Our Town and its go-getting spirit are getting a careful once-over from many payroll-hungry cities who'd just love to be so fortunate. And something to cause more to sit up and take notice is an article just published in the Texas Parade magazine which turns the spotlight directly on McLean.

Subject of the whole thing is the Marie Foundations Co. brassiere factory. And there's a big picture smack at the top of the page showing the sewing room and featuring Production Supt. Tom Greenwood looking over the result of hours of labor.

Under the title "Foundations From the Panhandle," the article points out that the local plant does an annual gross business of \$2 million, with its total output going to Sears, Roebuck & Co.

"When Marie Foundations was looking for a location, quite a few places were studied exhaustively," Lewis Nordyke, the author, points out.

"McLean did not look too promising, although the town and its citizens got behind the project in a big way. Marie Foundations found some factors in McLean that it liked: Low taxes and utilities rates, land for building and expansion, solid citizens to back industry, good schools and churches, a dandy place to live, suitable climate."

We couldn't have said it better ourselves. Nor could we have been more pleased with the way Texas Parade said it!

Faris Hess is laying plans for a big—and unusual—welcome Saturday for the Top o' Texas Hereford Breeders Association ranch tour.

The Hess and Wright DR Hereford Ranch south of town has been selected as the site of a Coke stop for the touring group. They'll arrive at 10:10 a. m. and spend at least 30 minutes at the ranch. Hess invited McLean residents to be at the ranch to greet the tourists.

The Echo I mirror satellite has crossed the heavens over McLean—unseen—several times since its launching early this month, but it was caught in the act Sunday night.

Wanda (Mrs. J. B.) Waldrop sighted the big aluminum balloon at 10:23 p. m. Sunday and watched as it sped southwest to northeast. She described the satellite as "brighter than the brightest star."

We've attempted to spot the man-made satellites ever since the Space Age dawned back in 1957, but to no avail. This time, Wanda tried to telephone us so we, too, could satellite-gaze.

But, alas, our telephone hadn't been installed.

### Farmers, Ranchers Will Be Honored at Lions Club Luncheon

Lions in McLean will show their appreciation to area farmers and ranchers at the next club luncheon meeting on Sept. 6.

Plans for the annual "Farmer and Rancher Day" event were announced at Tuesday's club luncheon. Each member of the organization was asked to have a farmer or rancher as his guest.

Foster Whaley, Gray County farm agent and a member of the McLean Lions Club, will be in charge of the program.

An "Appreciation Night" program also is scheduled by the club during the fall, when representatives of industries in the area will be guests.

**Date Not Set**  
A date and other plans for the affair will be announced later.

Sonny Back, chairman of the Lions' golf course project, reported at Tuesday's luncheon that the newly constructed golf course has been completed northwest of town.

The nine-hole course was built by the club, but will be open to the public. Plans for forming a golf association are to be aired at next Tuesday's breakfast meeting of the Lions directors.

## .88 Inch of Rain Dumped on City

A thunderstorm splashed .88 inch of moisture on thrifty McLean shortly after midnight today, increasing the year's rainfall total to near what it was at this same date in 1959.

Pete Fulbright, city superintendent of public works, said the thunderstorm moved over McLean at almost exactly 12 midnight.

Some gauges in the city recorded an inch or more of rainfall, but officially the total was .88 inch.

This brought to 18.34 inches the total this year, compared with 18.79 to the same date in 1959.

Temperatures have been below normal through most of the past week, after rising to a high of 98 degrees last Friday.

**62 is Low**  
The low since Aug. 11 was 62 degrees shared by Friday and Sunday.

Today's rainfall was the second measurable amount in August. The .88 today and .09 on Aug. 9 total .97 inch for the month.

The highs, lows and precipitation amounts for the past week follow:

	High	Low	Precip.
Thursday	88	58	.....
Friday	98	62	.....
Saturday	91	64	.....
Sunday	90	62	.....
Monday	87	65	.....

### Pre-Flight Training Begins for Andrews

PENSACOLA, Fla.—(Special)—Aviation Officer Candidate James D. Andrews, son of Mr. and Mrs. Clyde H. Andrews of McLean, is undergoing pre-flight training at the Naval Air Station, Pensacola.

During the 10 weeks of training students are instructed in aviation science, navigation, principles of flight and other technical courses to prepare them for their future roles as naval aviators.

Upon completion of pre-flight students undergo primary flight training at Saufley Field, also at Pensacola.

The course began July 25.

## TOP O' TEXAS TOUR SATURD'Y

Several stops are on tap in this area during the Top o' Texas Hereford Breeders Association ranch tour Saturday, according to the itinerary released by the organization.

Scores of cattlemen and other interested persons are expected to make the tour, which starts at the J. P. Callihan Ranch, Conway, at 8:30 a. m.

From there the group will travel U. S. 66 to the Johnson Ranch, west of Alanreed, and after brief stops there and at the Clyde Magee ranch, southwest of McLean, a coffee and Coke break is scheduled at the Hess and Wright DR Hereford Ranch show barn south of town at 10:10 a. m.

Other stops during the day: Johnson Quarter Horse ranch, Darsy ranch, Billy D. Rice ranch, Emmett LeFors ranch, Central Park in Pampa for barbecue, Frank M. Carter ranch, Wayne Maddox ranch, Ellis Locke ranch, R. Nelson ranch, R. H. Holland ranch.

The Top o' Texas Hereford Breeders Association was organized in 1914 for the purpose of producing and selling better cattle.

The first show was held in 1945 and a show and sale have been held in each succeeding year.

## 4 TWIRLERS ARE SELECTED

Donna Graham, McLean High School junior, will serve as head twirler with the Tiger band in the coming school term.

She was chosen along with three other twirlers during tryouts conducted Tuesday afternoon. Other twirlers are Sharon Sitter, eighth grader; Cheryl Grimsley, sophomore, and Toni Mertel, freshman.

Both M. J. Graham and Miss Grimsley also were twirlers with the band last year. Selection of the twirlers was by Jim Boyd, local band director, and Norris Samuelson, White Deer band director.

# PROBE CONTINUES IN CITY BURGLARY

## CHECKS STOLEN FROM PUCKETT FOUND ON 66

County and state authorities were continuing their search today for bold thieves who broke into Puckett's Food Store in McLean Monday morning and made off with hundreds of dollars in cash and checks.

Most of the checks were found Wednesday afternoon by a State Highway Department employe mowing grass along U. S. 66 two miles east of town.

Ott Moore, the highway worker, discovered the large bundle of checks in the grass about six feet from the pavement.

However, Puckett's Manager Dick Dickinson told The McLean News Wednesday that "a few" of the checks are still missing. Payment was stopped on the checks shortly after the burglary.

**Appeals to Customers**  
Dickinson appealed to persons who had cashed checks at the store Saturday afternoon to get in touch with him. The store was not covered by burglary insurance.

Cash and checks received by the store Saturday morning were deposited in the bank before noon.

While the loss in the theft has been estimated at almost \$1,000 in accounts published by newspapers in Pampa and Amarillo, Dickinson said it is the policy of the store not to divulge the amount taken.

Gray County Sheriff Rufe Jordan said footprints indicated that at least four persons were believed involved in the burglary. Jordan was being assisted in the investigation by Bill Hensley, Texas Ranger from Pampa, and other members of the sheriff's department and Highway Patrol.

**Door Smashed**  
The concrete-filled door of the store's heavy safe was torn apart by the burglars, who left behind a large metal punch used in the job.

The burglars ignored the lighted front of the store building and broke the lock on one of the metal and glass front doors to gain entry.

The safe, located in Dickinson's office near the front of the store, was pulled away from the wall and battered open. A four-inch-thick slab of concrete in the safe door was hammered into small chunks, and the front of the safe was "peeled" off.

Apparently no explosives were used. (See BURGLARY, Page 4)

## 'HOT-RODDERS' PROBLEM IS DISCUSSED BY ALDERMEN

McLean aldermen Tuesday night boosted the marshal's pay, discussed "hot-rodders," heard a report on gas well production and scheduled further consideration of a request for establishing a corporation court.

During the regular semi-monthly session, members of the governing board decided to ask the city attorney to submit a report at the next meeting on the possibility of setting up a local court.

**REMAINS:** McLean Constable J. D. Fish (left) and Nightwatchman S. B. Kiser examine what's left of the Puckett Food Store safe after it was torn open by burglars early Monday. The two boxes contain chunks of concrete and metal from the safe door. The box at left is sitting on the portion of the door "peeled" from the safe. (Staff Photo)

## FIRST BAPTIST REVIVAL SET

Rev. Homer Martinez, a preacher since he was 15 years old, will conduct a week-long revival beginning Sunday, Aug. 28, in the McLean First Baptist Church.

Services will be held daily at 7:30 p. m. through Sept. 4, according to Rev. Jesse Leonard, First Baptist pastor.

Martinez, whose home is now in Fort Worth, was born in San Antonio in 1930 to Catholic parents. He was converted to protestantism at the age of 5.

He preached in a revival for the first time at the age of 15 and two years later became an evangelist. Since that time, he has preached in more than 250 revivals.

Rev. W. C. Carpenter, formerly of McLean, will be song director during the revival. Rev. Carpenter is pastor of the church in Lewiston, Idaho.

## McLean-Alanreed Churches Consolidate

The McLean and Alanreed Pentecostal Holiness churches were consolidated Aug. 1, and will be known hereafter as the McLean Pentecostal Holiness Church.

Miss Lois Daniels will serve as pastor of the church and regular services will be held as formerly at the McLean site at S. Rowe and Rice streets in the south part of town.

McCartney said speeding in the city is on the increase, and the situation is becoming serious.

Reports on deliverability of three city-owned gas wells were received by the commission. The statistics were prepared on the Arrington No. 1, the Fowler and Ladd wells.

## \$195,159 Budget Wins Approval

A preliminary budget calling for \$195,159.60 to operate McLean schools during the 1960-61 term was approved Monday night by the board of education.

Board members also set the tax rate for the year at \$1.30 for maintenance and operation and 20 cents for retirement of bonds.

The new preliminary budget was introduced by School Business Manager Charles Cousins and read to the board by Supt. Lee Welch.

Expenditure figures are subject to change before final approval. In other action the board voted to raise the salaries of Cousins and Janitors Sid Kunkel and Jim Wheeler \$10 per month.

## CALENDAR FOR TERM READY

Supt. Welch reported that all McLean High School freshmen will be permitted to enroll in driver education this fall.

Welch said the training program is being stepped up to enable all high school students to enroll if they desire. He said the classroom phase of driver's training will be offered to eighth graders.

Members of the board decided to contact an exterminator after it was reported that termites had been found in the gymnasium.

Bids will be invited on ridding the building of termites.

Welch said registration will be in the high school study hall from 8 a. m. to 12 noon and 1 p. m. to 5 p. m.

## Southwestern Bell Official Visits Here

Jerry Harwell, district traffic superintendent for Southwestern Bell Telephone Co., met Friday noon with local business leaders at a get-acquainted luncheon here.

Harwell, whose office is in Amarillo, has been a telephone company employe for 30 years.

He was accompanied to McLean by Joe McDonald, Southwestern Bell area manager.

## Assembly of God to Open Revival Sunday

Rev. Samuel S. Wally, Fort Worth evangelist-pastor, will preach at revival services opening Sunday at McLean's Assembly of God Church.

Rev. L. R. Green, pastor, said services will be held daily for two weeks.

The visiting minister's first sermon will be at the morning worship service Sunday at 11 a. m. Then he will preach at 7:45 p. m. each day the following two weeks.

## Players Asked to Turn in Uniforms

Youngsters who played in the McLean Little League this summer have been asked to return their baseball uniforms.

The uniforms should be placed in sacks marked with the name of the boys who used them and turned in as soon as possible to the McLean Hardware Store.

## 200 at Dedication For Leforian Park

The long hard work of citizens of the community headed by the Home Demonstration and 20-30 Clubs on the City Park came to a wonderful highlight Saturday evening, Aug. 13, when dedication services were held.

Mrs. O. O. Bishop, president of the Home Demonstration Club, assisted by Royce Badeford, representing the farm and ranch department of KGNC radio and TV, Amarillo, conducted the program from a platform erected in the park.

The audience was seated on bleachers in the park. Mrs. Melton McGehee, vice president at large, of Wayside, was principal speaker of the evening.

She stated: "The cock croweth, but the hen layeth the eggs, in that an ugly plot of ground was taken by women and turned into a thing of beauty, with the cooperation of each one in the community, giving each a feeling of belonging."

"Usefulness is the price paid for space on earth, and makes us immune to the communist germ."

Also on the program, interviewed by Royce Badeford, were Miss

Lou Ella Patterson, county home demonstration agent; Edith Lois Wilson, district agent of Amarillo; Mrs. Joe Archer, president of the 20-30 Club; Boyd Beck, representing the Lions; B. J. Diehl, builder of equipment; Paul Bruce, donor of evergreens, and Mrs. B. D. Vaughn, park chairman.

A. M. Dickerson was in charge of the entertainment, which consisted of several musical numbers, songs and featuring Mary (Granny) Johnson, who led the string band in several numbers with her French harp.

In the string band were J. C. Fields, G. W. Fields, Roy Smith, Johnny Taylor and Albert Stokes. On the program also were Glenna and Gene Gee and Debra Cox.

Mrs. B. D. Vaughn announced that the park was officially named "Leforian Park" by Miss Linda Kay Clayton of Knox City, daughter of Mr. and Mrs. Charlie Clayton and granddaughter of Mr. and Mrs. O. O. Bishop.

The park was then dedicated with prayer led by Badeford.

A basket lunch then was enjoyed by everyone present. Approximately 200 persons attended.

## Picnic Ends Summer Baseball Season for Lefors Yankee Team

With only four losses in the entire season of summer baseball, the Yankee team coached by Chestene Dunn wound up its season Monday night with a picnic.

Members of the winning team were David Dunn, Johnny Dunn, Danny Rosson, Danny Robbins, Darrell Trusty, Rony Ellis, Billy McBee, James Todd, Phillip Allison, Michael Allison, Glen Hix, Dennis Dunn and Denny Rosson.

In second place in the league were the Yankees coached by Leonard Cain. This team also played a picnic soon.

In the Yankee team are Jimmy DeGray, Larry Pruitt, Colonel Miller, Danny Hill, Keith Jernigan, Danny Martin, Dickie Sims, Ricky Cates, Harold Wilson, Bill Beck and Butch Jeringan.

In third place were the Indians coached by James Shew, and in fourth place were the Athletics coached by Leslie Smith.

Edward Lehnick, head football coach and director of the summer recreation program, reported also that 20 students completed the swimming classes offered for both beginner and advanced swimming.

## Farewell Party Held For Women Moving Soon From Lefors

Mrs. Gene Robertson and Mrs. Milton Miller were honorees at a farewell party in the home of Mrs. Ann Glover Thursday afternoon, Aug. 11.

Mrs. Robertson is moving with her husband and small son to Panhandle, where he will teach in high school. The Miller family is moving to Boys Ranch, where he will be associated with the teaching staff.

The serving table was centered with an orange and brown decorated cake inscribed "Goodbye, Eleanor and Theresa," and was served with orange punch and coffee.

Attending were Mmes. Ralph Carruth, Alton Flinchum, Wayne Harris, J. B. Martin, Daniel Rose, Kenneth Brown, Burl Davis, Carl Wall, Earl Lane, A. M. Miller, Jeff Davis, James Means, Charles Roberts and Walter Hughes.

## Gaylene Swenn Guest Of Honor at Party

Mrs. Alex Swenn, assisted by her mother, Mrs. Lola Homoky of Gage, Okla., entertained her daughter and friends with a birthday party in the Civic Center Thursday afternoon, Aug. 11.

The occasion was the seventh birthday anniversary of the honoree, Gaylene.

A number of games were played, including I Spy, Musical Chairs, Simple Simon, Gossip and the Spoon Game.

The guests enjoyed favors of pencil cases, blow-ups and birthday flags.

The white birthday cake was decorated in pink roses and was inscribed "Happy Birthday Gaylene" among the lighted white candles.

Cup cakes, cups of ice cream and pop were served.

Guests were Susan Cain, Sandra Cain, Richard Harkcom, Marsha Brewer, James McDonald, Margie Chastain, Norman Brankel and Debra Boys. Mrs. Ray Chastain was also present.

## FLOWER WORK SCHEDULED BY LEFORS CLUB

Mrs. D. T. Pfeil was hostess to the Lefors Home Demonstration Club in her home Tuesday night, Aug. 9, in a special meeting to name the City Park.

"The Leforian" was selected by secret ballot for the name, and it was learned that Miss Linda Kay Clayton, Knox City, had submitted the winning name and will be presented with a \$10 prize.

She is the granddaughter of Mrs. O. O. Bishop, president of the club.

Final plans were completed for the dedication services and a final general clean-up was planned for Aug. 11.

Other business included a work day for making plastic flowers in the home of Mrs. B. J. Thacker, Aug. 25, an all-day covered dish luncheon affair.

Mrs. Bishop, president, opened the meeting with prayer, and roll call was answered with "my favorite bulb," after which the minutes were read.

Members were reminded that September is the time to elect new officers.

Refreshments were served.

Members present were Mmes. C. W. Teeters, Jeff Davis, A. M. Dickerson, O. O. Bishop, D. T. Pfeil, B. J. Diehl, James Gatlin, B. J. Thacker, B. J. Leininger, Charles Roberts, A. T. Cobb, C. C. Wells and Cora Bradfield.

While various alloys are used for slide fasteners—more commonly known as "zippers"—the alloy nickel silver is generally recognized to be the best all-around material for long life, strength and good appearance.

## Personals

Gene Robertson, who taught math for the past few years in Lefors Junior High, has accepted a teaching position in the Panhandle High School. Robertson his wife, Eleanor, and son, Ricky, plan to move Aug. 22.

Mrs. Dolores Carroll of Dumas is here visiting her parents, Mr. and Mrs. B. J. Leininger. The Carrolls and Leiningers have just returned from a weeks vacation in Galveston.

Danny Ray and Gary Allen Lemke of Amarillo spent last week with their grandparents, Mr. and Mrs. A. T. Cobb.

Donnie and Eva Faye Roach of Amarillo are spending the week in the home of their cousins, Mr. and Mrs. B. J. Thacker.

Mr. and Mrs. Jesse Ring are the parents of a new boy, born Aug. 4 in Worley Hospital, Pampa. He weighed seven pounds, 11 ounces and has been named Dennis James. His grandparents are Mr. and Mrs. D. T. Pfeil. The mother and baby are presently in the Pfeil home.

## TEXAS HAS TAJ MAHAL

The Mission La Bahia del Espiritu Santo, located in Goliad, north of Corpus Christi, often is called the "Taj Mahal of Texas."

Established in 1749, the mission stands proudly today in a rare and enviable beauty—a reverent beauty that is only bestowed upon the great during the ages.

Near the mission is the site of the infamous massacre of General Fannin and his Texas soldiers by the troops of the Mexican Gen. Santa Anna.

Preventing infestation of turkey flocks by external parasites can mean extra dollars to producers at market time, says F. Z. Beamblossom, extension poultry marketing specialist. Skin blemishes caused by parasites can and will lower the market grade of turkeys and the specialist urges growers to prevent infestations rather than depend upon treatment to keep down damages from the parasites. The most common, he said, are blue bugs, chiggers and ticks.

## Veteran Information

Q—I see that World War two veterans have just been given another two years in which to get a GI loan, and that at the same time VA was given new authority to make direct loans. What is the direct loan program?

A—It is a much smaller program than VA's loan guaranty program. Direct loans are made only to veterans who live in certain rural and small town areas where GI loans are not obtainable from local lenders. Eligible veterans apply directly to VA.

Q—Does the VA in Washington, D. C. have a list of all courses approved for veterans under the Korean GI Bill?

A—No. Each regional office maintains a list of state-approved courses for veterans under the Korean GI Bill. To get the information, contact your VA regional office, and not VA headquarters in Washington, D. C.

Q—I am a Korea veteran, discharged in 1956, and have a disability which VA has just rated service-connected. What is my deadline for finishing vocational rehabilitation training under Public Law 8947?

A—Your deadline is Jan. 31, 1964, or nine years after separation, whichever comes first. There are exceptions to this deadline for certain veterans, but apparently they do not apply to you.

Q—I understand that special restorative training is available under the war orphans education program to handicapped young men and women in need of it. Does this restorative training include medical care?

A—No. Special restorative training does not include medical care. It does include special courses—such as braille reading, language retraining and the like—designed to help a person overcome his handicap so that eventually he can take regular training at school.

## SIX PLENTIFUL FOODS LISTED

COLLEGE STATION—(Special)—Grocery shoppers will find a lot of broiler-fryers available in Texas food markets this September. They are featured among the six items listed as plentiful for the month, reports the Agricultural Extension Service, Texas A and M College.

Turkeys are another poultry plentiful. Lamb, melons, peanut butter and a wide variety of late-summer vegetables complete the list.

These foods were selected by the U. S. Department of Agriculture for special emphasis in this area because the supply of each is expected to exceed normal demand. Homemakers can take advantage of the abundance by serving these foods often.

September broiler-fryer market-

ings are expected to run about five per cent more than a year ago. Look for meaty, tender, flavorful young chickens, from two to 3 1/2 pounds.

The number of turkeys expected to be marketed in September is about the same as a year ago, but total weight may be higher because there will be more of the heavy breeds. Both chicken and turkey provide ideal fall-weather entrees for family fare.

There'll be lots of lamb for National Lamb Week, Sept. 15-20. Slaughter has been averaging about six per cent more than a year ago.

Pleasant melons include water-melons, cantaloupe, honeydews, Cranshaws and Casabas.

## Church Of Christ Welcomes You

4th and Clarendon

**GOD'S SERVANT OBEYS GOD**

A divine principle which has always governed God's people is that they must be obedient unto Him. Because they were not obedient Adam and Eve were cast from the Garden of Eden. (Gen. 3). Because the world was disobedient it was destroyed in the flood when Noah and his wife and his three sons and their wives were spared in the ark. (Gen. 6 and 7). Many of the Israelites fell in the wilderness and were not permitted to enter into the promised land because they were disobedient. (Heb. 3 and 4)

After the establishment of the church the early Christians were soon put to the test of obedience to God. Peter and John had healed a lame man at the temple and were preaching the gospel unto the people who had gathered together. The Jewish council met and charged them that they were not to speak at all or teach in the name of Jesus. (Acts 4:18). "But Peter and John answered and said unto them, Whether it is right to hearken unto you rather than unto God, judge ye: for we cannot but speak the things which we saw and heard." (Acts 4:19-20). Soon they are on trial again with the high priest saying unto them, "We strictly charged you not to teach in the name; and behold, ye have filled Jerusalem with your teaching, and intend to bring this man's blood upon us. But Peter and the apostles answered and said, We must obey God rather than men." (Acts 5:28-29)

Popularity is not always, nor has it ever been on the side of obedience unto God, but anyone who would be His servant must obey Him. Obedience was required of Jesus, the Son of God, and He has become the author of eternal salvation to all those who obey Him today. (Heb. 5:8-9)

Faith, repentance, confession and baptism are necessary to get into Christ. (John 3:16; Luke 13:3; Rom. 10:10; Mark 16:16; Gal. 3:27). And a faithful life of obedience is necessary to remain in Him. (2 Peter 1:5-11)

Agri Department to Fight the Screwworm

COLLEGE STATION—(Special)—While some scientists are trying to send a rocket to the moon, others are trying to rid the Southwest of one of its worst livestock pests—the screwworm.

The USDA has announced that new research on means of eradicating the screwworm will begin soon at Kerrville. This is the same USDA station that was responsible for much of the basic research that led to the sterile-fly technique used successfully against the screwworm in the Southeast.

One of the main projects of the USDA's entomologists will be to develop better methods of rearing screwworms, and also to find ways to produce strains of the insect better suited to sterilization by radiation.

Another important aim of the Kerrville research is to learn more about the nutritional requirements of screwworm larvae so that an improved, inexpensive rearing medium may be developed.

Project scientists will also seek new methods by which flies can be irradiated with minimum effect on their life processes.

In announcing the new project, the USDA reported that Dr. Raymond C. Bushland would head the researchers.

Light colored roofs and exterior walls allow less heat to enter a house, and therefore reduce the amount of heat that an air conditioner must remove.

REEROOFING OFTEN GOES WITH NEW ADDITION

Look carefully at the roofing material on your home if you plan to add a room or build a new wing.

A mistake many families make is to apply new roofing on an addition without considering the age, condition and appearance of the main roof.

A complete new roof for a house, applied at the same time the new room or wing is being built, helps unify the addition with the rest of the house. It increases overall house value, and can be financed with the same loan used to construct the addition.

WALTER ROGERS REPORTS

JOHN J. PERSHING The Congress on June 1 approved a joint resolution calling for the celebration of John J. Pershing Centennial Day, the 100th anniversary of the great World War I general's birth.

As the man who led the United States into freedom's first worldwide military conflict with the forces of totalitarianism and dictatorship, Gen. Pershing was leader of the 2-million-man force which helped bring victory for the allied cause.

He holds honors from 15 different foreign nations, and during a 66-year military career he became one of America's greatest advocates of democracy all over the world.

The example which Gen. Pershing set is perhaps more instructive today than it was a generation ago. Once again the free world seeks men of his determination and principle, and once again the free world seeks leadership sufficiently dynamic to overcome all the forces of evil which run rampant.

Gen. Pershing was born in the state of Missouri just after the guns at Fort Sumpter announced the beginning of Civil War. He graduated from the United States Military Academy in 1886 and was assigned to three different army posts in New Mexico where he participated in campaigns against the Sioux Indians until the early 1890s.

Then he returned to West Point for a brief tour as assistant instructor of tactics and in 1898 Gen. Pershing began a long series of military assignments which took him to many of the spots which are troublesome even today: Cuba, Japan and Eastern Europe. Altogether, he saw duty in virtually every corner of the globe.

But his greatest hour came with the American Expeditionary Force which began to sail for France in 1917 to "make the world safe for democracy."

President Wilson told him to "keep always in mind the underlying idea" that his forces in France "are a separate and distinct component of the combined forces, the identity of which must be preserved."

The remark made by him upon landing in France has become famous. "Lafayette, we are here," was uttered in grateful remembrance of the French commander's valiant service to the struggling American colonists in the Revolutionary War.

Throughout the long and difficult months of warfare in France, Gen. Pershing worked closely with the chief commander, French Marshall Foch, and when the victory was won over the Kaiser's generals in the famous railway car in Compiègne, the American soldiers and their commander had as much a part of the victory as any other.

A grateful nation showered him with honor after honor. Universities from Oxford in England to Arizona in the United States awarded him degrees. The Congress passed a resolution thanking him "for his highly distinguished services as commander-in-chief . . . and . . . for . . . devotion and heroic valor throughout the war."

After the war, Gen. Pershing continued to serve the nation. He took charge of many commissions, and was President Roosevelt's representative to the 1937 coronation of King George VI.

He died on July 15, 1948, in special quarters where he had lived some years in the Walter Reed Hospital. His body lay in state at the Capitol for 24 hours and was finally laid to rest in the Arlington National Cemetery.

The legacy handed to all of us by Gen. Pershing is a great one, and as the nation honors him next month we will do well to recall and attempt to duplicate his loyalty and support of the nation.

The general's 100th birthday on Sept. 13 will be still another demonstration that the need for his characteristics does not fade with the years.

# BURGLARY

(Continued from page 1)  
used.

Discovered at 4 a. m. S. B. Kiser, night watchman, discovered the burglary about 4 a. m. when he stopped to check the store doors. He had checked the doors previously at 1:30 a. m.

Kiser immediately notified Constable J. D. Fish, who reported the incident to the sheriff's office. Roadblocks were set up on U. S. 66, SH 273 and SH 70, but no suspects were apprehended.

No fingerprints were found at the scene, indicating the burglars wore gloves.

However, officers followed footprints similar to those discovered in dust around the Puckett building over much of the city—including behind Cooper's Market, which had been broken into just two weeks before.

### Cross Tracks

The tracks led officers south from Puckett's across Highway 66 and the Rock Island tracks and into a cotton field. Then the burglars turned east to Railroad Street, where they apparently entered a waiting car.

The footprints were similar to those found recently at the scene of numerous other burglaries in the Panhandle. Officers doubted, though, that the thieves which struck here were the same who just last week took \$1,500 in a burglary at Pampa.

Tourists parked in their car across the street from Puckett's reported seeing a man run down the alley on the west side of the

store shortly before Kiser stopped at the store to check the doors.

Monday marked the second time in recent weeks that the local food store had been hit by burglars. An attempted break-in was discovered about two weeks ago, but nothing was believed taken.

The would-be burglars then were apparently frightened off after breaking the glass in the store door.

Creed just happens to own a black and white Pontiac.

Right after the burglary was discovered, someone in McLean remembered seeing a car—also a black and white Pontiac—parked on the city streets and dutifully reported this to the officers.

Creed thought his Highway Patrol buddies were playing a joke on him when a red light was turned on him by a patrol car following close behind. So he continued on his way.

He kept going, that is, until the trooper forced him to stop.

Alert patrolmen halted him again at a roadblock before the local funeral director-city alderman managed to get out of the alerted area.

Another McLean firm is getting the modern look in store fronts.

Workmen began installing a fancy new glass and aluminum front at the McLean Hardware Store early this week, and the project should be completed by now.

Jewel Meacham, proprietor, said it took him 10 years to do it, but he's finally getting the building modernized the way he wants it.

And speaking of the Meachams

Mrs. Meacham narrowly escaped serious injury Tuesday, when a pressure cooker exploded on her kitchen stove.

Luckily she had left the room a short time before the blast. Flying pieces of the cooker literally tore a dinette chair to pieces and

also knocked a hole in the family's washing machine.

### McLean Resident Is Injured in Accident

A McLean youngster and his grandparents suffered broken bones and other injuries in a four-vehicle accident near Sinton last weekend. David Weatherford, son of Mr. and Mrs. Jim Weatherford, sustained a broken arm and broken leg when the car belonging to his grandparents, Mr. and Mrs. John Peters of Sinton, was struck broadside.

Both of Peters' hips were crushed and one of his ankles broken and one of Mrs. Peters' hips also was crushed.

Mr. and Mrs. Weatherford's car, following the Peters' auto, was also involved in the mishap, but the McLean couple escaped injury, according to reports received here.

David and his grandparents were admitted to Ewing Memorial Hospital in Sinton for treatment.

The accident occurred when a car swerved to escape collision with a truck and smashed broadside into the Peters' cars.

### Volunteers Called to 2 Area Grass Fires

Volunteer firemen were routed out for duty two times during the past week.

Last Friday, the locals were summoned to 12 miles northwest of town to fight a grass fire, but the blaze had been extinguished by Lefors volunteers when the McLean truck arrived.

Then Sunday morning firemen were called to help fight another grass fire near Alanreed.

MRS. DONALD R. SMITH

### Donna Magee and Donald R. Smith Wed on August 13

Miss Donna Ruth Magee, daughter of Mr. and Mrs. Clyde Magee of McLean, and Donald R. Smith, son of Mrs. Bert Smith of Clarendon, were united in marriage at the McLean Methodist Church at 5 p. m. Aug. 13.

Rev. H. A. Longino read the vows for the couple before an altar banked with huckleberry greenery accented with candelabra and baskets of white chrysanthemums and stock.

Mrs. John Dwyer, aunt of the bride, presented the traditional wedding music and accompanied Rev. Jack Riley of Pampa as he sang "I Love Thee" and "The Lord's Prayer."

Miss Marilyn Magee, sister of the bride, was junior bridesmaid. She wore a street-length dress of champagne organza over taffeta, styled with a scooped neckline bodice and a full gathered skirt.

Miss Albertina Braden of Seminole and Mrs. Donnie Wilson of Lubbock were bridesmaids and Mrs. Robert D. Meeks of Lubbock was matron of honor. They wore identical street-length dresses styled similarly to Miss Magee's.

Mrs. Meeks carried a bouquet of champagne carnations and the bridesmaids' flowers were bronze feathered chrysanthemums.

Jimmy Thompson served as best man. Gene Eaves of Tulsa, Okla., cousin of the bridegroom; Fred Clifford of Clarendon and Joe Magee of McLean, brother of the bride, were groomsmen.

John Payne, Bob Hudson, Henison Hays and Wesley Stewart were ushers.

Given in marriage by her father, the bride wore a gown of Chantilly lace over taffeta with a scooped neckline. The ballerina-length full skirt featured scalloped lace edging and the slim bodice was tapered at the waistline. A crown of iridescent sequins and pearls held her shoulder-length veil of illusion. She carried a single white orchid and stephanotis atop a white Bible.

A reception was held in Fellowship Hall at the church immediately following the ceremony. The table was covered with an off-white linen cloth and centered with an arrangement of bronze chrysanthemums and the three-tiered wedding cake.

For the wedding trip to New Mexico and Colorado, Mrs. Smith chose a brown checked ensemble with a black jacket and matching accessories.

Mrs. Smith graduated from McLean High School with the class of 1956 and from Texas Technological College in May of this year with a degree in home economics. She will teach in the Amarillo schools.

Mr. Smith is a graduate of Clarendon High School and Clarendon Junior College, and served in the U. S. Marine Corp. He will attend West Texas State College at Canyon in the fall.

### FIAT MONEY

Fiat money is the currency issued by a government without any gold behind it. Such were the currencies issued by the Continental Congress and the greenbacks of the Civil War era.

The sixth annual Range Camp, sponsored by the Texas Section of the American Society of Range Management, will be held at the Texas A and M College Adjunct, Junction, Aug. 14-20. Bobby Ragsdale, associate extension range specialist, said a main objective of the camp—to be attended by 32 outstanding 4-H and FFA members—was to make youth more familiar with the importance of maintaining and improving range conditions in Texas.

The price outlook for hogs during the next few months is considerably brighter, says John G. McHaney, extension economist. The smaller pig crop last spring and the expected smaller 1960 fall crop are primary factors in the better price outlook.

Certain gold mines in South America were abandoned during the eighteenth century because a certain amount of platinum was found to be mixed with the gold. Platinum in those times was worth considerably less than gold.

Because certain compounds of tellurium have unique electrical properties, coldness can be produced by passing an electric current through them.

MR. AND MRS. JOHNNY DAY

### Home Ceremony Unites Anita Back and Johnny Day

In a beautiful and impressive double-ring ceremony performed Friday, Aug. 12, at 8 p. m. in the Back home, Miss Anita Marie Back, daughter of Mrs. Marjorie Back, became the bride of Johnny Day, son of Mr. and Mrs. Elmer Day.

David V. Fultz, minister of the McLean Church of Christ, read the vows in the presence of members of the immediate families. The improvised altar was flanked by large baskets of pink asters and white stock.

Miss Bobby Jean Turner provided the traditional music and accompanied Miss Linda Grimsley as she sang "Always."

Given in marriage by her brother, Larry L. Back of Amarillo, the bride wore a sheath dress of white nylon lace over taffeta. She carried a White Bible topped with white rosebuds.

Miss Lolita Back, dressed in pink, was her sister's maid of honor. She wore a pink carnation corsage. Lonnie Day of McLean served as best man for his brother.

Mrs. Back, mother of the bride, wore a light blue cotton dress with matching accessories. Mrs. Day, mother of the bridegroom, chose a pink lace over matching taffeta with white accessories. Both wore white carnation corsages.

Immediately following the ceremony a reception was held in the home. The table was laid with a white lace cloth and centered with an arrangement of pink and white carnations. Miss Gayle Day, sister of the bridegroom, served the four-tiered wedding cake which was topped with a miniature bride and groom. Mrs. Larry Back of Amarillo, sister-in-law of the bride, poured the punch from a crystal service.

Following a wedding trip to Colorado, the couple is now at home in the Boyett apartment.

Mrs. Day graduated with the class of 1960 from McLean High School and is employed at Marie Foundations. Mr. Day was graduated from McLean High School in 1956 and is employed by the Day Tank Truck Service of McLean.

### BOYS RANCH PREPARES FOR ANNUAL RODEO

Two hundred and 61 boys at Cal Farley's famous Boys Ranch are working hard every day to complete plans, preparations and practice for the biggest Labor Day event in the Golden Spread—the 16th annual Boys Ranch Rodeo, Sept. 4 and 5.

All indications are that this nationally-known rodeo will be the fastest, most competitive and thrilling the boys have ever had, and in anticipation of a record-breaking attendance at the two-day show 1,000 more seats are being installed.

Only Boys Ranchers will participate in the riding and special events and through a series of elimination contests, the top 80 riders will be selected to compete for points and prizes to be awarded under R. C. A. rules.

Boys from 8 to 18 will ride in calf, steer, junior and senior bull and bronc busting competition. The clowns and special attraction participants will be Boys Ranchers and hundreds of behind-the-scenes activities will be handled by the boys themselves.

Featured at both performances will be the military band from Amarillo Air Force Base, representatives from various riding clubs throughout the Panhandle and surprise attractions.

Both performances will be held on Sunday and Monday, Sept. 4 and 5, beginning at 2:30 each afternoon. Admission will be 75 cents for children, \$1.50 for adults and \$2 for the reserved section.

Proceeds from the rodeo will go to help the Boys Ranch expansion program.

### GONZALES HONORS FLAG

A plaque commemorating the making of the first battle flag of Texas hangs on the walls of the museum at Gonzales, in south Texas, the town where the flag was made.

It was the first flag on which the now famous "lone star" was used.

This flag carried the words "Come and Take It" in answer to the Mexican Army's demand for return of the Gonzales cannon. The cannon had been given to the Texans by the Mexicans for defense against the Indians.

### GIN GROUPING SUGGESTED FOR MACHINE, HAND-PICKED COTTON

COLLEGE STATION—(Special)—The practice of ginning cotton in the order of arrival at the gin needs revision. The reason, says B. G. Reeves, extension cotton ginning and mechanization specialist, is the ever-increasing number of machines used to harvest the fleecy staple.

Machine-harvested cotton, he says, usually has a higher moisture and trash content than hand-picked cotton and different settings of gin machinery and drying equipment are required for each type.

A modern gin can turn out a bale of cotton every six to 10 minutes and there isn't time to make the needed adjustments on an individual bale basis. The result, points out Reeves, somebody loses and it is usually both the grower and ginner.

The answer to the problem is the grouping of seed cotton on the gin yard according to the method of harvesting or moisture content. Reeves says that a number of gins in Texas have been using this plan and both the ginner and grower have profited.

The grower has received a better selling price for his cotton and the ginner has been able to do a better ginning job.

Reeves suggested that farmers and ginner get together and agree on a procedure for solving the problem locally. In some instances, hand-picked cotton has been ginned during the day and machine-harvested cotton during the night.

If machine-harvested bales are in the majority, then ginning hours can be adjusted to take care of

the local situation.

Experience has shown, says the specialist, that trucks and trailers are usually back in the field, under the grouping plan, as soon as they were under the old system of ginning on a first-come basis.

The best ginning job is done when the lint moisture is five to seven per cent. Drying to this level, says Reeves, gives a smooth sample and allows proper cleaning.

### Baptist Circles Meet Tuesday

The W. C. Carpenter circle of the Baptist W. M. S. met Tuesday afternoon in the home of Mrs. Howard Williams.

Mrs. Wilma Banks brought the lesson, "Recognizing His Ownership." She was assisted by Mrs. Katie Price and Mrs. Williams.

Refreshments were served by the hostess to Mesdames Howard Miller, W. N. Pharis, Homer Abbott, Essie Burrows, Katie Price, Mary Howard and Wilma Banks.

The Glenda Woerner circle met in the home of Mrs. F. E. Stewart Tuesday afternoon with Mrs. Raymond Smith bringing the lesson, "Go Ye Into the World."

Those present were Mesdames A. O. Bybee, Raymond Smith, Finis Dalton, Hershel Smith, H. W. Harlan, Joe Suderman, Bunia Kunkel, Miss Marjorie Fowler, the hostess and four children.

The Marjorie Rowden circle met Tuesday afternoon in the home of Mrs. Lonnie Day. Mrs. Day also had charge of the lesson "Sharing Possessions."

The chairman read the calendar of prayer.

Refreshments of ice tea and cookies were served by the hostess to Mesdames Oscar Tibbts, Bill Pettit, Luther Petty and H. W. Finley.

### Fulton Family Holds Reunion in McLean

Members of the Fulton family met at the American Legion Hall in McLean Saturday and Sunday, Aug. 13 and 14, for a reunion.

D. W. Fulton of Paradise, Calif., traveled the longest distance, and Virvil Fulton of Cottonwood was the oldest of the six brothers and one sister present. There were 90 relatives who attended, and numerous friends called during the two-day affair.

The group agreed to meet next year on the second week end in August at the Legion Hall in McLean.

### R. M. Gibson Family Reunion in Muleshoe

Mrs. Joe Graham attended the Gibson family reunion Aug. 13 and 14 at the R. M. Gibson home in Muleshoe.

There were 51 adults and a large number of children present.

The R. M. Gibsons formerly lived in the Alanreed and McLean area.

### First Baptist Church Picks New Officers

First Baptist Church officers were elected last week to serve during the church year beginning Oct. 1.

They include: Doyle Brown, Sunday School superintendent; Dennis Jones, Training Union director; Miss Eunice Stratton, clerk; W. C. Simpson, treasurer; Homer Abbott, assistant treasurer and chairman of ushers; Joe Suderman, song leader; Mrs. Boyd Reeves, assistant song leader; Mrs. Paul Miller, musicians chairman;

And Glen Curry, chairman, Howard Miller and R. L. Brown, members, house and grounds committee; Curby Morris, forward program chairman; W. C. Simpson, Homer Abbott, Doyle Brown, Joe Suderman and Joe Taylor, finance committee members; George Colebank, auditor;

And Mrs. Homer Abbott, Women's Missionary Union president; Gene Herron, Brotherhood president; Luther Petty and Homer Abbott, associational board members.

### Eudey Reunion Is Held in Childress

Mr. and Mrs. C. M. Eudey were in Childress Saturday and Sunday to attend the Eudey family reunion. A large crowd was in attendance, and they enjoyed visiting and playing table games.

**AUSTIN — (Special) —** Election-year upheavals plus Texas' "lame duck law" are playing havoc with the work of interim legislative committees.

Attorney General Will Wilson ruled that, except in special cases, interim committee members not re-elected to the Legislature may not continue to serve on the committees. This brings a shake-up in the membership of a number of study groups now in the midst of their work.

Biggest change will be in the make-up of the House General Investigating Committee which has been asked to look into several politically touchy questions. Going off the five-member committee are the chairman, Rep. H. J. Blanchard of Lubbock, and Reps. Joe Burkett of Kerrville and Carl Conley of Raymondville.

Nine other legislative committees lost one or more members who either did not run again or were defeated.

Not affected were members of the Commission on State and Local Tax Policy. Attorney general noted that this group was set up under a law which specifically provided its members should serve a two-year term.

Also continuing to serve, whether re-elected or not, will be those members of the Legislative Council and legislative budget board who—like the speaker of the House—are members because of the jobs they hold.

In the appointment of committees on which "lame ducks" may not continue to serve, next year's speaker and lieutenant governor face a problem. Only way to prevent vacancies would be to second-guess the political future of each appointee.

**YOUTH CRIME RISE SEEN—** Juvenile delinquency in Texas will get worse before it gets better, the Texas Youth Council director predicted.

Dr. James Turman presented to the legislative budget board the council's request for an appropriation of \$4,235,470 for the coming biennium. This is an increase over the present two-year allocation of \$3,487,442.

A part of this increase is to

build for future needs. Turman noted that the Gatesville Training School for Boys had 403 boys in 1950 compared to its present average of 1,300. He predicted an average population of 1,790 during the coming two years and 2,959 by the end of the sixties.

Turman also urged the setting up of a system of paid parole supervisors "to keep some of these kids from coming back." He said that some of the boys had been to Gatesville as many as five times and that up to one-third were repeaters.

**ANTI-LOAN SHARK COMMITTEE—**A citizens committee is being formed to work for approval of a constitutional amendment to give the Legislature more regulatory power over the small loan industry.

Abner V. McCall, executive vice president of Baylor University, is chairman, and Tom Reavey, Austin attorney and former secretary of state, is vice chairman.

Proposed amendment will be No. 4 on the general election ballot in November. It would give the Legislature power to license and regulate lenders and set maximum rates of interest. Until and unless the Legislature set a new rate, the present constitutional maximum of 10 per cent would apply.

Adoption of Amendment 4 is an essential first step, said McCall, to wiping out Texas' reputation as "the lone shark state." He said that Gov. Price Daniel, Lt. Gov. Ben Ramsey and Attorney General Wilson favored the amendment and were honorary members of the committee.

**TEC HITS CHEATERS—**Texas Employment Commission has filed complaints against some 100 persons accused of drawing unemployment compensation pay while actually working.

As a result of a widespread investigation, TEC has filed several score suits against persons it declared were receiving benefits and salaries at the same time.

Some of the defendants have already been tried, fined and ordered to repay the money received from TEC. Most of the cases involve workers in Houston and Brownsville.

Law provides that workers who lose their job through no fault of their own and cannot get other jobs may receive \$28 a week for up to 26 weeks, while unemployed.

Violators can receive up to a \$50 fine and 30-day jail sentence.

**LAWBREAKING ON INCREASE—**Department of Public Safety report shows that one of the fastest growing statistics in Texas is the number of major crimes committed—up 10.3 per cent for the first half of 1960.

For the first six months of this year DPS estimates 96,681 major crimes were committed in Texas, compared to 87,679 for the same period in 1959.

One of the brighter spots in the report is that murders and homicides decreased by 15.1 per cent. Burglaries, however, rose 19.2 per cent.

Biggest crime increase was in urban areas—up 12.5 per cent. In rural sections the rate was down a little—less than one per cent.

**VACCINATIONS URGED—**Texas is one of the safer states as far as paralytic polio is concerned, but it's seventh in the nation in number of whooping cough cases, ninth in diphtheria and scarlet fever.

All these rates could be cut, a State Health Department spokesman said, if there were fewer people who can't be bothered with getting protective shots.

Late August and September are the usual season for polio epidemics, the department warned.

#### APPLES OF GOLD

A word fitly spoken is like apples of gold in pictures of silver. Proverbs 25:11. This was an ancient royal custom in the Far East of placing on the banquet table as a centerpiece a silver basket filled with golden apples. At some time during the meal the basket was passed around, and every guest was invited to select one of the gleaming gold apples as a gift from the king.

We, who live centuries after Solomon's time, have come to appreciate far more than the people of his day how true his words are. We live in a world of words. What we sometimes call a "cold war" is principally a war of words. Hitler averred that he would conquer more nations by the pen than by the sword. Not only did Hitler prove his theory, but we are frightened as we see it proved by communism. We realize afresh that words can wreck, words can revive, words can ruin, words can restore, and words can change our whole way of living.

A word fitly spoken is like apples of gold in baskets of silver. Many of us can fill that basket full of different kinds of golden apples, words of praise, words of comfort, or words of encouragement.

Among the most beautiful golden apples are words spoken for the Master. Sometimes we think that the business of taking the words of salvation to people who are lost is the task of the minister and the Sunday School teacher, but Jesus never said it so. Go yet into all the world, was His admonition. That word "ye" includes every Christian.

### Proposed CONSTITUTIONAL AMENDMENT NUMBER FOUR ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 8, 1960.

HOUSE JOINT RESOLUTION NO. 6 proposing an Amendment to Section 11, Article XVI of the Constitution of the State of Texas, so as to give the Legislature authority to classify loans and lenders, license and regulate lenders, define interest, fix maximum rates of interest, and provide for a maximum rate of interest of ten per centum (10%) per annum in the absence of legislation providing maximum rates of interest, providing that the rate of interest shall not exceed six per cent (6%) per annum in contracts where no interest rate is agreed upon; providing for the right of appeal and trial de novo in the event any regulatory agency exceeds or refuses to grant any permit; providing for the necessary details and the form of the ballot; and providing for the necessary publication and publication.

AS IT REVOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 11, Article XVI of the Constitution of the State of Texas be amended so as to hereafter read as follows:

"Section 11. The Legislature shall have authority to classify loans and lenders, license and regulate lenders, define interest, and fix maximum rates of interest; and providing for a maximum rate of interest of ten per centum (10%) per annum in the absence of legislation fixing maximum rates of interest.

Interest is agreed upon, the rate shall not exceed six per centum (6%) per annum. Should any regulatory agency, acting under the provisions of this Section, exceed or refuse to grant any permit under any law passed by the Legislature; then such applicant or holder shall have the right of appeal to the courts and granted a trial de novo as that term is used in appealing from the justice of peace court to the county court."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the first Tuesday after the first Monday in November, 1960, at which election all ballots shall have printed thereon the following:

"FOR the Constitutional Amendment giving the Legislature authority to classify loans and lenders, license and regulate lenders, define interest and fix maximum rates of interest; and providing for a maximum rate of interest of ten per centum (10%) per annum in the absence of legislation fixing maximum rates of interest."

"AGAINST the Constitutional Amendment giving the Legislature authority to classify loans and lenders, license and regulate lenders, define interest and fix maximum rates of interest; and providing for a maximum rate of interest of ten per centum (10%) per annum in the absence of legislation fixing maximum rates of interest."

Sec. 3. The Governor shall have the necessary proclamation for the said election and have the same published as required by the Constitution and laws of this State.

## Down Memory Lane

### 10 Years Ago

Dick and Posey Dickinson and Herb Chase paid another visit to Lake McClellan Saturday night, but this time they came back with the proof. The trio caught a very nice mess of fish.

Wayne W. Rives, son-in-law of Mr. and Mrs. Jim Back, will graduate from the University of Texas this month.

Bert Barker and associates have moved their oil well rig to Sayre, Okla., where they will make a 3,000 foot test.

Johnny Vineyard and Gene Henley enlisted in the Army Air Corps in Amarillo last Wednesday.

Bill Eadey, Barney Myatt and Charles McCurley enlisted in the Navy last Sunday.

Nick Nicholson has joined the Army Air Corps and is to report to Amarillo for his physical on Monday.

Gerald Knutson and Arvin Smith will leave next Wednesday for Albuquerque, N. M., where they will take physical examinations to join the U. S. Navy.

### 20 Years Ago

Mr. and Mrs. J. R. Phillips and daughter went to Amarillo Wednesday, Mrs. Phillips receiving medical treatment. They were accompanied by Mrs. Dwight Stubblefield and Mrs. Milton Carpenter.

C. J. Cash visited his sister, Mrs. W. F. Harrell, at Ballinger over the week end. He was accompanied by Allison Cash, John Clayburn Cubine and W. J. Ball.

Mr. and Mrs. Lavelle Christian and little daughter of College Station are visiting the former's parents, Mr. and Mrs. A. B. Christian.

Mrs. Clyde Andrews and son of Tucumcari, N. M., are visiting in the T. H. Andrews home.

Mr. and Mrs. Harve Smith of Clarendon visited with the lady's sister, Mrs. J. B. Pettitt, Wednesday.

Mr. and Mrs. Paul Kennedy and little daughter of Skellytown visited with the lady's parents, Mr.

### 40 Years Ago

Family Reunion at Foster Home  
Mr. and Mrs. J. H. Foster, who live three miles south of McLean, enjoyed the home coming of their 11 children the past week. There were 28 present in all, as follows: Mr. and Mrs. Hester Woosley, Mr. and Mrs. W. N. Furqu and five children, Mr. and Mrs. L. E. Waldrop and three children, all of Hamilton County; Mr. and Mrs. E. E. Foster and baby and Edgar Foster of Hall County; Mr. and Mrs. C. H. Bennett and two children of Hedley; J. W. Foster of Lingo, N. M.; and Henry, Wesley, Raymond and Miss Ruby Foster, who are still at home.

This is the first time all the family has been together since the parents moved from Hamilton County eight years ago, and it has indeed been a happy occasion.

### Jones to Open Hardware Store

S. R. Jones announces that he has resigned his position as manager of the Western Lumber Co. at this place and that he intends to put in a stock of hardware in the Cook building, just north of the American National Bank.

### FAMOUS SAN ANTONIO FORT

Teddy Roosevelt trained his famous Rough Riders in Texas in the same fort that housed such outstanding generals as Grant, Lee, Sheridan and Hood.

It's the 3,000 acre Fort Sam Houston, the greatest army post in the United States. It's located within the confines of San Antonio.

Old "Fort Sam" dates back to the pre-Civil-War days and still is active today. Much of the old atmosphere remains.

It's a sight to see, whether you're interested in the activities of today or yesteryear.

### FORT WORTH HAS THE TIME

Texans have a big time. They also have a big timepiece.

Fact of the matter is it's the world's largest. It's the clock that's atop the 30-story Continental Bank Building in Fort Worth.

Time is controlled by a microwave radio from the U. S. Observatory in Washington, D. C.

The clock itself is five stories high. It weighs 77 tons and the numerals are so large—25 feet high and nine feet wide—that the clock can be read from a distance of five miles.

### GOOD ENUF FOR COMSTOCK

Springs that provide 116,000,000 gallons of water per day should be good enough for anybody.

People in the southwest town of that such springs were good enough for them, so they named them "Good Enough Springs"

The springs are located just south of Comstock, in Val Verde County, and their fine waters feed the Rio Grande River.

### Under conditions of good management, feeding aureomycin to milking cows at a low-level apparently has no advantages, reports A. M. Meekma, extension dairy husbandman. On the other hand, the dairyman may run the risk of having his milk condemned because of faulty feed mixing or may create antibody resistance disease organisms in his herd and is sure to increase feed costs if the antibiotic is fed.
