Absentee Voting

ELECTION NOVEMBER 2

Absentee voting for the November 2 general election began yesterday morning in Gray County in the office of County Clerk Charlie Thut at Pampa. Absentee balloting will end October 29.

The only race creating any interest in the Panhandle is between Walter Rogers, incumbent, and Leftoy LaMaster of Perryton, for the office of congressman from the 18th district. LaMaster has begun a concentrated advertising campaign in his race. He ran for the office on the Democratic ticket when Rogers was first elected; however, he is now seeking the office on the Republican ticket. Voters will have to make up their minds on 11 proposed amendments to the Texas constitution.

Briefly, the amendments are as follows (this is the order in which they will appear on the ballot):

S. J. R. No. 7—Authorizing the Texas Legislature to increase spending for old age assistance, and to the blind, and aid to dependent children by \$7,000,000 a year, and requiring that names of recipients of public assistance be made available to the public.

S. J. R. No. 6—Permitting members of the teachers' retirement system and the state employees' retirement system to receive credit for services rendered as a teacher or as a state employee.

S. J. R. No. 37—Providing for coverage of proprietary employees of the state's political subdivisions under federal old age and survivors insurance.

S. J. R. No. 10—Creating a building commission with

TIGERS MEET PANHANDLE HERE FRIDAY

The McLean Tigers will meet their toughest opposition of the 1954 season to date this Friday night when the Panthers of Panhandle come to Duncan Field to attempt to avenge the 39-6 defeat they suffered at the hands of the Tigers in 1953.

Game time is 7:30. It will be the third home game for the Tigers, and the second District 1-A match.

The visitors will be the underdog team in this important 1-A scrap. Panhandle got off to a slow start, losing three games in a row, to Perryton 45-18, to Canyon 33-12, and to Sudan 40-13. However, both Perryton and Canyon are top-notch Class AA teams, and Sudan is ranked high among the Class A squads.

Last week-end, the Panthers ended their losing streak by wallopping undefeated Clarendon 33-6. Clarendon's opposition, prior to the Panhandle game, had been similar to that of the Tigers' opposition so far... weak.

McLean, meanwhile, kept its record clean last week-end by shellacking Gruver 52-0. The Tigers have a whopping record so far—207 points scored to 19 for their opposition. But those teams which the Tigers have been whipping so soundly are continuing to be defeated rather badly every week.

Coach Boyd Williams of Panhandle has a fairly well-experienced line on the Panther team, but most of the backfield players were inexperienced at the season's beginning. Fans will remember the playing of Gregory Sherwood, big 230-pound center of last year.

Other returning lettermen include Jerre Don Eggle, Glenn Cockrell, Wayne Mohan, Everett Howard, Max Callahan, Alton Axe, Jerry Don Mohan, Jones Hedrick, Pat Hamilton, and Aubrey Allen.

The Tigers will again go into the game in good shape, barring any practice injuries this week. Coach Rogers used the entire squad in the Gruver game last week, and two touchdown makers came forth—Don Haslam and Tracy Cooper. Haslam scored one and Cooper two, with all three tallies coming on passes.

Little Tigers Play Clarendon There In Games Tonight

McLean's junior high and "B" football squads will travel to Clarendon tonight for their second games of the season with similar teams of Clarendon's schools.

The junior high game will begin at 6:30 o'clock, and the "B" team game at 8 o'clock, Coach Hap Rogers said.

In games played here last week, the Wheeler junior high team downed McLean's junior high by a 13-0 score; the McLean "B" team came back in the second game, and defeated the Wheeler "B" by the same score, 13-0.

FIRE POSTER WINNERS GET AWARDS, RIDES

Winners of awards in the fire prevention poster contest held last week in the McLean elementary school were honored at an assembly program at the school Tuesday afternoon.

The three top poster makers in each of 11 rooms were given their prizes, and then were taken on rides on the McLean fire trucks. In addition, all first graders were taken for rides on the trucks.

The poster contest was the highlight of the observance of National Fire Prevention Week in McLean. The contest was sponsored by the McLean Lions Club.

A new award was given to the room judged as observing fire prevention week the most. The award is a trophy, given by the Boyd Meador Agency, and will be made each year. Winner of the trophy this first year was Miss Leona Forbes' third grade room. Honorable mention went to Mrs. L. F. Hauck's first grade room.

Poster prize winners by rooms were as follows:

First grade: Mrs. L. F. Hauck, teacher: 1. Judy Smith; 2. Paul Phillips; 3. Lana Grogan.

Second grade: Mrs. Sinclair Armstrong, teacher: 1. Susie Rogers; 2. Linda Smith; 3. Dickie Crockett.

Third and fourth grade: Mrs. Claud Zevely, teacher: 1. Joe Taylor; 2. Linda Ann McColum; 3. Sue Green.

Third grade, Miss Forbes, teacher: 1. Jackie Hess; 2. Michael Grogan; 3. George Burrows.

Fourth grade, Mrs. Luke Armstrong, teacher: 1. Don Woods; 2. David Massay; 3. Mary Hall.

Fifth grade, Miss Gussie Bledsoe, teacher: 1. Carla Crisp; 2. Jimmy Watson; 3. Karen Day.

Fifth grade, Mrs. D. H. Priest, teacher: 1. Margie Rallsback; 2. Nancy Hess; 3. Jimmy Butrum.

Sixth grade, Mrs. Jimmy Payne, teacher: 1. Penny Rogers; 2. Michael Massay; 3. Jack Back.

Seventh grade, Joe Taylor, teacher: 1. Bob Weaver; 2. Carey Don Smith; 3. Kay Green.

Eighth grade, Joe Coleman, teacher: 1. Caroline Stokes; 2. Dorothy Pagan; 3. Charlene Henry.

Eighth grade, Mrs. Chas. Weaver, teacher: 1. Anita Back; 2. Billie Smith; 3. Danny Douglas.

SERVICES FOR REV. ROBINSON

Rev. E. F. Robinson, former pastor of the Church of the Nazarene in McLean, died in a Perryton hospital Wednesday last week.

Funeral services were held at the Church of the Nazarene in Pampa Friday afternoon at 3 o'clock. Rev. Reynald Russell, pastor of the Perryton Church of the Nazarene, officiated, assisted by Rev. Herbert Land of Pampa.

Rev. Robinson was pastor of the McLean church up until a few months ago. He had been in ill health for some time, including much of the time spent in McLean. His death was attributed to a heart attack.

MAN KILLED IN CAR ACCIDENT NEAR McLEAN

Curtis Watson Estep, 25 years of age, was killed instantly early Friday morning on Highway 66 about 1.8 miles east of McLean when the car he was driving crashed into the rear of a truck-trailer. The accident occurred at 3:15 o'clock in the morning.

Funeral services for the victim were to be held in Chesapeake, W. Va., home of his wife's parents, Mr. and Mrs. Siebert Peters. The body was brought to McLean and remained at the Claborn Funeral Home until shipped to West Virginia.

Estep apparently had fallen asleep just before the accident, highway patrolmen said. There were no skid marks on the paving, leading the investigating officers to believe that he was asleep when his car crashed into the truck. Both the truck and the car were on the right side of the road.

Driver of the truck was Earl C. Price of Oklahoma City. The car was demolished, although the truck was not badly damaged. Price was unhurt. He told patrolmen that he was making about 38 miles per hour, and that the impact of the car speeded his truck up about ten miles per hour.

When Estep's mother, Mrs. E. G. Runyon of Glendale, Calif., was notified of the accident, there was some mystery as to the whereabouts of Estep's wife. However, it was learned that she had stayed in Oklahoma City when the couple went through there, and was going to Baton Rouge, La., to see about some furniture the couple had stored there. They were en route to California, where Estep was hurrying to meet a college registration deadline in Glendale.

Estep had recently been discharged from the U. S. Air Force at Lake Charles, La. He and his wife had been visiting in Chesapeake with her parents before they left for California.

Tigers Still Third In Weekly Ratings Of Amarillo Paper

The McLean Tigers remained in third place in the weekly ratings of Eddie Mullins, Amarillo Daily News sports writer.

Topping the list of the ten best teams as rated by Mullins was Paducah, victorious over Henrietta by a 73-7 score last Friday night. Hale Center was again ranked as second.

The top ten teams in Mullins' opinion are as follows: 1. Paducah Dragons; 2. Hale Center Owls; 3. McLean Tigers; 4. Lefors Pirates; 5. Canadian Wildcats; 6. Clarendon Broncs; 7. Dimmitt Bobcats; 8. Happy Cowboys; 9. Sudan Hornets; and 10. Springlake Wolverines.

In addition to the Tigers, the top ten includes three other District 1-A teams—Lefors, Canadian, and Clarendon.

LOCAL BANK DEPOSITS UP FROM JUNE 30

Total deposits in the American National Bank in McLean are now up about eighty-four thousand dollars over the deposits as of June 30 of this year.

The increase, probably brought about by the opening of the fall harvest, is revealed in the report of October 7 made in response to the call from the Comptroller of the Currency.

Deposits still have quite a climb to make to reach that of December 31, 1953, however.

Present deposits total \$1,339,393.31; on June 30 of this year, the deposits were down to \$1,255,697.37; and on December 31, 1953, the deposits total was \$1,475,357.91.

Somebody is paying off loans, for the loans and discounts as of the October 7 report are down from those of June 30 and December 31.

Loans and discounts now total \$333,958.17; on June 30, they were \$435,073.44; and on December 31, they were \$371,378.97.

Mrs. J. A. Sparks was in Amarillo Wednesday for a medical check-up and to visit with her daughter, Mrs. R. A. Wood.

Mr. and Mrs. Dean Preston of Manhattan, Kans., spent the week-end with his parents, Mr. and Mrs. George Preston.

Mrs. Roy Campbell of Amarillo spent Wednesday and Thursday of last week in the home of her brother, John C. Haynes.

ALL CITIZENS URGED TO TAKE FREE SERVICE

Free chest X-rays will be given in McLean Saturday afternoon to any person 15 years of age or older—but if the response is not greater this year than in the past few years, the machine will be paying its last visit here.

The machine will be set up in the showroom of the Dysart Motor company building, and will be available from 1 to 6 o'clock Saturday afternoon. Larry Fuller, local chairman of the chest X-ray survey, stated that the machine may be placed in operation before 1 o'clock if it is set up by the technicians earlier.

The X-ray machine visits various areas throughout the state and is operated by workers with the State Department of Health. Its visit in Gray County is being sponsored by the Gray County Medical and Tuberculosis Associations.

The X-rays are free to all 15 years of age or older. However, Fuller pointed out, the service is not charity, but is supported by taxpayers, and therefore it should be utilized by all citizens.

The machine has been in operation in Pampa for the past week, and is to be in Lefors Friday. The Saturday afternoon visit will be all the time allocated to McLean.

"We have been informed," the local chairman stated, "that if 600 or more people do not avail themselves of the opportunity of getting their chests X-rayed in McLean, it is likely that the machine will not come back here next year. The State Department of Health, since it has only a few of the machines in use, feels that visits to larger communities, where more people can be served, will make the cost of the machine and its operation more beneficial in a general sense. Therefore, we are urging everyone to have their chests X-rayed, so that the machine will come back to McLean next year."

Taking of the X-rays requires only about two minutes of time. Volunteer workers in the town aid in registering those receiving the X-rays; the information gained by state technicians will be sent by mail to all who have X-rays made.

Mr. and Mrs. T. R. Langham of Gallup, N. M., spent Saturday night with his parents, Mr. and Mrs. T. A. Langham.

Bethie Mantooth of WTSC, Canyon, spent the week-end with her parents, Mr. and Mrs. Odell Mantooth.

Tigers Romp Over Greyhounds 52-0 in 1-A Game

Coach Hap Rogers used all boys on the squad during the game. McLean scored once in the first quarter, three more times in the second, twice in the third, and twice in the fourth. The final two tallies were on a pass combination from Troy Smith to Tracy Cooper.

McLean's backs were given ample support from the tough Tiger line. Big holes allowed nearly every through-the-line play to work, and the end runs found excellent blocking for the backs. Downfield blocking was also good, as evidenced by the several long runs made by Tiger backs.

The scoring started about midway in what seemed to be a short first quarter. The Tigers took the kick-off, returning to the 39. Runs by Ricky Mantooth and James Smith moved the ball to the Gruver 31. Mantooth went around left end to score time from there, and Don Haslam converted, putting the Tigers in front 7-0.

The Greyhounds, playing in Class A competition for the first time this season, were never able to penetrate the Tigers 20-yard stripe, despite the fact that

Near the end of the first period, Mantooth passed to Troy Smith, who lateraled to James Smith. James Smith went 78 yards to pay dirt, but a clipping penalty nullified the play. James Smith and Mantooth alternated to carry the ball to the Gruver 4, with Smith hitting left guard early in the second quarter to score from that point. Haslam again booted the point.

Shortly after, Albert Sanders punted to James Smith on the Tiger 28. Smith carried the ball 72 yards on the punt return in a beautiful run to score. Haslam's kick was blocked.

Later in the quarter, Sanders' pass was intercepted by McLean on the McLean 21. With Mantooth doing most of the carrying, the ball was moved to the Gruver 29. From there, Mantooth passed to Haslam, who stepped over the goal. Haslam's kick was no good, and the half ended shortly after with McLean leading 26-0.

In the third period, the Tigers took over on the Gruver 32. Three running plays moved the ball to the 20, from where Mantooth went around right end to score. Haslam converted.

Still in that period, Gerald Tate intercepted Sanders' pass on the Tiger 11. Two plays later, James Smith went around left end and raced 87 yards for a touchdown. Haslam missed the kick, and the score was 39-0.

In the final quarter, the Tigers took over on their own 20. Three running plays by Troy Smith and Paul Garvin moved the ball to the Gruver 32, from where Troy Smith passed to Tracy Cooper, who stepped over the goal line. Haslam missed the kick.

Later in the fourth quarter, the Tigers took over on their own 44. Troy Smith passed to Haslam to the Gruver 28. Garvin picked up three yards running, and then Troy Smith passed to Tracy Cooper to score. Haslam converted, making the score 52-0.

**ABOUT PROPOSED DAM**

(Editor's Note: This is the last in a series of questions and answers concerning the proposed dam across Salt Fork of Red River.)

**Q.—What is the next procedure in the creation of this Authority?**  
**A.**—The next procedure necessary to preserve the water rights granted to this Authority and to complete its legal status is to call what is known as a confirmation election in each member city of the Authority to vote upon the question of whether they do or do not wish to become a member of the Authority. Each city thereby gives expression to its acceptance or rejection of such membership.

**Q.—Does this confirmation election have anything to do with the voting of bonds or water purchase agreement?**  
**A.**—It does not, but if a city votes to become a member of the Authority it then becomes a fixed part of the Authority unit, and will be bound by a majority vote of the taxpayers within the Authority; however, such city does have the right to withdraw from the Authority by a petition from such city, filed with the secretary of the Authority before the election on bonds has been called. If any city should not desire to participate in the confirmation election, the secretary of the Authority should be officially notified before the election is called.

**Q.—Who has a right to vote in the confirmation or other elections of the Authority?**  
**A.**—Property owners only, who have paid their poll tax, have the right to vote in these elections.

**Q.—When will the election for confirmation of the Authority be held?**  
**A.**—The date of this election has not been set. It will not be held until there is a good general understanding of this program, what it means to the area served, what responsibilities it imposes. It is a major project. The water will not become cheap until this abundant supply of water finds more sales than are available right at this moment. Water is a priceless asset where there is little available. The lake should be there a long time. According to history of such projects, water sales should increase from year to year and when the bonds are paid, the water should be very cheap. Western people are aggressive and courageous, and teamwork in this Greenbelt District could bring much industry, furnishing payrolls to bridge over the difficult years.

**Q.—How are the board of directors to be named?**  
**A.**—The governing body of each city in the district will appoint one property owning taxpayer who does not hold any other public office as a member of the board of directors. The directors will serve on a rotation basis, with each town having one member on the board of directors at all times.

**Q.—What cities now have definite membership in the Authority?**  
**A.**—Clarendon, Hedley, Memphis, Wellington, Childress, Paducah, and Quanah.

**Q.—Are the above named seven cities the only ones in which confirmation election is to be held?**  
**A.**—Yes, these are the only cities named in the legislative act. The cities of Shamrock and McLean have indicated an interest in the project so estimates have been made upon their possible participation.

**Q.—How can Shamrock and McLean or any other city become members of the Authority?**  
**A.**—By a petition of property owners, and when approved by the Authority an election must be held in the city which has indicated a desire to participate as a member of the Authority, thus sharing the same benefits and liabilities as the original members.

### SCOTCHTHRIFF

SCOTCHTHRIFF IN HISTORY  
SCOTCHTHRIFF ESTABLISHED IN 1780-1840. HE  
WAS ONE OF THE GREATEST FORTUNES  
MADE BY DELIGHTED IN EXHIBITING  
SCOTCHTHRIFF FOR MONEY. IN WANTON DIS-  
CONTENT FOR MONEY, HE DESTROYED A  
HOUSE WHICH HAD WON THE ENGLISH DERBY.  
HE WAS KILLED WITH A VALUABLE PRINTING  
MASTER.

### WHERE'DO THEY ALL GO?

TRAFFIC OVER THE SIX BRIDGES AND TUNNELS  
LEADING INTO NEW YORK CITY TOTALLED OVER  
75,000,000 VEHICLES THIS PAST YEAR.  
2,800,000 CARS PASSED OVER THE GEORGE  
WASHINGTON BRIDGE ALONE.

### IT HAPPENED HERE

From the Files of  
McLean News, 1914  
Club Programme  
Mothers Club held a very  
interesting meeting Friday of  
last week at the school building.  
The routine of business  
was finished, a very interesting  
program was rendered by mem-  
bers of the club, the subject of  
the program being one of our  
favorite poets, Longfellow.  
At this meeting it was fully  
decided to have a short program

at each meeting and a committee  
was appointed to arrange such  
programs. Every patron who is  
interested in better school con-  
ditions is earnestly asked to com-  
e and join the club.

The next meeting will be Fri-  
day, October 23, and after the  
business session the following  
program will be rendered: roll  
call, quotation from Lowell; lead-  
er, Mrs. Richardson; reading, "In  
the Twilight," Mrs. Weaver; pa-  
per, "Comparison of Lowell With  
His Fellow Poets," Mrs. K'bler;  
reading, "The Deacon's Master-  
piece," Prof. Glass; and events in  
the life of Lowell, round table  
discussion.

### 1,000 Calves Shipped Out

Friday of last week was a  
busy day in local cattle circles  
and more than a thousand calves  
were delivered to the Robinson  
Hoover Commission Co. of Kansas  
City, Messrs. Robinson being here  
to receive them. In the ship-  
ment were the calves purchased  
from J. M. Carpenter, C. M. Car-  
penter, Emmett and Orin Thomp-  
son, W. P. Rogers, O. E. Elliott  
of Mobeetie, W. H. Bates and  
Son, R. Edgar Thompson, J. B.  
Paschall, and others.

This stuff sold for 27 and 28  
dollars around and will be taken  
to the northern feeding grounds.  
Besides the calves sold to the  
commission firm, there was a  
string of stuff belonging to R.  
B. Hearne in the pens, but Mr.  
Hearne shipped them on his own  
account.

Messrs. Puckett and Mansfield  
of Muncie, Ind., are here this  
week and will receive another  
large shipment of calves, an ac-  
count of which we hope to have  
next week.

### Ladies Aid Elects Officers

The Ladies Aid Society of the  
Presbyterian Church enjoyed a  
very profitable and pleasant  
meeting at the home of Mrs. D.

Those who were elected were:  
president, Mrs. E. D. Lanley;  
vice president, Mrs. W. H. Holt;  
secretary, Mrs. Arthur Erwin;  
treasurer, Mrs. D. N. Massay.

After the conclusion of the  
business session, the ladies en-  
joyed delicious refreshments of  
fresh apple cider and cake, aug-  
mented by a generous supply of  
home grown apples. Readings  
by Mesdames Holt and McCombs,  
and a vocal duet by Mesdames  
McCombs and Veatch were much  
enjoyed. Guests of the society  
were Mesdames Plummer, T. A.  
Cooke, and Clyde Cash, the lat-  
ter becoming a member.

## LET'S GET TOGETHER ON THIS! YOU ARE ABOUT TO HIRE A CONGRESSMAN!

YOU WANT: 100% support for the administration you elected two years ago.  
Intelligent treatment of your problems by a man whose background qualifies him to understand them.  
Active and alert representation by a member of the Eisenhower team, whose voice will be HEARD in Washington.

## I, "Pete" LaMaster, am applying for the job!

BEFORE YOU SUPPORT ANY CANDIDATE YOU'LL WANT TO KNOW HIS BACKGROUND, HIS RECORD, HIS CONVICTIONS.

NAME: LeRoy "Pete" LaMaster.  
DESCRIPTION: Age 36; resident of Perryton, Texas; native Texan; attend Baptist Church; married to Carolyn Conley of Perryton;  
EDUCATION: Perryton High School; John Tarleton Agricultural College; Texas Tech; Bachelor of Science Degree in Agriculture from Texas College of Arts and Industries in Kingsville;  
EXPERIENCE: Asst. Supervisor with Farm Security Administration; during more than three years in Navy spent twenty months aboard ship in Pacific; since 1946 a farmer and stockman on farm near Perryton; eighteen months in South America studying the peoples and governments there.  
POLITICAL CONVICTIONS: Born a Democrat, like most natives of the Texas Panhandle. Now I have come to the conclusion that my political views are not entirely in keeping with those of the Democratic Party, as it has been controlled by the radical left wing element and big city machines. My convictions more closely conform to those of the EISENHOWER ADMINISTRATION. I believe I can render a greater service to you folks in this District as a Republican representative.

### IKE'S POWER SHOWING

IN NEXT NOVEMBER'S elections, a central figure will be a man who isn't running for office—Dwight D. Eisenhower. He is obviously the GOP's principal asset. And it is on his policies and philosophy of government that the Democrats must center, much of their fire.

At one time there was a feeling in Republican ranks that the President wasn't aggressive enough. It was widely said that he wasn't doing much of a job in pushing his ambitious legislative program. In some respects his press relations weren't too happy. Some Congressmen of his party had about decided that he wouldn't be of noticeable help to them at home, and that they'd better attend to their own political fence-building without reference to the White House.

A very great change has taken place in a comparatively short time. For one thing, the President showed an ability to learn from mistakes and not to repeat them. He demonstrated an unusual flair for getting things done quietly, without issuing "must" order after "must" order. And the upshot was that, to the surprise of even canny old hands at the political game, a remarkably large part of the legislation he asked for became law.

Some proposals, naturally, were turned down or deferred. Others were modified. That was inevitable with a program which was so broad, so complex and, in many cases, so controversial. But the record shows that few Presidents have had so high a batting average in a mere two years.

Here, in part, is what the administration, in cooperation with the 83rd Congress, obtained.

The tax code was thoroughly overhauled for the first time in 75 years. Substantial tax reductions were given to both individuals and to business. And, though the goal of a balanced budget hasn't been reached, material reductions in the overall cost of government were effected.

The defense program was given a "new look," based largely on atomic weapons, which is designed to produce more defense for each dollar spent.

The St. Lawrence Seaway was approved. This was a considerable victory, in view of the fact that Presidents Truman, Roosevelt, Hoover, Coolidge, Harding, and Wilson had all advocated it without success.

A program for developing atomic energy for peacetime purposes is underway, using the resources of private enterprise as well as those of government.

A system of flexible farm price supports was adopted. In the view of many, including a number of farm leaders and spokesmen, this is a vital start toward a sounder agricultural policy.

Social security benefits were extended.

These are simply high spots. As a general principle, the administration has consistently urged that the federal government should not take on duties that can be discharged either by local government or by private enterprise. It has moved to reduce government intervention in commercial business.

Some Congressional contests will be dominated by local issues and emotions. Aside from those, the key to this off-year election is pretty largely the personality, philosophy, and program of the President.

The proofreader on a small daily was a woman of great precision and propriety. One day a reporter succeeded in getting into type an item about "Willie Brown, the boy who was burned in the west end by a live wire." On the following day the reporter found on his desk a frigid note, asking, "Which is the west end of a boy?" It took only an instant for the reply: "The end the son sets on, of course."

## LES TALK

T. A. Landers, the former editor of this paper who now lives on a farm near town, brought me a watermelon the other day. It weighed 60 pounds, and was a beauty. And delicious, too.

Mr. Landers also brought in some Chinese dates. He says the dates are produced every year, regardless of the weather.

The Tigers took another one-sided victory last Friday night over Gruver. That's four in a row.

But the going is getting rougher all along. I believe the Gruver team was the toughest the local lads have yet faced, although the score was high in our favor.

This Friday night we play Panhandle here. Panhandle surprised me by beating Clarendon last Friday night 33-6. I had thought Clarendon would beat the Panthers, since Panhandle hadn't won a game prior to the encounter last week. So we may have considerable trouble with the Panthers.

Johnnie Back and Frank Simpson said I should start predicting scores again. They said they guess right along with me. So I will this week anyway; if I don't do so good, I may quit after the first week.

This week's predictions: McLean 33, Panhandle 13, Canadian 20, Memphis 7, Lefors 45, Gruver 0, Clarendon 6, White Deer 0. Wouldn't guarantee any of these scores to be anywhere near correct.

Rumors can really grow, can't they? When the Amarillo house builders, Munday-Cooper Homes, made arrangements to buy the old grade school building, the rumors got to flying. One fellow told me the firm was going

to build 50 homes in McLean and 40 in Alanreed. Another said that the firm was going to build homes all over the lots where the old grade school building is now located.

To be truthful, I don't know the firm's actual plans. I understand they will build one house in McLean, and if it goes over good enough, then perhaps they will build others. The Vera Back Agency will handle the sales.

But as for the old grade school building, Munday-Cooper is buying the building for the materials it contains. The structure has a world of timber in it, plus considerable steel. Then the used bricks are valuable these days for building time homes.

A lady I know in Wellington called me the other day. Said the same firm was wanting to buy an old school building there which has long been condemned. She wanted to know what the building here sold for, so she would have an idea what to ask for the one in Wellington.

So you can see that Munday-Cooper is interested in obtaining good used materials, and such old buildings contain a lot of materials.

Speaking of rumors, I remember a few months back I was in Shamrock visiting at the newspaper office. I was told there that McLean was getting a big plant. I was told that the city had already bought land on which the plant was to be erected.

As soon as I got back to McLean, I went to the first city councilman I could find—it happened to be Guy Hibler—and asked about the proposed plant. It was all news to him, and he said he hadn't missed a single council meeting in months.

That was quite a rumor. I regret very much that it did not come true. At least it hasn't yet.

Back to that rumor about the 50 homes. It seems that, ac-

According to the man who told me that one, McLean is soon to be in a real oil and/or gas boom. The man who told me the story half-way believes that Munday-Cooper had the inside dope and was going to build the 50 homes and really get in on the gravy.

I wish some of these rumors, the good ones, that is, would hurry up and come true. I can hardly wait until the time comes when McLean will blossom out from 1500 to 30,000 people, and I will be the publisher of a big daily paper. Oh boy, oh boy. Maybe I will be able to make a living then.

Hurry up, you rumors, get on the ball. Come on and come true.

Mr. and Mrs. Emory Crockett and Mr. and Mrs. J. D. Coleman attended the State Fair and the Oklahoma-Texas football game in Dallas over the week-end.

Mr. and Mrs. Dale Johnston and son have returned home after having spent a few days of last week visiting with her parents, Mr. and Mrs. R. S. Ayers, in El Paso.

Mrs. D. C. Carpenter and Mrs. C. E. Cooke visited with Mr. and Mrs. J. E. Cooke and family at Hart Sunday.

Mr. and Mrs. Frank Scales visited with Mr. and Mrs. W. M. Davis in the Lone Mound community Sunday.

Mr. and Mrs. Jack McClellan spent the week-end in Portales, N. M. with Mr. and Mrs. Dick Erwin. Mrs. J. C. McClellan returned home with them after having spent the past three weeks in Portales.

Estelle Mathews, Mr. and Mrs. Joe McGuire, and John Gibens of

Amarillo visited with Mrs. M. E. Pettit Sunday.

Mrs. Jack Burnett and son Bruce of Dumas spent the week-end with their parents and grandparents, Mr. and Mrs. P. L. Ledgerwood, and other relatives.

Mr. and Mrs. Frank Mullin of Alanreed visited with Mr. and Mrs. Felix Jones Sunday.

Mr. and Mrs. John Bayless and son of Borger spent the week-end with her parents, Mr. and Mrs. Homer Abbott.

Mr. and Mrs. Bill Wainwright daughter of Dumas and Ben Beck of WTSC, Canyon, the week-end with Mr. and Mrs. Ernest Teck.

Mr. and Mrs. W. S. Egan of Phillips and Mr. and Mrs. Ben Critchlow and Mrs. Halecomb of Amarillo visited Mrs. M. M. Newman Sunday.

Mrs. Ella Hughes of Angles, Calif., is visiting Mr. and Mrs. W. E. Roman, Hughes and Mrs. Bogan at home.

News About—**THE F. H. A.**

On the afternoon of October 11, the F. H. A. assembled for a meeting. The group went to Mrs. Willie Boyett's home, where they were invited to see some very interesting slide pictures of her trip to Europe. The president, Clea Sue Heasley, called the meeting to order and then turned the program over to Mrs. Boyett. After the pictures were shown, the president asked the secretary, Billie Miller, to read the minutes of the last meeting, and then the unfinished business was attended to. The group decided to sell Christmas cards and vanilla flavoring to help raise money to send two girls from F. H. A. to the state meeting, which is being held in Houston this year. The F. H. A. officers for this year are: president, Clea Sue Heasley; vice president, Sharon Immel; secretary, Billie Miller; parliamentarian, Monta Kennedy; pianists, Donna Magee; song leader, Jo Ann Turner; and sponsor, Mrs. J. D. Coleman.

**During September—  
SIX KILLED ON HIGHWAYS**

Six people were killed and 46 injured, with an estimated property damage of \$51,009 during the month of September on the highways in the 26-county Amarillo district of the Texas Highway Patrol, according to a release from J. W. Blackwell of Amarillo, captain of the district.

Forty-nine accidents were on state and federal roads, five on farm-to-market roads, and 13 on county roads. Blackwell reported. Speeding was listed as the principal cause of the accidents, and 289 speeding arrests were made. Second as a causative factor was driving while drinking, and 37 D. W. I. arrests were made.

In 1953, incidentally, seven people were killed and 35 were injured during September. Patrolmen handed out 1,482 warnings for hazardous violations, worked 3,857 daytime hours, 2,298 nighttime hours, and traveled a total of 75,146 miles. The Amarillo district is composed of 26 Panhandle counties, and 27 patrolmen are stationed in the district.

**Rev., Mrs. Fisher Are Honored on 25th Anniversary**

Members of the McLean Methodist Church met Wednesday evening of last week for a fellowship dinner, in observance of the silver wedding anniversary of Rev. and Mrs. Marvin E. Fisher. A special table for the honorees was centered with a cornucopia filled with silver fruit. The names of "Marvin and Ruth" were inscribed in silver on white satin. A gift of silver dollars from the church members was presented by Mrs. Bob Black. C. S. Rice offered the anniversary invocation. Rev. and Mrs. Delton Fisher and family of Sylvester were present for the occasion. Delton is the son of the local pastor and his wife. A bountiful buffet dinner was enjoyed by the honorees and others attending.

**THREE GO TO LUBBOCK FOR CLINIC MEET**

Three McLean residents were in Lubbock Thursday and Friday attending a lecture-clinic for physicians and ministers at the First Presbyterian Church. The three were Rev. H. A. Longino and Rev. and Mrs. Marvin E. Fisher.

Over 200 doctors and ministers as well as visitors, who were neither doctors nor ministers, were in attendance. They represented some 70 towns and cities, including all sections of the Northwest Texas Methodist Conference, Wichita Falls, Fort Worth, Dallas, and Cisco. Dr. Gilbert H. Marquardt of

Wesley Memorial Hospital, Chicago, Ill., and Dr. Russell L. Dicks of Duke University, Durham, N. C., were the featured speakers. Dr. Marquardt spoke from the doctor's point of view and Dr. Dicks from the minister's. "Serving the Suffering" was the theme for the clinic, which was sponsored by the director's committee on religious life of Methodist Hospital in Lubbock and the "Ideas Unlimited" foundation of First Methodist Church, Hereford.

Topics discussed included "The Role of the Doctor and Minister in Helping People Who Suffer From Feelings of Anxiety, Hostility and Guilt," "The Doctor's and Minister's Role in Caring for the Dying—What and When to Tell the Patient," "How Ministers or Doctors Help or Hurt the Work of the Doctor or Minister With the Sick," and "Work With Alcoholics."

**Great Strides Are Made in Medicine, Doctor Points Out**

"In the last 40 years great strides have been made in applied and preventive medicine. Never have mass controls for the prevention of disease and medical and surgical treatment for illnesses been so highly developed as today. Unfortunately, however, the significance of this forward movement is not yet generally appreciated by the average individual. Though science, by way of the family physician, stands ready to preserve individual health, personal indifference, self-diagnosis and self-treatment represent barriers to the helpfulness available in the doctor's office," states Dr. Henry A. Holle, state health officer.

"Unfortunately, the vast majority of people still consider their doctor merely as emergency aid. So long as they are well or not conscious of any physical impairment, they imagine a physician's services are not required. Moreover, there are many who, even though ill, permit themselves or their friends to diagnose the trouble and prescribe some bottled or tablet medicine for the supposed condition. For this group, in the family doctor only becomes acute when the self-prescribed remedies fail to cope with the situation. It can be said that thousands upon thousands of men and women are desperately ill or lose their lives because of this misconception of the doctor's limitations or cause of unjustified self-reliance to meet sickness conditions themselves.

"The family physician fulfill his whole duty to the patient until his dual function is appreciated and the service which he is so eminently qualified to perform are promptly applied. It must be understood that personal health is just as much a public health duty as to public health doctors, engineers, and research laboratory workers. And personal health means first, the prevention of disease or its early discovery and second, the cure of an existing illness.

"Until the physician is regarded as a conservator of personal health as well as an agricultural combat disease, many of the coveries and advanced knowledge in medical science will fail to be rendered full and effective service."

**OIL IS AT YOUR SERVICE**

In all producing states, schools are substantially supported by oil industry taxes.

Synthetic fabrics are made from petroleum hydrocarbons.

Detergents and a hundred other uses of daily use are derived from petroleum hydrocarbons.

Oil and natural gas supply power for industries.

Petroleum fuels the machines of national defense.

Cars burn gasoline, use tires of synthetic rubber.

Homes are heated by oil or gas-burning furnaces.

Natural gas is the fuel for millions of kitchen stoves.

Printing inks, paints and plastics are petroleum derivatives.

The products of the petroleum industry are literally everywhere. Every hour of the day, oil or natural gas serves you and virtually every other American. Oil is indispensable to our way of life; it makes the United States a better, safer country to live in.

You may wake in the morning in a room warmed by a furnace burning fuel oil or natural gas.

You drive to work, and your car burns gasoline, uses petroleum oils and greases for lubricants, rolls on tires of synthetic rubber which had their beginning in an oil refinery.

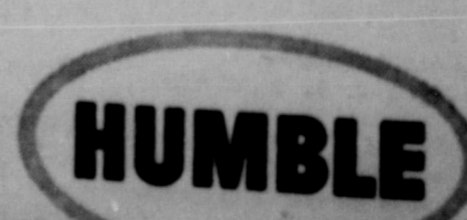

The plant where you work may depend on oil or natural gas as the source of its power. The oil and gas industry supplies 65% of the nation's energy requirements.

Meanwhile, if you live in Texas, your children are attending schools to the support of which the oil industry pays heavy production and ad valorem taxes. And your U. S. Army, Navy and Air Force plan the national defense with confidence that the oil industry has developed the proven reserves that can fuel their machines of war. Oil also supplies munitions—TNT for instance.

Finally, the lady of the house may prepare dinner on a stove fueled with natural gas, and you may go to bed in pajamas laundered with a petroleum detergent, after reading a newspaper printed with ink made from oil, in a room decorated with a paint manufactured from petroleum.

... And that's only a beginning. The products of the petroleum industry, oil and natural gas, head the list of our most useful resources. A progressive, competitive oil industry, encouraged in the future as in the past, will undertake the further development that will keep them there.
