

# PLAIN TALK

By BILL PERKINS

Coach Hap Rogers and the McLean Tigers started their workouts this week and it looks like football will be the topic of discussion around here for the next few months.

Stinnett's Rattlers, newcomers to District 1-A this season, have been picked as the pre-season favorites to take the District 1-A crown this fall, according to the Panhandle Pigskin Preview, now off the press.

Pigskin Preview reports that "with men who know the conference best, it's Stinnett to take the title by a vote of 7 to 2." This was the vote of District 1-A coaches.

The Rattlers are moving up from Class B ranks this season. Stinnett won the District 1-B title last year and went on to take the bi-district championship, losing to Matador in the regional finals.

Sportswriters—Buck Francis of the Pampa Daily News, Putt Powell of the Amarillo News-Globe, Art Gatts of the Lubbock Avalanche-Journal, Jake Sexton of the Borger News-Herald, Bob Carroll of the Plainview Evening Herald, and Eddie Mullins of the Amarillo News-Globe—have picked Lefors, Stinnett, and Canadian in that order in District 1-A, with White Deer, McLean, Memphis, Wellington, Panhandle, and Clarendon ranking in that order.

Stinnett, with 14 lettermen returning from last year's Class B championship team, and Lefors, with 19 returning lettermen from a team that ran a close second to McLean in last year's conference race, are solid favorites in the championship race this year.

McLean's Tigers, the Preview continues, can't be counted out, either. The Tigers have eight lettermen returning, including all-district guard Arthur Vineyard . . . and although Coach Hap Rogers will have to rebuild the fine backfield which carried the Tigers to a district championship last year, the McLean team stacks up well.

White Deer's Bucks, with 10 returning lettermen, also figure to be one of the tougher teams in the loop this year.

Wellington's Skyrockets, moving down from Class AA, may well be the dark horse in this year's title chase. The 'Rockets had a so-so season last year in the AA conference, but with 10 returning lettermen and a new coach John Hurley, they may become a power to be reckoned with.

The Memphis Cyclone has nine lettermen coming back from last year's better-than-average team, and are also under a new coach, D. C. Andrews.

Panhandle's Panthers, after a disastrous 1954 season in which they won only one game in ten starts, also have a new coach, William C. Davis, and seven lettermen to build on.

Clarendon's Bronchos lost 17 men from the 1954 squad, and have only four lettermen returning. Coach Ray Moore, however, reports that he had a fair B team last year to draw from, but will be short on experience at most positions.

District 1-A, always a tough conference, figures to be tougher than ever this season with a capacity roster of nine teams to consider. The odds are pretty long against any team getting through the season undefeated.

## McLean Hospital Location Announced By Committee

### Food Still Up But Attendance Down At Firemen's Picnic

The McLean Fire Department's annual picnic was held in the City Park last Thursday night with a good attendance, although the turnout was just a little under last year's record crowd. Fire Chief Boyd Meador who presided at the affair, stated that the attendance was down a little but the food was better than ever.

The food committee was headed by Miro Pakan who was assisted by John Anders, Bill Cash, R. L. Brown, and Glen Richardson.

H. A. Pool was chairman of the arrangements committee and was aided by Charlie Morgan, Morris Brown, and Leo Gibson. Marvin Hindman was in charge of the program, with Jimmie D. Morris and Johnnie Jo Hutchison also on the committee.

Mayor Ed Lander introduced the city officials and employees at the picnic, and Commissioner Oscar Tibbets introduced the county employees.

Music for the occasion was furnished by the FFA string band.

Between 85 and 100 persons were estimated to have attended the annual picnic.

### By Gray County Commissioners—

## \$844,050.77 BUDGET APPROVED

Gray County Commissioners met with Ray Wilson, county auditor, last Saturday morning at ten o'clock to approve a tentative 1955 budget submitted by Judge Bruce Parker.

The budget calling for \$844,050.77 in expenditures was approved. Of this amount, a total of \$6,608 is proposed for jury expenditures, \$102,034.92 is proposed for a general fund, \$161,492.65 is allotted for county salaries, and \$118,877.11 is to be set aside for the interest and sinking fund.

Road building funds call for a total of \$429,528.09 to be used in county-wide road improvements. Proposed improvements are: Lefors west to intersection of Plum and Grapevine Creeks (\$26,000); replacement of bridges on Plum and Grapevine Creeks (\$26,000); topping of Kellerville road (\$12,000); Wheatley bridge construction (\$18,500); right of way expense for the Grandview area (\$6,000).

A \$50,000 fund is proposed for right-of-way and widening of Hobart Street. The balance will go towards seal-coating of the county airport road, and the Coltexo-Western road.

### Plans for McLean's new hospital are being developed and a location site has been selected, it was announced this week.

The \$350,000 hospital bond issue which was passed by Gray County voters July 30 allocated \$50,000 for construction of a hospital in McLean. Previous to the election, McLean's city council selected C. P. Callahan and Guy Hibler as the city's site committee. Callahan and Hibler asked six local citizens to help them decide on a location. The group included Mrs. Jim Back, Mrs. Mattie Graham, J. W. Meacham, E. L. Sitter, and Guy Beasley.

The location committee selected the corner lot on Main Street one block north of the City Hall.

A Pampa architect, Waldon Moore, was in McLean Tuesday morning conferring with members of the committee to get an idea of what type of building was desired so that he could make his plans according to their specifications.

Out of the \$50,000 allotted for the hospital, \$35,000 is expected to be used for construction of the building and the remaining \$15,000 is to be used for equipment for the hospital.

At Home—

### Lots of Good Food On September's Plentiful List

Grocery shoppers should find the USDA's plentiful foods list for September to their liking, for it is a long one.

Pork, beef, broilers and fryers head the list of meats, according to Mae Belle Smith, extension specialist in consumer education. Also included are grapes, rice and fresh Italian prunes, a newcomer, but expected to be bountiful since production for the year has been heavy.

Potatoes, pinto beans, fresh and processed lemons and limes and canned grapefruit sections are all in heavier supply than a year ago.

Milk and other dairy products such as cheese, butter and non-fat milk solids will continue to be abundant because of the relatively high level of milk production in July.

Vegetable fats and oils and lard along with canned tuna also will remain in heavy supply, says Miss Smith.

She says the monthly list is based on a survey of supplies of foods in the major trade territories of the southwest area and is made by the area food distribution of the USDA's Agricultural Marketing Service.

Kenneth Carter of Pampa visited this week with his parents, Mr. and Mrs. Wheeler Carter.

Mrs. Vernon Wood and daughter, Sammie Jane, made a business trip to Pampa Wednesday.

## Dance Tomorrow Night—TEEN-TOWN PROGRAM PLANNED

Much interest was shown in Tuesday afternoon's meeting at the American Legion Hall when parents and teen-agers met for the purpose of planning the program for Teen-Town in McLean.

A dance was planned for Friday night of this week at 8:00 o'clock at the Legion Hall. The dance, which is for all teen-agers, is especially for last year's seniors and those who will be leaving for college soon. All teen-agers are invited to be at the dance tomorrow night.

Many parents as well as teen-agers were present at Tuesday's meeting, and several others who were not present sent word that they would assist with the program and it was stated that chaperones would be easily available for all programs.

## Advance Tickets Still on Sale At Brown's Drug

Reserve seat tickets for all five home games of the McLean Tigers are still on sale and may be obtained downtown at Brown's Drug Store.

Price of reserve seat tickets for the five games is \$5.00. Local fans who buy tickets now will still get choice seats and the cost is no more than regular admission prices.

The Tigers' first home game will be September 9, when the Shamrock Irish will come over to get the 1955 season underway at Duncan Field.

## Wayne Mantooth Named Head Coach At Muleshoe High

Wayne Mantooth, formerly of McLean and brother of Odell Mantooth, has been named head football coach at Muleshoe High School, it has been announced.

Mantooth, a veteran coach in the Panhandle area, gained prominence when he coached the Claude High School girls' basketball team to three state championships and to the finals another year. Since resigning as coach at Claude, Mantooth has been an instructor at Amarillo Air Force Base.

Muleshoe is a member of District 2-AA.

MRS. JOHN THOMAS HALE

## Miss Mary Ann Back and John Thomas Hale Exchange Vows Here Friday, August 19

Miss Mary Ann Back, daughter of Mr. and Mrs. Johnnie Back of McLean, became the bride of John Thomas Hale, son of Mr. and Mrs. Sam Hale of Memphis, August 19 at the Church of Christ in McLean, with Harold McColum, minister, reading the double-ring ceremony.

A mixed chorus from Tipton Home sang "O Promise Me," "Because," and "I Love You Truly." The setting was formed by an archway of greenery flanked by pink candelabra and baskets of pink gladioli.

Given in marriage by her father, the bride wore a gown of white lace and tulle over taffeta, fashioned with a fitted lace bodice and long tapered sleeves. The full tulle skirt was chapel length. Her fingertip veil of illusion fell from a crown of lace trimmed with seed pearls and rhinestones. She carried a cascade of stephanotis centered with a white orchid.

Mrs. Oran Back attended the bride as matron-of-honor. Candle-lighters were Miss Janet Waugh of Perryton and Miss Mary Ann Chaney of Vernon. They wore identical gowns of orchid cotton satin styled with fitted bodices and full, street-length skirts. Their headresses matched their costumes, and they carried orchid pompon chrysantheums.

Oran Back of Dumas served as best man. Ushers were Richard Hale, Jimmie Walker, and Malcolm Martin of Memphis.

Mrs. Back, mother of the bride, wore a beige lace dress with matching accessories. The bridegroom's mother, Mrs. Hale, wore a blue lace dress. They each wore a pink corsage.

Immediately following the recessional, guests were received in the foyer by the couple and their attendants. The bride's parents entertained with a small reception in their home for the immediate families. Laid with a lace cloth over pink, the bride's table was centered with a bouquet of orchid mums. Mrs. Richard Back presided at the coffee service, and Miss Gynatta Mann of Abilene served the tiered wedding cake.

For the wedding trip, the bride chose a brown cotton suit with white accessories. Her corsage was a white orchid.

After August 23, the couple will be at home at 1742 Hickory St., Abilene.

Mrs. Hale is a graduate of Abilene Christian College and

Boys' Ranchers get in shape for annual rodeo. The boys participate in all events, plus several special acts. Two shows will be held this year on Labor Day weekend, September 4 and 5, at 2:30 each day. Tickets will be on sale at the Ranch and a special invitation is extended to all ex-Ranchers to attend the Homecoming activities.

**At Boys' Ranch—  
IT'S RODEO TIME**

It's rodeo time for 220 young cowhands at America's first Boys' Ranch near Amarillo.

The boys have been practicing for several weeks now and excitement is running high at the ranch as the date approaches.

Two shows will be held this year at Boys' Ranch, located 40 miles northwest of Amarillo, on Labor Day weekend, September 4 and 5, at 2:30 each afternoon.

Every boy at the ranch will have a chance to show his abilities. The little fellows, ride calves and the older boys put on as good a show as professionals at the broncs and bulls. The ranchers will be participating for the top cowhand award and prizes will be given in each division. Special clown and trick roping and riding acts will be presented by the boys.

The rodeo will be a homecoming and reunion for many of the 1200 boys who have lived at the ranch in the past 16 years. Many of the boys are in service, some are attending college, and others are all over the United States in different occupations. Many have already responded and all ex-ranchers are urged to attend the reunion and bring their families. They should write or contact Boys' Ranch, Box 1890, Amarillo, Texas, Phone DRake687.

This will be the 11th annual Boys' Ranch rodeo and the youngsters participate in every event seen in a professional show. The rodeo will be open to the public and tickets will be on sale at the ranch on both days. The price will be \$1.25 for adults and 75c for children.

The 1950 amendments to the Social Security Act lowered, considerably, the amount of work required of the worker before payments could be made to survivors of deceased persons. For example, in the case of a 40-year-old employee who died in August, 1950, he originally had to have worked almost seven years in social security covered work for payments to be made to his survivors. Had he died one month later, in September, the requirement would have been only 1½ years of covered work. The change in the law, however, did not change the requirements where death occurred before September, 1950.

The 1954 amendments corrected this situation. Payments can now be made to the following survivors of a person who died before September, 1950, with at least 1½ years of covered work:

1. Minor children still under age 18 who were living with the worker or dependent upon him at the time of his death.
2. Un-remarried widows of workers who have such children in their care, and un-remarried widows at age 65.
3. Dependent parents of such workers, if now 65 years of age and if worker left no child or widow entitled to payments.

The following points should be noted in connection with this

change: No lump sum death payment is possible in these cases; the rules for payments to dependent parents remain unchanged; payments can be retroactive as much as 12 months, but no earlier than September, 1954.

Inquiries about these changes should be addressed to the Social Security Office, Amarillo, Texas.

**Editorial**

**"OIL, BULLETS, AND BEANS"**

Ever since the oil industry was in swaddling clothes, crapehangers have been shaking their heads and forecasting that demand was due to outrun the supply in practically no time.

That was the talk way back in 1900, when a mere 8,000 horseless carriages were put-putting over our roads. Then the Spindletop well came in, the greatest in history up to then, and for a time the merchants of gloom were silent.

But by 1905, there were 77,000-odd cars in motion and other consumers of oil were on the increase. Again the shortage talk was rampant. The oilmen's answer was to bring in more and more producing fields.

The skeptics really had a field day during World War I. A U. S. Bureau of Mines official forecast that our oil reserves would be totally gone within 27 years. What happened? As before, the oilmen met words with deeds. In the last year of that war, we had both the highest production and the greatest proved resources ever known up to that time.

So it went, with the shortage fear reaching another high during World War II—a war which, in the vivid phrase of Admiral Nimitz, was won on "oil, bullets, and beans." Every demand was met, despite difficulties resulting from material and manpower shortages. After the war, consumption of oil reached levels far beyond the anticipations of anyone. Since 1945, U. S. oil requirements have jumped by more than 50 per cent. Yet reserves have hit all-time high after all-time high.

If past experience is of any value at all, the crapehangers should have learned a lesson by this time.

**TWO OF A KIND**

We see in the papers where the infamous Ku Klux Klan is being revived in "conservative East Texas."

We are not surprised. When people toss aside respect for the law, when they ignore principle, honor, fair play, when officials in high places use their offices unworthy as they did in Texas, South Carolina, Georgia and other states back in 1952, then we can expect most anything.

The same spirit which causes a man to lynch a Negro or burn a cross for the purpose of intimidation, which causes him to don robes of anonymity and tar and feather a human being, also caused him to use his high position to betray his party. The principle is the same. He just lacks what it takes to operate within the law. He is a law unto himself. He presumes to place himself above the law.

We cannot censure members of the Klan when at the same time we pretend to respect a governor who uses his legal position as head of a political party to stab that party in the back. As a private citizen he could support whomsoever he pleased, but as the official head of that party he had only one honorable choice—to support the party regardless of his personal feelings—or get out.

There is no difference in principle between Allan Shivers and members of the Klan. They all believe in making their own laws, in setting their own standards of honor and integrity.

Ever so often we read where Shivers "put principle above party."

How blind can mortals become?—H. M. Boggarty in The Tulia Herald.

**WHAT A WOMAN NEEDS MOST**

If there has been some doubt as to what a woman needs most, there need be no longer. Investigators at Cornell University have concluded that from birth to 18 years of age a girl needs good parents, from 18 to 35 good looks, from 35 to 55 good personality, and from 55 on, cash.

Was there not a jingle whose last lines ran "And woman, bless her little heart, Wants everything she sees"?

It is as hard to get used to the idea that Churchill has retired as it would be to believe that water has stopped running over Niagara Falls.

**WALLACE SIMS DIES**

Wallace, the little eight year old son of Mr. and Mrs. W. D. Sims who was so seriously hurt a few days ago by being dragged by a cow, passed away early Saturday morning, after every ministrations within the power of medical skill and kindly nursing had proven futile. The funeral services were conducted at the Methodist church by Rev. J. T. Howell at five o'clock Saturday afternoon and the little body was laid to rest in the local cemetery. The News joins heartily with the hosts of friends of this good family in extending sincere sympathy in their sad hour of distress. May He, who alone can administer adequate comfort in this bitter trial, be with them to cheer in our sincere prayer.

**MRS. STUBBS ENTERTAINS**

At her pretty home in the west part of town Friday afternoon of last week, Mrs. W. A. Stubbs made a charming hostess for the 500 Club. Enough ladies were present to fill three tables and many games were enjoyed. The

hostess served delicious iced refreshments.

**7,500 MISTAKES A DAY**

Too many readers laugh when they see a mis-print in the newspaper. Do you know how many opportunities there are for printers to make mistakes—much more than than any other line of business? The printer has an opportunity to make an average of 30 mistakes to each ordinary line of reading matter. Setting two and a half columns a day would make the opportunity of making better than 7,500 mistakes. Where is there another business in which the care has to be taken that is observed in a newspaper office?—Canadian Record.

**A JOLLY PICNIC**

A pleasant outing was enjoyed Tuesday of last week on the river at the Loyd place north of town, the occasion being in honor of Roger Francis and Mrs. Isabel Petty's birthday. The party consisted of Mr. and Mrs. Petty, Messrs. Roy Ledbetter, Roger Francis, Clarence Ballenger, and Misses Ethel, Myrtle, and Ina Ledbetter, Grace Francis, Edith Stockton, and Gladys Rowles of

**FREE HUNT UNDECIDED IN TEXAS**

Whether Texas will have free public hunts on two widely separated experimental tracts will not be determined for several weeks, reported the director of wildlife restoration for the Game and Fish Commission.

The commission has authorized studies as a basis for deciding whether the gratis shoots will be held on the Kerr wildlife management area in Kerr county, in the Hill country and the Engeling wildlife area in Anderson county in East Texas.

The hunts, which would be patterned after the one staged last fall on the Kerr area, would be held during the regular statewide deer season in November.

The director said the long-range program calls for conducted wildlife harvests in all four major commission management areas as a part of the experimental-demonstration process. The other tracts are in the Black Gap area in Brewster county, west of the Pecos, and in Hemphill county in the Panhandle.

Last fall, more than 4,000 Texans sent in entries for a public drawing to determine gunners to participate in the state's first free hunt on the Kerr area. Ninety-five names, including alternates, were picked to bag the 50 surplus buck deer.

Technicians now are surveying the Kerr and Engeling areas to determine whether, if the special hunts should be ordered this fall, that both antlered and antlerless deer should be taken.

Meanwhile, plans are going ahead in the commission headquarters to set up the special antelope hunts in the Big Bend and Panhandle. Chief Clerk Vernon Skaggs said applications for the Big Bend drawing still are lagging and if the present comparative lack of interest continues to prevail, no drawing may be necessary to determine licenses for the October hunt in far west Texas.

**Ochiltree.**

The morning was spent in gathering plums and grapes, and then came the noon hour and a delicious spread of goodies was laid, to which all did justice. The afternoon was spent in various forms of amusement. On the return trip, just at sunset, all stopped and a nice lunch was indulged in and all hoped to see many more days as pleasant as this one.

**SCIENCE IN YOUR LIFE**

**Summer Sore Throat**  
A sore throat in the summer time is your body's warning signal that you might be coming down with a serious illness.

A sore throat at any time can warn of an impending cold, or a more serious respiratory tract infection such as influenza or pneumonia. However, these illnesses usually strike during the cold, wet months of winter and rarely occur during the summer.

A summer sore throat may be the first sign of measles, diphtheria or poliomyelitis. If it is coupled with fever, you should call your physician immediately, for prompt medical diagnosis and treatment can stop a potentially serious illness from getting too deeply rooted.

However, most summer sore throats are merely symptoms of the common cold. Although antibiotics are of great value in controlling serious respiratory infections, they are largely ineffective against the common cold.

In fact, scientists have yet to discover any completely effective agents for the common cold—summer or winter variety. Although unable to prevent or cure them, physicians can help to remove much of the sting from common cold symptoms.

For the headache and muscle fatigue accompanying a cold, they recommend aspirin. For the stuffed nose often accompanying the cold, they may prescribe the nasal decongestant Tyzine. For the patient, they advise patience—for the cold-causing germs, no matter what the medication, can persist in your body for as much as a week, or longer.

We can do little to prevent summer sore throats, but with proper care, we can prevent more serious illness from developing after the first warning signs.

Statistics say that tea is the most popular beverage in the world.

**SCIENCE IN YOUR LIFE**

**Fresh Frozen Fruit**  
The modern housewife — with a home freezer — is able to keep fresh fruit on the family dining table every day of the year.

Years ago, the rural area housewife did most or all of the packing and storing of fruit, but today, even her city sisters can freeze, store and have readily available all sorts of fruits, vegetables and meats.

Modern manufacturing miracles have taken the home freezer out of the luxury class. In fact, more than six and a half million freezers are in use in the United States today.

Delicate and perishable fruits can be prepared in mid-summer and served — fresh and flavorful — in the cold of mid-winter.

Proper preparations of such fruits as peaches, apricots, plums and cherries before freezing will insure that they will maintain their original color and flavoring months later.

Recently scientists developed a balanced mixture of Vitamin C and citric acid to preserve color and flavor in frozen fruit processing.

Called ACM, it is used to prevent discoloration or browning of peaches, apricots or pears. The housewife can use this mixture for both freezing and canning of these perishable fruits. With the aid of such scientific developments as ACM and the food freezer, fresh fruit can be a flavorful and economical dining table staple 365 days a year.

**CARD OF THANKS**

With deepest gratitude we extend this word of thanks for the many acts of kindness, expressed by thoughtful friends, during Mr. Alderson's illness. Your kindness has meant much to us.  
Mr. and Mrs. Irvan Alderson

**CARD OF THANKS**

We wish to thank the City of McLean for the use of the park, and our friends and business people for their kind consideration during our reunion.  
The Relatives of the J. R. Stockton Reunion

**CARD OF THANKS**

We take this way to say "Thank You" to each of you who spoke kind words of sympathy or sent cards, also the flowers, due to the death of our mother. May God richly bless you.
