Amarillo Writer Ranks Tigers as Possible Darkhorse

The McLean Tiger grid team was not rated as one of the top 15 teams in the Panhandle and South Plains by Frank A. Godsoe Jr., Amarillo News sports writer, but the local team was chosen as one of the possible

The ratings were Godsoe's first of the year. He sees many of the teams during their early practice sessions, and covers as many games as possible during the season. In addition to ratthe teams, Godsoe names the boy who receives the "Player of the Week" award from the Amarillo Globe-News.

Here's the way he stacked the teams in his first ratings: 1. Dalhart Wolves; 2. Memphis Cyclone; 3. Lockney Longhorns; 4. Phillips Blackhawks; 5. Littlefield Wildcats: 6. Muleshoe Mules; 7. Sudan Hornets; 8. Levelland Lobos: 9. Hereford Whitefaces: 10. Wellington Skyrockets; 11. Shamrock Irish; 12. Abernathy Antelopes and Spur Bulldogs: 13. Slaten Bulldogs: 14. Tulia Hornets; and 15. Perryton Rangers. Rated as darkhorse teams were the Lefors Pirates, Floydada Whirlwinds, Post Antelopes, Clarendon Brones, McLean Tigers, Crosbyton Chiefs, and Morton Indians.

yards. Vineyard carried three times for 10 yards, Charles Bailey once for two yards, and Benny Cooper once for five yards.

The passing combination of Watson to Bailey proved effective on two occasions. Watson's pass to Bruner was also good, but Bruner's fumble after taking possession of the ball was recovered by Roger Reagan of Canadian.

J. Farnsworth of Canadian proved to be the hard runner for the Wildcats. He carried 16 times for a total of 65 yards, Bob Pry. who was slated to be one of the threats to watch, carried five times, lost yards four of those times, and showed no gain the other times. His net loss was 15 yards. Reagan carried eight times for 33 yards. B. Hernandez, who operated as the man under for Coach Larry Sanders, did all the passing, 24 times, but was able to complete only 7 of those tosses.

tive jobs than ever before, motor vehicle travel sets new record! This notive industry by the Automobile Manufacturers Association

DETROIT-In the first six months of 1949, the automotive industry produced nearly 3,000,000 new cars, almost as many units as were turned out in the full year of 1946. A steady increase has been the industry surmounted its war reconversion problems. A 55% gain in production was made d since the industry gain was registered in 1948 over the preceding year. The half year of 1949 is up hrst six months of 1948.

in the first six months of 1948.

This means one out of every seven job in the nation earns has wages in the highway transportation industry. These jobs cover manufacturing, lding, sales and service, trucking and miscellaneous work.

Main street is dotted with more businesses keyed to highway transportation, and over 90% of them are small merprises, employing less than 20 employes each. Business accounts for 56% of all car trips; social and recreased driving is 16% of the total, shopping 12% and other purposes 16%. Rural travel climbed from 169 billion in 1941 to 197 billion in 1948. Urban travel increased from 163 billion miles in 1941 to 203 billion in 1948. Governmental agencies are collecting an all-time high in automotive dollars. Special taxes alone now exceed mally, with motor trucks accounting for more than a third of the total. One of the largest tar the federal excise levy on new motor vehicles. First invoked as a "temporary emergency measure" in 1932, wen increased twice since, instead of being repealed.

Cooke-

(Continued from page 1) and the third day out Franklin became sick with malaria. His fever rose to 105 degrees, and we were afraid to try to carry him back the 180 miles to Nairobi. One of the white guides suggested

we take him to a native village about 24 miles away, where there

was one of the native witch doctors, but we decided to wait 30

STANDING ROOM ONLY

IT IS THE BELIEF of The News that the city council The grass still isn't doing any made a wise decision in selecting the site for the con- good. struction of the new auditorium-gymnasium, providing, of course, there are no legal difficulties in building the structure on the City Park land.

It is also our belief that it would be wise to enlarge the interior of the building, so that it would accommodate Holloway. It's the one Skeet more people at the various activities. The structure is be- Cope and will run when it is com ing built to be used for at least the next 25 years, and pleted. it certainly should be constructed with that in mind.

Perhaps it should be explained that the city is going Priday, there was plenty of acto run short of funds before the building is completed. If the contract is definitely awarded to the Pampa man who was the low bidder, all the \$50,000 realized from the sale of the bonds will be used in just the construction of school makes a big difference in the building. Some other method for the construction business, a big difference. For might be worked out which would be less expensive, but some reason, people even eat even so all the money will be needed.

The city has already spent a portion of that money. Part of it was used in tearing down and moving to Mc-Lean the surplus gym at Pampa which the school board bought last year. That required about \$3,000. Then additional money was spent in working out a means whereby atmosphere was a bit chilly. We the city could use the materials, which, of course, were don't appreciate-maybe I should bought in the school's name. So part of that \$50,000 has say we don't express that apalready been spent.

Some arrangements for equipping the building with as we should. They work hard bleachers is going to have to be worked out. It isn't likely when that fire siren blows. that the city will have sufficient funds to do this part of ruin clothes, and the small comthe financing. So someone is going to have to come up with a fund-raising idea, or ideas, or else there will likely of the damage to clothing-not be no seats.

What we mean is this: If you have some idea in the they put in. I think it would be back of your head whereby bleachers can be obtained, or a good idea if we got together whereby the money can be raised to get them, let it some time and gave the depart be known. Everybody's help will be needed. The building ment a testimonial banquet. Of simply will have to have seats.

Spectators at the Stokes home Sunday. So, you see, our public libraryespecially with the help of the efficient librarian-is very helpful in many ways. Mrs. Bryant is most obliging in any similar case. Just give her a trial and you'll see what I mean.

This summer I was in need of nelp when my blue grass began dying. Without even being asked, Mrs. Bryant wrote to Texas A. and M. for information along these lines. The college sent it right out. Unfortunately, the college did not have any material about how to keep the grass living-just how to plant it, etc.

Didn't mention it last week but that new service station building on the highway is being constructed by Ruel Smith and T. N.

With the first day of school last tivity. Most I've seen in town in some time-at least the most since school ended last spring.

Had the pleasure of attending the annual fire department picnic last Thursday night. Was a most enjoyable event, even though the preciation—the fire boys as much pensation they receive per fire usually isn't enough to take care even counting the time and work course, that wouldn't pay them for the work they do free of charge, but it would show them we appreciate what they do. J. A. Meador prepared the fried

chicken for the picnic. He was accused of saving all the good pieces back in his cafe meals for the past two weeks, giving his customers only backs, necks, and wings. Judging from the excellent pieces I got-and I did say pieces, not just one piece-I'm inclined to believe that he either did what he was accused of, or else those chickens didn't have

any backs, wings, or necks. Anyhow, it was a good picnic. Thanks for the invite, Chief Boyd Meador and Assistant Leo Gibson

I've very little comment to make concerning that first football game. The boys looked much, much better than they have been looking in practice. Liked the way L. M. Watson and Bob Bruner did their running. Liked the way Johnny Vineyard blocked. Liked the way Charles Bailey caught those two

Then, too, I liked even better the work of the line. I really hadn't expected that line to hold as well as it did. But the line held good throughout the game, except for that last quarter surge when the Wildcats got down to

News About-

Q. Does an employer need a ocial security number?

A. Yes. Actually, it is termed identification number" rather than social security number."

Q. Does an employer report his wn earnings along with the wages of his emplyoees?

A. Only if his business is incorporated. Q. Would the partners I na

pusiness report their drawings or A. No. They are considered self-employed, the same as an in-

dividual owner. Q. Why does an employer in an incorporated business report his salary, while partners or individuals do not?

A. In the yes of the law, everyone, including salaried officers of a corporation are considered to be working for the corporation rather than being self-employed. Q. Then why does an employer need an "identification number"? A. Since many burinesses have the same trade name, this number s used to identify their quarterly tax returns to the ecollector of

internal revenue. For further information, contact the Amarillo social security office, and, if desired, a representative

The seashore offers all sorts of colorful scenery for summer vacationers. Here is one of the more in teresting views — a beautiful girl wearing a gay beach costume made, believe it or not, of cotton feed and flour bags. The National Cotton Council says that cotton flour bags provided the fabric for the swim suft, while feed bags supplied the striped beach coat and sash.

SOPHISTICATED COTTON

Organdy has taken its place again ticated evening fashions, according to the National Cotton Council. The 1949 Maid of Cotton, Sue Howell, of Bakersfield, Calif., selected this delicate organdy formal by McCall for her famous cotton wardrobe. The fabric is a delicate shadow or gandy by Fisha in angel blue.

T-SHIRT STYLE

cotton T-shirt with a little Red Riding Hood effect. With the T-shirt, designed by Gantner, she wears cotton shorts a shade darker.

Davie Burch left Monday

Way-

BY HELEN BLACK

A number of McLean folks headed for California and Colorado on vacation trips, but Vera and Bob Thomas took off for the hills of Arkansas. They visited the old home of Bob Burns in Van Buren and toured the mountain country around Sallisaw where "Pretty Boy" Floyd had numerous hide-outs in his notorious days. They were so impressed with the beauty of the country that they bought a farm near Danville.

Jimmy Don Anders, young son of Mr. and Mrs. John Anders, is slowly recovering from pneumonia contracted after he drank gasoline while playing at his home last Saturday. He picked up a hose being used to syphon gasoline from a car, and had taken quite an amount before found. He has been very sick, and was to return from a Shamrock hospital Wednesday.

Margaret and C. O. Greene, former residents of McLean, were in town Sunday and Monday from Clovis, N. M. C. O. is now district manager of the S. W. Public Service company and is president of the New Mexico Highway 70 association.

Mrs. Mary Sligar of Canyon visited her daughter, Mrs. Anadel Bean and family, during the Labor Day holidays. Mrs. Sligar taught in our schools for a number of years. After she left here she became an instructor in primary education at W. T. S. C. at Canyon. She has a leave of absence from the college for a year and plans to leave soon to begin work on her doctor's degree at the University of Maryland.

Mr. and Mrs. Olen Davis. ac companied by their son Kenneth of Borger, returned Sunday from Boston, Mass., where they visited Sue and Ted Simmons. They made the trip to Boston via the long route and did some sight-seeing in Washington and New York. From Massachusetta they went into New Hampshire and on to spend one day at the noted resort. Old Orchard Beach, on the

Jan, Bob Black to Attend Retreat

Jan and Bob Black, McLean, are to attend a three-day officers' retreat at McMurry College, Abilene, beginning September 10. The retreat is sponsored by the student council or religious activities of which they are members as officers of the McMurry Christian Foundation.

The retreat will begin at noon, with planning sessions held that afternoon and evening. Delegates will attend church and worship services Sunday and are to be an official welcoming committee for new students arriving during the week.

Included in the business plans will be a unified action program for religious emphasis week, deputation and mission tours, and spiritual and social projects for the 1949-50 school year. Officers of the Christian Foundation, Ministerial Forum, and life service Volunteers are to attend.

GLORIA TUCKER FRANK COMPLETES TRAINING

Mrs. Lucille Gaines and her daughter Frankie have returned small, the quick runner nearly from Houston, where they attended the graduation exercises of their Bill Kelly and Dwaine Walker daughter and sister, Gioria Tucker are two more back prospects Frank, from the nurses training Coach Criswell has out. school at the Memorial Hospital. Gloria was chosen second beauty in her graduating class. She will be remembered in McLean as the Crowell, Bowle, and Crosbyton, and former Gloria Tucker. She has accepted a position in the new Herman Hospital in Houston.

Frankie Tucker had been in Houston since June, visiting with etition. relatives and friends. She ac companied her father and sister, Gloria, and other relatives on a vacation trip to Mexico City and Luncheon Is Held to Acapulco, Mex., on the Pacific Coast. During a deep-sea fishing trip, Frankie caught and reeled in a sail fish weighing 110 pounds, and her sister caught a sail fish Tuesday for an all-day meeting weighing 100 pounds.

man, Darrel Jensen, and one up from the B squad, Glen Wilson, at tackles; two lettermen, Dale Doak and Neil Witherspoon, at the guards; and a two-year letterman, Charles Gresham, at center. Coach Criswell has considerable depth in reserves at each position.

In the backfield, Hereford has Bill Engman, letterman fullback, although he has been working out at end some. Jack Stanton, last year's quarterback, is better than ever, and Pat Corbett, up from the B squad, is showing up well. Jack Reynolds, who lettered two years at guard, has been switched to the backfield. Duane Christian, a brother of the famous "Cricket" Christian who played for McLean several years ago, is likely to give the Tigers the most trouble, for last year, though got away on several occasions.

V. D. Control To Be Taught

A statewide educational campaign for the control of venereal dseases, which will be carried out throughout the summer and possibly into the fall, has been announced by Dr. Geo. W. Cox. state health officer, who states that the public will be reached by means of radio, newspapers, movies, and lectures by health authorities.

"While it is true that great dvances have been made recently in the control of these diseases, nevertheless a lack of full information on the part of the public has hindered the complete success of the program," Dr. Cox said.

"There has been a decline in the incidence of new cases reported, in infant and adult mortality rates, and in admissions to mental institutions due to syphilis, since 1938 when intensive measures for the control of venereal diseases were initiated. But this decline has not been great enough." Dr .Cox added, "and this s partly attributable to a lack of occurate information and the general apathy concerning venereal diseases which followed the termination of the war.

"The spread of many completely false ideas about these diseases and their treatment has also led to a feeling of complacency, and the belief that a patient can diagnose his own case, and treat it with self medication. This is a particularly dangerous untruth; only a competent doctor can diagnose and treat venereal diseases, and it is the purpose of this educational campaign to fully inform the public of the actual dangers of venereal dis-Sept. 14-C.
