

# PLAIN TALK

By BILL PERKINS

A modern electric scoreboard will grace the north end of Duncan Field before the next home game is played. Made possible by the city, the Lions club and generous local residents, this latest civic endeavor is just one of the many that keep McLean ahead of all other towns of similar size.

A savings of \$250 on the installation of the scoreboard will be made since Larry Fuller and Jimmie Don Morris and other Lions have pledged to contribute their services.

It is this kind of community cooperation that makes us glad we live in McLean.

Next week you will begin getting two papers for the price of one. THE TIGER POST, which in the past has been the mimeographed newspaper of McLean High School, will be printed in THE McLEAN NEWS.

The POST will have its own staff and will be approximately two columns of school news.

Miss Billie Brown and students Nancy Tate and Jimmy Vineyard are already making arrangements for the first issue to appear next week.

Jimmy Vineyard, Tiger co-captain until he had to give up football due to a leg injury, will cover all of the Tigers football games for The News this year. Jimmy would like to be in there playing, but since he can't, this is one way he can still be close to his teammates and the game that he loves so well.

The Old Tiger says: "People who get ahead in the world are those who make hay whether the sun shines or not."

The Gray County Soil Conservation Service sends us these words:

"Muddy water is a pitiful sight. Because it's really topsoil in flight."

## REVELLE

... with the boys

Don Crockett left McLean last Monday for San Diego, Calif., where he is stationed with the Marine Corps. His address is: Pvt. Don Crockett, Plt. 296 MCRD, San Diego 40, Calif.

Ronald F. Day, constructionman apprentice, USN, son of Aubrey L. Day of McLean, is serving at the Naval Auxiliary Air Station, Brown Field, Chula Vista, Calif.

Brown Field provides facilities to support regular operations of fleet carrier, utility and helicopter aircraft.

Technical Sgt. Alfred Smith, son of Mr. and Mrs. Edgar Smith of McLean, has reenlisted in the United States Air Force at Shaw AFB, S. C., for a period of six years.

Sgt. Smith is presently assigned to the 41st Tactical Reconnaissance Squadron as an aircraft mechanic. Prior to his assignment at Shaw, Smith was stationed at Sidi Slimane, Morocco. Sgt. Smith is married to the former Miss Vera M. Johnson of Panama City, Fla., daughter of George Johnson of Panama City.

The Smiths have a daughter, Patricia Ann, nine.

## BIRTHDAYS

Sept. 15—C. G. Nicholson, Christa Carol Rodgers, Kenneth Gibson.

Sept. 16—Daniel Gary Dalton, Leona Gossett, Norman Wayne Nelson.

Sept. 17—Mrs. J. R. Glass, Helen Bruner.

Sept. 18—Mrs. Bunia Kunkel, Lady Bryant, J. J. Railsback, Ronnie Mellroy, Clarence Voyles.

Sept. 20—Mrs. C. G. Nicholson, Donna Magee, Mrs. Emory Smith, Dennis Gene Graham.

Sept. 21—Kelly Ray Voyles.

**NANCY TATE IS HAPPY HERE AFTER BEING NAMED 4-H CLUB COUNTY BAKING QUEEN SATURDAY.** The daughter of Mr. and Mrs. Orphus Tate, Nancy, 17, is a senior student at McLean High School. She will represent Gray County in the district contest at the Tri-State Fair. Joe Hagan, also of McLean, won the Sears swine contest Saturday and will enter his pig at the fair. (Pampa Daily News Photo-Engraving)

## NANCY TATE IS NAMED 1957 GRAY COUNTY BAKE QUEEN

Nancy Tate, member of the McLean 4-H Club, was declared the Gray County Bake Queen for 1957, following the contest held in the county home demonstration agent's office. This announcement was made by Miss Helen Dunlap, county home demonstration agent, as the decision of the two judges, Mrs. J. B. Massa and Mrs. Robert Sanford.

Carolyn Anderwald, member of the Wayside club, received the second highest score, and ten-year-old Mary Ann Skaggs, member of the Cleverette club, placed third. Each girl entering the baking contest was judged on two products she had baked, namely, a plain uniced butter cake and yeast rolls. Besides the record of her home baking was also considered in the selection of the county queen.

Three of the exhibitors are outstanding in leadership abilities. Carolyn Anderwald, Wayside club; Sue Evans and Nancy Tate, McLean club, have won two trips to the 4-H Junior Leadership Laboratory held at Bastrop State Park. Last year they attended as district winners and this year as state winners. They have been active in conducting recreation work in the county during the past months.

Other Cleverette members who exhibited products Saturday were Mary Alice Coombes and Martha Partillo.

Nancy will enter her record and the two products of baking in the district contest during the Tri-State Fair. The district bake queen will be announced on Youth Day, Sept. 21. The award is a \$100 bond.

## TIGERS WIN 7-6 IN SEASON OPENER OVER IRISH FRIDAY

The McLean Tigers were victorious by the narrow margin of 7 to 6 over the Shamrock Irish here at Duncan Field Friday night to win their first game of the season.

The Tigers recovered eight Irish fumbles as the crowd of an estimated 1200 spectators looked on.

A brief shower falling during the first quarter sent many of the fans to cover for a short period and left the ball slippery and hard to hold on to.

Each team attempted only two passes. Each completed one. McLean made 10 yards and Shamrock 5.

It appeared that Shamrock was going to have too much power for the home team in the first half. Quarterback Donnie Dodgen capped a 54-yard drive, going over left guard from three yards out for Shamrock's touchdown late in the first quarter. Joe Jernigan's boot on the extra point attempt was wide and to the right. That was all the scoring in the first half, but the Irishmen led in first downs 9-1, and in yards rushing 437-39.

The Irishmen got their backs to the wall in a hurry in the opening minutes of the second half. McLean kicked off into the

end zone. One play gained one yard. Two 5-yard penalties set the visitors back to their 11. Then a host of Tigers hopped on a fumble at the 14.

David Woods broke over left guard for the distance on the first play. Then Woods ran the extra point, but one of his teammates was off sides. The ball was moved back to the 7 and Woods ran it over again for the deciding point.

Shamrock moved the ball well, but lost possession five more times during the second half. McLean lost the ball only twice on fumbles the entire game.

It was McLean's first victory since defeating Shamrock 26-6, in the opener last season. The Irish had only one win, eight defeats and a tie last season.

Game at a Glance		McLean
15	first downs	5
225	net yds. gain, rush.	96
2	passes attempted	2
1	passes completed	1
5	yds. gain passing	10
0	passes intercepted	1
1	number of punts	5
18	punt average	22½
2	oppon. fumb. recovered	8
10	number penalties	6
75	yards penalized	50

## FOLK FACTS

BY BILLIE PERKINS

The Guy Beasleys moved into the house they bought in town last week. . . . Rain sent football fans running for cover Friday night at the McLean-Shamrock game. . . . The Bob Blacks left Saturday to spend two weeks in Farmington, N. M., with Mr. and Mrs. Larry Edwards and new son, Robert Wayne. This is Helen and Bob's first grandchild and they are just thrilled pink over him. . . . Ruel Smith was in Fort Worth and Dallas last week on business. . . . We are happy to see Mrs. C. P. Callahan back at work this week after being in the hospital all of last week. . . . Monta Jean Kennedy met her roommate from Littlefield in Lubbock Thursday to buy bedspreads and things to decorate their room at West Texas State College in Canyon. Monta Jean will be a freshman at West Texas this year. . . . Leslie Back, daughter of Mr. and Mrs. Sonny Back, had the measles last week. . . . Pat Guill and Mrs. George Humphreys visited Mrs. Jack Humphreys in the Shamrock Hospital Tuesday afternoon. . . . Mrs. C. A. Myatt returned home Sunday after spending last week in Lubbock visiting relatives. . . . Mr. and Mrs. H. V. Ballard vacationed in Long Beach, Calif., last week. They visited his brother, Raymond Ballard, and family in Phoenix, Ariz., two days. They returned home the latter part of last week and spent the week-end boating at Lugert Lake.

**Household Hint:**  
Even if it takes a day of rearranging, try to store often-used dishes right over the dish-drying rack, so you can reach right up to put them away.

**McLean School Pupils Will Be Guests Of Tri-State Fair**  
Amarillo, Sept. 10—All pupils of the McLean schools will be guests of the Tri-State Fair which opens September 16 for six days and nights of fun and competition in livestock, farm and home departments.

This year's fair, featuring the glamorous production of Holiday on Ice on Tuesday, free acts twice daily and the largest railroad show in the south, is expected to set new attendance records. Fair officials say there are two reasons for this prediction—the best year for Golden Spead agriculture since 1950, and the most attractive entertainment program in the exposition's 34-year-old history.

Among the unusual attractions at this year's fair will be the appearance on the two last days of the U. S. Air Force Thunderbirds, the world-famous jet acrobatic team, stationed at Nellis Air Force Base in Nevada. This will make the first performance by the Thunderbirds in this part of the nation.

Holiday on Ice performances will be staged each night, Monday through Saturday, Sept. 16-21, and Saturday afternoon, the closing day of the fair. Night performances begin at 8 o'clock. The matinee will begin at 2:30 p. m.

Thirty-three thousand free tickets to the fair grounds were mailed recently to school superintendents who accepted the invitation of fair officials to participate in this year's exposition. The invitations were mailed last April. A total of 58 schools in the area are to take part in the new program. The free tickets may be used on all except the last day.

The 1957 fair will open with a gigantic parade at 11 o'clock Monday morning, Sept. 16, featuring 26 bands, including the nationally acclaimed U. S. army unit from Fort Sill, Okla., ice show stars, floats, and many dignitaries.

Corinthian architecture is characterized by columns, usually elaborately fluted and carved.

Call 47 for classified ads.

## Tigers Seek Second Victory At Wheeler

### At Home—NEW BOSS

Mr. and Mrs. Larry Edwards of Farmington, N. M., are the parents of a son born Wednesday, September 4. The new arrival weighed 7 pounds, 6 ounces, and has been named Robert Wayne. Maternal grandparents are Mr. and Mrs. Bob Black of McLean.

### Band Boosters Club Organized Friday

The Band Boosters Club met Friday night before the football game for an organizational meeting.

Officers elected were Jim Hathaway, president; Helen Graham, vice president; and Faris Hess, secretary and treasurer.

A meeting will be held in the near future to discuss activities for the ensuing year.

Band Director Bruce Cook wishes to thank those who attended the meeting Friday night.

### McLean School Cafeteria Menu

Monday—Fair Day.  
Tuesday—Hot dog on bun, English peas, cabbage slaw, spiced peaches, milk.  
Wednesday—Ground beef on rice, greens, tossed salad, cornbread, butter, milk, fruit cup.

Thursday—Macaroni and cheese, green beans, cooked carrots, raisin salad, bread and butter, milk, cake.  
Friday—Fish with tartar sauce, whole corn, chilled tomatoes, cornbread and butter, milk, peach cobbler.

### LIONS ZONE MEETING HELD MONDAY NIGHT

A zone meeting of the Lions clubs of this area was held Monday night in Fellowship Hall of the McLean Methodist Church.

Lions from Hedley and Memphis and local club members were present for the meeting.

### Personals

Mrs. Mike Murff and daughters, Allison and Tanya, of Amarillo visited their parents, Mr. and Mrs. Clifford Allison, over the week-end, and attended the McLean-Shamrock football game Friday night.

Mr. and Mrs. J. N. Smith and daughter of Dumas and Mr. and Mrs. Bobby Horton and son of Pampa visited their parents, Mr. and Mrs. J. N. Smith, Sr., Sunday.

Copyrights extend for a period of 28 years.

McLean's Tigers will be seeking their second victory of the season tomorrow night (Friday) at eight o'clock when they meet the powerful Wheeler Mustangs on the Wheeler High School gridiron.

Although the Mustangs are in Class B conference they have been picked as the top team in their competition and their victory last week over the Class A Canadian Wildcats seems to back up the earlier predictions.

Game time will be 8 o'clock in Wheeler.

Coach Jack Riley's Tigers defeated their traditional rivals, the Shamrock Irish, by a 7-6 score here at Duncan Field in their season opener.

The Mustangs, regional Class B champions last year, are manned by a big and experienced squad. Backfield dynamos for the Mustangs include Jim Porter, 180-pound speedster from last year and Fleetfooted Harold Crossland. Halfback Larry Hunter, along with Crossland, led the Mustang offense in their 13-6 victory over Canadian.

With McLean's alert and hard-fighting Tigers going up against Wheeler's heavy and experienced Mustangs, a top flight game is promised to area football fans in Wheeler tomorrow night.

## NEW ELECTRIC SCOREBOARD ORDERED FOR DUNCAN FIELD

A new "Fairplay Electric Scoreboard" will be installed and ready for use when the next home football game is played at Duncan Field, according to an announcement made Wednesday by Lions club President Amos Page.

The scoreboard, which has already been ordered, will be paid for by the city of McLean, the McLean Lions Club and local businessmen and individuals.

Dimensions overall will be 18 feet by 3½ feet and letters will be 24 inches.

Total cost of the scoreboard will be \$1200. A drive to secure donations from local businessmen and individuals will be conducted in downtown McLean Friday morning.

Installation cost for the electric board ordinarily is \$250, which is what the manufacturer charges, but Page said that this amount would be saved since local Lions will do the installation free of charge.

The modern score keeping device will be ready for use when the Tigers meet Stinnett here Sept. 27 for the next home game.

Copyrights extend for a period of 28 years.

## BAPTIST REVIVAL MEETING TO BEGIN HERE SUNDAY

The First Baptist Church of McLean will begin revival services Sunday, September 15, to continue through September 22.

Dr. Winifred Moore, pastor of the First Baptist Church of Berger, will be the evangelist. He is expected to arrive in McLean Monday morning.

Dr. Moore will be assisted by John McKay from Seagoville. Mr. McKay is serving as music and educational director at First Baptist Church, Seagoville.

Pastor Jesse Leonard has extended a cordial invitation to everyone to attend the services, which will be held each day during next week at 9:30 a. m. and 7:30 p. m.

The nursery will be open during each service.

Mrs. Guy Hester was in Pampa Tuesday with her mother, Mrs. G. F. Morris, who is a patient at Highland General Hospital. Mrs. Morris lives in Shellytown.

DR. W. WINIFRED MOORE Evangelist

**Five Minute Box Lunch**

Smiles of accomplishment and anticipation shine on the faces of mother and Johnny as they prepare a portable noon meal without a trace of morning scramble. Mom is happy that she has discovered a menu-formula which pleases her son and helps keep him healthy—it's a quick and easily assembled box lunch: hot soup in a vacuum container, sandwich, salad, pickles and fruit. Paper food cups and containers make advance preparation and packing sanitary and simple, and best of all, no dishes to wash.

Mom has heated a "soup-mate" delicacy of condensed tomato and cream of chicken soups and prepared a sandwich spread, which Johnny "invented"; finely chop 2 frankfurters and blend with 2 tablespoons mustard relish. The spread can be mixed in advance and stored in a paper food container in the refrigerator.

Among Johnny's lunch box favorites are "soup mate" combinations; condensed clam chowder combined with tomato soup or cream of celery with Scotch broth; and sandwich spreads made of cream cheese, pureed apricots and chopped walnuts or peanut butter with mashed banana. Sometimes he carries a paper food cup of baked beans, fruit or macaroni salad.

**My Neighbors**

"Don't just stand there! Hurry back and buy \$15 more groceries before creeping inflation makes them cost \$17!"

**Christian Workers School Scheduled By Methodists**

A Christian Workers School will be held at the McLean Methodist Church starting Monday, September 16, and continuing through Thursday, September 19. The school will be held each evening from 7 to 9 o'clock.

Children's work will be taught by Mrs. Virgil Patterson of Merkel and Mrs. H. W. Gaston of Big Spring. Youth work will be led by Rev. J. V. Patterson of Miami, and Rev. Jack Riley will lead the adult work.

Mrs. John C. Haynes is the registrar. The nursery will be open.

**Personals**

Mr. and Mrs. John Bayless and sons, Johnny and Danny, of Borger and Mr. and Mrs. Homer Abbott of McLean attended the wedding of Robert Stockton and Sylvia Davis at the First Baptist Church in Oklahoma City Friday night. They remained for a visit in the homes of Frank Stockton and Homer Passmore.

Mr. and Mrs. Henry Peevhouse of Amarillo visited Mr. and Mrs. Jim Back Sunday.

Mr. and Mrs. Pete Fulbright spent the week-end in clovis, N. M., visiting Mr. and Mrs. Ray Singletary.

Mr. and Mrs. Jack Mercer of Abilene visited relatives and friends in McLean last week.

Mr. and Mrs. Neil Price and son of Abilene spent the week-end with his parents, Mr. and Mrs. Smokey Price.

Guests in the home of Mr. and Mrs. S. R. Jones Sunday were Mr. and Mrs. Kiah Hodges and Mr. and Mrs. Orville Taylor of Clinton, Okla.

**Wesleyan Service Guild Meet Held Tuesday Night**

The Wesleyan Service Guild met Tuesday night in the McLean Methodist Church parlor. Lucille Gething gave a devotional on "Dear Ones, All." The program, "How Big Is Our World," was given by Ruth Magee. Mabel Worsham told the story of "One Doctor and His World."

Loree Brown, president, conducted the business meeting, and Frances Kennedy gave a report on the Guild week-end held at Canyon recently.

Hostesses were Betty Bunch and Loree Brown. Those attending the meeting were Isabel Cousins, Bonnie Fablan, Betty Bunch, Fern Boyd, Billie Brown, Sue Cubine, Mary Tom Riley, Sinclair Armstrong, Maybell Nash, Cecile Parvin, Lois Page, Lopez Hauck, Ella Langino, Naomi McCarty, Lynn Reeves, Ruth Ellen Riley, Frances Kennedy, Ruth Magee, Loree Brown.

Mabel Worsham, and Estelle Cunningham of Alanreed.

**Willing Workers Sunday School Class Has Dinner**

The Willing Workers Sunday School class of the First Baptist Church held their regular luncheon Monday night at 7:00 o'clock in Moore's dining room.

Hostesses were Jane Simpson and Jeanne Brown. Others attending were Katie Price, Jean Bohlar, Rae Simpson, Carolyn Leonard, Lahoma Herron, Mildred Wyatt, Edna Graham, Gladys Stewart, Winona Dyson, Mary Lee Boyd, Jewel Smith, and two visitors, Mrs. McChristian and Mrs. Austin.

The Lord hath heard my supplication; the Lord will receive my prayer.—(Psalms 6, 9.)

God hears the faintest, unspoken prayer that wells up from our hearts, the silent supplication that forms on our lips—and even as we pray in faith and trust, He is answering; for He is always listening, ever loving and merciful.

### 'Miracle Kitchen' To Be At State Fair

The RCA Whirlpool Miracle Kitchen to be demonstrated in the Electric Building at the 1957 State Fair of Texas in Dallas, Oct. 5-20, performs household tasks as if by magic. At the touch of a button, a self-propelled serving card emerges from a cabinet, brings clean dishes to the dining table and may be loaded after dinner with soiled dishes for the return trip. Back in its wall niche, it does the dishes automatically.

## Every Texas County Represented In Big Farm Show At State Fair

By ROY RODDY  
 State Fair Agriculture Writer

Folks nostalgic for the country fairs of yesteryear with their mass displays of cotton, grain, vegetables, fruits and other farm produce will find much to cheer reminiscence at the State Fair of Texas in Dallas, October 5-20. For the State Fair, to live up to its name, must represent all Texas, and that means every one of the state's 254 counties.

That's a pretty large order, even for an exposition as big as the State Fair. To fill it properly, the State Fair would have to give all its 187 acres to the Agriculture Show alone. So the Fair has settled for mass displays of the major crops of the state's twelve Agricultural Extension Service Districts, those departments under which the county farm and home demonstration agents serve. In this way, every Texas county will be represented.

★ ★ ★

And the cotton, grain, vegetables and fruit will be there in abundance, just as if the Fair had tilted Nature's cornucopia and let the green and golden harvests pour into the exhibits. The exhibits will reveal the amazing bounty of Texas' good earth.

Shown from the Panhandle will be wheat, grain sorghums, cotton, sugar beets, alfalfa, Irish potatoes, fruits and vegetables; from the South Plains, cotton, grain sorghums, alfalfa and commercial vegetables; from the Rolling Plains, cotton, beef cattle, wheat and grain sorghums; and from North Texas, dairy products, swine, cotton, small grain, grain sorghums, corn and peanuts.

★ ★ ★

Major crops of Northeast Texas on display will be livestock, fruits and vegetables; of the Big Bend, cattle, sheep and wool, goats and mohair, alfalfa, vegetables and long staple cotton; of the Edwards Plateau, goats and mohair, sheep, beef cattle, grain sorghums, small grains and poultry; and of the Heart of Texas, cotton, cattle, peanuts, corn, grain sorghums, vegetables, peaches and pecans.

Other districts will include the Piney Woods with its forest products, broilers, beef and dairy cattle, vegetables and swine; South Texas with its flax, broom corn, poultry and beef cattle; the Gulf Coast with its rice, cattle, fruits and vegetables; and the Rio Grande Plains with their citrus fruits, vegetables, grain sorghums and cotton.

## GRAY COUNTY SOIL CONSERVATION NEWS

By Wayne Richardson

The soil scientist, a specialist in soils, is an employee of the Soil Conservation Service. He works within the conservation district for the purpose of helping find the correct use for each acre of your farm. Other technicians will use this information to assist you in developing a plan for your farm that will put each acre to work at its best.

To have a real conservation program on your farm, two steps, mapping and planning, are necessary. Next comes the application of certain soil improving and conserving practices such as cover cropping, crop rotation, contour farming, terracing, grass waterways and others. These are the practices planned in step two.

How do you know the best use for each acre of your land? Your past experience will help a lot. You probably already know a great deal about each field on your farm. You know the shady spots, the rocky spots

and the lighter colored or eroded spots. You know the fields that were longest after a rain and the ones you can get into soon after a rain. With your knowledge of the farm, and the soil surveyor's knowledge of how soils were formed and developed you can have an accurate inventory of your land. The surveyor will put this information on the map of your farm and you can use it to make and work out your farm plan.

The best use is usually the most profitable use in the long run. Grass, over a long period of time, will bring more returns on some lands than will cash crops such as cotton, sorghum or wheat.

Soil depth is important. How deep is your soil? Soil depth determines how much area is available for roots to obtain nutrients and water. Some soil might be so shallow that cultivated crops will not yield a profit. This kind of soil should be grassland or woodland. Knowing your shallow and deep land will make a difference in what you can and should grow on the land.

Texture of the soil is important because it determines the amount of work it takes to handle a field. Texture affects the speed at which water moves into the soil as well as out of the soil and how available this water is to growing plants.

A coarse or sandy soil will

take water much more rapidly than a loam or clay soil. Damage by erosion can somewhat be predicted from a knowledge of the texture of soil.

You already know pretty well how productive each part of your farm is. Yet, examining the soil will give you some idea as to its natural inherent fertility, how easy it would be to build up, and what plants or crops it is best suited to. It pays to know the land with which you are working.

You cannot make a sound conservation plan for your land without a land inventory any more than an architect can design a house without knowing the kind of material he has available to build it with. The soil scientist prepares this inventory for each and every farm field and it remains a permanent record for present or future owners.

"Wardens reported wonderful cooperation from all over the north zone, with the opening of the season," the director said. He warned, however, wardens

will begin to get strict enforcement of the license regulations. Licenses now are available from all wardens, county clerks, and most sporting goods dealers.

Looking at the FOOD BILL!

SAVINGS

"A penny saved is a penny earned" and a look at the food savings possible with an electric home freezer makes the penny look mighty big. Meats, poultry and vegetables can be bought in quantity, in season, when prices are low. Garden vegetables and fruits can be frozen, retaining all the goodness, freshness and tastiness of the freshly-picked product. Time is money and a freezer frees you from sudden, surprise meals. Such meals are prepared in advance, frozen and are ready to serve, piping hot, in minutes. Why not take a look tomorrow—you'll like the savings you'll see.

**MORE ANTELOPE THAN HUNTERS WEST OF PECOS**

Austin, Sept. 9—All hunters who made application for antelope permits west of the Pecos will get a hunt this year without a drawing. This was indicated this week by the chief clerk of the Game and Fish Commission. He said mail coming in after the closing date of Sept. 1 pointed

to an insufficient number of applications to cause a drawing. On the other hand, he predicted a drawing would be necessary in the Panhandle area, where more applications have been made than permits will be issued. Date for this drawing will be announced shortly, he said.

A coot is an aquatic bird found principally in South America.

Architect's Drawing: New Home Office, Kiwanis International, Chicago, Illinois

Construction of a permanent home office building in Chicago at a cost of nearly a million dollars will begin late this winter, the president of Kiwanis International, H. Park Arnold of Glendale, Calif., announced recently in Chicago during the organization's late-summer board meeting.

The new building, which will be headquarters for the international service group, will occupy property at the corner of Rush and Erie Streets on Chicago's near north side. The site is one block west of the city's famed "Magnificent Mile," and about five blocks north of the Chicago River. The building will contain approximately 35,000 square feet of floor space in a ground level, a first level, and a second level.

The building will be of modern, light construction, air conditioned throughout. Its exterior will be composed of dark opalescent imported granite and textured, light Georgia marble with enameled extruded aluminum pilasters and plate glass windows. A ground level, landscaped court and a parking area will share the rear portion of the property. Provision will be made to enlarge the building by constructing a multi-story shaft of office space above this court as the need arises.

The new building is designed to provide facilities for the administration of approximately 7000 Kiwanis clubs, the organization's 1965 goal. (1965 will be the 50th anniversary of Kiwanis International.) Currently, there are 4400 Kiwanis clubs and approximately 251,000 Kiwanis members in the United States, Canada, Alaska and the Hawaiian Islands.

The site for the Kiwanis home office was purchased last year when it became evident that the continued enlargement of the service organization and the necessity for an ever-increasing staff was causing Kiwanis to outgrow its present quarters at 520 North Michigan Avenue. Headquarters personnel numbers 125.

Architects for the Kiwanis home office building are Mielke and Smith of Chicago. Consultant is Leon Chatelain, Washington D. C., architect, who is president of the American Institute of Architecture.

Construction of this new building is Kiwanis' declaration of faith in the future of Chicago, of the U. S. and Canada, and the people who have built the organization into a 251,000 man force for good," Arnold said. Kiwanis, now in its 43rd year,

was founded in Detroit, Mich. The organization has maintained its general office in Chicago for 38 years.

The new home office building will also serve as headquarters for Key Club International, a Kiwanis-sponsored high school boys' service organization, numbering 37,000 youngsters in 1700 U. S. and Canadian high schools, and Circle K International, a college level men's service organization with more than 3500 members in 165 college clubs.

**International Letter Writing Week to Be Observed in October**

"International Letter Writing Week" will be celebrated in McLean during the week of October 6 to 12, Acting Postmaster Bill R. Reeves announced today.

Commenting on the establishment of International Letter Writing Week, Reeves pointed out that each year since 1938 the Post Office Department has

**Waxing Proudful**  
A charwoman was telling a friend of her prowess in polishing floors.

"When I started to work here the floors were in bad shape, but since I've been doing them," she said with quite pride, "three ladies have fallen down."

**Check and Doubt's Check**  
"What is your name, sir," the bank teller asked politely. "Don't you see my signature?" snapped the indignant patron.

"Yes, sir, that's what aroused my curiosity."

With football season here we would like to suggest that you fill up with our Chevron gasoline before leaving for the out-of-town games.

**Chevron Gas Station**  
ODELL MANTOOTH

joined in the observance of National Letter Writing Week—an annual event celebrated to emphasize the meaning and value of letter writing as a symbol of American freedom.

"As a result of its success," Reeves stated, "National Letter Writing Week will be conducted on an international basis this year for the first time. International Letter Writing Week is based on

the idea that written communication between people in all the countries of the world will contribute toward the building of a lasting peace.

"I am sure we are all aware that a personal letter is, next to an actual visit, the most intimate means each of us has to communicate with our fellow human beings. Letters between peoples of different nations are a sure method of establishing friendly

relationships and understandings. The problems of freedom-loving peoples will be more quickly solved if they are better understood.

"I urge all citizens of McLean to join in this first celebration of International Letter Writing Week and at the same time write that overdue letter to friends and relatives in America," Reeves concluded.

**These are our workers..**

**this is our workshop**

Big, isn't it? Comprises fourteen prosperous mid-continent states. Our job is to transport persons and freight throughout this great area.

 9—Abilene C. 2 p.m.  
 • Border Conf. Game  
 • Home Game

The two big guns in West Texas State's powerful ground attack last year will be back in action this fall. Ron Mills (top), White Deer halfback, was the team's top rusher with 569 yards and was named "most valuable player" in the Tangerine Bowl Jan. 1. Charlie Sanders, Gruber fullback, made All-Border Conference after leading the league in scoring with 72 points. Together, they gained 1025 net yards and scored 120 points.

This is the month that separates the outdoorsmen. Some are hunters, some fishermen, some both. How does a "both" man decide where to go—field or stream?

I'll guess with you. He goes dove hunting, if in reach of the north zone; his mind's ear hears the shotgun blast, and his mind's eye sees the birds fall.

But some of our outdoorsmen will stick to their fishing. They'll figure that now September's here the fish will be a little bit more cooperative, maybe. Also, shrewdly, they'll think the best fishing spots may be less crowded, what with the hunters gone to the sunflower patch.

Let's talk about both of those guys—the fisherman first.

He is concerned about the black bass, and that fish has been suffering his usual case of the summer sulks.

He has been playing it cozy, down deep where the water is cool, moving around very little, using up not much energy and requiring a minimum of food. But he can be had.

Old time anglers are getting bass, these hot days, by fishing deep with minnows or plugs. Deep trolling also pays off.

The Hellbender has been a productive lure at Lakes Whitney, Texhoma, Possum Kingdom and the Highland lakes of Central Texas. Work it deep and slow.

The big bass are down deep as they can get to keep cool, but they have to stay above the "dead" water where the oxygen content is too low.

That may be 20 to 30 feet down, but you'll have to experiment to find the right depth in your own fishing hole. All depends on the water temperature and the oxygen content of the water.

If the first norther of autumn hits before this gets into print—change signals.

When that happens, your lake or stream will "turn over." That means when the surface is colder than the bottom, the top, cold water will sink and the bottom, warmer water will rise to the top.

Look for that day! When it comes, get out your top water lures and be confident of getting bass if you are fishing in good waters and using your bait adroitly.

Meanwhile, the bass will hit surface lures, even in hot weather. Try them early in the morning or late afternoon. Or at night.

#### Now About Whites

That's black bass we've been talking about. Now, what about the white bass?

All summer these fish have been congregating in the swift water below dams, eating their fill of shad that abound in such waters.

Many fishermen have caught limit strings of white bass all through the summer, fishing in the fast water. But now, this kind of fishing has dropped off. What's the trouble?

Well, the spring-born shad are now getting a little too big for the whites to handle. So the fish are drifting downstream, looking for other food.

They will be moving around a lot. But if your minnow or spoon is there—in the right place at the right time—you will be in business in a big way.

Work your bait deep, where the water is cool, using the same technique as for blacks.

**Work Lures Slowly**  
 I suspect that most anglers work their lures too fast.

Fish like action, but they like it slow. To give an example, my fishing partner and I catch good strings of bass in the Highland Lakes of Central Texas, using minnows, either free swimming or with a light split shot.

This is the procedure: toss the minnow out there in bass water and let him swim. Put the rod down and pour a cup of coffee out of the thermos. Maybe you get a strike, maybe not.

But pick up that rod and begin reeling in—very, very slowly. Pretty soon, here comes a little tug. Don't get excited. Wait.

Reel in some more—very slowly. Another tug, maybe harder this time. Don't strike yet, wait him out. You can feel when he is on. Then strike, hard. Result:

#### Trotline Technique

Well, about catfishing: how often do you run your trotline? The experts are at odds on this point. Some of them give the line a test every hour or two—others allow much more time for the catfish to get themselves hooked.

One experienced trotliner of my acquaintance belongs to the long-

wait school of thought.

He reasons that a big, heavy, lazy catfish will take his own sweet time with a bream or other bait. He nibbles at it, nudges it around, contemplates it, and takes it (maybe) when the notion strikes him.

Fishing is not much of a hurry-up proposition, anyhow. You've got to relax to catch fish. And learning to relax is maybe the best thing about this sport.

**Dove Shooters Prosper**  
 Turning to the hunting situa-

tion—reports coming in say the north zone shooters are doing pretty well, and there are plenty of birds, though some are small.

Scattered rains around the state have not been heavy enough to change the birds' watering habits. One complaint of the dove hunters is that their birds fall in the dense sunflower patches and can't be found.

Whitewing hunters will be numerous in the Valley about now; the season being Sept. 13-15-17.

Coral reefs are skeleton-like masses formed by the secretion from animals called "coral ployps."

He who is afraid of being too generous has lost the power of being magnanimous. The best man or woman is the most unselfed.—Mary Baker Eddy.

Men of noblest dispositions think themselves happiest when others share their happiness with them.—Duncan.

Entered at the post office in McLean, Texas, as second-class matter under Act of March, 1879. SUBSCRIPTION RATES One Year (Gray and surrounding Counties) \$2.00 One Year (to all other U. S. points) \$2.50

NOTICE TO PUBLIC

Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation, which may appear in the columns of this paper, will be gladly corrected upon due notice being given to the editor personally at the office at 210 Main St., McLean, Texas.

Editorial

POWER OF THE PRESS

An 81-year-old newspaperman, Chet Lampson, editor of the weekly Jefferson, Ohio, Gazette, has provided the country with a dramatic example of the power of the press.

Here's what happened: Mr. Lampson received a notice from the Internal Revenue Service demanding payment of an alleged income tax indebtedness of \$9.

Mr. Lampson didn't confine his views to the columns of his own paper. He wrote the President of the United States and various other officials, including members of Congress.

So a small-town newspaperman took up the cudgel against a branch of a great government—and won a battle that affects the rights and dignity of all our citizens.

MISPLACED FARM HANDOUT

The U. S. farmer's income will be up a half billion dollars this year, according to the Department of Agriculture, and that would be good news if the extra money came from farming.

But actual farming will be less profitable than last year. The soil bank program will make up the difference, plus the half billion.

Despite hopeful statements, this is a situation which is rapidly getting no better.

Surpluses are being reduced, mainly by giving them away or selling them abroad at a loss. But whenever surpluses are cut, price supports are raised, creating more surpluses.

The soil bank appears to have attracted investment capital to the farm belt, but not necessarily for farming. Large tracts can be bought up to be put into the "bank" at a profit which does not come from hoeing corn or milking cows.

Farm relief is supported to help the struggling family farmer. But he needs all his small holdings to scratch out a living, can't afford to let any of his land lie idle.

And that's the recurring story of farm legislation. Food and fiber production is in a transitional stage, from labor to machinery. This is a trend which eventually will eliminate many small farms, whether we like it or not.

The essential problem is to help the little fellow through this trying period, until he can become a big fellow or quit farming altogether for a job in town.

CRUEL HOAX

J. Edgar Hoover ranks highway killings with major crimes such as kidnapping and armed robbery, and is convinced there should be an end to listing speeders and careless and reckless drivers as "petty offenders."

THE AMERICAN WAY

Both Essential to Our Economy

40 Years Ago— IT HAPPENED HERE

Taken from the Files of The McLean News, 1917

Enjoy Picnic

Mrs. J. O. Phillips entertained her Sunday School class of small girls with a picnic on the Dwyer place Saturday.

A lovely dinner was spread at the noon hour and a delightful afternoon spent.

McLean News Is Sold

On Saturday of last week a deal was made whereby M. L. Moody becomes the owner of The McLean News plant.

and the business will be conducted as usual.

The News will be run under the present management until October first when Mr. Moody will take charge.

School Enrollment

The enrollment for the first week of school was 334. Of these, 317 were in the McLean school and 17 in the Peterson Creek school.

Harmony among teachers and a spirit of conscientious work is aiding very materially in dis-

under a speeding car? he asks. Is a person crippled by an automobile less pitiable than a person permanently maimed by the gun of a robber?

He also finds that much of juvenile disrespect for law can often be traced to the "miserable examples" of adult motorists who "beat the law" on the highways and boast about outwitting traffic officers.

In concluding an editorial quoting Mr. Hoover, the Portland, Oreg., Journal states a plain fact: "There will be no safety on the roads until motorists obey the laws willingly or are made to under sure and certain sentences to jail, if necessary.

SAFE ON THIRD

The batter who gets on first or second base has a chance to go places. But if he is to score he also must get past third.

The same principle holds for polio vaccination. Here's the way it works:

The Salk vaccine sets up protecting antibodies in the bloodstream that prevent the polio virus from destroying the nerve cells, thus paralyzing the muscles.

One shot of vaccine sets up antibodies in some people. Two shots set up antibodies in people who did not react to the first shot.

If you're one of the more than 70 million people who have had your first shot, remember this: three are essential. Like a baseball batter, you must be "safe on third" before you can score in the polio war.

... Plus An Extra \$200 for the Super Air-Brush Springs!

posing of some of the perplexing problems that confront a set of new teachers.

Chapel exercises will be held once a week on Wednesday morning throughout the year. Those who wish to visit the school will be especially welcome at these exercises.

Miss Mabel Watkins left Sunday to resume her work in the Canyon Normal this winter.

Mrs. Maggie Carpenter and granddaughter of Ochiltree visited their cousin, Mrs. C. E. Francis, last week.

Mr. and Mrs. A. A. Callahan are visiting relatives at Hagansport.

Mr. and Mrs. R. L. Harris are visiting relatives in Oklahoma.

J. H. Swafford and family have moved to Amarillo. Ernest Jordan has resigned the Peterson Creek school and the vacancy was filled by Miss Williams.

Misses Mabel Lamb of Jericho and Artie Pannell of House, N. M., and Messrs. Manuel James and Jimmie Helm of Jericho were guests of Miss Grace Francis Saturday and Sunday.

Miss Lois Bullock, a niece of Arthur Erwin, will spend the winter in his home in order to attend the high school.

Miss Maud Thompson expects to leave in a few days for Dallas, where she will enter SMU. She will also take a special course in music.

The McLean country is enjoying the most prosperous condition it has known in many years. Luther Petty is in Mangum, Okla., this week.

Owing to a misunderstanding among the trustees, all special work except the music department, was cut out of the school this term.

1154 pieces had been finished by the Red Cross workers last Saturday. Of this number, 1054 were surgical dressings and composed a regulation box. The others were knitted articles, sheets, bed shirts, pajamas, operating gowns, operating caps, etc.

Miss Frankie Mae Upham left Saturday for Abilene to resume her studies in Simmons College.

Fred Thompson has gone to Clarendon to attend the college again this winter.

Herman A. Glass returned to Canyon Saturday after a few weeks visit with his parents. He is one of the Normal instructors.

**STUDY TIME—DO'S AND DON'TS**

The Perfect Picture of Study Two Things Wrong Here

IN YOUR first days back to school, before you learn anything else, learn how to study. These words of wisdom are not only approved by educators, but they will be recognized immediately by all students as having the ring of good, common sense.

There are right and wrong ways to study, as Jeannie Beacham, Hollywood starlet, Chicago beauty queen and recent high school graduate, demonstrates in the pictures.

The picture at the desk shows the proper way to study. The room should be well ventilated and there should be as few distractions as possible. The phonograph Jeannie has beside her is played only when she takes a break between study subjects. If the phonograph would be otherwise distracting, it should be removed.

The student's position should not be too comfortable, but it should not be strained. But the lighting is very important according to the Murine Company research service and should not shine directly into the eye or be seen from the corner of the eye. Neither should there be a glare on the page you are reading.

In the picture with the sofa

Jeannie is violating two common-sense rules for studying. The light is very poor—in fact the book is in a shadow—and she is too comfortably ensconced in an easy chair.

Good study demands concentration and it is up to the student to discipline himself. Get the right amount of sleep, don't overeat, consider study as an adventure in learning. It also helps if the student uses the same desk or table in the same place in his home night after night as it will be easy to get set for studying and it will be easier to keep the mind from wandering.

Remember that good study is related closely to doing away with all distractions, and to making study a pleasant habit,

Neil Shull of Amarillo spent the weekend visiting his mother, Mrs. W. C. Shull.

Miss Rolena Chase left last week to enroll in a beauty school in Fort Worth.

Mr. and Mrs. James Jolly and children of Borger and Mr. and Mrs. Bud Williams visited their parents, Mr. and Mrs. H. L. Chase, over the week-end. Mr. and Mrs. Williams left the first of the week for Utah where he is stationed in the army.

Mrs. Emily Minix has returned home from a visit with relatives in Alaska, California and New Mexico.

Mr. and Mrs. G. F. Baker returned home Monday night from Muskogee, Okla., where they visited their daughter, Mrs. George Preston, and family several days.

Mr. and Mrs. Cliff Callahan and daughter of Amarillo spent the week-end with his parents, Mr. and Mrs. C. P. Callahan. Sunday guests in the Callahan home were Mr. and Mrs. C. V. Williamson and Billy, Mrs. Thelma Stewart and Mrs. Ann Burns of Spearman.

Mrs. Eli Clement and children, Stan and Judy, and Mrs. R. D. Dunham of Wellington spent Sunday with Mrs. Frank Wiggins and children, Pat and Kent.

Mr. and Mrs. Carl Carpenter of Sundown spent the week-end

in the homes of his sisters, Mrs. George Colebank and Mrs. Sidney Kunkel.

Mr. and Mrs. Forrest Hupp and son, Ray, attended a reception and shower honoring Edwina Laycock and Jack Hupp at the First Christian Church in Claude Sunday afternoon.

Mr. and Mrs. Keith Myatt and daughters, Ramona and Brenda, of Amarillo visited his parents, Mr. and Mrs. C. A. Myatt, Sunday.

Gabriel Fahrenheit, a German physicist, conceived the first quicksilver thermometer in 1720.

The State Crown of England contains 6,170 diamonds, including one of 34 carats.

**Tax-Man Sam Sez:**

If you are getting a divorce you probably won't be concerned about how much income tax it may cost or save. Texas is a community property state and all the income of the husband and wife is ordinarily community up to the date of the divorce. All the deductions, expenses, and salaries of both husband and wife have to be divided up for income tax purposes. Let's hope that you don't have to get into splitting your income and expenses as a part of divorce proceedings. But it might be better to get the blanket completely split, including your income tax, while the splitting is going on.

Mr. and Mrs. Paul Mertel spent last week-end in Taos, N. M.

Mrs. J. H. Bradley is in Fort Worth with her daughter, Mrs. Alva Haley, who is ill.

Rodney Gene Bailey, son of Mr. and Mrs. Vestal Bailey of Keller-ville, underwent an appendectomy Friday at Highland General Hospital in Pampa.

Mrs. Paul Corbitt and family of Hereford spent the week-end with her parents, Mr. and Mrs. N. A. Greer. Paula Corbitt returned home with them after a weeks visit with her grandparents.

Mr. and Mrs. John Bayless and boys of Borger visited in the home of her parents, Mr. and Mrs. Homer Abbott, last week, returning home Sunday evening.

**TELEPHONE TALK**  
 by George Newberry, Manager

HELLO  
 I want to take this opportunity to say hello to all the people in McLean. I have not been able to meet all of you, but I have had the pleasure of meeting many of you. The Southwestern Bell has not operated your telephone exchange very long, but we think you have a fine city and the people are very friendly. I was talking to Red Ballard, our local man in McLean, the other day and he said McLean is one of the best towns he has ever lived in. I know we are going to make many lasting friends in McLean.

**SAFELY BACK TO SCHOOL**  
 Well, it's September and school bells are ringing again. It's a good time of year to remind ourselves to be even more cautious in our driving—especially until we get accustomed again to "school stops" and small-fry pedestrianns.

Here at the telephone company, we've always stressed safe driving—"Safety Consciousness" as well as care and skill handling our cars and trucks.

Telephone men like H. V. (Red) Ballard deserve much credit. Year in and year out, they drive 1,000 or more "safe" miles.

Thanks to their records and similar ones established by telephone drivers in other cities, Southwestern Bell again won the National Safety Council's Award of Honor in 1956.

**DON'T RUNI REACHI**  
 Next time your telephone rings, think about this: Can you reach out and answer it . . . or do you have to run for it?

Is it handy? Or is it in some out-of-the-way place? Maybe even on a different floor?

The cost of having telephones wherever you need them around the house is surprisingly low, especially in comparison to the comfort and convenience they give you.

Each extension phone costs only \$1.05 a month plus a one-time installation charge.

Why don't you call or come by the telephone business office? Let us help you plan complete, convenient telephone service. More and more people are learning the modern idea is to have phones within easy reach.

Call by number. It's twice as fast.

Many women will have an important decision to make when they attain age 62. Under the 1956 amendments to the Social Security Act women are now able to obtain social security benefits three years earlier than under the old law, according to John R. Sanderson, manager of the Amarillo social security office.

The amount of the monthly benefit, however, will be reduced for women workers and for wives of retired workers. The amount of the reduction depends on the number of months between the time payments start and the time the applicant reaches age 65. For example, a working woman retiring at age 62 would receive about 80% of the monthly benefit she would receive if she waited until age 65. Wives filing at age 62 receive about 75% of the amount they may be entitled to at age 65. The percentage goes up every month they wait after reaching age 62. This reduction is permanent even after reaching age 65. Widows of deceased workers may receive unreduced benefits at age 62. Before making a decision to start getting benefit payments before age 65, a working woman or wife of a retired worker will naturally want to know how long she will be ahead in total benefits paid.

Sanderson said a working woman will be ahead for the first 15 years if she files at age 62, while a wife of a retired worker filing at age 62 would be ahead for the first 12 years.

Sanderson pointed out that the decision must be made by the woman. The social security administration will furnish her with all the necessary information, but the actual decision must be made by the individual.

**Faith Circle Meets Tuesday**

The Faith circle of the WSCS met Tuesday in the Methodist church parlor with Mrs. Daphne Morris as hostess.

Mrs. Opal Allison presented an interesting program on "The Spirit of Christ—for All of Life."

Those attending the meeting were Mesdames Margaret Coleman, Mary Eustace, Ella Longino, Minnie Haynes, Georgia Beasley, Opal Allison, Ida Mae Dickinson, Mary Mertel, Ruth Ellen Riley, Leona Sitter, Evelyn Stubbfield, the hostess, Daphne Morris, and a guest, Jan Coleman.

The Blonde Bombshell, Bobby Blake, and Australia's champion Pat Gregory are teamed together as an exciting team in "IT HAPPENED IN HAITI," a red-hot tropical portrayal of life in the Caribbean, one of the featured numbers in Holiday on Ice of 1957, which ends its week-long engagement at the Tri-State Fair in Amarillo on Saturday night, September 21.

**From the State Capitol HIGHLIGHTS AND SIDELIGHTS**

By Vern Sanford Texas Press Association

**Cage's "Dates"**  
 BenJack Cage has more invitations than a pretty girl with a rich papa.  
 Cage's "dates" are with some half-dozen groups who want to know what caused ICT Insurance Co. to go under with multi-million-dollar losses. Cage was ICT manager until a year before its collapse.

After a grand jury session and lie detector test in Dallas, Cage moved to Austin. At the head of the line of questioners here is the Travis County Grand Jury. Other questioners include:

1. House general investigating committee.
2. Senate general investigating committee.
3. Rennee Allred, attorney for the state liquidator, handling what remains of ICT.
4. Federal agents—from the postal inspection service and Securities Exchange Commission.

**Governor Sounds Out Solons**  
 Gov. Preece Daniel has asked legislators for a "frank expression" of their attitudes toward the proposed special session.

In an individual letter to each member, the governor outlined the session goals: (1) a lobby registration bill, (2) a bill requiring registration of those representing others before state agencies, (3) a bill setting up a study on how to prevent spread of crime, and (4) legislation to develop a state master water plan.

No new taxes will be needed to finance any of these projects, or the session itself, the governor's letter contended.

Best guesses are that, barring stringent opposition from the lawmakers themselves, the session will be called for Oct. 15.

**Named to Tax Commission**  
 Three business experts from over the state will join with lawmakers in making a thorough study of the state and local tax structure.

Named by Governor Daniel to the Texas Tax Study Commission are Dr. John R. Stockton, Austin, director of the University of Texas Bureau of Business Research; John McKee of Dallas, executive in the Ford Motor Co.'s Dallas plant; and Hugo Loewentern, Sr., Amarillo real estate dealer.

Three senators and three representatives also will serve on the commission.

**New Map Available**  
 A new map, loaded with historical and geographic information about Texas, has just been published by the General Land Office.

**TEENAGE COLUMNIST**—One of the happiest young ladies in the State of Texas is 16-year-old Sandra Brodman of Fort Worth, who has been awarded an engraved, copper plaque by the Texas Press Association. The presentation is in recognition of Sandra's record as a "Teenage Columnist" for the Wichita County News. She began writing the column when ten years of age. Since that time she hasn't missed an issue of a deadline.

Most of Texas' farmers and ranchers will go into the winter with the best supply of hay and feed in years, reports the U. S. Dept. of Agriculture.

Surge of back-to-school activities may push the number of Texas jobholders to the three million mark, says the Texas Employment Commission. July total was 2,998,000. School payrolls are expected to add 20,000 more and provide more business for retail and service industries.

Leon R. Graham, member of the Texas Education Agency staff, has been advanced to the post of assistant commissioner of education for administration. He replaces Bascom B. Hayes who resigned to become superintendent of the Brazosport school district.

Choosing a site of the new state archives building has been delayed, reports Rep. Vernon J. Stewart, chairman of the selection committee. Legislature authorized the building last session, but provided no money to survey property for a site.

"TO KNOW HOW TO GROW OLD IS THE MASTERWORK OF WISDOM" (Author's name below)

Not so long ago there were fewer old folks because the average person who reached fifty was considered lucky. Now with an average age expectancy of about 70 years, there are many more people who are old in years but young in health.

There are two wise rules that will make your added years healthier. Always visit your physician at the first sign of any illness, and regularly take one of the geriatric vitamins that will supply the extra energy needed. For just a few cents per day you can get from us vitamins made by the dependable pharmaceutical firms who discovered and perfected them.

**Owners of land in the path of new state highways** face a delay before getting their money for it.

Under new law the state pays half the cost of right of way for state roads. But since the money is to come from higher automobile license fees, the state won't have it until next year after people buy new plates.

In the most recent group of road building projects authorized by the State Highway Commission, it was expressly stated that money for land buying would not be available until after March, 1958.

**Motorists who lose their drivers licenses for drunken driving** needn't expect to get them back before the suspension period is over.

State Board of Pardons and Paroles said it is no longer even making recommendations for early turn for licenses. Governor Daniel, who must approve the recommendations, has made it clear, said the board, that he doesn't favor leniency for DWI cases.

Law takes away license for six months on first conviction, a year on second conviction.

**State aid to Texas public schools** has been raised \$2 per pupil. It's now at a record-breaking \$80 per child.

State Board of Education upped the allocation after State Comptroller Robert S. Calvert reported a revenue estimate nearly \$4 million higher than his previous estimate.

Present outlook is that the state's bill for educating its 1,923,849 pupils will be a whopping \$533,116,108.

**Short Snorts**

**Calf Scramble Added To Rural Youth Day Attractions at Fair**

A rough and tumble "maverick" calf scramble has been added to the list of Rural Youth Day attractions on opening day at the State Fair of Texas in Dallas Oct. 5-20.

Sponsored by the Dallas Morning News and radio-TV stations WFAA, the scramble will pit 30 selected Future Farmers and 4-H club boys in competition for 15 calves. The event will take place in the livestock pavilion.

The 30 youngsters who will participate in the scramble are being picked by the sponsors in a contest which opened Sunday, Sept. 1, and will close Sept. 22. Director of the scramble is Murray Cox, radio farm director of WFAA. Fred Pass, agriculture editor of the Dallas Morning News, is assistant director.

"One of the calves in the scramble will be secretly designated 'the maverick calf,'" Cox said. "And the boy who successfully gets the maverick calf across the finish line will be awarded a \$2,000 purebred Hereford calf."

Each of the other 14 winners in the scramble will receive a \$75 certificate toward the purchase of a beef animal to feed out as a 4-H club or FFA project. Consolation awards of cowboy boots will go to the 15 youngsters who fail to catch a calf in the scramble.

Personages invited as guests of honor at the scramble include Gov. Preece Daniel of Texas, Gov. Raymond Gary of Oklahoma, and James Garner, star of the ABC TV show, Maverick.

Corn acreage in the U. S. exceeds that of heat, oats, barley, rye and rice combined.

Watson Wise of Tyler will serve as chairman for Texas' observance of United Nations Day, the governor's office announced.

Cork comes from the outer bark of a species of oak found in the Mediterranean area.

**Mrs. Smith goes to town for U.S. Savings Bonds**

Mrs. Russell H. Smith, who won title of "Mrs. U. S. Savings Bonds" at 1957 "Mrs. America" grand finale, Ft. Lauderdale, Fla.

Meet Mrs. U. S. Savings Bonds! She's Mrs. Russell H. Smith of Tulsa, Oklahoma. Blue-eyed, vivacious Mrs. Smith is the mother of 3 (5 months to 5 years) and typifies today's efficient young housewife who deserves most of the credit for making American homes spiritually strong and economically secure.

Here's her practical advice on a problem facing every family today.

"Saving means security and security means peace of mind; these in turn make for a happy home."

That's why so many women are urging their husbands to invest in U. S. Series E Savings Bonds. They know what a Savings Bond nest egg means. They know that the principal invested in Bonds is safe—and the returns are sure.

And now Savings Bonds pay better than ever! Every Series E Bond purchased since February 1, 1957, pays 3 1/4% interest when held to maturity.

So help your family win financial security tomorrow—by encouraging your husband to invest regularly in Savings Bonds today!

SAFE AS AMERICA . . . U. S. SAVINGS BONDS

The U. S. Government does not pay for this advertisement. The Treasury Department thanks, for their patriotic donation, the Advertising Council and
