(More or Less)

The Presbyterian Vacation Bible School will meet for two weeks beginning June 2. Sessions will be held from 9:30 to 11:30 in the morning. Everyone is cordially invited to attend.

Mrs. Clevy Hancock is hoping the old saying, "lightning never strikes in the same place" twice. For last Wednesday night, the powerful bolt knocked out her living room light fixture in addition to blowing all fuses in the fuse box of her home. Mrs. Hancock and her two children had gone to bed when the lightning hit. Little damage was done, although the light fixture in the living room was ruined and some smoke damage was done to the ceiling. Clevy was still at work at the time, and was not at home, and Mrs. Hancock stated that she was "plenty scared."

High school students who participated in the regional band contests in Canyon recently presented a musical program before members of the McLean Lions Club Tuesday noon. Floella Cubine and Bethie Mantooth gave violin solos, and Dortha Chase presented a trombone solo. Accompanists were Donna Stubblefield and Barbara Nell Williams. Barbara Nell also played two accordion solos.

Several of the Lions members were given their perfect attendance buttons for not missing a meeting of the club during the past year. Coach Don Leach and John Sublett were guests at the meeting.

Closing activities of the McLean schools are happening rapidly these days. Social highlight of the juniors and seniors of the high school will come on Thursday night, May 15, when the annual junior-senior banquet is held. Baccalaureate services will be held Sunday, May 18, and commencement exercises Friday night, May 23.

The final program of the grade school classes—exclusive of the graduating exercises for the 8th graders—will be held tonight in the Municipal Building, when members of the 5th, 6th, and 7th grades present their program. No admission will be charged. Principal Haydn Bodenhamer has announced. The 2nd and 4th grades gave their program three weeks ago, and the 1st and 3rd grades two weeks ago.

Sue Glass, sweetheart for the Top of Texas district of the Future Farmers of America, will represent the district at a meeting of ten districts in the area at Canyon Saturday. She was given the honor of district sweetheart at the meeting in Canadian earlier this year. She will be accompanied to Canyon by her mother, Mrs. J. R. Glass; Vernon Gibson, F. F. A. sponsor, and Mrs. Gibson.

Jackie Hill, 7-year-old son of Mr. and Mrs. Jimmy Hill of Alameda, suffered the loss of an eye in an accident late Tuesday. The eye was badly hurt when it was struck by an arrow while Jimmy was at play. He was taken to the Groom Hospital for treatment, and then to Northwest Texas Hospital in Amarillo, where the eye was removed. Jackie is in his first year in school in Alameda. He was to be brought (Continued on back page)

Soil Conservation Bus Is Planned

A chartered bus—perhaps two buses—will carry soil conservation enthusiasts to Lubbock Monday, May 26, where two McLean men will receive awards in the "Save the Soil and Save Texas" contests sponsored by the Fort Worth Press and 23 other firms and organizations.

Work to Begin Soon on Drive-In Theater Here

Work on the construction of a drive-in theater for McLean is scheduled to start in the near future.

Land for the location of the theater has been contracted for by Amos Page and Mrs. Madge Page. The tract is about one-half mile south of the southwest corner section of the townsite, and will consist of five acres.

Father and Son—

Approximately 110 members of the Future Farmers of America, their fathers, and other guests consumed about 60 fried chickens and other food accessories at the first FFA father-son banquet ever held in McLean. The affair was in the American Legion Hall Monday night.

The meal was prepared by mothers of the FFA, and served by members of the F. H. A. of McLean High School. And for once, everybody got all they could eat.

Shivers Forces, Ike Backers Win

Generally speaking, Governor Allan Shivers came out on top throughout the Panhandle as well as the rest of Texas in the precinct and county conventions Saturday and Tuesday, and the majority of delegates will go to the state Democratic convention unopposed; and generally speaking, the Eisenhower backers were out in front as far as state delegates to the Republican convention are concerned.

The local precincts, and Gray County as well, ended up along the same lines, although the Republicans found themselves with a genuine "rump convention" in session when the delegates to the county convention met Tuesday.

Plans are to have the bus, or buses leave McLean at about 1 o'clock on the afternoon of May 26, arriving in Lubbock in time for a barbecue dinner. The group will return to McLean immediately after the dinner.

Enthusiasm concerning the plans to attend the meeting in a group was running high early this week. At least 12 persons have already paid their bus fares for the round-trip to Lubbock.

Peb Everett is making arrangements for the transportation, and reservations for the bus may be made either with him at the Elite Barber Shop, or with Lester Campbell at The McLean News. Round-trip fare will be \$7.

"In order to be certain we can get the bus, or buses, we plan to sell all the bus reservations in the next two or three days," Everett said. "Only in that way can we be sure we will be able to get the necessary transportation. So if you plan to make the trip, be sure to let us know as soon as possible. Some men have asked if their wives may go, and we want to make it plain that they are certainly welcome. Already several women are among those whose fares are paid."

BIRTHDAYS

May 11—Joyce Beasley, Bobby Brown.
May 12—Mrs. Bill Reeves, Mrs. K. S. Rippey, Mrs. S. R. Jones, Mrs. Allen Wilson, D. P. Carruth.
May 13—Mrs. Woody Wilkerson, Charlotte Wilson, James E. Hall.
May 14—Bill Johnston.
May 15—James E. Cooke, Josh Cox Jr.
May 16—Mrs. E. C. Bragg, Clinton Dale Corbin, Dorothea Back, Arvin Smith.
May 17—Mrs. Marie Henley, Mrs. Bill Wilson, Margie Riemer.

and more soil conservation practices are put into effect throughout the U. S.

B. W. Duncan, president of the McLean FFA chapter, presided at the meeting. Following an invocation by Joe B. Taylor, the meal was served. Pre-dinner music was furnished by the "Hungry Five," consisting of Bandmaster Gerald Smith, Wayne Woods, Bethie Mantooth, Floella Cubine, and Dortha Chase.

After the meal, Duncan opened the meeting in the form of a regular FFA meeting, calling on the various officers in their stations. Don Taylor gave a history of the FFA, and Carl Pettit explained the project portion of the club's studies. Superintendent Logan Cummings spoke briefly, outlining the importance of the farming industry in the economy of the nation today. Sargent's address concluded the meeting.

Here's the complete list of furniture ordered: 101 airplane desks and chairs to match (this type of desk will be used for students of the 1st, 2nd, and 3rd grades, and each desk will accommodate two students; also these desks, as well as other desks and chairs, are equipped with smooth projections on the bottom to afford a minimum of damage to the floors).

And 200 single unit desks and chairs to match, for use in the 4th, 5th, 6th, 7th, and 8th grades; 14 small teachers' desks, with matching chairs; one principal's office desk (large size), with matching chair; 10 8-foot formica-top folding tables for use in the cafeteria; and 100 top-grade folding chairs for use in the cafeteria.

Softball Meet Scheduled for Monday Night

A meeting of all softball league managers who have already been selected, prospective team managers, and any others interested, will be held in the Lions Hall in McLean Monday night, May 12, at 8 o'clock.

The meeting has been called by Custer Lowary, who has been named as chairman of the Lions Club softball committee for the summer season. Don Leach will assist Lowary on the committee, and possibly another member to the committee will be chosen later on.

Four teams have already signified their intentions of entering the summer league, Lowary said, and at least two more are wanted. Eight teams would make up the ideal league, Lowary explained, but so far that many teams do not seem feasible.

Teams planning to enter to include the Warren Oil Corporation team, the Methodist team, Holloway's team, and the Post Office team. All were entered in last year's league.

Lowary stated that it appears that at least two more teams will be entered, although definite commitments have not been made. The meeting of the managers and other interested is being held to work out some of the rules and other details for the summer league. Plans are to open the league play shortly after the dismissal of the schools in McLean.

New Furniture For Elementary School Ordered

The new elementary school building of the McLean independent school district—upon completion some time in June or July—will be equipped throughout with entirely new furniture.

A contract for the furniture was made last week by the school board, following the receipt of numerous bids from competing firms. The lowest bidder for the majority of the furniture bought was the American Desk Manufacturing company of Temple.

Total cost of the furniture will be \$7,328.15, according to a compilation of figures by Charles Cousins, business manager of the local school system.

Delivery on the equipment has been asked for July, since it was not wanted prior to the completion of the building. Superintendent Buck Chambers of the B. F. Horn construction firm, contractor for the building, has stated work is ahead of schedule on the building, and expects to have it completed some time in June.

The new furniture will be of light color, and all will be of matching designs. None of the furniture will be permanently mounted to the floors, thus providing a method of moving the various pieces from room to room if necessary. Another reason for obtaining movable furniture is the fact that the floors are to be asphalt tile covered.

Free I-H Show Scheduled for Friday Night

The annual big Free Family Party, sponsored by the Andrews Equipment company, local dealer for International Harvester, will be held Friday night at the McLean High School auditorium. Curtain time is 8 o'clock. Clyde Andrews, owner of the company, said this week.

The annual event, scheduled here for the third straight year, is a means of saying "thank you" to our customers, Andrews stated. There will be no sales talk—just entertainment.

The stage show is put on by professional entertainers, and consists of a completely new cast this year. Seldom do the citizens of our area have an opportunity to see such accomplished actors.

Andrews explained, and the entire public is invited. Andrews especially pointed out that all members of the family are welcome to attend.

Included in the cast of stars this year are Happy Hall, novelty tap dancer; Paddy Beach, master of ceremonies, and billed as the "Miss Who Mystifies"; Suzan Wallace, who "plays the songs you like to hear"; the Gareys, presenting a variety of entertaining acts; and Elaine Drew, who performs unbelievable feats of contortion.

Scouts Visit Plains Museum

Earnest Smith, assistant Scoutmaster, took Boy Scout Troop No. 25 to Amarillo and Canyon Saturday, May 3, for an all-day outing.

In Amarillo, the boys were taken to several places of interest, and shopped for bows and arrows. In Canyon they spent two hours in the museum. The Scouts were joined in Canyon by James Prock, who went through the museum with the troop.

Picnic Held at McClellan Creek By Cub Scouts

Members of Cub Scout Den No. 1 hiked to McClellan Creek Monday afternoon for a picnic.

They were accompanied by Mrs. J. C. Claborn, den mother, and Mrs. J. H. Kritzler.

Cub Scouts attending were Clyde Allen Windom, Bobby Gene Herron, Bobby Weaver, Joby Claborn, Joe D. Smith, Jerry Stubblefield, and Den Chief Frankie Smith.

Others attending were Johnny and Jackie Claborn, and Jimmy and Ellen Kay Kritzler.

It's Our—CEMETERY

Do you have any thoughts or cares about our cemetery? If you do, voice it and let us get together and work out a plan that will be suitable to us who live here. There are so many things that could be done to make the McLean cemetery pretty.

I had this thought: Charge each lot owner a fee. That may not be the way to work this out. It is just a suggestion. The thing is to get together and talk it over.

Do you want to help? If so, write The McLean News.

Respectfully,
Mrs. Mattie Graham.

Panhandle Nine Blasts McLean In Second Game

The McLean Derbies, playing without the services of a regular pitcher, dropped a 3-0 decision to the Panhandle baseball team at Panhandle Sunday afternoon.

Thomas D'Spain Receives Award As 'Best Conservation-Farmer'

Thomas C. D'Spain of Alameda was highly honored—and received a cash prize of \$500—at the annual "Save the Soil and Save Texas" banquet in the Hotel Texas in Fort Worth last Thursday night.

Clean-Up Week May 8 Thru 15

Mayor E. J. Lander this week announced that the week of May 8 through May 15 has been designated as Clean-Up, Fix-Up, Paint-Up Week in McLean.

And at the same time, the mayor called upon all citizens to give their homes and yards a thorough cleaning in preparation for the coming hot weather of the summer season.

Two Companies Get Job, Begin In Two Weeks

A contract for the hard-surfacing of the double-lane road on Highway 66 from the Wheeler County line to Alameda has been let by the State Highway Department for the original low bid of \$1,560,933.

The bid was submitted by the Austin Road company of Dallas and the Worth Construction company of Fort Worth. The figure is that when the two companies bid together when bids were submitted about three weeks ago. Highway engineers had estimated the job at about \$200,000 less than the low bid, but after consideration, the contract was let last week-end.

G. K. Reading, resident highway engineer of Pampa, stated this week that the workers will be arriving here in the near future, and that actual work will probably start within two weeks.

Work to be done includes 11.94 miles of grading, structures, revisions, and concrete pavement from the Wheeler County line to a point 6 of a mile west of Main Street in Alameda.

The job is one of the biggest ever let for paving in the state, mainly due to the fact that all paving is to be of concrete. The road will consist of two lanes, with a dividing strip between the two lanes. Through the city of McLean, the road will be split. The brick paving in McLean will be left intact, although certain improvements in the paving are to be made. Curbs and gutters are to be installed within the city limits on both the present Highway 66 lane and the south lane, which will be on Railroad Street. Much work will have to be done on the roadbed, which has been damaged considerably by erosion since its completion.

Thomas D'Spain Receives Award As 'Best Conservation-Farmer'

Thomas C. D'Spain of Alameda was highly honored—and received a cash prize of \$500—at the annual "Save the Soil and Save Texas" banquet in the Hotel Texas in Fort Worth last Thursday night.

Mr. and Mrs. D'Spain and their son Carlin accompanied a delegation representing the Donley County Soil Conservation District to Fort Worth, where he was honored as the "Outstanding Conservation Farmer of 1951" in the state of Texas. Other awards made at the banquet—which was attended by more than 900 people from throughout Texas—included those for the best soil conservation district; the best group work; comeback farmer of the year; high school essay champion; homemaker of the year (won by Mrs. Rufus Sweat of Wellington); greatest unselfish service in water conservation; leadership in the field of water conservation; outstanding GI farmer; outstanding work in forestry conservation; outstanding farmer in wildlife conservation; best daily newspaper soil conservation special edition; best weekly newspaper soil conservation edition; outstanding service in the field of radio.

"It is plain to see," Dr. Cox says, "that your health and that of your family and community depends in a good measure upon your maintenance of clean, fly and rat-free premises."

Spraying to kill flies and poisoning of rats are valuable supplements to the sanitation program, Dr. Cox explains, but will not do the elimination job by themselves. Only through sanitary practices can the places where they feed and breed and rest be eliminated entirely.

GROWING PAINS
In Gray County
By FOSTER WHALEY

There's lots of interest in the conservation banquet to be held in Lubbock on May 26.

Lester Campbell, your editor, tells me they are talking about two special buses from McLean. I'm sure everyone knows that James Cliett will be honored as the "outstanding comeback conservation farmer."

I plan to attend the banquet from Canyon, since we are having a District 4-H Club camp on the campus of West Texas State College at that time.

It is indeed wonderful to see so many town folks interested in the conservation of our farm and range lands. Your local Lions Club and Jaycees are to be congratulated for their sponsorship of such worthy causes.

Here are a few names Al Schneider, soil conservation service, and Jim Strawn, work unit conservationist, have given me that have seeded grasses within the last few days:

George E. (Mug) Castleberry Jr., 6 acres; Hugh Castleberry, 20 acres; Saunders Bros., 40 acres; Glen Studebaker, 100 acres; Elton Johnston, 11 acres; Ercy Cubine, 40 acres; J. N. Moore, 12 acres; A. L. Day, 30 acres. Jim Strawn estimates that 5,000 acres will be seeded in Gray County this year, most of which will be in the McLean-Alanreed area.

Schneider and Strawn are doing a wonderful job in advising farmers of this area on the best grasses to plant and in routing the Soil Conservation District grass drills.

Homer Abbott is your local representative for the Gray County Soil Conservation District. The district is responsible for your having the service of the Soil Conservation service and many other conservation aids, such as grass drills, made available to farmers at cost.

Smokey Price asked me a question today while I was in McLean that I have been asked many times before: "Can you graze grass immediately after spraying with 2, 4-D weed killer safely?" There is absolutely no danger whatsoever to your cattle. However, it's a good idea to use the Amine type of 2, 4-D to prevent damage to nearby growing crops.

Sorry I didn't make it to McLean last Tuesday (April 29), but had to attend the 4-H Club commercial calf sale at Amarillo, since we had a participant from this county.

L. H. Earthman tells me I should replenish my stock of poison for the kangaroo field rats since he has just about had a sell-out. I'll stock him up again next Tuesday.

That's all, folks.

Biscuit Ring Casserole

There's a good meal in this casserole, and a thrifty one. Meat and vegetables are well-flavored and topped with a ring of golden biscuits. Eat hearty!

Taxes are high and prices are high, but your need for substantial, nourishing meals is just the same. One excellent solution is to stretch your food dollar in meat-saving dishes which combine meat with economical enriched flour.

Such a dish is Biscuit Ring Casserole, a meal-in-one taste delight that combines meat with peas, carrots and lima beans, and tops all with biscuits. The biscuit ring makes a mighty good-looking service. It contributes B-vitamins and iron in addition to economical protein at small cost.

With this flavorful casserole, serve a crisp salad and milk or coffee. Apple pie with cheese completes a menu your family will approve. To save time and work, often you'll want to call on your baker for a luscious pie, cake or cookies for dessert.

BISCUIT RING CASSEROLE

2 cups cooked, cubed meat
2 tablespoons chopped onion
2 tablespoons fat or drippings
2 tablespoons enriched flour
1/2 teaspoon salt
1/4 teaspoon pepper

Brown meat and onions in hot fat. Stir in flour, salt and pepper. Add liquid and cook, stirring con-

stantly until thickened. Add vegetables and mix well. Pour into 2 quart casserole. Top with biscuits

2 cups sifted enriched flour
3/4 teaspoon baking powder

1 cup milk
1/2 cup shortening

Sift together flour, baking powder and salt. Cut or rub in shortening until mixture is crumbly. Add milk to make a soft dough. Turn out on lightly floured board and knead gently 30 seconds. Roll out 1/2 inch thick and cut with floured biscuit cutter. Arrange on top of meat-vegetable mixture. Bake in hot oven (450°F.) about 15 minutes or until biscuits are golden brown. Makes 6 servings.

40 Years Ago—IT HAPPENED HERE

Taken from the Files of The McLean News, May, 1912

Curious Egg
J. W. Mars of this city brought to the News office a few days ago an egg that is the most peculiarly shaped affair we have ever seen. It is almost an exact reproduction of a miniature dipper gourd and of practically the same color. The egg was laid by an ordinary hen and is a curious freak of nature.

Roy Ballard Graduates
Friends will be glad to learn that Roy Ballard, son of Dr. W. E. Ballard of this city, has graduated from the law department of Washington and Lee University in Virginia. The young man has just finished a four-years course. It is likely he will make his home in Nashville, Tenn., taking a law partnership with an uncle in that city.

Shamrock vs. McLean
Local baseball fans enjoyed a real treat on last Thursday afternoon when the Shamrock aggregation blew in for a double-header with the McLean boys. The first game lasted the regular nine innings, but the second was cut short at the seventh. The day was ideal for ball playing and both teams did themselves proud, pulling off one of the best games that had been witnessed at the home diamond.

The first game resulted in a victory for the McLean boys by a score of 4-3. The feature of this game was the pitching of Marvin Cooke, who was credited with a long string of strike-outs, getting five of the first six men up. Shamrock tried two or three pitchers before they struck their stride and the locals landed heav-

ily but could not connect with enough bases to run the score very high. In the second game our boys went to pieces and suffered a genuine defeat to the tune of 3-1. Ross Biggers and Minnis Massay occupied the mound this session. The only spectacular play in the game was the catching of a high fly ball in the extreme right field by one of the Shamrock boys. The ball was batted by Massay and the fielder made a long run and leaped into the air to get it. Both games were umpired by Walter McAdams and a man from Shamrock.

Revival in July
A cooperative meeting by the

Presbyterians and Methodists will begin at the tabernacle July 14, and continue over the fourth Sunday. Rev. H. M. Long, pastor of the Methodist church at Clarendon, will do the preaching. We hope to have Horace Erwin, evangelistic singer, to conduct the music.

Everyone is invited to attend and take part in the meeting. Bryant and Carpenter, Pastors.

Local Happenings
Mrs. Frances Douglas of Erick, Okla., is in the city for a visit in the E. A. Erwin home.

W. H. Langley has been transacting business in Fort Worth and Dallas this week.

D. N. Massay left Monday for an extended trip to Chicago and other middle west points.

T. T. Evon of Erick was in the city Sunday the guest of his sister, Mrs. G. A. Anderson.

Mrs. A. B. Gardenhire and two sons, Frank and Buck, left Tuesday for a visit with relatives at Jericho and Clarendon.

HATS OFF!

ONE OF THE GREATEST honors which can come to a man has been bestowed on Thomas C. D'Spain, a resident of the McLean area who lives with his family near Alanreed.

He has been chosen as the outstanding farmer in the state of Texas for 1951, and with the honor he has been given a cash prize of \$500 and a beautiful plaque.

The honor, and the opportunity to receive that honor, will likely be the most important part of Mr. D'Spain's life; and we as residents of the area should look up to him as the man who is one of a number attempting to lead our area out from a near-nothing in production to a great-something.

It was about nine years ago that Mr. D'Spain took over the land he now operates; and during these nine years he has spent much study, and more work, in developing that land into something which will pay him dividends for his efforts. When he took over the land, the grass land was over-grazed and worn out, and the farm land was over-farmed and worn out. Now he has a great portion of that land on the way back to productivity, productivity at its capacity.

This has been, and is still being, accomplished by putting into actuality the practices of soil conservation, including grass-seeding, terracing, tank building, etc. Mr. D'Spain has coordinated these various practices on his land; and his climax has come with the honor which was bestowed upon him before 900 people in the Hotel Texas in Fort Worth last Thursday night. The honor was one of numerous awards sponsored by the "Save the Soil and Save Texas" contests sponsored by the Fort Worth Press and 23 other firms and organizations. Mr. D'Spain's award was the most important made to any individual in the state-wide contests.

James Cliett of McLean, a youthful stockman, has been accorded high honors, too, since he has been named as the "best comeback farmer" in one of the five regions of Texas. Region 1, in which Mr. Cliett was the winner in this division, comprises 53 counties. Guy Beasley of McLean has been named as the best conservation farmer in the Gray County Soil Conservation District, an area comprising five counties. The Donley County Soil Conservation District, within whose boundaries lies part of the area we like to call the McLean area, has been named as the best district in Region 1. Mrs. Rufus Sweat of Wellington has been named as the best homemaker in the state of Texas.

These people are working hard to make our country, much of which consists of wornout land, a better and more prosperous place to live—prosperous not just for the landowners and the people who depend directly on the soil for a livelihood, but prosperous also for the thousands of others who are indirectly dependent on the soil for their daily bread.

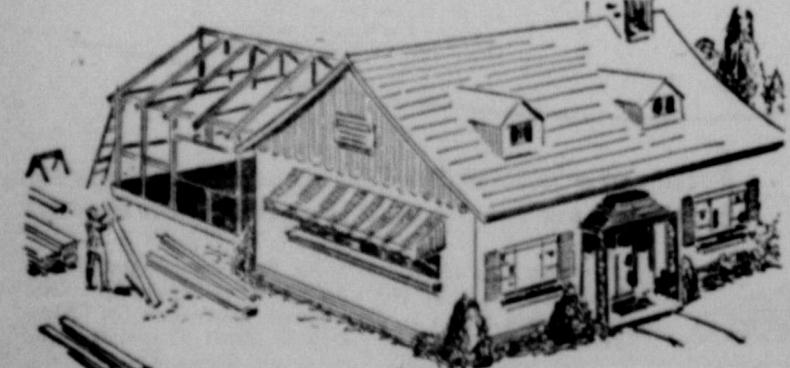

We—all of us—owe much to such men as Mr. D'Spain and to others mentioned, and to such women as Mrs. Sweat of Wellington. We shall always be indebted to those people who have the foresight to realize that what is theirs shall some day be that of their children, the foresight to work toward a goal of leaving only the best for the future generations.

For this reason, we wish to extend our most hearty congratulations to Mr. D'Spain, to Mr. Cliett, to Mr. Beasley, to Mrs. Sweat, and to the winning Donley County Soil Conservation District, for the splendid accomplishments during 1951 and other years in the past. You, each of you, have earned any reward you have received or may receive.

LES TALK

By LESTER

Sunday is Mother's Day.

This week I have one regret, and that is that I do not have a picture of my own mother to run in this column. Naturally, like all the rest of you, I think my mother is the best mother in the whole wide world. If you are not of the same opinion concerning your mother, then surely something in your mind is twisted.

A few of you know my mother, either very well or as an acquaintance; but the majority of you probably have never even seen her.

She isn't rich in a worldly way—that is, she isn't rich financially. But my mother is rich in goodness and fineness. Rev. C. W. Parmenter, who was her pastor at Turkey (where she now makes her home) for a period of some six years, has told me several times that my mother is one of the finest, most Christian women he has ever known. And coming from Rev. Parmenter (I have never caught him in a falsehood), that compliment is very full of meaning.

I could go on and on about my mother, just as you could do the same about yours. For we all know that mothers are the tops in just about every way.

And I might mention also that my mother has two of the finest children in the world—me and my sister. Oh well, she thinks so anyway!

Since this is so near to Mother's Day, I felt that it would be well to run the pictures of a couple of mothers. They are, as many of you have already noticed, Mrs. D. C. Carpenter and Mrs. Jim Back.

The top picture is, of course, Mrs. Carpenter. If you are a newcomer, you will recognize her as the lady who checks your groceries at Cooper's. But that is merely her means of livelihood—she is a mother first.

I only know one of her children well. He is Bill Carpenter, a most likeable young fellow who now lives at Perryton. When I first came to McLean, he lived here. Bill is not only a likeable young man, but a fine man, too. The fact that he is a good man is not particularly a credit to him, but instead is a credit and a tribute to the mother he has to be so proud of. Mrs. Carpenter has had her share of hardships during her life, but you can readily find out that she can manage a smile and a cheerful greeting at any time. Since I have known her, she has been working downtown, but when those children were youngsters, I'll bet she devoted practically all of her time to them. Mothers are like that, you know. They will sacrifice much for their children, and Mrs. Carpenter has always been ready to make those sacrifices.

The other picture is that of Mrs. Back. It has been my pleasure to work with Mrs. Back every since I came to McLean. Most of

our associations have had to do with work in the public schools, with which she was connected for many years. As you know, she is now the owner and operator of the Vera Back Agency. I am well acquainted with one of her children, too—Mrs. June Woods. And Mary Emma is a fine young lady, and a most capable mother herself. You can easily see that the training she received earlier in life from her own mother has equipped her to care for her own children in the most capable manner. Mrs. Back is one of those unusual mothers who has coupled her great ingenuity with her unlimited energy to make a success as a mother, as a teacher, as a wartime instructor, and now as a businesswoman.

What a pleasure it is to publish pictures of mothers. What a pleasure and a privilege all of us have to be allowed to pay tribute to our mothers next Sunday. In some countries, mothers mean so little, but in our country, they are the very foundation of our way of life.

As I mentioned last week, the big banquet to reward those men and women who have done the most for soil conservation in the past year was held. Twenty-nine of us went on a chartered bus to Fort Worth from this area to attend the affair. We left Clarendon Thursday morning at 7:30 o'clock, and arrived back here Friday morning at 5. It was a hard trip to make, but a most enjoyable one. It was a great privilege to accompany Mr. and Mrs. Thomas D'Spain and their son Carlin to Fort Worth, and see Mr. D'Spain receive his high honors for winning the title of the "outstanding farmer in Texas in 1951."

To give you an idea of the size of the affair, there were 900 or more people at the banquet we attended. And Mr. D'Spain's honor was the highest won by any individual.

From time to time, I will bring out something about the program which I learned by attending the banquet. To try to get it all in one column would require too much space.

A last word: Don't forget to remember your mother Sunday. She's a mighty important person.

It is not inconceivable that the new leadership for which the world craves may arise from the Christian church. But this hypothesis appears to presuppose a transformation of Christianity, or a revival of its primitive spirit, which would in itself amount to a revolution.—Edward Hallett Carr.

MEMBERS of the homemaking class enjoy the first aid which has been taught by the school nurse, Mrs. Walsh. Top left, an arm is being applied; top right, a group of the girls are shown in the classroom; bottom left, an arm sling is being applied; and bottom right, a leg splint is put into place. First aid was one of the features of the course taught by the school nurse.

The homemaking class of the McLean High School has been at present enrolled in a nursing class under the supervision of Mrs. Gwen Walsh, school nurse.

The class has been a very successful one, enjoyed by Miss Stuart, the home economics teacher, as well as the students. The course covered many subjects, such as first aid, snake bites, broken bones, and many contagious diseases.

The girls and Miss Stuart all felt that the course has been not only interesting, but educational. Enrolled in the class are Sue Williams, Collene Bennett, Shirley Allison, Christine Jane Franklin, Barbara Williams, Ona Gail McPherson, Glenn Betty McClellan, Patricia Shirley Pearson, LaVerta Wiley, Lois Woodrome, June Shiefield, Dixie Turpen, Evelyn Jo Ann Stevens, and Miss Hart.

ARVIN SMITH, far away in Korea, should have been in McLean recently with those whiskers to help advise the rodeo and pioneer day celebration. Arvin, son of Mr. and Mrs. Riley Smith, is on a cargo ship which has a route of going from Korea to Japan, then back to Korea. His correct address (including the beard) is Arvin Smith, FTSN, USN 367-78-66, U. S. S. Oberon, of Fleet Postoffice, San Francisco, Calif.

The following letter has been received by Mr. and Mrs. Herman Hunt, concerning the death of their son, Sidney C. Hunt, August 28, 1951:

My dear Mr. and Mrs. Hunt: I am in receipt of your letter dated October 13, 1951.

Your son, WOJG Sidney C. Hunt, was killed in a vehicle accident near Camp Mower (Japan) while proceeding to a fire on the night of August 28, 1951.

Your son was well liked by all of his associates, officers and men alike. He was an excellent officer, performing all tasks assigned to him in a cheerful and highly efficient manner. It was his devotion to duty which indirectly caused his death.

I apologize for the long delay in answering your inquiry. It was through an oversight that one of my staff officers informed me that you had been notified

Garment Fitting Discussed at Meet Of Local H. D. Club

Miss Helen Dunlap, Gray County home demonstration agent, presented a demonstration on "Fitting the Garment" at the regular meeting of members of the Home Demonstration Club Wednesday afternoon, April 23, at the American Legion Hall.

Mrs. Guy Beasley gave a 10-minute demonstration on flower beds.

"When selecting a pattern, the most important thing to remember is to buy a pattern according to bust measurements and alter the pattern to fit the person," Miss Dunlap said. "There are five principles in fitting: first you must look for the grainline and cut out on that line which runs up and down. You also want balance or symmetry; if one shoulder is lower than the other, your shoulder pads can be made smaller or larger to hide the unbalanced shoulder.

"Flowing, unbroken lines and the set of the garment also are important, as is the ease or snugness of the garment. It should fit comfortably to look graceful," Miss Dunlap explained.

Mrs. J. H. Kritzler was hostess and served refreshments to Mesdames Reed Grogan, Claude Powell, Lester Dysart, Guy Beasley, and Lester Campbell, and Miss Dunlap.

Lions Crippled Children's Camp Progressing

Artist's Conception of Proposed Lions Crippled Children's Camp

According to Camp Board Director Boyd Meador of McLean, an encouraging picture was drawn in the interest of help for the crippled children of Texas at Kerrville recently. A meeting of the board of directors for the Lions League for Crippled Children has been held in the first bunk house completed at their Crippled Children's Camp in Kerr County.

Definite forward steps were taken toward the completion of work at their camp to the end that its actual opening for operation may be effected within a few months.

Contract for construction of a dining hall and kitchen facility was awarded at a cost of \$19,659.

Action was also taken to proceed with the awarding of contracts for the construction of the complete water supply system and the sewers.

The directorate of the camp authorized the taking of bids on the swimming pool. This pool is to be of rather unusual design in that it will be separated into three distinct sections for wading, for training, and for diving and swimming for the more advanced in aquatics.

Upon completion of the above

mentioned facilities it will be possible to open the camp some time this fall. The camp is designed to permit operation at all seasons.

The supporters of this Texas Lions Crippled Children's Camp throughout Texas anticipate great benefits to all crippled children who will be privileged to experience a session at this unique development. Others who are engaged in crippled children's work are also looking forward to the work accomplishment expected of the project which is aimed at rehabilitation and morale building. Such work is greatly needed as a supplement to medical, surgical and physical therapy work now being done by the several organizations performing that laudable work for these unfortunate boys and girls.

Jack Wiech, attorney of Brownsville, who is president of the League, and Reagon Smith, a prominent Lion of Conroe, and chairman of the camp improvement committee, are both gratified with attendance at this board meeting and the constructive actions resulting from the session. A heavy schedule of work was accomplished through the efforts of an enthusiastic and determined board membership.

Car Inspection — FOUR STATIONS HERE

"Get your vehicle inspected and avoid the delay and inconvenience of having to wait in line," Chief G. W. Bushy, motor vehicle inspection division, Department of Public Safety, Austin, said this week.

The 2,700 official inspection stations licensed in Texas so far are inspecting some 50,000 cars per week, and in order to inspect all the cars in this state by the deadline, September 6, the number of cars inspected per week will have to be doubled.

Four local firms are authorized inspection stations. They are Dysart Motor company, Hibler Truck and Implement company, Cooke Chevrolet company, and Andrews Equipment company. The four here, plus the seven inspection stations in Pampa, make a total of 11 for Gray County. The county has 14,371 vehicles registered, and about 1,000 of these are in the local area.

There can be no further extension of the deadline, and operators of vehicles not inspected on September 7 will be subject to arrest. The law provides a fine of not to exceed \$200 for any person guilty of operating a vehicle after September 7 when such vehicle has not been inspected and approved.

Mrs. Elton Johnston spent the first of last week in Amarillo with her daughter, Mrs. Vic McPherson and baby of Stinnett, who were there for medical treatment.

Mr. and Mrs. Leroy Blaylock and son of Farmington, N. M., spent the week-end here with their parents, Mr. and Mrs. Raymond Smith and Mr. and Mrs. L. M. Blaylock.

Mr. and Mrs. Burl Puett and son Donnie of Oklahoma City spent the week-end here with their parents, Mr. and Mrs. E. H. Kramer and Mr. and Mrs. J. J. Puett.

Mr. and Mrs. Nath Franks of Sayre, Okla., were visitors here Friday.

Mrs. Leon Waldrop and Miss Marjorie Fowler were Pampa visitors Friday.

Mrs. Herman Hunt visited with relatives in Amarillo Thursday and Friday.

Mrs. Jack Dean and daughter Toni of Ada, Okla., are here visiting in the home of Mr. and Mrs. Paul York and family.

Mr. and Mrs. Floyd Phillips of Dumas attended the funeral of W. J. Ball at Alanreed Thursday.

Lester Dysart made a business trip to Amarillo Monday.

NOTICE TO BIDDERS
Sealed bids will be accepted by the Board of the McLean Independent School District for approximately 60 lots of property within the city limits of McLean, Texas, on U. S. Highway 66, and the three-story elementary school building and attached gymnasium. Bids may be submitted for the lots or building separately, although it is understood the board will not be responsible for the moving of the building other than the buyer of the building. Bids will be received at the office of the business manager, City Hall, McLean, Texas, until 6 p. m., May 12, 1952, which time they will be opened and read. A certified check equivalent to 10% of bid amount must accompany bid. The Board of McLean Independent School District reserves the right to accept any or all bids.

Praises BIG 12 For Relieving Her Nagging Aches and Pains

Every day people from all over Texas write in telling how BIG 12 has helped them regain their old time feeling of well being. For instance, take Mrs. Blanche Styron of 402 West Henderson in Cleburne. Mrs. Styron is a nurse and it wasn't so long ago that she had a hard time carrying on her profession. Then she heard how BIG 12 was helping other people with a similar condition caused by deficiencies of Vitamin B₁, B₂, Niacin and Iron and decided to try it. But let Mrs. Styron tell her experience with BIG 12 in her own words.

"For some time I had aches and pains all over my body. I suffered terribly all during that time. Then I heard about BIG 12 and out of sheer desperation I got a bottle. With that first bottle I felt a great change for the better and I have since taken thirty or forty bottles. I have now returned to my work which is practical nursing. At present I am walking two miles each day to take care of my patient. I am still taking BIG 12 and will continue to take it for it has helped me more than I can ever say."

There is nothing miraculous about BIG 12 but sometimes results like those secured by Mrs. Styron almost make it seem so. It is a proven fact that lack of Vitamin B₁, B₂, Niacin and Iron can cause nagging aches and pains, stomach distress, lack of energy, sleeplessness, nervousness and poor appetite and BIG 12 contains these essential elements that give that glorious feeling of well being that makes life worth

living. And remember, in addition to Vitamins B₁, B₂, Niacin and Iron, the daily dose of BIG 12 contains as much of the Red Vitamin B₁₂ as a doctor usually gives in an intramuscular injection. These vitamins and a great iron content of BIG 12 more iron than any other contains) when taken into the system, goes to work immediately so if you suffer from these deficiency caused ailments, be it to yourself, don't go on through life suffering nagging aches and pains, stomach distress, sleeplessness, nervousness, poor appetite and a general run-down condition due to a deficiency of Vitamins B₁, B₂, Niacin and Iron but get a bottle of pleasant tasting BIG 12 from your drug store today.

County Included New TV Set-Up

Gray County can look forward to its own television on a new station which may be built under a plan of the Federal Communications Commission, in Pampa.

The FCC plan, which has just been adopted calls for 173 new stations in Texas. Most of them will operate in the ultra-high frequency range, which is an untapped section of the radio spectrum. Use of this UHF band and expansion of the present very high frequency service should eventually permit nearly 2,000 new television stations in every section of the nation. The 108 television stations now operating in the United States are in the VHF range.

"The adoption of the UHF plan in conjunction with the expansion of VHF means the beginning of a truly nationwide television service, with visual entertainment and education brought to remote areas miles from the nearest cities," stated Dr. C. B. Jolliffe, vice president and technical director of the Radio Corporation of America, which pioneered the development of UHF television. "We are ready to build the transmitting and receiving equipment to bring about this national television service."

The FCC decision to use UHF for television is based on years of scientific research and on field tests conducted by RCA and the National Broadcasting company at Bridgeport, Conn., where in 1949 they built the country's first UHF television station to operate on a regular basis. These field tests, Dr. Jolliffe reported, showed that UHF when properly allocated geographically and properly used, was comparable to service provided by present VHF broadcasts.

When new stations are built, home television receivers will follow quickly, judging from the experience of present television areas. Based on the national pattern, Texas can anticipate more than 1,250,000 sets a year or two after the new stations begin operation, with more than 4,000 sets in Gray County alone.

Music Students Given Auditions By National Guild

Sixteen students from Mrs. Willie Boyett's piano classes went to Pampa recently for the auditions of the National Guild of Piano Teachers, with a combined list of 164 memorized selections. Mrs. Lilla Gray Parker of Atlanta, Ga., was the judge for the auditions. This is her third year to serve in this capacity, although it is her first in Texas.

Pampa is one of the 375 centers in the United States and Cuba in which some 30,000 young people will be heard this spring by 175 judges, not on contest basis, but each will receive a rating according to his achievement.

DeAnn Clayton, Clea Sue Heasley, Harold Knight Jr., and Sue Glass were auditioned in six numbers each; Max Billingslea, Othelia Eustace, Betty Ruth Luckinson, Mollie Erwin, Monta Jean Kennedy, Gayle Mullanax, Billy Eugene Rodgers, Christa Carol Rodgers, Patricia Shaddid, and Kay Stubbs played ten numbers each; and Dicky Sligar and Barbara Neil Williams played 20 each. They received ratings from excellent minus to superior plus, which entitles each player to a certificate and pin showing his classification, along with good points and bad points. Dicky Sligar made an application for "High School Diploma in Music," which he will receive at a later date.

Pauline Erwin was unable to participate in the auditions as scheduled, but was given an appointment for last Saturday with Mrs. H. A. Yoder, chairman of the Pampa Guild Center. She played in the ten number group, and was also entitled to a pin and certificate.

The above-named students were presented in recital at Mrs. Boyett's studio Sunday, May 4, at 4 o'clock, at which time pins and certificates were presented.

Billy Eugene Rodgers, Barbara Neil Williams, and Dicky Sligar entered the 1952 national recording contest in January.

At the recital Sunday, Billy was presented with a bronze pendant for receiving honorable mention rating; and Barbara and Dicky received gold pendants showing first rating in the run-off for cash prizes, the same rating they received in the 1951 contest.

Junior Music Club Meeting Is Held In Boyett Studio

The Junior Music Club met in the studio of Mrs. Willie Boyett May 2.

Presented in repertoire playing were Harold Knight Jr., with four numbers; Don Cash, three numbers; Janice Magee (of Dicky Sligar's class), six numbers; Marsha Andrews, six numbers; Carolyn Patterson (of Floella Cubine's class), three numbers; and Darla Hill (of Barbara Neil Williams' class), five numbers.

Making the A honor roll were DeAnn Clayton, Pauline Erwin, Othelia Eustace, Pat Shaddid, Harold Knight Jr., Billy Eugene Rodgers, Christa Rodgers, Kay Stubbs, Bobby Weaver, Dorothy Pagan, Janice Magee, Marsha Andrews, Carolyn Patterson, Sue Hill, Peggy Sharp, and Betty Ruth Dilbeck; B honor roll, Barbara Brown, Laura Mae Switzer, and Carla Henley; C honor roll, Don Cash, and Jimmy Dawson.

Refreshments were served by Mrs. Harold Knight, Mrs. Bill Cash, Mrs. Clyde Magee, Mrs. Clyde Andrews, Mrs. Patterson, and Mrs. N. A. Greer.

Notice to Voters of Precinct No. 4, Donley County

I, George Preston, due to an oversight, failed to register my name with the Democratic chairman in order to get my name on the official ballot for commissioner of Precinct No. 4, Donley County, even though I had announced publicly through our local newspapers. I wish to state that I will be a candidate for the office and will pay my due share of the election expenses. I will appreciate your writing my name on the ballot when you go to the polls to vote in July. All votes and influence will be appreciated.
 George Preston.

Dr. Buell Wells, Mrs. Joe Willis, and Mrs. Luther Petty attended a Vacation Bible School Clinic at the First Baptist Church in Shamrock Tuesday.

Funeral Rites Held in Alanreed For W. J. Ball

Funeral services for W. J. Ball, pioneer citizen of Alanreed and Gray County, were held last Thursday afternoon at the First Baptist Church in Alanreed.

Rev. E. Douglas Carver, pastor of the First Baptist Church of Pampa, and Rev. Steve Greenwood of Alanreed officiated. Interment was in the Alanreed cemetery under the direction of the Claborn Funeral Home of McLean. Masonic graveside rites were held, and pallbearers were members of the Alanreed Masonic lodge.

Ball died of a heart attack in his store Tuesday afternoon of last week.

Survivors include his wife; a son, Dr. William L. Ball of Amarillo; two daughters, Mrs. C. A. Cash of Amarillo and Mrs. Leon Landon of Beaumont; and one sister, Mrs. B. T. Stubbs of Alanreed.

Ball was born August 24, 1878, in Mississippi, and came to Texas as a boy with his parents, settling in Limestone County.

In 1904, he moved to Alanreed to join his father, the late W. A. Ball, who the previous year had established a mercantile store. Ball ran the store after his father's retirement in 1907 until 1932. At that time, he opened his City Drug Store, which he was still operating at the time of his death.

During his many years in Alanreed, he was a good roads booster. When Highway 66 surveyors changed the route of the new four-lane road to miss the center of Alanreed, Ball led the fight to knock down the change, although his efforts in this respect were unsuccessful.

For many years, he had been active in politics, and for more than 40 years served as precinct chairman. He was serving in that capacity at the time of his death. He had also served a number of years on the Alanreed school board.

Always active in Masonic work, he was a 32nd degree Mason, and a member of Khiva Temple in Amarillo.

Donley County—SOIL NEWS

The trip to Fort Worth last week to the Fort Worth Press' "Save the Soil and Save Texas" awards dinner was considered quite successful and enjoyable by the 29 farmers, ranchers, business and professional men and women who attended from the Donley and Gray County Soil Conservation Districts.

The special chartered bus was decorated with large colorful signs on each side which read: "Conservation Special, honoring Thomas C. D'Spain, the Outstanding Conservation Farmer in the State of Texas, Donley County Soil Conservation District, No. 127, Clarendon Chamber of Commerce."

A public address (thanks to L. L. Wallace) on the bus gave Jimmie Faulkner, manager of the Clarendon Chamber of Commerce, the opportunity to publicize the purpose of our trip and also to tell of the virtues of Donley County and the Texas Panhandle to almost everybody between Clarendon and Fort Worth.

A capacity crowd of about 900 soil conservation enthusiasts from all over Texas filled the banquet hall of the Texas Hotel and saw D'Spain and the state champions in other divisions of the awards program crowned and rewarded. A check for \$500 was the award presented to our champion.

Walter R. Humphrey, editor of the Fort Worth Press, was toastmaster, and Paul Walsler, state conservationist, Soil Conservation service, gave the principal address.

As soon as Jimmie Faulkner gets rested up over this trip, we will start making plans to attend a similar affair in Lubbock on May 26, for the regional winners. The Donley Soil Conservation District won first place as the outstanding district in Region 1, comprising 51 counties in the Panhandle and South Plains, and will receive an award of \$500 at the Lubbock presentation.

Mrs. Zora Kennedy of Amarillo visited her uncle, W. E. James, at Pampa Saturday and spent the week-end here with her parents, Mr. and Mrs. Luther Petty.

Clifton Pugh was taken to Highland General Hospital in Pampa Sunday for medical treatment.

In Korea, 40th Infantry Div. 16 April, 1952

Dear Sir:
 You may not know me, because I have been gone from McLean about two years. But at this time I want to tell you I think that The McLean News is a very, very nice paper. My mother, whom I love very dearly, sends me clippings of your wonderful paper, with which I find a most enjoyable pastime, reading about the people in the small and lovable town—the town that I spent most of my later years of life in. I lived in and around McLean and Alanreed all of my life.

I read in your paper where no one had said anything about the pictures you put in your paper. I wish to tell you that it is very nice. If the people were over here, they would also tell you the same. Back there people do not think much about things like that, but when you are away, pictures bring back memories of those you love and of those that are friends of yours. I think the paper is doing a nice job for the benefit of all the people in and around McLean. I wish to commend you on all of your efforts.

Here in Korea where I am, it is a pretty hot place to be. We are in direct support of the infantry. This division I am in is covering the central front. The whole 40th division is a California National Guard unit.

I must close and get around because in about one hour we are going to have our hands full. They are expecting a push tonight, so we are going to have to fire about four or five hundred rounds.

A friend,
 James D. Ayers.
