Tigers vs. Rangers at Perryton Friday

The improving McLean Tigers will pay a visit to the Perryton town of Perryton Friday night to meet the Perryton Rangers in a non-conference game.

There will be no chartered busses to carry fans to the Perryton game. Earlier in the week it was planned to charter a bus for that purpose, but the Perryton fans plan to take private cars so that they could not go, and for that reason the bus was cancelled.

It was not thought feasible to charter one of the school buses, as they necessarily have to travel slowly, to the game, and they do not include taking the band and pep squad in the trip.

The Tigers will go into the game as slight favorites, having defeated the undefeated Clarendon Rangers last week. The Rangers previously beaten the Perryton Tigers in a game marked by fumbles by the Rangers.

The three-time losers of Perryton, however, are steadily improving and will be out for their share of the season Friday night. They have lost three games and tied last week with the 36-pointers 6 to 6.

The McLean aggregation will be in good shape for the game in good shape. There are no practice games this week, or unforeseen ones. No serious injuries were sustained in the Clarendon game. McPherson, who has been in trouble with his back the last two weeks, has improved.

School's Suit May Be Tried At Clarendon

The suit of the McLean Independent School District against the Donley County school board, the Alanreed Independent School District, and others, may not be tried in Gray County or even in the 31st district court, according to a story in a recent issue of the Pampa Daily News.

Attorneys for the Donley County school board have filed a petition seeking a plea of privilege to have the case moved to Clarendon, county seat of Donley County. No date has been set by Judge Lewis M. Goodrich for hearing on the plea.

Since the case is a civil suit, the defendant has the right to file a plea of privilege, and the court has the authority to grant it, on justifiable grounds, before a jury is impaneled or examined.

The suit was filed by the McLean district when the Donley board changed the common school districts of Glenwood and Whitefish from McLean to Alanreed. The two districts were annexed to McLean when the Donley board met July 6. However, after the legal July 8 deadline for annexing dormant districts, the Donley board changed its mind and annexed the two districts on July 11 to the Alanreed district.

Dalhart Wolves Take Top Place In Godsoe Ratings

The Dalhart Wolves have been rated as the No. 1 team in the Panhandle and South Plains in this week's rankings by Frank A. Godsoe Jr., Amarillo News sports writer.

The Wolves were tied for first place last week with the Phillips Blackhawks. The Memphis Cyclone, rated first for two weeks and third last week, has been dropped to ninth place.

The top 15 teams are as follows: 1. Dalhart Wolves; 2. Phillips Blackhawks; 3. Littlefield Wildcats; 4. Hereford Whitefaces; 5. Lefors Pirates; 6. Floydada Whirlwind; 7. Abernathy Antelopes; 8. Lockney Longhorns; 9. Memphis Cyclone; 10. Canyon Eagles; 11. Shamrock Irish; 12. Wellington Skyrockets; 13. Levelland Lobos; 14. Spur Bulldogs; 15. Dumas Demons.

Frozen Food Demonstration Next Tuesday

A free demonstration of the proper methods of preparing frozen foods for meals will be given next Tuesday afternoon at 2:30 o'clock in the American Legion Hall. The demonstration is being sponsored by the local International Harvester dealer, Andrews and Johnson Equipment company.

Mrs. Emma Thornton, well-known authority, will show "how simple it is to freeze foods," as well as how these foods should be prepared for the table, the local dealer said.

"You'll really be missing something if you don't attend this big free frozen food demonstration. See this well-known economist show how easy it is to freeze foods at home... how to make meal planning quick and preparation a pleasure. Remember, freezing is three times easier than other methods of food preservation," the I-H dealer said.

Andrews and Johnson plan to give a 10 per cent discount on refrigerators and home freezers to all persons attending the demonstration. It was announced. The discount will be allowed any time during the remainder of next week.

Amarillo Fair Exhibits Win

Several area residents were awarded prizes for their exhibit at the Tri-State Fair in Amarillo this week.

A.J. Poteet Funeral Rites Held in McLean

A. J. Poteet of Wellington, 56 years of age, died early Sunday morning at the home of his sister, Mrs. G. F. Anders of McLean. He was a former resident of McLean.

Funeral services were held Monday morning at 10 o'clock at the McLean Methodist Church, with Rev. W. B. Hicks, pastor, officiating. Burial was in the Wellington cemetery.

Poteet was reared as a boy in McLean, and moved to Wellington more than 30 years ago. He was a carpenter by trade. He had been in ill health for about three years, and had been seriously ill for the past four weeks. He was brought to McLean Tuesday last week.

Survivors include his wife; one son, G. W. Poteet of Fort Worth and one sister, Mrs. Anders.

Palbearers were Odell Mantooth, Boyd Meador, John Cooper, Fitch Shelton, Leo Gibson, and Guy Beasley.

Got A Building Want to Rent To Post Office?

Bids for furnishing quarters suitable for the McLean post office are being solicited by the post office inspector, J. E. Cauley of Fort Worth, according to a notice received this week by Postmaster Johnnie Baker.

The post office department seeks bids for leasing a suitable building for a term of five or ten years, beginning with March 30 1950. March 30 is the date the lease on the building now occupied by the post office expires. Bids will be accepted up to and including October 25, 1949.

The bids are to be turned in at a stated price per year, including heat, light, power, water, toilet facilities, plumbing, heating, and lighting fixtures, safe and/or vault, and all necessary furniture and equipment. However, alternate proposals both with and without safe equipment are desired, and Cauley stated that proposals without equipment, fuel, light, and power will also be considered.

Important considerations are a reasonably central location, good daylight, and accessibility to rear or side entrance for mails.

Floor space of about 1,500 square feet is desired.

Diagram of the rooms offered showing inside dimensions, offsets, doors, windows, etc., and any adjoining ground for light areas, driveways or parking areas, must be submitted with the proposal. Proponents may also submit photographs of their property and its surroundings if they so desire.

The post office department reserves the right to reject any or all bids, to negotiate further with proponents for better terms, or to endeavor either before or after the closing date above indicated to secure offers on suitable properties, in addition to those submitted in response to this solicitation.

Move Over, L. M.— You've Competition For That Q. B. Job

Attention, L. M. Watson! You're going to have to move to the line, and give up that quarterback position.

These orders from Frank Stewart.

For Frank and Bonnie Stewart became the beaming parents of a boy Monday night. Monte Duncan Stewart, weighing 7 pounds, 10 ounces, was born at the Worley Hospital in Pampa.

So move over, L. M., you've got competition for that quarterback job now. It's a cinch that Monte Duncan will soon be calling the signals, for Frank and Bonnie, anyway.

Faculty Picks 'Cub' Lions For Entire Year

Senior boys who will serve as "Cub Lions" in the McLean Lion Club during this school year have been selected by members of the high school faculty.

First of the cubs was Bennie Cooper, chosen by a Lions committee prior to the time the faculty members were asked to make the choices for the year.

The boys who will be cub Lions, and the month for each to serve are as follows: October, Edward Dwyer; November, Billy James Rainwater; December, John Dee Coleman; January, Charles Bailey; February, Carl Cox; March, Clyde Mounce; April, J. W. Simmons; and May, Kenneth Scales.

These top eight boys were selected by the faculty, through the use of an unsigned, secret ballot. The eight names then selected were placed in a hat, and as name was drawn, it was recorded beside a month beginning with October. In this way, it was felt that no boy would be favored over another.

The cub Lions attend all meetings of the Lions Club, and share in its activities. They are entitled to voting privileges, etc., just as any other member.

Only 53 Bales Ginned; Some Feed Shipped

Wanted: Some good, sunny weather.

That was the cry which was arising from farmers of the McLean area this week, as damp weather hindered the gathering of the cotton and feed crops.

Only 53 bales had been ginned by the two gins in McLean as of Wednesday morning, the two gins, S. R. Jones of the McLean Gin and L. H. Earthman of the Paymaster Gin, reported.

The cause for the low number of bales was attributed solely to the damp weather, which was preventing farmers from gathering the cotton, and also preventing much of the cotton bolls from opening.

What cotton has been gathered has been of a high quality, high in grade and long in staple, the ginners stated. But the cotton is opening slowly, and the early morning dampness during the past week has also slowed down the boll pulling.

Feed is falling in the same category, Jones stated. Thus far he has shipped only one car of grain. However, a shortage of cars would have delayed any more shipping had the grain been available for buying, he said.

More cars were due in Wednesday, and Jones stated that he expected the feed buying to get underway rapidly after that.

The feed is unusually good so far, Jones said that the grains are larger and heavier, and there is much less moisture content than had been expected.

The cotton crop is expected to be one of the largest in a number of years, and will probably total between 3,500 and 4,000 bales.

4 More Join 66 Association; 4 More Needed

Four more memberships in the U. S. Highway 66 Association have been sold since last week, Lester Campbell, director, said this week.

The sale of these four brings the total of members to 56, and the amount of money collected to \$140. The memberships sell for \$2.50. The four memberships were bought by A. T. Wilson, Moulton King, C. S. Rice, and Graham Rooming House.

McLean's quota in the membership money this year is \$150. The amount collected thus far leaves us \$10 short of the goal, Campbell stated. The local director urged any person who desires a membership to see him immediately, as the money must be forwarded to C. K. Killough of Amarillo, state secretary, at once.

The national convention of the Highway 66 association will be held in Albuquerque next weekend, October 14 and 15, Killough said, and all states are to turn in their quotas for the year at that time. Amarillo has staged a drive for funds during the past two weeks, and has collected sufficient money to pay their current and overdue quotas, Killough said. Shamrock, another town which was behind last year in its dues, has also collected enough money for last year and this year.

Whether McLean will be represented at the national convention in Albuquerque next week is not known, but it is thought at the present time that one or two men from here may attend.

Cafe Fire Does Little Damage

A flash fire in the McLean Cafe did little damage—but caused lots of excitement when it broke out late Monday afternoon.

The fire was caused when a grill, which had been shut off for more than 24 hours, was lighted, and accumulated grease caught fire. The blaze was discovered early, however, and only smoke damage resulted.

Scoring: McLean 13 (Watson); Clarendon 0.		

counted on a win from the Tigers. Clarendon had been rated comparatively high during the past two weeks, by virtue of victories over Perryton and Chillicothe. Bruner carried 14 times, netting 52 yards. Benny Cooper picked up 10 yards in three carries.

Johnny Vineyard once more was the standout in the line, and again showing up well was big Tom Roby at tackle, David McPherson, the other guard played a good game, as did Carl Cox at end.

The Tigers racked up the first tally early in the second quarter with a one-yard plunge by Watson, and then put the game on ice in the third period when Watson circled right end and ran 14 yards to score. Clarendon threatened only once, late in the last period, when the Broncos recovered on the McLean 23, completed two passes to get to the 4. But Watson intercepted J. P. Carille's pass to end the threat only seconds before the game ended.

Watson was the leading ground gainer, picking up a total of 169 yards in 26 carries. He lost 15

yards on one try when he faded back to pass and was caught and another 17 when he fumbled, leaving him a net gain of 133 yards.

The Broncos were held to a net gain of only 85 yards on the ground. Late in the game they attempted a passing attack but completed only two, and got three others intercepted. One of the interceptions, by Clyde Mounce, was called back due to an off sides by McLean, thereby nullifying the play.

The scoring was as follows: In the first quarter, Jimmy

Jenkins punted to Charles Bailey on the McLean 9, and Bailey returned to the 24. Watson and Bruner alternated on carries, working the ball to the Clarendon 25 in five plays. Bruner went through left tackle to the 18, and Watson through center to the 15. Bruner circled left end to the 10, and Watson went thru center to the 8. Bruner then picked up two more as the first quarter ended. As the second period opened, Watson went thru right tackle to the one, and Bruner made no gain. Then Watson plunged through center to score. Watson's kick was good, and the score was 7-0.

At the half, the Clarendon band formed an "M" and then a "C." The McLean band formed a horseshoe, and a donkey was led out to represent the "Broncs." A large sign warned the Broncos that "This is the End, Broncos."

The McLean band then formed an "M" in front of the local fans. The second McLean score came in the third period. The Tigers took the ball over on downs on the McLean 37. Watson and Bruner again alternated in carrying the ball, getting it to the Clarendon 19 in seven plays. Bruner picked up one yard, and then Watson circled right end after a perfect fake plunge by Cooper—to score standing up. Watson's kick was no good, and the score stood at 13-0.

The most serious Bronc threat came late in the final period, when Watson's fumble was recovered by Jack Trussell on the McLean 23. Jenkins passed to Travis Mullanax to the 14, and Carille passed to Trussell on the 4. Carille's next pass attempt in the flat fell in the arms of Watson, who made it back to the 3. Two plays later the game ended.

Led by the hard running of L. M. Watson, and the shifty sweeps and plunges of Bobby Bruner, the McLean Tigers captured their first District 2-A game on Tiger Field Friday night by defeating the Clarendon Broncos 13-0.

It was more or less an upset victory, according to some fans and dopsters, but many had

counted on a win from the Tigers. Clarendon had been rated comparatively high during the past two weeks, by virtue of victories over Perryton and Chillicothe. Bruner carried 14 times, netting 52 yards. Benny Cooper picked up 10 yards in three carries.

Bruner circled left end to the 10, and Watson went thru center to the 8. Bruner then picked up two more as the first quarter ended. As the second period opened, Watson went thru right tackle to the one, and Bruner made no gain. Then Watson plunged through center to score. Watson's kick was good, and the score was 7-0.

MR. F. W. ADKINS

Will Conduct A FREE CLINIC for the Hard of Hearing at HINDMAN HOTEL McLEAN, TEXAS Tuesday, October 11, 1949 10 a. m. to 5 p. m.

He will answer such questions as: Can you hear people talking but not always understand them? Can the strain and discomfort of head noises be eliminated? Which is your better ear?

Why does hearing loss become progressively worse? How does the strain of even partial deafness affect the nervous system? How many physical ailments can be traced to impaired hearing? What are the imminent physical and emotional dangers that can easily develop from faulty hearing? Is it true that poor-hearing can lead to total deafness unless the proper preventive steps are taken?

The startling answers to these and many other vital questions about your health and your hearing will be answered expertly for you in this clinic. Mr. Adkins takes a personal interest in your individual hearing problems, and will demonstrate for you how normal hearing can again be attained. Simply attend at the time mentioned above. An evening appointment for a demonstration in your own home may be arranged. This is a regular part of Acousticon's public service program, without cost or obligation.

News About— SOCIAL SECURITY

Q Last week we explained the
difference between old-age assist-
ance and old-age and survivor
insurance. Today we have the
question—what is the difference
between old-age and survivor
insurance and unemployment com-
pensation?

A Old-age and survivors in-
surance is payable either to eligi-
ble persons at age 65 or to survivor
in case of death. Unemployment
compensation is payable to eligi-
ble persons at any age if they are
unemployed through no fault of
their own and are "ready and
available" for suitable work.

Q Is everyone eligible for un-
employment compensation?

A No. Only workers who have
worked for employers who pay un-
employment compensation taxes.
In Texas this is an employer who
is engaged in work covered by
Social Security and then only if
he normally hires 8 or more peo-
ple. This requirement varies in
the separate states, and any em-
ployer can elect to be covered if
he desires.

Q Doesn't the worker pay for
unemployment compensation?

A No—not in Texas. A worker
gains credit for working for a
covered employer who pays the
total tax.

Q What does the 1 per cent
deduction pay for?

A That pays for your old-age
and survivors insurance.

For further information you are
invited to write the Amarillo
social security office and, if de-
sired, a representative will call
on his next visit which will be
Thursday, October 13.

SOCIETY

Iva Dell Rippy, Lloyd James Kohls Are Wed at Heald

Sunday evening at 6 o'clock in
the Heald community Methodist
church marriage vows were so-
lemnized for Iva Dell Rippy,
daughter of Mr. and Mrs. K. S.
Rippy of Heald, and Lloyd James
Kohls, son of Mr. and Mrs.
Leonard Kohls of Shamrock.

Tall pedestal baskets of white
gladioli, against a background of
ferns and soft candlelight, formed
the setting for the double-ring
ceremony, read by Rev. Robert
Daniels of the Shamrock Lutheran
church.

Preceding the ceremony, Miss
Louise Fiak of Shamrock played
"Traumeri" and the traditional
wedding march.

The bride, escorted to the altar
by her father, was dressed in a
street-length dress of ivory satin.
Her veil was shoulder-length and
fell from a headdress of pearls.
She carried a white Bible, topped
with a cluster of white asters
tied with blue ribbon.

For something old, the bride
carried in her Bible a letter
written by her great-grandfather
Haynes to her great-grandmother,
asking for her hand in marriage.
For something borrowed and
something blue, she carried a
white handkerchief edged in blue,
which had belonged to her grand-
mother Rippy.

Matron-of-honor was Mrs. Arbie
Lankford of Tulla, sister of the
bride. She was dressed in ice-blue
satin with navy accessories and
wore a corsage of rubrum lilies.

Other attendants were the
candlelighters and the flower girl
Mrs. Kirby Moore and Mrs. R.
Land, both of Fort Worth, lighted
the candles. They were dressed in
navy satin and wore pink

carnation corsages. Michal Lank-
ford of Tulla, niece of the bride
was flower girl. Her dress was of
deep-orchid velvet.

Registering the guests at the
church was Miss Nova Lee Bee-
singer of Shamrock.

Elmer Kohls of Reeseville, Wis.,
was his nephew's best man. Ushers
were Roger Kohls, brother of the
groom, and Norbet Schlegel, both
of Shamrock.

Immediately following the wed-
ding, a reception was held in the
home of the bride's parents, Mrs.
Phyllis Crosby of Shamrock and
Mrs. Marvin Luther of Reeseville.
Wise, served punch and bride's
cake from the refreshment table,
which was decorated in the
bride's chosen colors of ivory and
blue.

Following a wedding trip to
Wisconsin, the couple will be at
home in Shamrock after October
17.

Mrs. Kohls is a graduate of
McLean High School and Harri-
College of Nursing in Fort Worth.
At the time of her marriage, she
was employed as a nurse in the
Shamrock hospital.

The groom graduated from
Shamrock High School and is
associated with his father in the
construction business in that city.

Those traveling from a distance
to attend the wedding were: Mr.
and Mrs. Elmer Kohls, Mrs. Mar-
vin Luther and Ricky, Mr. and
Mrs. William Harmann, and Mrs.
Behring, all from Reeseville, Wis.;
Tomnie Thompson of Waxahach-
ie; Mrs. Kirby Moore and Mrs.

R. Land of Fort Worth; Mr. and
Mrs. J. W. Stauffer and May
Ruth, Mr. and Mrs. J. F. Devine
and son, Mrs. Bonnie Swanson,
Mrs. Lucy Rippy, Mr. and Mrs.
Edgar Brown, and Mrs. Tommie
Gilbert, all of Amarillo; Mr. and
Mrs. H. C. Nelson of Dimmitt;
Mr. and Mrs. Arbie Lankford and
children of Tulla; and Dr. and
Mrs. A. W. Mann and John, and
Mrs. Claudine Thomas of Pampa.

Sunday guests in the home of
Mr. and Mrs. Harris King were
Mr. and Mrs. Chas. Wilson of
Sayre, Okla., and Mrs. Mary Wil-
son of Erick, Okla.

Mr. and Mrs. C. M. Carpenter
and Mrs. W. E. Ballard were
Amarillo visitors Tuesday.

NEWSPAPER WEEK

THIS IS National Newspaper Week—not that it means anything particular to you although it certainly should.

During this one week in the year, people throughout the United States are being requested to pause momentarily, and realize for themselves just what our life would be like without our newspapers as they are today.

We're not talking about just the daily papers, or just the weekly papers. We're talking about the entire newspaper profession, for each type of paper has its own purpose, and there is an overlapping of purposes between the large and small papers.

Both give you the news, without fear of censorship. That is the important thing about the newspapers of the U. S. Only a few—and they truly shouldn't be called newspapers—print rumors and lies, and those few do so because they can't stand on their own as newspapers.

You say that to give the news is nothing unusual. No, it isn't in the U. S., but if you lived in Russia, for example, you would find them different. The newspapers there are government controlled, and are strictly censored. They aren't actually newspapers, then, but instead mere organs and mouthpieces of the dictatorial type of government. The people of Russia are not allowed to know all the truth.

In addition to the news, the papers of the U. S. contain editorials—not to condemn certain things but to get the people to thinking. When people think, whether they agree with the way the editor of the paper thinks or not, then the result of any undecided question is likely to be better. For example, much is said when some issue comes up for decision of the voters. Usually the newspaper or newspapers concerned take one side of the issue, but those same papers will allow the other side just as much space and opportunity to present its views. Then the people become better acquainted with the issue, and can vote with intelligence, rather than ignorance.

There are many other functions of your newspaper, be it large or small. You are requested to pause momentarily some time this week to realize the benefits of the newspaper to you and your country, for a free press is one of the greatest weapons for retaining our democratic form of government.

COTTON QUIZ

LES TALK
BY LESTER

No, I do not claim to be an expert on picking football winners, and I really should quit. Why? Simply because I picked four winners out of four in the topsyturvy District 2-A football race. However, I shouldn't recommend that you follow my predictions in betting. One young fellow, Bill Kelly, who is working here for us, asked me if I used a system in the predictions. My answer was no—I guessed just the same as he would.

Here's the predictions and the outcome of last week's games involving 2-A teams:

Prediction: McLean 19, Clarendon 7; score, McLean 13, Clarendon 0. (Just about got that right—Clarendon only lacked four yards making one touchdown.)

Prediction: Phillips 33, Shamrock 6; score, Phillips 41, Shamrock 18. My prediction gave Phillips a 27 point advantage, and actually the difference was 23.

Prediction: Lefors 7, Memphis 0; score, Lefors 33, Memphis 0. Well, anyway, I guessed the right score for Memphis.

Prediction: Dalhart 19, Wellington 13; score, Dalhart 33, Wellington 6. Dalhart must really have a slick team this year.

So here I go again, and predict next week's games. The main purpose of this is so that when I miss them, you can kid me. I won't mind at all.

This week's predictions: McLean 20, Perryton 6. I really believe we'll beat them, but it certainly won't be any pushover and we could lose if we get too over-confident.

Memphis 13, Shamrock 6. Not that I think Memphis has the wonder team some people think they have, but I do believe they'll beat the Irish.

Wellington 20, Clarendon 13. The Rockets ought to be able to pass for three markers against the Broncs.

Lefors 25, Dumas 0. The Pirates are on their way again, but they may get stopped.

Enough of this predicting. However, if any of you would like to predict on future games, turn your scores in to me Saturday, as early as possible. I will be glad to run your predictions, too. It's lots of fun, and if the guesses are in print, you can't say "Well, that's just how I thought it would come out." Limit your predictions to games played by District 2-A teams—McLean, Shamrock, Wellington, Memphis, Lefors, and Clarendon.

As a result of that portion of this column about the Highway 66 Association memberships last week, two more were sold the day after the paper came out. The men asking for the memberships were Moulton King and A. T. Wilson. In all fairness to them, I want to point out that I failed to see them on making my rounds. They would have bought memberships then, perhaps, but I missed them.

We still need several more memberships. They are \$2.50 each. The money goes to publicize Highway 66, and get more people to use this highway in preference to some other.

We now have \$135, need at least \$15 more. If we had still more, then we could send a representative to the national convention in Albuquerque this month. See me or Boyd Meador. Either of us will be happy to welcome you as a member of the Highway 66

Association—and take your \$2.50.

I don't know, maybe everybody could.

Jack Sifton, editor of the Carlsbad (N. M.) Current-Argus, used to live in Memphis. He worked on the Memphis paper for a while, and later on the Amarillo News. Recently in his Carlsbad paper, he had this to say and I thought it might amuse you:

Mayors and editors have much in common. They all belong to the legion of the damned. They are damned if they do and damned if they don't.

Practically everybody thinks he can do a better job than the mayors and editors are doing. And

Like a mayor, the newspaper editor, although not enjoying so exalted a position in life, is criticized for everything he does or doesn't do. If an editor stays in his office and takes care of his work, people say he is lazy and indifferent and should get around more and see people. If he gets out frequently and visits around, people say he ought to stay in his office more and look after his own business.

If he writes on international affairs, he is accused of trying to be a world saver. If he writes on

national affairs, people ask what he knows about the situation; he hasn't been out of the county since Old Blue last had pups. If he writes on local topics, it is said that he is blind to what is going on outside. He can't see beyond the end of his nose, and besides, what right has he got to meddle in other folks' business?

If he runs crime news, he is promoting juvenile delinquency and there ought to be a law to deal with his kind. If he doesn't he isn't taking a realistic attitude in the presentation of the news; is probably trying to cover up something besides.

If he takes sides in politics, he is partisan and biased. If he tries to be impartial and presents both sides of the political issues, he is afraid to take sides for fear of losing business.

If he presents the union's side of a labor dispute, he is against the company. If he reports the company's side of the dispute, he is an enemy of labor and a tool of the bloated capitalists.

If the editor runs all of the publicity handouts requested of him he will have no room for news and the public won't read his paper because there is nothing of interest in it. If not, then he is not living up to his civic responsibility to encourage the do-gooders.

What's a man to do? Grapefruit are so-called because they sometimes grow in clusters.

Christianity is not a theory of speculation, but a life; not a philosophy of life, but a life and a living process.—Coleridge.

Cancer Second in State Deaths

Dr. Geo. W. Cox, state health officer, in speaking of cancer, said it ranks second as a cause of death in Texas, being exceeded only by heart disease. Last year approximately 6900 Texans died of the disease. One of the reasons many people died of cancer is because the disease usually exists some time before it is recognized. When it has progressed from a small local cancer to a large and dangerous one.

suspicious symptoms are any more that does not heal about the tongue, mouth or lips; sores caused by broken teeth or ill fitting dental plates should receive attention; irregular bleeding or discharge from any opening of the body is a danger signal. Persistent indigestion with loss of weight is a symptom of cancer of the stomach. With any of these signs one should go immediately to a doctor. Many times the suspicion of cancer will have been unfounded but it is much better to be safe.

It is important to treat all diseases in their early stages, but in no case is it more important than cancer. Periodic examinations made with cancer in mind affords the best protection against this disease. Surgery, X-ray and rad-

ium are the main weapons which are used to combat cancer.

John Sparks is confined to his home recovering from injuries received in a fall in his home last week.

Mr. and Mrs. Perry Carruth and Pat and Mike were in Amarillo Sunday and Monday.

CARD OF THANKS

We wish to express our appreciation to the members of the Fifth Tuesday Council for the use of the wheel chair during the illness of our little daughter. We are adding a small pair of adjustable crutches to the council collection, hoping that they will be used by any one who has need of them. Mr. and Mrs. Frank Rodgers.

CARD OF THANKS

We have tried not to overlook anyone in expressing our sincere gratitude for the many words of kindness and deeds of sympathy extended to us in our recent bereavement, but we may have missed someone. For this reason we take this means of expressing that gratitude. Your help toward us will never be forgotten. Friends, you don't know how to be grateful for your friends until you really need them. Thanks to everyone. The Kissers and Fishes.

RAISIN BRAN MOLASSES COOKIES
These nutritious cookies are simple enough for this young man to make all by himself. And is he delighted with his results!

- 2 cups sifted flour
- 1/2 teaspoon double-acting baking powder
- 1 teaspoon soda
- 1 teaspoon salt
- 1 teaspoon cinnamon
- 1/2 cup shortening
- 1/2 cup sugar
- 1 egg
- 1/2 cup molasses
- 1 1/2 tablespoons vinegar
- 2 tablespoons milk
- 1 cup raisin bran

Sift flour once, measure, add baking powder, soda, salt, and spices, and sift again. Cream shortening, add sugar gradually, and cream together until light and fluffy. Add egg and beat well. Add molasses and vinegar; mix thoroughly. Add flour mixture, alternately with milk, mixing well after each addition. Add bran and blend. Drop from teaspoon on greased baking sheet. Bake in hot oven (400°F.) 8 minutes, or until done. Makes 5 dozen cookies.
Note: For softer cookie, store with slice of bread in covered container.

Mrs. Ernest Burrows and Margaret Ann left Tuesday for Vinton, Iowa, where they will join Mr. Burrows who is employed there.

Patricia Ferguson Installed Rainbow Worthy Advisor

Miss Patricia Ferguson was recently installed as worthy advisor of McLean Rainbow Assembly at the Masonic Hall.
Decorations in the colors of the rainbow were used. The pot of gold rested on the pedestal in the east, from which streamers of rainbow colors extended to the floor.
Officers officiating were Darlene Shadid, installing officer; Waneta Hupp, marshal; Margaret D'Spain, chaplain; Mrs. Daphne Morris, recorder; and Mrs. Willie Boyett, musician.
After Miss Ferguson was installed as worthy advisor, the assembly sang "Tell Me Why" as she was being escorted to her station.
Other officers installed were Norma Chapman, associate worthy advisor; Mary Ruth Holloway, charity; Barbara Barrett, hope; Evelyn June West, faith; Audrey Young, chaplain; Charlotte Wilson, drill leader; Floella Cubine, love; Sue Young, religion; Barbara Beck, nature; Patsy Lowary, immortality; Patricia Patterson, patriotism; Jane Williams, service; Margaret Biggers, confidential observer; Jeanne Sherrod, outer observer; Ann Cooper, musician; and Billie Sue Pettit, choir director.
The choir was represented by June Stubblefield, Shirley Allison, and Betty Jo Patterson.
Donna Gail Stubblefield served

as recorder, and Dortha Chase as treasurer.

Following the installation of officers, wishes from Rainbow friend were presented to the newly-installed worthy advisor by Waneta Hupp.

Mrs. Bill Ferguson, sister of the worthy advisor, was presented in the east and welcomed. Mrs. Ferguson is a past worthy advisor of McLean assembly.

Waneta Hupp, the out-going worthy advisor, was presented in pin by Mary Ruth Holloway. Service awards were presented to 21 girls by the mother advisor, Mrs. Sue Cubine.

A reception followed the meeting.

Job Definitions In New Volumes

Defining words was Webster's job-defining job is the Texas Employment Commission's job. The job-finding agency said this week as it announced receipt of a new expanded version of the Dictionary of Occupational Titles prepared by the U. S. Employment Service.

TEC said more than 40,000 titles and 22,000 job definitions are contained in the two volumes just off the press.

"This dictionary will greatly facilitate interviewing, coding of employers' job-openings, and the preparation of various kinds of

labor market information," L. P. Fort, Pampa office manager of the TEC, said.

Fort added that one of the many advantages of the new edition of the dictionary is that it lists virtually all known jobs, including those in the newer industries such as plastics and electrical, radio, and television equipment. The new edition also brings up to date the definitions of jobs in the paper and pulp industry, professional jobs, and a number of other occupations.

"The importance of the dictionary is illustrated by the fact that it will not only be used by TEC's local offices throughout the state, but will be used by various other government agencies, including the armed services and the veterans administration, by employers, schools, and colleges," Fort said.

The edition is available to employers, schools, colleges, and others through the Superintendent of Documents, Washington 25, D. C. The cost for the two volumes is \$5.50.

Protect Baby From 'Cough' By Vaccination

Now is the time to have your baby protected against whooping cough, says Dr. Geo. W. Cox, state health officer. The Texas State Department of Health recommends that vaccination against this disease be administered at three months of age with a booster dose of vaccine when the baby is two years old. There is many a child whose life could have been saved if he had been immunized in infancy, said Dr. Cox.

"Whooping cough," said Dr. Cox, "first masquerades as an ordinary cold, with running nose and eyes, followed by a slight cough. These symptoms develop about 1 to 1 1/2 days after exposure. Then in about another week the cough develops into a series of continued attacks, in an effort to expel the troublesome mucous. An attempt to breathe during the choking spell produces the characteristic whooping sound. In mild cases it may be absent. The whooping stage lasts 5 to 6 weeks and then take another two or three weeks to decline gradually.

"Here are some facts about whooping cough. The disease starts like a common cold, 1 to 14 days after exposure. In about another week, the cough develops and the whooping usually begins.

"It is one of the communicable diseases children often catch at school. After a child has reached the age of five, fatalities occur less frequently. Children may carry this disease home to babies. Most important of all is to see that infants are vaccinated against whooping cough, for most deaths occur among children less than one year of age.

"Call your family physician at once if you suspect your child has whooping cough and follow his directions in detail."

LETER BUCK!

"Nothing else like it in the whole wide world", says Andy Anderson, noted sports authority and Scripps-Howard sport writer in describing the Texas Prison Rodeo to be held October 2, 9, 16, 19, 23 and 30th. There's little regard for life or limb when condemned outlaws take to the saddle. The most savage rodeo in America is held every Sunday during October in Prison Stadium, Huntsville, Texas.

WHERE'S THE STRETCHER?

Stretcher bearers were ready as this maddened Brahma appeared ready to maul his fallen rider, but it turned out to be just another near casualty of the 18th Annual Prison Rodeo now being held in spacious, new Prison Stadium at Huntsville, Texas each Sunday this month.

Mrs. S. W. Rockwell and son Nelson Scott of Pampa visited their aunt, Mrs. Edgar Peirce, Tuesday.

By the Way—
 BY HELEN BLACK

By now, of course, you have heard about Bobbie and Shannon Baker's new son—and that he was born in an ambulance racing at top speed to the hospital in Shamrock! The little fellow is none the worse for his experience. However, when he grows up, and folks happen to ask where he was born, he may have to be a bit vague as to the exact place. He can say, though, that he set some sort of record by entering the world while traveling at a rate of about 90 miles per hour!

Dorothy Beck opened the door last week to a saleslady who introduced herself as Mrs. Beck. She informed the saleslady that she was also Mrs. Beck. The saleslady remarked, "Just call me Dorothy, then." Says Dorothy Beck, "Well, you may do likewise—my name is Dorothy, too." So Dorothy Beck met Dorothy Beck—just like that!

Mrs. Margie Dobson stopped in the office Saturday to inquire where Mrs. Willie Boyett lived. She was a member of the party of musicians (of which Mrs. Boyett was a member) that toured Europe last summer, and was en route from New York to her home in San Bernardino, Calif. She remarked that Mrs. Boyett kept the entire party laughing last summer with her witty comments on the foreign sights.

LaWanda Shadid, daughter of Mr. and Mrs. W. W. Shadid, is a freshman student at N. T. S. C. at Denton this year, and is doing well so far, according to word received from her recently.

In placement tests given before arranging schedules for the students, Miss Shadid did so well that she has been placed in the next-to-highest English class. The highest class is that for those who are termed genius.

But doing so well in studies isn't all. She recently attended a Presbyterian function at Denton, and, with a boy as a fellow contestant, failed to tell the "truth," and was required to pay the "consequences." Here's her story: "Of course, we didn't answer it so they handed me a dish rack and a dish pan; handed him a jug of hot water and a suitcase full of dirty dishes; had a man take us in his car in front of the Texas theater and made us wash dishes there on the street!"

"People began to gather round us and I tried to look embarrassed but actually I was enjoying it. The man left us there and so we proceeded to wash dishes there in front of the largest theater in town. After about three minutes a cop car stopped, two cops got out, and asked us what we were doing. I was getting rather scared but the boy acted as though he wasn't. The cops made us pile up our stuff and climb in the back seat of their car. They phoned in to headquarters and the guy there said to take us back to the church to check our story. Of course, it checked and what we didn't know was that

Week of Prayer Programs Ended By Baptist WMU

The two concluding Week of Prayer programs for state missions of the Baptist Women's Missionary Union were held Wednesday night and Friday afternoon of last week at the church. The theme, "Gleams of the Lone Star State Through Scriptural Giving," was continued.

Mrs. E. L. Price was leader of the program Wednesday night on "Evangelism," and was assisted by Mrs. Leo Gibson and Mrs. Frank Howard. Subjects discussed were "Light of Salvation in Texas," and "Rural Churches." A duet, "The Church in the Wildwood," was sung by Marnelle Ledgerwood and Jeanne Pharis, accompanied at the piano by Melba Miller.

The president, Mrs. R. L. McDonald, made a few closing remarks. There was a total attendance of 46, 19 of whom were W. M. U. members.

The program Friday, "Is Texas to Be Lighted Up?" was led by Mrs. Cohen Gallegly, who spoke on the subject, "Lighting Up Texas Through Education"; Mrs. Hubert Waldrop used the subject, "Texas Schools"; Mrs. C. B. Lee Jr. spoke on "From Darkness to Light in Our Hospitals"; Mrs. Clayton Day spoke on "Thou Wilt Light My Candle"; and "The Family Altar" was discussed by Mrs. Jasper Graham.

Others present for the program were Mesdames R. L. McDonald, T. A. Langham, George Colebank, E. L. Price, Bunia Kunkel, Homer Abbott, E. L. Minix, and Luther Petty.

Pharis Now With Hibler Company

Guy D. Pharis, who until recently was in the used car business in McLean, has joined the staff of the Hibler Truck and Implement company, A. L. Hibler, owner, said this week.

Pharis, who has had a number of years experience in the automobile business, will be in charge of sales for the company, it was explained.

 Europe is the second smallest continent in the world.

NO OPINIONS WANTED?

Frequently we get letters from readers. They praise and condemn, approve and protest. They are a yardstick of freedom.

As long as you can pick up your pen and express your opinions, one way or another, about something that appears in this newspaper, you are a free citizen. And when you cannot comment because this newspaper cannot print the facts and opinions that stir you to write, freedom in this country is dead.

National Newspaper Week--Oct. 1-8 "Freedom Goes Where the Newspaper Goes"

Freedom of the press doesn't belong exclusively to newspapers. It belongs to everyone. The newspapers are minority owners. Freedom of the press means freedom to read as well as freedom to publish. When newspapers become propaganda mouthpieces, they are not free—and neither are you. The choice is yours. You can shut off your access to what is going on in this country and throughout the world by following these self-styled leaders. Or you can refuse to be led into ignorance and slavery—refuse to give up your right to know as a self-governing free citizen.
