Under how many of the poles investigating this rehearsal quiz business have never a ghost writer for their pens?

Gadgets & Umbrio Fever

The world of gadgetry is in a state of confusion against me. Especially machines. I have known it for some time but somehow I'm simply unable of living modern as it is.

For instance the time with those little pepper grinders. (This is not to mention numerous bouts with more complicated devices such as juke boxes, pop machines and bubble dispensers. A bubble gum dispenser once held me captive most three hours when in a rage I caught my index finger in the little hole where bubble gum was supposed to come from but didn't. This, however, was when I was very young and hadn't learned not to stick my finger in things. Actually what was irritating about the bubble dispenser was being held helplessly by a mere penny machine—the lowest form of gadgetry.

About the pepper grinder I don't say that back in the days of the flats where I used to play with the leader with elderly bits the only kind of peppermakers we ever saw were those little devices with holes in the top. Confidently, I still don't understand why these things were so simple devices were so popular, but I suppose it's part of the new progressive era and not to be questioned.

Anyway on my first evening with the grinding variety at a banquet for somebody I have already forgotten that there would be a pepper grinder. I was at least determined to be the most of the meal. I was shaking the damn thing when it was stopped. I tapped it against the table. Still pepper.

I turned it over and discovered a long, modern-designed pepper mill on top. The thing I thought to myself, was open and gently sprinkle the pepper, but I was awed to find that a great quantity of large unground balls of pepper came tumbling out all over me. And steak. And some rolled as far as plates away.

Somebody kept a poker face but I didn't see a thing but I knew the score. I was kept sneezing. I never, even this occurrence, compare with the attack of Umbrio Fever I suffered once in a hotel room. It happened when I checked in and told the bellboy that I had been driving way and was very tired and not to be disturbed. I had been reading somewhere in a coin operated radio and on so as I laid down I decided to watch the quarter so I was obliged to get up and get

the quarter. I pulled the lever and laid back down and afterwards I was surprised by the shakes. My head began to roar. The shakes were until I was quivering. I once had a short conversation with a woman that I should calm and figure out the thing to do.

My cursory knowledge of the sensible I decided to go to either (1) a dance at the St. Vitus dance hall or (2) the St. Vitus dance hall. I heard a missionary called the Umbrio Fever

where you suddenly had shakes and a roaring in the ears and then slipped into the death coma. I decided it must be Umbrio Fever.

But while the bellboy was coming the shaking suddenly ceased. Then I noticed that the television had never come on either. I asked the bellboy what was wrong with the television whereupon he went over and turned it on clear as day.

"But what," I asked, "is this coin box?"

"Oh that," he said, "Why that's our new vibrating bed. You see when you put in a quarter the whole bed starts vibrating so as to relax you. It runs 10 minutes on a quarter."

Then he asked me what I had called him for anyway.

I tipped him a buck and asked him if he would please bring me the Ladies Home Journal.

P-TA to Meet November 10

The McLean P-TA will meet Nov. 10 at 7:30 p. m. in the grade school cafeteria.

The program theme will be "Must Legislative Action Be Seasonal?"

Grainger McIlhenny, representative from this district, will be the guest speaker.

Everyone is urged to attend this meeting. Fathers are especially urged to come. A nursery will be available.

BIDS LET FOR CONSTRUCTION OF McLEAN GOVT. HOUSING

Bids are in the process of being let for construction of the McLean housing project, which has been in the mill for the past two years.

The housing authority chairman, Bill Reeves, states that after the bids had been opened and let, that construction would begin on the housing project.

The project in McLean consists of two sites, to have six one-story duplex residences containing 12 dwelling units and one management and maintenance building. Bids for reconstruction will be opened on the 24th of November.

Following the beginning of construction, the units should be completed within 6 months.

Plans for the new project began almost two years ago, and since that time, a survey has determined the need in McLean, and government approval has been given for the construction.

The new units should aid the acute housing shortage which has existed in McLean during recent years.

HARRIS RITES TOMORROW

Funeral services will be conducted at the Kellerville Baptist Church tomorrow (Friday) at 2:30 p. m. for Joe W. Harris, Rev. J. R. Lawson, pastor, will officiate.

Mr. Harris died of a heart attack Tuesday afternoon at about 3 o'clock at his home.

He was born April 3, 1897, in Alabama. He moved to Kellerville in 1934 and made his home there until the time of his death. He was a pumper for Royal Oil and Gas Company.

Survivors include his wife, Jennie, of the home; two sons, Jack Leroy and Billy Wayne of Gardena, Calif.; four brothers, Lee of Stinnett, Preston of Oklahoma City, Cecil of Long Beach, Calif., and A. S. of Bristow, Okla.; four sisters, Mrs. Clint O'Kelly of Wenatchie, Wash., Mrs. Pat Bewley of San Francisco, Calif., Mrs. Louis Alford and Mrs. Oris Hudson, both of Chandler, Okla.; and three grandchildren.

Graveside services and burial will be in California.

LEFORS EXPLOSION

Sludgy smoke spirals skyward in the aftermath of an oil tank explosion Monday that injured three oil workers—two of them critically. Cause of the tragedy which occurred 6 miles east of Lefors has not yet been determined.

Lefors Blast Injures 3

Two Houston oil workers Monday morning when an oil storage tank exploded about six miles east of Lefors.

The two men suffered burns over more than 70% of their bodies. A third man was in good condition in Pampa yesterday following injuries received in the same mishap.

Thurman Humphrey and Houston Floyd, both 46, are the two "critical" cases while Eddie Burger, 31, was in "good" condition.

Cause of the 80,000 barrel capacity crude storage blast had not been determined although officials of the Shaw Co. said it might have been a backfire in a pump draining the tank.

The tank caught fire about 10 a. m. Monday on the Chapman lease near Lefors and exploded some 20 minutes later. There were about 2,000 gallons of crude oil in the tank when it blew.

No estimate of the damage has been placed on the accident, although the storage tank was a complete loss.

At the time of the explosion the tank was being emptied for cleaning. The three men were believed to be standing about 20 feet from the tank when it exploded sending flames hundreds of feet into the air.

As Lefors firemen arrived two of the injured men with their clothes still ablaze were wandering in shock down a dirt road while the third fell into a sand pit nearby.

William Lange has been seriously ill due to a stroke over three weeks ago. He is in Highland General Hospital at Pampa. His condition is slowly improving.

Factory Makes Bid For More Workers

Marie Foundations announced this week that it has a continuing need for qualified people to train as sewing machine operators. In fact at the present time the problem is very acute, with the list of qualified applicants just about exhausted.

There seems to be some misunderstanding in that many think the factory is not currently hiring girls. Plant Manager Tom Greenwood said. There is an immediate need for 15 to 20 people, plus others to replace the normal turnover of employees. It is necessary to have on hand at all times a list of qualified applicants from which to draw. Since the company can train only a few each week some applicants may not be called for some time. However, all who are qualified will be called within a few weeks.

The company is eager to have all who are interested in working at the factory to drop in and fill out an application form. A simple dexterity test will be given, said Greenwood, and if the person is qualified for sewing machine work she will be notified within a short time.

Should there be any who have made applications in the past and feel they are qualified and yet have not been called, it is suggested you make inquiry at the company office.

Week end visitors in the home of Mr. and Mrs. Felix Jones were Sandra Key Sims of Canyon and Mr. and Mrs. Floyd Shannon of Guymon, Okla.

Joe Crockett Helps In Capture of Thugs

Joe Crockett, 23, former all-state tackle from McLean High and son of Mr. and Mrs. Sherman Crockett here, was instrumental in apprehending two widely-hunted fugitives near Dalhart recently.

Crockett, who is a member of the Dalhart police force, spotted the two fugitives as he drove toward Amarillo on his day off. He gave chase, but the pair abandoned their car and got away.

The former McLeanite radioed their approximate location, however, and they were subsequently taken prisoner.

He is married and has three children.

The Armchair Quarterback

Guess the old Armchair proved himself permanently last week by calling the McLean-White Deer tussle. Knew very well the lads could do it, and they truly did it in a splendid fashion.

You'd think after such a humiliating defeat at the prognosticating game that young Amis Page would wave the white flag but as yet he hasn't. He was loudly happy about the outcome of the game last Friday, but only managed a low mumble about the prediction he set forth. But—it takes a good ear-pulling now and then with boys like Amos to keep them in line.

To pass on a few facts about just how bad the boys did chew up the White Deers, it was only the second time this season that a team has held the Bucks to 6 points. The other team was Stinnett, now ranked as the top Class A squad in the state.

Coach Cole Huffman of White Deer was quoted as saying, "I'd rather have played Clarendon twice."

White Deer was pre-pollied to win the district while McLean was picked next to the cellar.

A few of the sore heads around town are saying that now probably the Tigers will be down a notch after such a tremendous game and might let Lefors slip up on them. But the truth of the matter is that now they're like a pack of hounds after a big

Stunning Upset Gives Tigers Edge In 2-A Flag Race

McLean's Tigers, pulling off the major Class A upset of the season, stunned the top-ranked White Deer Bucks 14-6, last Friday night to loom as the big gun in the District 2-A circuit.

Playing on the Bucks' home ground, the Tigers, who were pre-pollied as a cellar unit, trailed 6-0 at halftime and then displayed awesome defensive and offensive power in a spectacular second-half performance. It was the first time since 1957 that White Deer had been beaten on their home field.

PIRATES NEXT FOE ON SLATE

Tomorrow night in a home game the McLean Tigers will try again to keep a perfect district slate as they go against the Lefors Pirates at 7:30 a. m. at Duncan Field.

Last week the Tigers emerged the only team in 2A undefeated in conference action after scoring a spectacular upset over the White Deer Bucks, 14-6.

Lefors presently is one of the two teams in the district without a victory to their record. The Pirates have been downed by Sunray, 16-8; Wellington, 8-6; Memphis, 6-0; White Deer, 34-0; Stinnett, 30-0; Clarendon, 22-6; and Canadian, 30-12.

It is significant, however, that although Lefors is winless, they have played close games with some of the football powers in the area.

The Pirates have been hampered by the loss of players from injury, but have lately restored their full team. They are a team growing in strength each week.

The Tigers now stand 6-2 for the season and 4-0 in 2-A. They have scored a total of 134 points compared to 86 for their opponents. Lefors has scored a total of 44 points while its opponents have scored 166 points.

A beautifully manipulated on-side kick gave the Tigers possession again, and from then on it was McLean's ball game.

From the 42 yard line the Tigers moved to the Buck ten. With a third down and five situation quarterback Willingham pulled big one out of his bag of tricks and hit end Don Cash with scoring pass. The try for conversion failed.

In the second half of the game the Tigers completely overwhelmed their opponents. For the two previous games the Bucks had led by 6-0 at halftime and then returned to completely rout their opponents. But with McLean it was a different story. Crockett gained 131 yards for McLean in the second half, compared to 29 for the first half. Burns made 99 yards rushing for the entire game. In total yards rushing the Tigers led by 126 to 212.

The McLean line held the Buck offense within the 25 yard line three times in the first half without a score. In the second half the Bucks never threatened seriously.

The win left the Tigers with a 4-0 record in 2-A, becoming the only undefeated team in the district. With a win over either of the two opponents remaining the Tigers will tie for the district championship, and with victories they will emerge the district champions.

THE YARDSTICK

7	number penalties	4
65	yards penalized	30

Playing outstanding roles in the McLean forward wall that choked the Bucks' highly touted scoring team to only 6 points were guards Jerry Smith and Clyde Windom, tackles Carey Don Smith and Darrel Gibson, ends Don Cash and Tommy Herron, and "Big Bob" Weaver at center. Only Stinnett, the state's top-ranked Class A team, had been able to hold the Bucks to a single touchdown.

In the backfield McLean's Davy Crockett proved himself unable to be stopped. He gained a total of 160 yards for the night in 29 carries. Adding to the bruising offensive action for McLean were halfbacks O. K. Lee and Jimmy Watson, who both played top roles in the ground-gaining department. Kenny Willingham turned in an outstanding game in engineering the Tigers to the important win.

The first score in the game came in the second quarter when the Bucks managed a continuous 60-yard push. The drive was capped from four yards out by Jackie Burns, the highly touted Buck ball carrier. The try for conversion failed, and at halftime the Tigers trailed by 6-0.

In the third quarter McLean gained possession on its own 14, and moved to the 19. Then Crockett pulled off the major play of the night as he galloped 65 yards to the Buck 16. It took the Tigers six plays from there to score with Crockett packing for the final five yards over center. He also ran the conversion to give McLean an 8-6 edge.

A beautifully manipulated on-side kick gave the Tigers possession again, and from then on it was McLean's ball game.

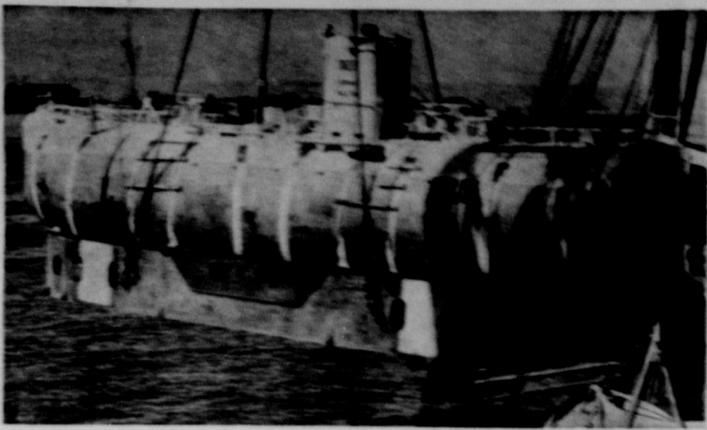

From the 42 yard line the Tigers moved to the Buck ten. With a third down and five situation quarterback Willingham pulled big one out of his bag of tricks and hit end Don Cash with scoring pass. The try for conversion failed.

In the second half of the game the Tigers completely overwhelmed their opponents. For the two previous games the Bucks had led by 6-0 at halftime and then returned to completely rout their opponents. DOWN WE GO—With this blimp-shaped vessel, "Talent," scientists hope to probe deeper yet into the ocean's canyon. Designed by French deep sea experts Agassiz and See Jacques Piccard, the device is being lifted onto a freighter at San Diego, Calif., for a voyage to the 25,000-foot Marianas Trench in the Pacific.

Fire Prevention Theme Is Winner

This is the fire prevention theme which won first place in the Alameda Elementary School in the recent fire prevention theme contest. It was written by Jeanne Harrison, who is in the fourth grade. She received the first prize of \$4.50. Prevention Is Better Than Fire Fighting.

The best way to fight fires is to prevent them. The most important thing to remember to prevent fires is to be careful.

If you are in a burning room, keep calm. Do not panic. Do not try to smother a fire with your hands. Do not try to run. If you discover a fire in a building, run for help or call the fire department or telephone operator.

Be careful when you use matches. Be sure the match is OUT before you throw it away. It is just as well as a well-trained

and well equipped fire department. About half of all fires are caused by carelessness or lack of common sense. One out of ten is caused by cigarettes, matches, and other smoking materials.

Use Don Webb wrote the fire prevention theme which won the second prize in the Alameda school, for which he received a prize of \$2.50. Both Jeanne and Don are in Mrs. Quinlan Rice's fourth grade.

Do not use cleaning fluids recklessly. If your clothes should catch fire don't run. Wrap yourself in a rug or a blanket to lie down and roll. Hot ashes from a furnace should be put in a metal container.

Fires cause the death of about 10,000 persons every year in the United States. They destroy more than \$300,000,000 worth of property in our country annually. For these reasons it is more important to keep fires from starting than to develop means of putting them out. A community must have a good fire prevention program as well as a well-trained

and well equipped fire department.

About half of all fires are caused by carelessness or lack of common sense. One out of ten is caused by cigarettes, matches, and other smoking materials.

News From HEALD

By MRS. NIDA RIPPY GREEN
Mr. and Mrs. K. S. Rippy are in Temple this week. They also visited in the home of their daughter, Mrs. James Kibler, at Jackson.

Dealer, Leila and Heald Methodist churches enjoyed a fellowship supper at Heald on Wednesday night of last week. Rev. and Mrs. H. H. Bratcher of Pampa were guests.

Gerald Tate of Lubbock spent the week end with his parents, the O. O. Tates. A little daughter was welcomed into the Dick Richards home at Leila recently. He is pastor of the Heald Methodist Church.

Week end guests in the homes of Mrs. Nida Rippy Green and the K. S. Rippys were Mr. and Mrs. H. C. Rippy of Fort Worth, Mr. and Mrs. A. C. Rippy of Electra, Mr. and Mrs. H. S. Rippy of Shamrock and Mr. and Mrs. A. R. Skoog and children, Lisa and Jennie, of Borger.

Mrs. Louisa Ladd is visiting in the home of her daughter, Mrs. Dwight Holder, in Amarillo.

NOTICE

Teen Town will be held immediately following the ball game Friday night.

HAPPENED HERE

Taken from the Files of The McLean News, 1918 Samples-Bates

The Old Adage says "Marriages are made in heaven"—perhaps not all—but we sincerely hope that the union of Miss Lettie Bogan and Mr. Lester J. Bates, which took place at the home of the bride's sister-in-law, Mrs. J. Y. Bates, 1936 Fillmore, on Sunday afternoon at 3:30 with Miss Lena May Bates as the officiating minister, was a happy one. Mr. Lester J. Bates, who has met the approval of the sacred bond of matrimony.

Only a select number of relatives and friends of the contracting parties were assembled to witness this almost unique wedding as the bride, dressed in a going-away gown, carrying a shower bouquet of pink and white carnations, entered the room upon the arm of the groom and proceeded to the altar before the altar by their only attendant, Mrs. J. Y. Bates, as matron of honor. The ring ceremony with all its impressive formalities was spoken by Evangelist F. F. Shepherd of the Church of Christ.

Miss Bates is the only living child of W. H. Bates of Tulsa and has an extensive acquaintance in the Panhandle which will be glad to hear of her new found happiness. The future home of the ambitious young people will be at Waco, where Mr. Samples is engaged in the gents' side to menswear tailoring business.—Amarillo Daily News

Persons
People are still giving courtship parties. The following are spending a few days at Leffers: Joe Kibler, Bee Everett, L. F. Coffey, C. J. Cash and Bob Ashby.
Miss Lettie Bogan of Cisco came in Sunday to take the position at the depot, made vacant by Mrs. Emmett Thompson's resignation.

Luckie Rogers came home Friday night from Arizona. Ernest Jordan and wife left Wednesday night for Dallas. He has accepted his old position with the American Exchange National Bank there that he had before being called into service.

Miss Eunice Hollock of Jericho visited at the Arthur Erwin home Saturday and Sunday.
Madame Noel, Shell and Paul went to Shamrock Thursday.

Miss Bertie Fulbright came home from Canyon Tuesday night.

Bryant Henry and wife came in Saturday to visit home folks. Jim Burrows of Amarillo was here Monday on business.
M. D. Bentley and W. T. Wilson attended the box supper at Heald Friday night.
Mrs. T. A. Heart of Hedley was over Wednesday visiting Mrs. H. Moreman.

Jim Harris, John Sparks, M. M. Newman, Millard Anderson and J. R. Phillips motored to Leffers Tuesday to answer roll call. C. Bird and Sam McClain went to Amarillo Saturday.
Mrs. Leon Montgomery and children from the Y. O. U. ranch were here Monday.

Mr. and Mrs. Kid McCoy spent the week end in Amarillo with their grandchildren, Patsy and Billy Kid McCoy.

Mr. and Mrs. Jack Litchfield of Bell Gardens, Calif., are here visiting her sister, Mrs. Truitt Johnson, and family and other relatives.

Best haircuts in town—we have just your size. Peb's Barber Shop.

ATTENDS STYLE

Mrs. Pat Gull of Great Plains Hair Styling School attended the Herring Hotel on Sunday.

Miss Peggy White of Glenda and John, J. D. and Misses Janice and Meacham, Sandra Eunice Stratton were in Monday night to see the Bees and Flying Queens. Wayland Baptist College basketball team at the Queen Bees exhibition game between the Bees and the Queens. The Bees by a score of 41 to 22.

Mr. and Mrs. F. W. Glenda and John, J. D. and Misses Janice and Meacham, Sandra Eunice Stratton were in Monday night to see the Bees and Flying Queens.

A woman barged in on her neighbor one afternoon to borrow a cup of sugar and found her sitting in her darkened living room watching a movie on television.

"Come in," she said—and burst out laughing. "I was just thinking how little things change. Here I am playing hooky from my housework to watch the same movie I played hooky from school to see."

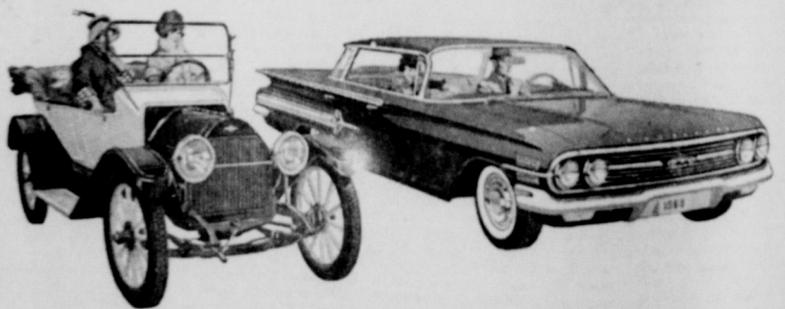

When you "play hooky" from the daily grind to take a week end trip, be sure to come by our station and let us service your car before you leave. You will be glad you did.

Chevron Gas Station
ODELL MANTOOTH

(Although this is addressed to Chevrolet owners, we'd be glad to have you read it, no matter what make you now own or plan to buy. It might well be as interesting and significant to you as to the Chevrolet owner.)

TO THE MORE THAN 16 MILLION PEOPLE WHO OWN CHEVROLETS

The first and the latest—the 1918 and the 1960 Chevrolet. The progress represented here is the result of continuing efforts to make your new Chevrolet always more beautiful, more useful and more valuable in every respect.

You belong to the largest family of owners in the automotive world. We hope you're proud of that. It must give you great satisfaction to know that your judgment in choosing Chevrolet has been confirmed by so many other people.

We know that we can hold your preference and your loyalty only by meeting our responsibilities to you fully and completely from the day you buy your Chevrolet to the day you trade it in. And so we'd like to talk with you about our responsibilities as we see them, and what we are doing to meet them.

Our first responsibility, we think, is clear: To design and build products that satisfy your needs and your wants to the highest possible degree. To that end, we have done these things for 1960:

Made the 1960 Chevrolet more economical, roomier, more quiet and comfortable, easier to handle and maneuver.

Introduced the compact and revolutionary Corvair. Produced a new line of Chevrolet trucks with unprecedented advances in efficiency, cargo handling, driver comfort and ability to get a job done.

But it isn't enough to design and build the kinds of products you want. They must be built right. Solidly. Carefully.

Let us assure you of this: Chevrolet's fine reputation as a solid, well-built, dependable product is being safeguarded by more checks and inspections and tests, than ever before.

Along with your Chevrolet dealer, we want you to have available the finest and most complete service facilities. That is why we: Conduct training schools for Chevrolet dealer mechanics. Study and recommend im-

proved service equipment and techniques. Maintain the industry's most complete parts warehouse system.

Finally, neither Chevrolet nor your Chevrolet dealer has any intention of forgetting you after you buy. To help keep you happy with your Chevrolet, we have established a department new to us, and so far as we know, new to the automobile industry. This is the Chevrolet Department of Owner Relations, whose only job is the coordination of Chevrolet and Chevrolet dealer activities so that you enjoy utmost satisfaction during your entire period of ownership. Through this department, and through all the other extraordinary steps we are taking, Chevrolet and your Chevrolet dealer hope to keep you a happy member of the Chevrolet owner family.

RAILROAD DILEMMA

American railroads are girding themselves for a stormy showdown between management and labor over the issue of "featherbedding" enforced by working agreements with the powerful operating unions. It is a show-down which is long overdue. The sort of "featherbedding" which demands that railroads pay a fireman for riding aboard each diesel locomotive, where he has no fires to stoke, no boilers to tend, and no visible duties at all, is costing, so the roads charge, \$500,000,000 a year. And who pays the bill? The American business man pays a lot of it in excess freight costs and unnecessary delays. And the railroads themselves pay it in lost business. And the American consumer pays it, in the form of increased costs.

There is no excuse in the American system of things for a sort of "made-work" that the railroad brotherhoods are forced on U. S. railroads.

There is a strong suspicion that the railroad management brought these troubles on themselves back in the day of railroading with short-sighted labor policies. It may be true. Certainly a great many non-railroading citizens have taken the attitude for years that railroads have been getting what was coming to them.

But if this has been punishment for past sins, surely railroads have been punished enough.

The struggle between the strict regulation by government on the one hand and the labor union featherbedding on the other, U. S. railroads are in a fair way to be squeezed literally to death.

We think it's time that this major segment of U. S. business is given a reasonable amount of freedom to work out its own salvation, if it can.

We can't see how anybody's interests can be served by Union, Management, or that traditional "innocent bystander," the U. S. Public . . . by the extinction of the railroad industry.—From Canadian Record

ATOM ON THE SEAS

The history of ships has been one of steps forward in the means of propulsion. Over the centuries, oars were the way to sail, sail to coal, coal to oil. With this evolution came changes in design, in the interest of speed, capacity, and overall efficiency and economy.

Now imaginations have been stirred by the application of the atom to ships. The Navy's atomic submarines, beginning with the Nautilus, have been outstandingly successful and have set a pattern for ships of the future. Then, last summer, the first clear-powered merchant ship, N. S. Nautilus, went down the waves.

The American merchant marine, needless to say, is deeply interested in nuclear power. The atomic ships have certain advantages—a saving of weight and space that leaves more room for cargo and payload, higher speed at lower cost, freedom from regular bunkering and the ability to go for years on one fueling. But there are disadvantages and problems too. As of now, atomic ships are far too expensive for commercial operations. And such matters as disposal of radioactive waste, crew training, and insurance coverage are questions requiring much study and operating experience. The point is that it will be some years before nuclear power is a significant practical element in merchant shipping. Our steamship lines will do everything in their power to shorten the time element. Meanwhile, they are continuing a ship building and ship replacement program, in cooperation with the government, that is designed to maintain our position and our prestige in the high seas.

SUGGESTS OF THOUGHT

Heaven is blessed with perfect rest but the blessing of earth is toil.—Henry Van Dyke
Writers seldom write the things they think. They simply write the things they think others think they think.—Elbert Hubbard.

MOON'S HIDDEN HEMISPHERE—At right is the first photo released by the Soviets showing the hemisphere of the moon that hitherto has been hidden from man's eyes. The photo was taken remotely from the Russian satellite Lunik III, and relayed automatically to a receiving station in the Soviet Union. Russian astronomers have named many of the

newly discovered craters, seas (believed to be dry), and mountains. At left is a conventional telescopic photo of the moon. Overlapping section of the Russian photograph is indicated by dotted lines. Previously named landmarks are indicated on both photos in italics. New Russian names on the "hidden" side are generally to the right of the dotted line.

New Frigidaire Products on Display

New high standards of convenience, function and styling elegance have been achieved by designers of Frigidaire's 1960 home appliances, according to Howard Williams, Frigidaire dealer here.

First showing in this locality of stylish new refrigerators, featuring Frost-Proof freezing systems, and electric ranges with two pull-out ovens, is scheduled for Nov. 6 in the showrooms of Williams Appliances store at 319 N. Main St., he announced.

Latest styling idea for appliances, he pointed out, is Frigidaire's new sculptured sheer look. Sophisticated, yet completely feminine—gem-like in appearance, but strictly functional—the new design is a superb blend of classic, rounded-up styling lines combined with a decorative touch of new open-circled filligree and subtle metal sculpturing in doors and base panels. The clean, uncluttered architectural lines, so popular in today's kitchens, have been retained in the new appliances by Frigidaire stylists.

Highlighting important advancements in the 1960 Frigidaire household refrigerators are four Frost-Proof refrigerator-freezer models in which messy defrosting is completely eliminated and extra storage space provided for food packages. The remarkable Frost-Proof system provides true frost prevention, even in the freezer

section, instead of permitting frost to collect, then melting it away. None of the complexities of the freeze-thaw-freeze routine of ordinary automatic defrosting systems are present in Frost-Proof freezing.

Newest Frost-Proof unit is a 13-cubic-foot 2-door Imperial model with roomy freezer across the bottom. In addition there is a 15-cubic-foot 2-door Imperial Frost-Proof refrigerator-freezer, plus two other frostless 13's.

All refrigerators in the 14-model line are equipped with a new magnetic seal which silently pulls the door shut, hugging it tight against the cabinet sealing surface.

**Artist Women
Mission Study
Luncheon**

Members of the WMU of the Baptist Church met Tuesday for mission study and luncheon at church.

Lesson topic was Korea and following program was given: group sings "O Worship King"; Betty (Thacker) and (Hicks) read responsively; (Price) introduces the program; Pauline (Miller) pictures worship in Korea; prayer giving.

Thanksgiving luncheon was held by 54 persons. The giving motif was carried in table decorations of fall and leaves.

Following the meal the program continued: Rae (Simpson) Korean history—national denominational; Willma

(Banks) gives 8 refugees; Joann's (Miller) music is special, consisting of Korean songs; Lillie Mae (Williams) tours hospitals and schools; Mary (Howard) peeks in on a Korean church service; and Juanita (Smith) suggests family altars.

Mr. and Mrs. Bill Criss and Mr. and Mrs. David Frezzill of Lockney spent the week end with their parents and grandparents, Mr. and Mrs. Enloe Crisp.

Mr. and Mrs. V. B. Reagor of Lubbock and Mr. and Mrs. C. C. Mead of Pampa visited their parents, Mr. and Mrs. T. A. Landers, Sunday.

Mrs. Watler Gorak of Royal Oak, Mich., recently spent two weeks with her parents, Mr. and Mrs. P. L. Ledgerwood.

The McLean News
SOCIETY

**Music Clubs Meet
Friday, Oct. 23**

Double Sharp
The Double Sharp Music Club met in Mrs. Boyett's studio Friday, Oct. 23, at 4 p. m.

The following officers were elected: Margie Pakan, president; Joyce Saunders, vice president; Beth Dalton, secretary; Beverly Lawson, assistant secretary; and Mrs. J. O. Coleman, reporter.

Beth Fultz, Wayne Klucas and Janet Middleton were welcomed as new members.

The following appeared on program: Sarah Coleman and Keith Watson played six memorized selections; Martha Drum, Linda and Jeanne Allen, three each; Beth Dalton, Trudy Fultz, Martina Giesler, Beverly Lawson, Debra McClellan, Margie Pakan and Joyce Saunders, two each; Beth Fultz, Wayne Klucas, Janet

Middleton and Judy Watson (a visitor) played one solo each.

Musical Dozen
The Musical Dozen met at 5 p. m. with Janice Saunders, retiring president, in charge. New officers elected were Sandra Baker, president; Betty Dilbeck, vice president; Dixie Jo Burroughs, secretary; Nancy Hess, assistant secretary; and Janice Saunders, reporter.

Elaine Baker, Sharon Sitter, Ann Terry and Eddy Windom from the Double Sharp Club, and Kay Hall, a new member, were welcomed.

Sharon Sitter was presented a year pin.

Betty Dilbeck played four numbers; Elaine Baker, Sandra Baker, Nancy Dickinson, Donna Fultz, Linda Guill, Janice Saunders, Sharon Sitter, Ann Terry and Eddy Windom played two numbers; Dixie Jo Burroughs, Carol

Lawson and Nancy Hess played one number each.

Mesdames Ernest Watson, J. O. Coleman, Clarence Drum, O. L. Tibbets and Willie Boyett served refreshments to 30 members and 25 guests at the intermission.

The higher ratings for October are: Linda Allen, Sarah Coleman, Keith Watson, Donna Fultz and Linda Guill, superior and "Sp R"; excellent and "Sp R," Martha Drum, Trudy Fultz, Janet Middleton, Margie Pakan, Nancy Dickinson and Betty Dilbeck.

Mr. and Mrs. Bob Black returned recently from a two-weeks visit with their daughter, Mrs. Larry Edwards, and family in Farmington, N. M. They also spent three days with their son, Bobby, in Pampa.

Brenda and Lee Myatt of Amarillo spent three days last week with their grandmother, Mrs. C. A. Myatt. Mrs. Myatt returned them to their home Monday and visited a few days.

Mrs. Gordon Billingslea spent last week in Jacksonville, Fla., with her son and his wife, YN3 and Mrs. Max Reimer, and new son, Justin Carl.

ON THE PRICE OF PRESCRIPTIONS

- A 1960 automobile is not too expensive for the person who can afford it.
- A bicycle is too expensive for the person who can't afford it.
- A person can walk and get to his destination slowly.
- A person can ride a bicycle and get to his destination somewhat faster.
- A person can drive his 1960 auto and get there very fast.

..... and so it is with sickness!

You can get well very quickly with modern medication, but it, like the automobile, by its very nature, must come at a comparatively high price.

The doctor could undoubtedly give you a lower-priced medication, but it, like the bicycle, would give your health back at a very retarded pace.

CAN WE LOSE OUR FREEDOM?

Rev. and Mrs. J. Edwin Kerr were in Wagoner, Okla., during the week end for the 60th anniversary of the Wagoner Presbyterian church. Rev. Kerr, a former pastor at Wagoner, had charge of the morning services and assisted with the dedication of a new Sunday school annex at the evening service.

CARD OF THANKS

I want to express my sincere gratitude for the flowers, cards and other expressions of friendship during my illness. It has been much appreciated. Felix Jones

Mrs. J. B. Pettit returned home Sunday following an extended visit with relatives in East and South Texas.

We appreciate your business! Peb's Barber Shop.

Mr. and Mrs. W. M. Rhodes were in Pampa Sunday visiting their son, Avid Rhodes, and their granddaughter, Mrs. Norma Hansen, in Worley Hospital.

a letter to the people

I wish to thank each of you citizens at McLean who so graciously offered to loan Marie Foundations the money, without interest, to construct an addition to our factory. It was a most kind and generous offer, and very typical of the fine people in McLean.

When the time comes for such an expansion, I may avail myself of this opportunity. However, I would not think of accepting such a loan without offering security, and paying interest on the loan, to each and all of you.

Thanks again to the wonderful people in this community.

Cal Fraser

THAT'S HOW IT GOES—What's going on in the mind of this disgruntled motorist is anyone's guess, as he stands in silence next to a policeman writing him a traffic ticket on New York's Fifth Ave.

PERSONALS

Mr. and Mrs. C. E. Peshody spent the week end visiting with relatives in Clarendon.

Mrs. Frank Rodgers and daughter, Chris, were in Panpa Saturday on business.

Mr. and Mrs. A. L. Grapby took their daughter, Mrs. Owen Rhea, and son to Abilene Saturday. They were met there by Mr. Rhea who returned his family to their home in Austin.

Mrs. Guy Hedrick of Lefors spent one day last week with her sister, Mrs. J. W. Meacham, and family.

Mr. and Mrs. A. P. Alexander of Amarillo visited his mother, Mrs. J. Alexander, Sunday evening.

R. L. Angle of Amarillo spent the week end recently with his aunt and uncle, Mr. and Mrs. N. B. Ramey.

Mr. and Mrs. Jack Humphreys of Shamrock visited Mr. and Mrs. George Humphreys Saturday.

Mrs. Mildred Grapby spent the week end visiting relatives in Borger.

Mrs. Eddie Clemons and son and Mrs. Emile Smith of Lefors visited in the Boyd B. Smith home Monday.

Area Observations

DON EARNEY in WHEELER
 TIMES: A lady was bitten by a
 mad dog and was advised to
 make a will because there was
 the possibility of rabies. She
 wrote furiously for two hours.
 "It looks like an unusually
 long will," her lawyer said.
 "Will? Who's writing a will?"
 she snapped. "That's a list of
 people I'm going to bite."

WELDON LACY in OLNEY
 ENTERPRISE: My apologies to
 people of Scottish descent, but it
 just so happens that the best two
 jokes we ran across this week
 were about Scots.
 One goes:
 "Ye saved me from drooning,
 laddie," said Macpherson. "And
 I wad gladly gie ye a quarter,
 but I've only got a 50 cent piece."
 "Never mind about that," re-
 plied his rescuer. "Jump in
 again."

The other is about a Scot who
 was engaged in an argument with
 a conductor as to whether the
 fare was five or ten cents. Finally
 the disgusted conductor picked up
 the Scotsman's suitcase and toss-

ed it off the train, just as they
 passed over a bridge. It landed
 with a splash.
 "Mon!" screamed Sandy. "Isn't
 it enough to try and overcharge
 me, but now you try to drown
 my little boy?"

A friend says the most use-
 ful training he received during
 four years in college was the
 proper method of opening a beer
 can to keep the contents from
 spewing. He might have added
 with implicit veracity that his
 knowledge functions better if
 someone else furnishes the beer.

Mrs. Allie West has moved to
 McLean from Amarillo. She will
 make her home with her mother,
 Mrs. C. B. Trew.

Through our doors pass the
 best groomed men in town. Peb's
