McLean, Gray County, Texas, Thursday, August 1, 1963

No. 31

Just Between Us

Three years ago today four Ark-returned-Oklies ventured farther west and settled down in McLean to become Texans.

We Sheltons are glad we came, but we intend to observe many, many more of the same anniversaries in the future.

It seems hospital plans are sort of at a standstill now, in that temporary lull between a bond election and the time things start to move again.

The Gray County commissioners court holds its first-of-the-month meeting today, but we understand such regular business is taken care of at these sessions.

Such matters are brought before court at another meeting later in the month. We hope the hospital is on the agenda at that time, and these preliminaries can be gotten out of the way quickly.

The hospital floor plans on display before the election were prepared by an architect employed by the McLean city commission. They were merely preliminary drawings needed to get the ball rolling.

Now everything is left up to the commissioners court, which must employ an architect to draw the final plans and specifications. Perhaps this will be done at the August business session.

If not, the commissioners had better prepare themselves for a barrage of "why nots" from their constituents. It's a long time between commissioner meetings, and to our way of thinking there's nothing more important that could possibly be brought before the court.

Take note of this week's "Factory Facts." It shows that employment at the Marie Foundations plant here is at another all-time high—285.

Production, likewise, has spiraled upward.

With the number of employees at more than 100 below the present level a year ago, we and many others felt the labor supply for this area had been exhausted.

But somehow Cal Fraser and Dale Greenhouse found 'em. Their search has resulted in many new residents for McLean, with a number of families moving here in recent months for employment at the factory.

Many of the new employees are high school students, who must return to their classes in the fall. This will result in a drop before too long, unless additional women can be found.

Applications for employment are always welcome at the factory.

The Marie Foundations plant is becoming more of an asset to the city all the time—not only in the ever-increasing payroll, but in beautification of the building as well.

Readily noticed by all is the attractive landscaping. But the inside of the big structure has undergone many changes, too. No drabness there.

They are all pretty proud of the building, and we're sure they would welcome an opportunity to show it to you if you happened to drop by when the office force had a few spare moments.

Smoky Price brought this by the office the other day:

I'M FINE
There's nothing whatever the matter with me. I'm just as healthy as I can be. I have arthritis in both my knees. And when I talk, I talk with a wheeze.

My pulse is weak and my blood is thin. But I'm awfully well for the shape I'm in.

I think my liver is out of whack. And I have a terrible pain in my back.

My hearing is poor, my sight is dim. Most everything seems to be out of trim.

The doctor says my days are few. For every week he finds something new. And the way I stagger sure is a crime. I'm likely to fall most any time. But all things considered I'm feeling well.
(See JBU, Page 1)

TURNPIKE TRAVEL INSURANCE: Take to the turnpikes on your vacation this summer—they're three times safer than ordinary highways, according to the National Safety Council.

Every Little Bit Helps

Showers Add Up To .42 Inch Here

Three light showers interrupted the hot, dry weather over the weekend, but temperatures were shooting back up again at mid-week.

Wednesday's high was 102 degrees, matching the reading for last Thursday.

LITTLE LEAGUE WINS TWICE

To Enter Mobeetie Tournament Tonight

The McLean Little Leaguers, with two victories and a tie posted during the past week, enter competition in the Mobeetie Baseball Tournament tonight by facing Wheeler.

Game time in Mobeetie will be 8 p.m., and several McLean fans are expected to make the trip over for the opening action.

Mobeetie and Miami are to play Friday night. Losers of the first two games will take to the field on Monday night, followed on Tuesday night with a meeting of the winners.

Lindsay Freeman and Timothy Banks again combined their pitching talents last Friday and again on Tuesday to help the older Little League team whip Samnorwood and Mobeetie here.

On Friday, the locals defeated Samnorwood 12-4, then Tuesday they dumped Mobeetie 22-6.

The younger McLean Little League team, with David Haynes on the mound, ended up in a tie with Samnorwood Friday.

Though tied, the game was called because a time limit had been set before the contest got underway. Starting lineup and batting order for the McLean Little Leaguers tonight will be:

Timothy Banks, third base; Randy Richards, catcher; Steven Thacker, right field; Lindsay Freeman, pitcher; Mike Darsey, second base; Brad Parker, first base; Gary Ellison, left field; Mike Haynes, center field; John Reeves, shortstop.

Freeman starts on the mound each game and pitches three innings before being relieved by Banks.

Undergoes Surgery

Mrs. Jim Hathaway underwent surgery Tuesday morning in Highland General Hospital at Panapa. She was reported doing "fairly well" late Wednesday.

FIRST SCREW WORMS IN COUNTY NEAR HERE

AIR DROP OF STERILE FLIES IS AWAITED

Gray County's first confirmed case of screwworms has been discovered by Wilbur L. Wilson, four miles southwest of McLean.

Wilson resides just over the line from Donley County, where at last report six cases of screwworms have been confirmed.

Gray County Agent Foster Whaley was notified by telephone Tuesday of the confirmation by V. G. Young of the Extension Service.

Wilson had collected samples of what he thought was screwworms from the navel of a new-born calf. The samples were submitted to the Screwworm Eradication Program headquarters at Mission, Texas, last week.

A representative of the eradication program was expected in this area this week to mark the exact location of the confirmed case, so that sterile flies could be dropped from an airplane to prevent any further spread of screwworms.

It is customary to drop enough of the sterile flies to cover an area about seven miles square.

Whaley again urged local and area ranchers to keep on the look-out for possible screwworms. When suspects are found they should be collected in special containers and mailed immediately to the eradication program headquarters at Mission.

A supply of the containers is available in The McLean News office. No postage is required for mailing the specimens.

Whaley said he is confident that the dread screwworms will be wiped out in Texas, possibly within another year. Already the number of cases has been reduced greatly in the state.

ROSSON RITES HELD SUNDAY

Last rites for Henry Rosson, 1203 North Commerce, were held Sunday afternoon in the First Baptist Church.

Rev. Dan Beltz, pastor, officiated, and interment was in Hillcrest Cemetery under the direction of Lamb Funeral Home.

Mr. Rosson died at 12:33 a.m. Friday at his home. He was born on Dec. 7, 1889, in Overnith, Miss., and moved to McLean from Idabel, Okla., in 1929. He was married to Miss "Betty" Wilson in Idabel on June 9, 1909.

Mr. Rosson was a retired farmer. Surviving are his wife; one son, Edgar of Seagraves; three daughters, Mrs. Elba Litchfield, Bell Garden, Calif.; Mrs. Izlon Cook and Mrs. Dovie Stracener, both of Pampa; two brothers, Bun Rosson, Hugo, Okla., and Kirk Rosson, Stratford, Okla.; three sisters, Mrs. Mamie Wilson, McLean, Mrs. Lillie Barnes, Hollis, Okla., and Mrs. Maggie Ruff, Marlin, Texas; 14 grandchildren and eight great grandchildren.

The record Adjunct enrollment became possible with additional facilities. Enrollment has been limited to 120 freshmen for each six weeks.

Lions Broom Sale Will Be in October

The annual McLean Lions Club broom sale will be held during the month of October, according to club Secretary Lee Welch. Welch said the sale is to be on a Tuesday in October, but a definite date will be announced later. Lions Club members will conduct a house-to-house sale throughout the city.

Expected to Be Offensive Team Starter

Crockett Returning to SWC

WEATHERFORD, Okla.—(Special)—Bill Crockett, junior halfback from McLean, is among 23 returning lettermen who make up the brighter side of the 1963 football picture at Southwestern State College here.

The 23 include 11 offensive and defensive starters from last year, plus eight promising newcomers.

Crockett, son of Mr. and Mrs. Sherman Crockett, 312 South Kingsley, was a hard-running starter last season and is expected to be a first-line offensive team member with the Southwestern Bulldogs this fall.

Less pleasing to Head Coach J. W. Cole is the task of replacing six graduated seniors, five of them members of the Oklahoma Collegiate Conference All-Star first team units.

Gone are brothers Pat Griffin, spectacular touchdown-maker, and Malcolm Griffin, a rugged two-way guard, both of Weatherford; Ken Anderson, Ardmore, a guard who made just about everybody's conference All-Star selection; Tex Yeager, linebacker from Perry; Jack Smalley, Clinton, four-year veteran center, and Chuck Lambrite, fullback from Upper San-

dusky, Ohio.

The 1963 Bulldog schedule:
Sept. 14—Tartleton State at Weatherford.
Sept. 21—East Central at Ada.
Sept. 28—Northwestern at Weatherford.
Oct. 5—Central at Edmond.
Oct. 12—Northeastern at Weatherford (Homecoming).
Oct. 19—Southeastern at Durant.
Oct. 26—Panhandle at Goodwell.
Nov. 2—Eastern New Mexico at Weatherford.
Nov. 9—Langston at Weatherford.
Nov. 16—Fort Hays at Hays, Kan.

6 FROM CITY AT 4-H CAMP

McLean and the Gray County 4-H Clubs are well represented at the Electric Camp being held this week at Clouderoff, N. M.

Four local 4-H Club members and two adult leaders from here are attending the camp, sponsored by Southwestern Public Service Co.

Mrs. Juanita Channell, assistant county home demonstration agent, and George Orlick, local 4-H leader, accompanied the group to Clouderoff.

Members enrolled in the camp courses are Jeanne Anders, Jakey Ness, Johnny Carpenter and Joe Magee of McLean, and Bill Skaggs, Penny and Diana Nickel of Pampa.

The camp opened Monday and will continue through Friday. Training is being given in some phases of 4-H Club projects and how electricity can be used in these projects.

The group left the Amarillo Tri-State Fairgrounds Monday morning and will return on Friday.

31 Children Attend

Regular Story Hour

Thirty-one children were present last Thursday for the story hour at Lovett Memorial Library, Mrs. Wheeler Carter, librarian, reported.

Mrs. Derral Davis told the stories, "Millions of Cats," "The Puppy With Too Long a Tail" and "Who Has Seen the Wind?"

Mrs. Thomas D'Spain was to have charge of the story hour this morning, starting at 9:30.

Mrs. Carter said that 12 new books have been received at the library for children ages 5 through 12. They are: Dinosaur Twins, The True Book of Farm Animals, The True Book of Birds We Know, Is Susan Here?, Blind Men and the Elephant, Come to See the Clowns, Book of Riddles, The Trip Down Catfish Creek, Doctors and Nurses—What Do They Do?, Toddy's Campout, Plenty of Fish and Spring Snow.

There were several books and magazines checked out by high school students before school was out in the spring which have not been returned. It would be greatly appreciated if they were returned to the library, as they are needed, Mrs. Carter said.

Boy Scouts Change Meeting Nights

Boy Scout Troop 25 will begin meeting on Monday instead of Tuesday nights, it was announced this week.

The change was necessary due to the Little League baseball games. It was explained.

In the future, meetings will be in the second story of city hall at 7:30 p.m. on Monday.

All boys aged 11 through 15 years are invited to attend the meetings and take advantage of the opportunity to become a Boy Scout.

Plans are currently being made for a hike next Monday, and all members of the troop are urged to attend.

Christie to Attend Vo-Ag Teachers Workshop in Dallas

Nelson Christie, McLean High School vocational teacher, will participate in a state-wide In-Service Education Workshop for teachers of vocational agriculture Aug. 6-9 in Dallas.

The four-day meeting will be held as a part of the program in vocational agriculture to further improve the professional competency of the state's teachers.

Vocational education teachers in the area of homemaking, trade and industrial and distributive education also will be participating in the workshops, and the 3,700 vocational educators are to have a combined general session on Tuesday.

Dr. Arnold to Speak

Principal address will be delivered by Dr. Walter M. Arnold, assistant commissioner for vocational education in the U. S. Office of Education in Washington.

The general conference will be under the direction of M. A. Browning, assistant commissioner for vocational education of the Texas Education Agency.

Directing the workshops will be the state vocational agriculture education staff. The workshops will be staffed by vo-ag teachers who are especially well qualified in their respective areas.

The Tri-State FFA Public Speaking Contest being held in conjunction with the workshop will give teachers of Texas an opportunity to observe the best in FFA public speaking.

None Injured In Pair of Mishaps

No one was injured and damage was light in a pair of traffic accidents the past week.

Highway Patrolman R. C. Parker said the first occurred at 9:40 a.m. last Friday 1.1 mile west of McLean.

Mrs. Geneva Ellis of Los Angeles, Calif., was driving her 1962 Ford sedan west when the left rear tire blew out.

She lost control and the vehicle ran off the roadway on the left side, striking a culvert.

Damage was moderate. At 9:50 p.m. Saturday Sharon Kay Jones of McLean lost control of the 1956 Pontiac she was driving and the car struck a light pole.

Damage to the left side of the car was described as moderate by Parker.

2 Local Firemen At A and M School

Two members of the McLean volunteer fire department attended the annual Fireman's School last week at Texas A and M College. R. L. Brown and Preston Cooley returned late Friday night from College Station where hundreds of firemen gather each year for instruction in the latest fire-fighting techniques.

The school started on Monday and continued through Friday.

FIRES HIT OVER AREA

Fires from various causes kept McLean volunteer firemen on the run much of the past week.

Two calls were answered Tuesday night. The first was from Guyton's Laundry, where the gas fire in a clothes dryer was burning too high. No damage resulted.

Then at 10:45 p.m. Tuesday, a passing train set fire to grass on the Leroy Williams place south-east of the city.

Fire Chief Boyd Meador estimated an acre of grass was burned off before firemen put out the flame.

Earlier in the day Tuesday, a grass fire was reported on the Highway 66 right-of-way 3½ miles east of McLean, but the blaze had been extinguished when the fire-fighters arrived.

Lightning Hits Hay

Lightning set fire to a stack of baled hay on Clyde Brown's place southeast of the city at 2:45 a.m. Saturday, destroying 20 to 300 bales.

Firemen went to the scene the first time immediately after the lightning struck. They wet the stack of hay down, putting out all the flames.

But then at 11 p.m. Saturday, the smoldering hay began burning again. It was feared that the wind would spread the fire, and local firemen returned to end the threat.

Two calls to the Kester Rippey place near Heald also were answered by McLean firemen last Thursday. The first was at 9:45 a.m., when a grass fire got out of control for a time.

Then at 4:15 p.m., firemen were called back again after flames from trash burning in a barrel set grass afire.

Fillies' Triple Play Helps Down Heifers

The Fillies, showing much improvement in the field as well as at bat, downed the Heifers Thursday night in softball play at the Little League Park.

The girls softballers are scheduled to see action again tonight and Friday night, with the younger girls starting the doubleheader each time at 7 p.m.

Flashy fielding spelled the difference in the Fillies-Heifers softball game last Thursday. The Fillies registered in a triple play in the third inning, then ended the game in the fifth with a double play.

It was the first time since the opening night of softball play that the Fillies had been able to defeat the Heifers.

Pampa Rites Held For Judd Jones

Funeral services for Judd Jones, brother-in-law of Frank Rodgers of McLean were held Saturday in Pampa.

Mr. Jones who had lived in Pampa for 21 years died Thursday in Highland General Hospital there. He was 77.

MISS DONNA HINTON
Miss Donna Hinton Will Be Married

Mr. and Mrs. James Hinton announce the engagement and approaching marriage of their daughter, Donna, to Claude Hendricks, son of Mr. and Mrs. James Hendricks.

Wedding vows will be exchanged the evening of Sept. 7 in the home of the bride-elect's parents before members of the immediate families.

Miss Hinton and her fiancé are both graduates of McLean High School. Hendricks is also a graduate of Clarendon Junior College.

News From ALAN REED

By MRS. CECIL CARTER

The George Smiths had as their guests this week Mrs. Smith's mother, Mrs. Nellie Tyre of Canton, Okla., and her aunt, Mrs. Betty Tyre of San Leandro, Calif.

Visiting with Mrs. Faye Oakley Saturday night and Sunday were Mr. and Mrs. George Oakley and sons and Mr. and Mrs. Jerry Ratliff and son, Amarillo; J. C. Oakley, Pampa; Paul Averitt, Fort Sill, Okla., and Mr. and Mrs. O. W. Stapp and Wanda Averitt.

Visiting with the Cecil Carters Sunday were Mr. and Mrs. Jim Bruce and Danny of Amarillo, Mr. and Mrs. Jerry Carter, Vicki and Jerri of Pampa, Deborah and David Bruce returned to their home in Amarillo after a week's visit here.

The Harold Dean Crows visited here Saturday and picked up their daughters, who had been visiting their grandparents, the J. A. Hillis.

Mike and Patsy Farley of Lubbock visited with the L. H. Earthmans the first of the week.

Mr. and Mrs. Ed Pair and family of Groom visited with the John Foshees over the weekend.

Mrs. Phillip Gibson and daughter, Pat, spent last week in Lubbock, where Mrs. Gibson received medical treatment.

PATRICIA GAYLE FORSDICK WEDS DPAUL CARTER SHEFFIELD

Miss Patricia Gayle Forsdick became the bride of Paul Carter Sheffield recently in a double-ring ceremony read in the garden of the home of the bride's parents, Mr. and Mrs. Kermit S. Forsdick of Lubbock.

The bride is a granddaughter of Mr. and Mrs. A. R. Clawson of McLean.

Sheffield is the son of Mr. and Mrs. James A. Konecny of Lubbock.

The ceremony was read by Virgil Trout, minister of the Sunset Church of Christ.

Given in marriage by her father, the bride wore a gown of chiffon and lace over taffeta. The fitted bodice of taffeta overlaid with net and lace was designed with a scoop neck and cap sleeves. It was accented by a satin rose at the waistline.

The street-length bouffant skirt was of chiffon over taffeta. Her shoulder-length veil of silk illusion

was caught by a fabric rose head-piece. She carried an arrangement of white roses.

Miss Jerri Forsdick attended her sister as maid of honor, and best man was Ken Marshall.

Ushers were Don and Jimmy Sheffield, brothers of the bridegroom.

Candles were lighted by Stephen Forsdick, brother of the bride, and Stefani Salisbury.

Following the ceremony was a reception on the patio.

After Aug. 3 the couple will be at home in Lubbock.

Mrs. Sheffield is a graduate of Monterey High School. The bridegroom was graduated from Monterey and is assistant manager at the Puggly Wiggy Store in Monterey Center.

(Continued from Page 1)

ing fine.

I leave arch supports for both my feet,

Or I wouldn't be able to walk down the street.

My fingers are ugly, stiff in the joints,

My nails are impossible to keep in points.

Complexion is bad due to dry skin, but I'm awfully well for the shape I'm in.

My dentures cut, I'm restless at night, and in the morning I'm an awful sight.

My memory's failing, head's in a spin,

I'm practically living on aspirin, but I'm awfully well for the shape I'm in.

Now the moral is, as this tale we unfold,

That for you and me, we are growing old.

It's better to say, "I'm fine," with a grin,

Than to tell everyone of the shape we're in.

It seems a shame, when so many things we'd like to do are sinful, that it should also be wrong to do nothing.—Frank Clark, Register and Tribune Syndicate

Keep conscience clear, then never fear.

Down Memory Lane

10 Years Ago

Wedding vows for Irma Ruth Fulbright, daughter of Mr. and Mrs. Pete Areher, son of Mrs. C. O. and Cass Austin, will be read at the Church of Christ in McLean Saturday evening, July 25, at 7:30 o'clock.

Mr. and Mrs. Vestal Bailey are the parents of a boy, born July 23, in Highland General Hospital in Pampa. He weighed 8 pounds, 10 ounces, and has been named Bobby Gene.

The Skillet Circle met Thursday afternoon, July 23, in the home of Mrs. Gay Saunders.

Mrs. Duneen Shackelford presented several piano selections. Homemade ice cream and cake were served by the hostess to Mesdames Ovet Beck, Pearl Burr, J. T. Croxton, George Foley, Charles Hall, J. R. McClellan, Sam McClellan, Ott Moore, George Preston, George Saunders, Cula Jo Trull, Jim Newton and Jesse Dyall of Clyde; and the following children: Rheta Lynn Croxton, Isabelle and Donna Lou Hall, Richard Moore and Terry Deleene Newton.

The Wesleyan Service Guild held its regular meeting Tuesday night, July 24, in the parlor of the McLean Methodist Church, with Mrs. J. H. Kritzler as hostess. Mrs. Paul Middleton gave the

devotional, and Mrs. Clyde Magee presented the program.

Those attending were Mesdames Guy Hester, Shelton Nash, Clyde Andrews, Odell M. Mutooth, Wayne Parmenter, Bob Sherrod, Frank Rodgers, S. A. Cousins, E. C. Cabine, Guy Beasley, Wilson Boyd, Jim Dawson, Magee, Madsen and Kritzler.

Paul McCurley, Janice Magee and Jerry Stubbiefield are spending this week at the Methodist encampment at Ceta Glen.

20 Years Ago

The following runs were mad this week by Womack ambulance: Mrs. C. G. Nicholson to Amarillo Monday; Mrs. Neal Humble and baby girl home from Shamrock Sunday; Mrs. Jessie Hill from Alameda to Amarillo Thursday.

Bobby Decker of Skellytown celebrated his sixth birthday last Thursday evening with a party at the City Park.

Two decorated birthday cakes were served with ice cream to the following children: Jerry Mounce, Rodney Gunn, Joe Cooper, Eugene Boston, Annette Surber, Teddie Faye Scraggs of Skellytown, Betty Stolle, Peggy Allen, Mollie, Pauline and Mary Erwin, Glenda and Laura Mae Seitzer, Ann Cooper and Kathleen Huber.

Mr. and Mrs. C. J. Magee took their daughter, Donna Ruth, to Amarillo last week for a tonsillectomy. They were accompanied by Mrs. J. L. Hess.

Charles Cousins, who is employed at Dalhart, visited his wife here over the weekend.

Sgt. and Mrs. E. J. Windom Jr. of Dalhart visited relatives here over the weekend.

Little Miss Barbara Ruth Carter visited her aunt, Mrs. C. B. Peabody at Kellerville last week.

Mrs. Jesse Coleman of Lubbock is visiting her parents Mr. and Mrs. J. L. Hess.

Mrs. J. E. Smith Jr. and son, Joe Dee, and sister, Miss Della Mae Green, have returned from Montrey, Calif.

Mr. and Mrs. Bogan moved to Borger last week.

Don Alexander has bought the Creed Bogan residence.

Mrs. R. A. Mantooth and son, Wayne, were in Pampa Monday.

40 Years Ago

Mrs. M. D. Bentley entertained her Sunday School class last Friday with a hike out north of town, where they cooked lunch

and otherwise enjoyed the occasion. Those present were: Floye Landers, LaEuna Holloway, Anna Lou Grigsby, Oma Lee Abbott, Merle Young, Tommie Mae Bird, Thelma Young, Lillian Carpenter, Odessa Kunkel, Glenn Kunkel, Miss Gladys Holloway, Mesdames M. D. Bentley, T. A. Landers, T. N. Holloway and Carl Carpenter.

Mrs. A. A. Ledbetter entertained a crowd of little folks Wednesday morning in honor of her daughter, Pauline. Refreshments of ice cream and cake were served to the following: Earline Peters, Charlotte and Rosalie Cousins, J. C. Lois and Percy Suggs, James Emmett Cooke, Georgia and Charles Stratton, Paul, Pauline, Arthur Ray and Edwin Ledbetter.

W. T. Wilson, manager of the Cicero Smith Lumber Company, has put in a concrete water trough this week. This makes three water troughs in as many blocks in McLean, that makes it very convenient for our visitors who have teams.

A free barbecue is a feature of the spudding in of the Holmes No. 1 well on the J. S. Morse Ranch north of McLean Saturday, July 28. Everything is in readiness for the test and the actual work of drilling will be begun Saturday.

The free recital given by the pupils of Miss Ann Richey Monday evening was enjoyed by a large crowd. The speakers gave evidence of careful training and reflected credit upon their teacher. The following students were on the program: Lionel Childress, Odessa Kunkel, Floye Landers, Bobbie Apling, Pauline Crabtree, Anna Wingo, Jewell Turner, LaEuna Holloway, Elizabeth Wilkerson, Johnnie Villa Haynes, Flossie Jordan, Fern Landers, Fayttee Belle Copeland, Gertrude Wingo, Dorothy Cousins, Gorda Lou Haynes, Letha Ashby, James Burrows Jr., Verna Rice and Gladys Holloway.

Adversity makes a man wise, not poor.

TOWER TRAVELS TO TEXAS: This steel tower, tall as a 20-story building, was moved from New England to Texas to take part in Humble Oil and Refining Co.'s \$6 million-a-year campaign for clean air and water in the communities where it operates. A stack the same height also made the long trip. They were dismantled at Everett, Mass., near Boston, and transported more than 1,600 miles to be reassembled near Houston at the Baytown refinery. The new equipment will result in more efficient dispersal of vapors, high above the ground, if an emergency requires the venting of vapors through safety valves.

PERSONALS

Mr. and Mrs. Joe Dwyer and daughter, Jana, of Lubbock visited recently with Mrs. Druce Dwyer and Mrs. Madge Page.

Mrs. Clate Peabody and grandson, Bob Longino, Mrs. Lena Pettit and Mrs. Wheeler Carter visited in Perryton and Spearman Sunday.

Highlights
AND Sidelights
 by Vern Sanford
 TEXAS PRESS ASSOCIATION

AUSTIN—(Special)—Texas Legislative Council, research agency for the Legislature, is in the curious position of being asked to take a close look at the ethical standards of its own boss.

Council, meeting in Austin, agreed on a proposed study of conflict of interest questions affecting state officials and employees. Gov. John Connally and Atty. Gen. Waggoner Carr suggested the study as a result of investigations into the private business affairs of former Railroad Commissioner W. J. Murray Jr.

A Travis County grand jury found Murray innocent of any violation of criminal laws during his terms of office. Carr observed in a later report that the Murray case raised "a serious question of a conflict of interest" between official duties and private interests. Carr's report said Murray grossed \$7,700,000 during his 15 years on the commission—most of it from oil and gas ventures. Attorney general recommended "adequate laws" to control "any deviations from (ethical) standards."

Council will be responsible for conducting research and investigation of conflict of interest cases among all state officials—including the lawmakers themselves—with a view toward "improving our present code of ethics."

CRAM COURSE ON ANNEXATION—Texas Municipal League will conduct a special one-day "institute" in Austin on Aug. 5. It will be a cram course for Texas municipal officials on the new law limiting city annexations.

William Olson, attorney for the league, will moderate a question-and-answer program, followed by a panel discussion featuring Mayor James McCook of Kingsville, City Manager H. P. Clifton of Abilene, Planning Director William Anderson of Corpus Christi and Steve Matthews, executive director of the league.

New law takes effect on Aug. 23. But a provision in the act requires that annexations pending or initiated after March 15, 1963, must meet terms set out in the measure. Furthermore these in-the-works annexations must be completed by Nov. 23 or become null and void.

Brock Family Has Reunion in Lefors

The J. D. Brock family held its annual reunion in the Lefors Civic Center Saturday and Sunday.

Attending were: Mr. and Mrs. Claude Brock and Joe Dan, Pampa; J. D. Brock, McLean; Davis Brannin, Mount Belview, Texas; Ricky Smith, McLean; Mr. and Mrs. Douglas Clawson and Beverly, McLean; Gary Clawson, San Diego, Calif.; Mr. and Mrs. Cecil Hood Jr. and daughter, Betty, of Fort Worth; Mrs. Woodrow Nelson, Dimmitt; Mr. and Mrs. A. R. Clawson, McLean; Ardine Lee, McLean; Mrs. Donna Robinson, Lefors.

Mrs. Danny Wilemon, Lefors; Mr. and Mrs. Earl Lane and Jerry, Lefors; Mr. and Mrs. E. E. Brock, Dimmitt; Betty Ruth Tedder, McLean; Mr. and Mrs. Kermit Forsdick Jerri and Stephen and Peggy Parker, Lubbock; Mr. and Mrs. Eugene Brock, Pampa.

One sister, Mrs. C. N. Plumlee, and a brother, Orin Brock, were unable to attend.

The group enjoyed a pleasant time of visitation.

BIRTHDAYS

Aug. 4—Thomas Trout, Tommy Boston.
 Aug. 5—S. R. Jones, Charles McCurley, Mrs. Gene Herron.
 Aug. 6—Woody Wilkerson, Sidney Kunkel, Mrs. Charles Crockett.
 Aug. 7—Emory Crockett, Mrs. Howard Gipson.
 Aug. 8—Gerald Tate, Barbara Dwight, Fred Johnson, Arthur Vineyard, Mrs. Charles Patton, Mrs. Mike Muff.
 Aug. 9—Lindsey Gilbreath, Debbie Blackshear.
 Aug. 10—Jim Buck.

RAPID ERADICATING—Few eradication programs have produced such prompt and effective results as the U. S. Department of Agriculture's screwworm eradication plan.

A year ago entomologists and field workers started the "saturation" release of sterilized flies to conquer screwworm population explosion.

Texas Animal Health Commission reported only 23 screwworm cases confirmed in a five-day period—as opposed to nearly 3,000 cases recorded during a comparable period in 1962.

As further encouragement, the commission noted that of last week's 22 reported cases, only two were in areas where the program's "controls" were in full effect.

HOW TO BE A COMMISSIONER—Frank Mitchell, Texas' first regulatory loan commissioner, is faced with the massive task of creating the agency.

Since state office buildings are filled, his first job is finding office space.

Another immediate problem concerns selection of a deputy commissioner. He will assume much of the detailed work involved in establishing a budget and an organizational plan, setting salaries for employees, hiring employees from the third-ranking executive down to the secretarial pools and file clerks, purchasing office equipment and furnishings, and so on.

Mitchell still hopes to have the agency set up by Aug. 23. That is the effective date of the new law governing the lending and practices of lending firms who charge more than 10 per cent interest.

A flood of applications is expected from Texas loan companies seeking licenses and inquiring about specific provisions in the new lending regulations.

PROSPERITY, OR WHATEVER IT IS—Texas merchants continue to operate at a high level of retail sales volume.

Total retail sales show no dramatic increases. But the level for the first six months of this year is about two per cent over the 1962 January to June period.

According to the UT Bureau of Business Research, Fort Worth and Austin are in the lead with increases of six per cent. Dallas is next with three per cent, followed by San Antonio with plus one per cent.

Cities recording disappointing half-year sales were El Paso, minus one per cent, and Houston, with no change from the 1962 averages.

McLean Residents Attend Reunion Of Family at Tahoka

Children of the late J. W. (Jack) White and Mrs. B. E. (Mother) White and other relatives and friends enjoyed a reunion and family picnic at the New Home Club building near Tahoka, Okla. It was the first meeting of the family in eight years.

Several McLean residents attended the reunion, which was held at the suggestion of Oscar White, a cousin of the late Mr. and Mrs. White.

Present from McLean, in addition to Mr. and Mrs. Oscar Tibbets were Mrs. Gladys Tibbets and Mr. and Mrs. J. R. Giesler.

Attending were 82 relatives and guests, including 10 children.

The Jack Whites moved to Lubbock in 1893, and the late Judge George R. Bean gave him two lots on which to build his first house.

The family homesteaded near Wadsworth in 1900. They acquired near Lynn County land in 1902 out of the old Deuce of Hearts Ranch, which they sold in 1909 before moving to Priddy County, near Wadsworth.

The Whites returned to Lynn County in 1910, and Mr. White bought the George Shumake Farm, which is now the B. E. White Estate and owned by eight of the 15 White children.

Mr. White died in 1939 and his wife in 1955.

WASHINGTON AND "SMALL BUSINESS"

By C. WILSON HARDER

Down in Texas they sometimes smoke the raccoon out of the bushes. And that is what Rep. Wright Patman from Lone Star state seeks to do with a bill he has introduced in Congress known as H. R. 3826.

The nation's independent businessmen, voting through the National Federation of Independent Business, have gone on record by a majority of 61% favoring this bill.

C. W. Harder

Briefly the measure would require any manufacturer to announce to all his trade any special deal, discount, or promotion allowance he has made to any single customer within five days of making such a deal, and permit all customers to obtain the same deal.

One of the big problems in enforcement of the present anti-trust laws arises when some huge retailing complex tells manufacturer that unless he makes them some sort of a special deal, he will have to stock a competitor's line.

Now of course, the huge retailer knows that it cannot accept a special deal unless it is being made available to all.

So the manufacturer is also compelled to write them a letter stating the offer is available to all on an equal basis. This letter is carefully tucked into huge retailer's files.

Thus, if the Federal Trade Commission should get wind of the deal, the huge retailer

merely shrugs his shoulders and says, "there ain't nobody here but us chickens, boss, and we just suppose that the manufacturer let the other folks in competition to us know that such deals are going on."

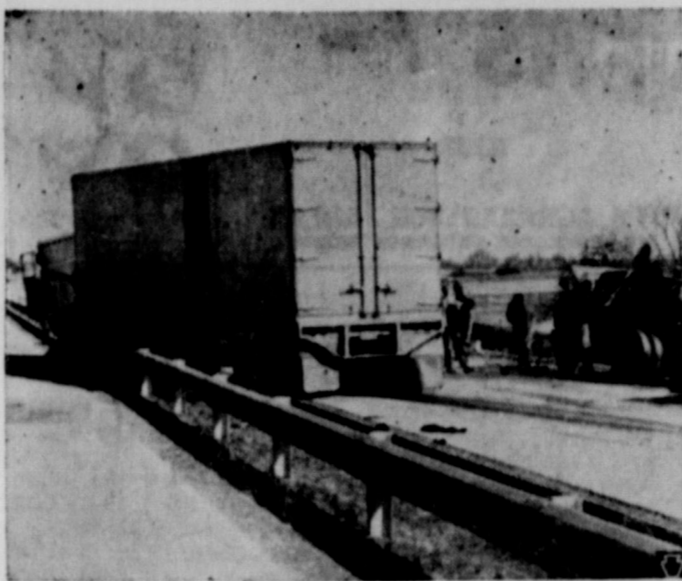

Of course, the manufacturer does not inform the other customers that Customer X blackballed them out of many thousands of dollars to help celebrate their birthday, the wedding anniversary of the chairman of the board, or any of the many other pretexts used to slug the manufacturer. Of course, if some other customer knows the exact deal given and asks about it, the manufacturer is bound to give it to him, but who can ferret out under-the-counter deals.

Most manufacturers do not like the present system of extortion used by big retailing complexes on them. Yet, in most instances they are powerless to do anything about it. They can, of course, stand on principle, and go bankrupt.

But the measure by Rep. Patman would restore honesty in the marketplace and end the "untouchables" type of black-jacking that has been going on. For if the huge retailer knows that any deal has to be announced to the rest of the supplier's customers, he is no longer interested in deals.

For after all, the only reason a huge retailing complex wants a lower price is to be able to undercut independent competition.

Passage of the Patman measure would probably also end discount house operations cannot exist without special considerations from the suppliers.

SAVED BY STEEL: Sturdy steel median guard rail saved this heavy trailer truck from crashing across the busy Pennsylvania Turnpike and avoided a possible head-on collision. This granddaddy of all turnpikes is now in the midst of a program to install median guard rail down its entire 470-mile length. Partly because of devices like median dividers, travel on superhighways is three times safer than on ordinary highways, according to the National Safety Council.

CARD OF THANKS

Our heartfelt thanks to all who extended comforting sympathy and help in our recent sorrow. For the beautiful service, floral offerings, the food and other kindnesses we are deeply grateful. The kindness and thoughtfulness shown by Creed and Wanda Lamb were indeed helpful and appreciated.

Mrs. Henry Rosson and family

Ronnie McIlroy spent last week in Abilene with Herb Butrum and then went to Childress for a visit with his grandmother, Mrs. D. C. Trent. Mrs. Wayne McIlroy was there for the weekend and Ronnie returned home with her.

Mr. and Mrs. Bill Simpson and Barbara and Pat, and Mr. and Mrs. W. C. Kennedy and Ricky and Randy are vacationing in New Mexico and Colorado.

Mrs. M. L. Stacy and daughters, Frieda, Star, Tanva and Leah, of Lubbock are visiting their mother and grandmother, Mrs. Jewel McCarley.

Mrs. Florette Burns of White Deer visited during the weekend with her parents, Mr. and Mrs. Howard T. Miller.

Telephone MO 4-3333

NEWS OF CONSERVATION

Lacy Good has started leveling 40 acres of irrigated land on his farm, east of Pampa.

T. D. Anderwald is in the process of leveling 25 acres on his farm, south of Kingsmill. Fence rows, small lakes and ridges can be moved on irrigated land so it can be uniformly irrigated.

Draw Ward is constructing a pond on his farm, north of Alameda for better distribution of grazing. George Jackson has completed approximately one mile of cross fences on his farm, west of Kellerville.

Floyd Franklin is in the process of constructing a diversion terrace on his farm, southwest of Pampa.

Mr. and Mrs. Bill Pearson spent the past two weeks visiting their daughters, Betty and Mary, at Lubbock and Mrs. A. G. Taylor and family, at El Paso. Donna and Linda Pearson returned home with Mr. and Mrs. Pearson after a week's visit in El Paso.

Mr. and Mrs. Richard Hager and daughter, Rhonda, of Hereford visited Sunday with the Jimmy Sheltons. Mrs. Hager stayed on to spend this week with her parents.

Norbert Britten is planning to start constructing two miles of diversions and terraces on his farm, northeast of Groom. Diversions and terraces will effectively carry excess runoff without erosion.

Since this year has been droughty and rainfall is below normal, all cropland should be protected by a growing crop or with a good residue cover.

A good residue cover will help reduce runoff and conserve valuable moisture for the next crop.

Sweep-type implements will help keep this residue on the soil surface to protect the land from wind and water erosion.

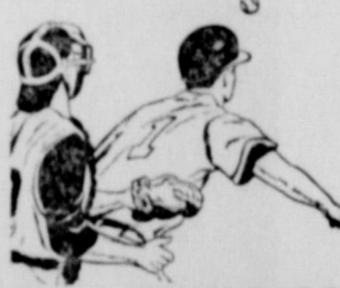

BLANCO IS A B-I-G PARK!

Yep, there are 110 acres on each side of the river where you can camp, fish, swim or picnic at Blanco Park. It's located where the Blanco River crosses U. S. Highway 281 north of Lubbock.

Fish are reported to be plentiful . . . and especially tasty when cooked right there in the open.

If you don't like to fish, it's a perfect place to just rest while the kids keep busy on the playground.

ASTRONAUT PRAISES CUB SCOUTING PROGRAM—Astronaut John Glenn checks the achievement record of a Cub Scout and tells him that his wife, Annie, was a Den Mother for several years. Glenn says that "Cub Scouting is All-OK." The Boy Scouts of America is now conducting its "Go" roundup for new members.

NEWS from YOUR COUNTY AGRICULTURAL AGENT

By FOSTER WHALEY
SCREW-WORMS

I was advised by Jack Shelton when I arrived at the News office that my secretary had phoned from Pampa concerning the first reported screw-worm case in Gray County this year.

V. G. Young, state agent for the Extension Service at College Station, had called earlier Tuesday and confirmed a case of screw-worms.

The specimen had been sent in by Wilbur Wilson, four miles southwest of McLean.

I presume a fly drop of sterile screw-worm flies will be made in this vicinity.

We appreciate Wilbur taking the time to make the collection and mail the specimens in.

Remember, the little mailing carton can be sent in free of postage. They have a free mailing label in each container, as well as a glass vial filled with the proper preservative.

Tuesday I left extra containers at The McLean News and at Smokey Price's. Also a few containers at Bob Massey's.

Let's keep on our toes and follow a good spray schedule on our cattle, using one of the new systematic insecticides.

If you do have a case of worms, be sure and get the 10 or 12 specimens from deep in the wound.

I believe the battle will be won on screw-worms in at least two more years. It might be necessary to solicit ranchers for another contribution, but think what it will be worth to a rancher to be able to dehorn and castrate at any time of the year they choose.

4-H GROUP TO CLOUDCROFT, N. M.
Last Monday I saw our delegation off to Cloudcroft, N. M. They met at the Tri-State Fair grounds in Amarillo. Four large buses of boys and girls, as well

Mrs. Pauline Holloway of Lefors visited with relatives in McLean Sunday and attended Sunday evening services at the First Baptist Church.

T. C. Ellington of Pampa, brother of Mrs. Jimmy Shelton, is in Highland General Hospital in Pampa. He suffered a heart attack recently.

as adult leaders from all over the Panhandle, will spend all of this week high up in the mountains near Cloudcroft.

Southwestern Public Service Co. sponsors this camp and is to be congratulated.

Local 4-H delegates include George Orrick, Jakey Hess, Johnny Carpenter and Joe Magee. Jaunita Channell, assistant home demonstration agent, and Jeanne Anders also attended.

Two Nickel girls and Bill Skaggs were delegates from Pampa.

I'm sure George Orrick will get a great deal out of the camp, but I sincerely appreciate his taking the time to attend.

Our Gray County 4-H Club program is making continued progress and is very time consuming—not only for the county agent and home demonstration agent—but the time spent is well worth the effort.

There is nothing any more rewarding to an individual than to see 4-H youth develop into our leaders of tomorrow.

Thanks to the many good leaders who help make our work load some lighter.

4-H SUBJECT MATTER GROUP ON HORSES

The last three Monday nights I have worked with leaders in the Pampa vicinity in organizing a 4-H subject matter group in horses.

We were astonished at the interest. When we sent the first letter out about 14 showed up for the first meeting. By the second meeting it had grown to 20.

Last Monday night there were over 30 4-H members who showed up at the rodeo grounds to practice certain workouts for the coming Top o' Texas Rodeo.

The group will have sharp uniforms composed of white shirts, green ties and green chaps trimmed in white. Also light colored hats trimmed in white.

The group's primary purpose is to educate boys and girls on the feeding, care, handling and selection of horses. They will, however, participate in many activities.

We have two couples as adult leaders that are doing an excellent job.

Some interest has been expressed in McLean in forming a subject matter group on horses. As a subject matter group, they could participate with the Pampa group on special activities as a Gray County 4-H group.

Let us know your interest.

SWINE 4-H GROUP

Note to Bernard McClellan: Sometime in the very near future we need to call this group together and plan our yearly program beginning in September. Let me know when convenient with you, and I'll meet the ones on our list.

All 4-H boys interested in feeding swine for the Pampa show or any other phase of swine production should get in touch with Bernard.

There is an excellent chance we will have two fall pig sales in Pampa for 4-H and FFA boys to purchase their needs for the spring shows.

Elmer McLaughlin has a S. P. F. swine farm near Laketon, and has several of the different breeds. He was by the office last week and has asked me for assistance in having these sales.

By having the sale in Pampa, rather than have individual boys come to the farm, it would greatly reduce the hazard of customers accidentally bringing diseases to a S. P. S. (disease free) herd.

PRAIRIE DOGS

We doped 20 prairie dogs on the J. J. Railsback place Tuesday. We thought Jeff was down to two or three dogs, but found him well supplied in one town.

OUTDOORS IN TEXAS
 By VERN SANFORD

This is for worm fishermen . . . the folks who use those live, natural baits with the long, squirmy bodies. Weber Tackle Co., the Stevens Point, Wisc., firm that has made thousands, probably millions, of artificial baits . . . has been thinking of you. Evidently Weber has adopted the old slogan, "If you can't whip 'em, join 'em." 'Cept they have changed it to "If you can't convert, 'em, help 'em!" Anyway, the firm now has a Food-Bedding for worms. It's designed to keep worms fishing-fresh the year around. And—as any angler who has worm-fished knows—those slimy little rascals are hard to keep alive. Weber says its unique formula contains food and minerals in a base that "worms just love to cuddle in." The new product is called "Mr. Worm." Each package contains two one-pound bricks of compressed food-bedding. It looks and feels like the felt-type wall-insulation. But it isn't. You simply place a half brick or a whole brick or both bricks into a container . . . and add water. Amount depends on how much food-bedding you need. One brick will support 60 of the large night crawlers or 125 smaller worms. You add a quart of water for each half brick. Then stir or hand-mix until bedding is uniform. Just do not overwet. For salt water baits, such as blood worms, etc., use sea water for wetting. When mix is ready, simply place the worms on top of the bedding. Don't cover them with the bedding. Just let them seek their own way to "bed." Then place a cover on your container and store in a cool place. Naturally Weber recommends its own Weberlite high insulation bait buckets (or coolers) as the ideal bedding containers. These are the foam plastic, expandable polystyrene, very light weight coolers that are becoming so popular as containers nowadays.

Men still die with their boots on—on the accelerator.—Medina County, Ohio, Leader Post and Sentinel

TIPS for OUTDOORSMEN
 by Vern Sanford

Beware The Safety Button
 Many a hunter has shot himself, or somebody else, simply because he relied too heavily on the safety catch on his shotgun. Safeties on a shotgun are apt to give a false sense of security. All the safety snap does is block the triggers so they can't be pulled.

Picking Best Pup in Litter
 Often the best looking pup in a litter won't necessarily make the best hunting dog. It's the nose that counts, not the looks. To find the sharpest nose among the pups, turn them out in the yard and scatter a fistful of meat chunks around. The pup that noses out the most meat has the sharpest hunting nose.

Finding Camp in Dark
 Coming in to camp on a dark night takes precision and a certain ability many of us don't have. You can find the camp on the blackest night if you will tack up car reflectors on trees in a circle some distance from camp. Your flashlight then will guide you in.

Teaching the Retriever
 Now and then a retriever will acquire the bad habit of chewing the ducks he retrieves. This can ruin a lot of good meat if carried to excess. Habit is hard to break, but can be done. Train him with a "duck" made of a tin can, weighted, and with duck wings and tail attached to it realistically.

Dusk Shooting Made Easier
 A lot of good shooting is passed up because darkness blots out good gun sight focus. You can get in quite a few accurate shots even after the light gets dim by touching up the bead of your front sight with white enamel. It will show up clear and bright against the indistinct form of your target.

Keep Gunstock Polished
 There is no excuse for you to carry around a gun with a dull finished stock when you can keep it glowing a soft luster, with little effort. Simply crush the meat from half a dozen pecans or walnuts and wrap these crushed nut kernels in a piece of cotton cloth. Tie the cloth ends securely, then rub wood thoroughly with this oily pad.

Don't Stall Car in Midstream
 There are few situations more annoying than having your car stall in midstream on a cold wintry day. Not only do you get thoroughly soaked trying to get the car out, but it sometimes takes hours to get the engine started again.

Hub Cap for Water
 Your dog needs water often, when running in the field, and he cannot always find it. So carry a special container for him. If no container is handy when he gets thirsty, pry a hub cap from your car wheel and use it as a drinking dish for the pooch.

Keeping Bread Fresh
 Bread is a hard commodity to keep fresh on a camping trip. You can do so, however, if you will buy bread that is packaged in a plastic bag. Or use your wife's plastic clothes-dampening bag. Place the bread in the bag, squeeze out the air, then zipper up the fastener. This will keep the bread in good condition.

Car Stuck in Loose Sand
 Almost as tragic as having your car stall in midstream on a cold day is to traverse some back road and have the wheels of your car sink deep in loose sand. The more you spin these heels, the deeper they sink. So, don't do it! Stop at the first wheel spin, get out, walk to the nearest water, fill a pail or your hat, then douse water around both rear wheels to pack the sand. This will enable you to drive out with relative ease.

Handy Water Carrier for Dog
 Waterholes are scarce in Texas during bird hunting season. This makes finding water a problem when hunting. Avoid this dilemma by carrying under your coat a well filled hot water bottle. Cold water, however! When your dog needs a drink, lure a shallow hole in the ground

Finally, polish the stock to a high gloss with a clean dry cloth. Then fill the "dish" from the water bag and let him drink.

Fresh Bread on Pack Trips
 Bread is especially difficult to carry on pack trips. It is bulky and easily mashed. Save space by taking the slices from the original package and inserting waxed paper between the slices. Return the bread to the original wrapper and press down to one-third its original size. This process will also make bread less liable to crush.

Fumes From Camp Stove
 Oil heating stoves sure can raise a stink in close quarters such as a small tent or cabin. Eliminate these noxious fumes by putting two or three oranges on top of the heater. If the stove is of the round type, tie oranges to its sides with wire.

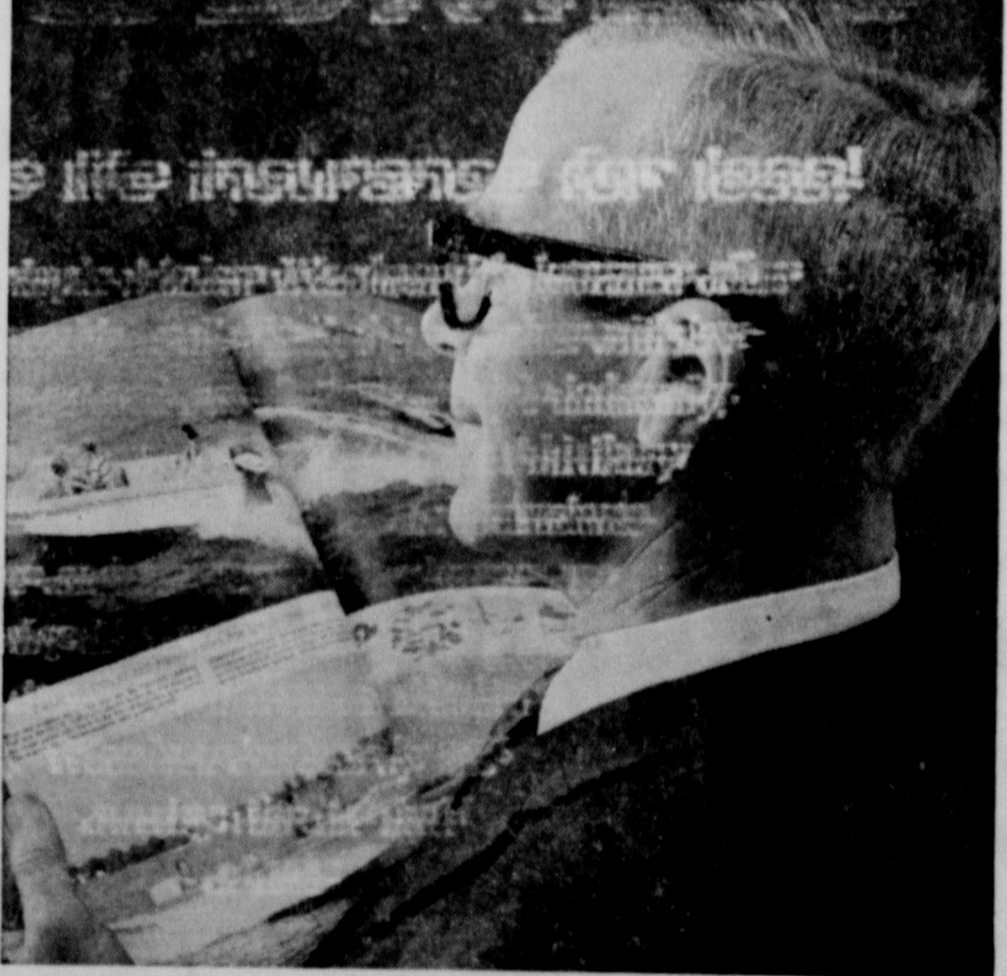

Jeanene Shelton of Canyon spent the weekend with her parents, Mr. and Mrs. Jimmy Shelton, and her brother, Jimmy.

HAY-FEVER
Pollen Allergy Sufferers

Here's good news for you! Exclusive new "hard core" SYNACLEAR Decongestant tablets act instantly and continuously to drain and clear all nasal-sinus cavities. One "hard core" tablet gives up to 8 hours relief from pain and pressure of congestion. Allows you to breathe easily—stops watery eyes and runny nose. You can buy SYNACLEAR at your favorite drug counter, without need for a prescription. Satisfaction guaranteed by maker. Try it today.

PARSONS REXALL DRUG

One of a series of reports by this newspaper and the Print Advertising Association on the advantages of print media.

Don't you read before you buy?
 Most people generally do. Not only do they read; they cut out and show ads to their family and friends; they clip coupons for information and samples. When people see an advertisement in print, they can compare designs . . . features . . . and prices of nationally known products and services. (And people do compare before they buy.) Advertising in print is a handy thing. You can always check back; the message is still there even if your attention is distracted. When you add it up, print advertising—the kind you read in this newspaper—makes sense. And because it measures up to the buying habits of most consumers, print makes sense.
