### FARM PROGRAM SIGNUP

According to Evelyn Mason over 400 farmers had signed up in the 1972 wheat and feed grain program by Monday, March 6th. Final sign up date is Friday, March 10th. We urge you to make your determination in this program as early as possible.

Earlier I reported that land now established in a grass cover would not be eligible to be used as diverted acres. This has been rescinded. There have been many recent changes. There are a large number of alternatives. Therefore you should study these closely before you sign up.

### RESULT DEMONSTRATION HANDBOOK

In the near future we will publish our annual result demonstration handbook for the calendar year 1971. This will contain 12 result demonstration that have been carried out in Gray County during 1971. Last year this publication had several very interesting feedlot demonstrations. Several cost study demonstrations were carried out on the productions of irrigated milo. This handbook proved so popular that we exhausted our supply of them sometime ago. We hope to re-print some of these 1970 demonstrations in our 1971 handbook. If you would like a copy drop us a line and we will mail you one free.

This year demonstrations will cover cattle, grain sorghum and wheat.

### ALFALFA

Feedlots demand for alfalfa continues to grow. Most alfalfa producers in the McLean vicinity have found this to be a most profitable crop. I find a lot of alfalfa growers are very concerned that the market might become saturated with so many developing alfalfa fields. So long as they are transporting alfalfa hay from as far off as Colorado or Kansas, I wouldn't worry about market. This gives you about a \$10.00 per ton edge on these areas. In Kansas where much of the alfalfa is grown rainfall is some what higher than here. We have them beat for quality.

# Highlights and Sidelights

From Your

## State Capitol

By **BILL BOYKIN**  
Texas Press Association

Leaders of both Democratic and Republican state parties will meet March 13 for major decisions as well as routine housekeeping duties.

Texas law requires executive committees of political parties on that date to certify statewide candidates, set ratios for state convention delegate selection, fix hours and sites for June 13 and September 19 state conventions and select a place to canvass May 6 primary returns.

National GOP Committeeman Peter O'Donnell Jr. gave Republicans something else to think about when he unexpectedly submitted his resignation, the vacancy to be filled at the statutory R.E.C. meeting in Austin. State Rep. Fred Agnich of Dallas is the overwhelming choice to succeed O'Donnell as committeeman, and may get the job unopposed.

Time is also getting close for Republicans to adopt a formal set of written rules for operation of party conventions and regular operations, although that is considered no great problem for the Rules writing is a problem of

major proportions for Democrats. April 6 is the deadline under new state law for the parties to submit their rules drafts to the secretary of state.

Democrats are expected to make a choice at the March 13 meeting between a set of reform rules drawn under direction of William R. Anderson Jr. of Corpus Christi and a watered-down draft which opponents claim perpetuates the winner-take-all system of convention operations.

Supporters for the Anderson rules claim a majority of the State Democratic Executive Committee will adopt them in preference to the alternative which has SDEC rules sub-committee approval.

Rumors persist that SDEC Chairman Roy Orr of DeSoto may resign his post at the Austin meeting. Gov. Preston Smith is backing Anderson to succeed him. Orr early this year became a Dallas County commissioner, and questions have been raised about his holding both positions.

### COURTS SPEAK

Texas Supreme Court has agreed to decide whether party primary election costs can be paid from state funds without special legislative authorization. **MUSTANG CONTROVERSY REVIVED**

Parks and Wildlife Commissioners postponed for 60 days a showdown on a proposed purchase of 3,965 acres on Mustang Island for a park development after earlier voting to forget the whole thing.

Commissioners voted two-to-

one to kill the \$4.2 million island purchase, with three new members abstaining. They agreed to hold off on a firm decision, however, following legal advice that a majority--at least four of six members--had to vote to make action binding.

Former Commission Chairman Pearce Johnson blocked the Mustang purchase early last year with a federal court suit. A higher court reversed the lower court decision, throwing the decision back to the Commission.

### SALES TAX LOSS TOLD

A Senate committee's staff report that at least \$12 million a year is being lost by the state in uncollected sales taxes due to alleged faulty administrations by the state comptroller's office is figuring in three campaigns.

### AG OPINIONS

A public school district can permit neighboring parochial school students to participate in its music (band) program, Attorney General Martin held.

In a flood of other recent opinions, Martin concluded:

\*The state treasurer may accept mortgage-backed serial notes as collateral for state deposits if payment is unconditionally guaranteed.

\*Where three districts vote on school consolidation and the proposition fails in the third, but the first two subsequently consolidate another election cannot be held for at least a year on consolidating the third district with the others.

### HORSE OWNERS WARNED

Horse owners have been warned to have their animals immunized for protection against another Venezuelan Equine Encephalomyelitis (VEE) outbreak this spring and summer.

A Texas Veterinary Medical Association spokesman said foals born since the 1971 epidemic and horses vaccinated under six months of age during the epidemic or afterwards are prime targets for exposure.

### CROP INSURANCE CHANGED

New changes in the crop hail insurance program aimed at savings on premium costs to farmers were reported by the State Board of Insurance last week.

The new "stepladder policy" will enable cotton growers, for example, to buy insurance after July 1 at a drastically-reduced rate. Value of the coverage increases as the crop grows in value. Policies are cheaper after July 1 because hail usually ends with May and June.

## Cub Scouts Have Blue & Gold Banquet

The Cub Scouts of McLean held their annual Blue and Gold banquet on Friday, February 25 with 46 visitors present. A buffet dinner was enjoyed by all present.

Cub Master, Casper Smith, was in charge of the banquet, with Rev. Z. A. Myers bringing the opening and closing prayer.

The entertainment for the evening was furnished by the three dens, with the Webelos and their Den Leader, Bill Douglas, keeping order.

Den 1 had a skit with the boys singing western songs straight from Hee Haw. Their den mothers are Ruby Douglas and June Suggs.

Den 2 presented a skit called a visit to the doctor and was enjoyed by all. Their den mothers are Mary Bybee and Lucille Glass.

A play called voting was presented by Den 3. Greg Smith had a skit on den inspection and magic tricks were done by David Day. Their den mothers are Ann Smith and Billie Kingston.

The Cub Scouts won two first place ribbons at a Scoutarama held recently at Pampa. Scouts receiving a patch for selling 10 or more tickets to the scoutarama were Den 1, Michael Bybee, Johnathon Douglas, Randy Suggs, Brad Melton, Joe Mercer Charles Patton; Den 2, Rodney Teel, Terry Glass, Terry Harlan, Jeff Kingston, Jackie Mercer; Den 3, Brent Wilcox, Guy Don Patterson, Billy Frank Haml bright, Deb Crockett, Greg Smith; Webelos, Dwayne Morgan, Kirk Douglas.

Those receiving wolf badges were Rodney Teel, Terry Glass, Michael Bybee, Johnathon Douglas, and Billy Kirk Douglas.

## AN OPEN LETTER

Dear Mom and Dad,

I am motivated by my sincere interest and concern in our children receiving the best possible education.

I have no job out side of home, and I have the time to learn and listen.

If elected to serve on our school board, I will do my part to use our school taxes wisely.

We all know the future of our community depends on the quality of education our young people receive here at McLean Schools.

I would like to help further the understanding between the school and the community.

All of us need to work together in the interest of our children, and to do this, we must be consistent!

I would welcome any questions you have, and want you to feel free to call me anytime.

Your support appreciated.

Sincerely,

**Mrs. Leonard E. Bagwell**

## News From ALANREED

by Mrs. P. M. Gibson  
 Club members working at the stock show Saturday from Alanreed were Anita Bruce, Mae Moreman, Polly Harrison, Lucy Goldston, Sue Crisp, Gail Rhode, Mary Davis, Onie Gibson and Diane. They were assisted by the High Plains Club of Pampa. Mrs. M. B. Smith was able to be at church Sunday night. Visiting Ruby Hill Sunday was her son's family, the Robert Cecil Hills of Amarillo. Visiting the Mug Castleberry over the weekend was their daughters family, the Bobby Jack Masseys of Jal, N. M. They also visited his parents the Bob Masseys of McLean. Ralph Palmer was in Alanreed last week working on their house and visiting his sister, the Moremans.

The Jimmy Dewebbers of Jacksboro visited the Robert Bruces over the weekend. There will be an open house at school Thursday night. Everyone is invited to come. Pie, cookies, coffee and punch will be served. The time is 7 p.m. Mr. and Mrs. E. J. Windom Sr. made a business trip to Pampa Thursday.

Mr. and Mrs. Marvin Hall, the Bill Adams and Becky and P. M. Gibson were at the stock show in Pampa Saturday. Becky had a steer in the show. Mrs. Terbush of Groom visited her daughter, Mrs. Mary Davis of Alanreed. Other visitors in the Davis home was Mary's sister and brother-in-law, the Bill Smiths of Pampa. Their daughters family, the Willis Mays of Panhandle also visited. In Alanreed the apricots are in bloom.

**NARROW-ROW COTTON** --- Narrow-row cotton production is mushrooming in Texas. According to Dr. Robert Metzger, Extension agronomist at Lubbock, more than 18,000 acres were planted to narrow-row cotton last year. Narrow-row acreage could reach as high as 50,000 acres in 1972. More than 100 narrow-row harvesters may be in operation this fall. Last year narrow-row yields ranged from 5 to 30 percent more than cotton planted in conventional rows. Furthermore, production costs were lower in most cases, the real advantage of the narrow-row system.

# NEW HORIZONS

When does a baby start to think?

Nobody knows, but thoughts come by association. Baby eagerly responds to the sight of a bottle. Experience proves that the bottle offers both satisfaction and comfort.

Because baby does learn by association, it is important that parents expand their children's horizons. A very small child will respond to a simple prayer. And a child of three will enjoy attending Church School geared for youngsters of that age.

Religious instruction and guidance is not only for the mature — it is needed regularly by everyone. The spiritual life of your child needs constant cultivation and the mind needs day by day development.
