

Just  
Between  
Us

This modern age of medical miracles!

Norman Johnston, once a resident of our fair city, returned for a visit last week—and he's literally a new man.

We didn't know Norman, of course, when he lived in McLean prior to 17 years ago. But his life must not have been too enjoyable then.

A heart condition—the doctors told him it was all caused by a malfunctioning valve—kept the former McLeanite pretty well slowed down then.

He checked with surgeons and was told his chances of surviving on operation to correct the condition were about one in five.

Those odds weren't good enough, Norman felt, so he just continued to take it easy on the place he had moved to in Stephenville, near Fort Worth.

—jbu—  
The pain and smothering spells got worse through the years.

Several months ago, after hearing about the tremendous advances in heart surgery, Norman checked on the odds again. This time they were reversed—four in five for survival.

He decided to try his luck four months ago. And he won.

—jbu—  
Doctors tell him now that Norman can look forward to many years of useful life.

—jbu—  
Lifted from our 3-year-old Susan's vocabulary:  
"Daylight—'After it quits darkin'."

—jbu—  
We finally got to see a satellite! Not long after our "Just Between Us" went to press last Thursday our telephone rang at home. Margaret answered, then turned to me to report that Echo I was overhead.

"Dwight" had told her so on the telephone.

We still don't know who Dwight is, being new around these parts and all, but we do appreciate the call.

EQUIPMENT IS  
UP FOR BIDS

The Gray County Soil Conservation District is in the process of selling all the equipment it owns.

James W. Cliett, district vice chairman and a resident of the McLean area, announced this week the Gray County SCD feels its purpose in the field of grass seeding and dirt work has been completed by furnishing much-needed equipment in prior years.

Cliett pointed out that there presently are individuals in this area who do custom-grass seeding and dirt work. They will assume the role the district has carried on in the past.

An advertisement appears in this week's McLean News offering the district equipment for sale. The soil conservation district is a sub-division of the state government and is locally controlled by supervisors such as Cliett.

Hundreds of acres of cultivated land has been sown back to grass since the district was formed in the late 1940s.

Lecture Program Set  
At Church in Twitty

The Church of Christ in Twitty will sponsor a lecture program next Monday through Saturday, with a different speaker each evening.

"Wellington Night" will be observed next Tuesday, and Grandold Forehand, minister of the Wellington Church of Christ, will speak on the subject, "Church Government."

A song leader from Wellington will be asked to take part on the program that evening, according to J. Loyd Rice, Twitty church minister.

Rice said that a topic of vital interest to everyone will be discussed Friday night, Sept. 2, by Dr. F. W. Mattox, president of Lubbock Christian College.

Dr. Mattox will speak on the subject, "Christian Education."

David Fultz, minister of the McLean Church of Christ, is scheduled to speak on "Mission Work" Wednesday night.

McLean, Gray County, Texas, Thursday, August 25, 1960

No. 34

Hail Damages Cotton, Feed Near City

Hail, winds and pounding rain last Saturday severely damaged cotton and feed crops on an estimated 200 acres south of McLean. Gray County Agent Foster Whaley who described the hail as "most destructive," said the center of the damaged area appears to be on the Lemon Andrews farm. "Extremely severe damage" also occurred on the J. I. Martindale

and Boyd Reeves places, while the loss was "somewhat less" on the E. T. Duncan farm. Hard hit, too, by the hail was the area watermelon crop. Salvage operations are in progress on some farms, where the melons are being hauled to market as rapidly as possible. Some cotton fields which appeared capable of producing three-

quarters of a bale per acre now have turned into an almost complete loss, according to Whaley. No property loss was reported in the storm, which moved across the area in the early evening, and the crops immediately south of McLean appeared to have escaped damage, the county agent said. Before the storm struck, Whaley said the cotton crop in this area

was "in general better than average." However, he added that the plants "seem to be slow in fruiting." In a welcomed report from the county agent, farmers learned that there appears to be no insect damage in fields here at this time. Whaley said that farmers are fortunate in this area in that their cotton fields have avoided damage

from 2-4-D drift. On the high plains much of the cotton has had a "shot of 2-4-D," he pointed out. Statewide, cotton production for 1960 has been figured at 4,375,000 bales in the first estimate released by the U. S. Department of Agriculture, but this was before heavy August rains covered nearly all of south Texas.

The 4,375,000-bale estimate would be some 125,000 bales below the 4,500,000 bale yield of 1959 in Texas, and it may be lower than that after the results of continued rainfall in the harvest season are counted up. Nationally, total cotton production for 1960 is estimated at about 14,471,000 bales, a little below the 14,538,000 bale crop last year.

RAINFALL FOR  
YEAR CLIMBS  
TO 20 INCHES

A severe thunderstorm dropped 2.10 inches of rain and hail on McLean last Saturday and sent the total precipitation for the year to well above that of the same date in 1959.

City weather records, maintained by Pete Fulbright, superintendent of public works, show that McLean has received 20.44 inches of moisture since the first of the year.

The total to Aug. 24 in 1959 was 18.79 inches.

Small-sized hail pounded down on the city for several minutes during Saturday's storm, which sent many residents scurrying to storm shelters.

The severe weather alert was sounded shortly before the heavy clouds moved over the city shortly before dark.

Temperatures Rise

While no damage from the storm was reported in McLean, crops suffered heavily south of town.

Temperatures were on the rise at mid-week and had pushed to 96 degrees Wednesday afternoon. This was the maximum reading up to Wednesday.

The low for the past week was 61 degrees recorded at 6:15 a. m. Friday.

Weather records for the week were:

	High	Low	Precip.
Thursday	84	64	....
Friday	90	61	....
Saturday	95	68	2.10
Sunday	89	62	....
Monday	93	69	....

Billy Walter Evans  
Receives BS Degree

LUBBOCK—(Special)—Billy Walter Evans, son of Walter Evans, east of McLean, has been awarded a degree in geology from the Texas Tech School of Arts and Sciences.

Evans was among 500 graduates receiving degrees at summer commencement exercises here last Saturday.

The McLean student received the bachelor of science degree in geology.

Charges Against  
Six in County Court

Six persons had been booked in Gray County Court in Pampa thru Tuesday noon on a variety of charges.

They include: Ruby Priest, driving while intoxicated; Luther Rose, sale of beer on Sunday; Mrs. Jack McCarney, sale of beer to a minor; Bill Langley, sale of liquor on Sunday; Melvin Gilkey, unlawfully carrying arms, and A. J. Hindman, sale of beer on Sunday.

Hi, DOC: David Regier, 14-month-old son of Mr. and Mrs. Cecil Regier, Pampa, got a look into the past during last Saturday's Top o' Texas Hereford Breeders Association ranch tour. Here the youngster, held by his mother, meets Lester Sitter, dressed as "Doctor Hereford," while the trouping group was stopped at the Hess and Wright Ranch south of McLean. Young Regier's father is assistant Gray County agent. Three hundred persons joined the motorcade which toured several ranches in this area. (Staff Photo)

McLean Bengals' Injury List Grows

Injuries cut deeply into the already thin ranks of McLean High School Tigers this week, and Coach Clifford Bradshaw said Wednesday the situation "looks pretty bad."

Kenny Willingham, returning first-string quarterback, suffered a dislocated elbow in a scrimmage with Estelline Monday night and will be out of action for six weeks, Bradshaw said.

John Switzer, returning junior tackle, sustained a sprained knee ligament in practice and also will be unable to see duty for six weeks.

Don Woods, also a starter on last season's Tiger squad, received a broken nose in the Estelline scrimmage, but Bradshaw said the youth is expected to be ready for service at end or quarterback before the opening game with Shamrock on Sept. 2.

Willingham, a junior, was being counted on heavily for this season.

Squad Down to 24

Thirty-five boys reported for workouts last week, but several have dropped from the squad since, and the dropouts and injuries have reduced the squad to 24.

Bradshaw said, however, that several boys are out of town on vacation, and he expects these and others to join the Bengal squad with the beginning of school on Monday.

Workouts are being held at Duncan Field on a twice-a-day schedule now—8 a. m. and 6 p. m. Workouts will be held each afternoon and Saturday mornings after school opens.

Oklahoma Evangelist  
To Conduct Services

Joe Ladd, an evangelist from Oklahoma City, will preach at services twice daily Sept. 5-14 at the McLean Church of Christ. Services will be at 10 a. m. and 7:30 p. m. each day during the period.

School Vacation Nears End;  
Pre-Enrolment Closes Today

MONDAY PLANS  
FOR ASSEMBLY  
ARE CANCELLED

McLean schools will swing open their doors Monday for the beginning of the 1960-61 term, and preparations for the occasion were being rapidly finalized today.

Supt. Lee Welch and members of the faculty began registering high school students Monday, and the freshmen were to complete the pre-class activity today.

Jack Riley, elementary school principal, said first through eighth grade students will enroll with the opening of classes at 8:30 a. m. Monday.

Two Divided Classes

There will be two sections this year for third and sixth grades, and these students were asked by Riley to check lists posted on the doors of the third and sixth grades to determine which section they will enter.

Third grade teachers will be Miss Leona Forbes and Mrs. Jim Boyd.

Sixth grade teachers are Mrs. Bob Green and Mrs. Merle Norman. First graders will report to Miss Lydia Whittaker; second to Mrs. Sinclair Armstrong; fourth to Mrs. Betty Skipper; fifth to Mrs. Lucille Getting.

Seventh graders who plan to enroll in band should report to Mrs. Charles Weaver, and those not taking band were instructed to report to Mrs. Curby Morris.

Eighth grade band students will report to Mrs. Vera Back, and others to R. L. Cline.

Funes Feared

Plans for the general assembly, held annually on the first day of school, were cancelled late Wednesday.

Supt. Welch said spraying of the gymnasium floor to rid the building of termites was to start late this week, and he feared the toxic fumes would still be in the structure on Monday.

Monday will be a full day of school, and lunch is to be served in the cafeteria.

Price of school lunches this year will be 30 cents for students in the first through sixth grades and 35 cents for all others.

Mrs. Dwyer Named  
WBC Hall Counselor

Mrs. Elizabeth Dwyer, formerly of McLean, where she completed her high school work, has been appointed counselor for Hattie Mays Ferguson Hall at Wayland Baptist College, Plainview, according to Dean Maurice J. Sharp, director of counseling services.

Mrs. Dwyer, who moved to Plainview from Sunray in 1958 after the death of her husband, has been employed at the Plainview First Baptist Church nursery and the Plainview day nursery. She is a former student of Plainview Business College.

In Sunray Mrs. Dwyer was active in all phases of church work, including serving as president of the Women's Missionary Union.

Mrs. Dwyer, the mother of a daughter, Martha, who is a senior in Plainview High School, will take up her duties on Sept. 1.

Golf Club Plans Are  
Made Here by Lions

McLean Lions Club directors voted this week to form a Golf Club following completion of the nine-hole course northwest of the city.

During their regular breakfast meeting Tuesday, Lions directors decided to sponsor the new club, with memberships open to all interested persons here.

The initial membership fee will be \$25, and monthly dues were set at \$2.50.

Green fees for non-members will be 75 cents for adults and 25 cents for school children.

John C. Haynes was chosen as temporary chairman of the Golf Club, and Lions President Sam A. Haynes appointed the following to a committee charged with forming the organization and setting up rules and by-laws: Don Blair, Richard Back, Martin Burroughs, Don Alexander, Pete Rice and Tom Greenwood.

Operate Independently

The Golf Club will be operated independently from the Lions Club. The new club will elect its own officers after being formally organized.

Gray County Agent Foster Whaley Tuesday took action to prevent further damage to the new golf course by prairie dogs.

Whaley spread cyanide flakes over the prairie dog town on the course.

In other action during the director's breakfast, Cliff Day was appointed chairman of the broom sales project scheduled for Tuesday, Oct. 18.

Raise Project Funds

The sale will begin immediately following the club luncheon on that day. Lions annually sell the brooms and other products to raise funds for club projects.

The brooms are made at a plant owned by the Lions in Tulsa, Okla. Plans for inviting school teachers as guests at the club's Ladies Night on Sept. 20 also were discussed. Details for the event will be announced later.

Each member of the McLean club was urged to invite a farmer or rancher as his guest at the next Lions luncheon on Sept. 6. At that time the club will hold its yearly "Farmer and Rancher Day" program.

County Agent Whaley will be in charge of the luncheon program.

Reserve Seat Ducat  
Deadline Is Nearing

Several holders of reserve seat tickets for the McLean Tigers home football games have less than three days to purchase the ducats again before they go on sale to the general public.

Supt. Lee Welch said Wednesday the deadline for last season's reserve seat occupants to get those same seats again is Saturday.

Monday the seats not spoken for will be offered on a first-come, first served basis until Aug. 9, the date the Tigers face Wheeler on the local gridiron.

Reserve seat tickets cost \$5 each and are good for all five home games of the approaching football season.

The reserve seat tickets are on sale at Brown's Rexall Store.

## Lefors Schools to Open Monday

Beginning Aug. 29, the halls of Lefors schools will ring with the patter of children after a three-month vacation.

During this three-month period the grounds and buildings of the school have undergone many repairs and beautification.

The one which everyone is most proud of is the new music department which has been covered in acoustical tile, which will enable one to hear clearly every sound, and thus improve the quality of the chorus.

Bill McGowan will begin his first year with the Lefors school in the capacity of choir and speech teacher. He will teach all grades in music and choir, and teach high

school speech.

McGowan is originally from Berger, attended Frank Phillips Junior College two years in Berger after graduating from high school.

He received his bachelor's degree from WTSC with a major in music. He spent two years in the U. S. Army, and will be married Sept. 2 to Miss Joy Snowdown from Spearman. The future Mrs. McGowan plans to teach in the Hopkins School, but the couple will make their home in Lefors.

Three other teachers will join the Lefors faculty this year. They are J. Weldon Moore, Mrs. Mary Sue Black and Harley E. Lewis.

Moore is from May, and was graduated from McMurry College.

Abilene, with a major in band and public school music and a minor in English. His wife, Ernestine, is also a graduate of McMurry.

Moore will be the new director and teacher of the Lefors Pirate Band.

Mary Sue Black will teach high school English. She is from Culla, having graduated from Texas Tech in May of this year with a major in English and a minor in Spanish. Her husband is a process engineer at Celanese Corp., Pampa, also a graduate of Texas Tech. Mrs. Black graduated with high honors from Tech, having made straight A's all the way through. She will also teach journalism. A resident of Pampa, she will commute to

her work.

Harley E. Lewis from Childress is the new seventh and eighth grade math teacher. He has a major in elementary education and a minor in science from WTSC, graduating in the summer semester.

He spent two years in the Army infantry, and attended Paris Junior College on a basketball scholarship two years. He was married Aug. 22, and he and his bride will make their home in Lefors.

Other repair work in the school facilities include a re-roof job on the high school, new sidewalks, changing of one room into a teachers' supply and audio-visual room, with a small counselor room which will be used by Keith Geisler, counselor.

The library of the school is going to have a complete new and modern look, with a new office for Miss Arbell Briggs, librarian, new book shelves and magazine racks.

School will begin Monday, Aug. 29, at 8:30 and will dismiss at 2:30 for all students except the first graders. Parents of the first grade students may take their children home after they enroll.

First grade students should have their pre-school examination forms completed, the required smallpox and diphtheria vaccinations and their birth certificates.

The cafeteria will serve a regular meal and the buses will run regular routes approximately the same time as last year. Prices for meals in the cafeteria will be 35 cents for all students except those in the first, second and third grades. Their price will be 30 cents.

Meals will be 40 cents for school employees and 50 cents for visitors.

Other faculty members and school employees include Jerry Jacobs, superintendent; Alex Swann, elementary principal; Elizabeth Hammer, second grade; Ruth Nauth, third grade; Ann McCarley, fourth grade; Fern Bull, fifth grade; Imogene Clarke, sixth grade; Norma Lantz, social studies, seventh and eighth; Anita Prescott, English seventh and eighth; Eddy Clemmons, math seventh and eighth; G. N. Moulter, high school principal; L. H. Berryman, math; Ronald Adams, driver's education; coach; Edward Lehnick, history, coach; Helen Lette, commerce; H. L. McCarley, shop; Cula Nowlin, home economics; Dale Prescott, history, coach; Paul Weidon, science; Keith Geisler, English; Davis Robinson, business manager; Virginia Archer, secretary; Ernest Taylor, bus foreman; Chester Hill, J. J. Jackson, Clarence Robertson, custodians; Geneva Lisenboe, Stella Klein and Katie Wooten, cafeteria.

School board members include D. S. McDowell, president; Bud Cumberland, secretary; Ed Bryant, treasurer; Ralph Carruth, Raymond Jordan, Hoyt Prueitt and Edward Bincent, members.

## Bridal Shower Held To Honor Miss Lamb In The Civic Center

Miss Peggy Lamb, bride-elect of Freddie Kindle, was honored with a bridal shower in the Civic Center Aug. 18.

Hostesses for the event were Meses David Robinson, Ralph Carruth, H. D. Cox, Jake Leggett, M. A. Dalrymple, Jeff Davis, Earl Lane, R. T. Jinks, Roy Jefferies, Cora Bradford, Gene Robertson, James Gatlin, Alvin Martin, R. R. Cable, Alton Flinchum, W. W. Cody, James Wariner, Ruby Cates, Horace Blair, Charles Lisenbee, Eddy Clemmons and Lonnie Ables.

Mrs. Cox registered the guests at a table covered in white and adorned with a pink rose in a crystal bud vase.

A kitchen utility corsage was presented to the honoree.

Background music was played throughout the evening by Miss Sheila Cable.

A white lace cloth over pink covered the serving table which was centered with an arrangement of cut garden flowers in a crystal vase, flanked by pink and white candles in double crystal candle holders.

Mrs. Flinchum served the white cake, decorated in pink roses and wedding bells inscribed "Peggy and Freddie."

Sheila Cable served the punch. Pink and white mints were served. The table was appointed with silver forks, and pink and white plates and napkins were used.

A large number of gifts were presented the honoree.

## Homemaking Classes Finished; Slipcovers Ready in Department

The Lefors summer homemaking classes under the direction of Mrs. O. W. Nowlin, homemaking teacher, have been completed.

The girls made slipcovers to match the drapes, for the living room furniture, in the homemaking department. The girls are looking forward to enjoying the use of the new furniture this fall in the homemaking classes.

An extensive two-year study of soil and shrubs suitable for the Panhandle area was completed. The front of the high school building, which houses the homemaking department, was landscaped. Shrubs have been set out and it is now one of the beauty spots of the community.

Helping on this project included Judy Lane, Sue Phillips, Ruth Martin, Beverly White, Barbara Todd, Linda Robinson, Barbara Halley, Ouida Jernigan and Sandy Call.

The class made consumer education trips to various drapery department stores in Pampa, to Bruce Nurseries, Alameda, and to the Pampa School of Beauty Culture.

An adult class in beginner sewing was also held. Eleven women were enrolled.

The homemaking girls planned and conducted a pre-school play school for the children of the adult class members. It was held the same time the adult class met.

## Personals

Attending the Church of Christ Young People's fellowship in Stinnett Friday night were Charlie Tutor, Charles Roberts, Daniel Rose, Loreta Henry, Karen Carruth, David Roberts, Jimmy and Jerry Hartless, Michael Allison, Judy Lane and Butch Ables.

Mr. and Mrs. Jerry Jacobs and children have returned from Tres Ritos, N. M., where they spent most of their summer vacation at their cabin there.

## SCHOOL BOARD TELLS RULES ON DRESS, CARS

Rules and regulations concerning student automobiles and student appearance and dress have been made by the board of education to be enforced in the pending school term.

Because of the many problems that have arisen in the past few years concerning the safety of all students and the misuse of student-driven automobiles during school hours, the board has deemed it necessary to put limitations on the use of autos during school hours.

Students will not be permitted to drive automobiles during the lunch period or any time after they arrive at school until they are dismissed. Students will not be permitted to be in parked cars.

While the school has no desire to tell students what they should wear, they feel a responsibility concerning the appearance of students at school, school activities and on school trips, according to the board.

The school does not prohibit blue jeans and slacks for girls but it is hoped that the girls will wear them only when the weather or conditions demand such dress.

Boys are expected to keep their shirts buttoned. The shirt tail should be worn inside the trousers unless the shirt is designed to be worn outside. The trousers should be worn with a belt.

Boys should have only standard haircuts—such haircuts as duck tail and Cherokee Strip, etc., are not considered standard. Older boys are asked to be clean shaven.

Through these regulations it is hoped by the board that the appearance and dress of each student will be of such a nature that it will be a credit to the student, to his family and to the Lefors school.

## GRID OPENER IS SEPT. 2

The first football game of the season by Lefors Pirates will be played in Panhandle at 8 p. m. Sept. 2.

## 1,698 PERSONS BENEFIT FROM SECURITY ACT

At the end of 1959, as federal Social Security was starting its 25th year, old-age, survivors and disability insurance monthly benefits were being paid in Gray County to 1,698 persons.

These recipients were drawing money at the rate of \$1,237,992 a year, according to a report from Hal Geldon, manager of the Amarillo Social Security office.

Payments in the entire Panhandle were going to 17,391 persons at the rate of \$11,880,036 a year.

Nationally, Geldon said, about 13.75 million persons were receiving old-age, survivors and disability insurance monthly benefits at the end of 1959 at an annual rate of more than \$10 billion.

At the end of 1940—the first year in which monthly benefits were payable—beneficiaries throughout the nation totaled 200,000.

Almost half a million disabled worker beneficiaries and their dependents receiving benefits at a yearly rate of over \$400 million are included in the figures for 1959.

As Social Security celebrates its silver anniversary (the original act was signed into law on Aug. 14, 1935) about 74 million working people are in covered employment or self employment in the course of a year.

## WOMEN'S FAIR ENTRIES DUE BY SEPT. 3

DALLAS—Special—Registration sheets for competition in the women's department of the 1960 State Fair of Texas should be returned not later than Saturday, Sept. 3, according to Mrs. Leah Jarrett, director of the women's department.

Mrs. Jarrett explained that the registration forms were necessary in order to allocate ample space in the Women's Building for the many exhibits and in handling the flood of individual entries.

Exhibitors can register for competition in the various divisions under art, designer-craftsman, hand-painted china, leathercraft, miscellaneous arts, needlework and sewing, foods, antiques and hobby collections.

## DO-IT-YOURSELF DEVICE STARTS CHARCOAL FAST

An ideal starter for charcoal fires can be made from a small piece (8 or 10 inches high) of stovepipe available from hardware dealers.

Drill a series of holes three inches from the bottom of the pipe, and attach a handle made of wire to the top.

To start the fire, place the stovepipe bottom end down in the grill. Drop a few bits of crumpled newspaper in, and pour the charcoal on top of the newspaper. Light the paper through one of the holes. The pipe forms a chimney that creates an updraft. When the charcoal is burning well, take the chimney away and let the fuel burn down to glowing coals.

## \$4,000 BEGINNING SALARY FOR TEACHERS, TSTA AIM

AUSTIN—(Special)—A beginning salary of \$4,000 for Texas public teachers will be requested at the next session of the Legislature, a spokesman for the Texas State Teachers Association has announced.

This and other TSTA proposals are in line with recommendations made two years ago by the 254 county Hale-Aikin committees, and costs have risen since then. TSTA President Mary Alexander of Palestine, said.

Mrs. Alexander made these points:

—The Gilmer-Aikin minimum foundation school program has not

been changed since 1949, except for two modest teacher pay raises, and cost factors then are unrealistic now.

—State increases in Texas teacher salary in the last 10 years are the lowest in the nation.

—In one proposed bill, TSTA will ask the Texas Legislature to strengthen the three basic parts of the Gilmer-Aikin program—teacher pay, transportation and maintenance and operation—as follows:

—Provide an annual salary of \$4,014 for a beginning teacher with a bachelor's degree (now \$3,294) and \$4,239 for a master or arts degree (now \$3,429).

—Annual salary increments of \$108 per year (now \$54) with 10 increments for bachelor's degree teachers and 17 for the master's degree.

—Add \$380 per school bus to help pay increased transportation costs for school children.

—Increase to \$500 per teacher the allowance for maintenance and operation of school plant and program (now \$350-\$400).

Larger cities, and other areas with rapidly expanding population, would especially benefit from another TSTA proposal, to allot state aid for teaching personnel on the basis of the current year's attendance instead of last year's.

This would save local taxpayers at least \$8 million the first year, Mrs. Alexander noted.

Other legislative requests by TSTA call for five days sick leave annually for teachers, cumulative to 30 days; additional special service teachers and principals, and regional film and audio-visual libraries.

Total cost of these proposals to strengthen the school program is estimated at \$100 million annually, of which the state would pay approximately \$80 million and local districts \$20 million.

"Texas schools are as good as they are largely because local districts have steadily increased their financial support and dedicated teachers continue to perform efficiently at a personal sacrifice in income," the TSTA president declared.

"If children are to receive a good education," she added, "good teachers must instruct them and teaching supplies and materials must be available for their use."

## 13 ACCIDENTS INVESTIGATED

The Texas Highway Patrol investigated 13 rural traffic accidents in Gray County during the month of July, according to Sgt. E. G. Albers, patrol supervisor for this area.

No one was killed but nine were injured in the mishaps. Property damage amounted to \$4,612.

The July figures bring the total number of persons injured in the county during 1960 to 75 and boosted property damage to \$70,232.

One person has met death this year.

Prior to the first of August there had been a total of 929 fatal accidents in Texas. These tragedies resulted in 1,134 persons losing their lives.

Sgt. Albers pointed out that "in order to arrive on time at your destination, start in plenty of time to allow for delays along the way."

## WALTER ROGERS REPORTS

### BACK TO WASHINGTON

Walter Jr. and I had a most pleasant several days at home before coming back to Washington for the bobtailed session of Congress. He is a sophomore in college and had to get back to the Capital City to get his military obligations taken care of, as well as to get himself ready for the fall semester.

We drove in his car, which is one of those low-type automobiles that has a removable top. Frankly, I thought I was going to be in a torture chamber for several days, but it didn't turn out that way. The ride was most comfortable, and he is a good driver.

If you ever get a chance to take a trip in one of those cars, don't miss it.

Since Congress was scheduled to meet on Monday the 15th, I wanted to be in Washington as near that time as possible. I attended the Greenbelt Bowl parade and football at Childress on Saturday the 13th and enjoyed it immensely. As a matter of fact, I got to kick off the football (the first time I had the pleasure of doing this for a number of years).

I found out I wasn't in practice, because the ball went sideways. This was no doubt due to the sharp-toed shoes, rather than my inability as a kicker.

I had to leave the game before it was over in order to meet my son in Shamrock, from which point we headed toward Washington which, incidentally, is about 1,600 miles. We made it by Tuesday, but did not stop for any extracurricular activities on the way.

After arriving in the Capital we discovered that we probably wouldn't have had to come anyway, as there was not a majority of members present during all last week, the result being that we adjourned from day to day.

This situation was undoubtedly due to the sharply divided opinion among the members as to whether or not the Congress should have reconvened. Many felt that an extended, bobtailed session would simply afford an opportunity to pass unneeded legislation. Hence, every effort is being made by these members to block anything not scheduled under the absolutely necessary list.

I hope we can adjourn at a very early date. The committees do not have time to properly consider important measures and it would be most unwise to try to pass any legislation under such circumstances.

On the trip back to Washington we made some most interesting observations. The motel situation in our section of the country is much better than it is in the East and Middle West. Good motel accommodations are more numerous in our Southwestern area and the service is much better than in the Midwest and East.

The bottleneck of the entire trip is at St. Louis, Mo. If you are planning a motor trip east of St. Louis, be sure to try to arrive there in the middle of the day or late at night. Otherwise, you will get into traffic jams which will cause you to lose between two and three hours in covering 25 or 30 miles.

### VERSATILE WOOD WINDOW THREE STYLES IN ONE

One of the most versatile home building components available today is the awning-hopper-casement window. This stock window of ponderosa pine operates according to the way it is installed.

Placed as an awning window, it opens upward and out, providing full ventilation with a tiny "roof" that keeps rain out. Inverted, it becomes a hopper window, opening down and out, ideal for windows near the floor since it allows ventilation but blocks drafts. Placed on its side, the window becomes a casement, opening to one side.

One of the questions students entering Ohio State University were asked was to list their places of residence since birth and the number of years spent in each spot. One freshman had lived in 12 different places and she was asked if her father was a minister or an army officer.

"Oh, no," she replied, "he's a football coach."

Which reminds us, football season is just around the corner, and you will need the family car tuned up for those out of town games. Better bring it in today.

**OLDEST AND YOUNGEST:** Mrs. Ida Davis, Shamrock, oldest member of the Stockton family attending a recent reunion here, holds the newest addition to the group, John Spencer Johnson, son of Mrs. Delene Johnson, Duncan, Okla. This picture was made during the family reunion held in the McLean Legion Hall. A total of 47 persons were on hand for the gathering. (Staff Photo)

### Family Reunion In City Attracts Many

Forty-seven persons attended the Stockton family reunion in the McLean Legion Hall Aug. 5 and 6. Mr. and Mrs. Bruce Pardue, who were unable to attend, wired flowers and good wishes for the occasion.

The program was in charge of Dr. John Stockton, vice president. Those present at the reunion were Mrs. W. M. Davis, Shamrock;

Mrs. J. H. Bounds and children, Jim and Glenda, Midland; Mr. and Mrs. J. C. Traweek, Bangs; Mr. and Mrs. J. C. Traweek Jr. and son, Jack, Decatur; Mr. and Mrs. John H. Traweek and daughters, Sue and Judy, Mr. and Mrs. R. M. Francis, Plainview;

And Mr. and Mrs. Tom W. Langston and sons, Stephen, Tom Jr. and Norman, Richland, Ore.; Mr. and Mrs. R. M. Francis Jr. and sons, Jolen, Phillips and Lynn, Waco; J. L. Francis and sons, Richard and Joe, Kress; Rev. and Mrs. F. G. Stockton, Alpine; Mr. and Mrs. Frank Stockton, Bethany, Okla.; Mrs. Francis Ritter, Edmond, Okla.;

And John Stockton, Kansas City, Mo.; Mrs. Delene Johnson and children, Donna Ruth, Roana, Naomi, Cathy, Esther and John Stephen, Duncan, Okla.; Mr. and Mrs. Frank Scales, McLean; Rev. and Mrs. C. M. Stipe and daughter, Denise, Stinnett; Benny Scales and friend, Tom DiCarlo, of Walker, Air Force Base, Roswell, N. M., and a number of other friends.

Frank Stockton was re-elected president of the reunion; John Stockton, vice president, and Ethel Scales, secretary and treasurer.

The group accepted an invitation from Rev. J. C. Traweek Jr. to meet at Bangs next year on Aug. 9 to celebrate his parents' golden wedding anniversary.

### Cousins Family Holds Reunion Here

Members of the Cousins family met at the home of Mr. and Mrs. Jim Dougherty last Wednesday.

Those attending were Mrs. Janie Lowry of Clarendon; Sam Lowry and children, Debbie and Nick, of Fort Worth; Mr. and Mrs. Max Rhea and children, Mike, Cathy and Melissa, of Amarillo; Miss Jewell Cousins of Borger; and Mr. and Mrs. Charles Cousins, Mr. and Mrs. J. M. Perryman and J. William, Mr. and Mrs. S. A. Cousins and Mrs. Ernest Beck and daughters, Nona and Sue, all of McLean.

### S. S. Class Has Luncheon

The Mary Martha Sunday School class of the First Baptist Church met in the home of Carolyn Leonard on August 11.

A salad luncheon was served to seven members.

The devotional was brought by Mary Lee Boyd and songs were sung by Mary Lee Boyd and Pat Barker.

Those attending were Margie McCarty, Deane Bradshaw, Una Payne, Erma Hester and those named above.

### VISITORS IN ABBOTT HOME

Weekend guests in the Homer Abbott home were Mr. and Mrs. Homer Passmore and Richard of Oklahoma City, Mr. and Mrs. W. C. Jackson of Keller, Mr. and Mrs. Lee Wilson of Amarillo and Mr. and Mrs. John Bayless and sons of Borger. Sunday guests in the Abbott home were Mr. and Mrs. Howard Weatherby and son of Shamrock, Mr. and Mrs. Elmer Andrews of Childress, Mrs. Neil Humble and Mrs. Roy Martin of Lawton, Okla., Mr. and Mrs. Jim Mays and son and Mrs. Walter Johnson and daughter, Melody, of Amarillo, Mrs. T. **Tree Seedings to Be Available in January To West Landowners**

COLLEGE STATION—(Special)—Tree seedlings will again be available to west Texas landowners for planting windbreaks next January. Don Young, head of the forest management department of the Texas Forest Service, urges landowners to place their orders early as possible before the Feb. 16 deadline. Orders must be in multiples of 50, and no order for less than 100 trees will be accepted. The delivered cost of seedlings this year is \$1.50 per hundred. Tree species available for the 1960-61 planting season are Austrian pine, black locust, black walnut stratified nuts, catalpa, cottonwood, Chinese elm, mulberry, osage orange, ponderosa pine, red cedar, rosa multiflora, sycamore, slash and loblolly pine. All seedlings are packed in moss and moisture-proof paper and shipped directly to the landowner. Tree seedlings, purchased from the Texas Forest Service, may not be used or resold for ornamental purposes. The landowner further agrees to protect the trees from fire, cattle and destructive insects. Application forms can be obtained from county agents and soil conservation district offices in the west Texas area. Forms are also available upon request from the Director, Texas Forest Service, College Station.

**Veteran Information**

Q—Was the GI loan interest rate changed by the recent law which gave World War two veterans another two years in which to get a loan?  
A—No. The interest rate was not changed. The maximum allowable interest rate is still 5 1/4 per cent.  
Q—I am a Korea veteran, holding a term life insurance policy with the letters "RS" before the policy number. I understand I can exchange this policy for new type term insurance at lower cost. How do I go about it?  
A—You may exchange your present term policy for one costing about a third as much, yet with the same protection. The new term insurance must be converted to permanent plan insurance before age 50, however, if you wish protection. Write the VA office where you pay your premiums, telling them you wish to make the exchange. Be sure to give your present policy number.  
Q—I am a World War two veteran applying for pension for the first time. Do I have to include my wife's income in reporting my own income for pension purposes?  
A—The first \$1,200 of your wife's income need not be included but all over that available to you should be. In cases where that would work extreme hardship, exceptions may be made under the law.

**21 GAMES TO BE PLAYED IN COTTON BOWL**

DALLAS—(Special)—A 21-game college and professional football schedule will be played in the Cotton Bowl here this season. The schedule includes all Southern Methodist University home games, the traditional Texas-Oklahoma clash on the opening day of the 1960 State Fair of Texas and the Cotton Bowl's New Year's classic. A number of exhibition and league games by the two new Dallas professional teams—the "Cowboys" of the National Football League and the "Texans" of the American Football League—are also scheduled. The complete Cotton Bowl schedule for the year is as follows: Aug. 19, Dallas Cowboys vs. Baltimore Colts; Sept. 2, Dallas Texans vs. Houston Oilers; Sept. 24, Cowboys vs. Pittsburgh Steelers; Sept. 25, Texans vs. Los Angeles Chargers; Sept. 30, Cowboys vs. Philadelphia Eagles; Oct. 2, Texans vs. New York Titans; Oct. 8, Texas vs. Oklahoma; Oct. 9, Texans vs. Oakland Raiders; Oct. 15, SMU vs. Rice; Oct. 16, Cowboys vs. Cleveland Browns; Oct. 30, Cowboys vs. Baltimore Colts; Nov. 5, SMU vs. Texas A and M; Nov. 6, Cowboys vs. Los Angeles Rams; Nov. 13, Texans vs. Denver Broncos. **APPLES OF GOLD**

A word fitly spoken is like apples of gold in pictures of silver. Proverbs 25:11. This was an ancient royal custom in the Far East of placing on the banquet table as a centerpiece a silver basket filled with golden apples. At some time during the meal the basket was passed around, and every guest was invited to select one of the gleaming gold apples as a gift from the king. We, who live centuries after Solomon's time, have come to appreciate far more than the people of his day how true his words are. We live in a world of words. What we sometimes call a "cold war" is principally a war of words. Hitler averred that he would conquer more nations by the pen than by the sword. Not only did Hitler prove his theory, but we are frightened as we see it proved by communism. We realize afresh that words can wreck, words can revive, words can ruin, words can restore, and words can change our whole way of living. A word fitly spoken is like apples of gold in baskets of silver. Many of us can fill that basket full of different kinds of golden apples, words of praise, words of comfort, or words of encouragement. Among the most beautiful golden apples are words spoken for the Master. Sometimes we think that the business of taking the words of salvation to people who are lost is the task of the minister and the Sunday School teacher, but Jesus never said it so. Go yet into all the world, was His admonition. That word "ye" includes every Christian.

**Proposed CONSTITUTIONAL AMENDMENT NUMBER FOUR ON THE BALLOT**

**PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 5, 1955.**

**HOUSE JOINT RESOLUTION NO. 4** proposing an Amendment to Section 11, Article XVI of the Constitution of the State of Texas, so as to give the Legislature authority to classify loans and lenders, license and regulate lenders, define interest, fix maximum rates of interest, and provide for a maximum rate of interest of ten per centum (10%) per annum in the absence of legislation setting maximum rates of interest; providing that the rate of interest shall not exceed six per cent (6%) per annum in contracts where no interest rate is agreed upon; providing for the right of appeal and trial de novo in the event any regulatory agency denies or refuses to grant or renew; providing for the necessary changes and the form of the ballot; and providing for the necessary proclamation and publication.

**BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF TEXAS:**

Section 1. That Section 11, Article XVI of the Constitution of the State of Texas be amended so as to hereafter read as follows:

"Section 11. The Legislature shall have authority to classify loans and lenders, license and regulate lenders, define interest, and fix maximum rates of interest; and providing for a maximum rate of interest of ten per centum (10%) per annum in the absence of legislation fixing maximum rates of interest."

"Section 2. The Governor shall issue the necessary proclamation for the said election and have the same published and recorded in the Constitution and laws of this State."

## ELK CITY TO BEGIN 22ND RODEO SEPT. 5

ELK CITY—(Special)—In true jet-age fashion, Elk City's 22nd annual Rodeo of Champions will "blast off" with the opening performance Labor Day, Sept. 5, and will include second and third night shows Sept. 6 and 7.

Preceding the opening performance a traditional rodeo parade, which in past years has been a spectacular show within itself, will wind its way through the downtown section.

New steel bleachers, added to the rodeo park last year, bring the seating capacity to 7,634 persons for each show and, regardless of location, every seat assures spectators of a ring-side view of the rodeo festivities.

Spectators this year for the first time will see the rodeo park's all-new steel chutes in operation. The chutes are so designed to give spectators a clear view of the mounting preparations and action inside, as well as outside, the chutes.

Also, each chute has a red light at the top, showing rodeo fans the one to be in use during the upcoming ride.

In addition to the regular rodeo contest events, specialty attractions this year will include Joe Zeppe with a sensational troupe of trained horses, a professional girls' barrel race and numerous comedy skits by the nationally renowned Clark Brothers rodeo clown team. The Clark brothers will be assisted by barrel boy Galdie Carlton.

The moon not only pulls the earth's tides back and forth; it also stops cars on side roads.
