A Discussion—

THE GRADE SCHOOL

THIS ARTICLE is about the McLean Grade School. This is neither a condemnation nor approval of the school board. And this is neither a condemnation nor approval of the public.

This article is merely a discussion, wherein we have attempted to gather the correct facts, inasmuch as possible. And this article gives our opinion, considering these facts, concerning whether we think a bond issue the thing to attempt.

Sunday afternoon at approximately 2 o'clock, the school bell which is ordinarily used to mark the end of each class period began ringing. People living near the building heard the ringing, and Principal Haydn Bodenhamer went to the building to determine the cause.

The cause was easily determined, for when Principal Bodenhamer opened the door to his office, he was confronted with a completely disrupted office scene. Except for an area of about two square feet, the entire plaster ceiling, including the metal lathe, had dropped off. There was some damage to equipment, etc., in the room, although the damage, including the ceiling repair, was not too great.

Coming so soon after the splitting of the boiler used in the heating system of the school, most school patrons were upset. And, we believe rightly so. Some felt that their children should be taken out of school immediately, believing the building to be very unsafe. This feeling was nothing new, incidentally, for many have felt that way for a long time.

We do not know whether the building is safe or not. In the first place, we are not qualified to say. In the second place, we would not say so even if we were qualified to be a good judge of the building's safety, for fear that something might happen and we would be the goat.

Members of the school board feel the same way—at least those with whom we have talked—feel practically the same way.

Regardless of what you may think of the board as a whole, or as members individually, the board wants a new school building. They are willing to pay their share, if you are. It is very likely that in the near future, you will have the opportunity to decide one way or another.

The financial situation is not good. Just last Friday a representative of the R. A. Underwood bonding company, a very reliable firm with which the school district has done business before, was in McLean to study the situation, and to tell the board members what could or could not be done. You should realize that the board members have not been sleeping, but instead have been making these investigations. Frankly, we believe the board could save itself a lot of headaches if it would make known to the public a little more often just what is going on—that is our only criticism of the board's actions.

Now here is the situation, financially speaking, the way we get it (having had experiences of this kind before, we do not guarantee every phrase we say here to be exactly correct, but we do believe this is the right and correct dope on the financing of a possible new building):

The present valuation of properties within the McLean Independent School District boundaries is \$2,992,270. Before settling on this figure, a flat 10 per cent deduction is made for the estimated amount of taxes which would not be collected, leaving the valuation at \$1,833,043.

As a general rule, the limit on the amount of bonded indebtedness which a school district may have approved is 10 per cent of the valuation—after that first 10 per cent is taken off for the uncollectable taxes.

This means, simply, that McLean should be able to have a total bonded indebtedness (in other words, owe that much in bonds) of \$188,304.30.

At the present time, the bonded indebtedness of the McLean district totals \$129,700. Subtracting this from the \$188,304.30 which might be approved, we can easily find that only an additional \$58,604.30 could be floated by the school district. This statement is made with the assumption that the bonding company representative is correct in his beliefs—and if you'll check with those who have had experience, you will find that the bonding men almost always are right.

The possible \$58,000 in bonds would not build the size building we need.

It is estimated that approximately \$175,000 would be needed, if corners were cut pretty closely and no money wasted.

How to do it?

Well, it's simple if you taxpayers are willing to foot the bill. It is this simple: By raising the valuations 50 per cent (we have figured it out with the aid of school officials), the bonded indebtedness limit could be raised to slightly more than \$282,000. This figure less the present bonded indebtedness would leave approximately \$152,000 in bonds. And the money which might come from salvage of the old building would just about make up the remainder necessary for the \$175,000.

Raising the valuation of your property 50 per cent would mean this: If you had been paying \$10 in taxes, you would in the future pay \$15, etc.

There may be other solutions to the problem. It might be possible to work out a bond issue wherein it would be unnecessary to raise valuations, although that is unlikely, and it might be that valuations would not have to be raised that much. However, it is likely that this will be the case under the present set-up and boundaries of the district.

If this be so, then The News will certainly go down the line in favor of voting bonds for a new building. We would be quite willing to pay one and one-half times as

Saturday Deadline for City Filing

Deadline for filing of candidates for the three aldermen to be chosen to the McLean city council is Saturday, and very little interest has been shown thus far.

No candidates for the three vacancies on the council had been filed by Wednesday. The three men whose terms expire are O. G. Stokely, Ed Lander, and Guy Hibler.

For a candidate to be filed legally, it was explained, the person's name must be submitted in the form of a brief letter, with the letter signed by the person doing the filing—that can be either the candidate himself, or another legally qualified voter. All filing of candidates must be done 30 days prior to the date of the election. Since the election this year will be April 4, names must be filed by Saturday (the city offices close at noon on Saturday).

In the McLean Independent School District, the terms of two men expire. These men are Clifford Allison and Perry (Peb) Everett.

The school election will be held Saturday, April 1, and deadline for filing for the school board offices will be ten days prior to the election, or March 21.

No candidates for the school offices had been filed Wednesday.

Pull-Ease, Haydn, Don't Ever Say Town to Blow Up!

And, by George, he was right! Principal Haydn Bodenhamer, in encouraging the McLean girls basketball team last Saturday before the final game in the District 20 tournament at Tulla, told them they had better win that game with Dimmitt, or the school building might fall in from all the practicing they had been doing in the Grade School gym.

The girls lost to Dimmitt 56-28. Sunday afternoon at about 2 o'clock, the entire ceiling in the office of Principal Bodenhamer came tumbling down.

Political Pot Hot as Worley Named Judge

Congressman Eugene Worley, U. S. representative from the 18th Congressional District, has been appointed as an associate justice of the U. S. Court of Customs and Patents Appeals, and already a hot political race for the post he will vacate is developing.

Thus far, five candidates have definitely announced their intentions to seek the office of congressman, and others are expected. The five to announce so far are Attorney Walter Rogers of Pampa, Mrs. Altavene Clark of Amarillo, Leroy LaMaster of Perryton, E. T. Burk and J. Blake Timmons of Amarillo.

Worley's appointment to the court has been sent to the senate for approval, and since both Senators Lyndon Johnson and Tom Connally have heartily endorsed Worley, the confirmation is expected to be easily gained.

The court to which he has been appointed is a permanent one, with headquarters in Washington. Salary is \$17,500 per year.

Walter Carr Dies in Dallas Of Long Illness

Funeral services for Walter Jay Carr, who died Tuesday in Dallas, were held Wednesday afternoon at the First Methodist Church in McLean, with Rev. W. B. Hicks, pastor, officiating.

Burial was in Hillcrest Cemetery under the direction of the Claborn Funeral Home.

Carr, formerly employed with the Warren Petroleum company at the Kellerville plant, had been in ill health for a number of months. Death came while he was undergoing treatment in the Parkland Hospital in Dallas.

He was 43 years, 11 months, and 22 days of age at the time of his death.

Survivors include his wife, Mrs. Lena Carr of McLean; one daughter, Patsy Carr of McLean; two sons, Jerry and Bobby Carr, also of McLean; his mother, Mrs. Martha Carr of Ladonia, two sisters, Mrs. J. W. Womble of Dallas, and Mrs. A. A. Liston of Ladonia; and five brothers, Clyde Carr of Farmersville, Edgar Carr of Houston, and Ernest, John, and Woodrow Carr of Dallas.

Pallbearers were John Anders, Forrest Switzer, Herman Glenn, A. R. Clawson, Walter Sargent, and Marvin Hindman.

Legion Auxiliary Plans Fun Night

The American Legion Auxiliary will sponsor a Fun Night Thursday, March 16, at 7:30 o'clock, at the Legion Hall.

Free refreshments will be served, and all kinds of games played, such as canasta, bridge, dominoes, etc., it was announced.

Each member is requested to bring a cake. Admission will be 50 cents per couple.

Our alphabet was introduced into Europe by the Phoenicians.

Wanta Play Ball? Local Team Now Being Organized

All men interested in playing on the McLean baseball team during the summer months were requested to contact Floyd Guthrie at the Dysart Motor company this week.

The local team will be a member of the Caprock League, Guthrie stated. The league will include teams from White Deer, Groom, Clarendon, Panhandle, McLean, Washburn, Hedley, St. Francis, Goldston, and Wheeler.

The McLean nine will be sponsored by the Andrew H. Floyd post of the American Legion. Play will not begin until May, although teams are being organized now, Guthrie stated.

Marvin Cooke, Ex-Resident, Dies in Amarillo

Marvin K. Cooke, former resident of McLean, died at Amarillo Monday after an illness of more than a year. He was 58 years of age.

Funeral services were held Tuesday afternoon in the Blackburn-shaw funeral chapel in Amarillo, with Rev. Leon Hill, pastor of the San Jacinto Baptist Church, officiating. Burial services were held in Hillcrest cemetery in McLean.

Cooke was born in East Texas and came here as a boy. He was reared in McLean, leaving here about 1920. He had been making his home in the states of Oregon and Washington since that time, until about one and one-half years ago when he moved to Amarillo. His health had been bad since that time.

Survivors include two brothers, W. T. Cooke of Amarillo and R. B. Cooke of Pampa; and seven sisters, Mrs. Joe Hindman of Shamrock, Mrs. Byron Landis of Los Angeles, Calif., Mrs. Bennie Edney of Bueyeros, N. M., Mrs. Wilson Jones of Farmington, N. M., Mrs. R. C. Spears of Monahans, and Mrs. Roger Tibbitts and Mrs. Charley Oldham of Clovis, N. M.

MOTHER DIES

The mother of Rev. George MacDonald, pastor of the First Presbyterian Church in McLean, died at 8:30 o'clock Tuesday night in Nova Scotia. She was 85 years of age. Rev. MacDonald was en route to her bedside at the time of her death, leaving here Monday, but he did not reach Nova Scotia prior to the death of his mother.

Girl Cagers Lose to Dimmitt, Take Second in District Meet

The McLean Tigerettes, champions of District 20 in 1949, advanced to the finals in the basketball tournament held this year at Tulla, but were overcome in the last game by a powerful team of girls from Dimmitt.

The Dimmitt team had advanced to the finals in easy fashion, mowing down Mobetie, the team which had given McLean trouble all during the regular season, en route to the last round. Then the Dimmitt girls, led by a tall and powerful forward, easily rolled over McLean to the tune of 56-28. Coach Don Leach offered no excuses, saying his girls played as good as the winning team, with the large Dimmitt forward spelling the difference.

In fighting their way to the finals, the local girls downed Bovina Thursday afternoon, whipped Lakeview Friday, and then knocked Samnorwood out of their running Saturday morning.

Dimmitt will therefore represent District 20 in the state tournament for girls, to be held in

Local Quota Is \$960; Sitter Fund Chairman

A goal of \$960 has been set as the minimum amount to be collected by the McLean chapter of the American Red Cross, Spencer Sitter, roll call chairman, said, and workers are starting this week in the annual drive.

Workers were to begin today in the residential section, Sitter explained. In charge of these workers will be Mrs. Amos Thacker, and she has enlisted the aid of women throughout the town to complete the drive quickly.

Residential workers will include Mrs. Clifford Allison, Mrs. Spencer Sitter, Mrs. Frank Rodgers, Mrs. Odell Mantooth, Mrs. W. W. Boyd, Mrs. S. A. Cousins, Mrs. O. L. Tibbets, Mrs. W. E. Bogan, Mrs. T. H. Andrews, Mrs. Al Duncan, Mrs. Joe Graham, and Mrs. Thacker.

The downtown section will be under the supervision of C. W. Bogan, and businessmen and other individuals will be contacted for contributions Monday, Sitter said.

Harold Knight, superintendent of the Alameda schools, will be in charge of the drive there, and he is expected to start his drive this week-end also.

Teachers in the Grade School will be contacted by Principal Haydn Bodenhamer, and those at the high school will be contacted by Principal Paul Kennedy.

For the benefit of those who may be missed, and who wish to make contributions, any donations may be left at The News office, with Bob Sheddick at the Sheddick Jewelry, or with Mrs. Ruby Cousins, secretary of the local chapter, at the City Hall.

During the past year, a great deal of relief work has been done by the local chapter through the efforts of the home service chairman, J. Lester Dysart. Much of this relief work has not been publicized, due to the nature of the work.

Nationally, a total of 330 disaster calls have been answered by Red Cross workers, and relief given by Red Cross funds collected last year. These disasters included incidents such as floods in Oklahoma and the rushing of 17 expectant mothers in airplanes from the blizzard-struck plains states to comfortable hospitals.

A total of 228,500 persons received Red Cross disaster aid last year, and \$6,574,741 was spent for the domestic disaster relief program. Disasters in which the Red Cross participated last year cost the lives of 630 persons, injured 4,412 others, and destroyed or damaged 49,963 buildings.

Woodrow Wilson issued the first Mother's Day proclamation.

8th Grade Cage Meet Scheduled

McLean will play host to 8th grade basketball teams from throughout the area this week-end, when the second annual tournament for grade school teams is held here.

Play will get underway Friday at 1 o'clock in the afternoon. Four games will be played Friday afternoon, and three Friday night. Four games will be played Saturday afternoon, and two more—the finals—that night.

Both boys and girls will be entered in the tournament, and first and second place trophies

will be awarded in each division. Selection of the all-tournament teams will be made, Coach Don Leach said.

Finals will be held Saturday night, with the girls playing at 7:30 o'clock, and the boys at 8:30.

First-round pairings are as follows:

Girls: McLean vs. Alanreed; Quail vs. Kellerville; Lela vs. Kelton; McLean 7th graders, bye. Boys: McLean 7th vs. Alanreed; Kellerville vs. Quail; Shamrock vs. Kelton; and Lela vs. McLean 8th.

Total of 48 Boys Attend Meet To Organize Scouts, Cub Pack

A total of 48 boys of Scout and Cub pack age turned out at the meeting held in the American Legion Hall Monday night to organize a troop and pack in McLean, and more are expected to become interested in the coming weeks.

Accompanying the boys to the meeting were about 35 fathers, with some mothers attending, as well as the organization of a Boy Scout troop and Cub pack rose to a new high.

Alvin Denton, who has agreed to serve as Scoutmaster, had held a meeting last week which 34 boys of Scout age attended. Denton stated that the group has already been divided into patrols, and patrol leaders have been chosen.

Pie Supper Saturday Night

An old-fashioned community pie supper will be held in the McLean High School auditorium Saturday night at 7:30 o'clock, it was announced this week.

The pie supper was originally scheduled to be held in the Grade School gym two weeks ago, but had to be postponed due to the boiler breakdown at the school.

"Ladies, bring a pie and your family," P. T. A. members declared, "and girls, bring a pie and your boy friend. Everyone is invited. Please place your name and kind of pie on your pie so the bidders may bid on their favorite flavor, and, after purchase, they will know with whom to share the pie. Let's make this an old-fashioned community affair. Come out and meet your neighbors."

Girls Quartet Sings for Lions

The girls' quartet of McLean High School presented a program of four songs at the regular meeting of the McLean Lions Club Tuesday noon.

Appearing in the quartet were Jane Williams, Jeanne Pharis, Norma Watson, and Darlene Shadd. They were accompanied by the piano by Marsalee Windom, Lions Club sweetheart.

HOOVER AND THE VETS

MOST EVERYONE, by now, has heard of the Hoover Commission, a group of outstanding men headed by ex-President Herbert Hoover which studied the federal government set-up and made recommendations for what they believe are needed changes.

The commission's report is too lengthy for the average person to want to read and study. Parts of the reports are very good, and parts not so good.

One of the changes recommended by the commission has to do with the manner in which veterans affairs are handled. At the present time, all veterans affairs are handled through one governmental agency, the Veterans Administration. This system has been found to be quite satisfactory, inasmuch as it cuts down on the usual red tape accompanying government activities. Years ago, the government had six or eight agencies handling veterans affairs, and through the efforts of the American Legion and other vet organizations, these agencies were combined into the one Veterans Administration.

Now the Hoover Commission would do away with this one-stop service agency—the Veterans Administration—and replace it with a collaboration of five separate government bureaus.

These five bureaus would be as follows: 1. United Medical Administration—to handle veteran hospitals and medical services; 2. Department of the Interior—to handle hospital construction; 3. Veterans Insurance Corporation—to handle all insurance matters; 4. Housing and Home Finance Agency—to handle home loans only; and 5. Veterans Administration—to handle remaining veteran services.

It seems to us that instead of making progress as far as the veterans program is concerned, the Hoover Commission is back-tracking, going back to the days when the veterans had to go through six or seven bureaus to take a medical exam.

The commission's report is equivalent of telling General Motors "You may retain your administration functions but you have to divorce yourself from the other operations of your corporation! Ford will take over your production! Engineering will go to Studebaker! Your distribution will be assumed by Chrysler! And your sales will be handled by Kaiser-Fraser!"

Naturally, General Motors would not like such a set-up. Neither do veterans, and we don't blame them. We'll surely take the veterans side in this issue.

COTTON QUIZ

HOW DOES COTTON KEEP REFRIGERATORS, RADIOS AND LAMPS IN OPERATION?

ANSWER: ELECTRICAL WIRES ARE WOUND IN COTTON!

LES TALK BY LESTER

Outside of the local situation in which we have several candidates for the precinct offices, the political front had been fairly quiet until last Friday. Then it was announced that Congressman Gena Worley had been named to court job, and politics really began to pop.

Already numerous people have announced their intentions of running for the office, and there will probably be more candidates. When Gena resigns, I suppose there will be a special election to fill the vacancy. The person elected in the special election will probably have opponents for a full term.

One thing about it, with the number of candidates there will be in the race, voters will certainly have a big choice. I hope we can elect a person who will not be a "yes" man to the president. I hope we can elect a person who will not turn toward socialism. Maybe we can.

Guy Beasley came in the other day to thank me for the nice things I said about him in this column recently concerning his work with the new gym-auditorium building. I told him to think nothing of it, for perhaps some day I would find something bad instead of good to say about him. However, I must admit that so far I certainly have no criticism of the manner in which he has handled his duties and responsibilities as a city councilman.

M. D. Bentley came in and congratulated me for the piece in last week's column in which I advocated a no smoking rule during athletic contests in the new building. He thoroughly agrees that such a rule should be made. In the first place, he says that he can hardly enjoy a good athletic contest when the hall is filled with cigarette and cigar smoke, and in the second place he

doesn't believe it is good for the players lungs. Clarendon has a no smoking rule and it is fairly well observed. Some people will naturally forget about the rule—I have done it at Clarendon. But generally speaking, it would be pretty well observed. Smoking here, incidentally, could be allowed in the lobby.

Odell Mantooth has taken over the Lee Way freight agency here in McLean. He replaces Gerald Bizzell, who will devote all his time to working for Joe Taylor at the McLean Implement company.

Understand Clyde Andrews is building a new house, to be located next to the home of Mrs. W. E. Ballard. From what I hear, Clyde's new place will be a very nice home. A welcome addition to our town.

Speaking of new houses, if you are interested in building one, see Carl Jones at the lumber yard. P. H. A. loans can be obtained here, and so can G. I. loans. It takes longer to get one through here for the simple reason that no big building contractor is interested in putting up a bunch of small houses here when such projects can be carried out with much more speed and success in larger cities. In such places as Amarillo and Pampa, some big contractor builds a bunch of houses and then sells them. Here the reverse must be done—the houses are sold in advance and then built. In other words, if you want a home financed by P. H. A., get the loan approved first, and then build the house. It can be done here.

There is some good talk making the rounds concerning the re-organization of our chamber of commerce, to make it an active organization. Perhaps the cost would be a little high—high to some people, anyhow—but often it is expensive not to have a chamber of commerce. As has been asked before, "Can we afford not to have a chamber of commerce?" There will be opposition to the organization of

an active chamber of commerce, but it can be whipped down, if just a few people have enough desire and willingness to work.

Mr. and Mrs. C. B. Lee, Mr. and Mrs. C. B. Lee Jr., Mr. and Mrs. Sam Bonner of Kellerville, Mr. and Mrs. Junior Bonner and children of Graham, and Mr. and Mrs. Fuzzy Bonner of Pampa met in Dill City, Okla., Sunday for a family reunion.

Warren Spencer of Monahan visited in the home of Mr. and Mrs. B. H. Spencer over the week-end.

Mr. and Mrs. G. L. Rankin of Lela are the parents of a boy born Monday, February 20. He weighed 6 1/2 pounds.

Mr. and Mrs. Bobby Cllett of Berger visited in the Victor Cllett home over the week-end.

Bob Stevens of Canyon is spending this week in the home of his grandparents, Mr. and Mrs. Luther Stevens.

Mrs. W. E. Green returned to Amarillo Saturday with her daughter, Mrs. Ethyl Cantrell, and will be under the care of a doctor.

Times the Same--Hot Checks Prevalled in 1910, Too

40 Years Ago—
IT HAPPENED HERE

Taken from the Files of The McLean News, March, 1910.

Rather a bold but bunglesome job of forgery was that unearthed here yesterday afternoon when Mr. DeVaught of the Arthur Cook Citizens State Bank for collection. The check was drawn in favor of G. S. Graham for 45 dollars, and was supposed to have been signed by Emmitt LeFors. It was given to Mr. DeVaught in payment of a small bill of goods. When the check was presented to Roy Rice at the window he said that it was not LeFors' signature and that the check was evidently forged as the endorsement was written in exactly the same hand as the signature. DeVaught pointed out the man who had given him the check and Deputy Sheriff Massey arrested him, pending an investigation.

Soon after his arrest the prisoner made a full confession, saying that he needed money and thought that a good way of getting it. Just what disposition will be made of the case is not known at this time. The young man is a stranger here.

Interest in the insurance problem that confronts the little town of today has been awakened by the announcement of the insurance companies that a key rate of \$1.00 would be established for all towns that are without any kind of fire protection, and McLean, coming under this head, has decided that some steps should be taken to meet this emergency, as it adds greatly to an already exorbitant rate for fire protection. The matter was discussed to some extent in the regular meeting of the chamber of commerce Thursday night of last week and it was the consensus of opinion that a fire department should be organized and be getting into working order pending the securing of apparatus for their use.

Saturday the mayor issued a call for a mass meeting to be held at the club rooms for this purpose Saturday night and especially the young men of the town were urged to attend. The result of this meeting was the organization of what will be known as the McLean Fire Department with the following officers elected: Chief, H. W. Mullis; assistant chief, Roy Rice; and secretary, Will H. Langley. The membership roll bears the names of the best young men of the city, and the new department starts out with bright hopes for an effective and permanent career. As soon as the committee from the chamber of commerce completes its work of securing estimates on apparatus it is believed that sufficient funds can be secured from the business men and citizens for the purpose of installing the necessary equipment.

Monday morning at a special meeting of the city council the action of the citizens in organizing the department was ratified and a committee was also appointed to draft an ordinance prohibiting the throwing of waste paper into the streets and alleys. This action was taken in accordance with a suggestion made by Fred P. Porter, a special representative of several large insurance companies in Texas, who

made a short talk before the chamber of commerce on the matter. Mr. Porter said that the most important matter for the consideration of the public in connection with the lowering of insurance rates was the cleaning up of the town and removing all trash from streets and alleys and all vacant places adjacent to buildings insured. At regular intervals the insurance board sends out an actuary who visits each town and reports on the conditions as he finds them, and the rates are based on this report. In view of this fact, it behooves the citizens to take steps at once to put the town in a perfectly sanitary condition with reference to the accumulation of trash and debris. March 10th has been set aside as clean-up day by proclamation of the mayor and every man, woman, and child who are to be insurance payers should make a special effort to see that all streets, alleys, and vacant lots adjacent to them are thoroughly cleaned. If this is done the matter of keeping them

COLORFUL SPRINGTIME!

Smart pastel cotton frocks which are sprinkled around the warm resort centers now mean that a colorful spring is on the way. made a short talk before the chamber of commerce on the matter.

At regular intervals the insurance board sends out an actuary who visits each town and reports on the conditions as he finds them, and the rates are based on this report. If this is done the matter of keeping them

clean will be of small import. W. H. Pates informed a News reporter Saturday night that he had ordered 10,000 black locust trees which he will set out on his home place this spring. The gentleman believes that the matter of cheap posts for home consumption is thus easily settled and within the next six years he will have thousands of posts that are second only to boud'arc for service. If every man who owns a piece of land would follow this plan he would not only add greatly to the looks of his place but the dollars and cents return from the sale of posts would pay him many times over the initial expense. Tree planting is the most sensible and even urgent duty of every land owner in this treeless section, and it is gratifying to note the interest many have already manifested in the matter.

Entertainment at Heald Prof. Trawick who is conducting the Heald School, was a caller in the city Saturday afternoon. The gentleman says the pupils of his school are making great preparations for the entertainment to be tendered the public next Saturday evening at the school house, and that quite a crowd of McLean citizens is expected to be present.

Livestock Judging Is New Feature Of Amarillo Show

A livestock judging contest for F. F. A. and 4-H Club boys will be a new feature of the 1950 Amarillo Fat Stock Show. Last year a boys' grass judging contest attracted much interest and it will be held again this year. The show will operate on its usual "free gate" system, the dates being March 8-10.

The Amarillo show is recognized as one of the outstanding livestock shows for 4-H and F. F. A. exhibitors of beef calves, fat swine, and lambs for boys from Texas, Oklahoma, Kansas, New

Mexico, and Colorado. The new livestock building will add to the housing facilities which have been very crowded, according to Art Brailey, secretary.

The sale of Hereford breeding cattle for Wednesday, March 8, will be one of the highlights of

the show. March 9 will be "Quarter Horse Day" and this will attract people from throughout the nation to the Quarter Horse Association meeting in Amarillo during the show. Jack Roach, president, Amarillo Fat Stock Show, expects the 1950 event to be one

of the best in the line and colorful history of the Amarillo show.

Men of Song, Male Quartet, Next on Shamrock Concert List

A vigorous singing male quartet.

The Men of Song, will present one of the outstanding musical events of the season in Shamrock March 15 as a presentation of the Wheeler County Municipal Concert Association. The concert will be held at Clark Auditorium and will begin promptly at 8:15 o'clock.

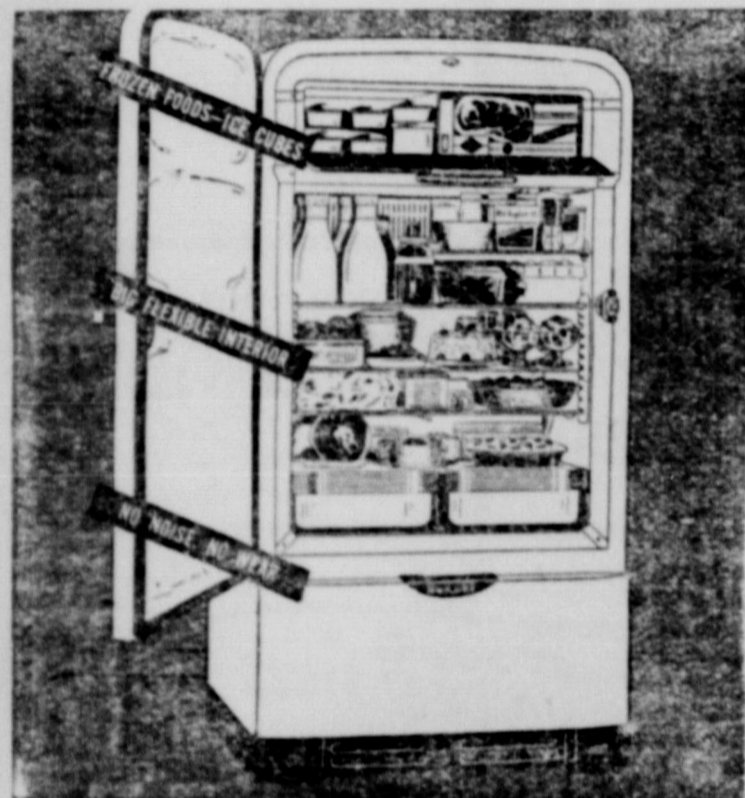

The Men of Song is an accomplished quartet of four virile male voices and is generally acknowledged to be the most versatile quartet in America. Veterans of the concert stage and numerous appearances in radio, television and recordings, each of the four singers has a splendid musical background and education.

Recently the Men of Song was named one of the ten best musical attractions in the United States by the National Society of Music on its list which included such outstanding personalities as Leonard Warren, Eleanor Steber, and others.

The concert will be open only to members of the Wheeler County Municipal Concert Association.

INVEST While Opportunity Knocks!

A cat ranch is now being organized with 100,000 cats. Each cat will average 12 kittens a year. The cat skins will sell at 30 cents each. One hundred men can skin 5,000 cats a day. We figure a daily profit of over

\$10,000!!

What Shall We Feed the Cats?

We will establish a rat ranch next door with a million rats. The rats will breed twelve times faster than the cats. So, we'll have four rats to feed each day to each cat. Now, what shall we feed the rats? We will feed the rats the carcasses of the cats after they have been skinned.

NOW GET THIS!

We feed the rats to the cats and the cats to the rats, and we get the cat skins for nothing!

Shares of stock in this great ranch are selling rapidly, and the prices will soon skyrocket!

Just a Cat Tale and a Skin Game!

Every citizen of McLean has heard of schemes that SOUND equally as good as the above. But not one has seen such schemes advertised, for they won't stand up.

That's why progressive local merchants advertise only dependable merchandise—they know only good merchandise will stand the tests given by customers.

PART OF THE PICTURE

When you picture your Public Service Company, perhaps you think of a power plant, a transmission line, or maybe the Public Service business office in your community. We like to think about another part of the picture... the many folks we work for — our stockholders. Southwestern Public Service is owned by people from many walks of life... you, your neighbor, your friends, and many others. Each one of them has an interest in the company, and no one of them owns more than 2% of the total stock.

That's the way free, private enterprise works. Everyone has the opportunity to share in the ownership of sound, business-managed companies like your Public Service. That's the American Way... the secret of how we have become great and strong and free!

P-TA to Study New Building

A Founder's Day program, under the supervision of Mrs. E. L. Price, was presented at the Parent-Teacher Association meeting held Monday night in the McLean High School auditorium.

The program was as follows: devotional reading, Mrs. John Cooper; prayer, Logan Cummings, history of the beginning of the P-T-A work, Mrs. Lucille Parker; comparison of American democracy and communism, Rev. George MacDonald; business session, Mrs. R. A. Young, president.

Prospects of a new Grade School building were discussed, and it was decided to sponsor an investigation of the possibilities of the erection of a new building. Refreshments were served to those present.

Progressive Club Meets in Home of Mrs. Dickinson

The Progressive Study Club met February 22 with Mrs. Pearl Dickinson as hostess. A short business session was conducted by the president, Mrs. Dorothy Andrews.

Mrs. Margaret Young gave a very interesting program on "The Big Bend Country" and "Teaching School on the Border." Delicious refreshments were served to the following members: Mesdames Dorothy Andrews, Dorothy Beck, Mabel Bizzell, Odle Claiborn, Mary Howard, Lillian Mercer, Mary Lou Pharis, Margaret Young, and the hostess.

Mr. and Mrs. G. W. Baker and Mr. and Mrs. George Preston visited Monday with Mrs. Ernest Christie in Pampa. Mrs. Christie is ill with pneumonia in the hospital, but was reported improving rapidly.

Rev. D. Wells To Speak Here

Rev. Duell Wells, who is associated with Baptist rural missions work in Kentucky, will preach at the First Baptist Church in McLean Friday night.

Rev. Wells has been conducting a school of missions at Borger and Phillips, and will appear before the local church as a prospective pastor. All members of the church are urged to attend the services, which will begin at 7:30 o'clock. The public is invited.

HONORED AT DINNER

Mrs. P. L. Ledgerwood was given a surprise birthday dinner Sunday, February 26, by her family. Those attending were Mr. and Mrs. Frank Stephens and family, Mr. and Mrs. J. B. Stephens, Mr. and Mrs. Jack Burnett, and Mrs. Eunice Knight and son John Edward of Dumas.

NEWS FROM KELLERVILLE

Mr. and Mrs. Coleman Brown and son Ray of Borger spent the week-end in the Elmer Immel home.

Rev. and Mrs. H. Price Bishop and Junior spent Friday and Saturday at Leedy, Okla., visiting their son and family.

Chas. E. Cooke of McLean showed his African pictures in the school auditorium Monday night for the benefit of the fund being raised to send one of our Scouts to Pennsylvania in June to the National Jamboree. A total of \$63.75 was given in a collection taken during intermission. The pictures were very much enjoyed by all, and we wish to thank Mr. Cooke for his kindness in showing them.

Mr. and Mrs. Jack Boyd made a trip to Oklahoma City Friday

Grade School—

(Continued from page 1)

much in school taxes in the future as we have been paying in order to get a new Grade School building. We are not afraid and we are not ashamed to make the statement that we would favor such a move on the part of the citizens. If enough of you are willing to do the same thing, we can have a new school building—at least that is what The News has been told. We will be glad to support publicly any such bond issue. The life of one child would be worth much more to us than the additional taxes we would have to pay—yes, much more, regardless of whether that child is yours or ours.

Chairman, sponsoring institution; Byron Holley, committee chairman; H. A. D'Spain, institutional representative; R. A. Tindall, secretary and treasurer; J. M. Bruton, camp and activities; Arthur Wells and W. J. Foster of Shamrock were visitors.
