## Labor Day Weekend Death Toll Set

Colonel Wilson E. Speir, director of the Texas Department of Public Safety, today estimated that statewide traffic accidents over the Labor Day weekend will claim 48 lives.

The Labor Day holiday, as set by the National Safety Council, is a 78-hour period from 6 p. m. Friday, September 1 to midnight Monday, September 4.

At the close of the Labor Day period last year, a DPS tabulation showed that 41 persons had died in 34 traffic accidents. Late deaths pushed the toll to 43 persons killed in 36 accidents.

Speir said the DPS and local law enforcement agencies would be taking all possible steps to reduce the holiday death toll. A special "Operation Motorcade" will be in progress over the Labor Day weekend and tabulations of rural and urban fatal wrecks will be reported to the news media of Texas three times daily.

As is customary on major holidays, all available DPS patrolmen will be placed on duty throughout the state. They will make full use of radar and breath testing instruments in an effort to curtail the major causes of fatal accidents-- excessive speed and drunk driving.

"These education and enforcement programs will have an impact, but a great deal of responsibility for accident reduction rests in the hands of individual Texans. I am appealing to all our citizens to join with us in saving lives by "Driving Friendly," both during the holiday and throughout the remainder of the year," Speir said.

rate offense. Should a Soil Conservation District refuse to draft a plan of their own for soil and water conservation then a state board would device one for them and the farmers and ranchers in a soil conservation district.

Now who thought all this up? The Council of State Governments (not to be confused with the local Council of Governments) in cooperation with the Environmental Protection Agency, The President's Council on Environmental Quality and others conducted a national symposium on state environmental legislation, one of the workshops included in the symposium pertained to "Soil Erosion and Sediment Control." As a result of the workshop a task force was appointed to draft a model state law for soil erosion and sediment control to be presented to the council of state governments for consideration as a model law to be recommended to state legislatures throughout the nation.

I think it would be interesting to look at the make up of this group.

Mary Garner, Office of the General Counsel, U.S.D.A., Chairman; Norman Berg, Associate Administrator, Soil Conservation Service; Mason Carbaugh, Director, Virginia Soil and Water Conservation Commission; Dale Cochran, Minority Leader, Iowa House of Representatives; Jane Mape Attorney, Environmental Protection Agency; Robert Thronson, Hydrologist, Environmental Protection Agency; David G. Unger, Assistant Executive Secretary, NACD.

The model act was prepared and presented to the National Council of State Governments Committee that considers proposed legislation and the Committee on May 18, 1972 approved the model act; therefore, it has been recommended to Legislatures throughout the nation for consideration.

I'm sure your state representative would like to know how you feel about having to have a plan before you stuck a plow in the ground.

# STATE CAPITAL Highlights AND Sidelights

by Bill Boykin  
TEXAS PRESS ASSOCIATION

For the first time in three years, the number of Texas families with dependent children on welfare rolls declined last month.

There are 1,555 fewer AFDC recipients than a month before, the State Department of Public Welfare reported.

Welfare Commissioner Raymond W. Vowell attributed the reversal to a number of factors, including tighter controls on AFDC program eligibility, vocational training and expanded day care programs to help mothers get to work.

The decline was the first in AFDC caseload since July, 1969. Dropoff was from 447,967 recipients to 446,412.

A steady increase in recent years has been attributed to liberalized eligibility standards as ordered by federal courts and altered federal regulations. In late 1970 and early 1971, AFDC rolls swelled at a rate of 10,000 to 12,000 recipients a month. Growth slowed significantly in recent months.

Vowell directed caseworkers to return to the practice of holding personal interviews with AFDC applicants and recipients, verifying income, child support, domicile, household composition, and other factors affecting eligibility and the amount of assistance granted.

A massive recertification effort also has been ordered by which AFDC cases are being checked individually to determine whether a family situation has changed so as to affect the monthly assistance payment. A new policy also has been instituted requiring applicants to provide documentary evidence of child eligibility by birth or baptismal certificate or hospital record.

Fraud detection efforts have been stepped up, and 130 of 205 suspected cases have been referred to local prosecutors or grand juries. PWD REORGANIZED

A far-reaching reshuffling of Parks and Wildlife Department divisions was ordered by new Executive Director Clayton T. Garrison.

Garrison named six new directors to head statewide divisions under a new structure.

The new directors are James E. Dickinson, 30, finance; Stetson G. Reed, 39, law enforcement; Robert J. Kemp Jr., 46, fish and wildlife; Paul E. Schlimper, 32, parks; Clayton G. Rutter, 38, engineering; and Bobby E. Bradley, 37, administration. Richard A. McCune will remain as director of information and education.

Garrison said the reorgani-

zation is a "move to get back to the basic responsibilities of the department." Each of the six new divisions will be the head quarters unit for administration of all field activities. PWD personnel will report to appropriate directors and divisions in Austin.

### HIGHWAY CONTEST FINALISTS NAMED

Five State Highway Department foremen and construction supervisors are finalists for this year's Lady Bird Johnson award for highway beautification work.

They are Milton C. Campbell of Ralls, Cullen Luttrell of Sonora, Herbert H. Smith of Rusk, Melvin E. Bayless of LaGrange, and Rinaldo Rivera of Falfurrias.

Mrs. Johnson will make the awards October 11 at the Lyndon B. Johnson State Park near Stonewall. First-place winner will receive a cash award of \$1,000, and the runnerup will get \$500. An additional award of \$500 will go the newspaper writer who does the best job on highway beautification coverage, and an identical prize will go the best radio-television effort in the field.

OFFICERS CREDITED  
Additional auto insurance reductions may result from intensive law enforcement efforts that curb accidents, Southwestern Insurance Information Service said recently.

On the other hand, if enforcement efforts slacken and accident frequency rises, benefits of the recent 11 per cent rate cut (effective September 1) will be lost, the association said.

Police chiefs and sheriffs received a special commendation from the insurance group for efforts to reduce accidents last year--and a request that they continue to concentrate on speeders, drunk drivers, and those without proper licenses.

HIRING COMPLAINTS AIRED  
Texas state agencies were warned they don't have enough minority group employees.

Dr. Luther Holcomb, Federal Equal Employment Opportunities Commission vice chairman, briefed the agencies on legislation making state governments subject to anti-discrimination regulations.

Six of the state agencies already face hiring complaints under the new law. Practitioners found discriminatory include asking of questions (a) job applications about race, religion, or arrest record, use of standardized tests, requirement of a high school diploma and insisting on photographs of job applicants.

**PAY RAISES SOUGHT**  
Gov. Preston Smith and Sen. John Tower are pressing the federal pay board to approve 6.8 per cent pay raises for state employees September 1 as voted by the

Legislature.  
The pay board voted to retain a 5.5 per cent ceiling on raises, but Smith and Tower claim an exemption for the 67,000 state employees under the "catch-up" pro-

vision.

### Wheat Allotment Notice Mailed

Notices of 1973 wheat allotments and an official explanation of the 1973 wheat set-aside program have been mailed to producers in Gray County on August 14, as announced by Miss Evelyn Mason, County Executive Director, Gray County ASCS.

All participants will set aside an acreage equal to 86 percent of their farm domestic allotment, will earn wheat certificates payment based on the domestic allotment, and will be eligible for C-C loans on wheat grown on participating farms.

An additional set-aside option also is offered, Miss Mason said. Based on the 1972 wheat acreage, producers may set aside an additional acreage up to 150% of their domestic wheat allotment in return for a payment of 88 cents a bushel times established yield times acres of the additional set-aside.

A producer who accepts the additional set-aside also agrees to limit his production of 1973 wheat. The limitation is determined by the formula: 1972 winter wheat planted acreage on the farm plus any 1972 additional set-aside, minus the 1973 additional set-aside.

The time a wheat producer can go two ways. (1) Maintain the required set-aside and conserving base acreage with no limit on his wheat acres for harvest, or (2) Maintain required set-aside, a additional set-aside, and conserving base acreage and limit his wheat acres. He can check with the ASCS office for full details.

A number of important items are covered in the leaflet sent with the allotment notices, including a remind that the 1973 is the year when a farmer who did not plant a program crop during the past two years can lose his allotment if he fails to plant for the third time. This is true unless the allotment is protected by substituting feed grain for wheat for the farm or by protection under the Cropland Adjustment program on the expired Conservation reserve program.

Substitution is permitted in 1973. Soybeans, corn, grain sorghum, barley, all may be substituted for wheat. Set-aside acres—both the minimum or the additional acreage—must be of the same productivity and average quality as the other cropland on the farm.

Producers may ask for set-aside inspection and measurement service from the county ASCS office in order to assure themselves well ahead that set-aside land is acceptable. This service is offered at cost.

Allotment notices to wheat producers are sent several months before sign-up, at which time farmers give official notice of their intent to participate in the set-aside program and designate their set-aside acreage. The official sign-up period has not yet been announced.

### August Is Sandwich Month

August is Sandwich month, and Cindy Gray, the Texas Parks and Wildlife Department's seafood home economist, says this should give homemakers an opportunity to add a little flair to sandwich fare—with fish.

"The old sandwich stands are great," says Miss Gray, "but they suffer pitifully from overuse."

That's no bologna. Below is a tasty alternative to the sandwich grind called the "Night Cap Special" which should breathe new life into sandwich eating. It is a tantalizing concoction of flaked fish, mushrooms and eggs scrambled together and accented with a crimson touch of pimento. It's great for a bedtime snack or for a main course.

Many other delicious seafood recipes are available at no cost and can be obtained from "Seafood Recipes," Texas Parks and Wildlife Department, John H. Reagan Building, Austin, Texas 787-01.

- NITE CAP SPECIAL**
- 1/2 pound fresh fish fillets
  - 2 cups boiling water
  - 1 1/2 teaspoons salt
  - 1 can (2 ounces) mushroom stems and pieces drained and chopped
  - 3 tablespoons pimento, chopped
  - 2 tablespoons onion, chopped
  - 6 eggs, beaten
  - 3 tablespoons milk
  - 1/2 teaspoon salt
  - Dash white pepper
  - 12 slices buttered rye bread
  - Sweet pickles
  - 3 tablespoons butter or margarine, melted

Place fillets in boiling, salted water. Cover and return to the boiling point. Reduce heat and simmer for 12 minutes or until fish flakes easily when tested with a fork. Drain. Remove skin and bones and flake.

Cook mushrooms, pimento, and onion in butter in a 10-inch fry pan until tender. Combine egg, milk, salt, pepper, and fish. Add to cooked vegetables and cook until eggs are firm, stirring occasionally. Spread six slices of bread with fish-egg mixture. Cover with remaining six slices of bread. Serve with sweet pickles. Make six servings.

### Pastors Term Crusade A Success

By Mike Haynes

Seeing the west stands of  
 the local football stadium  
 holding a large crowd, a  
 person driving along McLean's  
 northernmost street easily  
 could assume that the high  
 school pigskin season is upon  
 us.

Such was not the case from  
 July 30 through August 3,  
 however, when the "Hold  
 that line's" were replaced by  
 equally strong "Amen's" and  
 "Hallelujah's".

The transformation of  
 Duncan field from gridiron  
 to sanctuary was the highlight  
 of the McLean Evangelistic  
 Crusade, the most extensive  
 interdenominational effort  
 ever put together by the  
 city's churches.

Cooperation was the name  
 of the game as all but one  
 of the local churches took  
 active parts in sponsoring the  
 crusade for Christ. Commu-  
 nities from every sponsoring  
 church working together  
 with the idea that we all  
 really are reading that same  
 black book.

The five evening services  
 averaged over 375 persons.  
 This included from 30 to  
 40 in the choir every night  
 and other citizens serving as

ushers and counselors.

Helping to conduct the  
 services throughout the week  
 were four local pastors: Rev.  
 Herman Bell, Baptist; Rev.  
 Bob Brown, Methodist; Rev.  
 Forest Lawson, Pentecostal  
 Holiness; and Rev. Z.A.  
 Myers, Assembly of God.

In addition to the evening  
 services, early-morning  
 sessions at the Methodist  
 church and mid-morning  
 sessions at the Baptist church  
 were well-attended. Also,  
 every sponsoring church got  
 chances to show off its ladies  
 cooking to the visiting evan-  
 gelists.

People in the McLean area  
 who don't know who the  
 visitors were simply don't  
 take the paper or read their  
 mail, because the crusade  
 was heavily advertised.

But many did hear the  
 preaching of Truman Skaggs  
 of Phoenix, Arizona, and  
 the music of Don and Mona  
 Kinder, husband and wife  
 team from Midland.

The three leaders kept  
 people's eyes directed toward  
 the specially-built platform,  
 despite distracting photo-  
 graphers and the frequent  
 gliding of birds over the  
 field.

It would be hard to believe  
 that hearts were not warmed  
 by the resonant singing of  
 Mona Kinder, the spirited  
 sermons of Rev. Skaggs, and

ROBERT BROWN, Methodist pastor, opens the first of five  
 nightly services at the McLean Evangelistic Crusade.

the crowd participation in-  
 duced by songleader Don  
 Kinder.

Also providing music each  
 night were several groups  
 and soloists from local and  
 area churches.

All of the sponsoring min-  
 isters termed the crusade a  
 great success, and certainly  
 it was the dominant thought  
 on many McLeanite's minds  
 for at least a week.

This writer's editorial:  
 An often-expressed phrase  
 defined the crusade as "just  
 a beginning." One could  
 give several meanings to  
 that phrase. Was it the be-  
 ginning of a series of such  
 evangelistic events? Was it  
 the beginning of new dedica-  
 tion of individuals? Or was  
 it the beginning of going back  
 to the same old selfish ways  
 to which most of us have  
 become accustomed?

DON KINDER leads about 375  
 persons in singing hymns at the  
 McLean Evangelistic Crusade.

## NOTICE

The City of McLean would like to  
 ask the cooperation of everyone in  
 keeping the alleys open in both the  
 residential and business sections.

WHEN AN ALLEY IS BLOCKED, IT CAUSES A LOT  
 OF INCONVENIENCES, AS WELL AS BEING A HAZARD.  
 IF YOUR HOUSE WAS ON FIRE, YOU WOULD NOT  
 WANT THE FIRE TRUCKS TO HAVE TO CIRCLE THE  
 BLOCK TO GET TO IT, AND THIS COULD HAPPEN!  
 ALSO THERE ARE TIMES WHEN THE PACKER TRUCK  
 IS UNABLE TO GET THROUGH TO PICKUP YOUR  
 TRASH.

Won't you please help us to  
 keep all alleys and streets open?

Thank you!

 It is of course, almost im-  
 possible to tell all the acts of  
 terror and torture that has been  
 thrown at me during the last  
 twenty years, but I thought,  
 perhaps, you would like to  
 know some of the cruel de-  
 tails carried out against me  
 that have made many another  
 person in similar situation  
 commit suicide.

The only time I really  
 thought of taking my life, was  
 one night when I heard two or  
 three men on the roof of my  
 back porch just above me. I  
 had gone to bed, I had been  
 in the attic of my house many  
 times and knew there were at  
 least twice as many electric  
 wires as were needed for the  
 lights. I had no way to prove  
 it, but I was sure these were  
 connected with microphones.  
 There was a cluster of wires  
 inside the attic just about 15  
 inches from the corner of the  
 porch. I heard these men rip  
 open the tar papers and heard  
 their hands patting the board  
 almost directly above me.,  
 The movements of their hands  
 against the dry boards seemed  
 frantic. I wasn't exactly a-  
 fraid of them because I fi-  
 gured if they went into the  
 attic and then came down in-  
 to my living quarters, I could  
 get out of the house before  
 they caught me. But where  
 could I go? I did not feel  
 there was a neighbor to whom  
 I could go for real help. There  
 was not a place in my home  
 town where I felt I could go  
 spend the night. I was terri-  
 fied. To myself, almost with-  
 out knowing it, I was saying,  
 "I can't stand this. I have to  
 take my life." And then, as  
 if someone much stronger than  
 I said: "That's exactly what  
 they want you to do. . . I  
 knew then that my subcon-  
 scious mind was right, and I  
 made up my mind to fight  
 it through.

# UPTIGHT

The doctor tells you your blood pressure is up. Slow down, he says. Relax.

Let's face it. If you're "uptight" there ARE things to do about it. Follow your doctor's orders, yes. Take a deep breath, and look at the beauty of the world around you. Help other people with their problems.

But add one extra little prescription. Go to church. Just sit there and let God's peace engulf your anxiety.

Chances are that when you walk out the door something new will have been added to your dimension in living.
