

The first meeting of the P.T. will be held Wednesday at 8 o'clock, September 1, at 3:45 p.m. in the grade school cafeteria. Teachers of the schools will be honored at the meeting. It is the first meeting of the year, each person is requested to bring membership dues of \$1.00. All members, old and new, are urged to attend.

We have a note from Mrs. Billie Daxler telling us that a group of boosters is due in McLean to advertise the coming McLean amateur rodeo. Mrs. Daxler asked us to put something on the paper about the caravan. We did so, but failed to tell you the day it would be here. It's due. The rodeo, however, will be held September 4, 5 and 6. In the meantime, it is to be in town between 11 and 12 o'clock every day to make you're around to hear the news when they arrive.

Members of Bandmaster Coleman's twirler class presented the program at the regular meeting of the McLean Lions Club Tuesday night. The five girls had been attending drill classes only six days, and presented a variety of the routines they are learning to master. Among the program were dancing by Rolena Chase, Monty and Barbara Carter, and Sue Heasley.

Guests at the luncheon on Tuesday night at the McLean Legion Hall after the band concert.

Edith Wardlaw was entered in the Home for the Aged at Tuesday, August 25. She reported as very well pleased with her new home. Her address is Edith Wardlaw, Box 38, Lefors, Texas, of Home for Aged.

The McLean Tiger grid team will begin fall workouts Tuesday, September 1, Coach Hap Rogers announced. Under the present plan, the grid teams are not to work out, or to receive uniforms, until September 1. Mrs. Rogers expects a large number of boys out for the initial work-out preparation for the opening game with Sunnert September 15.

The McLean boys and girls ball teams won both games in their journey to Lefors Friday night to meet similar teams. The boys team downed the Lefors team 13-2, and the girls won the Lefors girls by an 18-0 score.

That big softball game between the McLean Lions Club and the Jaycees, rained out on the originally scheduled date, has been re-scheduled.

The big (?) game will be held tonight at 8 o'clock at the ball field, according to Lions manager J. C. Claborn and Jaycee Manager Sammy Haynes. Earl Stubbiefield, who has been working out constantly for more than three weeks, will start on the mound for the Jaycees. Rev. C. W. Parramore will be able to start for the Lions (editor's note: please use the qualifying word "may").

A small admission will be charged, and the proceeds will be paid in paying for the summer recreation program.

Mr. and Mrs. Kenneth Clawson, children, Randy and Kindie, Berger and R. R. Clawson of Tulsa, Okla., visited in the McLean and Doug Clawson homes Sunday and Saturday.

Funeral Rites Are Held Here For Bill Webb

Funeral services for B. L. (Bill) Webb, 52 years of age, were held at the McLean Methodist Church Monday afternoon at 3 o'clock. Webb died at his home Saturday night shortly after 11 o'clock.

Rites were conducted by Rev. J. Edwin Kerr, pastor of the First Presbyterian Church, assisted by Rev. C. W. Parrameter, Methodist pastor. Interment was in Hillcrest Cemetery under the direction of the Claborn Funeral Home.

Graveside rites were conducted by members of the McLean Masonic lodge.

Pallbearers were C. R. Griffith, Bud Morris, Clayton Peabody, Clyde Dwight Jr., John C. Haynes, and J. W. Meacham.

Webb, a great sports enthusiast, particularly interested in baseball and softball, had attended the games of the junior softball tournament in McLean Saturday night. He died at his home in the Webb community north of McLean of a heart attack shortly after reaching home. He had not complained of feeling ill until a short time before his death.

Webb was one of the most loyal members of the McLean Masonic lodge, and was serving as its secretary at the time of his death. He was serving his second term as secretary, and had long been active in lodge work.

As a sporting enthusiast, he had served as the official scorekeeper for the softball league for several years. When McLean had a baseball team, he was almost always on hand for all games.

He had been in the ranching work all of his life, and owned extensive property in the Webb community, the community having been named for his father, the late I. H. Webb.

Webb was born January 9, 1901, in Roger Mills County, Okla. He came with his parents to what is now the Webb community in 1902, and had made his home there since that time.

Survivors include his wife, Mrs. Mary Webb; one son, Felton of the Webb community; a daughter, Mrs. George Eoff of Rogers, Ark.; his mother, Mrs. I. H. Webb, also of the Webb community; and three brothers, Charles of Webb, and A. A. and Leslie of Canadian.

Band Concert Friday Night

The McLean High School band will present a brief concert Friday night at 7:30 o'clock in the City Park, Bandmaster Joe Coleman has announced.

The concert will consist principally of marches, Coleman explained.

"We invite everyone out to hear the band," the bandmaster said. "Although the members of the band have not yet had much practice for the fall school term, we believe you will enjoy hearing them play."

TV Reception 'Fair' to 'Perfect'

Local television set owners had their first consistent reception of telecasting Monday when KGNC-TV, Amarillo, went on the air with stepped-up power and with the use of its 833-foot antenna.

Reception at various homes in town, and near town, was reported as "fair" to "excellent." Most of the set owners in town reported that some "snow" was present; a few stated that the picture on their sets was perfect most of the time.

The station's manager, however, stated that several adjustments were made in the initial transmission, and that part of the "interference" was due to these adjustments, and not to receiving sets. It was also explained that several days will lapse before all necessary adjustments are made.

The station did not go on with its full power. Instead it started telecasting from the new transmitter and tall antenna with a radiated power of 50,000 watts. This practice will continue for eight weeks, at which time the maximum power of 100,000 watts will be used.

Ice Cream Supper Slated for Tuesday

Members of the local Boy Scout troop, fathers of the scouts, and other visitors will be treated to an ice cream supper Tuesday night, September 1, Scoutmaster Jimmy Shelton said this week.

The group will meet at the American Legion Hall, and then go to the City Park for the serving of the ice cream, Shelton said.

"We want all Scouts and their fathers to be present," Shelton explained, "and we also want other boys who may be interested in becoming Scouts. At the present time, we have only a few members of the troop, and we are hoping that others will become interested in joining."

The supper is to begin at 8 o'clock, the Scoutmaster said.

Firemen Have Annual Picnic At City Park

About 75 people, including firemen and their families and their guests, were at the City Park Thursday night of last week for the annual firemen's picnic.

John Anders, member of the fire department, was the principal speaker on the program. He, along with Frank Wiggins and R. L. Brown, attended the recent firemen's school in College Station. Anders outlined some of the work the fire department while attending the school, and cited statistics concerning fires in the U. S. W. W. Boyd was chairman of the program committee.

Food, served cafeteria style, included barbecued ham, beans, apricots, tomatoes, onions, bread, iced tea, and ice cream.

Guests at the annual affair included County Judge J. B. Maguire Jr., and his wife and son, Mayor E. J. Lander, his wife, other council members and their wives, members of Commissioner O. L. Tibbets' gang and their wives, representatives of the press, and several retired members of the department.

Master of ceremonies was Fire Chief Boyd Meador.

Contract Is Let For New Bridge Near Lefors

Contract for a new bridge over the North Fork of Red River, between McLean and Lefors, was let last week to Bell, Braden, Barker, and Gilvin, Inc., of Amarillo.

The firm's low bid was \$157,772 for the job.

Work to be done on the six-tenths of one mile stretch includes the bridge work; and approaches and grading revision, with flexible base and one-course surface treatment.

The bridge, located on State Highway 273, has long been in need of replacement. It is an old wooden-floor bridge, and was topped with asphalt a few years ago. At the present time, numerous holes may be found in the bridge itself, since it bears heavy traffic from the various oil field work in the area.

The contract on the Gray County project was one of 30, totaling \$4,656,244, let by the State Highway Department on Wednesday of last week.

Dove Season Opens Tuesday In North Texas

Come about next Tuesday, there may be some shooting in these parts.

That is, provided dove hunters can find a place to get permission to hunt.

Dove season opens in the north zone of Texas, which includes most of the state, next Tuesday, September 1, and will continue through October 10. Shooting hours are from 12 o'clock noon to sunset.

The bag limit on doves is not more than ten per day, and not more than ten in possession. Shotgun, not to be larger than 10-gauge, must be permanently plugged to a three-shell capacity.

Missionary to India Speaks Wednesday At McLean Church

Marion Baumgardner, native of Wellington who has spent the past two years as an agricultural missionary in India, will speak at the McLean Methodist Church Wednesday night, September 2, at 7 o'clock.

The guest, who is said to be an excellent speaker, will appear at the regular meeting of the Men's Fellowship Club of the church. Baumgardner returned from India only a few weeks ago.

"We wish to invite wives of the members of our club, members of the W. S. C. S. and Wesleyan Service Guild, and anyone else who would like to hear an excellent report from this foreign nation so much in the news today," Bill Day, program chairman, said.

Light refreshments will be served, Day said.

Pre-School Activities Underway As High School Enrollment Starts

Second Strike—Burglars Visit Same Station

For the second time within a month, the Earles and Miller Magnolia Service Station has been entered by a burglar, or burglars.

The station was entered last Saturday night, or early Sunday morning, by prowlers who managed to get in through the same window used by the burglars July 31. The pane apparently was broken when the visitors tried to pry it out, Earl Earles, who with Paul Miller owns the station, said.

The only missing item was a vacuum sweeper, Earles said. The sweeper was the property of Miller, and was being used by the station operators in their wash rack.

The main portion of the building was not entered this time, Earles said. The door had been pried with a screwdriver in the washroom, but was not opened. Deputy Sheriff Jimmy Shelton said no arrests had been made in connection with the theft, early this week.

Girls to Display Summer Work

Friday afternoon from 3 to 4 o'clock the summer class in homemaking will have on display in the homemaking department some of the things they have made during the summer.

The girls will prepare and serve refreshments to their parents and friends who wish to call and see what the summer program consists of. This is the final part of their work. Freshman girls and their mothers are especially urged to attend.

Eleven girls, Billie Mae McClellan, Marie Winger, Barbara Carter, Donna Magee, Sue Chase, Mollie Erwin, Helen Bruner, Jo Ann Turner, Laura Brown, Gail Johns, and Leota Adams, have carried projects this summer.

Each girl has done several individual pieces of work related to making a home, such as cooking, sewing, canning, baby sitting, caring for the house, redecorating bedrooms, refinishing furniture, and laundry. Several have made trays of aluminum and done textile painting and embroidery.

They met at the department several times in June for instruction in aluminum craft and embroidery. New curtains for the kitchen were made at one of the group sessions.

One-half credit toward graduation is allowed for creditable work during the summer, as well as giving the girls an opportunity to apply knowledge gained the previous year in class.

Reserved Seats For Grid Games Not Selling Fast

Only about 30 books of reserved seat tickets to the home football games of the McLean Tigers had been sold the first of this week, J. W. Meacham, in charge of ticket sales, reported.

The books represent a saving of 25 cents per game for the reserved seats. A \$1.00 admission price for the five home games, to holders of the books, is \$5, while reserved seats at each of the games (if bought one at a time) will be \$1.25 each.

The reserved seats are in the center portion of the new stands, which were only recently completed. The new stands are on the west side of the playing field, and will be designated as the seats for the home fans.

The books of tickets may be obtained at the McLean Hardware company.

Worms Infest Some Donley Cotton Fields

According to County Agent H. M. Breedlove, cotton boll worms have been hurting some cotton fields in Donley County.

The infestation is spotted and possibly could let up with the return of warm weather, but in some cases there has been poisoning for the control of the boll worms.

The county agent suggests that all farmers watch their cotton crops for the sign of any types of harmful insects. When six or eight boll worms are found to 100 stalks of cotton, it is time to poison, and when ten to 12 leaf worms are found to each 100 stalks, it is time to poison.

The best spray for leaf worm and boll worm control is DDT and toxaphene mix with one part of DDT to two parts of toxaphene to five gallons of water, with about one quart of the mixture per acre.

When using dust, the county agent recommends a 3-5-40 dust and to apply when the wind is very low. The best time to dust is at night and preferably from midnight on to daylight when there is dew on the cotton. Present conditions have made dusting very favorable due to the dew at night. All persons needing additional information on control of cotton insects should contact the county agent.

Resident's Mother Dies at Lelia Lake

Mrs. Lenora Ellen Mace, mother of Wayne McIlroy of McLean, died at her home in Lelia Lake Tuesday afternoon. She had been ill for two days.

Mrs. Mace had been a resident of Lelia Lake for the past 12 years.

Survivors include her husband, W. M. Mace; and three sons, Wayne McIlroy of McLean, Ernest L. McIlroy of Bonham, and Adrian C. McIlroy of Kress.

Classes Begin Monday After Public Assembly

Although actual class sessions will not begin until next Monday, school activities in the McLean system were getting underway today with pre-registration work.

Superintendent Paul Kennedy and High School Principal Freeman Melton Jr. will be at the high school building all day today, Friday, and Saturday to aid students in working out their courses for the coming year. Kennedy said that high school students may come at any time during the three-day period to get aid in working out their curriculum.

Elementary school students, however, will not register until next Monday, Kennedy said.

The teachers in the local faculty will meet Saturday morning at 9 o'clock in the high school, when plans for the year will be discussed. This meeting will also give the new teachers an opportunity of meeting the old members of the staff.

A public assembly will be held Monday morning at 9 o'clock in the Municipal Building, Kennedy said. The band will be on hand to play a few numbers, and questions of any patrons will be answered. The meeting is similar to that of last year at the beginning of school, a session which proved to be informative for students and parents alike.

Several new teachers will be on the staff this year. Latest to be employed is Miss Virginia B. Sloan of Fort Worth, who will serve as high school English teacher. Miss Sloan holds a bachelor's and master's degree from the University of Texas, and has had several years experience of teaching in the Fort Worth public school system. For the past few years, she has been working for the federal government under Civil Service.

Another new teacher who will be with the school is Mrs. Clint Williams, wife of the assistant coach who was employed shortly after the close of the spring semester. Mrs. Williams will divide her time between the high school and the elementary school. She will give instruction in English to members of the last three grades in the elementary school, and to freshmen and sophomores in high school. She is a graduate of Panhandle High School, where she participated in girls basketball for several years. She received her bachelor's degree from W. T. S. C. Canyon, with a major in physical education and English. This will be her first year of teaching. Mrs. Williams' mother will move here with the couple to care for the two young Williams children.

Two new teachers in the elementary school are Mrs. W. D. Priest and Mrs. Ella Buchwald. Mrs. Priest joined the local staff following the transfer of her husband to the Rockledge plant of the Humble Oil company west of McLean. She is a graduate of Sul Ross College at Alpine, and taught last year in the Carey schools. Mrs. Buchwald, the latest to be employed by the board, is from Clinton, Okla. She is a graduate of Southwestern of (Continued on back page)

Boys and Girls Teams of Pampa Win Junior Softball Tournament

Both the boys and girls teams from Pampa topped top honors in the McLean junior softball tourney by downing the McLean teams in the championship finals Monday night.

Trophies were awarded to first, second and third place teams in both the boys and girls division following the close of the finals Monday night. The tourney was the closing activity for the summer recreation program, which has been under the supervision of Coach Hap Rogers.

In the opening game Monday night, the Pampa boys took an easy 17-4 victory over the local lads to win high honors. The Pampa girls had a harder time

winning over the McLean lassies, but came out on top of a 16-11 score.

In the consolation finals Saturday night, the Shamrock boys easily outplayed the Lefors lads by a 21-0 score. The White Deer All-Stars were unable to appear for the consolation game, and Miami substituted for them, winning over the White Deer Hornets by a 12-5 margin.

On the opening night, Thursday, McLean boys downed Lefors 32-3, and the White Deer All-Stars lost to the Pampa girls 13-6. Friday night, the Pampa boys defeated Shamrock 14-2, and the McLean girls won over the White Deer Hornets 18-4.

40 Years Ago—IT HAPPENED HERE

The Do-Something Club A number of boys and girls met at the home of Mrs. J. T. Bryant on Monday evening of this week and organized a club which will be called the "Do-Something Club." There were seven present who wished to become members. The club's motto is "Saved to Serve," and it is hoped that each member will live up to the motto. The regular meeting place will be at Mrs. Bryant's on Saturday afternoons from 3 to 4 o'clock.

Every boy and girl from 10 to 16 years old is invited to join this club. While it is a Presbyterian church club, we would be glad to have every boy and girl who is willing to work for the Master.

All-Day Party

Mrs. D. B. Veatch was hostess to a large party at her home last Friday, the guests spending the day and enjoying a delicious and well appointed luncheon at the noon hour. The afternoon was very pleasantly spent in various amusements, principal of which was a round of progressive 42.

The guest of honor was Mrs. E. G. Doran, who is visiting here from Shreveport, La.

Forty-Two Party

On Tuesday afternoon of this week, Mrs. A. G. Richardson entertained a party of ladies in honor of the visiting ladies in the city: Mesdames Watkins of Illinois, Doran of Shreveport, La., and Miss Fast of Alaska.

Progressive 42 and other games and amusements furnished a pleasant afternoon of enjoyment. Refreshments of chocolate and devil's food cake were served.

Business Change

Messrs. J. A. and Thos. B. Lee have recently purchased the dry goods business of R. A. Thompson in the Christian-Cousins building on the east side of Main Street and arrived the first of the week to take charge. The firm name will be Lee Bros. and they propose to conduct the business along the same progressive lines established by Mr. Thompson.

Some wise man once said the above, and how true it seems to be. And how true also is the fact that car trouble develops when you are farthest from a garage, especially a garage in your own home town. The reason is, of course, that so few car owners have their cars checked regularly in an effort to find possible future trouble. If you are one of these, then get in the habit of driving in often for a good going over. You'll be surprised at the money it will save you in the long run. It's likely, too, that it may save your now-pleasing disposition.

On long trips, short trips, all trips, you get far greater gas mileage out of a '53 Chevrolet. It offers important savings in everyday driving over everyday roads!'

Out to the golf course. Off for a week-end of fishing. Half across the country on a full-scale vacation. Wherever you go—however you drive—you're going to get there on a lot less gasoline in a fine new Chevrolet.

The truth is, this year's Chevrolet owners are enjoying the most important gain in economy in Chevrolet history. Plus more power. Faster acceleration. More "steam" for the steep hills.

That's the beauty of Chevrolet's two great high-compression engines—the new 115-h.p. "Blue-Flame" engine in Powerglide® models, and the advanced 108-h.p. "Thrill-King" engine in gearshift models. They squeeze much more out of regular gasoline—more miles, more pleasure.

Along with this greater gas mileage, you get lower over-all upkeep costs. And Chevrolet is the lowest-priced line in its field. Drop in and let us show you how you'll be better off in every way with a 1953 Chevrolet!

*Combination of Powerglide automatic transmission and 115-h.p. "Blue-Flame" engine optional on "Two-Ten" and Bel Air models at extra cost.

LOOK AT THE RECORD

OCCASIONALLY we hear someone who spends his time criticizing what others do instead of doing something himself, express his doubts as to the value of civic and service clubs and organizations to McLean, or to a similar community. Occasionally, the answer may be hard to find, unless one recalls the past history of such organizations. For this reason, we'd like to ask a few questions, questions which may indicate the value of our local organizations. For example, would the annual March of Dimes drive in McLean have been as successful this past January had it not been for the cooperation of the Lions Club and the Jaycees and the McLean P-TA? Would the stranded motorists, caught in this vicinity during a heavy snow in January, have had a warm place to spend the night had it not been for the American Legion with its nice hall? Would the elementary school have had the beautiful new piano had it not been for the hard work on the part of the P-TA members? Would you be wearing the highly-reflecting scotch lite had it not been for the insistence on this safety measure by the Jaycees? Would there have been a Public Schools Week observance in McLean had it not been for the Masonic Lodge? Would there have been the numerous derby signs, and now more new signs going up, along Highway 66 publicizing McLean had it not been for the Jaycees? Would there have been a rodeo for fans to enjoy had it not been for the American Legion? Would the FFA boys have had a sponsor for their chicken-raising project had it not been for the Lions Club? Would the drive for clothing for Korean war victims have been conducted locally had it not been for the Lions Club? Would a young man have been sent to Boys' State to learn something of our state government had it not been for the American Legion? Would the annual cemetery working, and program in memory of men lost in past wars, have been held had it not been for the American Legion? Would there have been a summer softball program for hundreds of people to enjoy, free of charge, during the summer months had it not been for the Lions Club? Would a young man, with a serious handicap, have been able to attend the crippled children's camp at Kerrville had it not been for the Lions Club? Would the Girl Scouts from Arizona, passing through McLean after a long trip, have been treated as royal guests in our little town had it not been for the Jaycees?

Likely not, likely not. These are just a few of the activities of the organizations mentioned--activities which had been carried out since the first of this year. In years past, such organizations have accomplished an untold amount of good, all without compensation except for the satisfaction of doing something for their fellow men. Yet they receive criticism, much of it. Perhaps a thought in advance by the critics would eliminate some of this criticism... perhaps if more people would become interested in civic and service work, our little community would become an even better place to live.

LES TALK By LESTER

A soldier on route back to camp after a lurlough was persuaded by a pretty, tearful blonde to give her his pullman accommodations. He wired his commanding officer: "Gave berth to a girl. Arrive by next train." Back came the reply from the C. O.: "Congratulations. Your next confinement will be in the guard house."

First Malenkov announced that the U. S. no longer has a monopoly on the H-bomb. Then the news was announced that Russia had set off one of the powerful things, and scientists reported that on August 12 some big explosion had taken place.

Yet there are some of Washington leaders who say definitely that Russia does not have the H-bomb. Of course, Russia may not have, I don't know; but, for the life of me, I can't understand why some of our big shots cannot believe there are people brilliant enough in Russia, as well as the U. S., to develop the H-bomb.

The Russian leaders are too power-minded not to harness all the brilliant scientific minds of their nation, and of their satellites, into a team working for more and more weapons. It seems to me that it is entirely reasonable to assume that Russia has the H-bomb, and has had the H-bomb for some time. We can hope Russia hasn't the H-bomb, but we can't dream that that country hasn't and never will have the powerful bomb.

An attorney and his four-year-old son were walking solemnly home from church when the small boy looked up with a puzzled expression. "Daddy, why do they always say 'amen' when they pray?" he asked earnestly. "Why don't they ever say 'a-women'?" The lawyer explained as best he could that it was an old established custom with a Biblical precedent. But the boy seemed unconvinced. "I think," he said, after some consideration, "that it's because all the songs are hymns."

H. Longan brought me some of that corn he has raised at his garden here in town. It is the white, sweet corn. Some prefer the yellow corn on the cob, but not me. Truly this mess of corn

was the best we have had this year. Thanks, Mr. Longan.

My neighbor, Lester Dysart, says he wishes he were an editor so that someone would bring him something.

There are still these who feel that the people of the world, though differing widely, can somehow learn how to live together. After all, men and women do.

Was talking to Mrs. C. E. Cooke the other day. She said her husband, Chuck Cooke, was being brought home to McLean last Friday following his operation in Amarillo a couple of weeks ago. Bringing him home was Chuck's brother, who reserved the right to do so. Seems that once the brother had an appendectomy, and Chuck took him home from the hospital. The brother claimed Chuck drove 80 miles an hour, and he wanted to get even by bringing Chuck home. Revenge is sweet.

You'll like Joe Coleman, the band director. At least, I think you will. Joe is eager for the band to appear every time they get a chance. We have had some band leaders during the past years who didn't want to bother with public appearances of the band. Joe seems to be differently inclined. Incidentally, he is also planning on attempting a choral group in high school, something which hasn't been attempted for several years now. Hope he is successful, for George Saunders and I think music by the human voice is the prettiest type of music--if it is given correctly.

The wife came to the door of the nursery and saw her husband standing over the baby's crib. Silently, she watched him as he stood looking down at the infant. In his face she read rapture, admiration, ecstasy, incredulity, wonder. Deeply touched and with her eyes glistening, she tipped in and slipped her arms around him. "A penny for your thoughts," she said. Startled, he blurted: "For the life of me, I don't see how anybody can make a crib like that for only \$12.49."

Do you smile, and speak to people, even though they may be strangers, when you meet them on the street?

School starts next week. Football starts in a couple of weeks. I wonder how many of you men will be willing to wear your derbies to the first football game.

Do you feel unimportant? Remember that a big wheel is a small cog that kept on working.

State Sets Up Seed Testing Fee System

A new seed testing fee system will be put into effect September 1 by the two seed laboratories operated by the Texas Department of Agriculture in Lubbock and Austin, Commissioner John C. White has announced.

A complete test of all seed will be made for \$2.50, with the exception of chaffy grasses, native grasses, mixtures, and trashy seed. This fee can be broken down to \$1 for germination tests or \$1.50 for purity analysis, only.

A fee of \$5 will be levied for purity and/or germination tests of the four exceptions--chaffy, native, mixtures, and trashy seed. During a rush season, however, trashy seed may be rejected for testing purposes, White said.

Noxious weed seed will be examined for \$1 per sample. Analysis of seed by an accredited laboratory is required before Texas Tested Seed tags can be issued, White explained. No seed can be legally offered for sale without the tag from the Department of Agriculture.

Charge for a seed tag has been increased from 1 to 2 cents. The Texas Seed Law requires that one tag be attached to each container or bag of seed sold or exposed for sale in the amount of 100 pounds or a fraction thereof.

Money for the tests must accompany the samples. Checks or company orders should be made to the Texas Seed Act Fund. Charges will be effective on all samples which reach either of the two laboratories after Sept. 1, regardless of the postmark date, White said.

This will be the first year the Texas Department of Agriculture has charged for seed tests. The fees are the result of a new plan to make the department more nearly self-supporting and less dependent on the taxpayers' money.

Commissioner White said he had not asked the legislature to appropriate tax money for this project for the next two years. The fee system was initiated so that the expense would be borne by those who will benefit from the service.

GOLDEN GIRL

Vows Exchanged By Audrey Young, Rodney L. Brown

Wedding vows were exchanged by Miss Audrey Anne Young, daughter of Mr. and Mrs. R. Audrian Young of Ballinger, and Lt. Rodney L. Brown of Waco Saturday morning, August 8. Lt. Brown is a son of Mr. and Mrs. H. D. Brown of Tomball.

Rev. R. H. Cagle, pastor of the First Baptist Church of Ballinger, officiated at the double-ring ceremony in the church chapel before a background of fern and baskets of gladioli. Organist was Jimmy Hamner.

The bride was given in marriage by her father. The bodice of her white nylon tulle and satin gown was designed with a petal collar. The skirt was chapel-length, and she carried a white prayer book topped with a white orchid and a spray of stephanotis.

Mrs. F. W. Johnston of Del Rio, sister of the bride, was the matron-of-honor. Her dress was of peach-colored taffeta with a champagne net overskirt. She carried a nosegay of blue carnations. Bridesmaids were Miss Vera Dean Brown of Tomball, sister of the groom, and Miss Jane Ann Alford of Lafayette, La., cousin of the bride. Their blue taffeta dresses were identically styled with that of the matron-of-honor. They carried nosegays of pink carnations.

H. D. Brown served his son as best man. Ushers were Ray and Lyle Young, brothers of the bride, and Fred Johnston of Del Rio, brother-in-law of the bride.

A reception was held in the banquet room of the Central Hotel. Guests were registered by Mrs. J. E. Young of San Angelo, aunt of the bride.

Out-of-town guests were the groom's parents, Mr. and Mrs. H. D. Brown of Tomball, Mr. and Mrs. J. E. Young, Mr. and Mrs. J. E. Young Jr., and Mr. and Mrs. C. O. Young, of San Angelo.

After a three-weeks wedding trip to Austin and New Orleans the couple will reside in Waco, where Lt. Brown is stationed at Connally Air Force Base.

Mrs. Brown chose a navy linen suit with white accessories for travel. She is a graduate of McLean High School, and will continue her studies at Baylor University this fall. Lt. Brown, a graduate of Brenham High School, will complete work on his master's degree at the University of Texas this year.

REVEILLE

with the boys Air Force ROTC Cadet Benny R. Cooper is entering into the final stage of his summer training at March Air Force Base, Calif. Son of Mr. and Mrs. John W. Cooper of Tucumcari, N. M., formerly of McLean, he is a student at the University of Texas where he is majoring in business administration.

Since beginning his training period on July 26, he and almost 200 fellow Air Force ROTC cadets have trained and inspected most of the facilities at March Air Force Base, a vital part of the strategic air force command.

Each of the cadets will have completed at least one three-hour flight in each of two aircraft, being actually at the controls for part of the flight. Other activities include daily physical training and sports, drill, classroom lectures and demonstrations, and inspection of the different phases of air force life.

SCIENCE and your Health

NEW FRONTIER IN MEDICINE

by Science Features One of the most exciting new frontiers in medicine is in the control and regulation of human metabolism. Metabolism is the functioning of various cells in the body to provide the energy necessary for life. Some scientists believe that in the understanding of these functions may lie the key to the conquest of many diseases.

The hormones, secretions of the internal ducts and glands, are the body's chemical messengers in the regulation and operation of metabolism—and life. Only in the past decade have scientists gathered any exact knowledge of how the hormones work. Out of this knowledge has come a new concept of disease.

Dr. Hans Selye, a Canadian physiologist, has offered a theory explaining between 30 and 40 diseases, including arthritis, rheumatic fever, and high blood pressure, as a result of an abnormal body reaction to what he calls stress. The hormones play the central role in this theory.

Whenever the body is subjected to a stress or strain—such as extreme cold, emotional shock or injury—there is always an outpouring of hormones from the adrenal glands. These hormones help the body compensate for the stress, but exactly how they do this is a mystery.

Dr. Selye thinks that after repeated stresses the body becomes exhausted and what he calls "an adaptive disease" results. Why this disease should take the form of high blood pressure in one person and arthritis in another is unknown. But if the theory proves to be correct it will explain a basic unity for seemingly different diseases, which in turn may lead to better treatments.

J. D. Brock Family Reunion Is Held At Legion Hall

A reunion was held Sunday, August 23, in the American Legion Hall by the J. D. Brock family.

There were 37 members of the family present, only three did not attend.

Those attending were Mr. and Mrs. E. B. Brock and children, Pat, Micky, and Jimmy, and Mrs. Betty Cochran and daughter Jo Ellen, of Arapahoe, Colo.; Mrs. Edna Lou Hood and daughter Betty Lou of Fort Worth; Mr. and Mrs. C. J. Brock and children, Helen, Eugene, and Joe, of Pampa; Mr. and Mrs. Earl Lane and children, Charles, Judy, and Jerry, of Lefors; Mr. and Mrs. C. N. Plumlee of Tulsa; Mr. and Mrs. Woodrow Nelson and sons, Ronny and Donny, J. D. Brock, and Doyle Houchen, of Dimmitt; Mr. and Mrs. Kermit Forsdick and children, Patty, Jeri, and Steve, of Lubbock; Clea Cothran of Okla.; Mr. and Mrs. U. G. Lane of Shamrock; and Mr. and Mrs. Doug Clawson and son Gary, and Mr. and Mrs. A. R. Clawson, of McLean.

Mr. and Mrs. Joe Gibson were in Pampa on business Saturday.

Mobeetie Plans Pioneers' Meet

The annual Old Settlers Reunion of Mobeetie will be held in that community on Labor Day, September 7, it has been announced.

An interesting and entertaining program will be presented during the day, and at night, an old-fashioned square dance will be held in the oldest public building in the Panhandle, the committee on advertising stated.

Last year, more than 1,000 old-timers registered. Those attending this year are asked to bring a basket lunch to supplement the barbecue, beans, and coffee.

The annual picnic is sponsored by the American Legion, and the sponsors have arranged for three beeves to be barbecued.

Mobeetie is the oldest town in the Panhandle, and was once the county seat of what is now 27 counties.

Anyone May Get Impetigo

Most parents know exactly what State Health Officer Geo. W. Cox means when he says "there is no such thing as natural resistance to impetigo."

They know, perhaps from bitter experience, that the same child can suffer repeated attacks of what Dr. Cox calls an "offensive, annoying skin infection."

Impetigo, a purulent, highly infectious ailment, can be found in any age group at any time of the year. But children are unusually susceptible, and most cases occur during summer. It isn't too serious, except in new born babies, but it can cause days of itching misery to afflicted youngsters and adults alike.

It's caused by a pus-forming bacteria called staphylococcus—the same sort of germ found in boils and sores where pus is present. Usually it forms an unsightly crust over wide areas of the body, and the material underneath is very infectious if allowed to get on other body parts.

It can easily be transmitted to anyone who uses the towel of an infected person, since towel moisture permits the germ to survive.

Children living in the most hygienic homes frequently get impetigo, although it is probably more common in homes where personal sanitation isn't considered too important.

The best way to minimize the ill effects of impetigo is to keep the infection localized by preventing the serum under crusts from exuding into "clean" skin surfaces.

The family physician is the child's best friend, since he will advise mother how best to combat the disease and how to keep it from spreading like a grass fire through the whole family.

CARD OF THANKS

With deepest gratitude we extend this word of thanks for the many kind acts of sympathy expressed by thoughtful friends. Your kindnesses have meant much to us.

Mrs. Edith Wardlaw and Johnny

Mr. and Mrs. Luther Petty and grandson, Vernon Luther Kennedy, were in Pampa Tuesday of last week on business.

Mrs. Inez Price and daughter Donna of Borger visited with the Doug Clawson family Saturday.

Mrs. Edna Lou Hood and daughter Betty Lou of Fort Worth visited Mr. and Mrs. A. R. Clawson Friday and Saturday.

Mr. and Mrs. Scott Bolton, Mr. and Mrs. Otis Wilson, and Mrs. Bert Grundy of Quitaque; Mr. and Mrs. Leon McCracken, and Boone McCracken and son Stewart Boone of Gasoline; Mr. and Mrs. Bruce Gibson and son Bruce Garner of Turkey; and Wes Woods of Groom were here last week to attend the funeral of Booth Woods and to visit with Mr. and Mrs. June Woods.

Mrs. Winford Almond of Amarillo visited with friends here Monday.

Fern and Linda Grimsley spent last week in Hedley and Memphis visiting with relatives.

Mr. and Mrs. A. O. Hollingsworth and family of Adrian visited with Mr. and Mrs. Frank Goughly and Dora Watt Sunday.

Mrs. Nancy White of Trinidad, Colo., is visiting in the homes of her sons, J. P. and R. T. Dickinson.

Mr. and Mrs. Jess Ledbetter and daughter Sally, accompanied by S/Sgt. and Mrs. Larry Ledbetter of Vlastota, Ga., vacationed in New Mexico last week. Sgt. and Mrs. Ledbetter have been spending a 25-day leave with his parents, Mr. and Mrs. Jess Ledbetter. Week-end visitors in the Ledbetter home were Ina, Myrtle, Roy, and Garland Ledbetter of Tulsa; Mr. and Mrs. Fred Tra-week of Foard City; Mr. and Mrs. Cliff McDonald and family of Mineral Wells; and Mr. and Mrs. Jess Ledbetter Jr. of Shamrock.

Dr. and Mrs. C. W. Finley and girls of Lubbock visited over the week-end with Dr. and Mrs. H. W. Finley.

Mr. and Mrs. Neal Skinner and daughter of Shamrock visited with Mr. and Mrs. J. I. Martindale Monday.

Mrs. Dick Russell and son Michael of Amarillo are visiting with Mr. and Mrs. Guy Hibler.

Looking every bit as indignant as a major league player, this young man voices protest with a familiar, "I was robbed!" He is dressed for the big leagues, too, in a Scout-Tex baseball suit made of cotton knit mattress ticking.

Mrs. Glenn Jolly and son James were in Amarillo on business Friday.
