium and a gym. Original plans were to sell the present City Hall building and construct new city and county offices, as well as a library room, onto the gym-auditorium structure. However, due to the drop in the price which could have been received for the present City Hall several months ago, the offices may not be attached to the new structure. It is believed that those people who so heavily favored the new building were voting for a new gym-auditorium rather than for a new city hall.

## Hicks Speaks To Lions Club

Rev. W. B. Hicks, Methodist pastor, was guest speaker at the regular meeting of the McLean Lions Club Tuesday noon, using as the theme of his talk, "Opportunity."

Rev. Hicks pointed out that more often the successful man makes his opportunities than opportunities make men. He stressed the opportunity all people have to be friends, to be cheerful, and to render service.

Miss Barbara Barrett, acting as Lions sweetheart in the absence of Marsalee Windom, called on an impromptu number from an "impromptu Lions quartet" of M. W. Standish, D. A. Davis, Lester Dysart, and Logan Cummings, who presented what might be termed an "unusual" rendition of an old song.

## TO CONFERENCE

The following young people from the First Presbyterian Church left Sunday for a week's conference at Ceta Glen: Marsalee Windom, Bonita Bailey, and La Wanda and Darlene Shadid. They were accompanied by Mr. and Mrs. W. W. Shadid, Bill and Pat, who returned Sunday night.

## Donley Board Changes Glenwood And Whitefish to Alanreed School

## Annual Derby Of Soap Boxes To Be Sunday

The annual Soap Box Derby will be held near Pampa Sunday afternoon on the old Miami highway about five miles from Pampa.

The derby, featuring boys racing in the soap box cars from Pampa, Borger, and McLean, is sponsored each year by the Culberson Chevrolet, the Pampa Lions Club, and the Pampa Daily News.

Only one boy, Joe Cooper, son of Mr. and Mrs. John W. Cooper, has entered this year from McLean. He is being sponsored by The McLean News.

Inspection of the racers is being held today. Inspection chairman is Dr. W. L. Wilder. Members of the inspection committee will be composed of members of the Lions Club, the Culberson company, and the Pampa paper.

A total of 38 boys have entered the derby this year. The races are held in heats, with two cars running in each heat. The bracket elimination system will be used in determining the various winners.

The winner of the race will get a free trip, being financed by the Pampa News. Numerous other prizes will be given to the boys, since many prizes have been donated by various merchants of Pampa.

## Baptist Camp Opens Monday

The Pan-Fork Baptist Encampment for boys, near Wellington, opens Monday, July 25.

The deadline for registering here is Saturday, although registrations may be made at the camp. A registration fee of \$5 covers the expenses of the camp. Those interested are asked to register at the office of the First Baptist Church, or see Amos Baker, the educational director.

## BIRTHDAYS

July 24—Mrs. Earnest Beck, Marilyn Hogan, Ernest McIlroy, Jimmy Jones

July 25—R. B. Shedrick

July 26—Jimmy Howard, Melba Jean Hanner, Clyde Logan Holman

July 27—Mrs. Paul Kennedy, Mrs. C. P. Callahan, Bob Black Jr., Howard Williams, C. E. Cooke, Max Billingslea, Mrs. Martha Snyder

July 28—Mrs. Hershel McCarty, Jessie Ellen Seay, Mabry McMahan, Mrs. M. J. Brewster

July 29—Tommy Reagor, Betty Kinard

July 30—Mrs. C. A. Myatt, Mrs. O. L. Tibbets, Nelda Mauree Fowler, Bill Shadid, Paris Jake Hese Jr., Robert Leroy Beay.

REV. E. P. AKIN of Guthrie, Okla., who will conduct a revival meeting at the McLean Church of the Nazarene beginning next Wednesday, July 27. Services will be held twice daily, Rev. L. M. Seay, pastor, said.

## 126 Countians Show Signs of Possible T. B.

A total of 160 films taken during the mass chest X-ray survey in Gray County recently are unsatisfactory or show signs of tuberculosis or other chest diseases, according to a report released Tuesday by Dr. Julian M. Key of Pampa, county health officer. The report was sent to Dr. Key by the State Health Department.

Of this number, 126 X-rays showed the presence of T. B. Some were suspicious tuberculosis, some were minimal tuberculosis, and others were moderately advanced tuberculosis. Only 19 of the more than 6,500 films taken in Gray County during the survey were unsatisfactory.

The county-wide chest X-raying was done under the auspices of the county medical and tuberculosis associations. In McLean, the portable unit of the State Health Department was set up for two days, but only 322 persons took advantage of the free service.

All residents who were X-rayed here and whose X-rays show no sign of disease will be notified to that effect. The family doctor of those persons whose X-rays show possible disease will be notified, and he in turn will notify the people concerned.

Events are only the shells of ideas; and often it is the fluent thought of the ages that is crystallized in a moment by the stroke of a pen or the point of a bygone.—E. H. Chapin.

## 922 Texans Struck by Polio This Year, Says Health Officer

With the alarming total of 922 Texans having been attacked by the dread disease poliomyelitis, 1949 bids fair to be the worst polio year the state has ever experienced, and health officials in every section of the state are exerting every effort to bring the disease under control.

Dr. Geo. W. Cox, state health officer, has re-iterated his appeal for every citizen to cooperate in a continuous clean-up program, ridding their premises of all rubbish and trash piles, and any such filth as will afford breeding places for flies and other disease-spreading insects.

"This polio situation will never be controlled without the observance of stringent basic sanitation measures," the state health officer declared. "The filth on 92 premises may cause the disease to attack your neighbor; and the same condition on his premises may cause polio in your home. This problem of controlling polio is one demanding the closest possible cooperation, and until a program of continuous cleaning up is instituted and stringently enforced, we shall continue to face the menace of polio in all sections of the state."

Dr. Cox emphasized to parents whose children are suffering from poliomyelitis, the comforting knowledge that about 60 per cent of all cases of recognized polio recover completely, and at least 25 to 30 per cent of recognized cases recover with only minor disabling paralysis.

"Only about 8 per cent of polio victims develop the deadly bulbar type, which affects the nerves at the base, or 'bulb' of the brain," Dr. Cox said. "Most patients suffering from bulbar polio die within a very short time. But it is a comforting thought that 92 per cent of polio patients never develop bulbar polio, and make a partial, or in many cases, complete recovery and are restored to health."

## New Decision Would Reduce Local District

In a reversal of the original decision, members of the Donley County school board met July 11 and changed the annexation of the Glenwood and Whitefish school districts from McLean to Alanreed, it has been learned here.

The Donley board members, in their July 6 meeting, had annexed the two districts—both of which are in Donley County—to McLean, and had informed local school officials of that annexation. But in the July 11 meeting, the change was made, local officials have been informed.

The annexation procedure of dormant school districts, such as Glenwood and Whitefish, is mandatory under the provisions of the new Gilmer-Aikin law, called the minimum foundation program. Deadline for annexing the districts, according to the Gilmer-Aikin law, was legally July 8, although the change made by the Donley board was effected July 11, according to reports given The News.

The Glenwood district is composed of 37 sections of land and the Whitefish district 60 sections. This will mean, if effective, a reduction in the new McLean Independent School District of a total of 87 sections of land, thereby reducing the district from the first-announced size of 326 square miles to 241 square miles.

Due to the fact that the July 11 meeting and decision of the Donley County board was made after the July 8 deadline annexation procedure, the probability of a contest on the decision looms. Such a contest procedure will probably mean that local officials may resort to court, although the exact procedure in such a case has not yet been worked out, it was reported to The News.

## Softball-- EXHIBITION GAME

The first and second all-star teams will play an exhibition game Friday night on the local field at 8 o'clock. Those named on the third team are urged to be present, and be ready to play as needed.

Attempts were made to match the all-star groups against an out-of-town team, but none was found for this Friday night.

A collection will be taken from spectators by the finance committee, Bob Shedrick and Johnnie Back, the money to be used in defraying expenses of the league.

Last Week's Games:  
Thursday, July 14: Methodists 15, M. and K. 11; Post Office 28, Red Caps 8.

Friday, July 15: (play-off of missed games): Baptist youth 13, Red Caps 5; Post Office 29, Alanreed 11.

Monday, July 18: Baptist adults 19, Lela 6; Holloway 18, Baptist youth 9.

Tuesday, July 19: Bluebirds 23, Warren 12; P. and G. 23, M. and K. 11.

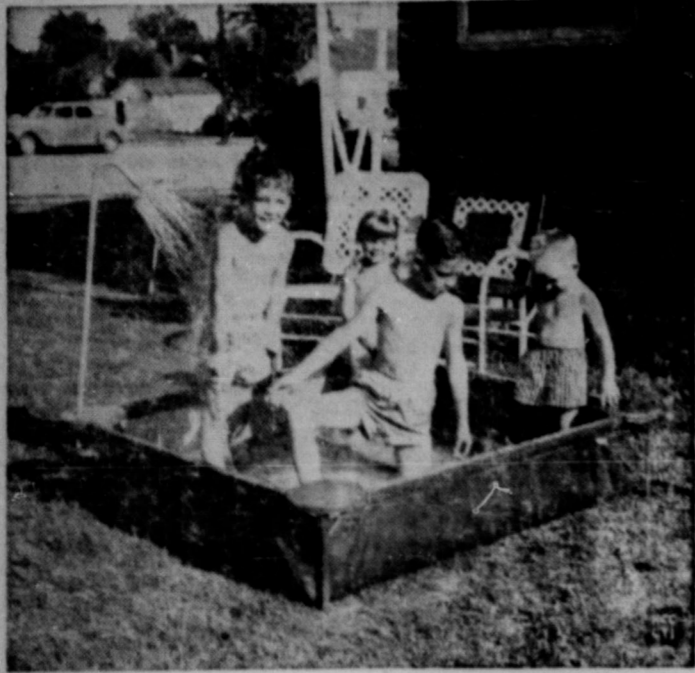

This Week's Games:  
Thursday, July 21: Alanreed vs. Red Caps; Methodists vs. Post Office.

Monday, July 25: Lela vs. Baptist youth; Baptist adults vs. Bluebirds.

Tuesday, July 26: Holloway vs. M. and K.; Warren vs. Red Caps.

Thursday, July 20: P. and G. vs. Post Office; Alanreed vs. Methodists.

The Standings:  
Team W L  
Holloway 8 9  
Methodists 6 1  
P. and G. 6 3  
Baptist Adults 6 2  
Post Office 5 3  
Alanreed 4 3

Summertime sends the kids to the old swimming hole for hours of splashing fun. Even in the city, youngsters can have their own backyard swimming holes in the form of canvas play pools. These young swimmers are tucked over their canvas play pool which is supported by a strong metal frame. It can be filled to any depth up to 12 inches, the National Lotton Council reports.

# Society

## Miss Gloria France Of Kansas City Honored at Party

Miss Gloria France of Kansas City, Mo., niece of Mr. and Mrs. H. E. Barrett, was honored with a swimming party recently. Hosts and hostesses for the occasion were Mr. and Mrs. Barrett and Mr. and Mrs. H. D. Butrum. After a swim, refreshments of ice cream, cake, and pop were served. Later the guests attended the movies.

Those attending were Mary Ruth Holloway, Norma Mercer, Marsalee Windom, LaWanda and Darlene Shaddid, Barbara Barrett, and Gloria France.

Jack Brooks, Kenneth Carter, Bob Bruner, John Dee Coleman, Ralph Littrell, Johnny Vineyard, L. M. Watson, Melvin Jimmie and Herbert Butrum, and the hosts and hostesses.

## Dale Johnston Honored at Party On 16th Birthday

Dale Johnston was honored recently with a surprise party on his 16th birthday. The hostesses were Mrs. Troy Corbin, Mrs. Fred Patterson, and Mrs. Bettye Wood. The party was in the form of a "kid" party, with all guests wearing kid clothes and playing kid games.

Refreshments of punch and cookies were served to Sue Young, Effie Lou Carpenter, Jo Ann Grigsby, Wanda Watkins, Betty Smallwood, Barbara and Virginia Beck, Audrey Young, Frances Collier, Betty Jo, Pat, Arda Lee, and Linda Patterson, Alice Ruth and Shirley Wood.

Edward Dwyer, Rodney Barker, Cliff Callahan, Bob McMahan, Alvin Blackshire, Jack Collier, J. N. Smith, Bill Evans, Ronnie Littrell, Brooks Hugg, Neil Price, Fred Patterson, Fred and Dale Johnston, Mr. and Mrs. Elton Johnston, and the hostesses.

Mr. and Mrs. Sam Churchill of Stinnett visited in the R. L. McDonald and W. J. Jones homes Friday and Saturday.

Mr. and Mrs. Chick Crisp and children of Shamrock visited Saturday with Mrs. Crisp's parents, Mr. and Mrs. T. E. Crisp.

See Boyd Meador for polio insurance.

## Nazarene WFMS Elects Officers For Coming Year

The W. F. M. S. of the Church of the Nazarene met in a short business session Sunday after church services and elected officers for the year.

Elected were Mrs. Elhei Spencer, president; Mrs. L. M. Seay, secretary-treasurer; and Miss Gussie Bledsoe, superintendent of study.

## Mission Study Held at Church By Baptist WMU

The Women's Missionary Union of the First Baptist Church held mission study in the church parlor Tuesday afternoon.

The study was led by Mrs. R. A. Young, who used the theme, "The Woman With an Hour—the Stewardship of Time."

Present were Mesdames Young, W. J. Jones, R. L. Appling, T. A. Langham, Homer Abbott, E. L. Minix, George Colebank, and Luther Petty.

Industrial day will be observed next week.

## NEWS FROM KELLEVILLE

The Baptist W. M. U. met Tuesday at the church for Royal Service. Those attending were Mesdames Jack Harris, Joe Harris, Jake Jones, B. R. Gray, Sue Sargent, and Ollie McPherson. The next meeting will be for mission study.

Mr. and Mrs. Norman Pulks and Davie are spending their vacation in various places in South Texas.

Mr. and Mrs. Edwin O. Owen and Gail are vacationing in Hutchinson, Kans., and New Mexico.

Mr. and Mrs. Joe Immel of Higgins visited in the home of their son, Elmer Immel, last week.

Mr. and Mrs. E. P. McDonald and sons visited in Higgins last week.

A pink and blue shower honoring Mrs. Harley Lawrence was given Monday afternoon in the home of Mrs. Joe Brown, with Mrs. H. A. Roles and Mrs. Otha Pool as hostesses. Ice cream and cake were served to Mesdames Steen, Bill Wilder, C. N. Pulks, N. Pulks, W. S. Marshall, Roy Horton, Lewis McDonald, Elmer Immel, J. B. Brown, M. E. Brown, Gene Nicholas, A. A. Nicholas, J. H. Jones, M. L. Johnson, and Price Lea. Gifts were sent by Mrs. Ollie McPherson and Mrs. Marion Fry.

Mr. and Mrs. Byron Holley and Ron are spending their vacation fishing in Colorado.

Archie Parren has bought the Holley home in Kellerville and will move in soon.

Mr. and Mrs. Albert Owen and family of Shamrock were guest over the week-end in the J. H. Jones home.

Mr. and Mrs. Mace Jones and family of Borger were Sunday visitors in the J. H. Jones home. Mrs. Leona Edney is visiting her sister at Olden, Mo.

Mrs. Corinne Trimble was in Oklahoma City Sunday and Monday on business.

Mr. and Mrs. Roland Dauer and children of White Deer spent Sunday in the home of Mr. Dauer's sister, Mrs. Horace Brooks.

**Pampa to Have Indians at Rodeo**

The Top of Texas Rodeo and Horse Show Association is giving this country back to the Indians during the annual Top of Texas Rodeo and Horse Show to be held in Pampa August 2-6.

Arrangements have been completed with the U. S. Indian Reservation offices at Anadarko, Okla., for the appearance of a group of Indians from the United States Reservations in this year's show. There will be three tribes represented in the delegation, Kiowas, Comanches, and Apaches. The oldest Indian, Frank Bosin, is a Kiowa and is 89 years old. George, Frank's son, is a descendant of Tohauhan (signer of the Medicine Lodge Treaty). George's wife, Beauty Aspermy, is a Comanche, a descendant of Chief Quanah Parker. The group of dancers will range in age from 9 to 90.

This group of dancers are nationally famous for their Indian war dances, and will dance at each night's performances in full costume and ceremony. The costumes of the Indian girls are buckskin and beads valued up to \$500, and are treasured very highly by them as it is almost impossible to obtain the materials to make these dresses.

**Butane Meet Is July 26-27**

It will be "back to school" for a group of local businessmen when they answer roll call at the opening session of a butane dealers training clinic at Amarillo on July 26 and 27 for a two-day session. Classes will be held in the Herring Hotel under the sponsorship and direction of the Texas Butane Dealers Association. The local group expected to attend the sessions includes Ted Glass and Arthur Dwyer of Consumers Supply.

The sessions are made possible by cooperation of the University of Texas with the Texas Butane Dealers Association, two top-flight educators of the University's division of extension having been assigned to conduct the classes. Sterling S. Speake, credit training specialist, and Lester W. Grainger, appliance sales training specialist, will each conduct a full day of classes. The courses are especially designed for butane dealers and their credit managers, salesmen, office personnel, and truck driver-salesmen.

**Amarillo Plans Market Show**

The fall and holiday Panhandle Market Show, sponsored by the Amarillo chamber of commerce, will be held at the Herring and Amarillo chamber of commerce. About 125 exhibitors representing approximately 400 firms will display merchandise featuring top lines of ladies' ready-to-wear and accessories, men's and boys' clothing and furnishings, infants' and children's wear, piece goods and fabrics, general dry goods, luggage and leather goods, housewares and school supplies, gifts, toys, holiday goods and allied lines.

The retailers of this area will have opportunity to select their fall and holiday purchases from the most complete display of merchandise ever exhibited in Amarillo.

Mrs. D. P. Carruth and children of Elsa are spending the summer in the home of Mrs. Carruth's parents, Mr. and Mrs. T. A. Landers, Mrs. Virgil Reator and son Tommy, and Mrs. Jimmy Don

Morris of Amarillo were visitors Thursday of last week in the Landers home. Mr. and Mrs. Lee Hill of Mayfield, Okla., visited Mrs. Hill's parents, Mr. and Mrs. J. C. Cooper, Saturday. The Coopers accompanied them home for a short visit.

**News About—SOCIAL SECURITY**

The month of July is one of the four months each year when social security tax returns must be filed by all employers in commerce and industry. These returns will report wages paid during April, May, and June. The tax return should be mailed to the Collector of Internal Revenue, Dallas, Texas, and not to the Amarillo Social Security office.

A social security tax return is not complete unless it shows the full name and social security account number of each employee. The employer can be sure of having this information if he will insist that each new employee show his social security card at the time he is hired. An employer having difficulty getting social security numbers for all his employees is invited to contact the Amarillo office and a representative will call on his next visit which will be Wednesday, July 27.

See Boyd Meador for polio insurance.

Raymond Gross was released last week from a Pampa hospital, where he had been a patient for three weeks.

Rev. and Mrs. W. B. Hicks visited relatives in Baird last week.

Mr. and Mrs. Sam Collins and Mrs. Felix Jones were visited last week in the home of Mrs. Collins' sister, Mrs. C. E. Corts.

**Light Where You Need It**

Good lighting in your home is important. It eliminates dark "danger" corners and unnecessary eye strain. Properly installed it can be had at moderate cost. Call 205 today to arrange for an estimate.

### WOE IS ME

(Editor's Note: The following editorial appeared in a recent issue of the Floyd County Hesperian, published at Floydada by Homer Steen. It is being reprinted here for our benefit, as well as for the benefit of members of the city council and school board. It isn't often we resort to reprinting an editorial from another paper, but this one seems to merit that recognition.)

ANY NEWSPAPER man, almost, who attempts to write editorial copy, which sets a "policy" of the periodical, ought to have some common sense person looking over his shoulder while he writes. Said common sense person would reach over and delete many a line which the editorial writer, in his ego, imagines is hot stuff.

Writer for the Hesperian is no exception. About every so often we, and others as well, we imagine, should write a paragraph of apology to the public, a paragraph asking pardon for sins of commission and omission as well.

A writer cannot help the figments of thought or imagination which float, or clank or tread through his mind. He is under compulsion to attempt something that is of value to the common welfare.

Oftentimes the words he puts on paper are unworthy, sometimes senile, occasionally high in protein content, as the cattle feeder would say of the feed he spreads before his livestock.

It is when the insipid things one writes appear in black and white, never to be erased or changed, that the editorial man wishes he had a good hole to crawl in and a cover to pull in after him. Occasionally the type lice and the gremlins work on his profundity, occasioning a blush of embarrassment.

Everybody ought to have to edit a newspaper one time a year, also be a city councilman two weeks every two years, and get caught on the school board once every six months. The editorial writer gets paid and cussed, the councilman gets anonymous letters, and the school board man learns a good lesson in how to make friends and influence people.

## Mealtime Marvels

### DINNER ON A CHOP DISH

A single dish can bring to the table a wide variety of foods for a delicious, nutrition-rich dinner. Prepare an easy-to-serve

#### Dinner on a Chop Dish

- 1 can luncheon meat
- 1/2 cup crushed pineapple or other fruit
- 1/2 cup fortified margarine
- 2 tablespoons sugar
- 2 tomatoes
- 6-8 carrots
- 1-2 cups canned or frozen lima beans

#### parsley

Set the oven control at a moderate position (325° to 375° F.) and start it heating. Prepare a baking dish by arranging the fruit, 2 tablespoons margarine, and 2 tablespoons sugar in the bottom. Place the canned luncheon loaf in the pan. Place in the oven. Prepare the carrots and beans. They may be cooked in the oven with the meat or on the surface. Add enough water to cover bottom of pan; add salt, and cook until tender. Season with margarine. Arrange the hot meat loaf and vegetables on a chop dish. Garnish with peeled sliced tomatoes and parsley.

For other nutritious and flavorful recipes, send today for your free copy of "Mealtime Marvels with Margarine," a new, two-color 32-page recipe booklet. Write National Cotton Council, Box 76, Memphis, Tenn.

## LES TALK BY LESTER

This column this week will be devoted to something which you may not think at all interesting. But I wish you would read it. The contents are not at all original, so it should be more intelligent than the stuff which usually appears here. So continue on and read it all—it's very educational.

The material for this column was handed me by Quentin Williams, district soil conservationist. He happened on it in another paper, and thought it well worth repeating in our paper. So do I.

A new book is out, called "Nutrition and the Soil," which I have not seen, probably never will see, and probably wouldn't read if I had the chance. But someone has taken the trouble to look it over, and here are some of the points in the book.

Dr. Jonathan Porman of Columbus, Ohio, a recognized medical authority, states in the introductory chapter—and proves his point rather well, if you care to get the book and read it—that there is a direct connection between human health and the content of the soil which furnishes the food

One Wife: "How do you get money out of your husband?"

Another Wife: "Oh, I say I'm going back to mother and he immediately hands me the fare."

We used to read fashion stories to see what was going on. Now we read them to see what's coming off.

Fun is like life insurance—the older you get the more it costs you.

The distance between some people's ears is one block.

Seriously, we like to have you visit our station. And we believe you will like the way Standard products perform in your car, and also the kind of work we do in washing and greasing. Give us a trial.

**Standard Service Station**  
ODELL MANTOOTH  
Owner

for human beings in any given locality.

The doctor goes thru a long list of minerals and shows that they are responsible for avoiding heart ailment, crooked teeth, ailments incident to pregnancy, tuberculosis, and many degenerative diseases.

The main body of the book, however, is written by Dr. Lionel James Picton of England, where advanced work on organic soil culture has been going on. A fungus called mycorrhiza is one of the most important of the organic agencies that produce good soil, good crops, and good food with the proper mineral constituents.

In this country, according to the writer of the book, we are in the very midst of a wholesale campaign to put strong mineral fertilizers, such as superphosphates, on the soil. These minerals, in their chemical form, usually produce a flash reaction in the way of stimulant, but in the long run some of them actually do harm by destroying earthworms and various valuable bacteria and fungi which are the real agencies in that great job of bringing the proper balance to the human body by way of the six inches of topsoil.

Dr. Picton cites the case of the Hunza tribe in northern India, living in a mountainous country that was originally inhospitable to agriculture. For some reason this tribe is far superior to the neighboring clans, and for generations it has followed the organic method of food production.

The story of this tribe reads almost like that of the mythical land of "Shangri-La," for the people are outstandingly healthy. They are happy, good-natured and intelligent. By careful research it was established by British doctors on the ground in India that the conspicuous difference is caused by the use of organic soil culture, which is the kind obtained by nature in what Dr. Picton calls "The Wheels of Life."

The argument of Dr. Porman fits in nicely with that of Dr. Picton. Minerals, indeed, are essential, but that doesn't neces-

sarily mean that you can get iron in your blood by eating nails, or get the proper proportion of calcium, nitrogen, phosphorus, potassium, carbon, and other valuable elements into the soil by putting dead chemicals on it. The complex structure of bacterial and other organic life must be created and correlated in the ways originally ordained by nature.

Such was the general nature of the article handed me by Quentin. Since I am a soil conservation enthusiast, although I actually know little about it, I felt that the article was worth running. Apparently the general idea is that worn-out soil simply does not produce as healthful food as does good fresh soil that nature has taken care of during the years—by one means or another, and usually by a means of conservation by a man or men.

Quentin Williams, in case you have not met him, is probably more interested in his work than anyone I have ever met. One day I went out to a place near town with him and walked around where he had planted some grasses in an attempt to rejuvenate the plot of ground. Every once in a while, he would see a tiny sprig of green, which I would have overlooked, and tell me what it was. Before we got back to town, we had stopped at three or four different patches of grass land, just to look at tiny sprigs of this or that.

Quentin, one of the better-educated men in Gray County, believes that the future of the country, not just Gray County, lies in conserving the soil in such a manner that it will continue to produce as well as it is now—and in building up the fertility of the land so that it will some day produce as great a yield as it did when our forefathers first broke the land.

The late Foreman Stubbs, a great soil conservationist, once told me that the land he was farming then (last fall) produced a bale of cotton or more to the acre when he first came to this country. Now it is very lucky to make

a fourth bale. Quentin Williams believes, Mr. Stubbs did also believe his death, that proper treatment of the soil around here during future years can restore that fertility to what it once was before it was worn out. I agree with them, too, although I will have to leave it up to Quentin to say what should be done.

Mr. and Mrs. H. C. Grisham and son left Friday for Littleton to make their home. Grisham is employed by the Southwest Public Service company and has been transferred to that place. Mrs. Lady M. Bryant visits relatives in Muleshoe from Wednesday until Sunday.

**Hookworm Disease Is Common Where Dirt Is Contacted**

Hookworm disease is found frequently in those communities where sanitary toilet facilities are inadequate, and where infected human excreta is permitted to contaminate the soil. Persons who come in contact with that soil, either by going barefooted or by handling the dirt, contract hookworm disease when the hookworms from such soil bore through their skin and make their way to the human intestine.

"The main characteristics of hookworm disease," says Dr. Geo. W. Cox, state health officer, "are listlessness and apparent laziness, and many a child and adult has been called lazy, when in reality he was suffering from hookworm disease. Sometimes there is abdominal pain, nausea, and diarrhea, but this is unusual."

Inability to perform efficient work, and general weakness of the patient make this disease not only a public health but an economic problem, and it can be eliminated only by carefully following two steps: first, providing sanitary disposal for human wastes, and by treating until cured, all infected persons. When the infected persons are cured, and can no longer transmit the worms to others, and when safe sewage disposal is at the command of all homes and com-

This summer milady will go gowned in filmy, transparent sheers. She'll breeze through the hot, sticky days in one cool dress after another. Luck is sure with her cause there's a gal-axy of wonderfully cool fabrics to be had this season. The three-starred feature is rayon chiffon, but nylon, organdy, dotted Swiss, Lemberg and voile are all popular. The return of sheers is making that old underdog, the common slip, sit up and take notice. It must be ever so pretty and fresh 'cause there's no telling when it will be seen.

A perfect slip under sheer materials is rayon taffeta, for it has body and offsets the tendency of sheers to cling. Of course, now you can buy nylon slips that need no ironing. All you do after a sweetering day's wear is dip them up and down in sudsy water, rinse, hang them to dry and they're ready to wear next morning. Both fabrics will dye easily—but be sure to use an all purpose dye that works on every fabric—even synthetics. Follow the directions accurately—and remember that dyeing is preferable to tinting for you'll be washing that slip frequently. Remember, too, that colors appear darker when wet.

**PERSONALS**

Visitors in the Victor Cliett home last week-end were Mr. and Mrs. Quinn Cliett and family of Whitney. LeVerne Cliett remained for several weeks' visit.

Attending the Price Rogers funeral in Amarillo Thursday were Mr. and Mrs. K. S. Rippey, Mr. and Mrs. Ciell Windom, Mrs. H. N. Barrett, Mrs. Nida Green, Mr. and Mrs. D. L. Miller and Bill Bailey of the Heald community, and P. L. Ledgerwood and Lloyd Hinton of McLean.

Mrs. H. L. Chase was called to Texhoma, Okla., last week, due to the critical illness of her father, J. H. Bradley.

Mrs. Nellie Roach of Shamrock is visiting friends in McLean this week.

Miss Hazel Dyer of El Centro, Calif., is spending a two-weeks' vacation with her parents, Mr. and Mrs. S. J. Dyer. Other visitors in the Dyer home over the week-end were Mr. and Mrs. Charles Dyer and children of Levelland and Cecil Dyer of Lubbock. Jimmy Dyer, who has been visiting here for several weeks, returned to Lubbock with his father.

See Boyd Meador for polio insurance.

Mr. and Mrs. J. Lester Dysart and Mr. and Mrs. Lester Campbell were Saturday and Sunday visitors in Raton, N. M.

Mr. and Mrs. Homer Abbott visited Sunday in the home of their daughter, Mrs. John Bayless in Borger.

Mr. and Mrs. E. L. Adams of Childress visited Sunday in the home of Mrs. Adams' sister, Mrs. W. C. Meharg.

Mr. and Mrs. Denley Hall and children of San Antonio are visiting this week in the homes of Everett Hall and Oscar Day.

Use Your Credit at Shedrick Jewelry

Guests of Mr. and Mrs. Boyd Meador Tuesday were Roy B. Smith and G. E. Smith of Marlin, Mr. and Mrs. J. Emery Smith and Mr. and Mrs. George Weems, all of Wheeler.

munities, then hookworm disease need no longer cost the people of Texas the tremendous sum that it now does, annually, both in money and sickness.

Dr. Cox stated that the treatment of hookworm disease should be done by a competent physician and not by self-medication. Full information for building sanitary privies may be had upon request, from the Texas State Department of Health, Austin.

**2% IS A SMALL FIGURE**

We were looking over our list of stockholders the other day and discovered something we thought you'd like to know. The largest holder of Southwestern Public Service stock owns less than 2% of the total shares!

To us it is reassuring that so many folks have invested their money to help us progress with the area we serve. It means also that ownership of Public Service is vested in thousands of folks right around here... teachers, ranchers, small businessmen, churches.

In other words, your Public Service Company belongs to the Panhandle-Plains-Pecos Valley. Somehow, that's the way things work best... free enterprise and sound business management... together... for a better way of life.

## By the Way—

(Continued from page 1)

with is Billy Heasley, son of Mr. and Mrs. Reo Heasley. Almost three months ago he suffered a broken elbow while playing at school. The cast has been removed, but he can't straighten his arm. Mrs. Heasley and Billy were in Amarillo this week to see a bone specialist again. They have his assurance that in time Billy will suffer no after-effects.

Frank Pressler, former resident of McLean, was in the office Saturday from Shreveport, La., and informed us that he had sold his home here to Gerald Patterson. Patterson, who was formerly in the dairy business near Groom, plans to make his home in McLean.

Last Friday I talked with Vera Powers and learned that she and Roger, accompanied by her sisters, Una Faye and Imogene Cummings of Dallas, were leaving Saturday for Tres Ritos, N. M., on a fishing trip. Vera said that she didn't know of anything that would help Roger get his mind off of his wired-up jaw like going fishin'. Roger's jaw, you remember, was broken when he accidentally came in contact with a flying softball at a game recently.

Mr. and Mrs. Tommy Hulse of Memphis were in McLean Wednesday looking for an apartment. In case you don't know, they are our new teachers in home economics and science. If you have an apartment to rent they would appreciate knowing about it.

## Area Receives .40-Inch Rain

The McLean area received another .40 of an inch in moisture during the past week, according to a report from Pete Fulbright, local weather observer. The additional moisture ran the total for the year to 18.93 inches.

First of the showers came Thursday afternoon when .25 of an inch fell. Another .15 of an inch fell early Friday morning.

Several other areas in the Panhandle received heavy downfalls. Dumas reported a downpour both Thursday and Friday nights. Pampa received a small amount of hail damage Friday night.

Guests of Mrs. Eva Rogers and Mrs. Clell Windom over the weekend were Mrs. Bartow Landers of Tygh Valley, Ore., Temple and Howard Rogers of Amarillo, Mr. and Mrs. L. L. Rogers and son Bruce, and Forrest Rogers, all of Los Angeles. Mr. and Mrs. L. L. Rogers and Mrs. Landers remained for a longer visit.

Mrs. Spencer Sitter underwent an emergency appendectomy in St. Anthony's hospital in Amarillo Sunday.

Clyde Magee and daughter Donna Ruth are in Baton Rouge, La., for a ten-day visit with relatives.

E. E. Bowers of Captain, N. M., is visiting his sister, Mrs. J. B. Pettit.

Mr. and Mrs. John Mertel were in Amarillo Thursday on business.

## 'Hopper Poison Station to Be Open Friday Afternoon

The grasshopper poison mixing station at the county barn will be open Friday afternoon from 2 to 5 o'clock. County Agent Ralph Thomas said this week.

All farmers who want the poison mixture are requested to bring their own sacks, and do their own mixing, the county agent said. The mixture consists of sawdust, bran, and poison.

No charge is made for the poison mixture, since it is furnished by the government, Thomas said.

## Alanreed to Be Host to Youth

The McLean Methodist Church was the place of meeting last Saturday evening for the third of the series of youth rallies planned for the summer. About 75 young people attended, including visitors from Alanreed, Shamrock, and Kellerville.

The main speaker for the evening was Glenn Roenfeldt of Pampa, with special music by Walter Bals of Shamrock.

The next meeting will be held in the Baptist Church at Alanreed Saturday evening, July 23. Plans are being made to show a colored film, "King of Kings," depicting the life of Christ. A cordial invitation to attend is extended to the young people of all churches, it was emphasized.

## Youth Attending 5-Day Encampment

A group of young people from the Church of Christ, accompanied by Mrs. Cleo Heasley, are attending a five-day encampment at Lake McClellan this week.

They are Irma Pulbright, Clea Sue Heasley, Dorothea Beck, Doris Richardson, Fionell Crockett, Dixie Wardlaw, and Betty King.

Mrs. C. S. Rice and Mrs. Ruby Haynes went to Amarillo Wednesday to visit their son and brother, H. V. (Pete) Rice of Midland, who was brought to the Veterans Hospital Tuesday.

Mr. and Mrs. Bonnie Litchfield and children, Jerry and Barbara Lee, of Bell Gardens, Calif., are visiting relatives and friends in McLean.

Mrs. Herschel Smith underwent an operation at Worley hospital in Pampa Tuesday.

Week-end guests in the home of Mr. and Mrs. J. H. Jenkins were Mr. and Mrs. J. T. Smith and children of Casper, Wyo.

Mr. and Mrs. J. E. Jenkins and children expect to leave the last of the week on a two-weeks' vacation trip to points in Mississippi.

Vacationing in Tres Ritos, N. M., this week are Mr. and Mrs. Carl Jones and Mr. and Mrs. Bob Thomas.

Mr. and Mrs. Charles E. Cooke and Mr. and Mrs. D. C. Carpenter were in Plainview Sunday visiting in the home of Mr. and Mrs. James E. Cooke.

Charles Wilson arrived Sunday from Port Worth for a visit in the home of his nephew, W. W. Boyd.

Mr. and Mrs. Joe Cooke and daughters, Cooky and Cathy, of Borger, and W. T. Cooke and daughter Carol of Lubbock were guests Monday night in the C. E. Cooke home.

Mr. and Mrs. J. S. Morse have as their guests this week their granddaughter and great-grandson, Mrs. Jim Robberson and Dickie, of Oklahoma City.

Mr. and Mrs. C. J. Cash and Mr. and Mrs. Bill Cash and son visited in the home of Allison Cash in Amarillo last week.

Mr. and Mrs. Johnny Taylor are the parents of a son born Monday, July 18, at the Groom hospital. He weighed 5 pounds and 13 ounces and has been named James Deibert.

Word has been received here of the birth of a son to Mr. and Mrs. C. C. McDonald at a Miners' Wells hospital July 19. The mother will be remembered as Miss Peggy Ledbetter.

## McLean Nine Downs Goldston By 11-8 Score

The McLean baseball team racked up its fourth victory in Caprock League play Sunday afternoon when Goldston was defeated on the local diamond 11 to 8.

The victory gave McLean a tie with St. Francis for fifth place in the league.

The local line raced for seven runs in the first two innings, and got four more in the eighth. Aaron Striker pitched for the McLean team, and Jerry Hamilton caught. Pitching for the losers was Edgar Lee Reynolds, and catching was Junior Spear.

In other Caprock games, Panhandle blasted Claude 23-4; Hedley edged St. Francis 4-2; and Washburn barely nosed out Groom 8-7.

Next Sunday afternoon, the McLean nine will play St. Francis there.

**The Standings:**

Team	W	L
Washburn	10	1
Panhandle	8	2
Hedley	8	3
Groom	6	5
McLean	4	6
St. Francis	4	6
Claude	1	9
Goldston	1	10

Mr. and Mrs. R. L. Carter and son of Borger spent the week-end with Mr. and Mrs. W. G. Carter.

Mrs. Bob Sheddick and daughter spent last week in Amarillo in the home of Mrs. Sheddick's mother, Mrs. Jess Maddox.

Mr. and Mrs. Frank Howard and sons and daughter, Mrs. Paul Miller, spent the week-end with Mrs. Howard's parents, Mr. and Mrs. J. B. Harris, in Mangum, Okla., and with Mrs. Healy McClung in Granite, Okla.

Mr. and Mrs. Earl Stubblefield and family are on vacation in Mountainair, N. M.

Neil Shull made a business trip to Shamrock Tuesday.

Mr. and Mrs. W. E. Bogan visited Mr. and Mrs. Creed Bogan and daughter of Borger Sunday.

Rev. and Mrs. H. A. Longino were in McLean for a short time Tuesday, en route from Monday to their home in Higgins.

Mrs. Bill Day and Karen are visiting Mrs. Day's parents in Wellington this week.

Mr. and Mrs. Bill Pearson and children, accompanied by Mrs. Pearson's mother and sister, Mrs. D. F. Burgess and Miss Dosh Kelley, spent from Wednesday until Sunday in northeast Texas.

Mrs. W. L. Copeland and son Jerry Dan were in Pampa Sunday receiving medical treatment.  
 Miss Jewell Cousins is home for the remainder of the summer after completing six weeks of teaching in Phillips College at Borger.

Mrs. S. C. Hunt was in Vinita, Okla., for the week-end.
