## American Heritage Week Essays

### Our Flag Always Flies Proudly

This is another in a series of patriotic essays written by McLean Grade School students during American Heritage Week. This week's article was written by Ronnie McIlroy, son of Mr. and Mrs. Wayne Mellroy and winner of first place among eighth grade Reds.

RONNIE McILROY

all of these battles! In these conflicts we came out victorious because we loved our flag and fought for it!

The flag has waved everywhere our men have landed. "Old Glory" has been a symbol of courage in our men and in our country.

Enemies have wondered what makes our men fight so hard and courageously. The reason is the love of the flag and loyalty to the flag.

It is the desire to always keep our flag up and waving. As John Nix once said, "If any man attempts to haul down the American flag, shoot him on the spot."

This is what we believe in and fight so hard for.

Our flag stands for the unity of a country. All of the stars in the flag stand for unity and working together. The "Stars and Stripes" stand for the rich man, the poor (See OUR FLAG, Page 5)

DERRITH WELCH

### WELCH IS AN ALL-STAR

Derrith Welch, high-scoring McLean Tiger, has been selected as one of the 12 top basketball players in the Texas Panhandle, it was learned here this week.

Welch, son of Mr. and Mrs. Lee Welch, is the only Class A player chosen for the Amarillo Globe-News All-Star Panhandle Team.

The All-Star selections will be announced by the Globe-News probably next Sunday.

Three of the players chosen for the honor are from AAAA schools, two from AAA schools, five from AA schools and one from a Class B school—in addition to Welch.

The lanky McLean High School junior has scored more than 600 points this basketball season.

### Rain, Snow Bring Needed Moisture

Much-needed moisture fell in McLean over the weekend in the form of rain and snow, giving thirsty crop and range lands a refreshing drink.

A light snow added a trace of moisture early this morning.

The rain which fell Friday night and a 3½-inch snow on Saturday produced 25 inch of moisture—virtually all of which soaked into the dry ground.

This, plus the .30-inch shower on Feb. 10 and the .01 total moisture for January, brought to .56 the amount received by the city since the first of the year.

On this date in 1962 the moisture total was .80 inch. Temperatures varied during the week from a low of 23 to a high of 67 degrees.

### Scout Paper Drive Ends on Saturday

McLean Boy Scouts will conclude their paper drive Saturday, it was announced this week.

Residents having paper they wish to contribute to the drive should either take it to Ellison Motor Co. or telephone GR 9-2479 for collection.

The Scouts and Tom Trostle, chairman of the paper drive, said they wished to thank everyone who helped with the project and who gave papers.

Almost enough paper for one load has been collected. It will be taken to Acme, Texas, and sold to the Bestwall Gypsum Co.

Proceeds from the sale of the paper will be used to purchase a tent for the Scout troop.

## McLean Winner Of 2-A Basketball Title

### INELIGIBLE PLAYER TRIPS THE CYCLONE

Coach Derral Davis' McLean High School Tigers made it two District 2-A basketball championships in a row here Friday night by stopping the Wellington Skyrockets 37-36 in a tension-packed contest.

The forfeiting of all games by Memphis—because of an ineligible player—and the victory over Wellington Friday gave McLean its title.

The Tigers still had not learned by late Wednesday who would be their opponent in the bi-district game, expected to be played early next week.

As it now stands, Stratford appears to be the trophy-winner in District 1-A, but the final decision won't be known until the district tournament is completed this week.

**Best in Round-Robin**  
Stratford finished the round-robin play with the best 1-A record.

However, if another team wins the tournament championship, then a playoff will be required Saturday night to determine which will represent the district.

If possible, the site of the bi-district game will be decided in a meeting Saturday morning at Berger. Coach Davis said the game probably will be played either at Pampa or Berger.

Coach Lloyd Hunt's Tigerettes closed out their season against Wellington in the preliminary game Friday, losing 59-33 to the district girls champions.

LaVon Watson led the McLean sextet with 15 points, but Wellington's Betty Courtney took game honors with 31.

**Miami Whips McLean**  
The Tigers fell victim to Miami 44-32 at Miami in a post-season game Tuesday night.

Derrith Welch paced McLean with 21 points, followed by Don Woods, five; Glen Swift, four, and Eddy Windom, two.

Welch was off his pace here against Wellington, and scored his lowest point-total of any game this season—12. Windom bucketed 14 to top McLean's Quintain and tied Wellington's Lynn McLean for high-point honors in the game.

The score in the game was tied eight times. At the end of the first quarter, the two teams were deadlocked at 8-8, and at halftime the Tigers were nursing a 19-18 edge.

**Windom Shoots Accurately**  
With Windom hitting seven straight points soon after the second half began, the Tigers managed to stretch their lead to 31-23 at the third period end.

Welch made it 32-23 with a free throw to begin the final quarter, but at that point the Skyrockets came to life and with a full-court press went out front 36-34 with one minute and 17 seconds left to go.

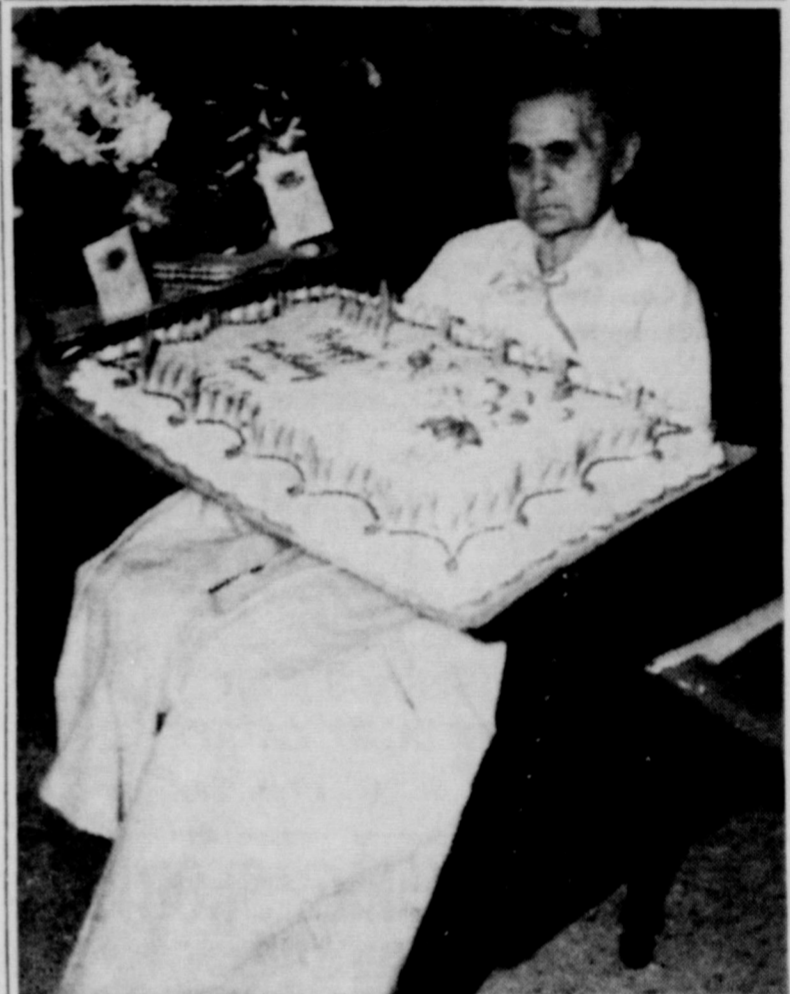

Windom sank a two-pointer to tie the score again, and was fouled in the process of shooting. He then dropped the free throw (See TIGERS, Page 5)

### Talent Show Is Delayed 'Til April 6

The Alarred Home Talent Show scheduled for Saturday has been postponed until April 6.

The talent recruiting committee decided to delay the event in a called meeting Monday night, because it was felt more time was needed to prepare for a successful show.

Poster publicizing the show now on display will be picked up soon and revisions made.

MRS. EMILY MINIX

## Mrs. Emily Minix Is 103 Years Old

Mrs. Emily Minix, former resident of McLean for many years, quietly, but happily celebrated her 103rd birthday last Friday.

The observance was held at the Knight Rest Home in Littlefield, where she chose to go to receive doctor and nurses care after suffering a stroke 17 months ago.

Present for the occasion were Mrs. Minix' daughter and son, Mrs. George Colebank of McLean and Carl Carpenter of Sundown—and George Colebank, Mrs. Carpenter and the Colebanks' daughter, Mrs. John Cooper of Tucumcari, N. M.

The rest home furnished a large birthday cake and served cake and coffee to those present.

**Eorn in Missouri**  
Although weak and frail, Mrs. Minix seemed to enjoy having members of her family with her on her birthday anniversary.

She was born at Brownsville, Mo., in 1860. At the age of 15 she moved with her family in two covered wagons to Coleman, Texas.

She was converted at the age of 9, and has been a member of the Baptist Church for 93 years. She is the only living charter member of the First Baptist Church of Coleman, and was honored by that church in 1951.

She helped organize and became a charter member of the Gracey Baptist Church, later known as the Kellerville Baptist Church. She is presently a member of the McLean First Baptist Church.

### County Re-Accredited By Health Board

Gray County has been re-accruited as a modified accredited tuberculosis area, it was announced this week.

The re-accruited was announced by Dr. R. C. Garrett, executive director of the Texas Animal Health Commission. Foster Whaley, Gray County farm agent, has received the accreditation certificate which is good for six years.

Whaley said the commission expressed its appreciation to the people of Gray County for the cooperation extended to its representatives while work was being conducted in the county.

The commission requested that further cooperation be given to maintain the tuberculosis status of the county.

## YOUTH SHOWS IMPROVEMENT

Robert Lewis McDonald, McLean youth injured in a car-train crash here Monday of last week, was reported showing some improvement following the accident, regained consciousness last Friday.

McDonald, whose condition had been described as very critical following the accident, regained consciousness last Friday.

The son of Mrs. Louise McDonald, 18-year-old Robert sustained severe head injuries in the mishap. He was thrown from his car after it was struck by the Rock Island freight train at the Rowe Street crossing in downtown McLean.

**Dora Faye Returns Home**  
His companion in the car, Dora Faye Cunningham, 15, returned home this week from Groom Memorial Hospital, where she was admitted following the collision.

Dora Faye, daughter of Mr. and Mrs. Norris Cunningham, received four broken ribs, head, leg and back injuries.

Robert and Dora Faye were driving north toward town when the 50-car freight train struck the automobile at 10:20 p.m. The train was traveling east.

### Service Is Friday

The Assembly of God Churches of McLean, Wellington, Wheeler, Briscoe and Shamrock will hold a fellowship service at the Wheeler church Friday night.

Dinner is to be served at 6 p.m., with the service following at 7:30 p.m.

### Welch at Convention

Lee Welch, superintendent of McLean schools, is scheduled to return today from the National Association of School Administrators convention in Atlantic City, N. J.

Welch left last Thursday to attend the annual national gathering of school officials.

### Just Between Us

Nothing is definite in sports until the final horn sounds in whatever game or activity happens to be coming off at a given moment.

We say this in explaining a positive statement published in last week's McLean News. It was declared emphatically that the McLean Tigers were out of the race for the District 2-A championship.

Now we must eat our words. The Tigers of Derral Davis ARE the champs for the second year in a row.

—jbu—  
According to the records, McLean's loss to Canadian wrapped up the title for the Memphis Cyclone. That was that! Or so it appeared.

Then came Friday morning... and that wasn't that!

W. C. Davis, superintendent of McLean schools, called the high school office here to report that the Cyclone's top player, Jackie Bridges, had been ineligible to play either in football or basketball during the 1962-63 term.

Athletic Association regulations state clearly that no student may participate in sports for more than 10 semesters—starting with the eighth grade. Bridges had used up his eligibility in the 1961-62 school term. He had failed the eighth grade, but continued to compete in football and basketball each of the following years.

So the Tigers, who were in second place in the standings, would instead be the champions and represent the district in the playoffs—if they could defeat Wellington Friday night, which they did.

—jbu—  
Our first reaction was sympathy toward Memphis. But then we thought about it for a moment, and realized the Cyclone could never gotten as far as it did without one Jackie Bridges.

Proof of this is shown even further by the shelling Memphis took from Leflors last Friday night, after Bridges was ruled ineligible.

—jbu—  
One amusing incident came out of that regrettable scuffle which ended the game between the Tigers and Wellington here Friday night.

As we came down from the dressing room 30 minutes or so after the game, we saw Eddy Windom peering into a mirror. "There it is," he exclaimed as we walked by.

"It" was the contact lens in one of Eddy's eyes. He had found the tiny lens in the corner of his eye.

He looked a little sheepish when we emerged from the dressing room and into the gym proper. There before us was a host of people sweeping and searching diligently. (See JBU, Page 5)

## No Races Yet City and School Candidates File

Campaigns for city and school elective offices finally got off the ground Wednesday, with four candidates filing for the positions to be filled in April.

Mayor John C. Haynes filed for re-election Wednesday morning, and was followed later in the day by Incumbent City Alderman Boyd Meador and by Jewel Meacham.

Sammy Haynes also filed Wednesday for re-election to the board of education.

### Needed: Buyers For 4-H, FFA Livestock

Members of the McLean High School Future Farmers of America chapter and of the 4-H Club are working hard on their projects in preparation for the Gray County Junior Livestock Show and Top of Texas Show in Pampa March 2, 4, 5 and 6.

The annual events will be held at Recreation Park. Leaders of the youngsters planning to enter pigs and calves said encouragement and support are needed from the business people of McLean—to see and purchase the animals at the auction set for 9:30 a.m. on March 6.

**Students planning to enter livestock in the show and auction include:**

Kelly McClellan, Dwight Hatchaway, Lee Mayes, Lynn Mayes, Debra Denise McClellan, Toni Willoughby, Carolyn Willoughby, David Seany, Derral Herndon, Duward Herndon, Doyle McCurley, George Burrow, Jimmy Keen, Clifford McDonald, Walter Kirk, Homer Goldston and Harry Tate.

### FBLA Members On Way to Convention

A delegation of McLean High School Future Business Leaders of America chapter members left today for the state FBLA convention at Denton.

Delegates from six junior and senior colleges and 11 high schools pre-registered for the 11th annual convention, to be held Friday and Saturday at North Texas State University.

Local students were accompanied by Robert L. Green, MHS principal, and Mrs. Mary Tom Riley, chapter sponsor.

Larry Williams of McLean is a candidate for state president of FBLA, and he and his campaign managers plan a strenuous campaign during the convention.

McLean students will enter the various contests, and also present their project—in competition. "A Year to See"—in competition.

The local chapter's project has won first place at the convention the past two years.

### City Church Holds Training Course

A five-night workers' training course was conducted recently at the McLean Assembly of God Church by the pastor's wife, Mrs. L. R. Green.

This is Stewardship, by George Brazell, was used as the textbook. At the close of the course, the group attending presented Mrs. Green a set of stainless steel tableware in appreciation of her efforts.

Certificates were awarded to Mr. and Mrs. Howard Loyd, Mrs. Ruby McDade, Mrs. Cora Atchley, Mrs. Pat Herndon, Mrs. Tom White and Mrs. Green.

**MRS. ROBERT MAYFIELD IS HONORED AT BRIDAL SHOWER**

On Saturday afternoon, Feb. 16, Mrs. Robert Mayfield, the former Doris VanHuss, was honored with a bridal shower in the home of Mrs. Joe Simpson.

Hostesses were Mesdames Dick Dickinson, J. L. Mann, Leon Crockett and Joe Simpson.

Valentine colors of red and white were carried out in the decorations. The serving table was laid with a lace cloth, centered with a large white heart with red roses and a bride and groom in the center. Sandra VanHuss, cousin of the bride, and Sus Adams poured punch

from a crystal bowl and served the cake and mints.

Mrs. James Hallabough registered the guests.

**LEGAL CHECKUP A SAFETY MEASURE**

Legal trouble is easier and cheaper to prevent than to cure. Most wage earning, childbearing, home-buying, installment paying families don't see much need for a family lawyer.

Often only under prodding, one may have his lawyer prepare a will.

But can you tell a big legal risk from a small one? Can you spot the signs of legal trouble? Check with your family lawyer when:

1. **Your status changes:** upon coming of age, marriage, the birth of your children, buying a house, divorce or death. For you may then need to draft or revise your will, change your insurance, or refigure your taxes.

2. **You buy or sell.** Look out for flaws in the papers before you go into debt, part with money, or sign anything involving big expenditures or long term obligations.

3. **You enter into other contracts.** Promises, spoken or written, bind you if they call for a "consideration," something of value in return.

4. **Someone threatens your rights.** The law exists to defend them but with some rights you must take action yourself for them to work for you.

When you can bring your lawyer "live" facts (e.g. unsigned contracts, vexing tax returns you haven't filed), he can do much more for you, and at a smaller cost than when you bring him "cold" facts (mistakes you have made which threaten trouble).

But above all, get both live and cold facts to him at once. For time may run out in many such situations. Your lawyer may be able to do something for you today, which he cannot do tomorrow.

Tell your lawyer what you want. Tell him all the facts, good or bad, and then keep him informed all along. He is sworn to keep what you tell in confidence, and he cannot serve you well without full knowledge.

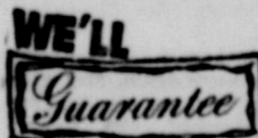

(This newfeature, prepared by the State Bar of Texas, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because a slight variance in facts may change the application of the law.)

**12 Rural Mishaps Are Investigated**

The Highway Patrol investigated 12 rural accidents in Gray County during the month of January, according to Sgt. J. W. Wilson, patrol supervisor of this area.

The wrecks accounted for five persons injured and an estimated property damage of \$4,330.

The Highway Patrol supervisor pointed out that rural motor vehicle traffic deaths, injuries and accidents slightly decreased in the 31-county Panhandle District during January, 1963, as compared with the same month for 1962.

Five deaths were allied last month as compared to seven in January, 1962; 61 injuries as compared to 81 for January, 1962. A total of 132 rural traffic accidents were investigated as compared to 162 for January, 1962.

The veteran patrol supervisor reminded motorists that the law requires all Texas registered motor vehicles to have valid inspection stickers displayed by midnight April 15.

"The best way to avoid the long line expected in the last-minute rush is to have your vehicle inspected now," he added.

**STATE CAPITAL Highlights AND Sidelights**

 TEXAS PRESS ASSOCIATION

**AUSTIN**—(Special)—According to a description given the House Appropriations Committee relative to the governor's mansion, it's in bad shape. Howard Rose, executive to Gov. John Connally, says:

"On the north side, the mansion is settling so much, there is a gap of several inches between the floor and the bottom of the front door." He added, "There are cracks in the wall and ceiling; a good deal of furniture needs restuffing, and the stove won't work right four days in a row."

"Also," says Rose, "we have only one coffee table in tea house. If you don't want to hold your coffee cup, you either put it on the floor or balance it on your knee. In the Green Room, there are no pictures. And we don't have eight complete sets of silver."

This prompted Appropriations Committee Chairman Bill Healy of Paducah to comment, "I know we've spent between \$100,000 and \$125,000 on the mansion in the last six years."

Gov. Connally has not requested any money for major repairs. He is asking for \$32,872 for each of the next two years to operate the mansion, including \$5,000 for utilities; \$1,500 for telephone expenses and \$2,250 for "other supplies."

**DELEGATIONS ORGANIZE**—Texas' two largest delegations in the 58th Legislature have organized for the purpose of working closely together "for better representation" of their regions.

An 80-member east Texas delegation elected Rep. John Allen of Longview as chairman.

About 30 West Texas legislators chose Rep. Richard C. Slack of Pecos as their leader.

**GAME AND FISH MERGER HOT TOPIC**—Rep. James Cotten's bill to merge the Game and Fish Commission with the State Parks Board—originally proposed by Gov. Connally and the Legislative Budget Board—hasn't come out of committee yet. It's a most controversial subject.

Legislators are beginning to feel pressure from all directions. The South Texas Chamber of Commerce sent them copies of a resolution opposing the merger. Then the Sportsmen's Clubs of Texas issued a statement in favor of the plan.

If the Weatherford representative's bill passes, some of the six members of the Parks Board and nine members of the Game and Fish Commission will lose their posts, since the composite commission would be limited to three members. So some legislators are torn between loyalty to local appointees and a desire to "streamline" state government.

**FARMER LIABILITY LAW**—Rep. W. T. Dungan of McKinney ran into some sharp questioning when he brought his bill before the House Judiciary Committee. Proposed bill would exempt farmers and ranchers from liability damage suits filed by patrons who sportsmen.

"The hunter pays the farmer to go on his land," Rep. W. H. Miller of Houston remarked. "That puts the farmer in business. Why not exempt the theater owner from damage suits filed by patrons who slip on popcorn sacks?"

After several other similar remarks, Dungan allowed that the wording of the bill might be improved. But he insisted that such a law would encourage more farmers and ranchers to open their lands to sportsmen.

**DEFICIT DOWN**—Deficit in the state general revenue fund was reduced in some two weeks from more than \$60,000,000 to \$35,401,125, according to a report by State Treasurer Jesse James.

Sharp drop was due to quarterly payments on the state's two per cent sales tax.

**CRIME SPIRALS UPWARD**—Texas' increase in major crimes during 1962 outstripped the population increase, according to Col. Homer Garrison Jr., director of

**FOR PRESERVATION**—Reps. Stanley Boyesen of Yoakum and John E. Blaine of El Paso have introduced a series of bills authorizing the state, cities and counties to select and protect historic, archaeological and paleontological sites.

One bill would permit local taxes to be spent for the purpose.  
 Two others prescribe fines for destroying or defacing places marked for preservation.

On the state level, the Historical Survey Committee would advise the State Building Commission which structures and sites should be preserved.

Mr. and Mrs. Frank Rodgers visited in Pampa Sunday with his sister, Mrs. Judd Jones, and his brother, Ray Rodgers, and their families. Their mother, Mrs. Dora Rodgers of Stratford, Okla., was also a guest in the Judd home.

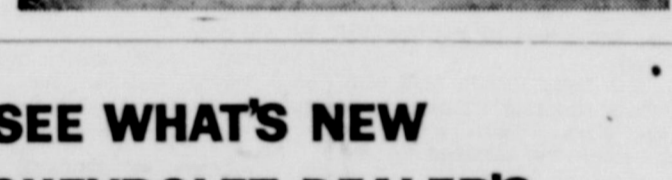

**Up the creek...**

Being without the proverbial paddle aptly describes having your battery go dead at a critical moment. Batteries always die at the wrong time.

Best way to avoid this embarrassing situation is to let your Phillips 66 Dealer check your battery frequently. He'll put in water, inspect the terminals, give it loving care.

If your battery is showing signs of weakness, let us install a powerful new Phillips 66 Tropic-Artic Battery.

Drive in and see us soon. You'll like our service...and our products!

### Personals

Mr. and Mrs. Keith Myatt and children of Amarillo spent Saturday and Sunday with his mother, Mrs. C. A. Myatt.  
 Mr. and Mrs. Frank Hambricht and Beth and Gene made a business trip to Pampa Monday.  
 Sunday guests of Bird and Sue Jones and Mrs. L. E. Johns were Mr. and Mrs. M. E. Jones of Dumas and Mrs. M. W. Banta of Borger.  
 Mr. and Mrs. Millard Windom and daughters of Clarendon visited in the Frank Hambricht home Sunday.

of those attending the meeting signed an intention to participate. Final sign-up date is March 22.  
 If I could be of any help to you, please call on me on my next Tuesday visit to McLean.  
**GOPHER DEMONSTRATION**  
 This has been re-scheduled for the second week in March. Mr. Charlie Carpenter was inquiring about this on my last visit to McLean.  
 He said Milton Carpenter was interested. We plan to send letters to all people about the date. It will be held on the Hack McCurley farm southeast of McLean.  
**TOP O' TEXAS HEREFORD BREEDERS SHOW AND SALE**  
 I hear some fine bulls from the McLean vicinity will be in the Top o' Texas Hereford Breeders Show scheduled the week of March 3-6 in Pampa.  
 Among these will be a very outstanding bull from the Clyde Magee herd.  
 Nelson Christie, vocational agriculture teacher, reminded me to send him a set of rules, regulations and a schedule of events of the Junior Livestock Show, which is scheduled in connection with the Hereford Breeders Show and Sale.  
 There is a large number of entries from the McLean vicinity.

**OATS**  
 Several people have been inquiring about the proper variety of oats to plant for spring seeding.  
 Here is the Experiment Station recommendation on varieties for this area: Alamo, Mustang or Alamo. On spring seeding of barley, use Wintex or Cardova.  
**WHEAT CONDITION**  
 Wheat is coming back to life very slowly. On the ridges the extremely cold weather has reduced stands drastically. Where moisture fell last fall a little more abundantly the wheat appears to be all right.  
 Without some good moisture soon, there will be very little grazing on top this spring.

**CARD OF THANKS**  
 Many, many THANKS to all of you who have been so nice to me during my recent illness. For all the pretty cards and flowers, your visits and the food, my heart overflows with appreciation. I trust I may be able to return a portion of your goodness some day.

**An estimated 100 persons** will leave Amarillo on April 22 with their sights set on New York City, site of the 1964-65 World's Fair.

James Williams, wagonmaster, reports in a letter to the News that the group plans to arrive in New York one year from the date of departure from Amarillo. Primary purpose of the venture, according to Williams, is "to awaken the spirit of pioneering."

The modern-day pioneers will travel along Routes 66, 40 and 22, and they're attempting to plan camping stops before the trip begins.

Williams said the group wants to "perform public service work in all the cities along our route, demonstrating Western hospitality."

Plans call for a free pioneer exhibit in an overnight camp close to the cities, with the public invited to free cowboy meals and exhibit; free training in pioneering for groups such as Boy Scouts and riding organizations.

Persons interested in providing camping places and organizing such an event were invited to write Williams at 8600 Western Avenue, Amarillo.

**It seems the weather just doesn't** want to cooperate with the McLean Boy Scouts.

They planned a big public showing of their varied activities for last Saturday, but the snow kept most persons inside and away from festivities.

We dropped by the Ellison Motor Co., where the activities were planned, and got to watch the youngsters do an Indian dance—they did a fine job of it, too—and then joined in with them and Sammy Haynes for the side-stepping round dance.

We hope the Scouts won't be too discouraged, and will give the public another opportunity to watch them show off a little. The boys are really quite active—more so than we realized.

Their Indian dances are complete with costumes, and they seem to know the proper steps.

man and the average everyday American.

It stands for a country with a hope that its freedom might always stand. Our country is a working country, a country working to enlarge its industries so that it might become the strongest nation on earth!

Our flag also stands for our laws. The laws are made to govern and protect us so that we will not be afraid.

The "Stars and Stripes" will always fly proudly because of the great respect we have in it. Every morning when I see "Old Glory" pride fills my heart.

I take pride in the flag because what is really waving up there is me. Yes, it is me and every other American up there!

The dead and never forgotten men who fought for it will always be remembered. We the people will always live or die for the flag.

Mr. and Mrs. Amos Page and children visited during the weekend with his mother, Mrs. Madge Page. They also visited Mrs. John W. Dwyer.

Mr. and Mrs. R. L. Wright and children, Dorel Rowena and Ethel, spent the weekend in Portales, N. M., with their daughter and sister and her husband, Mr. and Mrs. Bob Key.

"Look, Martha," the mistress said to her house maid, "I can write my name in the dust on the table."  
 "That you can, ma'am," the maid replied cheerfully, "It's glad I am to be working for such an educated lady."

# Feed Grain Program Signup Underway

Signup period for the 1963 feed grain program now is underway in Gray County at the Agricultural Stabilization and Conservation Service office in Pampa.

Miss Evelyn Mason, county ASCS office manager, announced that the period for signing up in the program will continue through March 22.

As during 1962, the program covers the three major feed grain crops—grain sorghum, barley and

corn.

Miss Mason pointed out one important change from the program for previous years. This is the price support payment which participating farms will receive on the normal production of the acres planted to the feed grains in 1963.

Payments have been set at 18 cents per bushel on corn, 16 cents per bushel on grain sorghum and 14 cents per bushel on barley.

Rates for price support payments—unlike the regular price support loan—will be the same throughout the country and will not vary by counties.

## Festival of Arts Underway at WTSC

The ninth annual Festival of Arts is being held this week at West Texas State College in Canyon.

The festival opened Wednesday and will continue through Saturday, with the highlight the presentation of "Pygmalion," by George Bernard Shaw, in the Branding Iron Theatre.

Show time is 8:15 p.m., and admission is \$1 for adults and 75 cents for junior and senior high students.

Mrs. Jess Kemp and Mrs. Raymond Glass visited Mrs. Kemp's mother, Mrs. Elizabeth Major, in Dalhart Monday.

## New State Band Entertains Lions At Luncheon Meet

The newly organized McLean High School State Band performed Tuesday noon at the regular Lions Club luncheon meeting in the Methodist Church Fellowship Hall.

Directed by Jim Boyd, the musical group was formed from among members of the MHS Tiger Band.

Members include Linda Guill, Janice Saunders, Jim McCarty, Wayne Morris, Joan Flowers, Eddy Windom, Rusty Simmons, Joyce Saunders, Jim Stevens, Alan Keen, Mike Johnson, Carolyn Willoughby, E. B. Durham and Marilyn Magee.

Guests at Tuesday's luncheon, in addition to Boyd and the band, were Orville Howard, Amarillo; Bob Willoughby and Guy Saunders, McLean.

**Student Request Submitted**

Jim Hathaway, Lions Club president, announced Tuesday that the request for a foreign exchange student under the American Field Service has been submitted by the club, and the application is now being processed.

Mr. and Mrs. Miro Pagan were the only McLean family requesting that they be permitted to keep a foreign student during the next school term.

If the application is accepted, the student will arrive in McLean next August and attend school here through the 1963-64 term.

The Lions Club has set aside the required \$700 for use in the foreign student program.

## TEXACO TIPS

By CHARLES WEAVER

"Well I'll be dog-goned."

Our restrooms are always spic and span. We'll appreciate your telling us when you find them otherwise. Tell your master that, Fido.
