Mrs. Charles Cooke will give... book review, "A Bargain With... in her home Tuesday, Oct... 27, at 2:30 o'clock. Every... is invited to attend.

Tigers Play Wildcats At Canadian Friday

The McLean Tigers will again go out of town for an important District 1-A grid game Friday night when they travel to Canadian to meet the powerful Wildcats. Game time will be 7:30 o'clock.

The game is expected to be a close one. Canadian, boasting numerous returning lettermen and a high-scoring backfield, has been rated throughout the season thus far as a strong contender for the 1-A crown.

The Wildcats lost their first conference game last Friday night to the Memphis Cyclones, after walloping White Deer the week before. The Cyclone edged the Wildcats in a 14-6 victory.

General Rains Bring .86-Inch In Local Area

A total of .86 of an inch in moisture fell in McLean early Wednesday morning in a storm which brought extremely high winds and some hail.

No serious damage was reported from the high winds in the local vicinity, however.

The .86 of an inch added to the .06 which fell early Monday brought the month's total to 1.25 inches, and the year's total to 11.98 inches, Pete Fulbright, local weather observer, reported.

The rainfall apparently was fairly general throughout the Panhandle. In Amarillo, some areas reported more than five inches of moisture. The rain there came Tuesday afternoon and again during the night.

Three Local Business Houses Hit By Burglars in One Night's Work

Two youths who hit a cab driver in the head, and the break-in of three business houses in McLean—although officers believe the youths had nothing to do with the burglaries—caused excitement in McLean last week-end.

The two youths who struck a Pampa cab driver early Saturday morning after he had brought them to McLean from Pampa, were apprehended shortly after the incident. The three burglaries, netting the thieves between \$50 and \$70, occurred some time Friday night or early Saturday morning.

Broken into were Simmons Texaco Station, McLean Electric company, and W. C. Shull's store. Claude Simmons missed \$28.70, all in silver, and about \$25 was taken from Shull's. Howard Williams, owner of the electric company, said nothing was missing from his store.

All three business firms were entered by prying open back doors. The doors were all locked as the burglars left. Deputy Sheriff Jimmy Shelton and Constable Luke Henley stated that only one set of footprints was found near any of the firms.

The cab driver who was assaulted was Lucky Snyder, Yellow Cab driver out of Pampa. Shelton said that Snyder reported the two youths, one from Pampa and one from Alabama, gave him \$12 to drive them to McLean to Highway 66. As they neared town, in the vicinity of Hillcrest Cemetery, one youth, in the rear cab seat, grabbed Snyder and began pulling his head back. Then he was struck on the head with a beer can. The two youths then left the cab, and apparently walked on to Highway 66.

Snyder revived sufficiently to drive out to Walter Kelly's service station, which is open all night, and Kelly notified Shelton. The cab driver said he was assaulted at about 4 o'clock Saturday morning, and Shelton picked up the boys, both age 17, at about 4:20 o'clock.

Due to the fact that the time was too short for the boys to break into the three local stores, and also to the fact that they had no silver on them, Shelton said they apparently were not involved in the burglaries.

Shelton took the two youths to Pampa to jail, and was in Pampa when notified of the local burglaries about 7 o'clock Saturday morning.

The deputy also said that several neighboring communities suffered burglaries over the week-end. These included Mobeetie, Shamrock, and Groom.

27 High School Students Make Roll of Honor

A total of 27 students of McLean High School were listed on two honor rolls at the conclusion of the first six-weeks period, Principal Freeman Melton Jr. announced.

Of these, seven were on the straight "A" roll, and 20 on the "A" and "B" roll.

Making the top honor roll with all grades of "A" were Maturie Miller, Barbara Wilson, Dixie Hampton, Jo Ann Turner, Ann Sligar, E. W. Riley, and Joe Dwyer.

On the "A" and "B" roll were Jo Ann Stevens, Don Broome, June Stubblefield, Jim Evans, Wayne Woods, Bob Boyd, Barbara Carter, Mollie Erwin, Leona Gossett.

And Don Haslam, James Lee, Owen Rhea, Betty Dickinson, Carl Henley, Monta Jean Kennedy, Janie Martindale, Gayle Mullanax, Fred Smith, Patricia Wiggins, and Marie Watson.

More rain: .64-inch early this morning.

High winds in northeast Amarillo Tuesday afternoon injured several people, and did considerable damage to homes. However, the Amarillo Weather Bureau stated that the winds were straight winds and not of the tornadic type.

In McLean, some hail accompanied the Wednesday morning downpour, but little damage was believed to be the result of the hail.

Two New Babies In Two Families Cause Coincidences

The following has some odd—but true—angles.

Mr. and Mrs. Wallace Cox are the parents of a boy born October 11. He weighed 8 pounds, 14 ounces, and has been named Michael Dain. The grandparents are Mr. and Mrs. George McCracken of Alanoed and Mr. and Mrs. John Cox of Keyes, Calif.

Mr. and Mrs. Don Knutson are the parents of a boy born October 10. He weighed 8 pounds, 9 1/2 ounces, and has been named Larry Guthrie. The grandparents are Mr. and Mrs. Floyd Guthrie of Dumas and Mr. and Mrs. Lonnie Knutson of McLean.

Not only are Mrs. Knutson and Mrs. Cox cousins, but there were only 12 hours and 40 minutes difference in the births of their first children. The boys differed only a few ounces in weight, the same doctor delivered both babies in the same hospital (Groom), and the mothers occupied the same room.

Mrs. Guthrie and Mrs. McCracken are sisters and both became grandmothers for the first time. Mrs. Guthrie claims some kind of a record as she is a grandmother at the age of 32. Mr. Guthrie (Colton) is also a young grandparent at the age of 37. The ages of both grandparents total only 69 years, which may be a record of its own.

Damp Weather Slows Harvest Of Area Cotton

Damp weather early this week slowed down the harvesting of the cotton crop in the local area, but by Tuesday afternoon the McLean Gin had handled a total of 313 bales.

A shower Sunday night caused pullers to be late in getting underway with their work Monday, and ginning was not steady during the day either Monday or Tuesday.

The cotton, on which reports have been received, is still generally grading good, S. R. Jones, local gin manager, said. Some of the cotton is spotted, however.

The biggest part of the cotton is going into the loan, since the loan value now is still slightly above the market.

The local gin is averaging running about 12 hours a day thus far. Some days, of course, when the harvest is heavy, the gin may run longer, while other days, such as Monday, the hours of operation are shortened.

Farmers are still experiencing difficulty in obtaining a sufficient number of pullers. In most fields, a good deal of the cotton is open and ready for harvest.

Jones is also buying grain this year, and has shipped out three cars to date. He is now loading a fourth car. The grain, like the cotton, is generally going into the loan. It cannot test more than 13 per cent moisture to be eligible for loan, and practically all of it is testing low enough in moisture content to be eligible for the loan.

Tigers Retain Hold On Second Place In Weekly Ratings

The McLean Tigers retained their hold on second place in the weekly Region 1-A grid ratings of Ray Franks, Amarillo Daily News sports writer. Still listed as No. 1 team by Franks was Springlake, member of District 2-A.

The Memphis Cyclone was returned to the top ten after their victory over Canadian, Panhandle skidded from fifth to tenth place, and Canadian dropped from sixth to eighth.

The top ten, as ranked by the Amarillo writer, are as follows: 1. Springlake; 2. McLean; 3. New Deal; 4. Dimmitt; 5. Sudan; 6. Memphis; 7. Hale Center; 8. Canadian; 9. Idalou; and 10. Panhandle.

Pampa Cabbie Assaulted After Trip to McLean

Broken into were Simmons Texaco Station, McLean Electric company, and W. C. Shull's store. Claude Simmons missed \$28.70, all in silver, and about \$25 was taken from Shull's. Howard Williams, owner of the electric company, said nothing was missing from his store.

All three business firms were entered by prying open back doors. The doors were all locked as the burglars left. Deputy Sheriff Jimmy Shelton and Constable Luke Henley stated that only one set of footprints was found near any of the firms.

The cab driver who was assaulted was Lucky Snyder, Yellow Cab driver out of Pampa. Shelton said that Snyder reported the two youths, one from Pampa and one from Alabama, gave him \$12 to drive them to McLean to Highway 66. As they neared town, in the vicinity of Hillcrest Cemetery, one youth, in the rear cab seat, grabbed Snyder and began pulling his head back. Then he was struck on the head with a beer can. The two youths then left the cab, and apparently walked on to Highway 66.

Snyder revived sufficiently to drive out to Walter Kelly's service station, which is open all night, and Kelly notified Shelton. The cab driver said he was assaulted at about 4 o'clock Saturday morning, and Shelton picked up the boys, both age 17, at about 4:20 o'clock.

Due to the fact that the time was too short for the boys to break into the three local stores, and also to the fact that they had no silver on them, Shelton said they apparently were not involved in the burglaries.

Shelton took the two youths to Pampa to jail, and was in Pampa when notified of the local burglaries about 7 o'clock Saturday morning.

The deputy also said that several neighboring communities suffered burglaries over the week-end. These included Mobeetie, Shamrock, and Groom.

Tax Roll Gets Okay; Payers To Get Notices

The tax roll for Gray County has been officially approved by the state comptroller in Austin, and county taxpayers will soon begin receiving their statements, according to a story in the Tuesday issue of the Pampa Daily News.

A wire from the comptroller Monday gave approval to the tax roll, Jack Back, chief deputy tax collector, reported. And that means that about 10,000 persons on the tax roll will be receiving their tax statements and can now pay them.

In McLean, both the city and the school district have already mailed out tax statements for the year, but Mrs. Chas. Cousins, deputy county tax collector, had to wait until the county roll was approved.

The county commissioners okayed the tax roll October 12, and sent a copy to Austin. Statements have been prepared in the meantime, but mailing of them was withheld until state okay came through.

Total amount on the roll is \$726,537.18. The amount is divided into four categories: \$424,320.25, county tax; \$167,603.09, state tax; \$63,848.19, roads; and \$70,765.65, district school.

Discounts are allowed on tax statements as follows: three per cent if paid in October; two per cent if paid in November; and one per cent if paid in December. Penalties start being tacked on after January 31. The penalties amount to one and one-half per cent each month until July 1, when they're tacked for penalty, interest, and costs.

How They Fared—

Last Week's Games

McLean 39, Panhandle 6 (c).
Memphis 14, Canadian 5 (c).
White Deer 35, Clarendon 12 (c).

Literal translation of the word "mortgage" is death pledge.

Power, in its last particle, is duty.—John Foster.

WHEN THE PHOTOGRAPHER, Winston B. Lucas of Irving, was in McLean about two months ago making pictures at The News office, several children were brought in by their parents or grandparents. Lucas has sent the above engraving to The News. Pictured are, top row, left to right, John Pakan, son of Mr. and Mrs. Miro Pakan; Jimmy Story, son of Mrs. June Story; and Sue and James Adams, children of Mrs. Hester Adams. Bottom row, left to right, are Martina Giesler and Betty Ruth Dilbeck, who were brought in by their grandparents, Mr. and Mrs. O. L. Tibbets; and Vicki and Barbara Barr, children of Mr. and Mrs. Lee Barr.

Tigers Score Four Times in Last Half to Blast Panthers

Panthers could do, and never seriously threatened to score again.

Big Gene Bentley, one of the leading scorers in the region, did most of Panhandle's gaining, but was never able to make his usual yardage through the powerful McLean line. And it was that Tiger line that proved the difference. The line held and held—and after that opening quarter—and the line provided the holes which the McLean backs needed to make the yardage they piled up.

In the backfield, Ricky Mantooth played his best game of the year. He made three of the six markers for McLean, and called a good game throughout the contest. James Smith, wiry and shifty back, was also doing his best job of the season. Smith hit hard, and shifted as he had never shifted before. The other two backs, Don Crockett and Jack Hupp, also played well, and did their share of the work.

On the line, it was the entire group, but special emphasis has

to be placed on Wayne Moore, Joe Crockett, James Jolly, and Don Trew. Nothing should be taken from the ability of the ends, Rodney Gunn and Jimmy Farren, either, who were especially good on defense. Wayne Woods, who is probably Caean Rogers' No. 1 sub, played a good portion of the time, and the line was not weakened by his presence, either.

The Tigers scored first, and then Panhandle tied it up. But the Tigers came back to score again in the second quarter, and led 13 to 6 at the half. McLean, which has been a good second half team all season, tallied twice more in the third period, and two more times in the last period.

The scoring went as follows: The Tigers took a punt on their own 27. Two running plays moved the ball to the 49, and then Mantooth completed his only pass of the evening to Gunn down to the Panther 18. Three plays later, Don Crockett crashed over from the one to score.

Gunn missed the kick. Score 6-0.

Panhandle then started on their own 20, and with Bentley doing most of the ball carrying, moved to the 24. Dale Roselius tossed to Jimmy Mitchell to the 9. Bentley carried four times, finally going over from the 1. Gary Cumming missed the kick. Score 6-6.

McLean took the kick-off, returning to the 20. All four backs alternated in carrying, moving the ball in 13 plays to the 1. Crockett handed off to Smith, who pitched out to Mantooth, Mantooth skirting right end to score. Gunn converted. Score 14-6.

Early in the third quarter, three plays after the kick-off, Mantooth started around right end, and behind perfect blocking, got loose and ran 56 yards to score. Gunn missed the kick. Score 19-6.

The Panthers later punted out on their own 46. Hupp made 9, and Mantooth went around right end to the 15. Smith car-

ried twice and Crockett once to get the ball to the 1. From there Smith hit the center of the line to score. Crockett's attempted plunge for the point failed. Score 25-6.

Late in the third period, James Jolly blocked Roselius' punt, and although Roselius recovered, the Tigers took over on downs on the Panther 21, and the quarter ended. Mantooth picked up five, and then Smith hit right guard, got loose and went on to score. Gunn's kick was good: Score 32-6.

Later in the last period, after a flurry of passes, the Panthers lost the ball to McLean on their own 44. Eight running plays moved the ball to the 10, from where Mantooth went around right end to score. Gunn converted. Score 39-6.

The Panthers really began throwing passes, tossing a total of 15 in the final quarter. But the tally never materialized, and the game ended with the ball in possession of McLean on the Tigers 36.

BIRTHDAYS

Oct. 25—Mrs. Byrd Guill, Mrs. J. J. Railsback, Mrs. A. J. Wyatt, Duward Herndon, Darryel Herndon, Kent Wiggins, Roy Sherrod, Lyda Eileen Slaughter, Mrs. George Weems, Jimmie Charles Hopkins.

Oct. 26—Margie Ruth Railsback, Joe D. Smith, Keith Reimer, Mrs. S. T. Greenwood.

Oct. 27—Mrs. Joe Bidwell, Mrs. J. O. Clark, Ercy Cubine.

Oct. 28—Mrs. C. A. Watkins, Mrs. J. E. Kirby, Freda Tugwell.

Oct. 30—Ola Kunkel, Mrs. N. E. Wimberly, Mrs. Carol Fitzgerald.

Oct. 31—Truitt Stewart, Danny Douglas, O. G. Stokely, Earl Trimble, Jo Ann Avery.

The Hawaiian Islands were formerly called the Sandwich Islands, after the Earl of Sandwich, a British peer.

God hath spoken once; twice have I heard this, that power be-longeth unto God.—Psalms 62:11.

Let all things be done decently and in order.—1 Cor. 14:8.

I know of nothing sublime which is not some modification of power.—Burke.

A guilty conscience never feels remorse.—Publius Syrus.

Gwendolyn Riddle And Dwain Smith United in Marriage

Miss Gwendolyn Riddle, daughter of Mr. and Mrs. D. F. Riddle of Hereford, former McLean residents, became the bride of Dwain Smith, son of Mr. and Mrs. George Smith of Hale Center, in a ceremony held in the First Baptist Church in Hereford on Thursday afternoon at 2 o'clock. Rev. Thomas Riddle, a ministerial student at the Baptist Theological Seminary in Fort Worth and uncle of the bride, read the service.

Decorations at the altar included baskets of white gladioli, tinted daisies, and lighted tapers. Wedding music was provided by Miss Dorothy Cole of Abilene, who sang "Always" and "Through the Years," with organ accompaniment by Mrs. Johnny Haynes of McLean, cousin of the bride. Mrs. Haynes also played the traditional wedding marches.

Miss Eddie Morrison, serving as maid-of-honor, wore a two-piece dress of autumn brown, with a corsage of yellow chrysanthemums. Jess Parker of Olton, uncle of the groom, was best man. Ushers were Tony Riddle and Eddie Smith.

The bride was escorted to the altar and given in marriage by her father. She wore a dress of winter white faille made with fitted bodice, full skirt, and bracelet-length sleeves. Her small hat matched the dress. Other accessories were in benedictine brown. She carried a Bible that had been in the bridegroom's family for over 75 years, topped with a bouquet of white chrysanthemums.

Following the wedding, a reception was held in the church fellowship hall. The bride's table was laid with a lace cloth over pink satin. The tiered wedding cake was decorated with tiny orchid blossoms. Mrs. Edwin Morrison, Mrs. Ruel Smith of McLean, and Mrs. Ralph Caldwell of Borger presided at the refreshment table.

When the couple left on a wedding trip to Ruidoso and other places in New Mexico, the bride was wearing a red and black suit with black patent bag and shoes.

Both Mr. and Mrs. Smith are graduates of Hale Center High School. The bride moved to Hereford from Hale Center last January. She is a granddaughter of Mrs. T. N. Holloway and niece of Mrs. Ruel Smith of McLean.

After the honeymoon trip, the couple will make their home at Hale Center, where Mr. Smith is engaged in farming.

Monthly Meeting Of Local Chapter Of F. H. A. Is Held

The McLean F. H. A. chapter held its monthly meeting Monday, October 12.

A business meeting was held, and gifts were brought for the overseas box. Mrs. J. D. Coleman, sponsor, showed a movie on her trip to Mexico. The F. H. A. members joined the F. H. A. for refreshments.

Hostesses for the meeting were Rosie Lee Smith, Mavis Medley, Arlene Gudgel, and Beverly Henry.

Mr. and Mrs. Wayne McIlroy and family visited with Mrs. D. C. Trent in Childress Sunday.

LEISURE GIRL

Designed for collegian, career girl or homemaker to wear in her leisure hours at home, this fitted overall is an eye-catching and comfortable fashion. It is made of Erwin's blue and gold stripe denim with straps trimmed in washable sorrel leather. The sorrel color is picked up in the shirt tailored in soft cotton. This outfit is part of the Sharpee Pony Express group for fall.

Baptist W. M. U. Meets Tuesday for Royal Service

The Baptist W. M. U. circles met in the church parlor at 7:30 Tuesday evening for a Royal Service program.

Mesdames E. L. Price, Frank Howard, Oba Kunkel, A. J. Goodwin, R. G. Florey, Homer Abbott, and Boyd Reeves took part on the program.

Other members present were Mesdames Arthur Boyd, F. E. Stewart, Una Newsom, Troy Corbin, Paul Miller, W. C. Simpson, Granville Boyd, R. L. McDonald, Bunia Kunkel, Luther Petty, Sam Jones, Elmer Day, Clarence Voyles, Wib Fowler, Howard Williams, Lonnie Day, Charles Bailey, Frank Simpson, and Misses Marnelle Ledgerwood and Marjorie Fowler.

The next meeting will be held Tuesday afternoon. The circles will meet together at the church at 2 o'clock, and then divide into small groups for visitation.

Mrs. J. L. Andrews Leader of Study At WSCS Meet

The W. S. C. S. met Tuesday in the parlor of the McLean Methodist Church.

Mrs. Madge Page conducted a business session. Mrs. J. L. Andrews led the foreign mission study. She was assisted by Mrs. Cliff Day and Mrs. Page. The opening song was "The Kingdom Come." Mrs. J. L. Hess led the opening prayer, and Mrs. W. E. Bogan the closing prayer.

Clifford Martindale of Gruver spent the week-end with his parents, Mr. and Mrs. J. I. Martindale.

Mr. and Mrs. Bobby J. Massey of Pampa spent last week with Mr. and Mrs. Bob Massey.

Ladies Auxiliary Meeting Is Held In Church Parlor

The Presbyterian Ladies Auxiliary met Tuesday in the church parlor.

Roll call was answered with a verse of Scripture and followed by sentence prayers. Mrs. Haskell Smith was leader of the following spiritual life program on charity: devotional and prayer, Mrs. Smith; "Thoughts on Charity," Mrs. Smith; "God's Power Through Disciplined Action," Mrs. F. E. Hambright; "Stewardship of Love," Mrs. T. E. Crisp; missionary names, Mrs. Jess Kemp; prayer, Mrs. Mattie Graham and Mrs. H. E. Franks.

Present were Mesdames John B. Rice, C. O. Goodman, Kid McCoy, J. E. Kerr, J. R. Glass,

J. M. Payne, Bill Stubbs, Burl Glass, Hambright, Graham, Kemp, Smith, Crisp, and Franks.

55th Anniversary Is Observed by C. G. Nicholsons

Mr. and Mrs. C. G. Nicholsons celebrated their 55th wedding anniversary Monday. They were married October 19, 1898.

Mr. and Mrs. Nicholsons are the parents of eight children, five sons and three daughters. They have 21 grandchildren and 12 great-grandchildren.

Mr. and Mrs. Joe Gibson and Mr. and Mrs. Joe Graham and son visited with Mr. and Mrs. C. H. Bell and attended the football game in Pannhandle Friday night.

Donley County — SOIL NEWS

soil. Rye is by far the best crop for cover and soil protection, especially when planted this late in the season.

A good plan where a cover, soil improvement, and nitrogen are desired is to plant a mixture of rye and one of the winter legumes.

Mrs. Ritter of the PMA office advises that funds are still available for cover crop practices and new applications for approvals are being taken now.

The payment for seeding rye is \$2.00 per acre, and for Austrian peas and hairy vetch the payment is 4 1/2 cents and 12 cents respectively.

The district has two grain drills and two row seeders for rent to

farmers for planting winter crops. Anyone wishing to these drills should contact Gray.

CARD OF THANKS
With deepest gratitude we tend this word of thanks for the many kind acts of sympathy expressed by thoughtful friends and to the Warren employ for the beautiful flowers. Mrs. R. R. Clawson, Kerri Haskel, and Ruby Mr. and Mrs. A. R. Clawson, Mr. and Mrs. Doug Clawson.

Miss Hettie Burr left Wednesday for Hereford to spend winter, after having spent week here visiting with relatives and friends.

PUCKETT'S

RECIPE OF THE WEEK

By Mary Lee Taylor

Mincemeat Pudding

Broadcast: October 17, 1953

3 slices of bread	2 1/2 cup Pet
1 1/2 cups mincemeat	Evaporated Milk
(see note)	1/2 cup water
1 slightly beaten egg	1 teaspoon grated lemon rind
1/4 cup sugar	Few grains salt

Grease a shallow baking dish holding about 4 cups. Cut each bread slice into 4 pieces. Arrange bread in baking dish in layers with mincemeat. Have two layers of each, starting with bread. Mix in a bowl the beaten egg, sugar, milk, water, lemon rind and salt. Pour over mincemeat and bread in baking dish. Bake on center rack of moderate oven (350) about 30 minutes, or until firm. Serve warm or cold. Makes 4 servings.

NOTE: Bulk or bottled mincemeat can be used. Packaged mincemeat also can be used if prepared according to directions on package and cooled before using.

All 5c GUM 3 for 10c	Borden's MINCE MEAT pkg. 23c	Schilling's PEPPER 2 oz. can 33c

WORLD HISTORY IN THE MAKING

FROM ALL SECTIONS OF THIS COUNTRY AND FROM ALL OVER THE WORLD, PEOPLE COME TO UNITED NATIONS HEADQUARTERS IN NEW YORK TO GAIN, AT FIRST HAND, A CLOSE-UP OF THE WORLD PROBLEMS THAT ARE EXPOSED THERE AND THE PERSONALITIES THAT ARE MAKING WORLD HISTORY.

THESE PEOPLE COME TO LEARN—NOT JUST TO SEE. THE QUESTIONS THEY ASK ARE SIGNIFICANT OF THE BROAD INTEREST IN THE PURPOSE OF THE UNITED NATIONS AND THE HOPE THAT PEOPLE PLACE IN THAT ORGANIZATION FOR THE ACHIEVEMENT OF PEACE.

Mr. and Mrs. B. F. Crockett of Bellevue and J. A. Crockett of Roswell, N. M., spent the week-end in the home of Mr. and Mrs. T. A. Crockett.

Mr. and Mrs. Clifford Allison visited with relatives in Clarendon Sunday. Mrs. J. L. Allison returned home with them for a visit.

Black Magic

To believers all things take on strange new character on Halloween. Crisp leaves rustle in the dark, and ghosts and witches lurk in innocent shadows. Doctile black cats become suddenly quite menacing. Angelic moppets don funny and, if possible, frightening faces. Of course, it's all in fun—isn't it?

At any rate, Halloween is a time for partying—for banding together against the spectres. It's a time for gay and foolish games, and food with a funny twist or two. For example, plain, ordinary, delicious fudge squares cut diagonally and decorated with coconut and corn candy become "Chocolate Cats." Black magic!

Chocolate Cats
 2/3 cup sifted cake flour
 1/2 teaspoon baking powder
 1/2 teaspoon salt
 1 cup sugar
 1/2 cup cocoa
 1/2 cup All-Brn
 2/3 cup butter or margarine
 2 eggs
 1 teaspoon vanilla
 1 tablespoon light corn syrup
 1 cup chopped nuts

Sift together cake flour, baking powder, salt, sugar and cocoa into mixing bowl. Add All-Brn, butter, eggs, vanilla and corn syrup; beat well. Stir in nuts. Spread in a greased and waxed paper lined 8 x 8 x 2-inch baking pan. Bake in a moderate oven (350° F.) about 35 minutes. While still warm, cut in squares, then diagonally for triangles. Make cat faces with coconut and corn candy. Yield: 18 cats.

Mr. and Mrs. Bill Cash and son, and Mr. and Mrs. C. J. Cash visited with Mr. and Mrs. C. A. Cash in Amarillo Sunday. Mr. and Mrs. C. J. Cash remained for an extended visit.

Ann Cooper of Tucumcari, N. M., student at WTSC, Canyon, visited with her grandparents, Mr. and Mrs. George Colebank, over the week-end.

Mr. and Mrs. C. B. Lee Jr. and daughter of Dallas visited with their parents, Mr. and Mrs. George Colebank and Mr. and Mrs. C. B. Lee, the first part of the week.

Mr. and Mrs. Jack McClellan and daughters visited with Mr. and Mrs. Otis McClellan in Pampa Sunday.

Mr. and Mrs. Jess Cooper and Mr. and Mrs. Cecil Cooper of Amarillo visited with Mr. and Mrs. W. R. Cooper Sunday.

Mr. and Mrs. Dewey Wood and son of Amarillo visited with Mr. and Mrs. T. E. Crisp Sunday.

Wayne Woods and Jimmy Evans spent the week-end in Dallas attending the State Fair.

Mr. and Mrs. H. E. Barrett visited with Mr. and Mrs. Ray Stepp in Pampa Sunday.

Society

French Air Cadets Dinner Guests In Petty Home

Mrs. Zora Kennedy and son Vernon Luther, and Anne Russell of Amarillo were hostesses Sunday at dinner in the home of Mrs. Kennedy's parents, Mr. and Mrs. Luther Petty.

The guests were six cadets from France who are stationed at the Amarillo Army Air Force Base. They are studying jet mechanics. They are chosen from the best of families, are required to be scholastically intelligent, and must have good personalities.

Since the boys can't speak very good English, much of the conversation was carried on by signs; however, three of the boys can do very well and make good interpreters, it was reported.

Guests present were Rene Biel, Rene Ruzajmi, Adrien Leonfro, Roger Jalain, and Mike and Robert Belmon.

Birthday Party Given in Honor Of Mike Simpson

Mike Simpson was honored with a birthday party on his 4th birthday Thursday, October 15, in the home of his parents, Mr. and Mrs. Joe Simpson.

Those attending were Linda and Jackie Henley, Skippy and Dolores Dwight, Johnnie Mann, Jackie Groves, and Gary and Jimmie Hester.

CARD OF THANKS
 Edward and Opal Dwyer wish to thank everyone who was so nice about sending gifts; and they especially wish to thank the hostesses who were so kind to give the shower. They will send personal "Thank You's" to each one sending gifts when they have time.

Ross Collie and Arthur Dwyer left Thursday for Gunnison, Colo., to go deer hunting. They will be met at Gunnison by another party Saturday. They plan to be gone 15 days.

Two Are Honored At Birthday Party In Quarles Home

A birthday party was given Wednesday, October 14, honoring Jackie and Bobby Quarles, ages 7 and 5, in the home of their parents, Mr. and Mrs. Jack Quarles.

Delicious refreshments of ice cream and cake were served to 40 guests.

Pioneer Study Club Meets in Home Of Mrs. Carl Jones

The Pioneer Study Club met Thursday, October 15, in the home of Mrs. Carl Jones.

Mrs. Jones served as hostess and also presented the program. Mrs. C. S. Rice was crowned as queen for the day.

Members present were Mes-lames Jim Back, J. D. Coleman, H. W. Finley, Vernon Gibson, Forrest Hupp, Paul Kennedy, Clyde Magee, Freeman Melton, Miro Pakan, Hap Rogers, June Story, B. L. Webb, Clint Williams, June Woods, Guy Hester, J. Edwin Kerr, Harold McColum, and W. W. Shadid.

Jackie Claborn Is Given Party On 4th Birthday

Jackie Claborn was honored with a party on his 4th birthday Monday, October 19, in the home of his parents, Mr. and Mrs. J. C. Claborn.

Refreshments of ice cream and cake were served to Pat Windom, Chris Campbell, Joel McCarty, Ellen Kay Kritzer, Johnny Claborn, and the honoree.

Gayle Mullanax spent the week-end in Amarillo with Frankie Smith and attended the Ice Follies Saturday night.

Mrs. G. M. Frazier of Santa Paula, Calif., visited with her sister, Mrs. Velma Betchan, last Thursday.

Personals

Bethie Mantooth and Dortha Chase of WTSC, Canyon, spent the week-end with their parents, Mr. and Mrs. Odell Mantooth and Mr. and Mrs. H. L. Chase.

Mrs. Andy Goodwin, Mrs. Mattie Graham, and Mrs. T. E. Crisp visited Friday with Mrs. Joe Hindman who is in a hospital in Amarillo.

Mrs. R. A. Wood of Amarillo visited with her parents, Mr. and Mrs. John Sparks, Monday.

Mr. and Mrs. W. L. Dunn, Mr. and Mrs. Reed Grogan, and Mr. and Mrs. M. G. Mullanax attended the Ice Follies in Amarillo Sunday.

the Skyliner EXECUTIVE

SKYLINER Steel Office Furniture represents your wisest investment in office equipment. Skyliner pays big dividends in smart, modern appearance... increased working efficiency... rugged durability. Heavy gauge steel construction, baked enamel finish means longer life... results in lower cost per year of use.

FREE AIR

The dry, dusty, stinging wind was bothering the visitor from the east, so in exasperation he inquired of a local rancher: "Is it always like this in West Texas?"

"Nope, generally it's worse."

"This model has a top speed of 130 miles an hour, and she'll stop on a dime."

"What happens after that?"

"A little putty knife comes out and scrapes you off the windshield."

We won't say that Chevron gas will make your car get up to a speed of 130 miles an hour, but it will give your car top performance. Fill up today at the...

Editorial

ALREADY RUNNING

THE 1954 ELECTIONS, which will determine the political fate of all the members of the House and one-third of the members of the Senate, are more than a year away.

In this early stage of the game, the Democratic leaders are the more aggressive, which is pretty much to be expected—the party which is out of power and trying to get back in always carries the battle to the enemy.

Actually, of course, Mr. Stevenson is the titular head of the Democratic party. If we want the nomination again and work for it, the chances are he will get it.

An excellent preview of things to come was provided in Mr. Truman's Detroit speech on Labor Day. He gave unrestricted praise to the achievements of the Democrats during the 1932-52 period.

The Republicans have not yet brought out their biggest guns to present their case. But the general line they will take is easily detailed.

The Sage says:

A lot of women are trying to see who can get the most out of an evening gown.

ERNEST says:

You'll get the most out of your car's engine when you use Gulfpride oil, the best on the market today.

Watson's Gulf Service Station South Lane Highway 66

Anti-Freeze

... weather is very near, and we hope you won't be one of the thousands who keep putting off putting in anti-freeze in your car's radiator until after it is too late.

Who, ME?

by Robert Osborn

In nine out of ten traffic accidents last year, the driver—not the car—was at fault. Only YOU can prevent accidents!

LES TALK

By LESTER

The first three or four years I was in McLean, I thought it was because of her grandchildren that Mrs. J. S. Morse was always in attendance at sporting events here.

You see, when Johnny and Sammy Haynes were playing football and basketball, Mrs. Morse was one of the biggest supporters of McLean teams.

But Johnny and Sammy have been out of school for several years now, and Mrs. Morse still is one of the most avid sports fans we have.

The other night following the McLean-Panhandle game, there she was, walking away from the stands, just as chipper and active and jolly as a 14-year-old.

I hope that, when I reach her age, I can be just as jolly as she is now. That Mrs. Morse is simply a mighty fine woman. Too bad I don't have her picture to run in this column. Wish I did. It would certainly be a pleasure to run it.

Since I don't have Mrs. Morse's picture to run, I'll just run this one of a fellow who isn't nearly so pretty. As you can tell, this is Glenn Jolly, another very good sports fan.

Well, I guess I better mention that I, along with the rest of the football team followers in this neck of the woods, am proud of our team's fine game of last week.

Panhandle—then you can be assured that the boys are in pretty good shape.

You know, I have never lived in a town when the school produced a district champion football team. I hope I have that pleasure this season.

Best of luck to you, Tigers.

Disease Prevention Is Everybody's Job

Dr. Geo. W. Cox, state health officer, says that it is the duty of every citizen, young and old, to help in preventing the spread of disease.

Dr. Cox emphasizes the fact that the local health officer can do little to break the chain of communicable disease in the community if he does not have the whole-hearted support of the people.

THE STATE OF TEXAS COUNTY OF GRAY, SS

We, the subscribers, have this day entered into a limited partnership agreeably to the provision of the Revised Statutes, Title 105, relating to limited partnership, and do hereby certify that the name of the firm under which said partnership is to be conducted is HAN-D-TAK Manufacturing Company, Ltd.

communicable disease should be promptly reported to the health officer. Physicians report to the county or city health officer the cases of communicable diseases they diagnose, but parents often fail in this duty.

Some signs and symptoms which often accompany communicable diseases are: running nose, coughing and sneezing, dizziness, faintness, swelling about the neck, sore throat, unusual paleness, fever, appearance, rash, nausea, vomiting or diarrhea, and irritability or other change in normal behavior and appearance.

America's First Sports Car Reaches Market

One of the most widely discussed automobiles—the Chevrolet Corvette—has been placed in distribution. A two-passenger open model (with removable top), the car is the American auto industry's first sports car and the first to carry a plastic body built by mass production methods. The Corvette measures only 33 inches high at the door. Wheelbase is 102 inches. Traditional Chevrolet features include a special 150-horsepower "Blue-Flame" engine and a Powerglide automatic transmission. Production followed special showings of an experimental model in many cities.

40 Years Ago— IT HAPPENED HERE

Taken from the Files of The McLean News, 1913

Mother Gull Gives Dinner

Like Poe's "Creed of the Bells," just the merry tinkle of phone 19 seems to tell of something good to eat, and guests asked here on Sunday were in no way disappointed to see a real Thanksgiving feast in readiness for a few of Dr. and Mrs. Plummer's friends, the keen eye of the hostess having detected their intention to further their journey before the real date for Thanksgiving.

No tears were shed over the untimely death of Mr. Gobbler as he lay so nicely dressed and tenderly roasted, a gay profusion of cranberries and celery being the floral offering, but due haste was made in distributing the palatable dainties from plate to

plate. Those in attendance besides the well filled tables of regular diners were Mr. and Mrs. D. B. Veatch and daughter, Mr. and Mrs. A. G. Richardson, and Mr. and Mrs. J. H. Horton and children.

We bespeak staunch friends for Dr. and Mrs. Plummer wherever they go, as like attracts like, but a friend devoted as our genial hostess is a rare heavenly gift and by her splendid management she has gained a great reputation for her table, whose artists in preparations and arrangements are as rare as lilies and pearls.

Football
The football season has closed and a resume of the accidents shows a death list of 14 and 56 injured.

At Austin the Notre Dame team defeated the University of Texas team.

At Oklahoma City the state university team defeated the university team from Colorado.

At Amarillo the Comanche High School team defeated the local high school for the championship of North Texas. This was a hard fought game in which the score was 6 to nothing, being played in a driving rain on a sloppy field.

Surprise Wedding
Cards are out announcing the wedding of Miss Cora Cash and Mr. A. J. Mayfield, which occurred at Clarendon on the 25th of October. The many friends of both of the young people were agreeably surprised not only at the sudden culmination of their extended courtship, but also at the splendid fortitude manifested in keeping the good news from their admirers. Mr. Mayfield is teaching in the Back school and his bride is teaching in the Abra

community, and no announcement is made as to when they will be at home to their friends.

We join with their wide circle of acquaintances in wishing them unstinted happiness and joy in their future life together.

Surprise Party
The home of Mr. and Mrs. W. T. Wilson in the north part of town was the scene on Saturday evening of last week of a most enjoyable social event, the affair being a surprise party designed and executed by the younger society set. Many games of amusement were indulged in and the evening most enjoyably spent.

Music is well said to be the speech of angels; a kind of inarticulate, unfathomable speech, which leads us to the edge of the infinite, and lets us for moments gaze into that!—Thomas Carlyle.

Mankind must learn that evil is not power.—Mary Baker Eddy.

Health Talk— ABOUT FIRST AID

"First aid" should be truly first aid and should not harm the patient.

There are very few real emergencies, that is, conditions which if unchecked may cause death. Too much or prolonged bleeding, lack of breathing, or poisoning are three in which it is necessary to act fast and do the right thing.

First aid usually doesn't involve extensive treatment. For the inexperienced, some don'ts might be memorized. (1) Don't move the patient unless danger exists in leaving him where he is; consider the use of splints if he must be moved. (2) Don't waste time treating minor wounds if he has deeper injuries. (3) Don't force fluids down if he is unconscious. (4) Don't give whisky as a stimulant, as a rule. (5) Don't use a tourniquet if bleeding can be controlled by other means.

In most cases, it will be enough to keep the patient quiet and warm, relieve pain, as much as possible, and reassure him while the doctor or ambulance is on the way. When the doctor is called, he should be informed where the patient is, how serious his wounds are, what kind of first aid equipment is available, and what treatment (if any) is being given. Accurate directions for reaching the patient must be given or valuable time may be lost.

What if an unconscious, unidentified patient is found lying in the street? Assuming there had been no traffic accident or

apparent injury, the good Samaritan would be wise to call (1) a doctor or ambulance, and (2) a policeman. Even supposing the victim is an epileptic or diabetic patient who carries a card stating what should be done and the name of his doctor, a search might be interpreted as an attempt at robbery. Also, the right kind of treatment might take a medical expert.

Another reason for calling the legal authorities is the possibility of attempted murder or suicide. All traffic accidents should be reported, of course.

Once the patient has been identified, his next of kin should be notified and his own doctor, if another physician hasn't already been called. The patient's head and shoulders should be lowered when possible so that if he vomits his breathing won't be cut off or set the stage for pneumonia. If the victim regains consciousness, he may be able to tell what should be done for him, such as giving him a piece of candy or other sweets if he is diabetic.

To stop bleeding, one of the following methods should be tried: (1) Press against the wound, using a freshly ironed handkerchief or sterile gauze. (2) Press the fingers against the blood vessel above or below the wound as it crosses a bone. (3) Tie a tourniquet (a band of some kind, such as a handkerchief, tie, belt) around the limb to cut off the circulation. Loosen it every thirty minutes to see if bleeding has stopped and keep it in sight so it will not be forgotten.

If the patient quits breathing, remove any obvious cause such as a heavy piece of metal on the chest, any foreign object in the mouth (loose teeth, dentures), or tight clothing. Do not place your fingers between his teeth, because the bite that may result may be dangerous and troublesome. If these measures fail, start artificial respiration and keep it up until the patient begins and continues to breathe naturally.

For suspected poisoning, search the patient's surroundings to find out whether he took or was given

COTTON QUIZ

WHEN DID THE COTTON INDUSTRY DUMP MILLIONS OF DOLLARS IN RIVERS AND STREAMS?

ANS—LESS THAN A CENTURY AGO COTTONSEED WAS THOUGHT TO BE "WASTE" MATERIAL... IT WAS DUMPED IN RIVERS AND STREAMS NEAR GINS. TODAY COTTONSEED IS A CROP VALUED AT MILLIONS OF DOLLARS ANNUALLY.

poison, and if so, what kind. Give several glasses of water to dilute the substance, make the patient vomit, and give the antidote if it is known. One exception in which vomiting should not be induced is if a strong acid or alkali has been swallowed, because the stomach wall may rupture.

So that first aid may be given promptly after an accident, a kit should be kept in the home or camp, automobile, and office or factory. A good kit will contain at least a first aid manual, eye pads, large and small sterile gauze squares, finger dressings, adhesive tape, absorbent cotton, rubbing alcohol, baking soda, aromatic spirits of ammonia, an antiseptic, a burn ointment such as petroleum jelly, three 2-inch roller bandages, and two triangle bandages made of muslin or other strong material.

BOYD MEADOR

General Insurance

Agent for Southwestern Life Insurance Company

"I LIKE Everything ABOUT MY ELECTRIC RANGE" says MRS. C. A. GORDON OF 1923 HARRISON, AMARILLO, TEXAS

For cooking or broiling or cake baking, you can't beat an electric range. Like Mrs. Gordon says, "Everything I bake, cook or broil always turns out so good." Your meals, cakes or broiled steaks would turn out the same way if you were cooking electrically.

Mrs. Gordon uses her well cooker often. One thing she emphasizes, her vegetables never have that wilted look when I cook them in the well cooker. Because so little water (just half a cup) is needed when cooking vegetables the electric way, you're sure of holding vitamins, too.

Cake baking is one of Mrs. Gordon's pastimes. She likes to bake cakes. Small cakes should have rings. Mrs. Gordon particularly likes the fact that her electric range requires no double boiler for 7-minute icing. The constant, controlled even heat makes the difference.

There's no question about an electric range being modern. It has everything at Mrs. Gordon's disposal. Plenty of storage space, too. Notice the large pans which Mrs. Gordon stores in the top drawer. And, there's more storage in the bottom drawers, too.

"It's so nice to be able to put a meal in the oven, go out and then return to find it all cooked and ready to eat," Mrs. Gordon says. "Another thing that always amuses my guests—I use the warmer drawer of my electric range to hold the plates and the home freezer top to hold the food. This gives me a regular serving center for buffet meals. At first some of my friends just couldn't believe that a kitchen could be clean enough to serve buffet luncheons. But when I explained about my clean-cooking electric range, they saw the point."

"There's just nothing to it. It's so easy, this modern electric cooking. And it's easy because it's so clean. Just look at this pan, there's no blackening of the bottom." Mrs. Gordon loves to tell folks about the cleanliness of electric cooking.

HUMANS RISK LIVES FOR MEDICINE

Science can only go so far with rats, rabbits, hamsters, guinea pigs and other assorted laboratory animals. There comes a time when the only reliable testing object is the human animal itself.

Strange tales of humans who are risking their lives to further the cause of good medicine are revealed in the September issue of *Mechanix Illustrated*, now on the newsstands. For science's sweet sake men sleep to have the volume of their snoring calculated, have their chests shaved to see how fast the hair grows back and kiss girls of various sizes and coiffures to test their emotional responses. Believe it or not one man even crawls inside Army tanks to measure the shock intensity of an exploding shell.

Thus science learned, for instance, in a recent Colorado experiment, that redheads sent male blood pressure higher during kissing than brunettes and the lighter shade blondes. Medium sized girls beat out the tall ones and short ones trailed in the size test.

Of more significance, reports *Mechanix Illustrated*, were the findings of a few months ago when 23 volunteers remained sealed aboard the submarine *Haddock* for fully 60 days at Groton, Conn. The test revealed vital facts which will be used to strengthen the nation's defenses.

Much less known was a quiet, intensely dramatic human test in a prison farm eight miles east of Jackson, Miss. More than 100,000 persons yearly were being attacked in the Southland by the dreaded disease pellagra. Prisoners, with pardon as their reward, took diets lacking proteins and came down with the disease. Pellagra was conquered thanks to the human guinea pigs.

Mechanix Illustrated's September issue also includes a story from the nation's top scientists about the effect of atom blasts on the weather. It features useful tips for the farmer, fisherman, motorist, amateur photographer and home-maker.

COTTON QUIZ

WHAT IS BALLOON CLOTH?

ANS.—A FINE, CLOSELY WOVEN COTTON, VULCANIZED WITH THIN SHEETS OF RUBBER TO MAKE IT AIRTIGHT FOR USE IN LIGHTER THAN AIR CRAFT. THE CLOTH IS ALSO USED FOR DRESSES!

Health Talk— ON PSYCHIATRY

Mental health concerns every one of us. At the door of mental disease may be laid not only insanity, crime, alcoholism, and drug addiction; often divorce and broken homes which touch nearly all of us individually in one way or another may stem from unsolved problems in everyday life which cause excessive emotional or mental strain.

Psychiatry, the medical specialty that deals specifically with mental and emotional ills, hasn't limited itself to the treatment of serious mental disease. It emphasizes the prevention of mental and emotional sickness. Prime examples are what psychiatrists have done in military and industrial circles. During World War II, especially, these specialists selected inductees whom they thought could stand the stress of military life, studied what made up good troop morale and good leaders, and showed that early treatment of relatively minor emotional problems could do away with a lot of major mental illness. Psychiatrists working in industry, which has some of the same problems as the armed services, also have made remarkable progress in the field of positive mental health.

Another example of preventive psychiatry at its best is the support not only by psychiatrists but by all doctors of organizations having as their objective the promotion of mental health among individuals, families, communities, and other social groups. Any doctor practices psychiatry to some extent when he listens to his patient's complaints and tries to determine if the illness might be based at least in part on emotional problems.

The question of when a psychiatrist is needed may be raised. When unsolved problems connected with a job, marriage, child care, or any other aspect of everyday life cause excessive and continual worry, fear, resentment, tension, or mental strain, it probably would be wise to consult the family medical adviser. It is quite possible he will be able to give the necessary advice or treatment. However, he may believe psychiatric consultation is desirable. He will continue to cooperate with the specialist, supplying information about the patient's general health and background which may make diagnosis easier and treatment more effective.

Hospitalization of the mentally or emotionally sick person may be needed. Treatment may include psychotherapy, shock therapy, or in some cases both. Psychotherapy is the treatment of mental and emotional disease by psychological methods which include such things as hypnosis, suggestion, and psychoanalysis. In psychoanalysis the psychiatrist examines in detail events of the patient's past life and sometimes brings to the surface emotions that have been held back to cause conflicts. Sometimes the patient is unaware of these con-

licts.

Shock therapy is the giving of certain drugs, such as insulin, or the administration of "doses" of electric current under carefully controlled conditions. This kind of treatment renders the patient temporarily unconscious to give him a short period of freedom from emotional or mental stress and makes him more responsive to questioning and suggestion by the psychiatrist. Although it is a major medical procedure, shock therapy carries with it no greater risk of bad results than major operations such as appendectomy or removal of the gall bladder.

If you think that someone in your family or one of your friends may be mentally ill, the following suggestions perhaps will be helpful: (1) Encourage him to seek medical advice early and to follow his doctor's advice to the letter. (2) If he goes to the hospital, give him all the moral encouragement you can through

TOMATO BISQUE
The small meal of the day, whether it be lunch or dinner at your house, calls for a nutritious menu, just the same! Soup is an economical way to add food values and fill up empty stomachs, too.

Tomato Soup
4 cups (1 quart) scalded milk
1/2 cup dry bread crumbs
1 No. 2 can tomatoes
1 small onion, chopped
6 cloves
1/2 teaspoon soda
2 teaspoons sugar
1/2 cup fortified margarine
Combine bread crumbs with the scalded milk. Keep warm over low heat. Stew tomatoes together with onion and cloves for about 15 minutes. Rub tomato mixture through a sieve. Add soda. Combine tomatoes and milk mixture. Add sugar and margarine. Stir until the margarine is melted. Serve at once. This recipe will make six servings.
For other excellent kitchen-tested recipes write the National Cotton Council, P. O. Box 18, Memphis 1, Tennessee, for your free copy of "Menu Magic with Margarine," an attractive 24-page booklet in two colors.

taking care of his physical needs, visiting and writing him regularly, and assuring him you're looking forward to his returning home. (3) Don't believe the gossip that psychiatrists treat only "crazy" people. (4) Don't ignore the fact that someone is mentally or emotionally ill. (5) Don't allow him to put off medical consultation because of fear, shame, or any other reason. (6) Don't fail to correct conditions in the home or elsewhere which may have led to the illness; the doctor will be most helpful in telling you what these are and what you should do.

SCIENCE and your Health
GUARDING BABY'S EYES by Science Features
New-born babies come into the world with relatively few defenses against disease germs. Modern science has devised a number of procedures to guard against infection during the first days of life, one of the most important of which is the application of silver nitrate to the new-born's eyes.

Routinely applied within a few minutes after birth, silver nitrate has proved extremely effective in reducing the incidence of blindness due to eye infections. Occasionally, however, it also causes irritation to the delicate eye membranes. Recently obstetricians at the Sacred Heart Hospital in Yankton, S.D., requested Drs. T. H. Wilcockson and C. D. Cox to determine what could be used to replace silver nitrate. The scientists tested two eye ointments, one containing terramycin alone, and the other: this antibiotic in combination with another, polymyxin-B.

They concluded that no difference could be determined in the effectiveness against eye bacteria of the antibiotic ointments vs. silver nitrate. However, they added that nursery personnel "soon prided themselves on being able to distinguish the difference between the two drugs as to the effect on the babies' eyes."
The eyes of the infants treated with silver nitrate, the scientists reported, were reddened and the babies kept their eyes closed for three or four days. But the eyes of the children treated with antibiotic ointments were bright, open and free from irritation.

Mr. and Mrs. J. L. Andrews visited with Mr. and Mrs. Don Randall in Amarillo Sunday. Scotty Randall came home with his grandparents for a visit.

Mr. and Mrs. Joe Green of Pampa visited with Mr. and Mrs. R. L. Appling and other relatives Sunday.

Mr. and Mrs. Finis Dalton and children, accompanied by Mr. and Mrs. F. B. Carter of Alanreed, spent a two-weeks vacation in Arkansas, Alabama, Tennessee, Virginia, North Carolina, Mississippi, and Georgia.

Mrs. J. P. Dickinson and children and Mrs. R. T. Dickinson and daughter were in Shamrock Sunday.

Mrs. Clyde Willis and Mrs. Jess Ledbetter were in Shamrock on business Saturday.

Mrs. John Scott is visiting with her sister, Mrs. W. W. Whitsett, in Amarillo.

Mr. and Mrs. Vernon Tarbet of Shamrock visited with Mrs. Don Allen Sunday.

Mr. and Mrs. Norman Trimble and children of Bartlesville, Okla., spent the week-end with his mother, Mrs. Corinne Trimble.

Mr. and Mrs. Irven Alderson were in Pampa on business Friday.

Mrs. J. S. Morse and Mrs. W. E. Bogan visited with Mr. and Mrs. Creed Bogan in Borger Wednesday of last week.

R. T. Dickinson, Jeff Railsback, and C. O. Goodman spent a few days this week fishing near Wichita Falls.

DOLLAR FOR DOLLAR YOU CAN'T BEAT A PONTIAC!

It's the RIGHT CAR!

What's the "right car" for you? It must be handsome, of course. A good performer, too. And dependable? Economical? For beauty, Pontiac offers the Silver Streak distinction that is admired everywhere. The power and stamina of Pontiac's rugged, high-compression engines are unmatched at anywhere near the price. Pontiac's dependability and long-life economy are a matter of record. For every important value extra Pontiac's your car!

It's the RIGHT PRICE!

The price of a Pontiac will never sway you from buying the right car. Pontiac engineers discovered long ago that—for very few extra dollars in price—they could build into Pontiac cars a great deal of extra quality. Come in and let us prove how easy it is to own a big, luxurious, fine-performing Pontiac!

It's the RIGHT TIME!

Your present car will never be more valuable as a trade-in! So don't put off the pleasures of Pontiac ownership. "Dollar for Dollar you can't beat a Pontiac" never meant more than it does today! We're sure you'll agree it's the right car—the right price—and the right time.

Menu Magic

EMERALD SAUCE FOR FISH

Most people like fish, but there is a difference in opinion of which way fish is best prepared. No matter how you like your fish, whether it be fried, baked or broiled, you'll like it better with this green sauce that takes its special flavor from spinach.

Emerald Sauce (Makes 6 servings)

1 cup finely chopped spinach leaves

1/2 cup finely minced parsley

2 tablespoons finely minced onion

1/2 cup margarine

Dash of Tabasco sauce

1/2 teaspoon salt

1/2 cup fine bread crumbs

Combine spinach, parsley and onion. Sprinkle with Tabasco sauce, salt and pepper. Mix lightly. Brown crumbs in margarine over medium heat. Add greens. Mix thoroughly but lightly with fork. Heat thoroughly, stirring constantly. Do not cook. Serve with broiled, fried or baked fish.

For other excellent kitchen-tested recipes, write the National Cotton Council, P. O. Box 13, Memphis 1, Tennessee, for your free copy of "Menu Magic with Margarine," an attractive 24-page booklet in two colors.

Mr. and Mrs. J. M. Payne spent the week-end in College Station with Mr. and Mrs. R. A. Howze, and in Dallas with Mr. and Mrs. M. W. Payne.

Freight on Hay Is Cut in Half By Railroads

Western railroads agreed last week-end to extend further aid to the drought-stricken livestock industry of the southwest.

Harry C. Barron, chairman of the executive committee of the Western Traffic Association, announced that the western lines would:

1. Reduce freight rates 50 per cent on hay shipped from western territory to the drought areas of Missouri and other southwestern states;
2. Grant a further extension, to November 16, of the 50 per cent reduction made effective last July 1 on livestock feed in general from western territory to the drought areas.

Barron said these actions were taken at the urgent request of Secretary of Agriculture Benson and officials of the drought states.

He explained that while hay was included in the commodities granted half rates since July 1, it developed that modification of billing regulations was advisable to enable hay shipments to take advantage of the reductions as readily as shipments of other feed stuffs.

He said the July 1 rate reductions were on as broad a basis as was then deemed necessary. A tariff remedying the situation, to become effective October 17, was forwarded to Washington for filing with the Interstate Commerce Commission.

The principal movement of hay is expected to be from South Dakota, Minnesota, and Wisconsin, and other states in which surpluses have been reported.

While corn, wheat, oats, cotton seed meal, etc., have moved in heavy volume under the relief rates," Barron said, "there has been little hay movement."

"Rate reductions on traffic actually moved to drought areas have aggregated more than \$1,000,000 since July 1. The savings to the distressed livestock industry are currently amounting to more than a quarter million dollars a week.

"In addition, livestock producers have been granted free return movement of their herds to drought areas from which they have been shipped for pasturing and feeding."

Rev. and Mrs. John Marock of Yonkers, N. Y., visited with Mr. and Mrs. Miro Pagan last Wednesday.

Mr. and Mrs. E. O. Burrows of DeKalb, Ill., visited with Mr. and Mrs. J. W. Burrows over the week-end.

Select Nation's Outstanding 4-H'ers as Honored Delegates to Club Congress

(Above) Discussion periods are a feature of the Club Congress. All delegates are divided into "huddles" of six, these units reaching an opinion on various "agree-disagree" questions. Then the groups reassemble for final deliberation. Most questions at the 1953 Club Congress likely will concern the theme—"Working Together for World Understanding."

CHICAGO—Special—More than 1,200 outstanding rural youth—mostly farm boys and girls—from the 48 states, Alaska, Hawaii and Puerto Rico, will be honored delegates to the 32nd National 4-H Congress in Chicago, November 29-December 3. They are the "cream of the crop" selected by the Extension Service as state, sectional and national winners in the 1953 4-H award programs of projects of agriculture and homemaking.

The youthful delegates will represent more than 2 million active fellow members throughout the United States.

Expenditures of the National Committee on Boys and Girls Club Work, a citizens' group, total approximately \$900,000 in grants annually to assist the Co-operative Extension Service in furthering the program, membership and influence of 4-H.

The major portion of the grants, which are provided by some 40 industrial organizations, foundations and prominent public-spirited men and women, are used for 4-H merit awards, including medals, savings bonds, trips, college scholarships and leader training.

Among the corporations and foundations providing grants are Allis-Chalmers, American Forest Products Industries, Carnation Co., Firestone Tire, Ford Motor Co. and Ford Tractor Division, General Motors, Hercules Powder, International Harvester, Kel-

Clarendon Site Of Dairy Meet

A dairy meeting will be held at the veterans vocational building at the Clarendon Junior College October 29 at 1 o'clock, Donley County Agent H. M. Breedlove has announced.

This meeting is to form a permanent dairy organization for Donley, Hall, and Armstrong counties. S. C. Waites of Lakeview was elected temporary chairman at the last meeting, and Frank Cannon of Clarendon, secretary. Permanent officers will be elected at this meeting and all the by-laws will be drawn up for the organization. All dairymen in the three counties are urged to attend.

Breedlove will be at the State Fair of Texas October 23-25 to work with the A. and M. College Extension Service exhibit. He and other agents from different parts of the state will have charge for this period of time. This exhibit shows the different parts of farming and ranching in all the different parts of the state and the advances that have been made in improved farming and ranching, due to research and experimental work in this field.

At Home—NEW BOSS

Mr. and Mrs. R. L. Brown are the parents of a girl born October 17. She weighed 8 pounds, 12 ounces, and has been named Brenda Lee. Grandparents are Mr. and Mrs. M. E. Brown of Kellerville and Mr. and Mrs. Sam Robinson of Louisville, Ky.

Mr. and Mrs. Grady Darnell of Alanreed are the parents of a girl born October 15 at the Groom hospital. She weighed 7 pounds, 7 ounces, and has been named Sharica Carol. Grandparents are Mr. and Mrs. Ed Jones of Roswell, N. M., and Mr. and Mrs. Jim Darnell of Alanreed.

W. R. Cooper went to Amarillo Tuesday for medical treatment.

No. 1704 THE STATE OF TEXAS COUNTY OF GRAY

TO THOSE INDEBTED TO, OR HOLDING CLAIMS AGAINST THE ESTATE OF B. L. WEBB, DECEASED:

The undersigned having been duly appointed administrator with will annexed of the estate of B. L. Webb, deceased, late of Gray County, Texas, by J. B. Maguire, Jr., Judge of the County Court of said County, on the 28th day of September, A. D., 1953, hereby notifies all persons indebted to said estate to come forward and make settlement, and those having claims against said estate to present them to him within the time prescribed by law at his residence, Star Route Number 2, Pampa, Gray County, Texas, where he receives his mail, this 29th day of September, A. D., 1953.

Felton K. Webb, Administrator with will annexed, of the Estate of B. L. Webb, deceased.

Car Inspections Being Made At Slow Rate

Automobile safety inspection stations in this area are going to be jammed unless motorists begin having their vehicles inspected within the next few weeks.

This warning was issued this week in Austin by G. C. Morris, executive director of the Highway Safety Council. He said in a cross-section survey of inspection stations, including those in this area, indicated only four cars of every hundred had been inspected.

The inspection period, under the new law, began September 15 and will end April 15.

There are more than 3,000,000 vehicles to be inspected, and during the first 30 days of the seven-months period only a fraction of that number, roughly 125,000, were checked, Morris said. The proportion of cars inspected in this area is about the same as statewide, he said.

"There is almost certain to be a last-minute rush unless there is a speed-up in inspections," he said, urging motorists in this section to avoid the rush by having their cars examined now.

Morris said there was also the safety precaution to be considered. "Most cars have not been inspected in more than a year and may have developed some mechanical defect," he said.

"You may be gambling with your life if you are operating a mechanically unsound vehicle. Accident figures show that one traffic death in every ten in Texas is caused by faulty mechanism."

The new law, Morris said, calls for the inspection of brakes, lighting equipment, horns, rear view mirror, and windshield wipers.

He urged motorists, however, to request that steering parts be also included in this inspection.

Safety experts agree that automobiles should be inspected at least once a year as insurance against mechanical defects. Morris said that if motorists wait until near the spring deadline to have their cars examined, it will mean that many cars will not have been inspected for 18 months, three times longer than practical.

Personal

Michael Thut of Pampa is spending the week with Mr. and Mrs. Cleo Edwards.

Wib Fowler attended the angus cattle sale in Cordell, Okla., Friday.

Mr. and Mrs. Kenneth Goodman and family of Amarillo visited with Mr. and Mrs. C. O. Goodman Sunday.

Dale Glass and Bill Johnson of Canyon spent the week-end with Mr. and Mrs. Raymond Glass.

Mr. and Mrs. A. J. Goodwin visited with their son, Sidney Goodwin and family, in Amarillo Saturday.

Mr. and Mrs. Reo Heasley and son Billy spent the week-end in Shamrock with Mr. and Mrs. J. M. Anderson.

Johnny Nix of Shamrock spent the week-end with Mr. and Mrs. J. I. Martindale and family.

Mrs. G. C. Finley of Shamrock visited with Mrs. George Humphreys Friday.

Mr. and Mrs. R. B. Jones were in Amarillo Thursday of last week on business.

Mrs. Lucille Gaines of Tulsa, Okla., is visiting with her mother, Mrs. W. E. Kennedy, this week.

Burl Puett and son Don of Oklahoma City visited with Mr. and Mrs. E. H. Kramer Sunday.

Mrs. Mattie Graham spent the week-end in Canadian with her son, Bruce Graham and family.

Betty Gudge is visiting with Mr. and Mrs. Elmer Gudge in Farmington, N. M.

Mrs. Roy Campbell of Amarillo spent a few days this week in the home of her brother, John C. Haynes.

Mr. and Mrs. C. E. Hunt visited over the week-end with their son, Cagle Hunt and family, at Mertzon.

Mr. and Mrs. Legon Burris spent the week-end with relatives in Fort Worth. H. V. Rice returned home with them for a visit.

Marvin Jones of Farmington, N. M., spent the week-end with his parents, Mr. and Mrs. R. B. Jones, and his son Randy.

FIT FOR A QUEEN

These stunning cotton bag fashions will fulfill their destiny in Chicago this month. They are the dress features of a wardrobe presented to the "International Cotton Bag Sewing Queen" at the International Dairy Show October 13. The linen-like duster is made of natural osanburg trimmed with dark brown stitching, while the dress features white square collar on a brown background. The queen is to be selected from 30 winners of "Save With Cotton Bags" sewing contests held at state fairs throughout the country.

Keith Myatt of Amarillo visited with his parents, Mr. and Mrs. C. A. Myatt, Sunday.

Mrs. Olen Davis spent the week-end in Chillicothe with Mr. and Mrs. E. W. Brock.

Mr. and Mrs. Clyde Mag were in Pampa on business Monday.

Dr. and Mrs. Buell T. W. left Sunday afternoon for Antonio to attend the Baptist convention.

Since nothing is settled up it is settled right, no matter how unlimited power a man may have unless he exercises it fairly and justly, his actions will return plague him.—Frank A. Vandlip.

Army Blues is the official song of the U. S. army.

In high altitudes the llama is used as a beast of burden.
