Derrith Welch Makes All-State Team

ANYONE FOR WATERMELONS? The McLean area still produces many wagon loads of watermelons each year, but nothing like the number grown when this picture was made. No date was marked on the photograph, furnished to the News by Elton Johnston, and attempts to determine the year it was made have been unsuccessful. How-

ever, Johnston and others feel the time was in the late teens—perhaps during World War I—because of the uniformed soldier in the foreground. The picture probably was snapped from the old Hindman Hotel, across the street east from the location of the present hotel building.

McLean Cager Among Top 5

Derrith Welch, high-scoring McLean Tiger pivotman, added to his growing list of honors this week by being named to the First Team All-State Class A basketball squad.

One of two juniors among the 15 players chosen for the first, second and third "dream teams," Welch also was high scorer of the group.

The son of Mr. and Mrs. Lee Welch, Derrith has been a regular the past two years on the Tiger squad.

Standing six feet and six inches, the rangy cager averaged about 25 points per game during the past season. His height also has been a big advantage for the Tigers on defense, and he led McLean to the district title.

Unanimous Choice

Only last week, Derrith was a unanimous choice for the All-District 2-A team, and he also has been selected one of the top 10 basketball players in the Panhandle. In addition, he has been picked on the All-Tournament teams at every tournament he played in during the 1962-63 season.

The all-state players were named Monday by the Texas Sports Writers Association.

Others making the squad were:

FIRST TEAM

Robert McMillon, Jim Ned High School of Tuscola; Roy Adams, Big Lake; Joe Meyer, Jofferson; Alfred Mann, Charlotte.

SECOND TEAM

Donald Kruse, James Bowie High School of Simms; Richard Pearce, Thorndale; Wayne Fuels, West Sabine of Pineland; Billy Ward, New London; Robert Ellis, Tarkington High School of Cleveland.

THIRD TEAM

Mark Gill, East Chambers; Mike Freeman, Kress; Rodney Stewart, Ozona; Charles Longmire, Woodboro; John Mark Worst, Sunray.

Rodeo Meeting In

City Hall Tonight

The first planning meeting for the McLean 66 Roundup and Rodeo celebration will be held at 7 p.m. today at city hall.

The meeting had been set for last Tuesday night, but a conflict with other activities made the postponement necessary, according to John C. Haynes, president of the rodeo association.

Haynes again urged all business people and others interested in the rodeo celebration to attend the meeting.

Whether the annual events are to continue will be determined by the interest shown by McLean residents, he said.

Spring-Like Thunderstorm Rain Comes; City Gets 1.07 Inches

A downpour of welcome rain—accompanied by some hail—pelted on McLean in the early Monday morning hours, bringing up to 1½ inches of much-needed moisture to some portions of this area.

Officially, the City of McLean received 1.07 inches of rain from the spring-like thunderstorm.

However, a rain gauge on the Saunders Angus Ranch east of town measured 1½ inches, and farmers southeast of here reported up to 1.3 inches.

West of town the gauges showed less than an inch.

5 to Date in 1962

The Monday morning rain, added to .68 inch recorded last Thursday by the official Weather Bureau instruments maintained by the city, increased the total amount received to date this year to 1.76 inch.

By March 7, 1962, the total amount here still stood at .8 inch. The rain gave thirsty farm and ranch lands their first good drink in months.

Low temperature for the week was 21 degrees Tuesday. High was 76, which occurred on Sunday.

NO RACES FOR OFFICES YET

There will be no races in this spring's city election.

The filing period ended last Saturday, with only three candidates for the three positions to be filled on the city commission.

Mayor John C. Haynes and Alderman Boyd Meador are seeking re-election without opposition, and Jewel Meacham, who filed for the seat left vacant by the death of Ruel Smith, also is unopposed.

The election will be held on Tuesday, April 2, at city hall.

Deadline for filing for the board of education also is nearing an end, with the period closing at 5 p.m. today.

2 Incumbents File

Only two candidates—the incumbents, Sammy Haynes and Leslie Darsey—had filed late Wednesday afternoon.

Thus, unless other prospective candidates beat the deadline this afternoon, there will be no races in either the city or school elections.

Voters in the school district will cast their ballots on Saturday, April 6.

City officials are elected for two-year terms, while school trustees serve three-year terms.

Important Legion Meeting Tuesday

An important meeting of the McLean American Legion Post will be held at 7:30 p.m. next Tuesday, Harlon Pool Sr., commander, announced Wednesday.

Pool urged all members of the post to attend the meeting in the Legion Hall.

The post commander also announced Wednesday that two skating sessions are to be held at the hall Saturday night. The first will be from 7 to 9 and the second from 9 to 11.

Meeting Tuesday

The McLean city commission's monthly business meeting will be held at 7 p.m. next Tuesday in the city hall.

Just Between Us

No one around here seems to remember McLean's ever having produced a male All-State basketball player before.

So the fact that quiet, tall Derrith Welch—whom many of you have never seen on a court—made the grade should be a real reason for us to bust the buttons off our vests.

It's sort of remarkable that this football-minded city, where basketball plays second-fiddle, should produce two truly outstanding athletes in the backseat sport.

The second—but actually the first—is Laura Mae Switzer, who went on here to become an All-American as a member of the Hutchinson Flying Queens from Mayland Baptist College in Plainview.

And we feel Derrith is capable of doing as well.

While not wanting to give out with the "I told you so" bit, we did see what we thought were All-state qualities in Derrith soon after the just-completed basketball season began.

However, we were a little skeptical about his claiming the distinction this year, hoping he would reach the heights as a senior in '64.

You begin to realize what an honor this being named to First Team All-State really is when you consider a fact pointed out by Derrith's coach, Derral Davis, at the Lions Club luncheon Tuesday.

Derral said that there are some 30 Class A schools in the State of Texas. With each having a 10-man basketball squad, this means there are 1,500 Class A players.

The Texas Sports Writers Association picked 15 from this number for the first, second and third teams. Derrith was among the top three—and one of only two juniors in the entire group.

Colors, Respect for the Flag

This is another in a series of patriotic essays written by McLean Junior High School students during American Heritage week. Bryan Going's essay won first place in the seventh grade Blues contest. He is the son of Mr. and Mrs. Frank Going.)

By BRYAN GOING

The colors red, white and blue mean something in our flag.

The red stands for the blood that was shed in all of the battles and wars of the United States of America.

The blue on the flag stands for loyalty, devotion, friendship and justice and truth.

The stars on the flag stand for the 50 states.

The white is for conduct and cleanness of life.

The 13 red and white bars or stripes stand for the 13 original colonies.

The first flag of the United States of America was the same colors as the one we have now. It had a blue field with stars on it, but there weren't as many stars then in it as there are now.

The flag had 13 red and white bars or stripes. The stars of the first flag were arranged in a circle.

The next flag was a little different. It had the same colors, but there were 15 red and white

bars or stripes on it, and it had 15 stars in it because there had been two states join the United States of America.

The United States was going to add one bar or stripe to the flag every time a region became a state. They did this for a while, but then went back to the 13 original bars or stripes, because the flag got too big.

On this flag the stars were in rows of three, and there were five rows or lines.

The flag of the United States of America is the oldest national flag, except Denmark's flag.

Our flag stands for the United States of America, and we should respect it in these ways:

Don't fly the flag outside when it is raining. When it is carried with other flags, it should be in the middle and in front of them.

When the flag is with a lot of state flags, it should be in the middle, or on the highest pole above all the other flags.

When a flag is flown upside down, it means that someone needs help. When the flag touches the ground or is torn by the wind, it should be burned and not thrown away.

Some things you should do or not do to the flag are to not let disrespect to be shown against the flag and not to let another flag above the flag of the United States

BRYAN GOING

of America. Do not write on the flag. Do not use the flag as a table cloth. Do not leave the flag outside after dark or at night. Do not cover up a statue with the flag.

"I pledge allegiance to the flag of the United States of America, and to the Republic for which it stands, one nation under God, with liberty and justice for all."

Old Glory is truthfully our symbol of liberty.

3 Candidates File For Alanreed Board

Three men had filed Wednesday for the two positions to be filled on the Alanreed board of education.

Jerry Tarr and Horace Bullock are seeking re-election to the board, while Brit Hathaway is the third candidate in the race.

Deadline for filing is 5 p.m. today in the school business office.

Holdover members of the board are Buddy Hill, Sonny Bryant, John Foshee, Robert Bruce and Warner Phillips. Bullock is currently serving as president, and Bruce is secretary.

Four teachers in the Alanreed School have been re-hired for another year.

They are Eugene Dickinson, Mrs. Mary Durham, Mrs. R. B. McMillen and Mrs. Lawrence Hauck. Smith will return as superintendent.

Wesley Ballard, who is teaching this year under an emergency teacher permit, will not return for the 1963-64 term. Ballard has announced plans to attend school this summer at Stephen F. Austin College in Nacogdoches.

Donkey Basketball Game Is Postponed

The donkey basketball game scheduled in Alanreed Tuesday has been postponed until April 4, Sept. George Smith said Wednesday.

Smith reported that he received a telegram Wednesday from Cliff Dunham of Crescent, Okla., who was to have furnished donkeys for the show, stating he would be unable to be in Alanreed Tuesday.

Dunham illness and a death in the family forced him to delay the trip to this area.

The donkey basketball game, sponsored by the Alanreed P-T-O, will be held in the gymnasium at 8 p.m. on April 4.

A man never gets what he hoped for by doing wrong; and if he seems to do so, he gets something more that spoils it all.

It's the Law in TEXAS

HISTORY OF WILLS

Courts see that your intention or "will" as to property is carried out after you die. Before then you may revoke or change it any time.

The passing of property to heirs is one of man's oldest transactions. As far back as the Egyptian, Assyrian and Jewish civilizations, we have wills written and witnessed on papyrus, clay tablets, etc. In one will an early testator left some of his property to his wife and named a guardian for his children.

The Hammurabi code (2100 B.C.) permitted a father by deed to favor his son.

Under early Roman law the head of a house could tell the patrician assembly his wishes, but later Roman law favored a written will to keep the testator's plans secret until death. It also favored having a firm record of his wishes, not resting on memory.

By 1200 A. D., the English law of wills (from whence ours came) was quite well advanced. The church courts (like our probate courts) supervised disposition of property according to a "testament" of how the testator wanted his property to go.

Church courts supervised personal property (movables like armor or personal effects); land was passed on by wills which the king's court handled. Hence today we speak of "last will and testament" since English courts came to pass on both real and personal property, so that one court could handle the whole estate.

English church courts had "executors" who carried out one's testament. To die "intestate" (without a testament) was almost like dying unconfessed. Sometimes the church in the interests of a man's soul could give some of the man's goods to others besides his family. Then, as now, some property had to be left to the surviving wife and children.

By the time of the American Colonies, the laws were well settled, and law courts, rather than church courts, administered and distributed estates here.

(This newsfeature, prepared by the State Bar of Texas, is written to inform—not to advise. No person should ever analyze or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because a slight variance in facts may change the application of the law.)

WASHINGTON AND "SMALL BUSINESS"

By C. WILSON HARDER

Although not widely publicized while France's premier, and English and Canadian prime ministers steal headlines of metropolitan press, there is before U.S. Senate a most vital piece of legislation.

Briefly, adoption of Senate Resolution No. 30 would give American independent businessmen privilege long enjoyed by Indians, labor, civil service workers.

In introducing the resolution, Senator Prouty said, "There are over 4 1/2 million small businesses in this country. They are the most important segment of our economy. Our small business community needs confidence. The adoption of this resolution is sorely needed to build that confidence."

The Senator also traced the history of the Senate Small Business Committee.

Because Senate Resolution No. 30 introduced by Sen. Winston Prouty of Vermont gives Senate Small Business Committee authority on legislative matters affecting small business including that of reporting out directly to the Congressional floor legislation important to independent business.

During last session of Congress nation's independent businessmen voting through the National Federation of Independent Business supported by an 87% majority this measure which was introduced at that time but was lost in the session's closing day hassles over foreign matters.

Introduced early in this session by Senator Prouty, the Washington office of the Federation, under the direction of George Burger, vice president in charge, discussed the matter with other U. S. Senators.

There then developed one of the most encouraging manifestations of Congressional awareness.

It is widely acknowledged in the past 15 years some of the most solid and brilliant work in government has been accomplished by the Senate Small Business Committee.

But as a Select Committee, it can only recommend to a Standing Committee that remedial legislation be introduced to the Congress. Thus action is often delayed on vital issues to almost the peril point.

This is not due to the members of the Senate Standing Committees being unsympathetic to the problems.

Instead, the delays are created by the tremendous workload already faced by the overburdened Standing Committees which has been aggravated by the many foreign schemes that are now thrown into the hopper. Thus, often they lack the time to get the job done. Hence the vital need for passage of this measure.

WALTER ROGERS REPORTS

OUR TEXAS HERITAGE

At this time each year we Texans mark two fateful events in the history of our great state, the Declaration of Texas Independence and the immortal sacrifice of the Alamo defenders.

Independence was declared on March 2, 1836, as delegates to a convention to replace the quarrelsome provisional government were in the second day of their meeting at Washington-on-the-Brazos, some 150 miles to the east of the tiny mission town of San Antonio de Bejar. The delegates were still in session when Col. James Barret Travis and his heroic band of 183 Texas patriots fell March 6 to the massed onslaught of Santa Anna's army.

The ringing words of the Texas Declaration of Independence have been memorized by generations of Texas school children: "We, therefore, the delegates, with plenary powers, of the people of Texas, in solemn convention assembled, appealing to a candid world, do hereby resolve and declare that our political connection with the Mexican nation has forever ended, and that the people of Texas do now constitute a free, sovereign and independent Republic . . ."

Names on our Panhandle land reflect those glorious days of Texas history. All 28 counties of the 18th Congressional District bear the names of distinguished sons of Texas, men whose sacrifices shall forever earn the respect of their countrymen.

As we remember the Alamo again this year, we remember GEORGE WASHINGTON COTTE, one of the Alamo defenders, who gave his name to Cottle County. As we mark the Independence anniversary, we pay our respects to nine signers of the document whose names were later given to Panhandle counties: GEORGE C. CHILDRESS, who as committee chairman was the principal author; JAMES COLLINGSWORTH, later to become the first chief justice of the Republic of Texas; DR. JUNIUS WILLIAM MOTTLEY, killed a month later in the Battle of San Jacinto; SAMUEL P. CARSON secretary of state for the republic in the cabinet of the first president, David G. Burnet; ANDREW BRISCOE, who fought at San Jacinto; and ROBERT POTTER, JOHN S. ROBERTS, MARTIN PARMER and JAMES G. SWISHER, four others among the 59 signers of the Declaration.

When Collingsworth and Motley Counties were established by an Act of the Legislature Aug. 21, 1876, careless writing of the bill added a letter "g" to James Collingsworth's name and dropped a letter "t" from Mattley's. Despite these errors, many residents of Collingsworth County omit the "g" in pronouncing the name of their county and in Motley County you'll never hear a resident call it "Mote-ly." the pronunciation the spelling error might indicate to a newcomer. The proper names live on.

Other counties in the 18th Congressional District are named for men who played important roles in the days of the Republic of Texas. ERASTUS (DEAF) SMITH was commander of Sam Houston's scouts. COMMODORE EDWIN WARD MOORE led the Texas Navy. WILLIAM BECK OCHILTREE served in the cabinet of the Republic. SIDNEY SHERMAN was an officer with Houston at San Jacinto. JUDGE ANDERSON HUTCHINSON was a district judge in the republic.

WARREN D. C. HALL was adjutant general under President Burnet. HENRI CASTRO was a native of France who came to America, established a colony in southwest Texas and later served the republic as consul to Paris. ABNER S. LIPSCOMB was secretary of state under President Lamar. JUDGE JOHN HEMPHILL (whose great great nephew, Robert W. Hemphill, is a colleague of mine as a member of Congress from South Carolina) was chief justice under the Republic of Texas and U.S. senator after annexation. These are other men whose

names our counties bear: ROYAL T. WHEELER, chief justice of the Texas Supreme Court in the 1850's; OLIVER C. and RUFUS HARTLEY and JOHN M. HANSFORD and JAMES W. DALLAM and STOCKTON P. DONLEY, pioneer Texas attorneys all; GEN. HORACE RANDALL, killed in the Civil War; WILLIS SIMPSON OLDFHAM, member of the Confederate Senate from Texas. ARMSTRONG County, in the words of the 1876 Act, was named for "several early Texas pioneers of that name."

PETER GRAY, for whom my home county was named, was a member of the first Texas Legislature.

In 1836, the population of Texas was about 40,000, including Indians. The American armed force that wrested Texas from Mexico numbered the 183 men who died at the Alamo, some 400 men massacred at Goliad, the 783 who triumphed at San Jacinto. There were probably no more than 2,000 other Texans under arms between the Colorado and the Sabine.

Against them was a Mexican force numbering 10,000 to 25,000 men. It is no wonder that the victory of Texas is of continuing inspiration to all America.

Now, the population of Texas is more than 10,116,000 persons, according to the July, 1962, estimate of the Census Bureau. And my friend John Lyle, former congressman from Corpus Christi, points out that Texas people are still outnumbered by Texas cattle. He reports that the Texas Crop and Livestock Service in Austin claims a total of 10.3 million head of cattle in Texas.

Texas history has always been an inspiration to me. I often wonder why it isn't taught in other states.

Recent visitors included Mr. and Mrs. James E. Bramlett of Spearman; Paul Sullivan, Dan Henard and Henry Sullivan of Wellington; Floyd Teutsch of Dodson; Bruce L. Miller of Hereford; Gilbert Mize of Perryton and Lon Watson of Amarillo.

 A blessed event occurred out at Neville and Ruby Back's place north of town a week ago today.

Poco Sheba, the Backs' first show horse, gave birth to a stud colt. The "proud father" is Poco Pine Back, another fine registered quarter horse owned by Neville and Ruby.

—jbu—
 "Going to have to have help naming this little one, as he is special," Ruby commented.

—jbu—
 If the new colt does as well as the Backs' other horses have, we can see no alternative to enlarging their house. The last time we were out there a few months back, trophies were all over the place. A majority of them were won by Poco Sheba.

Poco Pine Cody, buckskin stud from the Back place, won second in his class at the recent San Antonio Horse Show.

Some of the best colts to be found were in the class of 23.

 Our apologies to Jim Boyd and his STAGE Band.

For some reason (don't ask us why) we thought the name of the new musical organization at McLean High School was State Band, and printed it thusly in the last two issues of the News.

Anyway, the band is a dandy.

—jbu—
 We're indebted to Mrs. Harvey Hudgins for this juicy bit, clipped from the Feb. 16 issue of California Farmer, entitled "Have You Had Your Brain Washed Today?"

"Editor Buckley of the National Review was in rare form in the January issue. His spoof of the government-type of gobbygook about business and employment trends ran as follows:

"Sales and income figures show an easing up of the rate at which business is easing off, which is taken as proof of the government's contention that there is a slowing up of the slowdown. In order to clarify the cautious terminology of the experts, it should be noted that a slowing up of the slowdown is not as good as an upturn in the downturn, but it is a good deal better than either a speedup of the slowdown or a deepening of the downturn and does suggest that the climate is about right for an adjustment to the readjustment.

"Turning to unemployment, we find a definite decrease in the rate of increase, which already shows that there is a letting up of the letdown. Of course, if the slowdown should speed up, the decrease in the rate of increase of unemployment would turn into an increase in the rate of decrease of unemployment. In other words, the deceleration would be accelerated."

Pari-Mutuel Racing Discussed by Lions Speaker Tuesday

Sandy Newsom, executive secretary of the American Racing Association, told the Lions Club Tuesday that racing draws more fans each year than football and baseball combined.

Newsom was guest speaker at the regular luncheon meeting of the Lions in the Methodist Church.

He predicted that the pari-mutuel racing issue will be presented to Texas voters in 1965.

Speaking for the legalizing of racing in the state, Newsom said he believes the sport could help solve Texas' financial problems.

In addition, he said tourism in the state would be revived by racing.

"Approval of racing would not legalize gambling like in Nevada," he said, and added that racing is the "most policed" of all sports.

Nominating Committee
 Lions President Jim Hathaway appointed a three-man committee to nominate a new slate of club officers for the coming year.

Jim Morris is chairman, and members are Sammy Haynes and Boyd Meador.

Names of the nominees are to be presented at the next Lions Club luncheon, and the election will be held the first meeting in April.

Alan Keen, McLean High School senior, was installed at the meeting as the Lions Club of the Month by Lieutenant Ted Raines.

Guests were Claude Hampton, Amarillo; J. H. Ledbetter Jr., Pampa, and Derrith Welch, McLean.

Serving as pianist for the meeting was Janice Saunders.

John C. Haynes announced that the first rodeo planning meeting had been postponed from Tuesday to tonight. The meeting is set for 7 p.m. at city hall.

Dave Wilkerson To Appear in Amarillo

The Assemblies of God Christ's Ambassadors of Amarillo and Canyon are sponsoring the appearance of Dave Wilkerson in Amarillo for the weekend of March 8.

He is to be the featured speaker at services held on Friday and Saturday nights, beginning at 7:30 p.m. and on Sunday afternoon, beginning at 2:30 p.m.

All services are being held in the Amarillo High School auditorium. Rev. Wilkerson has received recognition for his work among the teenage gangs of New York City, and it is understood his story will soon appear in Good Housekeeping magazine under the title "From Switchblades to the Cross."

Volunteers Fight Car, Grass Fire

A car fire and grass fire were the only two alarms answered the past week by the McLean fire department.

A car owned by Freddie Smith received light damage from fire Saturday afternoon.

Firemen were called to near Sand Spur Lake at 11 p.m. Sunday to battle a grass fire. Rain which started about 1:30 a.m. Monday helped extinguish the blaze, and also ended the fire threat for now.

ST. PAT'S DAY FESTIVAL MARCH 1 IN SHAMROCK

SHAMROCK — (Special) — This Irish City in the Texas Panhandle is putting the finishing touches to plans for the 17th annual St. Patrick's Day Celebration to be staged on Saturday, March 16.

"The program is shaping up well and if the luck o' the Irish proves true, weatherwise, we could have one of the most colorful festivals in the long history of the unique celebration," said Jim Moore, general chairman.

"We hope that, as in past years, the fun-loving residents of the McLean area will join us on the glorious day," Moore said.

Kicking off the series of program features will be the Pre-St. Patrick's Day banquet to be held at the Armory on Friday night, March 15, with Frank N. Ikard, president of the American Petroleum Institute, as guest speaker.

Sharing the spotlight with Ikard will be the talented Brooks Trio of Denton, which completely captivated last year's audience.

Saturday will be jam-packed with entertainment such as the gigantic street parade with scores of beautifully decorated floats, marching bands and drill teams and many other exciting entries.

The giant sound stage at the corner of Main and Second Streets will be the scene of a series of programs of interest to young and old alike. It's there that the Donegal beard growing contest will be held, and fiddlers of the area will vie for honors and cash prizes.

Miss Irish Rose of 1963, selected from more than 20 comely colleens, will be crowned in an impressive coronation at the Armory during the afternoon.

For the western-minded Irishmen, a rodeo will be held at the Sheriff's Posse Arena.

Three dances are scheduled Saturday night, the biggest of which will be held at the Armory, with Jess Gayer and his orchestra furnishing the music. Leon Miller and his Western Band will play for a western dance at the junior high school gymnasium, and a "coat and tie" dance is slated at the American Legion Home.

A real Irish welcome awaits everyone at Shamrock.
