

**VILLAGE**

**GOSSIP (More or Less)**

Joe O'Rear was awarded \$30 in merchandise certificates at the regular Appreciation Day activity in McLean last Saturday afternoon.

Members of the First Baptist Church were reminded this week that Sunday morning services will begin 15 minutes earlier next Sunday only, with Sunday School at 9:45 and worship service at 10:45.

Time for the evening services has been changed to 8 o'clock for the summer months.

The picture memory team of the McLean Elementary School placed first in the District 3-A Interscholastic League literary events held Saturday at Lefors.

Members of the team were Carla Crisp, Karen Day, Carol Payne, Janice Page, Marilyn McHroy, and Linda Gull.

In other contests, Don Dorsey of McLean finished in third place in the boys declamation contest; and Patsy Rhoden of McLean was fourth in the girls declamation contest.

The track team of McLean High School, under the tutelage of Coaches Hap Rogers and Clint Williams, is entering two track meets this week.

About eight boys are on the team which will participate in the Clarion track meet Wednesday. The team will enter the Amarillo track meet scheduled for Saturday.

Rev. Marvin G. Brotherton, 66-year-old retired Methodist minister, died at his home in Matador Monday morning. He was an uncle of Mrs. Claud Zevely of McLean.

Funeral services were held Wednesday afternoon at the Matador Methodist Church.

The minister had served circuits at Canyon, Floydada, Vernon, and Shamrock, and pastored at Kirkland, McCauley, Silverton, Quitaque, Matador, Rotan, and Texoma, Okla.

Keith Howell of Lefors underwent emergency surgery Monday in Highland General Hospital in Pampa. He is reported as doing fine.

The first thunder in a number of months was heard in McLean early Wednesday morning as a light shower fell in the area. The amount was not sufficient to be measured on the official weather gauge of Pete Fulbright.

Skies were cloudy throughout Wednesday morning, and thunder showers were forecast for the afternoon and night.

**'PIGTAIL' STRIPS**

Hope Skillman's "pigtail" striped cotton makes a chic sundress for the vacationer. Designed by Alex Coleman, the dress combines comfort with good looks. The eye-catching striped cotton has a square neckline with wide shoulder straps.

China's great wall is 1,500 miles long.

**LOCAL AND HOME NEWS**

Vol. 52.

McLean, Gray County, Texas, Thursday, April 7, 1955.

No. 14.

**MEADOR AND CALLAHAN WIN COUNCIL POSTS**

C. P. Callahan and Boyd Meador were chosen as aldermen, and C. G. Nicholson as city marshal, in the only two contested races in the annual city election for McLean Tuesday.

The vote was fairly heavy, with 171 people going to the polls.

In the aldermen's race, Callahan led the ticket with 120 votes. Meador polled 110, and Ruel Smith received 80. Callahan and Smith were seeking re-election to the two posts up for election this year.

In the marshal's race, Nicholson won by a sizeable majority, getting 137 votes to 32 for his opponent, Luke Armstrong. Nicholson will now serve a full two-year term (he has been filling out the unexpired term of the late J. A. Sparks).

E. J. Lander, unopposed for mayor, received 152 votes; and D. A. Davis, unopposed for city secretary, received 148 votes. Both were seeking re-election.

**FARLEY TO BE SPEAKER FOR FATHERS, SONS**

Cal Farley, founder and manager of the world-famous Boys Ranch near Amarillo, will be the principal speaker at the second annual Father-Son banquet sponsored by the McLean Lions Club Friday night.

The banquet will start at 7:30 o'clock in the American Legion Hall, and between 200 and 300 people are expected to be present.

A beef has been donated by J. L. Hess and Farris Hess for the banquet. The beef will be barbecued, and there will be plenty for everybody. Amos Page, chairman of the committee in charge, said.

Tickets for the affair have been on sale for the past ten days, and the response so far has been excellent, Page said. Tickets are \$1.50 per person.

"We hope that all men, regardless of whether they have sons or not, will be present," Page said. "If some of you men do not have sons, but wish to take a boy who might not otherwise get to go, please contact either me or J. W. Meacham, president of the club. We have a list of boys who want to attend, but may not get to do so unless they are guests of some men."

**FIRE!**

Fire of an undetermined origin badly damaged the interior of the home of Mr. and Mrs. C. R. Guyton in McLean last night. The fire was discovered at about 8:30 o'clock.

Neither Mr. nor Mrs. Guyton was at home when the fire started.

The blaze apparently got underway in a closet in the back bedroom of the home. Firemen arrived in time to keep the blaze from spreading throughout the house. However, the smoke and heat did a great deal of damage throughout the house; the back bedroom was thoroughly gutted.

**HICKMAN BROWN**  
Lions president-elect

**BROWN NAMED NEW PRESIDENT OF LIONS CLUB**

Hickman Brown, first vice president of the McLean Lions Club since July 1 of last year, was named as president-elect at the regular Tuesday noon meeting of the club.

Brown, along with other new officers, will take office July 1. He will succeed J. W. Meacham, present president.

Other officers named were George Saunders, first vice president; Amos Page, second vice president; Larry Fuller, third vice president; J. C. Claborn, secretary; Freeman Melton Jr., treasurer; Elmo Whaley, treasurer; Vernon Gibson and Clyde Andrews, directors with terms of two years each; and Jimmy Payne, director with a term of one year.

Lions also balloted on their choice for "Lion of the Year." The winner of this honor will not be announced until the installation of officers late in June.

Don Bromme was installed as the club Lion for the month of April. Buddy Sutton was announced as a new member of the club.

**DEATH CLAIMS STUBBLEFIELD, AREA PIONEER**

Joseph Melville Stubblefield, pioneer merchant of the Panhandle and known to many residents of the local area, died Thursday of last week at his home south of Amarillo. He was the father of R. Earl Stubblefield, local merchant.

Stubblefield, who had been engaged in the mercantile business for 50 years prior to his retirement, was 95 years of age. He had operated stores in a number of towns in the Panhandle during his years of active business management.

He was born in Dallas County February 4, 1860. His father was a pioneer physician who practiced in Dallas County from before the Civil War until the late 1880's. Stubblefield was united in marriage to Miss Dora Harrell July 19, 1892, in Foard County.

In 1919, the Stubblefield family moved to Groom, and he had made his home there until about ten years ago when he moved to Amarillo. He was a member of the Polk Street Methodist Church. (Continued on back page)

**VOTERS ELECT MEACHAM AND CLYDE BROWN**

Clyde Brown and J. W. Meacham were re-elected to the board of the McLean Independent School District in the annual election held Saturday in McLean.

Brown received 147 votes and Meacham 143. The third man in the race for the two spots on the board, Neville Beck, received 40 votes. A total of 166 votes was cast; the voting was heavier than had been expected in view of the small interest which was shown prior to the election.

At Alameed, three members to the board were elected, two of them being re-elected. All votes were via the write-in route. Re-elected were Robert Bruce with 34 votes, and Clyde Patterson with 30. A new member of the board will be J. R. Grogan, who got 23 votes; Grogan will replace J. L. Shields, who was fourth in the race with 18. Others receiving votes were Leonard Glass, 14 votes; A. H. Moreman, 8; and Laverne Goldston, one.

In Lefors, W. C. Maples and E. A. Bryant each received all of the 28 votes cast. There were no other candidates. Bryant replaces Maurice Upham, who had declined to run again.

D. C. McCarty was re-elected unopposed to the lone vacancy at Hopkins. He received all of the 15 votes cast.

Frank Babcock and Eugene Weinheimer were re-elected to another term on the Grandview board. Twenty-three votes were cast, with Babcock getting 13 and Weinheimer 12. Following closely behind were Keith Davis with 11 and Paul Bowers with 10.

In Pampa, E. L. Green Jr. and Frank Smith were re-elected to the board. Green got 366 votes and Smith 364. The third man in the race, H. B. Ladyman, polled 27 votes.

**BIRTHDAYS**

April 10—Mrs. C. O. Goodman, Cleo Heasley, Mrs. B. E. Glass, B. T. Watt, Mrs. Charles Williams, J. E. Smith, Mrs. C. B. Lee Jr., Jerry Bybee.

April 11—Mrs. Rosa B. Lee, Jesse David Pool, Joyce Ann West, Mrs. W. T. Eldridge.

April 12—Martha Ann Beasley, April 13—John Dickinson, Larry Gibson, Lester Dysart.

April 14—Mrs. Granville Boyd, Janice Graham.

April 15—Mrs. Pearl Johnson, E. L. Sitter, John McClellan.

April 16—Adella Vineyard, Ted Glass, Millard Windom.

**Classes Dismissed At Schools Monday—Easter Holiday**

Classes in the McLean public schools will be dismissed all day Monday for the Easter holiday. Superintendent Freeman Melton Jr. has announced.

The one-day holiday is being held on Monday to allow students to accompany their parents on Easter trips. Many oil companies allow Monday off, it was explained, and by dismissing school for that day, Easter trips may be made.

Exams for the second six-weeks period are being given this week at the high school, Principal Jimmy Payne said.

Friday morning at 9:35 o'clock, the junior class will present an assembly program with an Easter theme. The public is invited to the assembly.

**New Well on Tibbets Place Pumps About 460 Gallons**

**SCHOOL STAFF RE-EMPLOYED FOR NEXT YEAR**

All members of the staff of the McLean public schools have been re-elected by the board of the McLean Independent School District, Superintendent Freeman Melton Jr. said this week.

As far as is now known, Melton explained, all the staff plans to return for another year, except for one teacher. Miss Billie Brown has declined another year's contract since she is going to have to undergo health treatments this summer and fall, the administrator said.

Melton, High School Principal Jimmy Payne, Elementary School Principal Claud Zevely, and Coaches Hap Rogers and Clint Williams were re-employed earlier in the year.

Teachers who have been offered another year's contract, and the subjects which each is teaching this year, are as follows:

Mrs. L. F. Hauck, first grade; Mrs. Claud Zevely, second and third grades; Mrs. Sinclair Armstrong, second grade; Miss Leona Forbes, third grade; Miss Gussie Bledsoe, fourth grade; Mrs. D. H. Priest, fifth grade; Mrs. Luke Armstrong, fifth grade; Joe B. Taylor, social studies for sixth, seventh and eighth grades; Mrs. Catherine Weaver, science and health for sixth, seventh, and eighth grades; Mrs. Jimmy Payne, math for sixth, seventh, and eighth grades.

In high school: Mrs. June Story, science and health; Miss Betty Lynch, commercial subjects; Mrs. Betty Allsup, junior and senior English, and librarian; Mrs. J. D. Coleman, homemaking; Harold LUNCH, math and chemistry; Vernon Gibson, vocational agriculture; Hap Rogers, history and physical education; Clinton Williams, drivers' education and physical education; and Joe Coleman, band, chorus, and public school music.

**PCA MEETING AT CANADIAN**

The annual membership meeting of the Canadian Valley Production Credit Association will be held in Canadian at the city auditorium Saturday, April 9, Secretary-Manager Erbin Crowell has announced.

Plans are being made to entertain more than 400 PCA stockholders and members of their families and guests at the all-day session.

Entertainment will include a steak fry at the noon hour, and the appearance of Larry Kelley, youthful Amarillo pantomime artist.

The meeting opens at 10 o'clock in the morning. On the program, in addition to the annual business meeting and election of officers and directors, will be talks on "Social Security Laws and the Effect on Farmers and Ranchers," to be made by a member of the Amarillo district social security office; and "Why You Should Make a Will," by Hemp-hill County Attorney William J. Jackson.

Two directors are to be elected. Board members whose terms are expiring are H. H. Kenney of White Deer and Hugh Parsell of Canadian. Other members of the board are Wallace Hamker of Booker, Marion Smith of Canadian, and Ernest Henderson of Twitty.

Mr. and Mrs. Fred Westfall spent the week-end with Mr. and Mrs. Ted Pardue and family in Borger.

Mr. and Mrs. John Bayless and son of Borger spent the week-end with her parents, Mr. and Mrs. Homer Abbott.

**JIMMY FARREN**, son of Mr. and Mrs. Archie Farren of Keller-ville, has accepted a basketball scholarship with West Texas State College at Canyon. Jimmy was a regular end on the McLean High School bi-district champion football team last fall, and was center for the Tigers district champion basketball team. He has been a regular on the cage team for the past three years.

**C. S. LOWARY DIES; FUNERAL IN WHITE DEER**

Charles Samuel Lowary of Groom, father of Custer Lowary of McLean, died early last Thursday morning in Highland General Hospital in Pampa. He had been in ill health for a number of months and critically ill for several weeks. He was 70 years of age.

Funeral services were held Saturday afternoon in the White Deer Presbyterian Church, of which he was a member. Interment was in the White Deer cemetery.

Lowary was born July 21, 1885, in Kings City, Mo. He had lived in Groom for the past four years, having moved there from White Deer since 1925, and had been in the gasoline transport business.

Survivors include his wife, Mrs. Lula Lowary of Groom; one son, Custer of McLean; two daughters, Mrs. Johnny Rapstein of White Deer and Miss Esco Lowary of Pampa; two brothers, Blaine and Nain, both of El Centro, Calif.; one sister, Mrs. Rube Samuels of Los Angeles, Calif.; three grandchildren, and two great-grandchildren.

**Lions Queen—**

**GENIE HAVENS IS WINNER**

Miss Genie Havens, daughter of Mr. and Mrs. A. C. Havens, was named as winner of the annual McLean Lions Club queen's contest held last Thursday night in the high school auditorium. She was sponsored by the McLean chapter of Future Farmers of America.

Finishing second to Miss Havens was Miss Charlene Hall, daughter of Mr. and Mrs. Chas. Hall. Miss Hall's sponsor was The Children's Shop.

The two girls were presented with gifts—each receiving luggage and the winner a spray of roses. Miss Havens will also receive an expense-paid trip to Lubbock April 24, 25, and 26, where she will compete with representatives of other towns in the District 2T-1 queen's contest at the annual Lions convention.

Bob McCollum, member of the local Lions Club, served as master of ceremonies from the club, and Charlie Vineyard was master of ceremonies to introduce the girls. Voting was done by those attending the contest. While the votes were being counted, a musical program was presented under

**MAY BE BEST YET DRILLED IN LOCAL AREA**

What is believed may be the best irrigation well to date in the McLean area was put under pump on the O. L. Tibbets place immediately south of town last week-end.

The well was pumping a five-inch pipe full. Hershel McCarty, driller of the well, told Tibbets he believes the well is pumping about 460 gallons per minute, although no test had been run on it early this week.

Total depth of the hole is 146 1/2 feet, with the pipe set at 140 feet. Early indications were that water was up 85 feet in the pipe.

Tibbets and his son-in-law, L. F. Giesler, plan to irrigate approximately 55 acres with the well, if it continues as it is now pumping. If this acreage proves too much, it will be cut down, they explained.

The well is still pumping a considerable amount of sand, and it will be several days before this clears up completely. It now clears up in about three hours, and the pumping is discontinued for a time and then resumed to get more of the sand cleaned out.

If the well continues at its present rate, it will top the one on the Frank Howard place. Howard's well is now testing at about 433 gallons per minute and has been the best producer in the local area.

At Home—

**NEW BOSS**

Mr. and Mrs. Walter (Tuffy) Sargent are the parents of a girl born April 5 in the Groom hospital. She weighed 6 pounds, 2 ounces, and has been named De Anne. Grandparents are Mr. and Mrs. Leslie Quarles of McLean and Mr. and Mrs. C. E. Sargent of Dumas.

**Easter Services at Churches Sunday**

Practically all churches will observe Easter Sunday services with special music and other services along the Easter theme.

The McLean Methodist Church choir will present its annual Easter cantata Sunday evening under the direction of Bill Day. The cantata is entitled "Christ Crucified," and will begin at 7:30 o'clock. At the morning service at 10:55 o'clock, Rev. Marvin Fisher, pastor, will deliver his sermon on "He Is Risen and Gone Before You." A service of Christian baptism and dedication will be offered to those desiring to dedicate their small

children and infants, the pastor said.

The First Baptist Church has just concluded a revival which was conducted by Dr. C. G. Sewell, vice president of Wayland College of Plainview. The series of sermons was completed last Sunday. Dr. Buell Wells, pastor, will leave Sunday morning following services for Kentucky to conduct a revival. His son, Morris Wells, will conduct the services Sunday night.

A series of messages is being ended tonight at the First Presbyterian Church with a candle light communion under the di-

rection of the pastor, Rev. J. Edwin Kerr. Rev. Ronald Hubbard of Pampa delivered sermons the first three nights of this week. Special services will be held Sunday.

At the Pentecostal Holiness Church, a revival meeting will open Sunday night, Rev. Archie Cooper, pastor, has announced. Conducting the meeting will be Mrs. Nolan Hicks, who received her ministerial license two years ago. She will be accompanied by her husband, who will lead the song services. Services will begin each evening at 7:30 o'clock, the pastor explained.

### "Fancy Dressing" Bows to Skill In Senator's Favorite Selection

Fort Worth— "As all good cooks know, beef does not need camouflaging," says United States Senator Price Daniel, "but all the skill of good cooking should be brought to bear on retaining its good flavor and natural juices."

Now is an especially good time to try Mrs. Daniel's recipe, according to the Texas Beef Council, because cattle that have been fed on corn and other grain during the winter start to market in large numbers during March. Characteristics of the young, carefully fed beef cattle are juiciness, tenderness and flavor.

For six generous servings, select a five to six pound beef roast, rub it with salt and pepper, and slit it in eight places. Quarter two cloves of garlic and insert them in the slits.

Dredge the roast in flour and wrap it in foil, air tight to prevent shrinkage and insure that the natural juices stay inside.

Roast the beef in a constant 325° oven until the desired degree of doneness is reached.

"We like ours well done," Mrs. Daniel says, "so I cook it 30 minutes per pound." However, rare roast beef requires only 18 to 20 minutes per pound and medium doneness can be obtained by roasting it 22 to 25 minutes per pound.

"For added crispness which my family likes, I remove the foil and brown the roast 30 minutes before serving," she concludes.

### CHURCH CALENDAR

(Churches of this area are invited to run their activity calendars weekly in this column.)

#### McLean Methodist Church

The McLean Methodist Church will present a cantata entitled "Christ Crucified" Easter Sunday evening at 7:30 o'clock. An invitation is extended to members, visitors, and friends of the church. We are expecting a great day Sunday in worship of the Risen Lord. The morning message will be given by the pastor and will be entitled "He Is Risen and Gone Before You." A service of Christian baptism and dedication is offered to those desiring to dedicate their small children and infants.

#### TASTY ORANGE SAUCE

Fruits provide the flavor for many of the most delicious dessert sauces. A delightful fruit sauce can dress up an ordinary everyday dessert and make it a dish worthy of special occasions. This orange sauce adds both eye appeal and taste appeal to such dishes as gingerbread, cake, or cottage pudding.

1/3 cup sugar  
1-1/2 tablespoons cornstarch  
1/4 teaspoon salt  
1/2 cup hot water  
1/2 cup fresh orange juice  
2 tablespoons fresh lemon juice  
1 egg yolk  
1/2 teaspoon grated orange rind  
1/2 teaspoon grated lemon rind  
2 tablespoons margarine

Combine sugar, cornstarch, and salt in a small saucepan. Stir in hot water and cook until thickened, stirring constantly. Mix the fruit juices with egg yolk and blend with cooked mixture. Cook until slightly thickened, stirring constantly. Stir in grated orange and lemon rind and margarine. Serve over squares of gingerbread, cake, or cottage pudding and garnish with orange sections. This yields one and one-half cups.

# Personal

Mr. and Mrs. N. A. Greer spent a few days last week visiting with relatives in Hereford, Littlefield, Olton, and Muleshoe.

Mr. and Mrs. Ezra Morris of Phillips attended the Rainbow Girls meeting in McLean Monday night.

### 40 Years Ago— IT HAPPENED HERE

#### City Election Is Quiet

The city election, held last Tuesday, was a very quiet affair and the interest manifested was mild, indeed, there being less than 30 votes cast. The former officers were re-elected with the exception of W. T. Wilson as councilman, his place being taken by Mont Noel. The result of the election is as follows: mayor, J. T. Foster; marshal, T. W. Henry; aldermen, D. B. Veatch, T. A. Cooke, J. M. Noel, S. H. Bundy, and W. C. Cheney.

#### Married

L. B. Potter of Odessa and Mrs. Ivey Bradley of McLean were married Tuesday at the Clemrock Hotel by Rev. Kimball Kent Clark, pastor of the First Congregational Church.

Immediately after the ceremony, they left for a brief sojourn in San Antonio. They will make their home in Odessa.—Amarillo Daily News.

Mrs. Potter is the daughter of Mr. and Mrs. J. F. Everett and

has made her home here with her parents for the past year. She has many friends in McLean and vicinity who wish her many happy and prosperous years.

#### Perry-Bird

Mr. L. D. Perry of Clarendon and Miss Millie Bird of this city were united in marriage at the home of the bride's parents on Easter Sunday at 3:30 p. m., the ceremony being performed by Rev. J. W. Bird of Fort Worth, an uncle of the bride. Only the relatives and a few immediate friends were present.

Mrs. Perry is the oldest daughter of Mr. and Mrs. J. R. G. Bird and has made her home with her parents here for a number of years, and has won for herself a large circle of friends.

To this young couple the News joins friends in extending hearty congratulations.

#### Reception at Watkins Home

One of the most elaborate events of the spring season was the reception given by the ladies of the Mothers Club on Monday evening at the beautiful home of Mr. and Mrs. C. A. Watkins, complimentary to Prof. and Mrs. L. H. Potts, who will leave this week for Austin. So perfectly had all arrangements been made that the honorees were completely surprised when friends began to arrive at about 8:30 o'clock.

A musical program was the chief feature of amusement. Those responding were Misses McCurdy, Mabel and Leona Watkins, and Mrs. Boyett at the piano. Miss Herrise Kendrick of Amarillo gave several violin numbers, and Mr. Richardson sang "The Sea Is My Sweetheart." Messrs. Jim Manire, Dick Cooke, and Vester Cooke, with their violin, guitar, and mandolin, furnished the real treat of the evening, willingly playing any number called for by the guests. Several tables of 42 were arranged for the pleasure of those who enjoy this fascinating game. A profusion of lilies, geraniums, and other pot plants lent an exquisite charm to the reception rooms.

Pink and white ice cream and various kinds of delicious cake were served to the following guests: Messrs. and Mesdames Potts, W. R. Patterson, C. E. Donnell, W. H. Holt, S. E. Boyett, R. E. Dorsey, George Weaver, S. B. Fast, and A. G. Richardson; Mesdames LeFors, Weaver, S. B. Fast, and A. G. Crabtree, Morse, and Langley; Misses Kendricks, Alma, Mabel, and Leona Watkins; Messrs. Dick Cooke, Jim Manire, Vester Cooke, and Everett Watkins.

A. J. Lacey and R. E. Brewer of Frederick, Okla., were here on business Tuesday of last week.

### From Nazareth—

## MISSIONARY WORK

(Editor's Note: Here is another letter from Rev. Herman Petty, who is doing missionary work in Nazareth, Israel. Rev. Petty is the son of Mr. and Mrs. Luther Petty of McLean, and formerly made his home here.)

Box 20  
Nazareth, Israel  
March 8, 1955

Dear Friends in Christ:

We are grateful for the way God is answering prayer in Nazareth today. Some time ago the members of our church became burdened for a revival and began praying for this revival to come. Groups tarried after church to pray and began meeting in homes and in the school for special prayer. We are so happy that God is ready to bless when His people are ready to receive it. Souls began being saved and the church is becoming packed. Almost every time a service is held several respond to the invitation. One boy heard the church bell ring and left the coffee house where he had been gambling to attend the service. That night he met the friend he had been searching for and responded to His invitation.

However, most of our converts are reached after a long period of teaching and training. Such is the case of Riad. He came to our school as a new student in class eleven this year—a Greek Catholic. Realizing that Christ was proclaimed in our school in a new and living way, he began to desire to know him. He came to Herman and asked if he would help him to understand the Bible better. A weekly date was set for additional Bible study and the first lesson began that day. How eager he was to search the scriptures and how we prayed that God would reveal Himself to this seeking soul. In a few weeks Herman came home from the study beaming, telling of Riad's wonderful experience of Grace. So happy was he in his new found faith that he asked to give his testimony in chapel in front of all the students. He desires now to follow the Lord in baptism and feels the Lord may be calling him to preach.

Another outstanding answer to prayer came during a prayer meeting after a Sunday night service. Those who were interested in praying for a revival and in seeking God's will for their lives were asked to stay for prayer. A large group remained and among them was one of our most talented teachers, who had not openly professed Christ as Savior. Friends had been praying that all her charm and talents would be dedicated to her Creator. As we saw her tarry we prayed more earnestly that the decision would be made. Christians prayed, sang, and con-

tinued to pray again as the Spirit of God moved in our midst. Then another voice began, thanking the Lord that He has bidden us all to come. Yes, this precious soul was coming to her Savior, praying for salvation, and confessing I'm before men. How our hearts sang for joy and we know the bells of heaven must have been ringing, too.

We want to take this opportunity to express our appreciation to you for your many cards and letters during the Christmas season. They certainly make home seem much closer and encourage us in our work. We wish each one of you could pay us a visit here in Nazareth and see our work and meet our friends here.

David and Ann are well and happy in our adopted land. They can speak Arabic and get along like a "Sabri." They have plenty of playmates, too, since we live just across the street from the George W. Truett Home. However, the new home is under construction now at Petah Tekva and the children will be moved in the summer. Though we will miss them, I am sure they will be happy in their new home on the farm.

Ann is not quite sure what country she is from or really what a country is. The other day when David asked her if she

## No other low-priced car even comes close to matching these important Chevrolet advantages...

If you're planning to buy a new car, the one you just can't afford to miss seeing is Chevrolet—for 19 straight years America's best-selling car. The Motorama Chevrolet offers you so much more than the other low-priced cars that it's hardly fair to compare them. And even the high-priced cars don't have all the advantages that today's Chevrolet offers you.

The beauty's built in—not bolted on! Chevrolet's beauty is inherent in the basic contours of metal and glass. There's no excessive bolted-on ornamentation to go out of style overnight.

The Body's by Fisher! You see Body by Fisher on lots of the high-priced cars—and only Chevrolet has it in the low-price field!

Today's most modern engines! That goes for Chevrolet's new V8 and two new sixes as well. All bring you a modern 12-volt electrical system—double the voltage of other low-priced cars. Then Chevrolet's new "Turbo-Fire V8" has the shortest piston stroke in the industry!

A drive to suit your driving! There's silky, peppery Powerglide (even

better this year!), new Overdrive (both extra-cost options), and a new Synchromesh transmission that's as smooth as they come.

All the power helpers you want! Windows, seat, steering, brakes—all are available with built-in "muscles" to make driving as effortless as you wish. They're optional at extra-cost—and worth it!

Come take the key! There have never been so many good reasons why you should drive a Chevrolet!

Over Ten Million Chevrolet owners—Two Million more than any other car!

FORECASTING

AS LONG AS civilization has existed, men have attempted to forecast the future. Palmists and crystal ball readers and other such performers have plied their arts for centuries, and are still doing it.

In this complex modern era, a very different category of forecasting has been developed and it has flourished like the green bay tree. It is based on the principle of using more or less proven methods and data to anticipate what will happen in the business and economic sphere in months or years to come.

The Chamber of Commerce of the United States has published a booklet on the subject. Designed primarily to help business executives make their own economic forecast, it lists the major techniques in general use. It also explains some of the pitfalls, and tells where past forecasts have gone wrong and why.

The chamber's booklet lists six current types of economic and business forecasting. Here is a brief note on each one: Economic Models. These are mathematical analyses of past relationships, such as sales and national income, from which predictions may be made.

Sector Analysis. The economy is divided into key sectors—inventories, foreign trade construction, agriculture, etc. Each is analyzed and a summary made to get the outlook as a whole.

Money and Credit. These forecasts are based on the idea that major recessions have occurred here only after a decline in the money supply.

Barometers or Signals. Indicators such as new incorporations, stock prices, hours worked, and others are considered as signals of turning points, either up or down.

Simple Trend Projection. The forecaster plots production, shipments or sales over the past few years and from them projects next year's trend. One catch is that sometimes trends are extremely difficult to recognize.

Appraising Expectations. The forecaster takes into account the opinions of executives, salesmen, consumers and others. Obviously, in the course of doing this he may be exposed to guesswork and hunches.

Any kind of forecasting, the booklet observes, is more of an art than a science. It believes that the words "watch out for surprises" should be written across the pages of every forecast. That seems to be excellent advice.

Mr. and Mrs. W. W. Shadid and family and Mr. and Mrs. Bud Gray and son of Abilene, and Mr. and Mrs. H. W. Brooks of White Deer spent the week-end here with Mr. and Mrs. Jack Brooks.

Cathy Hughes of Amarillo, and Mr. and Mrs. Jack Blaylock and children of Pampa visited with Mr. and Mrs. Jim Stevens and other relatives Sunday.

Mr. and Mrs. Ray McCabe, Mr. and Mrs. R. B. Jones, and

Mr. and Mrs. Raymond Dalton and son of Skellytown spent the week-end with Mrs. Betty Dalton and other relatives.

### A Cake of Company Elegance

Apple Sauce Filled Spice Cake

**YOU'LL HAVE FUN** making this cake. It turns out high and prideful, rich and handsome—a cake of company elegance. Even if you never baked a cake before in your life, you can make this one and have it a delight to serve . . . to guests any time . . . to the family whenever the mood strikes you.

Item one—the spice cake itself is a packaged cake-mix. No problem there. Item two—that deep and luscious filling is canned apple sauce which you can buy in any grocery store. The apple sauce lends a delicate moistness and keeping quality to the cake as well as that good apple flavor. Item three—the frosting is a simple brown sugar froth knifed on in thick swirls. Result—a real stand-up beauty of a cake that's downright delectable eating.

#### APPLE SAUCE FILLED SPICE CAKE

- 1 pkg. spice cake mix
- 1 cup canned apple sauce
- 1 teaspoon grated lemon rind
- 1 tablespoon lemon juice
- 2 tablespoons cornstarch
- \* Brown Sugar Frosting

Bake spice cake according to directions on package. Cool layers. Combine apple sauce, lemon rind and juice. Soften cornstarch in a little cold water; add to apple sauce. Cook until thickened, stirring constantly. Cool; spread between layers. Frost top and sides of cake with frosting.

#### \* BROWN SUGAR FROSTING

- 1½ cups firmly packed brown sugar
- ¾ cup water
- 2 egg whites
- Few grains salt
- 1 teaspoon vanilla extract

Boil together sugar and water to 240° F. (or when small quantity dropped in cold water forms semi-firm ball). Beat egg whites stiff; gradually add syrup, beating constantly, until frosting holds shape. Add salt and vanilla extract.

### Safe Housekeeping May Mean Better Health for Family

"Environmental sanitation is the public health term for clean, safe housekeeping, whether it applies to a private home and its surroundings or to towns and cities. Among other things, it insures safe drinking water, proper garbage and sewage disposal, the safe service of wholesome food including milk, rat and insect control, and general cleanliness of the premises. However, for environmental sanitation to be effective, it is essential that not only public health officials but the citizens living in their respective homes or operating es-

tablishments serving the public cooperate wholeheartedly," declared Dr. Henry A. Holle, state health officer.

"Consider, for example, the seasonal house fly hazard. It has been determined that 120 eggs are laid by a single female at one time and that a generation is produced every ten days at summer temperatures. Thus, the possibility of reproduction during the warm months of a single fly runs into many millions. While the house fly does not bite, it is dangerous because it breeds and feeds upon both filth and food.

"Again, rats are the source of several diseases of man, including plague, typhus fever, infectious jaundice, and trichinosis, to mention some of the more important ones. Homes can be made

comparatively rat-proof by removing rubbish and garbage accumulations, and by closing avenues of access. Approved poisons and traps should be employed when a real problem presents itself.

"Removal of containers of stagnant water such as tin cans and barrels will do much to eliminate the mosquito for householders. The householder needs to devote more seasonal attention to mosquito eradication than he is today if this is to be properly controlled.

"In general, good and thorough housekeeping, inside and out, is the personal and civic duty of every home dweller. It not only adds to the pleasure of living and removes disease hazards, but increases the appearance of one's surroundings."

### Junior Music Club Meeting Is Held In Boyett Studio

The Junior Music Club met Friday afternoon, April 1, in Mrs. Willie Boyett's studio.

Marilyn Williams, Judy Glass, and Bobbie Jean Turner gave their repertoires of six selections each.

Roll call was answered with the number of hours practice and accomplishments for the month of March, and each named three composers.

Ruth Pakan, Judy Glass, Bobbie Jean Turner, Marilyn Williams, Betty Ruth Dilbeck, and Mary Ann Carter made the "A" honor roll. Those making the "A—" honor roll were Linda Guill, Douglas Crockett, Alta June Watson, Belva Patterson, Christa

Rodgers, Martina Giesler, Karen Day, Janice Page, and Margie Railsback.

Karen Day gave a talk on "The Harp," and Ruth Pakan played an accordion solo, accompanied at the piano by Dorothy Pakan. Each member played a piano solo.

Delicious refreshments were served by the hostesses, Mesdames Carter, Williams, Glass, and Turner, to 23 members and 31 guests.

Pat Shelton of WTSC, Canyon, spent her week-end with her parents, Mr. and Mrs. Jimmy Shelton.

Misses Edna Wood and Ivy Dea Hinkle of Dumas, and Amy Hinkle of Muncie, Ind., spent the week-end visiting with Mr. and Mrs. Lawrence Watson and family.

### County Agent Says—SOIL ANALYSIS IMPORTANT

To get full value for the dollars spent for fertilizer, County Agent Ralph Thomas thinks that every farmer should have a soil analysis made.

Analyses of most of the soils in the McLean area have shown the need for nitrogen and phosphorus, but all have been high in potash. Exceptions to this were found on the railroad land, farmed by Leamon Andrews, and fields that had been deep broken on the Harris King farm, according to Thomas. Analysis of soil taken from these fields showed that there was enough phosphorus for growing cotton and grain sorghums, and according to the recommendation of Extension Agricultural Chemist M. K. Thornton, only nitrogen fertilizer need be used.

Thomas pointed out that the cost of actual nitrogen in ammonium nitrate is less than 14 cents per pound, while the cost of nitrogen in 16-20-0 is about 30 cents per pound. If phosphorus is not needed he does not see any use of buying the 20 pounds of phosphorus in the 16-20-0 to get the 16 pounds of needed nitrogen.

On land where only nitrogen is needed, farmers can cut their fertilizer costs by more than one-half by using the high analysis nitrogen fertilizer rather than the mixed fertilizer, Thomas continued. "This is a big return on the dollar plus a few cents postage a farmer spends to have the analysis made by the

Extension Service Soil Testing Laboratory." Thomas says that he will be happy to assist farmers in taking the samples for analysis.

Back in the thirties, farmers started using a complete fertilizer, but analysis of some of the soils showed a high potash content and since that time most farmers have changed to fertilizer with only nitrogen and phosphorus, with good results. Thomas thinks that this is the correct fertilizer for most soils in the area, but since there are exceptions, he advises that soil be tested to make sure.

Mr. and Mrs. C. A. Myatt made a business trip to Shamrock Saturday.

Mrs. Elton Johnston spent last week in Brownfield visiting with Mr. and Mrs. Elton Johnston Jr.

Visitors in the Jim Wheeler home Sunday were Mr. and Mrs. Foster Burgin and children and Fred Burgin of Groom.

Mr. and Mrs. J. E. Moore visited with relatives in Cordell, Okla., Monday.

Roy Powell of Springer, N. M., spent the week-end with his mother, Mrs. Maud Powell.

Mrs. Frank Rodgers and daughter Christa Carol were in Pampa Saturday on business.

LEONA BENDER, popular radio star of K TSA says, "Every woman knows light Karo is best for cooking . . . and on the table . . ."

it's Karo for me, the best-tasting waffle syrup of 'em all"

Yes, indeed . . . biscuits go like hot cakes when you pour on plenty of delicious Karo waffle syrup. There's nothing like it for good eating. Satisfyin' flavor. So rich it stands right up on top of biscuits (keeps 'em light and fluffy). Keep Karo on your table morning, noon and night . . . it tops anything!

Ask your grocer for Karo waffle syrup, in pints and quarts

LES TALK By LESTER

Keep your words soft and sweet, 'cause you never know when you'll have to eat them.

Two women met on a street after a long absence. Said the first, "Gracious, Dorothy, I haven't seen you for seven years. You certainly look a lot older."

"You, too, Eleanor, dear. I would not have recognized you except for the dress and hat."

Tourist: Doesn't it ever rain around here? Native: Oh, yes, it rained two months ago about 15 miles north of here. But I didn't get to go.

A prominent judge once told a young lawyer: "If your case is weak on facts, emphasize the law; if it is weak on law, emphasize the facts; but if it is weak on both—pound the table."

A motorist stopped his car on a country road and asked a native how far it was to Millerstown. The reply was: "It's 24,996 miles the way you're headed, but if you turn around it ain't but four."

A lunatic, after a very good record of sanity, was discharged from an asylum and returned home.

The following morning he decided to shave as every sane man does. He nailed the mirror to the wall, stood before it, lathered his face, then selecting an old-fashioned razor, proceeded to shave. At that moment, the nail slipped and the mirror fell to the floor.

He stood gazing at the blank wall, then remarked bitterly: "Just my luck . . . second day out, and I've cut my d--- head off."

Said the girl to her boy friend: "The man I marry must shine in company, be musical, tell jokes, sing and dance, drop no ashes, and shut up when I want him to."

"Lady, you don't want a husband," replied the young man. "You want a television set."

About the only thing that will

1st Wife: How do you get money out of your husband? 2nd Wife: Oh, I say I'm going back to mother, and he immediately hands me the fare.

Customer: Waiter, what is this you served me? Waiter: That's bean soup, sir. Customer: Never mind what's it been—what is it now?

The cemeteries are filled with people who thought the world couldn't get along without them.

We simply can't get along without your business, and we want you to know that we appreciate it. Remember, you're always welcome at our station.

Chevron Gas Station ODELL MANTOOTH

A Famous American Ship

The BETHEL, which in 1746 captured a 100-gun Spanish frigate, was a typical American merchant vessel of her day.

When not serving as a privateer, this vessel brought rum and other luxuries to the Colonies. Today's American merchant fleet of tankers, colliers, freighters and passenger ships serves an equally important dual role—vital in war as in peace.

I'll tell you what the ice man said to Mamma. "O. K. Here's your dime." "He said, 'Do you want any ice today, lady?'"

Days are like suitcases. By careful arrangement, some people can pack much more into them than others.

Jimmie: Aw, you're afraid to fight me. Tommy: Naw, but if I fight you my Mom will find out and spank me.

Jimmie: How will she find out? Tommy: She will see the doctor going into your house. Many an argument is sound—

FASTEST KNOWN PAIN RELIEF FOR ARTHRITIC, RHEUMATIC VICTIMS—NOW AVAILABLE

Seven "Film-Coated" Ingredients Offer Positive Relief The crippling, torturing, twisting pain of Arthritis and Rheumatism may soon be forgotten, thanks to an exciting new laboratory discovery named Ar-Pan-Ex.

Nothing Like AR-PAN-EX Nothing ever offered before can bring results faster, more effectively or with longer lasting benefits than Ar-Pan-Ex. It may mean a renewed life of usefulness and pleasure to millions.

Ask for genuine Ar-Pan-Ex today at any drug store for the kind of relief no other product can claim to equal. If your druggist is not of it, he will be glad to order it for you.

AVALON NO SHOW ON TUESDAY

Thursday: In CinemaScope Ginger Rogers, Van Heflin, Gene Tierney, George Raft "Black Widow" In Color

Friday, Saturday: "This Is Your Army" — plus second feature — Walt Disney's "Stormy" in Technicolor

Sunday, Monday: Gene Tierney, Edmund Purdom "The Egyptian" In Color

Wednesday, Thursday: In Super Scope Barbara Stanwyck, Ronald Reagan "Cattle Queen of Montana" in Technicolor

Here's why MORE PEOPLE ARE BUYING PONTIACS than ever before!

1. You can buy a big, 200-H.P. Pontiac for less than many models of the lowest-priced cars and much less than stripped economy models of higher-priced makes! 2. Only Pontiac gives you luxury-car size plus the sensational Strato-Streak V-8!

You don't have to look far to find the reason for the tremendous surge to Pontiac. No further than the fact that only Pontiac produces cars that compete with the costliest in size, smartness and power, yet carry a price tag that is well under many in the lowest-price field.

That's what brings people in to see and drive a Pontiac—a value story they simply can't afford to overlook. And once they do—once they get a close-up of America's most distinctive styling . . . once they sample the superlative roominess and comfort of

LOOK HIGH AND LOW AND YOU'LL GO Pontiac ANDREWS EQUIPMENT CO. McLean, Texas

### A Cake of Company Elegance

Apple Sauce Filled Spice Cake

**YOU'LL HAVE FUN** making this cake. It turns out high and proud, rich and handsome—a cake of company elegance. Even if you never baked a cake before in your life, you can make this one and have it a delight to serve . . . to guests any time . . . to the family whenever the mood strikes you.

Item one—the spice cake itself is a packaged cake-mix. No problem there. Item two—that deep and luscious filling is canned apple sauce which you can buy in any grocery store. The apple sauce lends a delicate moistness and keeping quality to the cake as well as that good apple flavor. Item three—the frosting is a simple brown sugar froth knifed on in thick swirls. Result—a real stand-up beauty of a cake that's downright delectable eating.

#### APPLE SAUCE FILLED SPICE CAKE

- |                              |                          |
|------------------------------|--------------------------|
| 1 pkg. spice cake mix        | 1 tablespoon lemon juice |
| 1 cup canned apple sauce     | 2 tablespoons cornstarch |
| 1 teaspoon grated lemon rind | * Brown Sugar Frosting   |

Bake spice cake according to directions on package. Cool layers. Combine apple sauce, lemon rind and juice. Soften cornstarch in a little cold water; add to apple sauce. Cook until thickened, stirring constantly. Cool; spread between layers. Frost top and sides of cake with frosting.

#### \* BROWN SUGAR FROSTING

- |                                   |                            |
|-----------------------------------|----------------------------|
| 1½ cups firmly packed brown sugar | 2 egg whites               |
| ½ cup water                       | Few grains salt            |
|                                   | 1 teaspoon vanilla extract |

Boil together sugar and water to 240° F. (or when small quantity dropped in cold water forms semi-firm ball). Beat egg whites stiff; gradually add syrup, beating constantly, until frosting holds shape. Add salt and vanilla extract.

### Safe Housekeeping May Mean Better Health for Family

"Environmental sanitation is the public health term for clean, safe housekeeping, whether it applies to a private home and its surroundings or to towns and cities. Among other things, it insures safe drinking water, proper garbage and sewage disposal, the safe service of wholesome food including milk, rat and insect control, and general cleanliness of the premises. However, for environmental sanitation to be effective, it is essential that not only public health officials but the citizens living in their respective homes or operating es-

tablishments serving the public cooperate wholeheartedly," declared Dr. Henry A. Holle, state health officer.

"Consider, for example, the seasonal house fly hazard. It has been determined that 120 eggs are laid by a single female at one time and that a generation is produced every ten days at summer temperatures. Thus, the possibility of reproduction during the warm months of a single fly runs into many millions. While the house fly does not bite, it is dangerous because it breeds and feeds upon both filth and food.

"Again, rats are the source of several diseases of man, including plague, typhus fever, infectious jaundice, and trichinosis, to mention some of the more important ones. Homes can be made

comparatively rat-proof by removing rubbish and garbage accumulations, and by closing avenues of access. Approved poisons and traps should be employed when a real problem presents itself.

"Removal of containers of stagnant water such as tin cans and barrels will do much to eliminate the mosquito for householders. The householder needs to devote more seasonal attention to mosquito eradication than he is today if this is to be properly controlled.

"In general, good and thorough housekeeping, inside and out, is the personal and civic duty of every home dweller. It not only adds to the pleasure of living and removes disease hazards, but increases the appearance of one's surroundings."

### Junior Music Club Meeting Is Held In Boyett Studio

The Junior Music Club met Friday afternoon, April 1, in Mrs. Willie Boyett's studio.

Marilyn Williams, Judy Glass, and Bobbie Jean Turner gave their repertoires of six selections each.

Roll call was answered with the number of hours practice and accomplishments for the month of March, and each named three composers.

Ruth Pakan, Judy Glass, Bobbie Jean Turner, Marilyn Williams, Betty Ruth Dilbeck, and Mary Ann Carter made the "A" honor roll. Those making the "A—" honor roll were Linda Guill, Douglas Crockett, Alta June Watson, Belya Patterson, Christa

Rodgers, Martina Giesler, Karen Day, Janice Page, and Margie Railsback.

Karen Day gave a talk on "The Harp," and Ruth Pakan played an accordion solo, accompanied at the piano by Dorothy Pakan. Each member played a piano solo.

Delicious refreshments were served by the hostesses, Mesdames Carter, Williams, Glass, and Turner, to 23 members and 31 guests.

Pat Shelton of WTSC, Canyon, spent her week-end with her parents, Mr. and Mrs. Jimmy Shelton.

Misses Edna Wood and Ivy Dea Hinkle of Dumas, and Amy Hinkle of Muncie, Ind., spent the week-end visiting with Mr. and Mrs. Lawrence Watson and family.

### County Agent Says—SOIL ANALYSIS IMPORTANT

To get full value for the dollars spent for fertilizer, County Agent Ralph Thomas thinks that every farmer should have a soil analysis made.

Analyses of most of the soils in the McLean area have shown the need for nitrogen and phosphorus, but all have been high in potash. Exceptions to this were found on the railroad land, farmed by Leamon Andrews, and fields that had been deep broken on the Harris King farm, according to Thomas. Analysis of soil taken from these fields showed that there was enough phosphorus for growing cotton and grain sorghums, and according to the recommendation of Extension Agricultural Chemist M. K. Thornton, only nitrogen fertilizer need be used.

Thomas pointed out that the cost of actual nitrogen in ammonium nitrate is less than 14 cents per pound, while the cost of nitrogen in 16-20-0 is about 30 cents per pound. If phosphorus is not needed he does not see any use of buying the 20 pounds of phosphorus in the 16-20-0 to get the 16 pounds of needed nitrogen.

On land where only nitrogen is needed, farmers can cut their fertilizer costs by more than one-half by using the high analysis nitrogen fertilizer rather than the mixed fertilizer, Thomas continued. "This is a big return on the dollar plus a few cents postage a farmer spends to have the analysis made by the

Extension Service Soil Testing Laboratory." Thomas says that he will be happy to assist farmers in taking the samples for analysis.

Back in the thirties, farmers started using a complete fertilizer, but analysis of some of the soils showed a high potash content and since that time most farmers have changed to fertilizer with only nitrogen and phosphorus, with good results. Thomas thinks that this is the correct fertilizer for most soils in the area, but since there are exceptions, he advises that soil be tested to make sure.

Mr. and Mrs. C. A. Myatt made a business trip to Shamrock Saturday.

Mrs. Elton Johnston spent last week in Brownfield visiting with Mr. and Mrs. Elton Johnston Jr.

Visitors in the Jim Wheeler home Sunday were Mr. and Mrs. Foster Burgin and children and Fred Burgin of Groom.

Mr. and Mrs. J. E. Moore visited with relatives in Cordell, Okla., Monday.

Roy Powell of Springer, N. M., spent the week-end with his mother, Mrs. Maud Powell.

Mrs. Frank Rodgers and daughter Christa Carol were in Pampa Saturday on business.

LEONA BENDER, popular radio star of KTSA says, "Every woman knows light Karo is best for cooking . . . and on the table . . ."

it's Karo for me, the best-tasting waffle syrup of 'em all"

Yes, indeed . . . biscuits go like hot cakes when you pour on plenty of delicious Karo waffle syrup. There's nothing like it for good eating. Satisfyin' flavor. So rich it stands right up on top of biscuits (keeps 'em light and fluffy). Keep Karo on your table morning, noon and night . . . it tops anything!

Ask your grocer for Karo waffle syrup, in pints and quarts

**SPEAKING OF CARDS**

**WHO PLAYS CARDS?**  
More than four-fifths of the population, or eight out of every ten adult Americans, according to the latest survey of playing card habits. Since similar surveys made in 1940 and 1947 revealed almost the same percentage of adult card players, the 19% population increase since 1940 means that the body of card players has increased numerically by more than thirteen million.  
Public opinion experts say that in a nation so diversified in its tastes, the sustained interest of more than three-quarters of the population in any one leisure activity is just about the peak.

Nationally, the top ten card games, in order of popularity, are: Canasta, Contract Bridge, Pinochle, Poker, Rummy, Auction Bridge, Samba, Five Hundred, Solitaire, and Gin Rummy. But the survey was made before Calypso, the newest card game, came on the horizon and by next year there might be a new leader.  
Canasta wrested the top spot from the Rummy games which had previously led the national field. One person out of every three interviewed named Canasta as his favorite card game.  
While Canasta is the top favorite nationwide, there are marked sectional preferences for other card games. Contract Bridge, for example, seems to have its strongest following in the Middle Atlantic, South Atlantic and Western areas. Pinochle is also a particular favorite in the Middle Atlantic area and also in the Middle West. Poker has a special appeal in New York, Pennsylvania, New Jersey, Michigan and Wisconsin. And Cribbage has never lost its unusual appeal for the coastal areas, being particularly strong in New England and out on the West Coast.  
Calypso, just beginning to make itself felt in this country after becoming the rage in England, may soon take over the top spot from Canasta. It's said to be the first really new card game since Whist.

**Headache Can Be Signal Meaning Serious Trouble**

A man's best friend can often be his headache, according to Dr. Henry A. Holle, state health officer. This is hard to believe when your head is throbbing with pain, but the truth is that a headache is most often nature's signal that all is not right in your little world.  
That's because a headache is not an ailment itself, but a symptom of something else. That "something else" may be as simple a problem as too much food and excitement the night before; it may, on the other hand, be a serious threat to bodily health. In either case, it is a warning that you should act immediately, in the one case by slowing down the tempo of your social life, in the other by seeking the advice of your physician.

Headaches can be caused by fatigue, by infection, by allergy, by an injury, or by an emotional disturbance. But all of them fall into three categories: mechanical, toxic, and functional.  
A headache from eyestrain, overwork, or inflammation of the sinuses is a mechanical one; headache caused by too much acid in the body, by constipation, by over-indulgence in alcohol, by inhaling certain gas fumes, all of which slow up the blood circulation, are toxic headaches. Functional headaches include the oft-mentioned migraine and those caused by high blood pressure.  
Most headaches need not cause over-alarms. If they occur frequently, the trouble is often the "morning after" type, which should, of course, call for the obvious remedy—eliminate the night before. Or, is your office or bedroom improperly ventilated? That could be the cause of the trouble.  
If headaches recur frequently and under the same conditions and in the same areas of the head, heed the danger signal your own body is giving you. Consult your physician. And don't lean too heavily on the support of aspirin and similar patent remedies. Their aid is only temporary at best and does nothing to affect the real seat of your trouble.

**Circles of W. M. U. Meet in Parlor Of Baptist Church**

The W. M. U. circles of the First Baptist Church met in the church parlor Tuesday for a royal service program and business.  
The opening prayer was given by Mrs. Howard Williams, and the business session was conducted by Mrs. Frank Howard.  
Mrs. E. L. Price was in charge of the royal service program, which was presented by Mesdames Buell Wells, George Colebank, Boyd Reeves, Jim Stevens, Oba Kunkel, Homer Abbott, and R. L. Appling.  
Others present were Mesdames Clarence Voyles, Paul Miller, Troy Corbin, and Bunia Kunkel; and Miss Marjorie Fowler.

**Easter Program Given at Meeting Of Local WSCS**

An Easter program was given Tuesday at the regular meeting of the W. S. C. S. in the parlor of the McLean Methodist Church.  
The program, led by Mrs. R. N. Ashby, was as follows: song, "Lead Me to Calvary"; scripture, by group; prayer by Mrs. J. A. Sparks; "The Dogwood Tree," Mrs. Homer Wilson; "Daffodils," Mrs. J. E. Kirby; "What Is Easter?" Mrs. W. M. Rhodes; "Emergency," Mrs. Ellen Wilson; "The Measured Cadency of Life," Mrs. W. E. Bogan; "Meditations on Easter," Mrs. Ashby; "There Is no Death," Mrs. Cliff Day; "An Easter Message," Mrs. J. L. Hess; "The Living Christ," Mrs. Madge age; closing song, "He Lives"; closing prayer, Mrs. J. L. Andrews.  
Mrs. Page conducted the business.

Take all the swift advantage of the hours.—Shakespeare.

**CARD OF THANKS**

With deepest gratitude we extend this word of thanks to all the blood donors and for the many acts of sympathy at the time of our emergency.  
Mr. and Mrs. Keith Howell  
Mr. and Mrs. B. F. Williams

It is so far from El Paso to Austin, that an early-day senator, traveling with a wagon train for safety from the Indians, did not reach Austin until the legislature had met, transacted all its business, and adjourned.

Texline, in the northern part of Texas, is closer to the capitals of Colorado, New Mexico, Oklahoma, Kansas, and Wyoming than to Austin, the Texas capital.

We own no past, no future, we possess only now. If the reliable nod is carelessly lost in speaking or in acting, it comes not back again.—Mary Baker Eddy.

**Exposes Communism In Education**

Bella V. Dodd, 13 years top echelon leader of the Teachers' Union and of the American Communist Party has made her own story public for the first time in the new book "School of Darkness."  
Long a controversial figure in the fields of politics and education, Mrs. Dodd describes her rise from an instructorship in political science at Hunter College to the Politburo of the Communist Party in the United States. She was a member of the Party's National Committee and legislative representative of its New York State Committee. She paints a vivid picture of the devious methods and the various intrigues employed by the Party in its years of active growth between 1932 and 1939. Her own association with the Communists began after her organization of the successful Instructors Association at Hunter College. She left her teaching post in 1936 to take a full-time position with the Teachers Union, serving for a time as that organization's legislative representative in Albany.

The outstanding feature of the book published by P. J. Kenedy, is Bella Dodd's startling revelation of Communist infiltration into the important Teachers' Union in New York State, and her forthright mention of persons nationally known in political and other walks of life who either worked directly with her in Party matters or spear-headed left-wing groups.  
In her complete and unequivocal account of the machinations of the Communists among educational groups in New York City especially, Dr. Dodd points out how during the period of her active association with it, the Teachers' Union became a political pressure group. She explains how its membership was "politicized" and its leaders induced to become Communist Party mouthpieces within the A. F. of L. with which it was affiliated. The Teachers' Union gradually became so predominantly Red-inspired that the A. F. of L. withdrew its support.

She says her proximity to the top masterminds of the Party and her familiarity with their secret plans to infiltrate and overthrow the American way of life proved valuable later when she broke her Red ties and returned to the side of democracy. She has been a leading witness in Congressional investigations and is regarded as an authority on Communist tactics.

This education forms the common mind; just as the twig is bent the tree is inclined.—Alexander Pope.
