S. A. Cousins Purchases Interest In Insurance Firm

A announcement was made this week of the sale of an interest in the Boyd Meador Insurance Agency to S. A. Cousins.

As manager, Mr. Cousins will operate the firm under the name of S. A. Cousins Agency.

Eth Boyd and Viola Meador will remain affiliated with the office, devoting time mainly to real estate.

Mr. Cousins has been working for the Boyd Meador Agency for the past several years.

Parking Rules Changed For Grade School Area

Notice has been given of a change in parking regulations on the area directly in front of the McLean grade school building on Main Street.

During the past week the city has painted an area of the curb yellow in front of the building and parking in this area will be prohibited.

The move was made due to congestion in the street before and after school, causing many of the students to enter the street between parked cars. To eliminate this hazard the no-parking area was designated.

Cowboys, and then moved to Arizona where he guided the Sun Devils for four seasons. He recently took the post at New Mexico.

ATTEND LIONS MEET

Jim Hathaway, John C. Haynes, W. C. Simpson, Creed Lamb and Mr. and Mrs. Boyd Meador attended the Lions mid-winter conference in Amarillo Sunday.

The meeting was held at the Herring Hotel, with a number of Lions dignitaries present. The meeting was adjourned for church services.

Tigers Win One; Lose One In 2-A

McLean's Tigers halved the week in 2-A basketball as they fell to the White Bucks, 55-48, and then downed the Memphis Cyclone, 33-23.

After the first three encounters of the district slate, the Tigers of Coach Darril Christian have won one and lost two.

In the game with the Bucks Murrill Hill led the team with a total of 17 points, followed by Billy Crockett with 15 and Bennie Woods with 8. Jimmy Watson scored 5 and Frank Worsham accounted for 4.

The Tigers hit 22 from the field against the Bucks and added four from the free throw line.

Against the Cyclone, Hill again paced the scoring attack, dropping 16 points for the McLean squad. Worsham ranked second with 8 points and Crockett followed with 5 points.

For the season the Tigers have now compiled a 14-3 record. Next game will be at home tomorrow night when the Tigers meet Panhandle.

Although Governor Bradford set aside only one day, Dec. 13, 1621, as Thanksgiving Day, the World Book Encyclopedia reveals that three days were spent in feasting and prayer.

Thanksgiving Day in Canada is not strictly a legal holiday. According to the World Book Encyclopedia, Thanksgiving depends each year on a special government proclamation.

SERVICES HELD FRIDAY FOR MRS. WINDOM

Funeral services for Mrs. Annis Windom were conducted at the First Presbyterian Church Friday, January 9. Rev. J. Edwin Kerr and Rev. Gerald Hill officiated. Burial was in Hillcrest Cemetery under the direction of Richerson-Lamb Funeral Home.

Mrs. Windom was born in Lamar County January 12, 1879. She married K. E. Windom July 6, 1904, at Granite, Okla.

The couple moved to McLean in 1920.

Mrs. Windom died at her home in McLean after being in poor health for a number of years and seriously ill for 10 months. She had been a faithful member of the Presbyterian church for over 40 years.

Survivors include her husband, a retired carpenter; a daughter, Mrs. Barbara Hambricht of McLean; a son, Millard of Clarendon; a sister, Mrs. J. H. Carothers of Granite, Okla.; a brother, Milton Armstrong of Lancaster, Calif.; five grandchildren and two great-grandchildren.

LIKE GOOD WILL IN FELLOWSHIP?—The original 37-voice, radio-famous WINGS OVER JORDAN choir has bestowed its name upon three good will choirs of 9 voices each. This was done for two reasons—to give more people an opportunity to hear beloved Negro music at its best; and, secondly, to create good will through fellowship among America's two dominant races. Hear this choir at the McLean Methodist Church Jan. 29.

Meeting Set For Businessmen Jan. 19

A meeting has been called of all businessmen of McLean at the City Hall Monday, Jan. 19, at 7:30 p. m. for the purpose of discussing the shortage of employees for Marie Foundations.

At present a total of 50 vacancies must be filled at the foundations factory, and plans will be made at the meeting for alleviating this shortage.

The factory, since its inception in McLean, has played a major part in the growth and prosperity of the city through its annual payroll, which has grown steadily.

This shortage of personnel can seriously hamper the expansion of the factory and in turn will lessen the continual growth of the city.

Junior High Boys Defeat Shamrock

The McLean Cubs defeated the Shamrock Juniors in Shamrock last Thursday night by the score of 20-13. The junior Irish were held scoreless until late in the second quarter.

This Thursday night at 8:00 the boys will play the Kellerville juniors in the first boys' game of the Kellerville tournament.

The boys have played 13 games to date and dropped only two. Season record is as follows:

McLean 50—Amreod 19
McLean 32—Kellerville 13
McLean 28—Shamrock 30
McLean 44—Lefors 13
McLean 40—Erick, Okla., 25
McLean 23—Pampa 16
McLean 30—Allison 28
McLean 17—Lefors 19
McLean 43—Hartley 15
McLean 35—Kellerville
McLean 25—Shamrock 23
McLean 32—Lefors 20
McLean 20—Shamrock 13

One of the major plans now underway is the establishment of an extremely reasonable all-day nursery, which will allow ladies with small children to take many of the jobs available. The nursery will serve one hot meal each day and will be operated by competent management.

Other plans are tentatively being made and will need the support and endorsement of business men in McLean.

All persons are urged to attend the meeting for the outlining of these plans.

Also, all ladies interested in the nursery are asked to fill in the form on the ad appearing on page three, and send it to the Boyd Meador Insurance Agency.

JH Girls Fall To Irish, 20-9

The McLean junior girls lost their game to Shamrock, 9 to 20, last Thursday night.

The junior girls team started the season with only three girls who had played any ball last year. The girls have improved with each game and are learning a lot of basketball. They have played 11 games, winning only two of these. The games they lost were usually very close.

Their season record is as follows:

McLean 25—Alanreed 30
McLean 29—Kellerville 30
McLean 16—Shamrock 19
McLean 13—Kelton 18
McLean 34—Lefors 32
McLean 18—Erick, Okla., 20
McLean 25—Lefors 20
McLean 11—Hartley 24
McLean 20—Lefors 24
McLean 18—Lefors 27
McLean 9—Shamrock 20

The McLean girls kick off the Kellerville tournament tonight at 7:00 when they meet the Kellerville girls.

Coffee Days Set To Boost MOD Drive

Plans were "percolating" this week for March of Dimes coffee parties in McLean aimed at raising funds for the new health goals of the National Foundation, Gerald Hill, local director, has announced.

Proceeds from the coffee parties will help combat arthritis, birth defects, virus diseases and disorders of the central nervous system, in addition to supporting continued aid to polio victims, Hill said.

The campaign director said that in the field of arthritis and rheumatism, fully 11 million people are affected and that some 250,000 infants are born each year congenitally malformed. He added that National Foundation chapters still have 50,000 polio

patients on their patient aid rolls.

This year, he said, the National Foundation anticipates coffee for the March of Dimes to raise much more money than last year. With this in mind, he added, the following businesses on Tuesday, Jan. 20, will donate coffee proceeds: Brown's Rexall Drug, McLean Cafe, City Hall.

Individuals are invited to have coffee parties in their homes or places of business for friends and neighbors. It has been suggested that hostesses for the various clubs of the community charge for refreshments, giving the proceeds to the campaign. So, everyone, mugs up! for the March of Dimes!

OPENING HELD FOR NEW C-C BUILDING

The open house at the church of Christ in McLean was a success. A number of new records were made, with many old friends of the congregation returning, and new ones coming to help celebrate the opening of the new classroom unit.

Two hundred and forty-three attended the Bible study with some of the classrooms being filled to overflowing. The auditorium was nearly filled to capacity for the morning worship and the afternoon singing. About 300 assembled at the American Legion Hall for the dinner together.

Many guests from the surrounding area as well as in the city new unit in the afternoon. Everyone was well impressed with the new facilities. All of the new unit is put into immediate use for classes and only two

classrooms in the older part of the building are not in use at the present time.

Another feature of the work is the Training for Service course taught by Mr. and Mrs. Wilbur Hill of Wichita, Kans. This course is continuing all week at the church through Friday night. Special emphasis is being given to better methods of teaching God's word.

FARM AND RANCH TAX BOOK AVAILABLE AT COURT HOUSE

The popular Farmer's Tax Guide, informational booklet on farm and ranch income tax matters, is now available at the Gray County Extension office, first floor court house, according to County Agent Ralph Thomas.

Printing points out Thomas, has been delayed due to changes made in the tax laws by Congress. Thomas calls attention to several important changes which have been made in the tax code. An additional 20% first year depreciation write-off is now allowed on new machinery and equipment with a limit of \$10,000 set for such purchases on an individual return, or \$20,000 in the case of a joint return.

Casualty losses or uninsured business property are now deductible as ordinary income losses, says Thomas. In the past if a farmer lost a barn by

fire or storm, the deduction for any uninsured loss was offset first by capital gains. The loss is now reportable on Schedule F the same as depreciation and other business expenses.

Too, the law now permits a farmer to carry an "operating loss" for three years instead of two. Thomas points out that this permits a loss in 1958 operations to offset 1955 income on which no tax was paid.

Thomas urges all agriculturists to keep their "business fences" in top shape, and consult a representative of the Internal Revenue Service or a competent tax accountant on important tax questions. Thomas says that interested persons may either stop by his office and pick up a copy of the Tax Guide or drop him a card and he will mail the publication.

SOUTHWESTERN PUBLIC SERV. TO EXPAND DURING 1959

The Southwestern Public Service Company will spend more than \$14,000,000 in 1959 for new equipment and extensions and additions to their electric system, A. R. "Lon" Watson, executive vice president and general manager of the electric light and power company, announced today.

Watson also revealed that because of the continued growth in the company's 45,000 square-mile service area, a long range construction program has been proposed which would see a total of approximately \$90,000,000 invested in the territory in the next five years.

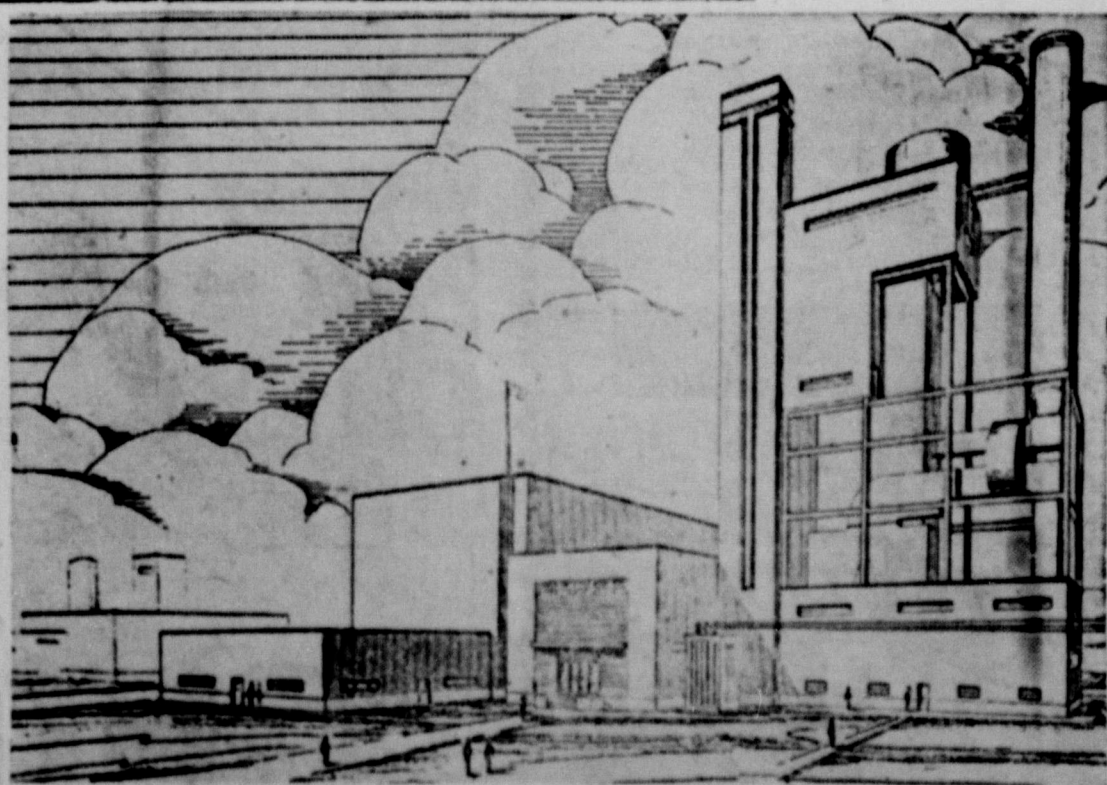

"The public utility business is different than any other, in that we have no direct control over our own growth. We grow as the territory we are privileged to serve grows. Every economic consideration indicates that this

country is going to continue its progress, and we are planning now, as we must to keep up with this growth, the expansion that we will undertake in the next five years," Watson said.

Earlier this year, Southwestern Public Service Company announced it was building a 12th electric generating station to be located northwest of Amarillo. Continued work on this project in 1959, is a major item in the construction budget for the new year, and how much more use for electricity will have a capability of 150,000 horsepower, will be completed in 1961.

"How this territory has grown, mission equipment must be planned service the people of our area have found, is probably best illustrated by our increase in generating capability," Watson

(Continued on page 7)

Above is a sketch of Southwestern Public Service Company's twelfth electric generating station, now under construction. With a generating capacity of 150,000 horsepower the new station is part of the company's construction program in the area serving McLean which will see an investment of \$90,000,000 in new facilities.

Pat Crisp and David Frizzell Wed in Lockney

Miss Patricia Ann Crisp became the bride of David Bertrand Frizzell in a candlelight ceremony on December 29 in the Lene Star Baptist Church.

The bride is the daughter of Mr. and Mrs. Bill Crisp of Lockney and the bridegroom is the son of Mr. and Mrs. Jack Frizzell of Lockney.

Rev. Temple Lewis read the double ring ceremony before an archway entwined with white mums and greenery and a white satin-covered kneeling bench flanked by two candelabra on

each side. Pew markers were white candles tied with white satin bows.

Mrs. Clyde Farish played the traditional wedding music and accompanied Miss Gayle Rucker who sang "At Dawning," "Thine Awaiting" and "The Lord's Prayer."

Given in marriage by her father, the bride wore a gown of tulle and lace featuring a sabrina neckline edged in scallops and long sleeves. The ball-train length skirt had alternate tiers of pleated tulle and lace, falling into a sweep in the back. Her shoulder length veil of French illusion was attached to a sequin and pearl tiara. Her bouquet was of white orchid and white carnations.

Miss Jackie Frizzell, sister of the bridegroom, was maid of honor. Bridesmaids were Donna Workman, Pat Buchanan and Eleane Baxter. Junior bridesmaid was Mary Frizzell, sister of the bridegroom. They were all dressed in identical light blue gowns with royal blue hats and gloves. They carried colonial bouquets of white carnations flecked with tiny blue wedding bells.

Pat Frizzell, uncle of the bridegroom, served as best man. Groomsman were Larry Jarrett, Gene Handley, Donald Farish and Duane Griffith. Junior groomsman was Tim Hartman.

Mrs. Crisp chose for her daughter's wedding a blue wool suit with matching accessories. Mrs. Frizzell wore a gray wool suit and black accessories. Both mothers wore white carnation corsages.

A reception was held in the church following the ceremony. The couple was assisted in receiving by Mrs. Larry McCormick, Misses Jody Pate, Carla Crisp of Dallas, cousin of the bride, Dee Dorman, Marjorie Lacy, Debra Ferguson and Pat Vanek.

The bride's table was covered with white linen and beautifully appointed with crystal. The bouquets of the bride's attendants and white tapers added to the table arrangement. The three-tiered wedding cake was topped with a miniature bride and groom.

After a short wedding trip the couple is at home on Route F, Lone Star community, where the groom is engaged in farming. The bride attends Lockney High School and plans to finish in the summer. The bridegroom is a 1957 graduate of Lockney High School.

Mr. and Mrs. Enloe Crisp of McLean attended their granddaughter's wedding.

Methodist WSCS Continues Study

The W. S. C. S. met Wednesday morning, Jan. 14, in the parlor of the Methodist church.

Mrs. Longino directed another lesson on Isaiah, assisted by Mesdames Peabody, Rhodes, Hess and Dickinson. Mrs. Day led in prayer.

Those present, other than the ones on program, were Mesdames W. E. Bogan, Charlie Carpenter, Phil Brown, Luther Petty, J. A. Sparks, Rolena Bradley, Earl Eustace, J. E. Kirby, Madge Page, Allie Herron and E. L. Sitter.

All women of the church are urged to attend this study.

Mr. and Mrs. E. B. Loftin, Mr. and Mrs. Olin Castleberry and children, Olin Nase and Ella Sue, Mrs. Kenneth Henson and son, Ricky, and Miss Rosa Loftin of Clarendon visited Mrs. Georgia Durham and family and Mrs. Kinneith Hambright and family Sunday.

Centennial Club Meets Friday With Mrs. Paterson

The annual anniversary luncheon of the Centennial Embroidery Club was observed on Jan. 9 at the home of Mrs. M. H. Paterson, with Mesdames Homer Abbott, Howard Williams and R. B. Kinard as assistant hostesses.

Fruit punch was served in the living room, where the doors to the dining room opened and the guests viewed the beautiful table laid with lace over pink centered with a large pink bowl topped by an infant doll symbolizing the new year. Place cards with ribbons attached led to the bowl and at the end of the ribbons was a lovely apron, a gift of the hostess.

The menu consisted of roast beef with gravy, creamed potatoes, broccoli with sauce, cranberry salad, pickles, olives, hot rolls, coffee and tea, strawberry ice cream and angel food cake.

After an hour of visiting, a business session was held. The past year's business was closed and the following officers were elected to serve for 1959: president, Mrs. C. B. Peabody; year book chairman, Mrs. Earl Stubblefield; secretary-treasurer, Mrs. Dick Dickinson; and reporter, Mrs. Howard Williams.

Those present were Mesdames Byrd Guill, Will Bogan, G. Gilreath, C. B. Peabody, Chas. Cortis, Elmer Kirby, Earl Stubblefield, Newt Barker and the hostesses.

The next meeting will be in the home of Mrs. Byrd Guill on January 23.

Faith Circle Meets Tuesday

The Faith Circle of the Methodist church met Tuesday at 9:30 a. m. in the church parlor.

Mrs. Loyce Sherrod, president, conducted a short business session. Mrs. Margaret Coleman was appointed program chairman for the joint meeting to be held on January 28.

A very interesting program on "Literacy and Christian Literature" was given by Loyce Sherrod. The devotional was from Luke 4:16-21.

Coffee and cake were served by the hostess, Mrs. Mary Eustace, to Mesdames Ida Mae Dickinson, Margaret Coleman, Ella Longino, Ruth Ellen Riley, Mary Mertel and Loyce Sherrod.

Baptist Circle Meets Tuesday

The Rowden circle of the Baptist W. M. U. met Tuesday in the home of Mrs. Homer Abbott.

Mrs. Bunia Kunkel offered the opening prayer and Mrs. Tibbets presided at a short business session.

Mrs. L. F. Giesler gave the mission lesson on the work being done with the people speaking foreign languages in California.

Mrs. Abbott gave the closing prayer, and served refreshments of spiced tea, cake and sandwiches to Mesdames Arnold Sharp, B. O. Bybee, Bunia Kunkel, L. F. Giesler and Oscar Tibbets.

Mr. and Mrs. Cliff Day visited during the week end in Plainview with her sister, Mrs. Marie Oldham, who is hospitalized because of a broken hip.

Pound Cake Is Tasty With Well-Brewed Tea

Old-fashioned pound cake loaf, brandy-flavored dates and spiced lemon slices are fine accompaniments for tea. Be sure that tea is prepared correctly for this traditional treat.

Some time ago, at the Newspaper Food Editors Conference in New York, there was a "Boston Tea Party" given for the visiting food experts.

First, everyone was shown how to make a really fine cup of tea: Use one teaspoon of tea or one bag for each cup. Use water that is boiling. Brew three to five minutes. Scald pot or cup before making the tea.

Old-fashioned pound cake, brandied dates and other tastemakers were served.

teaspoon mace, 1 cup butter, 1½ cups sugar, 1 teaspoon vanilla extract, 3 eggs, unbeaten; ½ cup milk.

Heat oven to 350 degrees Fahrenheit. Grease a three-quart ring mold on bottom and sides. Sift flour, baking powder, salt and mace three times.

In a large electric mixer bowl, with mixer at medium speed or "cream," mix butter with sugar and vanilla, then with eggs until very light and fluffy, about four minutes altogether.

Then, at low speed, or "blend," beat in flour mixture alternately with milk in small amounts, beating well after each addition. Bake in greased 10x5x3-inch

loaf pan at 350 degrees Fahrenheit one hour and ten minutes, or until done.

Serve as is, or dust with confectioner's sugar.

Brandied Dates (About 1½ quarts)

Two pounds packaged dates, 1 pound brown sugar, packaged; 1 pint water, ½ to 1 cup brandy flavoring.

Pour boiling water over dates and let stand one minute. Drain dates; remove skins and pits.

Bring sugar and water to boil; add dates and simmer five minutes. Add brandy flavoring and turn into clean, hot jars.

Seal and store in cool place at least 10 days before using.

Wesleyan Guild Meets Monday

The Wesleyan Service Guild met in the Methodist church parlor Monday, Jan. 12. The business meeting was conducted by President Sue Cubine. Lois Page led the study on "The Cultures."

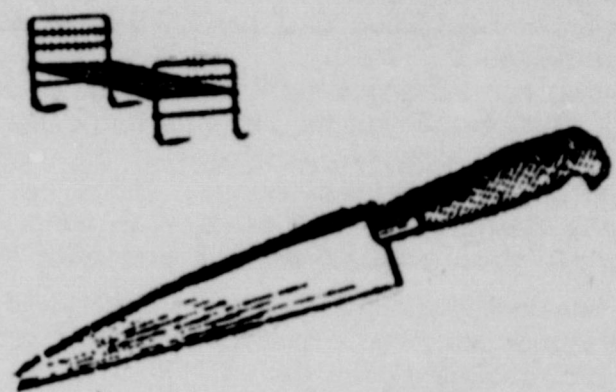

Refreshments were served by the hostess, Naomi McCarty. Members present were Fern Beyd, Dorothy Andrews, Maybell Nash, Bessie Hamilton, Isabel Cousins, Lucille Gething, Maude Ponder, Sinclair Armstrong, Lois Page, Allie Mae Herron, Loree Brown and Bonnie Fabian.

Mrs. Mildred Grigsby spent the week end in Borger visiting with her children.

Mrs. Sherman White and Mrs. Dwight Upham of Pampa visited in the Wilson Boyd home Sunday.

Mr. and Mrs. Harold Clement of Littlefield visited her parents, Mr. and Mrs. N. A. Greer, Sunday.

Mrs. Virgil Reagor and Mr. and Mrs. Jimmy Hall and children, Jay, Julia and Mary Jane, of Lubbock spent the week end with Mr. and Mrs. T. A. Landers.

SHARP RELIEF

Midwives used to put a knife under the bed to "cut the pain" of childbirth. Sounds foolish, nowadays. But then, we're lucky. We have many wonderful pain-relieving drugs... other powerful medications, too. When you're ill, take advantage of the newer, effective medicinals. Seek your physician's advice... he's the only one qualified to prescribe for your health. Then, if he recommends medication, come to us for prescription service.

NOTICE

To ladies with small children who would be interested in reasonable ALL-DAY NURSERY

This nursery has been tentatively planned in order to allow many women the opportunity to work during week days. The need of employees at Marie Foundations has become acute, and positions must be filled in the near future.

If established, the nursery will furnish one hot meal each day with rates very reasonable.

All persons interested are asked to sign their name in the blanks below and mail or bring to Boyd Meador Ins. Agency.

The establishment of the nursery will depend on response to this ad.

TAPS ARE TOPS

Our county's TAP leaders have met this week and drawn up a full schedule of activities for the January March of Dimes. TAPS, of course, are the young people who run the Teen Age Program of the local chapter of the National Foundation.

They used to be called Teens Against Polio. That was before the success achieved by Dr. Salk's vaccine, when there was no way to prevent paralytic polio. Now both the National Foundation and the TAPS have widened their activities.

The two name-changes mark a milestone in medical history. They mean that the National Foundation, with the help and support of Americans of all ages, has attained one goal, a polio vaccine. Today the March of Dimes has new goals in addition to polio: all-out attacks on virus diseases, arthritis and birth defects.

The National Foundation wisely has retained its young people's program. Young people are among its most active and dedicated volunteers.

From what we've seen of our county's TAPS, we think they are "tops." After talking with some of the kids working in TAP, we believe those letters stand for Talent, Ability, Persistence.

The boys and girls in TAP are good-looking, they're hard workers, they're enthusiastic—all of the wonderful qualities we associate with being young and sincere.

Our kids have decided to join TAP. We hope they meet YOUR kids at their meetings.

ONE WONDERS

A great many people, from President Eisenhower on down, have said that this will be a big-spending Congress—substantially bigger, even, than its immediate predecessors. That view is based on the fact that numbers of successful candidates for Congress, governorships, and state legislature have "big government" philosophies, and advocate enlarged programs of public works, welfare, and so on.

The view, therefore, is understandable. Yet, one wonders.

The operative phrase here is "general principle." The voters, for the most part, approved big-spending policies of a general and non-specific nature. Yet in state after state those same voters decisively voted down specific ballot measures, carrying definite price-tags which would have made government bigger and swollen budgets and taxes.

In sum, the voters seem to like the idea of an ever-increasing flow of manna from the seats of government. But when it comes down to cases, they don't want to sign the checks.

This attitude can't go on forever. The American people will have to decide not only what they would like to have, but what they're willing to pay for.

Corporation. The idea is to establish a regional, federal corporation with a self-financing provision similar to plans proposed for the Tennessee Valley area. The pro's and con's of the regional corporation concept have been aired in public hearings from Oregon to Montana. The bulk of the testimony and debate has centered around the economic question of how to achieve maximum industrial development with the federal government and taxpayers playing the role of backstop. However, there is something far more important than economics that should be considered in a federal regional corporation. A spokesman for the American Farm Bureau Federation points out that the bureau "opposes this bill, regardless of its benevolent purpose. . . . It sets up a federal agency with authority to dominate the electrical field and hence the industry of the Northwest, and it accentuates encroachment of the federal government into areas of responsibility of state and local agencies."

Whenever the people of a country, and the United States is no exception, become preoccupied with their economic interests to the point where they lose sight of the principles and measures necessary to sustain self-government, their days of freedom are numbered.

Congressman Rogers Reports— TO THE PEOPLE

IT'S THE LAW IN TEXAS

BUSINESS ORGANIZATION

The law allows a business a wide choice of ways to set itself up to finance and manage itself. You may have sole ownership, partnerships, joint ventures, corporations; and within these classes you have many different forms. To meet modern business conditions, to get full tax advantage, and to protect investors, for example, the law provides many ways for a company to finance itself. And these, in turn, influence the kind of management it can have, and the way it conducts its affairs.

We sometimes speak of "stocks and bonds," for example, as if they were one and the same. But when you buy a share of stock in a company, you "own" an "undivided" part of everything it owns, but no particular piece of its property.

But what do you have when

you buy a corporation's bond or debenture? You own nothing of the company. Instead you are lending money which it promises to pay back with interest when your bond matures.

Unlike a stockholder, a bondholder as a rule has little to say directly about who manages and how he manages the company. Remotely a bond buyer by withholding or lending money may influence a company's ability to expand. The bondholder gets only his interest payments, which come before the stockholder's dividends, since takes less of a risk than the stockholders.

Thus if the corporation quits or goes bankrupt, it must pay the bondholders off before the stockholders get anything.

Where does the "preferred stock" come in? As a rule, preferred stockholders collect a fixed dividend—after the bondholders are paid but before the "common" stockholders get any-

Veteran Information

Q—About a year ago I told VA to hold the dividends on my GI insurance to my credit. If I don't pay the quarterly premium due next month, will the VA deduct it from those dividend credits?

A—No. VA is not permitted to withdraw a quarterly premium from your dividend credit without your written consent. The VA, however, will withdraw monthly premiums to keep your insurance from lapsing.

Q—I receive a pension from VA, and last year I sold a plot of ground I owned and bought another. I made a small profit on the sale. Must I report it, in reporting 1958 income for VA pension purposes?

A—Yes. The law says that your net profit on the transaction must be reported, which would be the profit you realized after deducting all expenses incident to the sale.

Q—When does the new law permitting Korea veterans to convert "RS" term insurance policies go into effect?

A—The law permitting holders of Korean conflict term policies with the initials "RS" before the policy number to convert to one of VA's permanent plans went into effect January 1, 1959.

Q—The VA recently liberalized its regulations affecting veterans whose schooling had been interrupted, and permitted re-entry

on training in many cases. Does anything in this liberalization apply to a student expelled for misconduct?

A—No. If Korean GI training is interrupted or discontinued for misconduct, and the school refuses to re-admit the veteran, the law denies him all further GI training.

Bible Comment:

Here's Why Scribes Resented Jesus' Accusations

It is always safe to speak against sin theoretically. It is only when one gets down to personalities and cases that sinners get nasty and strike back. In the vigorous denunciations of sin, Jesus got down to both personalities and cases. When He spoke of hypocrisy He named the Scribes and the Pharisees, the then official representatives and established authorities of religion. He attacked their specific acts of hypocrisy and evil-doing. Those who had not erred had no cause for resentment, but there were many to whom His words applied. "He taught as them as one authority," and not as their Scribes." Those words mark a strange fact and a striking contrast. The Scribes were officially and ostensibly the repository of authority, the interpreters of the law; yet here was a young man with no official standing, presuming to teach, and finding a response in the people who heard Him gladly. But authority alone does not necessarily guarantee either honesty or efficiency in those who possess it.

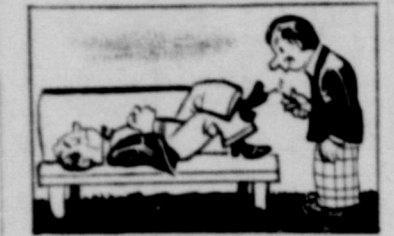

The McLean News
Thursday, Jan. 15, 1959
McLean, Texas Pg. 6

The mistake that the Scribes made was twofold: first, in not being and doing what by their claim of authority they professed to be and do; second, in their failure to judge Jesus by what He was and did. Their errors gave rise to their resentment.

Dear Readers: Greetings in Jesus name. Thought we would sound a few words to you from the word of God.

We read from Luke 10:25-28: "And behold, a certain lawyer stood and tempted Him, saying, Master, what shall I do to inherit eternal life? He said unto him, what is written in the law? How readest thou?"

And now a certain lawyer. A lawyer was one who was a student and teacher of the Jewish law. It would take the two terms, theologian and lawyer in our day to describe the lawyer of those days. For with the Jews, state and church were in a degree united and there is no such distinction between religious and legal rules and studies as we have today. They interpreted and explained the law and the many Jewish regulations derived from it. The motive that prompted the lawyer to ask the question was evidently to provoke Christ to say something on which His enemies might lay hold on Him. You see he came tempting Jesus. However, his question is of vital importance and one which few people consider. Most people are asking what shall I eat? what shall I drink?, etc., but very few people are giving thought to the salvation of their souls.

Verse 26: And He said unto him, what is written in the law? He refers the lawyer at once to the scriptures as the only rule of faith and practice. The Bible is the word of God and it gives the one and only answer as to what is required to have salvation.

Verse 27: Thou shalt love the Lord thy God with all thy heart, and with all thy soul, and all thy strength, and with all thy mind, and thy neighbor as thyself. It is our first duty to love God supremely, and our fellowman as we love ourselves.

Verse 28: Thou hast answered right. He was right because He had not taken tradition, but the scriptures for authority. Hence his answer agreed with Jesus in His teaching. It appears from the text that the lawyer felt that there was something that he could do to gain eternal life. But it is not what any of us can do, but it is what Christ has done. In Him is life eternal. It was His blood that atoned for the people under the Old Testament as well as under the new. Romans 3:25-26.

And may the good Lord bless you richly. You are invited to be with us in all our services.

said. "Ten years ago, the capability of our generating stations was 358,000 horsepower; today it is 1,080,000, with the additional 150,000 under construction. Electricity is unlike any other service or commodity, in that you can't store it, and must create it at the very moment that the customers demand it. Thus, new generation and transmission equipment must be planned from 2 to 3 years ahead of the time it is needed."

Still another project in the company's 1959 construction program which indicates increased demand is the transmission line program. Two years ago, Southwestern Public Service Company began a program which is designed to double the capacity of

the company's 115,000 volt "backbone" transmission line which runs from Borger to Roswell, N. M. The first step in this project was a new line from Hereford to plant X, near Earth, which was designed for 230,000 volts. In 1959, another segment of this line, from Hereford to Amarillo, will get underway.

In 10 years, Southwestern Public Service Company's investment in equipment to serve its customers has grown from \$84,000,000 to \$227,000,000. During this same period, in the face of rising costs on all hands, the cost of electric service to residential customers has gone down some 20% in the average cost of a residential kilowatt-hour. The company's average residential customer pays 23 cents a day for electrical service.

In summarizing the growth of our local electric company, Watson revealed some statistics on the nation-wide growth of business-managed, taxpaying electric companies, reporting that in the last 8 years these companies have invested \$22 billion dollars in equipment to serve their customers at the same time that they had paid more than \$11 billion dollars in taxes.

"We in the electric light and power industry, labor, and management alike, are many times confused that our industry, in the face of continuing to serve our customers efficiently and economically, with a record that shows a lower unit cost to the customer for our service, should be the target of so many critics who advocate government ownership, despite the fact that gov-

ernment in business has always cost the taxpayer money," Watson concluded.

Some youngsters were playing Wild West. One of the more enterprising had dragged out an old packing box, made a bar out of it, and scrawled a sign on it which read: "This is the Wild West and this is the Last Chance Saloon."

Another kid ran up, pounded on the box, and said, "I'll have a rye."

A third, much younger and apparently less sophisticated, staggered up alongside him and squeaked, "I'll have a whole wheat."

Make sure your car stays in shape for the harshness of winter driving. Bring it in for regular service and lubrication. It'll pay you in many extra miles.

'59 March of Dimes To Hit Birth Defects

A BIRTH DEFECT of the spinal cord has left Alvin Pacheco, 7, of San Francisco, paralyzed below the waist. Aided by physical therapist Barbara Betka at Stanford Convalescent Home, Palo Alto, Calif., Alvin is slowly learning to walk. Birth defects, polio and arthritis are Three Faces of Crippling dependent on the 1959 March of Dimes for help.

Children with birth defects, rated by physicians the childhood health problem most needful of attention in America today, will benefit from the 1959 March of Dimes conducted this January by the National Foundation.

The theme for the expanded March of Dimes is "Toward Greater Victories." Now that the Salk vaccine has given the key to victory over polio, the National Foundation is ready to move on to other pressing problems.

The specific initial goals of the National Foundation are polio, virus diseases, arthritis, birth defects and disorders of the central nervous system.

Birth defects cause the death of 34,000 U.S. infants a year. This is one-fourth of all infants who are stillborn or die within the first month of life. A total of 250,000 U.S. infants are born annually with one or more significant birth defects. Half of them will grow up afflicted with serious illness, crippling or chronic disease.

Patient aid for children through 18 suffering from birth defects involving the central nervous system soon will be offered by the National Foundation. Included are spina bifida (faulty structure of the spine); encephalocele (open skull); and hydrocephalus (excess fluid in the brain cavities). This age group is the most hopeful with which to work, with the possibility of bringing many to maturity able to live normal and productive lives.

These defects are caused before birth, not during the act of birth. Known causes are injuries to the germ cells and factors which act on the child as it develops within the mother, or both.

The importance of birth defects as a cause of death and crippling is increasing. In 1939, a total of 12,413 infants died of this cause, but by 1953 the number rose to 29,612. Furthermore, the number of persons surviving crippling birth defects gains with improvement of surgical and medical techniques.

National Foundation researchers will study the causes of all of the more than 600 kinds of birth defects. They will seek methods of prevention as well as improved techniques for diagnosis and treatment. The earlier birth defects are detected, the better they respond to medical care or surgery.

The Face of Crippling Birth Defects

This little girl is one of thousands of disabled children who will be helped by the 1959 March of Dimes campaign "Toward greater victories." Pamela, 5, was born with a defective spine (spina bifida). She is shown at the Children's Hospital, Columbus, Ohio, with Dr. Timothy Oliver. Children like Pamela—plus those suffering from polio and arthritis—will get needed patient aid under the new expanded program of the National Foundation (originally the National Foundation for Infantile Paralysis).

METHODIST MESSENGER

Jack Riley, Minister — Ph. 204

From the Pastor's Study:

The Bible is at the center of the Christian experience of God. From it we gain our authority for Christian faith.

The 5th article of Religion in the Discipline of the Methodist Church says that "The Holy Scriptures contain all things necessary to salvation," and that nothing can be required as "an article of faith, or be thought requisite or necessary to salvation" which is not read in the Bible nor provable thereby.

When one joins the fellowship of Christians in the Methodist Church he answers affirmatively the question, "Do you receive and profess the Christian Faith as contained in the New Testament of our Lord Jesus Christ?"

The Methodist Christian will spend time with the Bible.

He will read it devotionally.

He will study it systematically.

He will learn, with increasing acquaintance and skill, to discern the divine in the human.

He will understand increasingly the mind of Christ.

He will live by the principles of Scripture, and, when he dies, it will be the word of God that will comfort him and point him to his heavenly home.

JOHN WESLEY AND THE BIBLE

"I began not only to read, but to study the Bible, as the one, the only standard of truth, and the only model or pure religion. 'The Bible' is the whole and sole rule both of Christian faith and practice.

"We are called to propagate Bible religion through the land; that is, faith working by love, holy tempers, and holy lives.

"No scripture can mean that God is not love, or that His mercy is not over all His works.

"I love good men of every church. My ground is the Bible.

"First, be a Christian yourself, inwardly and outwardly."

"The inward witness, son, the inward witness!"

"That is the proof, the strongest proof of Christianity."

These were the last words spoken to John Wesley by his father, Samuel Wesley.

CRUSADE ATTENDANCE

Our church is participating in a nation-wide Evangelistic Emphasis for Church Attendance from January until Easter, March 29th. During this time each family in the church will have another family as your "Christian Friend" and it will be the responsibility of each to invite the other to church and Sunday School and call them if they miss a Sunday.

The purpose of this emphasis is to promote the importance of Christian fellowship and Gospel preaching and strengthen the habit of church attendance.

Having begun the New Year with God, make every Sunday a Sabbath Day of worship and rest; and every day a Holy Day wherein you will develop Holy Habits in Christian Living.

Meet God Every Day as an individual—meet Him at church with your friends on Sunday!

WINGS OVER JORDAN CHOIR

January 29th will be an important day in our community, because one unit of 9 voices, representing the world-famous WINGS OVER JORDAN choir, will give a concert at the Methodist church, 7:30 p. m. The choir has presented thousands of concerts in small communities and large cities—always singing the high-type of music, no matter what size the community. Be sure to hear them.

The original WINGS OVER JORDAN choir had 37 voices, but is at present represented by three choirs of 9 voices each. This was done so more people, especially in smaller communities, could hear this wonderful music and enjoy inter-racial fellowship.

"TALK-BACK"

On January 18th, at 3:30 p. m., KGNC-TV, of Amarillo, will present the first in a 13 week series of religious programs under the title "Talk-Back." This series of programs was produced by The Methodist Radio and Television Commission and released thru the National Council of Churches.

Now, what is the program like? At the beginning, the station will run a 12 to 14 minute film which will expertly dramatize the problem under discussion. After this film presentation, a live panel will discuss the problem to the best of their ability. The program is never over, though, until local groups in your church and community follow-through with their own discussions.

The topics, in order of presentation, are as follows: 1. Pressures of Modern Living. 2. Guilt. 3. Knowing God's Will. 4. Life's Good and Bad Breaks. 5. Prayer, Fears. 10. Faith. 11. Belonging and Acceptance. 12. Insecurity. 13. Rearing Children. The titles to the films will be different from the above, but the problems dealt with are as listed. Listen Sunday afternoon—Let's "Talk-Back" Sunday at 7:00 p. m. See you in church Sunday night!

CHURCH CALENDAR

Ralph Sockman dedicated his book, HOW TO BELIEVE, with these words: "To my grandson Billy in the hope that he will some day know what he believes as firmly as he now knows what he wants."

TEN COMMANDMENTS FOR LAYMEN

1. Thou shalt be a pillar of strength unto thy minister.
2. Thou shalt be dependable.
3. Thou shalt love thy church, and support it with thy prayers, thy presence, thy gifts, and thy service, as thou hast promised to do.
4. Thou shalt not create dissension within the ranks.
5. Thou shalt fill thy pew with thyself and thy family on the Sabbath day; for verily, nothing is so frightening to thy minister as a row of empty seats.
6. Thou shalt be a fisher of men.
7. Thou shalt bring thyself and thy family to church school each Sabbath morning.
8. Thou shalt not let thy minister have to worry or plead about money to run thy church; for verily, that is the responsibility of thee and thy brethren.
9. Thou shalt not expect thy minister's children to be paragons of good behavior; for consider their plight: oftentimes they have no playmates but thine own children.
10. Thou shalt study the discipline of thy church, and faithfully read the church publications, that thou wilt always be an informed Christian.—By Wm. A. Ward.

"No man is so perfect and holy, but he hath some temptations; and altogether without them we cannot be."—Thomas A. Kempis.

TRY HIS WAY — BRING OTHERS WITH YOU INTO CHRISTIAN FELLOWSHIP!
