## FOOTBALL KICKS OFF FRIDAY

Just Between Us by J.B.D.

Well, it's here. The football season, that is. If you happen to spot a large number of familiar faces you just can't seem to place, just walk right up and shake the hands of the persons belonging to these faces. For not only is it time for the opening of football play... that every-other-year McLean Ex-Students Association reunion is opening Friday, too.

Woody Wilkerson and others planning the gathering of former students are expecting a whole lot of people here for the weekend.

The big barbecue Saturday noon in City Park will give all an opportunity to renew acquaintances. Better get your ticket today at city hall, S. A. Cousins Agency or Jane Simpson Agency to assure having a plate at the luncheon.

Disappointingly, we missed last Thursday's powder puff football game at Duncan Field, but understood a large crowd was on hand.

While we haven't heard the final score, we understand the Tigerettes (or upperclass girls) came out as the victors in the first flag football game ever played here.

The Frosh Cubs, however, reportedly did put up a good battle, and there were times when the girls turned to plain old tackling to halt their opponents.

Well, Skinny and Maggie Johnson are getting closer to building that ranch-style home we first described a few weeks ago.

Their new home site has been cleared off in preparation for construction, and Skinny was showing the floor plans for the romy house Wednesday.

It will be a real nice addition to our town.

At the west edge of the city, work has begun on the George Sanders family's new residence. It, too, will be spacious and lend another touch of beauty to the area.

Talk about feathering your own nest... That retirement pay bill for Texas legislators went into effect on Sept. 1... another hole for the taxpayers' money to pour through.

Under provisions of the law, members of the House of Representatives who have served four two-year terms and state senators who have served two four-year terms now are eligible for retirement pay.

Completion of eight years of service entitles the lawmakers to receive a \$100 a month retirement check. The check increase \$10 a year as long as the senator or representative remains in the Legislature.

It hasn't been long since the lawmakers voted themselves a pay increase, boosting their salaries to some \$400 per month.

It takes gall for them to continue bringing themselves to the state's bill when the search seems always on for newer sources of revenue.

Our apologies this week to the McLean Tigers and to the Football Page sponsors.

For some reason the pictures we made last week of the Tiger Varsity and B teams failed to get back from the engraver in time for today's News. We allowed plenty of time but the needed engravings hadn't arrived here by this morning.

So if the first publication of the football page looks a little bad, this will explain why. The pictures of the players are a traditional part of the page, and they will be added for the second publication, for sure.

### Another Meeting Tuesday

## Alanreed Protests New Phone Rates

Alanreed residents voiced protest last Friday over the new rates which they had been told would be in effect there on the date Southwestern Bell Telephone Co. converts the phone system to dial.

The rates were discussed in a community meeting held at the school gymnasium. Another meeting is scheduled for 8 p.m. next Tuesday, and the Southwestern Bell area manager from Amarillo will attend.

Some confusion has resulted since Southwestern Bell employees first began surveying Alanreed last week to determine how many telephone customers can be expected when the system is converted.

George Newberry, Southwestern Bell manager for this area, told The McLean News Wednesday afternoon the rates quoted—\$30 per month for private business lines and \$25 for private residential lines—were erroneous.

Same as McLean. At the present time, Newberry said, since Alanreed will be served through the McLean telephone exchange, the basic rates are to be the same as those here, plus zone mileage.

For an eight-party line the Alanreed business rate is set at \$6.50 and residence at \$3.75, for all customers within a five-mile radius of McLean.

For the next three miles—or within an eight-mile radius of McLean—there will be a charge of 25 cents. This means that the rates for people living in Alanreed—approximately seven miles from here—would be \$6.75 and \$4.

These rates are the same as paid by rural customers served through the McLean exchange at present, Newberry explained.

60 Cents per Quarter. The zones are measured by air-line miles, not by road miles. Private line customers are charged 60 cents per quarter mile outside the base rate area, plus the rate in McLean. The private line rate here is \$9 for business and \$5.25 for residence. Two-party lines are \$4.25 per month in McLean.

The boundary for the base rate area here follows the city limits. Newberry said, that contrary to earlier reports, Alanreed will have its own prefix when the change-over to dial is completed—EXpress 2.

Alanreed customers will, however, be listed in the same telephone directory with McLean. Customers there will be designated with "Alanreed, Texas," beside their names.

Most Prefer. The telephone company manager explained that Southwestern Bell has adopted this policy because it has found most residents of other areas prefer being listed in this directory.

To Sell Ready-Lites. The club has also approved a plan for selling Ready-Lites in cooperation with Southwestern Public Co. Jay Thompson, SWPSC manager here, explained that the club can make \$3.50 to \$5 per light.

Tuesday's luncheon program, conducted by Boyd Meador, included a question and answer session on the history of Lions International.

Jaakey Wess was introduced as the club's "Cub of the Month." Guests were Roy Miller of Friona; Jim Robertson, Oklahoma City; Leslie Webb and Doug Groves of McLean.

School Enrolment Increases to 466. McLean school enrolment increased by three since registration, bringing to 466 the number of students now attending classes here.

Two of the new students are in grade school and one in high school. As of Wednesday, there were 288 pupils in the first eight grades and 178 in the upper classes, according to Principals Robert L. Green of the high school and Jack Riley of the grade school.

A year ago a total of 423 students were enrolled in the local school system.

Rehearsals Begin For Senior Play. Rehearsals began this week on the McLean High School senior class play, "The Curious Savage." The play is being directed by Mrs. Mary Tom Riley and Nelson Christie, class sponsors.

Commission to Meet. The McLean city commission will hold its regular monthly meeting at 7 p.m. next Tuesday at city hall.

REAL WHOPPER: Denis Stephan, a native of Czechoslovakia, examines an 85-pound watermelon grown by Ross Callie (right), McLean farmer. Stephan, tour leader for a group of foreign young people who visited here last week, was fascinated by the size of the melon, the largest grown by Callie this year. The local farmer later sold the 85-pounder to a California resident traveling through McLean on Highway 66. (McLean News Photo)

## TEACHERS TO BE HONORED

### Lions Set Annual Event Sept. 17

The McLean Lions Club's annual Teacher Appreciation Night will be held in the Methodist Church Fellowship Hall Tuesday, Sept. 17, at 7:30 p.m.

In conjunction with the Teacher Appreciation event, Lions also will hold Ladies Night, with wives of club members as guests.

Plans for the yearly dinner for teachers were announced at the club's luncheon meeting Tuesday by President Johnny Haynes.

Haynes also disclosed that arrangements had been made with the Shamrock Bowl in Shamrock for the club to sell bowling tickets here.

\$1.50 per Ticket. Tickets will be sold by club members at \$1.50 for three games of bowling. Fifty cents of this amount will be retained by the local club.

Haynes said that a special night of bowling for McLean is planned tonight, and an effort is being made to have 16 couples from here at the bowling alley.

Sammy Haynes is chairman of the bowling ticket committee, and tickets will be offered by all members of the club as soon as available.

The sale will continue through the winter, with the tickets purchased here being honored any night except when leagues are bowling.

No One Injured In Auto Crash. Only one Labor Day traffic accident was marked up in the McLean area, and all travelers involved escaped serious injury.

The mishap east of McLean on Highway 66 was investigated by Highway Patrolman Bill Lusk of Shamrock.

Lusk said a Mr. Hall from Pampa was making a U-turn on the highway in his 1960 Chevrolet after having stopped at a roadside stand to purchase some fruit.

The Hall vehicle turned in front of a 1963 Chrysler driven by a Mr. McKee from Oklahoma City, traveling east.

Hall's car was knocked sideways and then overturned, coming to rest on its top between the east and west lanes of the highway.

Mrs. Hall, who was standing beside the highway while her husband turned the car around, went into shock after witnessing the accident and was taken to Highland General Hospital, Pampa, for treatment.

Lusk said none of the occupants of the vehicles were seriously hurt, but the cars were badly damaged.

## P-TA to Sponsor Open House Tuesday At Grade School

An open house at the McLean Grade School at 7 p.m. next Tuesday will signal the first general meeting of the McLean P-TA. Mrs. Fred Lamb Jr., president, announced Wednesday.

All parents are urged to attend this first meeting of the new school year.

The annual membership drive of the P-TA began last week at the grade school registration. Mrs. Troy Corbin, membership chairman, is spearheading the effort.

286 Is Goal. Goal for the membership drive is set at 286. Committee members plan to contact every parent of grade school children and explain the program for the year.

Mrs. Lamb said every effort is being made by the executive committee to plan a year of interesting programs and good projects that will be of value to all parents, teachers and citizens.

Mrs. Spencer Sitter, program chairman, and the executive committee are planning and working on the tentative program.

At Tuesday's open house, parents and others will have an opportunity to visit the rooms of their children.

## Farris Hospitalized With Serious Burns

James Farris, 519 North Commerce, suffered second and third degree burns early Monday night when gasoline on the motor of a pickup truck caught fire.

Farris was treated at the McLean Clinic and then taken to Highland General Hospital, Pampa, in a Lamb Funeral Home ambulance.

He reportedly was working under the hood of the pickup, when the vehicle apparently backfired, causing the gasoline to explode.

The burns were to Farris' left side and arms.

## Shamrock Irish Due For Reunion Game

Concentrating on a defense for the Shamrock Irish's vaunted passing attack, the McLean High School Tigers polish off workouts this afternoon in preparation for their Friday curtain-raiser on the 1963 football season.

Traditional opening-game rivals, Coach Derrai Davis' Bengals and the Irishmen are scheduled to kick off their battle here at 8 p.m.

The contest is expected to be played before the largest crowd of the season here, with many members of the McLean Ex-Students Association on hand.

The former students begin their reunion—held every other year—Friday, and continue with class gatherings and a big barbecue at noon on Saturday.

Hundreds of Shamrock fans are due to follow their team to McLean. On the field of battle, the two teams will be pretty evenly matched.

## Bonfire Tonight

A bonfire will kick off the 1963 football season at 7 p.m. today to cheer the McLean Tiger football team to victory when they meet Shamrock Friday night.

The public is invited to attend.

Averages Close. The Tiger line averages 169 pounds per man, compared to Shamrock's 167.4. In the backfield the locals will outweigh their opponents 162.5 to 162.3 and the overall teams average out at 166.6 pounds for McLean to 165.7 for the visitors.

Coch Davis said following Wednesday's practice that McLean is expecting the Irish to "keep the ball in the air all night long."

"Shamrock probably has the best passing attack we'll see all year," he added, and the coach described the Irish's Gray Benson as "perhaps the best fullback we'll be up against."

Benson, 186-pound, 5-9 performer, is winding up an illustrious football career this season at Shamrock.

Top Condition. The Tigers, however, could hardly be in better condition for a season-opener. There were no injured players among the big squad Wednesday.

In a scrimmage here last Friday night with Spearman, the Bengals managed one touchdown—this carried by hard-charging Fullback Dickie Crockett on an end sweep.

Spearman also scored one. Crockett, 185-pound junior, will be joined in the backfield by Johnny Fuller at quarterback and Jim McCarty and Gary Graham at halfbacks.

Fuller, also a junior, weighs in at 145 pounds and will be in a new role. He regularly played in the line last season.

Senior 160-Pounders. Graham and McCarty are both seniors, and both tip the scales at 160 pounds. McCarty is a three-year letterman and Graham has earned one letter.

Seeing duty at the end positions will be Eddy Windom, 166, junior, and Kenny Smith, 155, senior. These were the two getting the nod Wednesday, but Davis indicated that junior Harlon Pool, a 145-pounder, is "coming along strong" and will likely see much action at end, too.

Big Bob Patton, three-year letterman with the Tigers, will add his 210 pounds at one of the tackle slots, with newcomer George Green, 171, at the other. Patton is a senior and Green a sophomore.

Senior Mike Johnson and junior Ronnie Hunt, each weighing 155 pounds, will handle the guards' (See FOOTBALL, Page 2)

## Commission to Meet

The McLean city commission will hold its regular monthly meeting at 7 p.m. next Tuesday at city hall.

## SHAMROCK BID IS REJECTED

### Classes Begin At Kellerville

Classes opened Tuesday morning at the Kellerville School after voters there last Saturday rejected the proposed consolidation of the Kellerville and Shamrock school districts.

Final returns from the election showed 28 patrons against and 17 for the consolidation.

The election was called by the Wheeler County judge after the consolidation early in August of a petition asking such action.

Voters in the Shamrock district approved the consolidation, but the ballot count was not available here Wednesday.

11 Students Enrolled. Before the consolidation could be put into effect, a majority "for" vote was necessary in both the Kellerville common school district and the Shamrock independent school district.

Kellerville Supt. Gene Pike said Tuesday night that 11 students are enrolled in grade school there.

Teachers are Pike, Mrs. Joe Taylor and Myrtle Norman.

Mrs. J. T. Tidwell operates the cafeteria and J. B. Brown is bus driver and custodian.

## Hefner Services Held in Hedley

Funeral services for Thomas F. Hefner, formerly of McLean, were held Saturday at the Hedley Church of Christ.

Jack Orbison, pastor of the Borger Church of Christ, officiated and interment was in Rowe Cemetery at Hedley.

Mr. Hefner, who was 88, died at 9:10 a.m. Aug. 28 in St. Joseph's Hospital at Wellington. His home was in Borger at the time of his death.

Born on March 6, 1875, in Bell County, Mr. Hefner came to the Texas Panhandle in 1900. He had resided in McLean, Hedley and Borger since that time.

He was a member of the Church of Christ.

Surviving are two daughters, Miss Gladys Hefner, White Deer, and Mrs. Fred Sligar, McLean; four sons, J. R. of San Diego, Calif., Frank of Borger, Tom of White Deer and Joe of Phillips; 17 grandchildren and eight great grandchildren.

## Last Rites Held For Calvin Johnson

Funeral services for Calvin E. Johnson, father of Mrs. Leroy Williams of McLean, were held Sunday afternoon in Shamrock.

Mr. Johnson died Friday afternoon at his home in Shamrock.

A resident of Wheeler County since 1907, Mr. Johnson was a rancher. He was born on Aug. 20, 1889, in Mt. Pleasant, Texas.

Sophomore Dwight Hathaway, weighing 171 pounds, gets the assignment at center. But senior Mike McCall, 135, also will see some action there.

Patton, Graham and McCarty are tri-captains of the squad. For the Irish, serving with Benson in the backfield will be Rodney Vaughn, 145; Dickie Reeves, 180, and Louis Davis, 140.

Up front, the announced lineup looks like this:

Jessie Terry, 165, and Jim Cook, 150, at ends; Steve Milam, 150, and Danny Dunn, 225, tackles; Grant Copeland, 140, and Truman Brashears, 157, guards; Bobby Isaacs, 185, center.

A year ago at this time, the Irish downed the Tigers 19-0.

# ALAN REED

He said that in the next directory Lefors customers are to be listed along with the Pampa customers, and there will be no separation by towns.

The telephone company plans to have the cables between McLean and Alanreed installed by next Jan. 10. Whether the change to dial can be accomplished soon after this date depends on when the company installing the dial equipment can complete its work.

"The company wants to do all it can to get cut over as soon as possible," Newberry added.

# Lions Zone Meet

## Here Next Tuesday

A Lions Club zone meeting will be held at 7 p.m. next Tuesday at the McLean Cafe, according to Lee Welch of McLean, deputy District 2-T1 governor.

The meeting is one of several district zone sessions which will be held during the club year. Officers from all clubs in the zone are expected here for the meeting.

It was a shock to the waiter when the gorilla walked into the restaurant, sat down at one of the tables and ordered a fish dinner. When he had finished he handed the waiter a \$50 bill. The waiter gave him \$1 in change.

"We've never had a customer like you before," the man ventured. "I should think not," said the gorilla, "when you charge prices like that."

We welcome all kinds of customers at our station—and there is no charging of exorbitant prices. Satisfied customers are our best recommendation. Won't you try us?

MR. AND MRS. JACK D. BAILEY

# MISS JO CAROLYN WOOD IS MARRIED TO JACK D. BAILEY

In a double-ring ceremony performed in the First Baptist Church at 8 p.m. on Aug. 23, Miss Jo Carolyn Wood became the bride of Jack D. Bailey.

The bride is the daughter of Mr. and Mrs. R. T. Wood and the groom's parents are Mr. and Mrs. Jack Bailey.

Rev. Dan Beltz, pastor, read the vows before an altar decorated with floral arrangements and candelabra. The family pews were marked with bouquets of pink roses.

Mrs. Paul Miller organist, played traditional wedding music and a special number, "Still da Notch." Given in marriage by her father, the bride wore a street-length dress of white peau de soie accented with galloon lace and seed pearls.

It featured an empire waistline, sabrina neckline and cap sleeves of galloon lace. The skirt carried out the line of the lace design with two centered pleats in front trimmed in lace. Her fingertip veil of silk illusion flowed from a crown of peau de soie and seed pearls. Short gauntlets of matching fabric completed her ensemble. She carried a white lace covered Bible with streamers of white gardenias and stephanotis flowing from it.

The maid of honor, Kay Ann Pafford of Claude, wore a street-length dress of yellow peau de soie with an empire waistline accented with bows, sabrina neckline and a full skirt with double pleats in front. She wore short gauntlets and carried a spray of long-stemmed yellow roses and sweet peas. Bridesmaids were Nelldean Wood of Claude, cousin of the bride, and Jan Bailey, sister of the groom. Miss Wood's dress was of blue peau de soie and Miss Bailey's was of pink peau de soie. They were fashioned like the maid of honor's.

They also wore short gauntlets and carried nosegays of sweet peas and other flowers. Melvin Bailey of Pampa served his brother as best man. Ushers were Vestal Gene Bailey, McLean, and Charles Bailey, Pampa, brothers of the groom.

Following the ceremony a reception was held at the home of the bride's parents.

The house was decorated with floral arrangements of the bride's chosen colors, pink, yellow and blue.

The bride's table was centered with an arrangement of pink and white flowers and candles flanked by the wedding cake and punch bowl.

The groom's table held a chocolate cake, coffee service and brass decorations.

Serving at the bride's table were Quanny Jennings of Dumas and Dorothy Beasley, and at the groom's table, Dorothy Beasley and Sandra VanHuss.

Pam Bailey registered the guests. Pam travel the bride wore a beige linen shift with bone accessories and a gardenia corsage. The couple is at home in Boise City, Okla., where the groom is employed in the school system.

Out of town guests at the wedding and reception were Mr. and Mrs. Orrin Sharp, Mr. and Mrs. D. B. Matthews, Mr. and Mrs. Leroy Bell, Mr. and Mrs. B. C. Minkley, Mr. and Mrs. Leland Wood, Mr. and Mrs. Carl Wood and Mrs. Harmon Pafford of Claude; Mrs. Wille B. Tate and Mrs. T. E. Johnston of Shamrock, Mr. and Mrs. Fred Wood of Wheeler, Mrs. Melvin McAlister of Kermitt, Mr. and Mrs. Frank Bailey and Mr. and Mrs. Duke Garrin of Amarillo, Mrs. Quanna Jennings of Dumas, Miss Freda Bourland of Qmail and Miss Shelly Mareno and Miss Dolly Martin of Denton.

# Showers Fall As August Departs

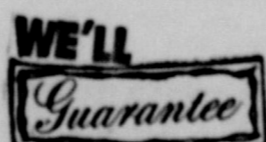

August left on a wet note Saturday, with McLean receiving a 20-inch shower, boosting to 3.81 inches the total for the month.

No rain has fallen thus far in September, and the amount for the year remains at 12.57 inches. On this date in 1962 McLean had received 13.15 inches.

Actually, during the past week the city had a total of 35 inch of moisture, with 13 falling on Friday. Temperatures were cooling down somewhat, with fall approaching. High for the week was 93 degrees on Wednesday. The low was 65, recorded three days.

# Missionary Program Held by Local WMS

The WMS of the First Baptist Church met on Tuesday afternoon, Sept. 3, in the Fellowship Hall for the missionary program.

The opening hymn was "Jesus Calls Us."

Mrs. E. L. Price, program chairman, was in charge of the program. The topic was "Conquest Through New Ministries."

The introduction, "This Is My Mission," was given by Mrs. Price. Other parts on the program were: Venezuela, Land of Contrasts, by Mrs. Jerry Gilbert; Colombia, Most Catholic Country, by Mrs. Raymond Smith; Ecuador, Banana Country, by Mrs. Ed Coppock; Peru, half Indian, by Mrs. Luther Petty; and prayers given by Mrs. H. D. Banks, Mrs. Homer Abbott, Mrs. Lee Welch and Mrs. Paul Miller.

Closing moments were by Mrs. Price, followed by prayer by Mrs. Frank Howard.

The hymn, "More Love to Thee," was sung by the group.

The business meeting followed with the president Mrs. Banks, in charge.

Other members present besides those mentioned were Mrs. Glenn Flory, Mrs. O. L. Tibbets, Mrs. W. N. Pharis, Mrs. T. A. Langham, Mrs. Bill Pettit, Mrs. Walter Miller, Mrs. Dan Beltz and Miss Marjorie Fowler.

# Two From McLean At Layman's Retreat

Sammy Haynes and Bill Reeves attended the Methodist Layman's Retreat at Ceta Canyon last Friday through Sunday.

The two local men were among 729 registered for the three-day event.

Principal speaker was Dr. E. Stanley Jones, missionary to India.

Mr. and Mrs. W. M. Prater and children and Mr. and Mrs. Herb Ludden of Burger visited in the T. A. Landers home Monday.

**ENGAGED:** Mr. and Mrs. E. A. Stocker of Umberger announce the engagement and approaching marriage of their daughter, Mary Frances, to John Will Dorsey Jr., son of Mr. and Mrs. John Dorsey of Umberger. Wedding vows will be exchanged at a nuptial mass on Sept. 17 at St. Mary's Catholic Church in Umberger. Miss Stocker is the granddaughter of the late Mr. and Mrs. Will Stockton, who were residents of McLean.

## 10 Years Ago

A total of 473 students had enrolled in the McLean high and elementary schools as of Tuesday, marking the record high set last year.

Of these 161 were in the high school, as compared to the all time high of 175 one year ago.

The remaining 312 are enrolled in the eight grades of the elementary school, under the supervision of Principal James A. Prock, who is serving his second year in that capacity.

Enrollment by grades is as follows: 1st grade, 41; 2nd, 42; 3rd, 38; 4th, 38; 5th, 38; 6th, 38; 7th, 45; 8th, 45; freshman, 44; sophomore, 47; junior, 61; and senior, 27.

The Junior Sunday School class of the First Baptist Church of McLean enjoyed a picnic in the City Park in McLean Friday afternoon, Aug. 28.

Those present included the following members: Jerry and Bill Gibson, Retha Collins, Wanda Gibson, and Belva Patterson; one guest, Ann Terry of McLean; the class teacher, Mrs. O. W. Stapp, and two mothers, Mrs. Harry Collins and Mrs. Clyde Patterson.

Members of the Pioneer Study Club enjoyed a breakfast at the basement of the McLean Methodist Church at 9 o'clock Thursday, Aug. 27.

Business for the breakfast were Mrs. Forrest Hupp and Mrs. Clyde Magee. The programs for the year were outlined and presented.

Members present were Mesdames J. D. Coleman, Earl Stubblefield, Paul Kennedy, H. W. Finley, W. E. Bogan, C. R. Griffith, Jim Back, C. W. Parmenter, June Woods, W. W. Shadid, Hupp and Magee.

A party honoring Hickman Brown Jr. on his third birthday was given in the home of his parents, Mr. and Mrs. Hickman Brown, Friday, Aug. 21.

Delicious refreshments of ice cream and cake were served to Roy King, Johnny Mann, Ellen Kay Kitzler, Craig Fuller, Chris Campbell, Janice and James Page, and the honoree's grandmother, Mrs. Hubert Tindall of Shamrock.

The last nearest total eclipse of the sun to be seen in our section for possibly a century will take place next Monday at 2 p.m. The eclipse will be caused by the moon passing between the earth and sun, and while the eclipse will not be total, the darkness will be great enough to cause a need for artificial lights for about two hours of the day.

The McLean school will begin the 1923-24 term Monday morning, Sept. 10. Supt. T. A. Taggart comes to us from Roysse City, and is a school man of an enviable reputation. Principal S. M. Castleberry is known to our people, having filled his position in the McLean school three years ago. In the high school department: Miss Abbott has taught three years in our school, Miss Miller begins her third term, and Miss Norman comes to us from the State University. In the grades: Miss Mellie Bird Richey has taught here two terms, Miss Ann Richey one term, Miss Strong will begin her second term with us, and Miss Roach comes to us from the state teachers college at Canyon, leaving one vacant position that may perhaps be filled by Monday morning.

On Thursday of last week Mrs. B. N. Henry entertained a number of girls from five till seven o'clock p.m. in honor of the 13th birthday of little Miss Joellene Vannoy.

All of the guests arrived from 15 to 30 minutes before the honored one, since the party was to be a complete surprise to Miss Joellene. Everybody was on the watch, and when she and her mother came in the sight the girls all scrambled for a hiding place. As soon as for a hiding place. As soon as the hostess had the guest of honor comfortably seated the girls began coming in from every door, each with a cheery greeting or wish. Then followed little Milburn Henry with a basket full of gifts from the different girls.

Indoor and outdoor games were played, and a three course luncheon was served to the following: Misses Maybelle Veatch, Martha Vannoy, Jewell Turner, Frances Stokely, Jeanette Wolfe, Elgin Shell, Wilson, Frances Noel, Elgin Shell, Daisy Tackett of Denton, Eleanor Cousins, Dorothy Taggart, Eleanor Cooke, Beatrice Cash, Lylene Sparks and Jessie Maude Roberts.

The first major national labor organization in the USA was known as the "Knights of Labor."

# WASHINGTON AND "SMALL BUSINESS"

By C. WILSON HARDER

One of those strange, inexplicable decisions by Congress will probably result in the American housewife paying a great deal more for foodstuffs.

For a long time, the labor barons have been trying to organize the itinerant farmworkers, who cultivate and harvest the crops in the Western part of the nation, principally California.

Most of C. W. Harder's work requires what is known as "stoop labor" which American workers, enjoying unemployment compensation, and relief checks, are very reluctant to engage in. For many years there has existed a formal arrangement whereby Mexican labor, experienced in agricultural work, have been brought into the nation during the harvest seasons, paid according to standards set up by government, housed and fed according to a prescribed code.

Over 200,000 of these experienced farm workers have been used annually.

This has distressed labor barons who have tried for years to convert farm labor into dues paying union members.

But as long as this Mexican labor, known as "braceros," was available, the labor bosses were stymied. Thus, the labor leaders enlisted the support of that peculiar clique composed of sob sisters, sociologists, and various mendicants who never planted a crop or harvested one and thus know nothing.

about the problem, and prevailed upon Congress to end the agreement with Mexico.

Thus all attention will be focused on California when the needs for harvest labor reach their peak. For in California alone, there is over a million tons of tomatoes, a half million tons of peaches, more than 2 1/2 million tons of grapes, not to mention pears, apricots, and other crops which must be picked and processed when ripe.

It is expected that the unions will now have a field day, and either crops will rot in the fields and orchards unharvested or the cost of harvesting will be most prohibitive.

There has never been an adequate supply of domestic labor by sheer numbers, to harvest these crops. And sheer numbers alone do not tell the whole story, because it requires experience in farm work to do an efficient job.

Many of the bigger California growers are already discussing plans to move their operations to Mexico which has become an important exporter already in tomatoes, melons and berries to the U.S.

There is also an interesting lesson here. Even though California is one of the larger states, it could not exercise enough influence in Congress to block a move which can well destroy the entire agricultural economy of the state, and there were enough Congressmen from other states who know nothing about the problem to listen to the propaganda.

The lesson seems obvious. It is necessary for all of Congress to be informed of the facts in any given situation.

**AT THE FAIR:** Francis Scott Key witnessed the British bombardment at Fort McHenry during the War of 1812, and when the terrible night had ended Key saw the American Flag flying high over the ramparts in the morning mist. There was a gaping hole shot through one of its stars . . . but the flag was still there. Out of this experience came "The Star Spangled Banner." His portrait will be among 75 paintings in the "Faces of Freedom" exhibit in the Varied Industries Building during the 1963 State Fair of Texas, Oct. 5-20, in Dallas.

Many local people attended the demonstration we held on the Hack McCurley place, east of McLean, earlier this year. Nearly 100 per cent control of gophers was obtained.

A representative of the Rodent Control Service was by recently and he advised me this area now has a gopher machine which is located at Lubbock. The success of the machine at McLean is chiefly responsible for one being assigned to this area.

If you have alfalfa or other field crops that you would like to have another demonstration on we can now use the machine located at Lubbock. We should have time for several demonstrations. The only requirement is that you have a tractor that has hydraulic controls. Get in touch with me.

**GRAZING SOIL BANK LAND**

A number of people have asked about the possibility of grazing soil bank land. Certain counties to the south and east where it has been extremely dry have been permitted to do so.

I visited with W. B. Hoosier, county agent, Memphis, Texas, when I was at a meeting in Amarillo recently. Hall County (Memphis) has been in the grip of a drought for sometime. They have been designated a drought disaster area.

Ranchers and farmers in that area are permitted to graze their soil bank land up to sometime in October or November. This, however, is not for free. It will cost them \$2.40 per acre. As I understand it, this is whether you graze two weeks or the full time.

In my opinion, the grass on soil bank land this time of year would be very woody. The \$2.40 per acre is above the average price paid for a grass lease for an entire year.

The procedure for getting designated a drought disaster area is done through your county ASC committee.

County Agent Hoosier says the committee from the state and federal agencies gives a county a very thorough inspection and that it is most difficult to pass their test.

We have had so many inquiries

Mr. and Mrs. William Hawkins of Ringgold spent Monday night with their niece and her husband, Mr. and Mrs. F. L. Bones.

on this subject I thought you would be interested in the above comment.

**EXTENSION OF SOIL BANK CONTRACT**

Homer Abbott and many others of the county have inquired about the possibility of extending the soil bank program.

This, of course, is handled through the ASC office.

At the present time legislation is pending in Washington, D. C. This seems to be about the only topic which there is general agreement on by all farm organizations and the administration. The only objection that has been made to the extension of the soil bank has to do with that part that permits grazing at a lower payment rate.

I believe the provision would allow a farmer to graze the soil bank land at half the normal payment rate. In my opinion this option would not be used very much by a farmer because the farmer would prefer to get the full payment and not graze.

Some contracts return as much as \$15 per acre. Grazing at \$7.50 per acre would be rather expensive.

**WALTER ROGERS REPORTS**

**ACTION TO FORESTALL A RAIL TIE-UP**

I had to read the papers to find out what happened during the civil rights march here last Wednesday. Those of you who witnessed the event on television were in a far better position than I to know what occurred.

Where I spent the day—working in my office, in a meeting of the House Interior and Insular Affairs Committee, on the floor of the House of Representatives—there was little to indicate that anything beyond the ordinary was taking place in Washington.

The demonstration was confined to the area generally bounded by the Washington Monument on the east and the Lincoln Memorial on the west. Here on Capitol Hill, more than a mile away, only the presence of a large contingent of Capitol police served notice that the day of the much-publicized "march" had arrived. Wisely, the civil rights movement's leadership permitted only scattered delegations to visit the offices of congressmen and senators (although none came to my office) and an unusual weekday calm prevailed on the "Hill."

The problem facing the House on Wednesday had nothing to do with the civil rights march. Confronting us was the threat that unless we acted before the day ended the country would become embroiled in a nationwide railroad strike.

The railroads had served notice that as of one minute after midnight they would impose a set of "work rules" bitterly opposed by the railroad brotherhoods. And the brotherhoods adamantly insisted they would strike if the rules went into effect.

In the impasse that had developed in more than four years of controversy, it was apparent that a railroad work stoppage would have a catastrophic effect on the nation's economy. It was up to Congress to do something.

Congress had delayed action in the hope that as the deadline approached the railroads and the brotherhoods would finally iron out their differences within the traditional framework of collective bargaining. I was among those who hoped fervently that a settlement between the disputants would remove the necessity for congressional action.

But it became increasingly apparent during August, as the House Commerce Committee of which I am a member and the Senate Commerce Committee heard witnesses representing the railroads and the brotherhoods and the government, that some action by the Congress was going to have to come if the country was to keep its vital rail network functioning.

Time finally ran out. The Commerce Committees of the House and Senate had determined the basic form the legislation would take. On Tuesday, the Senate (by a vote of 90 to 21) passed its version of a proposal to provide for a settlement of the dispute. Wednesday the House passed what amounted to the same measure (by a vote of 286 to 66), and with less than six hours before the deadline the President added his signature to enact it.

None of us liked the idea that Congress should be used as a forum to settle an individual labor dis-

pute. One of the objections raised against congressional action in the matter was that any measure passed would constitute an order for "compulsory arbitration."

It was said that Congress should avoid setting any precedent that might disrupt the long-established pattern of collective bargaining and bring future disputes before it for resolution. But the measure signed into law Wednesday actually provides for arbitration that the parties had already agreed to in principle; their dispute was not over the question of whether there would be arbitration, the dispute was over when the arbitration would occur.

Future proposals for compulsory arbitration, as Chairman Owen Harris of the Commerce Committee told the House, "are likely to involve both the question of 'whether there shall be arbitration' and 'when shall arbitration occur.'" Congressman Harris said, "This resolution is only a precedent with respect to the latter question, since the parties to the dispute had already agreed among themselves upon the answer to the first, and most crucial, of these two questions."

Congress thus called for binding arbitration of the two major issues in the controversy. The two big questions are over the 32,500 firemen's jobs on freight and yard dials, jobs which management says should be eliminated and which the brotherhoods insist are needed, and the crew consist issue—how many conductors and brakemen are to man each train.

Under the new law, these two issues are to be submitted to a seven-man panel (two union, two carrier and three "public" representatives) which then must submit a decision within 90 days from Wednesday. The "award," as it is called, would be effective 60 days later and remain in force for two years. In the meantime, the disputants would resume collective bargaining on six other issues which they have indicated can be settled in the traditional way. These include pay structure changes; increasing the 100-mile standard for a day's pay; yard and road work performed by the same crew; the manning of self-propelled vehicles; employment security; and training of engine service employees.

**BLOWIN' Out the CORNERS**  
By Uncle Zeb

It had been some half dozen years since we had visited the Capital City. It is hard to believe that a city could grow so much in that time. Even the Internal Revenue is setting up more than a block of offices there.

Heard of one lady who professed loving her husband very dearly. She explained it this way: "If we should both die at the same time and I should open my eyes in the next world and not find him there—that would be hell."

It is the things we learn after we know it all that really help.

Idea's are a lot like grandchildren . . . our own are always the most important.

The reason that so many children are out on the streets at night is because they don't want to stay home by themselves . . . Actually, we believe that far greater than the need for more organizations to improve and take care of our children is for the entire family to spend more time together in the home.

We heard this some place—a ship is safe in a harbor, but it doesn't belong there. It is the same with our money in the bank. Most bankers would rather see us take our money, even borrow some to go with it, and put it all to work doing things for us. This was brought out two thousand years ago in the Parable of the Talents. It is always wise to have a savings to turn to in an emergency, but to bury our talents for fear of losing them, would be just about the quickest way in the world to do just that.

Loss of credit earned under Social Security may be the result of using an incorrect Social Security number," warned Hal Golden, Social Security district manager.

"Do not depend on memory; be sure every employer actually sees the social security card," he said. When an employe gives his employer an incorrect Social Security number it may prevent the employer from properly reporting the wages paid to the employe. This will, at best, delay the posting of the employe's earnings to his social security record.

Golden stated that there is no need for an individual to memorize the Social Security number issued to him. If the card is lost it can easily be replaced by the Social Security Administration after he completes a simple application form.

The application forms are available at any Post Office, as well as any Social Security Administration office.

Kitty Lynn Hbler Takes European Tour  
 Kitty Lynn Hbler, daughter of Mr. and Mrs. Archie Hbler of Wheeler and granddaughter of Mr. and Mrs. O. G. Stokely of McLean, has recently returned from a two-weeks tour of Europe.  
 She traveled with a group of students and their sponsors from Baylor University at Waco.  
 A few of the important points of interest on the trip were the picture book scenes of Ireland, the old historical landmarks in England, the beautiful flowers at an auction in Amsterdam, Holland, the unknown soldier's grave in France and the castles in Germany, one of which is the castle of Franz Josef II in Valdis, Liechtenstein. Some 1500 old master paintings are hidden here.  
 In visiting the Holy Land, it was noted that a little western commercialization had crept in as the water from the River Jordan was being sold to the tourists as souvenirs.  
 In all, the group visited 25 different countries and their main cities and capitals.  
 A little explained, a little endured, a little forgiven, the quarrel is cured.

**Spell Quiz**  
 Correct Answer Is: **personable**

East Texas has many fine lakes. One of these is Lake Murvaul, near the city of Carthage in Panola County. Here is a lake of approximately 5,000 surface acres, fast becoming one of the big bass fishing lakes in Texas.  
 Since it is a newlake, only about five years old, this should be the top year for it in the quantity of fish taken and perhaps also in size. Lake Murvaul was dedicated in 1958.  
 Curtis Carpenter, editor of the Texas Game and Fish Magazine, fished in it shortly thereafter. In an article he wrote for the magazine he indicated it would, one of these days, be one of the best fishing spots in Texas. And that day has just about arrived.  
 Ed Condon of Dallas, who has been fishing and selling fishing tackle for many years, thinks perhaps some of the biggest bass in Texas will come from Murvaul this year. Who could ask for more?  
 Murvaul is typical of many of the East Texas lakes. With a shoreline of 35 miles it stores an estimated 45,000 acre feet of water behind an earthen dam 8,000 feet long and a 275-foot concrete spillway.

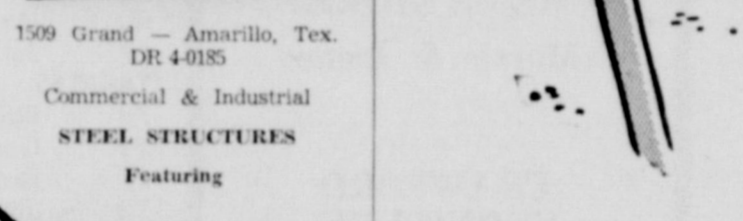

Lake Murvaul was a Panola County Chamber of Commerce project and it is a part of the Sabine River Authority's master plan. The county financed the lake through the sale of bonds to provide a water supply for new industry. Panola County already is the leading gas products producing area of the state.  
 Fortunately, residents of the county also have done considerable development of the surrounding area. There are ample boat docks and launching ramps. Also a number of fine homes and cottages have been built around the edge of the lake.  
 Lake Murvaul is filled with the run-off of almost 200 square miles. Here in the timberlands of East Texas rainfall is fairly high. A number of small springs along tributary streams also add to the water, to keep it at a fairly constant level.  
 Murvaul particularly is famous for its large bream and abundant supply of bass. There also are many big catfish and crappie. The water has a high acid content and is ideal for black crappie, say the fishermen. And there are some saddle-blanket-sized ones taken from the lake.  
 It is also a picturesque lake, surrounded by many trees. Towering pines and hardwood, such as oak and hickory, line its shores. The banks also are lined with beautiful flowers and in the early spring wild berries are found throughout the area.  
 From a sportsman's standpoint, it has been ideally developed. There are ski lanes where those who seek water recreation can play to their hearts' content without annoying fishermen.  
 Then there are areas where brush has been left standing for the benefit of those who want that type of fishing. And who doesn't? There are a number of commercial camps around the lake providing air conditioned cabins for fishermen or vacationists. The rates are very reasonable.  
 So, if you are looking for an ideal and beautiful fishing spot this year, give Murvaul a whirl. You'll like it!
