I would like to join Superintendent Logan Cummings in urging all parents to see that their children are in school every day, unless of course, there is sickness. Under the new state aid set-up through the provisions of the Gilmer-Aikin law, the average daily attendance is the basis which is used in determining the number of teachers for the school system. Under the old system, you know, the number of teachers was based on the number of children of school age counted in the annual school census. Now it's the attendance which counts.

One day last week, there was a total of 52 students absent from classes in the Grade School alone. sick. But some were absent for no particular reason. ## Thank You For Your Patronage

As many of you already know, I have sold my interest in the Dysart Motor Company to Vernon Wood, and I wish to take this means of expressing my sincere thanks to each of you for your patronage during the

time I was associated with the firm. Your fine cooperaton was deeply appreciated, and I will feel that I gained the friendship of many during my association with the company. I will also appreciate your continued patronage of the firm. I plan to devote my time in the near future to oil development, and my office will be located in the T. N. Holloway building. Thanks again for your patronage.
