The News has won another prize, although we didn't know anything about it until this week. The News has been awarded second place in the general excellence contest for weeklies published in towns under 2,000 population, sponsored by the West Texas Press Association. The award winners were announced at the annual convention of the association late in August, but no representative from The News was able to attend. Taking first place honors was the Matoral Tribune. Tying for third place in the same division were the Baird Star and the Cross Plains Review.

Mrs. Mary E. Collier of 1414 Washington St., Amarillo, was 90 years young September 4, 1951. Mrs. Collier, moved to McLean from Oklahoma in the early 1880s. A number of old time friends in McLean remembered her with birthday greeting cards this week, and others who have not sent cards may still remember her with a card.

Thanks to the aid of Mrs. Lady Bryant, librarian for the McLean Public Library, Mrs. Pearl L. Curry can "read" again. Her reading isn't done with her eyes, however, for Mrs. Curry is almost totally blind—can see just enough to be able to get around. But instead, her reading is done by Mr. Bryant. Mrs. Curry is able to obtain for Mrs. Curry's use a photograph reading machine from the Texas state library at Austin. Readings of all types of books can be ordered, and when they are completed, they are returned to other people's use. The machine itself can be retained by Mrs. Curry for an indefinite time. Obtaining the machine is one of many services performed by Mrs. Bryant.

Keith and C. A. Myatt Jr. of San Antonio visited in McLean over the week-end with their parents, Mr. and Mrs. C. A. Myatt. Keith is employed in the shipping department of the Herwin-Williams company of San Antonio. C. A. is in the Army Air Corps stationed at Fort Benning, Houston. Mrs. C. A. Myatt and son left San Antonio last Friday for Rome, Italy, to visit relatives for the first time since he came to the United States.

Dan Cooper is back on the Tiger football squad. Dan had planned to move to Tucumcari, N. M., where his parents, Mr. and Mrs. John W. Cooper, recently bought a grocery business. But Dan wanted to play football with the Tigers again this year, and arrived back Monday to be on the squad. His loss had been keenly felt by Coach Don Leach, who Leach had planned to use him as the signal caller, and as a mainstay in the backfield. He will remain here for at least the first semester, it was reported in The News.

Pre members of the Methodist Youth Fellowship entertained members of the McLean Lions Club Tuesday noon with several musical numbers. A quartet of Doris Chase, Donna and June Hinklefield, and Floella Cubine sang, accompanied at the piano by Dicky Sligar.

District Governor Boyd Meador made a brief announcement to the effect that the District 27-1 rationing meeting will be held in McLean Sunday afternoon, November 18. Local Lions will treat the visitors to a luncheon on that date.

Reserved seat tickets for the McLean-Phillips football game, to be played at Phillips Friday night, September 14, will be sold in McLean beginning next Monday. A total of 550 tickets will be sold here, Superintendent Logan Cummings said, and will be sold at The McLean News office. General admission tickets and reserved seat tickets are the same price at Phillips, \$1 each, it was explained, and fans, by buying them in advance, can save time at the gate when they arrive.

Sidney Clay Hunt Is Killed in Japan

Sidney Clay Hunt, officer in the U. S. Army and son of Mr. and Mrs. Herman Hunt of the Skillet community, was killed in Japan August 23, his parents have been notified by the army department.

Two New Teachers Quit Before School, But Are Replaced

Two of the teachers who were to have been members of the McLean schools faculty resigned prior to the opening of the fall semester, but both have been replaced.

Resigning were Miss Barbara Fowler, who was slated to teach in the Grade School, and J. W. McCullough, who was to be a high school math teacher.

To fill these vacancies, Mrs. Inez Cummings, first assigned to Grade School, was moved to High School to teach math in McCullough's place; and Mrs. Kirby Morris of Wagoner, Okla., was employed to fill the place in Grade School which was to be occupied by Mrs. Cummings.

Mrs. J. P. Dickinson has been hired to fill Miss Fowler's position in Grade School. Mrs. Dickinson, whose home is in McLean, has taught here in previous years. Mrs. Morris has a bachelor of science degree from Central Teachers College in Edmund, Okla., and has had six years of teaching experience in elementary schools.

Work Begins On New City Fire Station

First work on McLean's new fire station was done last week when the site was marked off, and the ground prepared for the foundation and concrete floor.

The new station, announced recently by the city council, will be located on city-owned property at East North First and Rowe Streets. The location is immediately east of the present small fire station.

The building will be 44 feet in length and 40 feet wide, Mayor Ed Lander said. It will be constructed of pumice blocks, and will house, in addition to the three fire trucks, a meeting room for firemen and a storage space. The old building will be used for storage for city property.

At the present time, the new fire truck, which is being used at practically all fires, is housed in a building behind the workshop of Pete Fulbright and his crew. Access to the truck is hard, and several minutes sometimes elapse before it can be taken out of the shed and get on its way to the scene of a fire.

The new station opening will be on East North First, a paved street, and will allow firemen to get all trucks out in short order.

McLean Tigers to Open Season Against Hereford Friday Night

Initial Game To Be Played At Hereford

The 1951 edition of the McLean High School Tiger football team will meet its initial test Friday night when the Tigers play the Hereford Whitefaces at Hereford. Game time is 8 o'clock.

Both teams will be playing their opening game, and therefore there is no means of comparing the two. Hereford's coach, Dalton Criswell, had 44 boys to report on the opening day, and he expects the Whitefaces to have one of the strongest teams in years. Most of the boys are fairly heavy, and Criswell has a number of experienced boys back.

As a result, McLean will go into the game as the underdog team. Coaches Don Leach and Freeman Melton Jr. learned of some of the team's faults when the scrimmage session was held with Claude last Saturday night. Those weak spots have been the concentration points this week.

The coaches will probably start Eddie Reeves, Don Crockett, Wayne Smith, and Dan Cooper in the backfield, with Cooper calling the offensive plays. Reeves and Smith will do most of the ball carrying, and Reeves will serve also as punter and passer.

End starters will probably be Gale Plummer and Wayne Moore. Plummer had some experience last year. Tackles will be the heavy spots this year, with Donald Smith, 209-pounder, and Joe Crockett, 204, filling these slots. Crockett was a regular last year, and Smith saw considerable action. Guards will be small, however, with Jack Hupp, weighing 129 pounds, and Max Willingham, 135, in these positions. The center position will be handled by B. W. Duncan, used last season as an end.

The entire roster of the squad, with the classification, weight, and position of each, is as follows: Donald Smith, junior, 209, tackle; Plummer, junior, 146, end; Junior Brooks, junior, 135, guard; Joe Crockett, soph, 204, tackle; Wayne Moore, soph, 144, end; Wayne Smith, junior, 140, back; Duncan, junior, 150, center; Bill Shaddid, soph, 115, back.

Don Crockett, soph, 135, back; Reeves, junior, 151, back; Willingham, senior, 132, back; Billy Don Day, soph, 132, guard; Wayne Woods, freshman, 147, tackle; Dale Glass, junior, 135, back; Hupp, soph, 129, guard; Jack Bentley, senior, 122, back.

Kenneth Wilson, soph, 115, back; Don Trew, freshman, 136, end; Rex Immel, freshman, 161, back; James Jolly, freshman, 141, end; Arthur Vineyard, freshman, 126, guard; Ronald Holley, freshman, 101, guard; Jimmy Smallwood, junior, 140, guard; Jackie Pool, freshman, 109, guard; Cooper, junior, 139, back; Jimmy Parren, freshman, 126, tackle; Ricky Mantooth, freshman, 126, back; Rodney Gunn, freshman, 130, back.

Taylor Boy Badly Hurt By Dog Bites

Little Tom E. Taylor, son of Mr. and Mrs. Joe B. Taylor, was painfully injured last Thursday afternoon when bitten numerous times by a dog at the Taylor home east of McLean.

The young boy, who will be three years of age in October, was playing in the yard with the dog, an animal the family had had for a number of years, when the accident occurred. Mrs. Taylor was in the house and did not see the dog biting the child. There were no other witnesses.

The boy was given treatment in McLean, and then taken to Shamrock the following morning for further treatment. He was reported this week to be recovering as well as could be expected.

The dog had been owned by the Taylors for a number of years, and is a comparatively old dog. He is partially blind. Taylor took him to a veterinarian in Shamrock, where he will be observed for possible rabies. The child was not given rabies shots, but will undergo the shots should the dog show any signs of rabies.

Mrs. Taylor and the young boy were at home alone. She stated that she had seen Tom leading the dog around the corner of the house a few minutes before. Then he came running back around the house, shouting for his mother to get the dog off him. He was already bleeding badly then.

Since Mrs. Taylor did not have the car at the house, she got out on the road, and waved down Bill Day, who was returning from Kellerville to McLean. He brought Mrs. Taylor and the boy to McLean for emergency treatment.

Kramer, West Hurt in Fire At Gas Well

E. H. Kramer of McLean and Jack West of Denworth suffered burns on their faces and arms Thursday morning of last week when a gas well on which they were working ignited.

Both men were taken to a Pampa hospital for treatment and were released after receiving emergency treatment there.

The two men were working on a well on the Jack Dunn lease, about ten miles north of McLean on the J. S. Morse ranch, when the fire of undetermined origin started.

The McLean fire department answered the call, and were successful after two hours of work in bringing the fire under control. Good use was made of the new tank truck recently bought by the local firemen. They used high pressure fog to cool off the metal sufficiently to permit application of chemicals, to complete the fire fighting work.

Damage to the drilling rig was estimated at several thousand dollars.

Regular OPS Visit Tuesday

Department and furniture stores, jewelry and variety stores, and all other firms covered by Ceiling Price Regulation 7 and its amendments may obtain information regarding pricing and pricing formulas under their pricing charts if they will contact Lee R. Gamble who will be in McLean next Tuesday, September 11.

Through the sponsorship of the Junior Chamber of Commerce, he will maintain offices at the City Hall.

Specialists from the Lubbock offices are here on that day every week to help merchants in complying with the government's price stabilization program. Businessmen are invited to take advantage of the clinic to bring their firms into complete compliance.

Wheeler Nine Downs McLean By 20-5 Score

The McLean baseball team did just about everything wrong Sunday afternoon, and wound up in their second play-off game with Wheeler on the short end of a 20-5 score. The game was played on the Wheeler diamond.

The Wheeler victory evened up the two-out-of-three series between the two teams at one-all. The teams flipped for the third game, and Wheeler won, making the third game scheduled for next Sunday afternoon on the Wheeler diamond.

The local nine scored one in the 1st frame, one in the 5th, and one each in the 7th, 8th, and 9th. Wheeler racked up four in the first inning, and then scored in all other innings except the second. Britt of Wheeler blasted out three homers, and Blawie also made a round-trip hit.

Stricker, tossing for McLean, gave up 23 hits, while Darnell and Johnson of Wheeler allowed only 9 hits.

The winner of the third game next Sunday at Wheeler will play the winner of a similar series between Mobeetie and Briscoe, for the championship of the Panhandle League.

Manager W. W. Edwards stressed the importance of the entire team being present at Wheeler next Sunday. The roster for the team includes Smith, Shirley, Johnny Haynes, Sammy Haynes, Kramer, Claborn, Graham, Guthrie, Edwards, Groves, Henderson, Stricker, Webb, Hamilton, Immel, and McMullen.

Johnston Baby Dies in McLean

Margaret Ann Johnston, three-months-old daughter of Cpl. and Mrs. Fred Johnston of San Angelo, died Saturday morning while the Johnstons were visiting in the home of his parents, Mr. and Mrs. Elton Johnston of McLean.

Funeral services were held Monday afternoon at the First Baptist Church in McLean, with Rev. Buell T. Wells officiating, assisted by Rev. C. W. Parmenter, Methodist pastor. Interment was in Hillcrest Cemetery under the direction of the Claborn Funeral Home.

The baby was born June 2, 1951, in San Angelo. Mr. and Mrs. Johnston and their baby arrived in McLean Friday evening, and the baby became seriously ill Saturday morning on a short time before death came.

Survivors include the parents; maternal grandparents, Mr. and Mrs. R. A. Young of Ballinger; paternal grandparents, Mr. and Mrs. (Continued on back page)

TEXANS TO FIGHT COMMUNISM

Texas Crusade for Freedom Chairman Lieut. General Preston A. Weathered, left, points out spot in Europe where Radio Free Europe stations are making great strides in refuting Soviet lies and propaganda to L. D. Whiteley, Texas Jaycee president. The Texas Junior Chamber of Commerce adopted the 1951 Crusade for Freedom, a gigantic drive by Americans to halt Communism everywhere, as a statewide project.

**Make Application for Deep
Plowing in September**

County and community committees, along with several interested producers and contractors, met in the conference room at the county agent's office Friday, August 24, to discuss the day, August 24, to discuss the deep plowing practice and to make plans for the 1952 program. It was unanimously decided that the month of September would be set aside for taking applications for deep plowing. No approval will be issued until the 1952 allotment of funds is received from the state office; however, the committees want to be ready with the program when the money is available.

It was unanimously decided also that the deep plowing for 1952 will be applicable only to producers on farms where there has been no assistance earned on deep plowing in previous years. Remember these two important facts: (1) To receive assistance on deep plowing of sandy crop land under the 1952 program you must make application some time during the month of September; and (2) If you have had assistance on deep plowing before, you need not apply for assistance under the 1952 program. This means plowing at any depth with PMA assistance.

Family Farm Policy Review Meet

Don't forget the county-wide meeting of all farmers, ranchers, business men, professional men, civic organizations, etc., that will be held at the court house in Clarendon on Friday night, September 7, at 7:30 o'clock. This meeting is important to all, so be sure to attend.

**U. S. D. A. Readies 1951
Cottonseed Price Support Program**

Some time ago the U. S. Department of Agriculture announced that it would support the price of cottonseed this year at \$65.50 per ton to farmers, basis grade 100.

At the same time, USDA said

that it would buy cottonseed in areas where a purchase program might become necessary to keep prices at the support level. Purchases would be made at \$61.50 per ton, basis 100.

In addition to loans and purchases, USDA announced that it would buy cottonseed oil, cake or meal and linters from crushers as another means of helping to keep cottonseed prices at the support level.

Under this part of the program, USDA will make contracts with crushers, who in turn must pay ginners and farmers not less than \$65.50 per ton for cottonseed, f. o. b. gin point. This will be on the basis of grade 100, with specified premiums and discounts for other grades.

To help work out details for the operation of this part of the cottonseed price support program, the Dallas commodity office of the Production Marketing Administration is inviting members of the trade to serve on advisory committees.

There will be four committees—one each for crushers, crude and refined oil, proteins and linters.

Kermit Evans, south of Ashtola, was the first farmer to try out the row seeder purchased by the district. Evans drilled Austrian winter peas in his cotton middles for cover and soil improvement.

"This is just the machine we cotton farmers have been needing," Evans said. And it doesn't damage the cotton at all," he continued.

Each farmer who has requested to rent this drill will be notified when he is to receive it and he will be expected to use it with as little delay as possible in order that the maximum number of acres can be planted. Others desiring to use this machine should advise the Soil Conservation Service at once.

Some farmers have stated they will seed cover crops in their cotton middles with a conventional grain drill by removing as many as necessary of the disc openers to miss the cotton.

Others have indicated they will

Menu Magic

**NEW ENGLAND
CABBAGE SALAD**

A cool, fresh salad makes any meal more appetizing. The New Englanders have a magic recipe in this crisp salad. For Saturday night supper, try their special version of cabbage salad along with two other famous New England dishes, baked beans and brown bread.

New England Cabbage Salad

- 1 small firm head cabbage
- 2 eggs
- 1/2 teaspoon dry mustard
- 3 tablespoons sugar
- salt
- 1/4 cup lemon juice or vinegar
- 3 tablespoons margarine
- 1/2 cup cream, whipped
- cayenne
- sliced green peppers

Shred the cabbage which has been washed, drained, and chilled. Toss with the dressing. Sprinkle with cayenne. Chill before serving if desired.

To make the dressing, first beat the eggs slightly. Put in the mustard, sugar, salt, lemon juice or vinegar, and margarine. Cook in a double boiler or in a boiler over very low heat. Stir constantly until thickened. Cool. Chill. Add whipped cream just before mixing with the salad.

For other nutritious, taste-tempting recipes write today to National Cotton Council, P. O. Box 76, Memphis, Tenn., for your free copy of the new 24-page, two-color recipe booklet, "Menu Magic with Marketing."

Electric Cooking Is

...as MODERN women KNOW!

- Easy because accurate, finger-tip heat control gives you the correct amount of measured heat called for by recipe.
- Easy because clean electricity—cleanest of all heat producing methods—cuts down wall and curtain cleaning, eliminates entirely mess, fuss, dirt, grease and grime.
- Easy because automatic electric cooking lets your meal start while you're away from home—stops it while you're gone, too, if that's your wish.
- Easy because cool electric cooking brings added comfort to your kitchen—added pleasure to your meal planning.
- Easy because your electric range can be placed in the most convenient kitchen location without worry about flames or fumes—matchless electric cooking requires neither.

The kangaroo uses his tail for a third leg when running.

the highest notch recorded for beef cattle on the local market since last April, when the last prime-beeves of H. B. Johnson feeding were marketed, and aside from the latter have not been topped by any cattle sold on these yards this year, barring show stuff. The consignment included 35 head, averaging 792 pounds, at \$6.50, and 17 head of 740 pounds at \$5. Bert O'Connell bought them for Swift & Co.

These cattle were high grade Herefords of the Mars raising and feeding and had been fed since December on a mixed ration of shelled corn, cottonseed cake and prairie hay. That they gave excellent account of themselves in the feed lot is attested by their smooth, hard finish and the fact that they averaged about 400 pounds when put on feed.

The youngsters did as good a stunt both in the feed lot and on the market as were expected of them," said Mr. Mars. "For Worth is a good market and has done more for the Texas stockman than any other factor. The sale of these steers and heifers at the price on the present market is strong evidence of the fact that good cattle are appreciated by your buyers.

"Our Gray County ranch comprises nine sections of land, about 300 acres of which are under cultivation. We keep about 1,000 head of cattle on hand, mostly steers, our breeding herd of purebred bulls and high grade cows consisting of about 100 head. The season has been a favorable one in point of climatic conditions in that section. Excellent crops of kafir and milo maize have been made and a good corn crop as well as other feed stuffs. Grass is fine and the fall and winter feed supply will be an abundant one."

Priority Given McClellan Over Other Lakes

Replacement of Lake McClellan's ruined spillway will be given priority over other Panhandle dam projects by the several-county committee at the present time.

This action was taken by the newly organized Lake McClellan Improvement Committee during a meeting last week, in the club house on the lake's shore.

Because the present condition of the spillway poses a hazard to the lives of residents below the dam and to property, the members of the committee indicated their unanimous belief that its replacement is almost mandatory.

On a suggestion by Rex Baxter, manager of the Amarillo chamber of commerce, the group will first attempt to have the \$450,000 replacement project placed in the 1952 budget of the Soil Conservation Service; second, attempt to seek approval by the Bureau of the Budget in Washington; and third, work with senators and representatives to pass the appropriation next year.

Representatives from Berger, Amarillo, Wheeler, McLean, Akin, Reed, Clarendon, Shamrock, and Pampa attended the meeting.

Soil Conservation Service engineers have already completed plans for the new spillway and have only to submit them to Washington. Findings by the engineers brought out that the spillway was poorly designed from the beginning and is next to irreparable. The new spillway, which would be moved farther south, will be almost twice as big as the present one. Its width alone would be 160 feet instead of the present 80 feet.

Following the meeting the group toured the spillway site and part of the surrounding shoreline, then adjourned to the picnic ground for a barbecue supper sponsored by the Pampa chamber of commerce.

G. S. "Pinky" Vineyard, chairman of the committee, presided at the session.

THE STATE OF TEXAS COUNTY OF GRAY

In the name and by the authority of the State of Texas notice is hereby given as follows:

To W. D. Orr and the unknown heirs and legal representatives of W. D. Orr, deceased, and any and all persons, including adverse claimants, owning or having or claiming any legal or equitable interest in or lien upon the following described property delinquent to Plaintiff herein, for taxes, to-wit:

Lot Number Nineteen (19) in Block Number One (1) of the Finely Banks Addition to the

City of Pampa, County of Gray, State of Texas.

Which said property is delinquent to Plaintiff for taxes in the following amounts:

\$29.62, exclusive of interest, penalties, and costs; and there is included in this suit in addition to the taxes all said interest, penalties, and costs thereon, allowed by law up to and including the day of judgment herein.

You are hereby notified that suit has been brought by City of Pampa, as Plaintiff, against W. D. Orr and the unknown heirs and legal representatives of W. D. Orr, deceased, as Defendants,

by petition filed on the 15th day of December, 1950, in a certain suit styled City of Pampa v. W. D. Orr, et al for collection of the taxes on said property and that said suit is now pending in the District Court of Gray County, Texas, 31st Judicial District, and the file number of said suit is 267, that the names of all taxing units which assess and collect taxes on the property hereinabove described, next made parties to this suit, are Pampa, Independent School District, County of Gray and State of Texas.

Plaintiff and all other taxing units who may set up their tax claims herein seek recovery of delinquent ad valorem taxes on the property hereinabove described, and in addition to the taxes all interest, penalties, and costs, allowed by law thereon up to and including the day of judgment herein, and the establishment and foreclosure of liens, if any, securing the payment of same, as provided by law.

All parties to this suit, including plaintiff, defendants, and intervenors, shall take notice that claims not only for any taxes which were delinquent on said property at the time this suit was filed but all taxes becoming

delinquent thereon at any time thereafter up to the day of judgment, including all interest, penalties, and costs allowed by law thereon, may upon request therefor, be recovered herein without further citation or notice to any parties herein, and all said parties shall take notice of and plead and answer to all claims and pleadings now on file and which may hereafter be filed in said cause by all other parties herein, and all of those taxing units above named who may intervene herein and set up their respective claims against said property.

You are hereby commanded to appear and defend such suit on the first Monday after the expiration of forty-two days from and after the date of issuance hereof, the same being the 15th day of October, A. D., 1951 (which is the return day of such citation), before the honorable District Court of Gray County, Texas, to be held at the court house thereof, then and there to show cause why judgment shall not be rendered for such taxes, penalties, interest, and costs, and condemning said property and ordering foreclosure of the constitutional and statutory tax liens thereon for taxes due the plaintiff and the taxing units parties hereto, and those who may intervene herein, together with all interest, penalties, and costs allowed by law up to and including the day of judgment herein, and all costs of this suit.

Issued and given under my hand and seal of said court in the City of Pampa, Gray County, Texas, this 30th day of August, A. D., 1951.

40 Years Ago—IT HAPPENED HERE

Taken from the files of The McLean News, September, 1911

A most deplorable accident that caused considerable excitement in our midst Friday night of last week occurred at the Kachelhoffer ranch three miles east of the city, when Raymond Kachelhoffer was accidentally shot in the arm by Floyd Carver, both loads of a shotgun striking him about the elbow and tearing away the muscle bone.

It appears that the Kachelhoffer boy, Floyd Carver and Tracy Brown had been to town to witness the recital at the open house and returned home about 12 o'clock. When they arrived they saw some cattle in the field and Kachelhoffer and Brown went to drive them out. While they were gone the Carver boy

took a shotgun and went on a still hunt for a wolf that was bothering about the chickens. As the two boys were returning from the field the Kachelhoffer boy's horse came near running over Carver and as he pulled his head around to turn him, the horse stepped on Carver's foot, throwing him to the ground. The butt of the gun struck hard against the ground and both barrels were discharged with the result stated. The discharge did not miss Kachelhoffer's body by more than an inch or two, and had it struck him in the back, it would have killed him instantly.

The boys bound up his arm as best they could and brought him to town where Dr. Montgomery was summoned, and on Sunday morning Dr. Montgomery and Dr. Donnell set the injured arm and removed a piece of the bone.

At the latest reports, he is doing fairly well under the circumstances, but it is believed he will be crippled for life as the injury is such that it will likely leave his arm stiff.

Mrs. I. X. Kachelhoffer of Joliet, Ill, the boy's mother, was summoned by wire and arrived Monday afternoon.

Walter Caldwell of Canadian is here for a visit with his wife and other relatives. Mrs. Caldwell has been here for some time the guest of her parents, Mr. and Mrs. J. L. Crabtree.

In our personal column last week we overlooked a mention of the fact that Mrs. J. P. Majors was blown down during the hard wind on Monday of last week and quite severely bruised. At the present time she is much improved and able to be about again.

Saturday passed off very quietly in McLean and while the statewide struggle attracted considerable attention at the hands of the voters there was no hard feeling manifested. Some fool hung a coonskewer up at the polls and attached to it a sign reading "Vote for Me," but nobody took exceptions.

Charlie Carpenter had the misfortune to lose a fine horse the latter part of last week, his death being caused by a rupture. The horse had been cut on the wire and a stick was tied to a girdle around his body and to his head to keep him from gnawing the wire. In some way the stick came unfastened at one end and the other driven into his bowels.

The following party went over to Shamrock Sunday afternoon, returning Monday morning on the early train. They went for the purpose of attending the big revival meeting in progress there under the direction of Rev. Erwin of Dalhart and Rev. I. T. Jones of this city. They were: Mrs. J. H. Horton, Mrs. S. B. Fast, Misses Lucille Horton, Sidnah Fast, Ethel McQuady, Ruby Rice, Bonnie Evans, Mattie Thompson, Winnie Floyd, Messrs. T. U. Salmon, Ross Cooke, and Orman Horton.

They report an excellent time and say the people of Shamrock are among the most hospitable they ever met. They were royally entertained and made to feel that their visit was enjoyed.

The Fort Worth Livestock Reporter of recent date contained the following account of the sale of yearlings which W. W. Mars shipped to that market.

Yearling steers and heifers from the Panhandle ranch of W. W. Mars & Son, selling on today's market at \$6.50 per cwt., reached

STAND AT THE CROSSROADS

(Editor's Note: This is another portion of an address made by C. W. Hudson in Dallas in June. Due to its length, the address is being published in installments. Readers are invited to clip each article, and then read them all together when the address has been published in full.)

THE DUST OF THE signers of the Constitution must be swirling in the graves right now if the spirits of those great men are able to see what is going on here in America. This nation was established for the sole purpose of getting away from government control of the people, and the underlying theme of the first constitutional convention was the creation of a country where the government would be the servant of the people, instead of the people being the servant of the government.

When those early American pioneers pushed their way westward from the eastern shoreline and conquered that vast wilderness we call the United States today, they carried an axe in one hand and a gun in the other. They worked, and sweated blood, and gave their lives, but they did not ask for a dole or a degrading handout from the government or from any other source. They made their living with their own hands, and in the making they developed men and women of courage, faith, and confidence; courage to face the future unafraid, faith in God as the only source of security and the provider of the needs of men, and confidence in themselves to be able to cope with any difficulty.

Down through the grand, colorful, and glorious history of this nation men have fought to keep our American people free. Their blood has turned the soil red in the muddy trenches of the Argonne, in the steaming jungles of Guadalcanal, on the volcanic rocks and ashes of Iwo Jima, in the bone chilling cold of the Belgian Bulge, on the sandy beaches of Salerno and Normandy, and in hundreds of other places so that you and I and our children and the generations yet unborn could walk and act and be free men.

Stand at the crossroads and tell your people that this is the type of citizenship America needs today. If we are to survive this vicious attack we must have men and women whose love for God, country, and home far surpasses their love for self. Give us men and women who will die before they will sell their souls for a mess of pottage, and we will drive our enemy back into the dark recesses of Russia.

(Another portion of Mr. Hudson's address will be reprinted here next week.)

Bible Reading, Prayer Unite The World

NASHVILLE, TENN.—When the famous cartoonist, Tom Little, learned that more than 50,000 churches distribute the English edition of The Upper Room and that, through its sixteen editions, the circulation is world-wide, he made the above drawing to show how Bible reading and prayer and meditation can draw the people of the world together.

The Upper Room in Japanese is the fastest growing of the foreign editions, although new editions in Europe are also reporting good progress. Through the pages of this devotional guide,

individuals and families share the same Bible reading, prayers, and meditations each day, not only in America, but around the world. The circulation of the English edition alone is believed to be the largest ever achieved by a religious periodical.

The new September-October issue carries meditations written by residents of 31 countries including Princess Wilhelmina, former queen of the Netherlands, and one Chinese who, since he wrote his meditation, has been liquidated by the Communists.

LES TALK

BY LESTER

Since only one person, Mrs. Lady Bryant, even mentioned anything to me about the dollar-a-year club—the purpose of which was to beautify the approaches to the town as well as any other parts of the town—I don't guess there is much interest in such a project. It has been my experience since living here that such is the case with many projects. Everybody thinks such things are good ideas—so long as they cost them no money or no work. It is a poor attitude to take. I'll admit, but one which is certainly taken by a lot of people here a lot of times.

C. E. Chuck Cooke is going hunting again. He is planning a trip to Kodiak Island this month to hunt the huge Kodiak bears. He will leave Amarillo by plane September 14, arrive in Alaska the next day, and take a small cruiser to Kodiak. Then he will transfer to land, get in a small plane, fly around until the bears are spotted. The plane will go back to its port, and then Cooke and his guide will proceed by foot to the spot where the bears were sighted, and do their utmost to kill one.

In case you haven't heard of the Kodiak bears before, they are very large. The largest one which has been killed was about 13 feet tall, and weighed 2,000 pounds. That's a lot of bear.

Cooke will make the trip alone, and plans to be away about two weeks. He has employed his guide for that period of time. He stated that he had told himself his big hunting trips were over when he made the African jaunt, but he kept reading about these big bears, and finally decided to go looking for them.

Due to the size of the bears, I do not believe I would care to accompany him on the trip.

The McLean Tiger football team will open its season Friday night at Hereford. The Whitefaces are supposed to defeat the local team, for Hereford has a number of boys back, and they are all pretty good sized boys this year. McLean, on the other hand, has only a few boys returning to the fold, and outside of Donald Smith and Joe Crockett, those boys are not very large.

In the scrimmage session with Claude the other night, however, our boys looked good on everything except pass defense. The Claude passer was really hitting his receivers, and they were catching them, too. Unfortunately our pass offense is not much better than our pass defense, although both will improve as the season progresses.

But we do have a bunch of hard-trying boys. Eddie Reeves and Wayne Smith are both going to develop into good runners. The line will also develop during the season. So we should have a

pretty fair team about the middle of the fall.

Despite our greenness, I actually believe we'll down Hereford by one or more touchdowns. Prediction: McLean 18, Hereford 13.

Let's all go to Hereford Friday and watch the Tigers in action for the first time this year.

Due to the fact that we just couldn't get our work done without being open, we had to work on Monday, Labor Day. Most of the stores were closed for the day, and things were pretty quiet about town. Outside of a few school children coming in, we had very few visitors on that day.

Once before, on an Armistice Day, we remained open when the majority of stores were closed. It sure gets lonesome without a little activity around.

A word of warning from the Better Business Bureau of Amarillo:

Some of the termite killing firms of Amarillo are unreliable. Their representatives will inspect your home, and tell you you have termites when you don't.

A couple of weeks ago, an Amarillo optometrist called the bureau to report that a termite company had checked his residence and told him it had termites and they would take care of them for him for a cost of approximately \$225. The doctor was not satisfied that his property actually had termites, and the bureau arranged to have three reputable termite controllers check the property and report to the bureau. The three reports all came back—NO termites!

As a result of this incident, the bureau has made arrangements with their three reputable firms, whereby they will check any residence within a 150-mile radius that has been labeled as termite infected property. The companies were most cooperative and are willing to give their services provided the property has already been inspected and the owner told that termites do exist.

So we are passing this information along to you. If your house is inspected and you have doubts about the existence of termites, call the Better Business Bureau of Amarillo at 2-1412, or write the bureau at 320 Blackburn building. It might save you considerable

McLean has several new school teachers this year. It is the duty of each of us to welcome these teachers, and make them feel as though they are friends of all of us. So when the occasion arises, make them feel at home. Your children are in their care a number of hours daily, and the characters of your children are being molded, to a large extent, by those teachers. So cooperate with your teachers in every way possible.

Mrs. A. D. Johnson and children of Hereford visited over the week-end in the home of Mrs. Buni Kunkel. Mrs. Johnson and brother, Baren Kunkel, went to the rodeo at Boys' Ranch Sunday.

CARD OF THANKS

We wish to express our most sincere thanks and appreciation for the many acts of kindness extended to us during the illness and at the death of our mother. We are grateful to each of you for the food brought in and for the floral offerings. May God bless each of you in our prayer.

CITATION BY PUBLICATION

THE STATE OF TEXAS

TO: C. R. Dulaney, GREETING:

You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock a. m. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 1st day of October, A. D. 1951, at or before 10 o'clock a. m. before the Honorable District Court of Gray County at the Court House inampa, Texas.

Said plaintiff's petition was filed on the 10 day of August, 1951.

The file number of said suit being No. 10,111.

The names of the parties in said suit are: Ruth S. Dulaney as Plaintiff, and C. R. Dulaney as Defendant.

The nature of said suit being substantially as follows, to wit: An action for divorce, alleging the statutory residence requirements, the grounds upon which Plaintiff seeks divorce being the cruel and inhuman treatment of Plaintiff by the Defendant which constitutes excesses, cruel treatment and outrages under the laws of the State of Texas, entitling Plaintiff to divorce, and that, by reason of such conduct on the part of Defendant, further living together by the parties is wholly insupportable; and that there is no community property to be divided; and alleging that of the marriage of the parties the following children were born: (A) Ralph John Dulaney, a male child, age 8 years; (B) Thomas Lee Dulaney, a male child, age 7 years; (C) Carol F. Dulaney, a female child, age 4 years; (D) Beverly Sue Dulaney, a female child, age approximately 2 years; and praying that the Court grant this divorce and that the Court make proper orders for the best interests and welfare of such children.

GOOD HEALTH

Answer to Question No. 1:

1. Only thirty years ago operations on the lungs were great parties and were performed with most elaborate apparatus. Most of these early operations were fatal. Today operations on the lungs are performed frequently for tumors and tuberculosis. Many patients have complete recovery, due to exceptional advances in surgery. Recent research indicates that humans may live if as much as 75% of the lung tissue has been removed.

Answer to Question No. 2:

2. If the pupils of the eye fail to contract when a light is shone

near them, it may reveal dysfunction of certain nerves and brain centers. Only a doctor is able to judge the exact meaning of the reaction to conduct further tests if necessary.

Answer to Question No. 3:

3. Pruritis is a medical term which merely means itching. However, it differs from the itch caused by a mosquito bite or poison ivy, in that pruritis refers to the itching which comes from no obvious cause. It sometimes occurs in such conditions as jaundice, diabetes, or just plain "nerves".

Patty Ruth Rippy Becomes Bride of Alfred R. Skoog

The marriage vows of Miss Patty Ruth Rippy of 3620 West 5th St., Fort Worth, daughter of Mr. and Mrs. Harold C. Rippy, to Alfred Richard Skoog, son of Mr. and Mrs. R. W. Skoog of Berger, were read August 28 at 8 o'clock in the morning in St. Luke's Church in Fort Worth.

Rev. Wilson Canatax, pastor of St. Luke's Church, performed the ceremony against a background of tall baskets of white gladioli. The pews were marked with white satin bows.

The bride wore a dress of French marquisette with long sleeves and a veil of very sheer imported illusion with an open crown.

LaWanda Shadid of McLean, who was the bride's roommate at college, was maid of honor, and Mrs. Vernon Close of Miles City, Mont., aunt of the bride, was matron-of-honor. Jane Alice Cryer of Berger, cousin of the bride, was bridesmaid. They wore matching powder blue gowns with long net gloves. The bride and groom sang "The Lord's Prayer" at the close of the ceremony, accompanied by Dale Peters of Fort Worth, organist.

The bride was given in marriage by her father, and the groom's father was best man. Groomsmen were Bill Sparks of Fort Worth and Jimmy Ramsey of Dallas.

Following the ceremony, a reception was held in the church parlor, which was also decorated with white gladioli. The refreshment table was covered with white organdy over blue satin, centered with an all white, three-tiered wedding cake.

Mrs. Skoog attended Oklahoma City University and has a bachelor of music degree from N. T. S. C., Denton. She became affiliated with Sigma Alpha Iota, Opera Workshop, a cappella choir, House Presidents Club, and Alpha Chi sorority.

Mr. Skoog attended Amarillo Junior College and received his bachelor of music degree from N. T. S. C., where he has done work on his master's. He is affiliated with Phi Mu Alpha, Pi Kappa Lambda, Opera Workshop, and the N. T. S. C. orchestra.

The bride wore a powder blue crepe suit with navy accessories for the honeymoon trip to Colorado. The couple will live in Sweden, where they will both study voice.

Out-of-town guests at the wedding included Mr. and Mrs. H. S. Rippy of Shamrock, Mrs. Nida Green and Mrs. A. Stanfield of McLean, Mr. and Mrs. Einar Hanson, Mr. and Mrs. C. E. McKinney, Mrs. C. A. Cryer and Mrs. Nellie Stone, of Berger; Mr. and Mrs. Lloyd Cole of Frederick, Okla., and Miss Mary McCormick and Mr. and Mrs. E. B. Brown of Denton.

Pioneer Study Club Has Breakfast in J. L. Hess Home

Mrs. Clyde Magee and Mrs. Jesse Coleman entertained members of the Pioneer Study Club with a "Welcome Travelers" breakfast Thursday morning of last week in the home of Mrs. J. L. Hess.

Each table had for its center piece a small automobile, and the favors were artistically decorated with some mode of transportation.

After breakfast, Mrs. June Woods, as radio announcer, presented Mrs. Magee as travel hostess, who interviewed several members on their travel experiences during the summer. A miniature gift appropriate to the story told was presented to each one interviewed. To close the broadcast, Mrs. B. L. Webb, new club president, was introduced as announcer for the year.

Mrs. Webb has selected as her theme for the year "Better Living," and has asked that all programs be in keeping with that subject.

Members attending were Messdames J. D. Coleman, J. P. Hupp, B. L. Webb, Earl Stubblefield, Bob Thomas, June Woods, Logan Cummings, Jim Back, H. W. Finley, Carl Jones, Bill Day, Miro Paskan, C. R. Griffith, J. L. Hess, Glen Sperry, and the hostesses.

Mr. and Mrs. C. P. Callahan and son Cliff visited last week-end in Spearman with Mr. and Mrs. C. V. Williams.

Mr. and Mrs. Earl Green and son Jasper of Bell Gardens, Calif., visited last week with Mr. and Mrs. Hershel Smith and Mr. and Mrs. J. E. Smith Jr.

Mr. and Mrs. Amos Page made a business trip to Pampa Tuesday.

The Methodist organizations are sponsoring a bake sale at the McLean Hardware Saturday at 10 o'clock.

Helping Families Rebuild is Red Cross' Main Flood Task

A Central Missouri homeowner shows a Red Cross disaster worker how Missouri River flood waters tore out walls inside his home. He and his wife managed to save only a few pieces of bedclothing. Throughout the Kansas, Missouri, Oklahoma and Illinois flood area 425 trained Red Cross disaster workers assisted by hundreds of chapter volunteers are engaged in the Red Cross' biggest part of its disaster job, helping more than 28,000 families back to normal restoring homes, furniture, livelihoods for those without means to help themselves. All help is given outright, not loan. Flood relief contributions to local Red Cross chapters will finance this help, now costing almost double the original \$5,000,000 Red Cross estimate. This help to individual families is not included in the \$2,000,000 authorized by Congress for restoration of public works, essential businesses, etc.

We note that the main building of the Cicero Smith Lumber company has received a nice white coat of Cementico on the exterior. And the building looks much neater nowadays. And we also note that Truitt Johnson is well along on his new home, just north of the recently-built home of Mr. and Mrs. Jane Woods.

The home of Mr. and Mrs. Jim Back, which was moved into town recently, is coming along fine now, we learn, and soon will be ready for the Backs to move in.

Emory Crockett is getting his household goods out of the house where his family has been living for a number of years. And the new owner of the house, Guy Hibler, will be moving in soon. Crockett will move the former Guy Hibler home to his farm east of town and add additional rooms to it.

More than 500 cedar posts were damaged in a fire at the Cicero Smith Lumber company Wednesday afternoon. The posts had just been unloaded only a few hours before. There was no fire of any type nearby when the blaze started, and Carl Jones, manager of the company, stated that he had no idea how the posts ignited. Two other similar fires this year at the yard were started from a nearby incinerator, but the incinerator was not being used when Wednesday's fire started.

FERTILIZER BAG FORMAL

This eye-catching dancing frock has a fascinating background. It didn't come from a high-fashion salon, though it is as chic as can be. Instead, it came from the barn. Fertilizer now is packed in gaily printed cotton bags — and this thrifty young lady took advantage of seven of the 100 lb. print cotton sacks to make this fetching formal!

New Auto Law Now in Effect

New state regulations regarding auto dealers and persons engaged in motor vehicle transfers went into effect September 1.

The new law still levies 1.1 per cent tax on each retail sale, and now there will also be a \$5 tax on all even trades, a \$10 tax on gifts, and a \$15 tax on vehicles registered by new residents of Texas.

A motor vehicle is defined as any self-propelled vehicle, including trailers and semi-trailers.

The law requires the purchaser and seller to make a joint affidavit setting forth the value in dollars of the total consideration, not the difference, received or to be received by the seller in a retail sale. There is a penalty of \$25 to \$100 against the seller for any errors in the joint affidavit.

YOUR NEW SOCIAL SECURITY

"Have I received credit for all my wages on my social security account?" That is a question heard frequently, according to J. R. Sanderson, manager of the Amarillo social security office.

You can usually be certain that your account is correct if you observe these rules:

- 1. Carry your social security card with you when you are looking for a job or changing jobs. 2. Show it to your employer so that he can enter your name

and number on his records exactly as they appear on your card.

If your job is covered by social security, your employer is required to report your wages to your name and number every month. When he does not do your correct name or number, these reports, the Social Security Administration may be unable properly to credit your account.

If you do not have your own card, apply for a duplicate blank by getting an application blank from the Amarillo social security office or your local post office. Same application blank will give you a new card if you have had a social security card before.

"Make sure you are getting credit for all your wages," Sanderson said, "by making sure your employer has your correct name and account number."

Mrs. Frances Purdy and daughter Mickey of Amarillo spent the week-end with Mrs. J. Glass and Margaret.
