McLean—Where 'Everybody' Is 'Somebody'

The McLean News

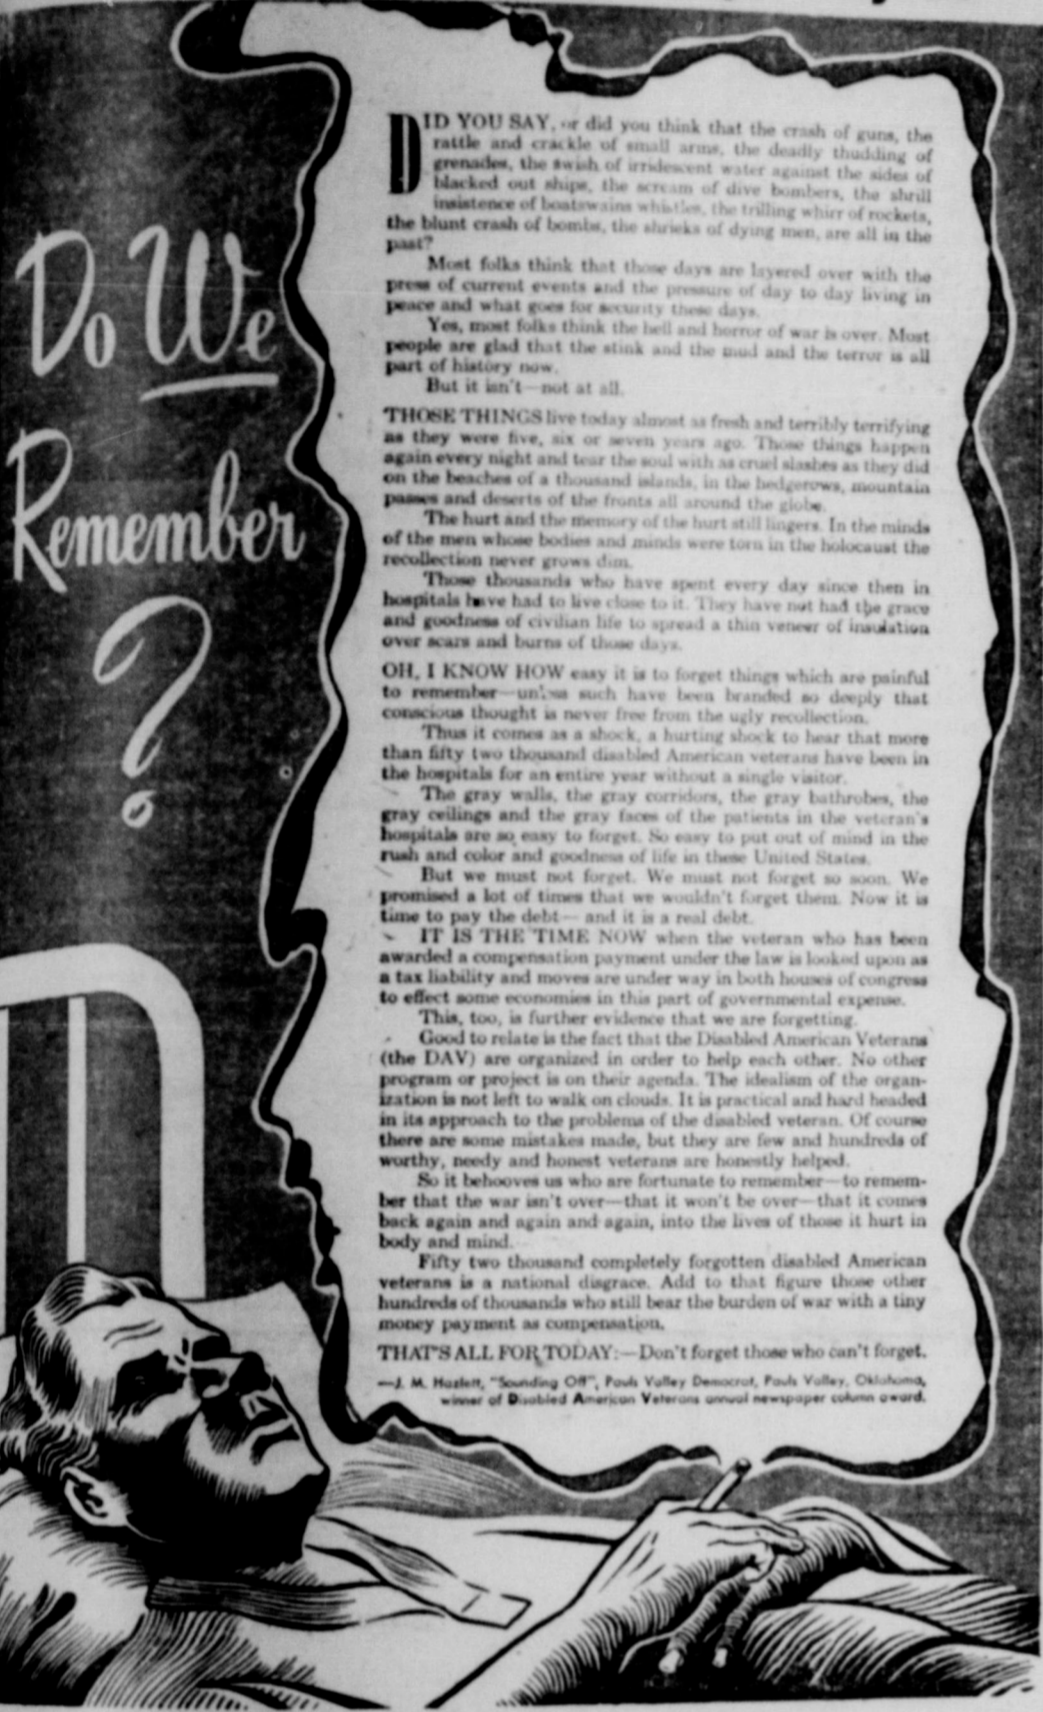

Vol. 47.

McLean, Gray County, Texas, Thursday, May 25, 1950.

No. 21.

Memorial Day... Tuesday, May 30

DO YOU SAY, or did you think that the crash of guns, the rattle and crackle of small arms, the deadly thudding of grenades, the swish of iridescent water against the sides of blacked-out ships, the scream of dive bombers, the shrill insistence of locomotive whistles, the trilling whir of rockets, the blunt crash of bombs, the shrieks of dying men, are all in the past?

Most folks think that those days are layered over with the press of current events and the pressure of day to day living in peace and what goes for security these days.

Yes, most folks think the hell and horror of war is over. Most people are glad that the stink and the mud and the terror is all part of history now.

But it isn't—not at all.

THOSE THINGS live today almost as fresh and terribly terrifying as they were five, six or seven years ago. Those things happen again every night and tear the soul with as cruel slashes as they did on the benches of a thousand islands, in the lodges, mountain passes and deserts of the fronts all around the globe.

The hurt and the memory of the hurt still lingers. In the minds of the men whose bodies and minds were torn in the holocaust the recollection never grows dim.

Those thousands who have spent every day since then in hospitals have had to live close to it. They have not had the grace and goodness of civilian life to spread a thin veneer of insulation over scars and burns of those days.

OH, I KNOW HOW easy it is to forget things which are painful to remember—unless such have been branded so deeply that conscious thought is never free from the ugly recollection.

Thus it comes as a shock, a hurting shock to hear that more than fifty two thousand disabled American veterans have been in the hospitals for an entire year without a single visitor.

The gray walls, the gray corridors, the gray bathrobes, the gray ceilings and the gray faces of the patients in the veteran's hospitals are so easy to forget. So easy to put out of mind in the rush and color and goodness of life in these United States.

But we must not forget. We must not forget so soon. We promised a lot of times that we wouldn't forget them. Now it is time to pay the debt—and it is a real debt.

IT IS THE TIME NOW when the veteran who has been awarded a compensation payment under the law is looked upon as a tax liability and moves are under way in both houses of congress to effect some economies in this part of governmental expense.

This, too, is further evidence that we are forgetting.

Good to relate is the fact that the Disabled American Veterans (the DAV) are organized in order to help each other. No other program or project is on their agenda. The idealism of the organization is not left to walk on clouds. It is practical and hard headed in its approach to the problems of the disabled veteran. Of course there are some mistakes made, but they are few and hundreds of worthy, needy and honest veterans are honestly helped.

So it behooves us who are fortunate to remember—to remember that the war isn't over—that it won't be over—that it comes back again and again and again, into the lives of those it hurt in body and mind.

Fifty two thousand completely forgotten disabled American veterans is a national disgrace. And to that figure those other hundreds of thousands who still bear the burden of war with a tiny money payment as compensation.

THAT'S ALL FOR TODAY—Don't forget those who can't forget.

—J. M. Hazlett, "Sounding Off", Pook Valley Democrat, Pook Valley, Oklahoma, member of Disabled American Veterans annual newspaper column award.

Elections to Consolidate Back With McLean Schools Are Called

Saturday, June 17, Named Date Of Elections by County Judge

Two school elections, one in McLean to vote on the acceptance of the Back Common School District No. 9 into the McLean Independent School District, and the second in the Back community to decide whether that district shall consolidate with the McLean district, have been called for Saturday, June 17.

The two elections were called by County Judge Bruce L. Parker, following his receipt of two petitions, one from McLean school patrons, and the other from Back school patrons.

Members of the Back school district have been discussing the feasibility of consolidating with McLean for some time. The citizens of Back held a meeting last week, and decided at that time to petition the county judge to call an election. Under the law, a majority of the qualified voters in the district must approve such consolidation, and a majority of the voters in the McLean district must approve acceptance of the district into the McLean district.

No school was held at Back during the past year. The new Gilmer-Alkin law provides that a district must consolidate with some adjoining district within two years after becoming dormant, but the dormant school district may consolidate at any time within that limit if it is the will of the voters.

Several citizens from the Back community met with the McLean school board last week to discuss how such a consolidation would affect their taxes, and also how such consolidation would aid in the construction of a new grade school building in McLean. Meeting with the group were representatives from a bonding company in Amarillo and an architect firm in Amarillo.

Superintendent Logan Cummings stated that the voting place in McLean will probably be the City Hall, and that the voting place in the Back community will probably be the school house.

It was pointed out that all qualified voters—which includes those within each of the districts who have paid their poll taxes or who are otherwise exempt—may cast ballots in the elections. The voters do not have to be property taxpayers as in a bond election. Two entirely separate elections will be held, it was explained, the one at Back for consolidation and the one in McLean for acceptance of the consolidation.

Three Receive Tech Degrees

Three students from McLean received degrees at the 24th annual commencement exercises at Texas Tech in Lubbock Monday night. A total of 1,011 degrees were awarded.

Pern Louise Landers received her master's degree in education; John Emmitt Dwyer was awarded his bachelor of science degree in agriculture, with a major in animal husbandry; and Royce Laycock received his bachelor of arts degree, with a major in chemistry.

BIRTHDAYS

May 28—Travis Stokes, Johnnie Cubine, Mrs. Jimmy Hill.
May 29—John B. Vannoy, L. M. Watson, Linda Hindman, Sarah Margaret Coleman.
May 30—Mrs. Bill Stockstill.
May 31—Jerry Ray Kunkel, Mrs. Bill Stroud.
June 1—Bill Cash, Jimmy Lee Williams.
June 2—Rodney Barker.
June 3—C. O. Greene.

COUNCIL TO MEET

The Fifth Tuesday Council of Church Women will meet Tuesday afternoon at 2:30 o'clock at the First Baptist Church, it was announced this week. All women are invited to attend.

Two Showers Net .68 of Inch In Moisture

More welcome rain—fortunately with no tornadoes as accompanying pals—fell during the past week.

Two showers, one early Saturday morning and the other early Monday morning, brought a total of .68 of an inch in moisture, Pete Fulbright, local weather observer, reported.

The Saturday morning shower started shortly after midnight Friday, and continued from 12:35 until 1:15 o'clock. This shower netted .42 of an inch, and fell hard. Some small hail also fell.

Still earlier in the morning, the Monday shower began at 12:10 and ended at 2:15, bringing an additional .26 of an inch.

The two showers bring the total for the month of May to 3.09, and for the year to 4.56 inches. In 1949, at approximately the same date, 13.67 inches had fallen; in 1948, the total at this time was 6.40 inches, Fulbright's records show.

High winds preceded each of the two thunderstorms, with a great deal of dust flying through the air just before midnight Sunday. Storm warnings were sounded on each occasion by Night-watchman Buddy Watkins, and many residents went to their cellars for safety.

As for the crops in the area, County Agent Ralph Thomas says that very little wheat will be worth harvesting this year. The moisture is coming in time, however, for the planting of next fall's row crops, and most farmers have been busy during the past two or three weeks.

Legion to Sponsor Cemetery Clean-Up On Memorial Day

A clean-up day at Hillcrest Cemetery, sponsored by the Andrew H. Floyd post of the American Legion, will be held Memorial Day, Tuesday, May 30. A tent will be set up by the Claborn Funeral Home, and refreshments will be served to those aiding in the work. J. C. Claborn said this week.

At 5 o'clock Tuesday afternoon, a Legion firing squad will fire a 21-volley salute in memory of the men lost in past wars.

Those desiring to aid in the cemetery clean-up are requested to bring tools. Some tools will be on hand, but others will be needed.

Strictly speaking, Donald Duck should be Donald Drake—the male of the species.

John F. Studer Announces for Gray Attorney

John F. Studer, county attorney of Gray County, has authorized The McLean News to announce his candidacy for re-election for his second consecutive term in that office.

Studer's record as a vigorous county prosecutor is clearly shown in the county books since he took office on January 1, 1949. He has been particularly aggressive in his action against "intoxicated drivers," "hot check passers," and "liquor law violators"; he has been responsible for such offenders to be punished by long jail sentences and heavy fines. And in this connection, he states that he wishes to thank the people of Gray County, jurors, and the law enforcement officers for their generous help they have given him in the past and he states that he can be assured that he will continue rendering them support and will continue a vigorous and unrelenting prosecution of law violators.

Studer spends much time with each case in order to determine whether or not the violators should be prosecuted or, on the other hand, to reject the prosecution when a case or cases weighed in the scales of justice show that there is no righteous foundation for a prosecution, it was explained. Studer also spends much time in investigating the problems of the juvenile that becomes delinquent, and he has aided the authorities in committing them to homes and clubs and institutions that will help them to achieve and reach a standard of living in society, and he does not believe in sending a child to a State Reformatory unless all other means have been resorted to and they fail.

Gray County is similar to a (Continued on back page)

Rev. Hill Addresses Seniors

Rev. Leon M. Hill, pastor of the San Jacinto Baptist Church of Amarillo, proved to be the entertaining speaker for which he has an enviable reputation when he addressed the 40 seniors and an overflowing audience at the graduation exercises for the McLean High School last Thursday night.

The visiting speaker brought in serious thoughts, as well as humor, in his speech which he entitled "Hit Your Wagon to a Star, and Hit Your Star to a Wagon." He pointed out that goals should be high, but that much work would be necessary to attain them.

Sue Young, in her valedictory address, emphasized that the class of 1950 was going out into a fast-moving world, but that this class was ready to challenge the odds.

Miss Young received numerous

awards in the presentation of honors and awards by Superintendent Logan Cummings. In addition to her choice of a number of scholarships, to both state and private colleges, she received two journalism awards. A number of the scholarships are made available to both the valedictorian and the salutatorian (as high boy scholastically). Edward Lee Dwyer, by the Texas Council of Related Churches.

In the other awards given, Charles Bailey, for the boys, and Etile Lou Carpenter, for the girls, were awarded medals for sportsmanship, known as the Babe Ruth sportsmanship awards. The two will have their names on a plaque which is to be hung in the school building.

Edward Dwyer was awarded the medal for mathematic ability. Patricia Ferguson was given the citizenship medal, Billy James Rainwater was awarded the medal

Three Countians McMurry Grads

Commencement exercises for McMurry College, Abilene, seniors were conducted in the gymnasium Tuesday morning.

R. B. Anderson, chairman of the state board of education, was the principal speaker. President Harold G. Cooke conferred honorary doctorate degrees upon Anderson, Rev. J. Edmund Kirby of Sweetwater, and Rev. A. C. Douglas of Lea Cruces, N. M.

One hundred thirty-five McMurry seniors received diplomas or certificates. The certificates were given students scheduled to graduate in August, since McMurry does not have summer commencement exercises.

McMurry seniors included Bob Black of McLean, Kenneth Land of Pampa, and Robin Tibbets of Lefors. Black and Land will graduate in August.

C. of C. Drive to Start Friday

The drive for members of the newly-organized McLean area chapter of commerce will begin Friday morning, John R. Broadhurst, chairman of the membership committee, said Tuesday.

Working with Broadhurst on the committee will be Bill Stubbs, Paul

Macina, Raymond Gossett, J. D. Coleman, Kid McCoy, John Cooper, R. B. Sherrick, Dr. J. H. Kritzler, Buddy Sutton, Jack Plummer, and Felton Webb. The committee was named at a recent meeting of the board of directors.

Broadhurst stated that it is planned to have the membership workers divided into various groups to work the business section in McLean. A concentrated drive of the businessmen will be made first, and it is hoped that a large number of farmers and ranchers, as well as other individuals, will become members of the new organization.

Jesse Coleman, farmer, rancher, and coordinator of the Veterans Vocational Schools of Gray County, has been chosen as president of the organization. Felton Webb, rancher, is vice president; and W. C. Meharg, manager of the Southwestern Public Service company, is corresponding secretary. The officers are members of the board, and others on the board are Boyd Meador, Paul Macina, Bill Stubbs, Felton Webb, Claude Powell, Milton Carpenter, Lester Campbell, J. D. Coleman, and Shelton Nash.

No definite projects for the year's work have yet been worked out by the board. Several meetings of the 12 men have been held, and details of the organization have consumed most of the time spent in the sessions.

The board members stated that they believe the organization should be well planned in advance, and not too hasty actions be taken. The last attempt at organizing a chamber of commerce here was rushed along to such an extent that lack of proper organization contributed heavily to its failure.

Dues for members of the organization will vary considerably. A proposed system of dues, worked out by a special finance committee, will call for a minimum of \$5 annually for some individuals who may desire to belong, and a maximum of about \$100 annually for some of the larger businesses.

McLean Nine Drops Game To Panhandle

Two disastrous innings—the second and the fourth—proved deadly to the McLean baseball team Friday afternoon, as the local nine went down before the heavy hitting of the visiting Panhandle team on the McLean diamond 10-4.

Panhandle scored seven runs in the second and six more in the fourth, with Guy Wester, tossing for the visitors, getting the only homer of the afternoon.

The loss made three for the local nine for the season, to one victory.

In other Caprock League games, St. Francis won over Goldston, 12-10; Groom downed Washburn 11-4; and Hedley beat Claude 10-4.

Next Sunday's games are as follows: Hedley at McLean; St. Francis at Washburn; Groom at Claude; and Goldston at Panhandle.

Baptist Bible School to Begin Next Monday

The Baptist Vacation Bible School will be held May 29 through June 2, it was announced this week.

(Continued on back page)

UNCLE SAM AND US

ARE YOU ONE of the many citizens of the United States who is interested in seeing our federal government placed on a balanced budget basis? In other words, are you one of those people who would like our government to get to the point where it will not be spending more than it is taking in?

If so, then you must face the facts. There are two routes by which a balanced budget can be accomplished: first, taxes may be increased to do this balancing act; or, second, federal expenditures may be decreased.

Already citizens of the U. S. are paying more than 25 per cent of their income to taxes of one kind or another (this, of course, includes federal, state, county, city, and school taxes of all kinds). Much more taxation will bring us to a complete socialistic state, and when we reach 70 per cent taxation we will have a complete dictatorship.

The only way this can be done is to cut off many of the government spending programs. At the present time, pressure is being applied to the federal government which would add as much as \$25 billion to the nation's annual tax burden. President Truman's 1951 budget message calls for a total expenditure of \$45 billion, including \$3 billion for social security programs financed by payroll taxes. The budget also contains \$1 billion to initiate 34 new federal spending programs, programs which would carry on indefinitely and grow much larger until they would eventually add \$4 billion a year to the present federal tax burdens.

It is interesting to note that in the last 20 years, only two have found the federal government operating under a balanced budget—these two years were in 1947 and 1948. In that 20 years, the public debt has risen from \$17 billion to \$258 billion, much of which, it is true, was accumulated by the war.

One senator has outlined a plan which would eliminate a quarter million civilian jobs in non-military agencies, which would lop off another 80,000 civilians from military establishments, reduce public works outlay by \$1 billion, and withhold congressional approval of the 34 new plans of federal spending. Another senator has proposed that excessive vacation privileges of federal employees be reduced. Consolidation and streamlining of the federal agencies, as outlined in the Hoover commission report, is also favored by many.

Something must be done, that is a certainty. We cannot continue to spend more than we make. Even the borrowing limit of a government is reached in time.

HELP!

It's housecleaning time—and a good time to protect your family by removing fire hazards in your home.

Every minute, day and night, some home is damaged by fire. The most frequent causes are (1) rubbish and trash . . . (2) defective chimneys . . . (3) combustible roofs . . . (4) defective heating . . . (5) matches and careless smoking . . . (6) gasoline and kerosene . . . (7) electrical defects.

When you houseclean — clean out the fire hazards too.

LES TALK

Last Tuesday—the Tuesday of last week, that is—I ate my dinner, or lunch if you city folks prefer, at the Lions Club. Wednesday noon I had left-overs from a barbecue supper in the yard Tuesday night. Thursday noon I went to lunch (dinner that is) early, and we had a hurry-up meal. Friday morning I had a tooth pulled, and had no meal at noon. Saturday noon, the tooth socket was still sore.

But, by George, Sunday we ate that chicken, fried up good and brown, Smokey, and it was good.

If the rest of you don't know what I am talking about, Smokey Price, the happy barber, brought me a frying-size chicken Tuesday of last week. For the benefit of anyone concerned, the chicken is now gone. Thanks, Smokey.

Charles Cousins asked me the other day why I had quit writing about the socialistic trend, and possibly other national and international things. He is truly interested in such, and is worried about the socialistic trend. I am, too, incidentally.

However, I might explain that in putting out a little newspaper, we have a lot of people to please. And all of them have different tastes. Should I write each week about socialism, I would lose at least one of the five or six who read this column. Should I write something a bit sentimental each week, I would lose another. Etc. Therefore, I try to write some times about one thing, other times about another.

And I often wonder how many people do read the column. Occasionally, someone will mention to me something they have read in this column, and I am greatly surprised they even bothered to read it. It does please me to know that some people read it, whether they agree with me or not.

This week's specialty in this column was written by Hubert M. Harrison in the Graham Leader. I believe you will like it. Here it is:

"Of all the torments that plague the human race the worst are envy and hate. The man or woman who gives over to envy, jealousy, and covetousness builds a little private hell to stew in. Hate does not hurt the one who is hated but it poisons the life of the hater.

"In many a town, with its outward appearance of peace and harmony among neighbors, envy and hate behind closed doors and drawn blinds have destroyed peace and have stopped progress. Where abide hate and envy, there can be no peace, no cooperation, no progress, in the home, shop, church, or community.

"Envy has been called a form of insanity. The mind that is warped by hatred of everyone who has some wealth or fame is certainly not normal. Let the psy-

Mobil Lubrication

Magnolia Service Service
Andy Watkins

chiatrists define it as they will.

"I used to know a sweet old lady who never had much of this world's goods but who was thankful for small blessings and radiantly happy about the good fortune of her friends. She had found the secret of the philosophers for happiness although she would have been amazed to have been told so. I also have known young and handsome women, enjoying great advantages, who were miserable because friends had bigger automobiles, more and finer dresses or bigger houses.

"A chamber of commerce manager told me recently that he had

to leave a good job in a nice town because his 'hate' list got too long. This was not a list of people who hated him. It was a list of people whom he had allowed himself to come to hate.

"And old politician, famous in Texas 30 years ago, once told me that 'a man doesn't have time to hate more than three people actively at one time.'

"God pity the heart that harbors envy and hate like worms gnawing at its very life. Communities can survive fire, flood, famine, and pestilence but they cannot grow with envy and hate.

"The current song, 'Dear Hearts and Gentle People' reflects the love of the home town that is expressed by someone who, no doubt, has been away for a long time. He has forgotten the gossip, the backbiting, the lying, the cheating, the envy and hate, and he sees only the kindness and charity that every town has to some extent, at least on the surface.

"More important in community building than statistics of population, bank deposits, building permits, barrels, bales and bushels, are the hearts of good neighbors who will work together for a better town without envy and hate."

Perhaps you are one of those people who do not enjoy reading such material as that above. And if so, I sincerely believe you are the type who should read it. Of all the brief articles I have ever read on small town hate and envy, I believe this one above, written by Mr. Harrison of the Graham Leader, is the most fitting.

"That is the reason I have devoted most of this column this week to reprinting it.

Back Yard Lights Can Be

DANGEROUS

Warm summer nights bring thoughts of outdoor parties—but they can be dangerous. Too often inadequate wiring is used, and circuits overloaded by a long string of lights. Call 205 and let us install those lights properly—or check your present outdoor wiring.

OFFERS TO PAY FRIENDS IF HADACOL DOESN'T HELP

HADACOL HELPS SUFFERERS OF
VITAMIN B₁, B₂, NIACIN AND IRON DEFICIENCIES

Mrs. Wallace tells her granddaughter, Maynell Wallace, over the phone how HADACOL brought relief to her.

Mrs. Belle Wallace, 449 Formwalt St., S. W., Atlanta, Ga., is so grateful to HADACOL for the blessings it has brought her that she has recommended HADACOL to a number of her friends. She told them she would pay for their bottles of HADACOL if it didn't help them. She explains with a smile that she hasn't had to pay any of her friends, because HADACOL has helped them.

Mrs. Wallace, who is 74 years old, has five children, seven grandchildren and two great-grandchildren. She was suffering from a deficiency of Vitamins B₁, B₂, Niacin and Iron, which HADACOL contains.

Mrs. Wallace said: "I couldn't sleep or eat until I started taking HADACOL. I'd lie awake and toss and turn until the small hours of the morning. I was highly nervous. I couldn't even thread a needle. But, since I've been taking HADACOL, my nerves are as steady as can be. I couldn't eat because when I did my stomach would puff and blast and fill with gas. I am on the 7th bottle of HADACOL and my stomach is so much better."

Why Be Satisfied With Temporary Relief?
HADACOL also helps build up the hemoglobin content of your blood (where iron is needed to carry these precious Vitamins and Minerals to every organ, and every part of your body—to the heart, liver, kidneys and lungs—even to the eyes, hair and nails) to help repair the damage that such a deficiency may be causing there. Countless thousands are benefiting from HADACOL. Why don't you give it a chance to help you? Why continue to suffer? Remember, HADACOL doesn't give temporary relief. Instead, it treats the real cause of your illness when, as so often, it's due to such deficiencies. That's why it's so effective; that's why it is accomplishing such amazing results.

You'll Feel Great . . .
with the first few bottles you take, or your money back. There is only one HADACOL and it is sold on a strict money-back guarantee. So give this remarkable HADACOL medicine a chance to help you. It's never too late to start taking HADACOL. Many who despaired of improvement found that HADACOL was almost like a miracle for them. Remember that HADACOL is amazingly different and amazingly effective because it treats the real cause of deficiencies of Vitamins B₁, B₂, Niacin and Iron. Make up your mind to take HADACOL regularly. Refuse substitutes. Insist on the genuine. You can't lose a cent, because it's sold on a strict money-back guarantee. Only \$1.25 for Trial size. Large Family or Hospital size, \$3.50.

NEWS FROM KELLERVILLE

Mr. and Mrs. M. L. Johnson are visiting relatives in East Texas.

Mr. and Mrs. L. P. Shelburne have leased the M. L. Johnson Ranch and have moved in the home.

Mr. and Mrs. Jack Harris and Mary spent Sunday at Elk City, Okla., visiting Mrs. Harris' grandmother.

Mr. and Mrs. Durant Brock and Sharon are vacationing in Oklahoma.

Mr. and Mrs. Ollie McPherson and children, Lloyd McPherson, and Mr. and Mrs. Jake Jones and children are spending their vacation at Lake Texoma fishing.

Cpl. Richard Duane McPherson, son of Mr. and Mrs. Ollie McPherson, is home on a 30 day furlough, after which time he will return to Guam, where he has been stationed for the past year.

Graduating from the Kellerville Grade School Thursday, May 18, were Phenelpha Harlan, Mary Tinkler, Delpha Lauderdale, Carl

Hampton, Charles Bailey, Linden Immel, and Luther Thompson.

Kellerville students graduating from Ehamrock High School Monday night were Norma Chapman, Patsy Tindall, Margaret Sue D'Spain, Don Richardson, and Charles Boyd.

Mr. and Mrs. Brent Chapman are spending a week of their vacation visiting relatives in Oklahoma.

Mr. and Mrs. E. H. Kephart and David have returned from a visit with relatives in eastern Oklahoma.

Mrs. R. M. Holley has returned from her trip to Corsicana, and is with her son, Byron Holley, here.

Jimmy Parren is recovering from a case of the mumps.

Mrs. Jim Williamson and children of Mobeetie visited Sunday with her parents, Mr. and Mrs. C. A. Myatt. Mrs. C. A. Myatt Jr. and son returned home after a short visit in Mobeetie.

Mr. and Mrs. Wes Langham of Pampa, and Mr. and Mrs. H. T. Miller of Kellerville visited Sunday in the T. A. Langham and Paul Miller homes.

Miss Earnestine Dickinson and Jim Bob Smith of Dallas spent the week-end with Miss Dickinson's parents, Mr. and Mrs. R. T. Dickinson.

Johannie Henley and Mrs. Bruce Henley of Childress visited Sunday with C. E. Henley, who has been ill in his home for several months.

TEE TIME!

'Tis spring — and golfers have taken to the greens. One of the new additions to the course this season is a "knee-action" canvas golf bag designed for the man who carries his own clubs. Attached to the canvas bag are legs that unfold, forming a tripod to hold up the clubs. When the golfer picks up the bag by the shoulder strap, the legs automatically retract. The "Zip-Pac" canvas bag weighs less than most conventional bags.

News About—SOCIAL SECURITY

The size of an organization makes no difference when it comes to coverage under the old-age and survivors section of social security. John R. Sanderson, manager of the Amarillo office of the Social Security Administration, said a wage earner who is the only employee has the same opportunity to qualify for insurance under the plan as do workers in large manufacturing plants, provided, of course, his employment is in commerce or industry, as the federal social security tax applies to employers of one or more persons.

There have been several cases of older workers who did not have quite enough coverage to qualify for retirement benefits. "Sometimes they recall having worked for an employer who thought he did not need to report wages since he had only one or two employees," Sanderson said. "It is not always possible for such workers to get credit for non-reported earnings as far back as the beginning of the Social Security Act. However, if the employer can be located, and he files proper returns for such past employment, or if the services have been performed within the past four years, the wage earner may have his earnings added to the record on which benefit payments are based," he explained.

Complete and accurate information on social security can be obtained from the Amarillo social security office located in the new Post Office building.

Mr. and Mrs. T. A. Langham visited relatives in Amarillo last week-end.

A sultan at odds with his harem. Thought of a way to scare. He caught him a mouse, set it loose in the house. Thus starting the first harem-scarem.

Character is what you are—reputation is what you get caught at.

The income tax collector may be a jack-of-all-trades but he collects it just the same.

The Most Beautiful Thing on Wheels

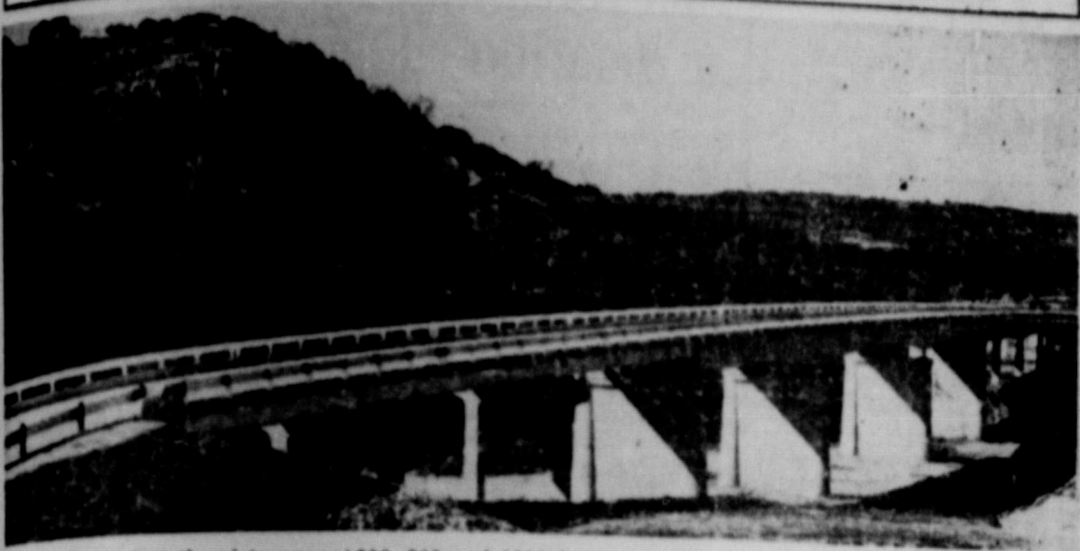

It's a wonderful feeling to take the wheel of a magnificent new Pontiac convertible—to feel the pride of driving a car with character in every line and action.

It is a feeling shared by all Pontiac owners. For all new Pontiacs offer sparkling performance—all new Pontiacs are built to deliver years of dependable, economical service with only routine care.

In short, every new Pontiac has character written all over it and stamped deep into its background. That's a very big reason why, dollar for dollar, you can't beat a Pontiac!

Hibler Truck and Implement Co.

NEW HIGHWAY BRIDGE IN WEST TEXAS

Standing against the picturesque hill country in West Texas, this handsome concrete and steel span six miles west of Junction is one of a series of four new highway bridges over the North Llano River and tributaries in western Kimble County. Just opened to traffic, the bridges will serve motorists on the new U. S. Highway 290 route between the Austin and San Antonio areas and El Paso. The structures, representing the most up to date in highway bridge design, include three concrete and steel crossings—300, 800 and 1010 feet in length—and one reinforced concrete structure. All structural steel and cement for the four-bridge project was supplied by U. S. Steel subsidiaries. Virginia Bridge Co. furnished structural steel totaling 950 tons. Universal Atlas Cement Co. supplied 4,659 barrels of Atlas Dura-plastic, a special air-entraining cement used to impart to concrete an increased plasticity for proper placement in forms, an improved surface appearance and greater durability in use. The 800- and 1010-foot bridges replace hazardous low water crossings over the North Llano's shallow stream bed which frequently were closed when waters from its Edwards Plateau watershed fed the quick-rising stream. These are the last low water crossings on U. S. 290 in Texas. General contractors were M. E. Worrell, and Dallas, and the project was under the direct supervision of W. N. Hardeman, Texas Highway Department resident engineer.

Many Flies Again Predicted in 1950 By State Doctor

"Go in and out the window" is a line from a children's game which thousands of little youngsters have played for years. It may be used to describe something else, too, for flies like to go in and out windows. Dr. Geo. W. Cox, state health officer, reports that fly infestation will be

heavy this year. So, now is the time to kill those early flies . . . before they have a chance to produce thousands more during the summer.

These pests love to buzz around in uncovered garbage pails, stables, old privies, and in homes around uncovered food. Do you have a metal garbage pail with a tight-fitting lid? Are screens on your windows and doors in good repair? Waste should be removed from stables often, for horse

manure is one of the chief breeding places of flies. Children can help to keep flies out of the house by keeping screen doors closed, and swatting flies that enter the house.

Flies carry germs on their fast-moving wings, in their tube-like mouths, and on their furry legs and feet. What are some of the diseases they spread? Typhoid fever, dysentery, and tuberculosis are spread by these insects that feed on germ-laden filth.

Clean-up campaigns, screening, and spraying with insecticides are the best methods for getting rid of flies. Special care should be used in the use of DDT, or other insecticides . . . directions should be followed carefully. Let's clean up on the new crop of flies to protect the health of our families.

Oklahoma is the only state whose capital, Oklahoma City, bears the state name.

New School Building in 1910

40 Years Ago—IT HAPPENED HERE

Taken from the Files of The McLean News, May 1910.

School Bonds Are Approved
The fact that the actual construction of the \$25,000 school building in McLean can commence within the next 30 days was brought to light Wednesday when A. B. Gardenhire and C. E. Donnell returned from Austin with news to the effect that the bonds were passed most favorably by the attorney general's department and would be sold within two weeks.

These gentlemen were sent by the board to Austin for the purpose of pushing the matter thru and the result of their efforts is most satisfactory to all concerned. In fact, they were highly compli-

mented for their zeal and Dr. Donnell was congratulated by the attorney general for the thoroughness of his work in getting up all the papers and arranging all the preliminaries. The good news of their success was received in the shape of a wire from them Tuesday, the wire also stating they would be home Wednesday. A big crowd of citizens met them at the depot and the McLean orchestra furnished music for the occasion. When the train pulled in, Will J. Hodges led three rousing cheers for the committee. That McLean is proud of her board of trustees and the faithful work they are doing in behalf of the schools needs no repetition from us. They are all workers and do not fail to neglect their own business when the good of the school is at stake.

Advertisements have been mailed to both the Daily Panhandle and Daily Oklahoman calling for bids on the building and all bids must be in by the last day of this month, at which time the contract will be let and the work commenced on one of the best buildings for a town of this size in the state.

Let us all constitute ourselves a

committee of the whole and lend every effort possible to the board in their work for the upbuilding of this important institution and before many moons our schools will be recognized as second to none. Good schools make good towns and we all want McLean to be a good town. If you have a little personal feeling against any member of the board now is the time to show your good sense and broadmindedness by dropping it and adding your might to the chorus of workers who intend to help in this good cause.

Notice to Contractors

Sealed bids will be received by C. E. Donnell, secretary of the board of trustees of the McLean Independent School District at McLean, Texas, until May 30, 1910, at 10 a. m. for constructing a three-story brick school building. Each bid is to be accompanied by a certified check for the sum of \$500.00. Plans and specifications may be seen at the office of the architects, D. P. Kaufman and Son, at Amarillo, Texas, or at the office of the secretary at McLean, Texas. Owners reserve the right to accept any or reject all bids or proposals.

C. E. Donnell, Secretary.

City Officials Qualify

At a special meeting of the city council Tuesday afternoon the new mayor and board were sworn in, as was also the marshal. J. R. Hindman did not qualify and on account of this and the tie for fourth place on the ticket, a new election will be called at once to elect two aldermen. W. R. Patterson as mayor, and J. L. Crabtree, Wm. Abernathy, and T. A. Cooke as aldermen, took the oath of office. A. G. Richardson was appointed secretary and the office of treasurer was left vacant for the present.

THE CLASSIFIEDS?

H. Longan thinks so. Last week, he ran an ad stating that Mrs. Longan had fryers for sale at \$1 each. By noon Thursday, soon after the paper was in the Post Office, the chickens began to sell, and by afternoon, nearly all of the chickens were sold.

T. A. Landers, former publisher of The News, had even better luck. Last Friday morning, he mentioned in the barber shop that he had just placed an ad in the paper to sell a Shetland pony he owned. As a direct result of that mention, he sold the Shetland Monday morning, three days before his ad ever had a chance to come out. It pays to advertise, you see, anyway you do it. Says Mr. Landers, "Glad to see The News still has its old time power."

For Justice of Peace, Prec. 5: C. S. RICE

For Constable, Precinct 5: LUTHER (LUKE) HENLEY J. A. (JIM) WHEELER

Goodrich Gives Statements of Announcement

Lewis M. Goodrich of Shamrock, who recently authorized The News to announce his candidacy for reelection as district judge, this week issued his formal announcement. The announcement follows: "In announcing for my second term, I want to thank the people of this district for the support they have given me in the performance of my duties as district judge.

"I have devoted my time and very best efforts in performing the duties of the office, and want to refer all of the voters to the bar of this area and others who have been in attendance upon the court throughout the district as jurors, and in other capacities, to ascertain the manner in which your district court has been conducted during the last three and a half years.

"The condition of the docket throughout the district will reflect the record of your district judge and the minutes of the respective clerks' offices will reveal and verify what has been done. I respectfully submit them for your inspection, and further refer you to the record of cases appealed from this court during my tenure of office. The records of 16 cases have been transmitted from this court to the Court of Civil Appeals, the Supreme Court, and the Court of Criminal Appeals. All but three of these cases have been passed upon, one of which was reversed and rendered, and the other 12 were affirmed. I pass this on to you for your consideration and as a yardstick to measure the standing this court has had with the higher courts since I have served as your judge.

"Upon the basis of my service and record I respectfully submit to you my candidacy for a second term as judge of the 31st Judicial District."

Geraldine Florey Hostess to Group At Annual Party

Approximately 55 friends, faculty members, and seniors were entertained at the home of Mr. and Mrs. R. G. Florey last Wednesday evening when their daughter, Geraldine, was hostess at an "Annual Party."

Principal diversion of the evening was autographing the 1950 Tumbleweed, high school annual. Mary Ruth Holloway and Jeanne Pharis served at the beautifully appointed lace covered table. Class colors of blue and white were carried out in blue and white tapers in crystal epergnes. Betty Dickinson and Darlene Shadid furnished background music throughout the evening.

Baptist—

(Continued from page 1)
 week, with classes scheduled from 8:30 to 11:30 o'clock each morning.
 Registration of students will be held Saturday at 2:30 o'clock in the afternoon, following which a parade will be staged, and ice cream will be served to those registering.
 A picnic will be held Saturday afternoon, June 3, for those attending, and the commencement program will be Sunday night, June 4, at 8 o'clock.

Workers are as follows: Principal, Rev. Buell Wells; pianist, Barbara Nell Williams; song leader, Mrs. Boyd Reeves; secretary, Mrs. Luther Petty; nursery, Mrs. Ruth Turner and Mrs. Oba Kunkel.

Beginner superintendent, Mrs. Joe Willis, assisted by Mrs. J. Boyd Smith, Mrs. B. L. Stokes, and Norma Watson; primary superintendent, Mrs. Hubert Waldrop, assisted by Mrs. Paul Miller, Mrs. Hershel Smith, and Jeanne Pharis.

Junior superintendent, Mrs. John Cooper, assisted by Mrs. R. L. McDonald, Mrs. J. B. Taylor, and Jane Williams; intermediate superintendent, Mrs. Buell Wells, assisted by Mrs. R. L. Appling, Mrs. E. L. Price, and Mrs. John Broadhurst; superintendent girls' handwork, Mrs. George Colebank; superintendent boys' handwork, Joe B. Taylor.

HAS BIRTHDAY PARTY

Pierce Castleberry Jr. celebrated his 10th birthday with a party at his home six miles northeast of Abilene May 18, at 2 o'clock. Party sandwiches, cake, and punch were served to Bob and Kay Stubbs, Carolyn and Carl Money, Eugene and Frank Worsham, Jack Hall, Jimmie Shaw, David Miller, John Davis, Jimmy Don Goldston, Rex Williams, Joe Woodrene, Rhoney Hill, Mr. and Mrs. Luke Armstrong, Mrs. H. H. Worsham, Mrs. Jinks Shaw, the honoree, and his parents, Mr. and Mrs. Pierce Castleberry.

The Feast of the Passover commemorates the time the Angel of Death took the firstborn of every family in Egypt, save those which had the mark of a lamb's blood over the door sill. The Jews had so marked their houses so the angel might pass over.

John Hancock's signature on the Declaration of Independence was so large that his name has become synonymous with signatures every since.

Legion Meet This Week-End In Amarillo

Three state American Legion commanders, the governor of Texas, and a member of the Texas Railroad Commission will be among those on the program for the annual Fifth Division convention of the American Legion to be held in Amarillo Saturday and Sunday, May 27 and 28.
 The convention will be the occasion for the formal opening and dedication of the new \$115,000 American Legion home of the Hanson Post No. 54, Wayne Middleton, commander.

Joe Spurlock, commander of the

Department of Texas; Dick Warren, commander of the Department of Oklahoma; and Seaborn Collins, of the Department of New Mexico, will be on the program with Governor Allan Shivers of Texas and Col. Ernest O. Thompson of the Texas Railroad Commission. Col. Thompson was the first commander of the Amarillo post and will preside at the dedication of the new home.

Mr. and Mrs. Bob Black attended the commencement exercises of McMurry College at Abilene Tuesday morning. Their son, Bob, received his B. A. degree. Jan, their daughter, returned home with them.

Mercator's projection is a map in which the points of the compass preserve the same direction all over the map.

large business institution or enterprise and many legal problems confront the county, the candidate stated. Therefore, Studer's experience has served the county well in being able to handle suits against the county, condemnation proceedings for the county, and the giving of true and correct interpretations of all the rights and problems which confront the county.

Studer was born and raised at Canadian, moving to Pampa in 1924, at which place he has resided with the exception of four years that he served in the army during World War II, and he wishes to thank the people of Gray County for their support and influence.

Rodeo Boosters To Visit Here

Boosters for the Hall County rodeo, to be held in Memphis June 1, 2, and 3, will visit McLean Friday, arriving here at 12 noon, Homer Tucker, secretary of the Hall County Rodeo Association, informed The News this week.

Accompanying the delegation will be the Memphis Gold Medal Band, Square dance teams, and old time fiddlers.

Guests in the home of Mr. and Mrs. R. G. Florey last week were their daughter, Mrs. J. A. Walston of Bandera, who returned to her home on Saturday, and Mr. Florey's parents, Mr. and Mrs. D. S. Florey of Denver, Colo., who are here for an extended visit.
