Mrs. Graham Purcell Presents Books To McLean Lovett Memorial Library

Nancy Attebury Purcell, wife of Congressman Graham Purcell, visited in McLean, on Monday, October 9, and presented two books to Mr. Guy Beasley for placing in the Lovett Memorial Library.

Mrs. Purcell pointed out that the books chosen, "We The People" and "Mount Vernon", are particularly useful for every citizen to read and see vividly portrayed some of our richest heritage and how our nation's capitol serves all of us.

She described "We The People" as portraying the capitol where, "Graham has spent most of his time during the past eleven years".

Mount Vernon is an illustrated handbook on the beautiful estate of our nation's first president, George Washington. When Congress is in session, the Purcells live in

an area which was once a part of President Washington's farm. When friends visit from Texas, they enjoy taking them throughout the area. The buildings and monuments in Washington are beautiful and lovely gardens and flowers abound. They travel daily on the George Washington Parkway, a scenic drive along the Potomac River.

"These books were chosen because the topics are very near and dear to the Purcell family. Graham works at the capitol and we live at Mount Vernon", Mrs. Purcell stated. "Graham and I want all of you to come see us and let us give you the Purcell tour of these historic places", she concluded.

Preceding the presentation a reception was held in the home of Clyde Magee for Mrs. Purcell.

Gray Co. SWCD Elect Director

Ralph McLaughlin was elected as Director of Zone 4 of the Gray County Soil and Water Conservation District in an election held Oct. 9, at the Gray County Court-house annex. He is replacing Sam Bowers who had served as Director of Zone 4 for the past five years.

Ralph McLaughlin is involved in farming and ranching operations northeast of Lakeston in Gray County.

In a board meeting following the election the following were elected as officers of the Gray County SWCD for the up-coming year; Curtis Schaffer-Chairman; Robert Sallor-Vice Chairman; and Milton Carpenter-Secretary. The other two members of the Board are Tony R. Smith-erman and Ralph McLaughlin.

McLean Has 2nd Win Of Season

Valley High's record remained intact here Friday as the Patriots absorbed the fourth loss in as many games on the board in falling to McLean, 25-2.

A tight first half, in which only McLean managed to break the standoff with a 3-yard rush by Gary Griffin, matured in the third quarter, as the visiting Tigers pushed two more TDs across to ice the victory.

Scoring in that quarter was once again Gary Griffin on a 5-yard run and Ricky Kennedy, who recovered the ball in the end zone.

Valley High's lone score came on a safety in the third period.

The contest, the first District 2-A match for both teams, thus insures McLean a tie for the top spot going into next week's action. McLean is now 2-2.

They will play Memphis here.

STATE REP. PHIL CATES

Phil Cates To Visit McLean Friday

Phil Cates, Democratic candidate for re-election to the State Legislature, will be in McLean on Friday, October 20 at 10 a.m.

Cates, and a bus load of his supporters will arrive at 10 a.m. in front of the American National Bank. There will be singing by a group of teenagers and a talk by Cates. Their bus will pull out at 10:45.

Cates would like for the people of McLean and this area to come and see and hear him and visit with him.

Soon the people of the 66th Legislative District will go to the polls to indicate their choice of the man to represent them in Austin and Cates would like for you to hear his view on this how he can represent this district in Austin.

Plainview Farmers Say USDA Misled Cotton Farmers

Plainview farmer Frank Moore says cotton farmers were misled by the U.S. Department of Agriculture last spring when they were advised to plant more cotton. "The farmers followed recommendations of the USDA in the spring of this year and increased their acres of cotton considerably. Now they are blessed with a bumper crop but cursed by low prices. And after this recommendation had been followed by farmers, the Nixon administration is doing nothing to relieve the disastrous price situation." The price on some cotton has dropped to 12 cents per pound since the record crop was announced.

Moore is co-chairman of Rural Texans for McGovern Shriver. He said, "I see where Red Woodsom, Farm Bureau President, is trying to talk Secretary Butz into authorizing a price support program for cotton seed. Not only is the price for cotton very low this year, but also, the price on seed is way down. Texas farmers are only receiving 52.6 per cent parity on their cotton seed. This is a particularly harsh blow because of the low price of fiber this year."

Moore said he thought farmers would be less likely to listen to the USDA in the future in light of the bad advice given on cotton and because of the wheat scandal. "They will certainly not want to listen to anyone in the Nixon administration for advice on their farms," Moore concluded.

Today's newspaper is a friend of the family, guide and personal counselor, employment service, marketplace of ideas and commodities, source of news and information, stimulator of thought and opinion, and a great deal more.

Helps Shrink Swelling Of Hemorrhoidal Issues

Caused by inflammation, doctors have found a medication that in many cases gives prompt, temporary relief from the burning and itching in hemorrhoidal tissues. Then it actually shrinks swelling of these tissues caused by inflammation. The answer is Preparation H. A prescription is needed for Preparation H Ointment or suppositories.

V.F.W., Auxiliary To Sponsor Democracy Program

The V.F.W. and Auxiliary is sponsoring: "A Voice of Democracy Program." It is a national broadcast scriptwriting program designed to give high school students the opportunity to voice their opinions on a patriotic theme and to convey their thought via the broadcasting media to all America. All 10th, 11th, and 12th grade students in public parochial and private schools in the United States, its possessions and territories, and in overseas for dependents of military and civilian personnel except exchange students are eligible.

The Theme is "My Responsibility to Freedom." Each state winner is provided with a five-day all expense paid trip to Washington, D.C., plus the opportunity to

compete for national scholarships totaling \$22,500; 1st place--\$10,000; 2nd place --\$5,000; 3rd place--\$3,500; 4th place--\$2,500; 5th place --\$1,500;

The winners of the McLean students will receive a trophy and awards from the local Post and Auxiliary. The winners tape will be sent to district. The district winner will be judged at state. The winner at state will go to Washington, D.C. Sponsors of the program are the Veterans of Foreign Wars of the United States and its Ladies Auxiliary with the cooperation of the national and state associations of broadcasting. For rules check with school officials or the Post Committeeman, Dick Everett.

The Deadline for completion of school and community programs is December 15, 1972. All tapes and entry forms for District Judging must be in the possession of the V.F.W., District Chairmen prior to the date of the District Judging.

The local post will record the scripts on tape. They must be not less than three minutes nor longer than five minutes. The post would like to get this completed before the deadline as there

is quite a bit of work in taping and in judging them. Students get your entries started now.

DON'T TAKE RURAL TEXANS FOR A RIDE... AND DON'T TAKE US FOR GRANTED.

HERE'S WHAT NIXON IS DOING TO RURAL AMERICA

WHEAT SCANDAL - Giant wheat exporters made huge profits at the expense of individual wheat farmers, many in Texas, on Soviet trade.

TAXES - Wall Street Journal says federal laws favor the corporation or investor who farms on the side for a tax write-off.

FARM ISSUES - Under Nixon, parity dropped the lowest since 1933. Nixon held up payments of nearly \$400 million for feed grains in 1970, forcing farmers to borrow at highest interest rates in history.

CONGLOMERATE SCANDALS - Big Business first, the public second - that's the Republican philosophy. Anti-trust suit against ITT dropped at the same time ITT pledged \$400,000 to finance Republican Convention.

Harry S. Truman said, 'The Republicans admire our government so much they want to buy it.'

Let's face it. The Republicans just haven't changed much since the days of our grandfathers. They still favor Big Business over the average working man and woman. And while they're taking us for a ride, they keep telling us what a 'dangerous radical' Senator McGovern is.

That's what they said about Harry S. Truman.

HERE'S WHAT McGOVERN IS DOING FOR RURAL AMERICA

HIS STANDING - George McGovern has been elected time and again as a Democrat from a Republican farm state... because they know where he stands.

TAXES - His tax proposal would end the loopholes for tax-loss farming by giant corporations and the wealthy individuals who compete unfairly with family farmers. McGovern's proposal calls for the same tax on capital gains as on earnings.

FARM ISSUES - He sponsored and co-sponsored: Meat Import Limitation Law; Dairy Import Act; Wheat, Feed Grain, and Soybean Emergency Reserve Bill; Rural Development, Rural Job Development, and Rural Telephone Acts; Farm Credit Act; and other pieces of important legislation.

HIS BELIEFS - George McGovern knows that the answers to many of our most pressing problems in America today can be found by developing genuine opportunities for everyone in our small towns and rural areas throughout the country.

Let's not be taken for granted by the Nixon Republicans. Rural America has always fared best under a Democratic administration. If you want to stand up and do something good for rural America, the answer is to help put a Democrat in the White House. We need George McGovern... and George McGovern needs us.

TEXAS PRESS ASSOCIATION

Ten members of a 12-member jury can decide civil cases under new rules of civil litigation procedures adopted last week by the State Supreme Court.

Unanimous verdicts are now required of juries, and the change is regarded as one of the most far-reaching in many years.

An effort in the last Legislature to authorize 10-2 jury verdicts fell under weight of defense attorney opposition.

Retiring Supreme Court Chief Justice Robert W. Calvert called the revised rules "The greatest reform measure during my term (22 years) on the court."

Rules deal with appeal motions, depositions, evidence discovery motions, and other matters.

Calvert said changes would do away with some elements of adversary system and open up evidence. Rules will take effect Feb. 1, 1973.

Unanimous verdicts still will be required in criminal cases, but in civil litigation 10 or more jurors can decide a case. Five-to-one verdicts will be permitted in municipal, justice of peace and county courts at law where six-man juries now decide cases.

Some attorneys said the key rules change would eliminate hung juries in civil cases, speed up trials and ease the backlog of civil cases jamming metropolitan courts. Others said the changes in discovery of evidence will reduce the number of actual trials. The latter change will allow all parties to a case to see what both sides have as evidence.

Another change would allow the State Supreme Court to reverse or modify a lower court finding or entering a new decision without awaiting formal arguments of contesting parties.

AGENDA GROWS AND GROWS
Gov. Preston Smith continued to open the special session call to new subject matter before any final action was taken on competitive insurance rates or gubernatorial fiscal powers.

Last Tuesday he dropped 16 more bill proposals on lawmakers for attention in a session due to wind up October 17. Among them were the following:

An \$8 million appropriation for a Fort Worth school for the mentally retarded, changing hunting and fishing license fees, allowing bond financing of voting machines in counties over one million population, allowing subdivisions to issue bonds for air control facilities and lease the facilities to private interests, amend-

ing retirement statutes to allow credit for certain military, state employment and judicial services, allowing the State Board of Control to make purchases for political subdivisions and defining "child" under juvenile court procedures as one over 10 and under 17 years of age.

Key legislators began to question whether the variety of subjects permitted to focus of legislative and public attention on insurance reform which Smith claimed he wanted.

SUPERPORT COMING

Texas may be getting a new offloading terminal for supertankers whether the Legislature approves a state commission to plan and construct one or not.

Oil company spokesman told a joint House-Senate committee they propose to have their own facility (Known as "seadock") operative by 1975 or 1976 and feel there is no need for a state expenditure.

A bill submitted by Governor Smith to create a state authority to formulate plans for the offshore terminal won support of many witnesses claimed a vital segment of the Texas economy depends on a superport's being constructed along the coast.

A governor's office report said marine transportation and deep water ports are essential to maintaining the state's maritime trade.

VOTER REGISTRATION HIGH
Voter registration for the November 7 general election ended at midnight Saturday, with indications the total number of Texans eligible may reach a record 4.8 million.

At that, however, the total percentage of eligible voting age Texans may be less than 1968 and 1970. There are now about 7.5 million Texans of voting age. The expected 4.5 million to 4.8 million sign-up would represent a 60 per cent showing. A 4 million registration in 1968 and a 4.1 million figure in 1970 amounted to about 64 per cent of the eligible population.

An estimated 660,000 voters have been to rolls since the voting age was

handed down more than 100 rulings as it opened its new term last week. Among them were the following:

SOIL DISTRICT ELECTION
 Ralph McLaughlin of Laketon was recently elected to replace Sam Bowers as director of Sub Div. No. 4 of the Gray County Soil and Water Conservation District. The election was held in Pampa on October 9th in the meeting room of the agriculture building. Milton Carpenter and Tony Smitherman, both directors from the McLean area were present for the election. Joe White, Gifford Hill Western gave a short talk on conservation.

FARM BUREAU MEETING
 Several McLean residents were present for the County Farm Bureau policy development annual county convention held in the First Christian Church fellowship hall last Saturday night, Oct. 7th. Several well thought out resolutions were presented and past.

One of those registered a strong position against compulsory Soil and Water Conservation.

PRAIRIE DOGS
 We are having more calls every day on methods of controlling prairie dogs. They are very much on the increase. Rice's Feed Store at Pampa has on order some poison oat

About three weeks after the first frost pre bait your prairie dog town with untested good palatable oats. About three days after they have cleaned up the last of the good oats place about a tablespoon of the treated oats around each den. In about a week you should be able to tell whether your kill is satisfactory or not. Now I'm going to tell you how to keep down and further invasions if you happen to get a 100 percent kill. Take a heavy duty blade on the back of your tractor and knock down all the mounds and fill in the holes. Soon after the first hard rain go over the town again and repeat this step. Then reseed over every place where the soil has been disturbed. An old dog town is an open invitation to wandering prairie dogs that find the population too thick where they came from. I realize you aren't going to follow up on this one. Most people don't, but you will have another infestation soon if you don't. Drip gasoline is an excellent follow up method of getting those few hard to get dogs.

WEATHER
 We have experienced a very dry end of August and September. Two weeks of October is now gone and still no moisture. It sure would be nice to get about two inches of that rain we received last fall about now. A good rain would create an excellent wheat pasture year. Without the rain soon prospect look dim.

Tops Club Meets In Smith Home

By Lucille Cullison, Reporter

The Derby Town Tops club met in the home of Cheryl Smith for their regular meeting on Monday at 6:30 p.m.

Cheryl Smith, leader weighed in the members and recorded the weight chart and called the roll with members answering with their weight loss or gain.

Cheryl presided over the meeting and urged members to count their calories and not eat between meals and continue their exercises.

Names were drawn by members for their new secret pals. Each one is to call or send a card to their secret pal each week. If they do not contact their secret pal, they will be asked to stand and explain why they did not call or write their secret pal.

Evelyn Hunt is the weekly queen for having the most weight loss and she received the fruit basket.

Plans were made by members for the Halloween Booth the Tops Club will have at the Halloween Carnival to be held on Oct. 31, at McLean High School.

Members present were Cheryl Smith, Pearl Dickinson, Viola Glass, Muriel Moore, Evelyn Hunt, Lucille Cullison, Mary Lou Glass and Nola Crisp and Lucille Glass came and weighed in.

The welcome mat is out for ladies needing to lose weight to come join our club.

Dr. Joseph C. Scholar was elevated to director of Texas Research Institute of Mental Sciences, Houston. Atty. Gen Crawford Martin told the State Highway Commission it can go

ahead with construction of its controversial new state headquarters building on a site near the Capitol. In other new opinions, Martin held: More stringent Texas laws

McLean To Have Halloween Carnival - Coronation

For the first time in many years McLean is planning a Harvest Carnival and a Harvest Queen coronation, under the leadership of the Mother's Inc., Club.

The Harvest Queen Coronation will be held at 6:30 p.m. at the High School Auditorium, on Tuesday, Oct. 31, at 6:15 preceding the coronation there will be a contest to decide who has the most original costume. This contest will be for pre-school to 6th grade. First, second, and third prizes will be given.

Following the coronation there will be a Halloween carnival at the school gym, beginning at 7 p.m.

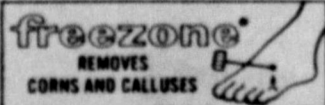

Those who plan to participate in the costume contest are asked to please be at the auditorium by 6 p.m.

The Mother's Inc., needs your support, help and membership. All mothers are welcome. The proceeds from this project will go towards purchasing air conditioning for the grade school, Jr. high and high schools.

Squirrel Season Coming Up Soon

Oct. 1 is going to be an unpopular date for squirrels. That is the date that the hunting season on squirrels opens in many Texas counties.

In other counties squirrels have a reprieve until Oct. 15.

Hunters are advised to check the Texas Parks and Wildlife Department's "Texas Hunting and Fishing Guide" to get information on the county in which they went to hunt.

Question and Answers Of Interest About McLean Schools

Question: What is the procedure used for selection of: Mr. and Miss M.H.S., most popular, most courteous, most handsome, most beautiful, football queen, band king and queen, best all-around boy and girl, best citizen, and senior boy and girl leader?

Answer: Each class selects a person from their own class for each of these categories: Most popular, most courteous, most handsome, and most beautiful. Mr. and Miss M.H.S. are selected by popular vote of the entire student body. The football queen is selected by popular vote of the football players. Band king and queen are selected by popular vote of the band members. Best all-around boy and girl, best citizen, and senior boy and girl leader are selected by secret vote of the faculty members.

Question: Why aren't the results known immediately the same as the cheerleader and foretette tryouts?

Answer: The results from the selection of Mr. and Miss M.H.S., most popular, most courteous, most handsome, most beautiful, and band king and queen are revealed as soon as the votes have been counted. Football queen is traditionally announced at the football game. Best all-around boy and girl, best citizen, and senior boy and girl leader are selected by the faculty just before the awards assembly at the end of the school year and are announced at that awards assembly.

Question: How many students are there in the band?

Answer: There are 42 high school band members. This number is augmented by 15 eighth graders who march with them at football games.

Question: When will the new band uniforms be here?

Answer: The uniforms should be delivered on or before the 29th of October, 1972. Sixty band uniforms will be included in the delivery.

Question: What will the new band uniforms cost?

Answer: The cost for each item of the uniform is as follows: hat-\$11.15; plume-3.15; coat-47.15; shield-8.05; trousers-20.50; belt-2.25; shoulder cords-2.75. The total cost of one complete uniform is \$95.00. Total cost for the entire 60 uniforms will be \$5700.

Question: If we have 57 people in the marching band, why do we order 60 uniforms?

Answer: The Instrumentalist Company, in 1966, initiated a study of band uniforms. It was their finding that about 12% of the uniforms owned by a band should be held in reserve each year to insure good uniforms and proper fits for the students from year to year. Also, there is also the possibility that one or two new students may move to McLean during the school year and join the band. We would need to have uniforms available for these students.

Question: Why is the eighth grade included in the high school band this year?

Answer: The eighth graders are not actually included in the high school band. They are marching at the football games with the high school band because if they did not, there would not be enough people to present a good half time show. An extremely small band is

handicapped to some extent as to what they can do on the field as far as the music they can play. Since many of the high school band members play on the varsity football team, there would not be enough people left to present a good performance. Thus, the eight graders are helping to fill out the band. They do not go to contest or have class with the high school band.

Annuals To Be Delivered In July

Our Annual has been missing a great deal over the years. Why? In order to receive the annual by the last week of school (or usual date) it has to go to press by the close of February. This is long before many of our important activities take place.

All the field events, all the UIL events, the One-Act play, the Junior-Senior Banquet are left out. An annual is supposed to be a record of the year. If the annual is sent in later, and is received sometime in July, instead of May, all these events could be included.

The annual Staff became concerned about this, and thought it should be left up to the students to decide on a date-line, the student body voted overwhelmingly for the July delivery date (112 for, 8 against, and 8 neutral). They would like to have an Annual this year with a complete record of McLean High School activities.

This means more work on the Annual Staff, work which they accept gladly. The Annual Staff wishes to have a "signing party" and get-together when the Annuals are delivered. In this way, "school-daze" would not be interrupted and a good time can be had by all, in addition of having a record of all the school-year.

So, the 1973 annual will be delivered on or soon after the 25th of July.

Public Hunt Drawing Oct. 27

Over 2,000 deer, turkey and quail hunters will have a chance to hunt on the Texas Parks and Wildlife Department's wildlife management areas this year.

Prospective hunters will have until 5 p.m. Oct. 24, to return completed public hunt application forms to the department's Austin offices.

A public drawing will be held at 10:00 a.m. Oct. 27 in the John H. Reagan Building, Austin.

The permits will be necessary to hunt quail, deer and turkey on the Gene Howe area; quail on the Matador area; deer on the Kerr, Sierra Diablo, Engeling and Ste-

phen F. Austin Areas; deer and javelins on the Chaparral Area.

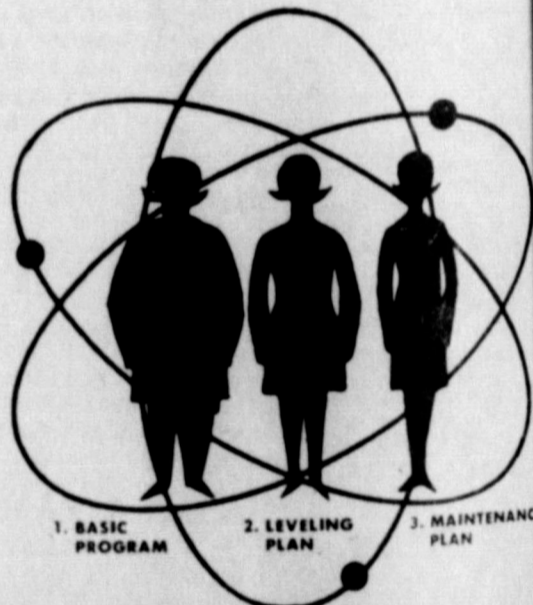

Quail may be hunted the Chaparral and Black areas by simply checking at the area headquarters the days of the hunt.

The Black Gap Area will be open to quail hunting Nov. 15-22 and the Chaparral will be open Nov. 1, Dec. 2-3, 1972, Jan. 1 and Jan. 27-28, 1973.

Hunters whose names drawn last year will not be eligible this year unless permits quotas go unfilled.

One of the last year's popular areas, the Black area, will be closed to hunting this fall.

Hunters selected in the Oct. 27 drawing will be notified by the department during the first week of October.
