RUNNING OVER: Water pours down the new lake McClellan dam spillway after rains produced enough runoff to fill the lake to capacity for the first time in years. Water ran over the dam for several days, ending early last week. But the lake level still stands right at the top of the spillway,

keeping McClellan the favorite recreation spot in this area. Several hundred persons were on hand at the lake over the long Independence Day weekend for fishing, swimming, water-skiing and picnicking. (McLean News Photo)

New Field House Is Planned at Stadium

EXPECTED TO BE COMPLETED BY SEPTEMBER

A contract for the construction of a new field house at Duncan Stadium has been awarded by the McLean board of education.

Since changes in the proposed building are still being made, no final figures on the cost of construction have been released.

Some \$15,000 is available for the project.

Supt. Jack Riley said Wednesday the old field house, located at the south end of the stadium, will be moved—probably this week—and the new building erected in the same location.

Contractors for the structure will be Kenneth Hambright and Hersell Smith of McLean.

100 by 30 Feet

The new building, designed by Architect Gene Hollar of Pampa, will be approximately 100 feet long by 30 feet wide. It will be of concrete block construction.

A concession stand is to be built at each end of the field house—a large one on the west, or home side, and a smaller one on the east.

As presently planned, no public restrooms will be included in the building. These are to be added later.

Dressing rooms, showers and equipment storage rooms for high school and junior high athletes and a coach's office are included in the plans.

Riley said that construction will begin within the next few days, and the building should be completed before the start of school this fall.

Teacher Resigns

The board of education decided to erect the new field house after a fire last spring badly damaged the old building. Because of the condition of the building, a former Army barracks, the board felt it unwise to spend any money for repairs.

Supt. Riley announced this week the resignation of Mrs. Virginia Christie, high school science teacher.

This is the only vacancy thus far to be filled in the faculty of the McLean Schools. All other teachers have indicated they will return for the 1965-66 term.

JOE MAGEE TOP JUDGE

Joe Magee, son of Mr. and Mrs. Clyde Magee, was named the top out-of-state judge at the Junior Nebraska Hereford Association Field Day recently in Hyannis, Neb.

Magee was presented an inscribed trophy for compiling the most points in the judging competition.

Eddie Roder of Yorktown, Texas, placed third among the out-of-state judges.

Faris Hess, owner of the Dr. Hereford Ranch here, was one of the outstanding Hereford breeders on the program for the field day, held at the Monahan Cattle Co.

Jakey Hess, son of Mr. and Mrs. Faris Hess, competed in the adult judging division.

While on the trip, the group from here visited several Hereford herds and observed feeding operations.

McLean Hospital To Close for 2 Weeks

The McLean Hospital will close its doors for two weeks beginning Saturday, Administrator Bill Robertson has announced.

No patients will be admitted to the hospital between Saturday and Monday, July 26.

Native of McLean

Cunningham Dean Of Men at H-SU

Orville W. Cunningham, veteran public school official in the Texas Panhandle and a native of McLean, has been appointed director of student life and dean of men for Hardin-Simmons University in Abilene, Dr. James H. Landes, H-SU president, has announced.

CUNNINGHAM

Cunningham, who has been in the real estate business in Abilene for the past year, was superintendent of the Sannorwood public schools from 1946 to 1964.

He also has been principal at Kellerville one year, was principal, teacher and coach at McLean four years and served as principal of the Liberty Common School three

years.

He graduated from McLean High School, then attended Texas Tech two years. He received his bachelor of science degree from West Texas State University in 1937 and his master's degree from Midwestern University in 1954.

He worked as an estimate engineer for the U.S. War Department early in World War II, then entered the Navy and rose from seaman to lieutenant during the final three years of the war.

He served on a PT tender, repair and ammunition supply ship throughout the Pacific.

He was president of his senior class and president of the student body at West Texas State in 1936-37.

Cunningham is married to the former Ruth Aileen Williams of Elmer, Okla. They have a daughter, Karen Lynette, 15.

His mother, Mrs. R. O. Cunningham, lives east of McLean.

Children's Pictures Will Be Made Here; Appointments Invited

It is an undisputed fact that the responsibilities of tomorrow's world, our nation and community will rest upon the shoulders of the children of today.

Since this is true, the publisher of this newspaper would like to give you a good look at these future "World Builders."

The only way we can do this is by publishing pictures of them in a feature series. To assure the latest and best reproduction pictures they must all be of uniform size and quality.

An expert children's photographer with all the necessary equipment for this specialized work will be here Friday, July 16.

Pictures will be taken at the McLean News office from 10 a.m. to 5 p.m.

No Charge to Parents

There is no charge to the parents. There are absolutely no strings to this invitation. Parents do not have to be subscribers, nor even readers of this newspaper to take advantage of this feature.

Neither are they obligated to purchase pictures after they are taken. Those who want some ad- (See PICTURES, Page 6)

Open Installation Planned by Masons

New officers of the McLean Masonic Lodge will be installed in an open ceremony at 7:30 p.m. Saturday in the lodge hall.

The public is invited to attend and refreshments will be served following the installation ceremony.

Officers to be installed include: John P. Jones, master; Truitt Johnson, senior warder; D. C. Lowary, junior warder; J. W. Meacham, senior deacon; James Hendricks, junior deacon; Jack Hopper, tiler; Johnnie Mertel and Leonard Glass, stewards; Rev. H. F. Dunn, chaplain; John C. Haynes, secretary, and Forrest Hupp, treasurer.

Roy McCracken will be installing marshal and W. W. Boyd the installing officer.

JULY IS DRY AT BEGINNING Cotton Farmers Hope for Sunshine

The month of July has started off dry—much more so than June was—and cotton farmers are hoping the situation will stay the same for a few more weeks.

Rainy June cost the area cotton producers far too much time and money due to planting and replanting of their crops, and they prefer that the young cotton stalks get lots of sunshine and less moisture for a time.

A light shower amounting to .96 inch fell here on Saturday—the only moisture the city has received this month. The year's total now stands at 16.20 inches—with 11.32 of this coming in June. On this date a year ago McLean had recorded 11.34 inches.

Thermometers have been climbing this week, hitting a high of 100 degrees on Tuesday. The low was 64 degrees on Sunday, Independence Day.

Just Between Us

Oklahoma's Turnpike Authority has erected a couple of huge signs that are causing quite a controversy in our neighboring state.

And we Texans along Highway 46-Interstate 40 should roll up our sleeves and join in.

The Turnpike Authority can't be blamed for attempting to attract more business, but when it does so with misleading advertising that can hurt established tourist accommodations along a free highway independent business people have every right to get the situation corrected.

The signs in question are located southwest of Tulsa on the Turner Turnpike and near Miami on the Will Rogers Turnpike.

They read: "Stay on Bailey Turnpike—Best Route to California or Mexico via Texas" and "Ask for Map at Exit."

As people who have traveled to the West Coast know, the best route to California is Highway 66, or Interstate 40, which passes through McLean.

Tourists taking the turnpike route through Oklahoma end up on two-lane Highways 287 or 70 when they travel through the Texas Panhandle, instead of on four-lane Highway 66.

Not only does Highway 66 offer more four-lane road—800 miles of it west of Oklahoma City, in fact—but it also is the shortest route to California.

The U.S. Highway 66 Association of Oklahoma has scheduled a meeting in Elk City this afternoon to discuss the matter, and to determine what action can be taken to get the signs removed or re-worded. Lyle Overman, association president, has written Oklahoma Gov. Henry Bellmon to complain about the signs and ask him to "correct any inaccuracy in advertising that might exist."

A card came in the weekend (See JBU, Page 6)

LEGION OFFICERS: Grant Hanna (left), 18th District American Legion commander from Hereford, presents the McLean post commander's gavel to Bill Holmes at officer installation ceremonies here recently. Holmes assumed the duties of commander of the McLean Legion post. Standing in front at right is Jack Gilbreath of Claude, district adjutant. Other of-

ficers installed were (from left): James Foster, first vice commander; Troy Corbin, second vice commander; Howard Gipson, finance officer; Leroy Blaylock, sergeant-at-arms, and George Terry, service officer. Others taking office, but not shown, were Conald Cunningham, adjutant; Thomas Bailey, child welfare officer, and Curby Morris, chaplain.

Lions Committees Assigned

R. T. Wood was elected second vice president of the McLean Lions Club by acclamation at the club's regular noon luncheon meeting Tuesday in the Methodist Church Fellowship Hall.

Wood was named to the post to succeed E. J. Windom Jr., who was elected second vice president last spring, but has since dropped his membership in the club.

Joe Burroughs, Lions president, said another director also will be

elected by the club at the next meeting.

Two new members of the local civic organization were installed at Tuesday's luncheon.

Jaycees Applauded

Rev. H. F. Dunn, new Methodist Church pastor who transferred his membership here from the Morton Lions Club, and Jack Futrell, owner of Futrell Chevrolet, were installed by Deputy District Gov. John M. Haynes of McLean.

During the meeting the Lions applauded the McLean Junior Chamber of Commerce for its flag display project.

The Jaycees are offering a new service to local business establishments, erecting the United States Flags in front of the businesses on various holidays during the year.

JUBILEE IS SET AT ARENA

McLean's Derby Town Jubilee will move to the Felton Webb Rodeo Arena north of town Saturday, and a full evening of entertainment is planned.

Show-time will be 8 p.m., and admission will be 25 cents for each person.

Offered as door prize is a wash and grease job and a front-end alignment by Jack Futrell Chevrolet of McLean.

In the event of rain, the Jubilee will be moved to the high school auditorium, according to the Junior Chamber of Commerce, which sponsors the shows every other Saturday.

Booked for appearance here Saturday are:

Sylvia Smith and the Western Swingers of Amarillo; Panhandle Ramblers, Pampa; Frankie Rattliff, the Derby Town Jubilee sweetheart from Wheeler; Gene Price, Bakersfield, Calif.; Blue Ridge Ramblers, Pampa; Conald and Craig Cunningham, Buck and Carl Lee Henley and J. A. Endsley, all of McLean; Dennis McKnight, Ballinger; the Dunn Family, Amarillo, and Becky Durning, Skellytown.

MR. AND MRS. CHARLES LEE WOOD

PAMPA CHURCH SCENE OF GROVES-WOOD MARRIAGE

Miss Sylvia Groves, daughter of Mr. and Mrs. Doug Groves of McLean, and Charles Lee Wood, son of Mr. and Mrs. Doc Wood of Pampa, were united in marriage June 18 at 8 p.m. in the St. Vincent de Paul Catholic Church in Pampa.

Father Patrick Burke of the Mother of Mercy Catholic Church in Wellington, performed the ceremony.

Given in marriage by her father the bride chose an ankle-length lace over satin dress. The bodice was encrusted in pearls, and the sleeves came to a petal point over the hands. She carried a bouquet of white daisies centered with pink rosebuds.

Miss Jackie Groves attended her sister as maid-of-honor. She chose a pink, street-length lace dress and wore a corsage of white carnations.

Mr. Carey, organist, and Mrs. Price, violinist, played the traditional wedding music.

Attending the groom as best man was Roger Hedrick of Pampa.

Ushers were Mr. Nelsebroad and Drake Ward, both of Pampa.

Baskets of white gladioli and altar candles formed the setting for the ceremony.

A reception given by the bride's parents was held in the Citizens Bank Hospitality Room, following the ceremony. The table was laid with a white linen cloth and centered with a centerpiece of pink roses, a candelabra and the crystal appointments. Mrs. Veral Lynn Wood and Mrs. Elsie Earles served the guests.

For her wedding trip to Amarillo, the bride chose a white jersey dress and carried her wedding bouquet.

The bride is a graduate of McLean High School.

The groom is a graduate of Pampa High School and is associated with a dental laboratory.

They are now at home in Pampa.

the THINKING man

IN RECENT MONTHS, the term "The Man Who Thinks For Himself" has been extensively used in the field of advertising. The inference is that a man who stops to think for himself will buy a certain product or act in a particular way. And, in the thought there is expressed a basic truth—that there is no virtue in thoughtlessly, blindly, following the crowd.

The greatest men of God have always been THINKING MEN. Abraham, Moses, and others were uncompromising in their attempts to please Jehovah, regardless of the positions taken by others.

The man who truly thinks for himself cannot but respect the God who created both heaven and earth.

"The fool hath said in his heart, There is no God" (Psalms 14:1).

We would urge that you THINK FOR YOURSELF. Do not be intimidated by others. Take a good long, thorough, look; and when you do you will want to be a Christian. For, acceptance of God and obedience to His Word is the real thinking man's way of life.

Most cotton farmers didn't give up. They kept on re-planting until they finally got a stand. One of the most serious hazards

Letter to the Editor

To the Editor:
I just watched a news cast showing pickets with their signs of protest against the war in Vietnam.
Who are these people who are demonstrating and protesting our "policy in Vietnam?" Are they fathers, mothers, wives, brothers, sisters or sweethearts of our servicemen? I doubt that. I think they would carry any sign that someone put in their hands regardless of what it read. I get furious with all these people who try to tell us how we should be running this war. Who is in a better position to know what should or should not be done than the President of the United States? He has more information concerning these things than the exhibitionists with their placards. Certainly he knows more than these "sign carriers."
The recent court-martial of an officer who disobeyed a direct order does not make me feel any less "strongly" about this.
I am the mother of a 17-year-old Marine. I would not tell him not to go because he would be disappointed in me if I did. Does this mean I love him less—not in a million years. Am I a failure as a mother because I taught him not to start a fight but not to run from one if he thought his reasons were right? Am I a failure as a mother because I taught him to be honest, fair and true to himself? These things he has learned and learned well. These things are why he joined the Marines. To fight for what he believes in.
I stand tall and terribly proud to know he cared enough to try to make this a better place to live for the brother, the sister and the mother who wait and pray for his safe return.
Sure I worry—and there are tears shed, but so many more shed only inside because he is my child and now he is in the hands of God.
Dear God, hear my prayer and if it be Thy will, please take care of my son and return him to me when this war is done. If this not be Thy will and You have only "loaned" him to me for this short time—then I will know that he was first a child of God and I will thank You for letting me know him, even for so short a time—for I am richer by far because he was mine to love, care for and watch him grow into a fine young man—one that any mother would be proud to say, "This is my beloved son, in whom I am well pleased."
A Mother

Carlin D'Spain, who is attending school this summer at Abilene Christian College, spent the Independence Day weekend with his parents, Mr. and Mrs. T. C. D'Spain, near Alanreed.

facing the cotton farmer is that caused by both ground and aerial applications of 2,4-D weed killers. With a solid month of rain in June, most farmers have weedy grain sorghum. I see spray planes early and late each day on top. Today (Tuesday) I saw some severely damaged cotton in the Laketon vicinity caused by 2,4-D. It is impossible to estimate the extent of damage to cotton when affected by 2,4-D. One of the most serious ways it affects cotton is by delaying the maturity. It severely stunts the growth. Damage that shows up today was probably done by spraying two to three weeks ago. The leaves take on a very peculiar looking and elongated appearance. They are ragged looking and elongated. Most of the aerial brush spraying is over in the McLean vicinity. Let's hope that people doing ground spraying will follow these rules:
1. Use an Amine type 2,4-D. It will not drift.
2. Use a large nozzle and lower pressure.
3. Spray when there is little or no wind.
4. If possible, spray when the wind is blowing from susceptible crops.
Agricultural chemicals can be a most effective tool in your farming operation. They can be equally as harmful if not used properly.
Henry Lowrance, local gin manager, called to remind me we are to get proper papers signed to gain free cotton classing this fall. We will carry through on this.

NEWS OF CONSERVATION

John Haynes has developed a complete conservation plan on his ranch north of McLean. He plans to construct approximately 20 dams to control water erosion and distribute livestock grazing.

He has several old fields that will be established to desirable native grass. John also plans to spray several acres of sadsage brush.

John said, "Controlling the brush and deferred grazing will give the better grasses a chance to grow."

FILM AND BULLETIN SERVICE

The local Soil Conservation Service has bulletins and films available for all types of civic organizations. The subjects include Wildlife, Recreation, Range Conservation, Soils and Soil Conservation.

Film can be ordered for your use if we are contacted one month in advance. These are a few of the services provided by the Gray County Soil Conservation District in cooperation with the United States Department of Agriculture.

Anyone interested in film or bulletins can come by or call the Soil Conservation Service. The telephone number is listed under U. S. government offices in the Pampa telephone directory.

SCD CARRYALL

The Gray County Soil Conservation District has a two-cubic-yard carryall available for landowners and operators in Gray County. It can be used for leveling fence rows, building ponds or filling gullies.

Curtis Schaffer, district supervisor, said, "I was well pleased with the performance of the carryall when I built a waterway on my farm south of Pampa."

For additional information about the carryall, contact Melba Gassaway, secretary, in the Courthouse Annex east of Pampa.

STATE CAPITAL Highlights AND Sidelights

by Vern Sanford

TEXAS PRESS ASSOCIATION

AUSTIN—(Special)—Water remains very much in the spotlight over the state.

As June ended, cattle were in better than average condition, says the U. S. Department of Agriculture. Pastures and ranges continued to furnish good grazing and rising cattle prices have resulted.

On the High Plains heavy showers boosted range prospects, but grass growth was slowing in many areas because of high temperatures which sapped soil moisture.

In the Trans-Pecos ranges some farmers and ranchers were forced to begin supplemental feeding.

Some farmers have been combating the rain problem by irrigating their crops. A joint study by the USDA, the Texas Water Commission and the State Soil Conservation Board indicates that irrigation in Texas rose significantly from 1968 to 1964. Amount of water used increased nearly one-third, to 12,500 acre-feet or an average of 18 inches per irrigated acre.

Amount of irrigated land increased by about 15 per cent during the six-year period. Much of the gain occurred in the High Plains—in the upper parts of the Canadian, Colorado, Brazos and Red River Basins—but some of it also was in the basins of the Rio Grande and Nueces River.

By next September studies to show how much water will be available in 2020 from Texas reservoirs and ground water strata already in use will be complete.

Then will come the job of finding additional sources to match yields to needs. This will involve searching for new surface water supplies as well as desalination of poor underground water.

When in-basin sources are checked out against the needs of each river basin, the planners expect to find some of the heavy rainfall regions will have more water than they will need, even to 2020, while others will not have enough.

Then the question will be: where to take the surplus? \$100,000,000 SURPLUS—State gov-

ernment will begin the new fiscal biennium with a surplus of nearly \$100,000,000. But it will wind up with a balance of only \$4,200,000, according to estimates of the governor's budget office.

In a recap of legislative spending, Gov. John Connally's staff totaled all appropriations at \$3,700,000,000, of which \$622,900,000 will come from general revenue. (Vetoes by the governor of \$2,500,000 from the spending bills are deducted.)

Figures put state cost of the average \$533 teacher pay raise at \$70,600,000 for the two-year period beginning Sept. 1.

Total new revenue provided by the 59th Legislature will come to \$82,500,000, according to revised figures. Biggest portion of this comes from the three-cents-a-pack increase in the cigaret tax.

AUTO INSURANCE HIKES—Auto liability insurance rates will increase an average of 14.4 per cent on Aug. 1. Rates will vary widely in the 26 rating areas in the state.

However, some coverages will go down in cost, by as much as 17 per cent. These policies are for insurance against losses not connected with accidents—such as fire and theft.

State Board of Insurance says it has carefully reviewed the loss data forming the basis of the rate changes and finds that the new rates will be "adequate and reasonable as required by law."

In another area of insurance, Texas companies have had more than \$15,000,000 worth of claims from hail and storm damage. By this time last year, \$9,000,000 had been paid in such claims. Biggest blow came from the Wichita Falls storm of May 27.

SCHOOL CHECKS TO BE MADE—Texas Education Commissioner J. W. Edgar served notice on local school officials that the Texas Education Agency will check complaints resulting from the Civil Rights Act.

Periodic reviews also will be made by TEA to ascertain whether or not districts receiving federal aid are abiding by non-discrimination rules.

Formal complaints will result in a hearing before Edgar, appealable to the State Board of Education and the courts.

**Earl Eustace Retires
 After 32 Years
 With Phillips Co.**

Phillips Petroleum Co. employes
 honored Earl Eustace with a re-
 tirement party in the Lefors Civic
 Center on Tuesday, June 29.

Eustace has been with the Phil-
 lips company for 32 years, living
 near McLean for a great many
 years.

Mr. and Mrs. Eustace were pre-
 sented a two-piece set of luggage
 at the retirement party.

Table decorations were a large
 bouquet of red carnations, with
 the name "Phillips 66" standing
 upright and a huge cake decorated
 with the Phillips emblem and with
 "Earl Eustace—32 Years."

Coffee and Cokes were served with
 the cake.

Hostesses serving for the occa-
 sion were Meses. George Terry, J.
 D. Taylor, Clyde Chisum, Tom
 Price and Cecil Back.

After refreshments were served
 and those attending recognized, the
 group visited and was entertained
 with music by J. D. Taylor of
 Lefors and Conald Cunningham of
 McLean.

Attending were Messrs. and
 Meses. A. D. Pickett, Clifton
 Shirley, Dale Lewis, Kit Carson,

**Community Fair In
 Pampa July 14-18;
 Jaycees to Sponsor**

Plans have been completed by
 the Pampa Jaycees for the second
 annual Top of Texas Community
 Fair to be held July 14-18.

The site for the fair will be the
 Pampa Recreation Park. Several
 special events and the commercial
 exhibits will be held in the National
 Guard Armory adjacent to Re-
 creation Park.

Civic clubs participating in the
 venture will share in the profits
 from the five-day event. Each
 civic club has entered a queen
 contestant and the winner will be
 crowned Saturday night at the fair.
 Prizes for the queen will be valued
 at more than \$500.

"Kids' Day" will be held on
 Saturday, July 17, from 1 to 5
 p.m. During that time all children
 will be admitted to the fairgrounds

 company children to the fair will
 also be admitted free of charge.

Prizes for the best costumes
 will be given away during the af-
 ternoon and three grand prizes, one
 of which is a bicycle, will be
 given away at a drawing that
 afternoon.

A talent contest will be held each
 night of the fair starting at 8
 with the final to be held Saturday
 night. First, second and third-
 place trophies will be given to the
 winners of the talent contest.

An art exhibit will be held in
 the National Guard Armory for the
 duration of the fair. Anyone want-
 ing to put prices on their work
 may do so.

A baking contest will highlight
 the second day of the fair. The
 contest this year has been expan-
 ded to include seven categories:

WALTER ROGERS REPORTS

SOIL SURVEY PROGRESS

I recently received from Mr. H.
 N. (Red) Smith, the state conserva-
 tionist who directs activities of
 the Soil Conservation Service in
 Texas, a report on the progress
 being made in the 18th District
 toward completing soil surveys.

These surveys constitute detailed
 physical inventories of soil con-
 ditions, showing depth, structure,
 drainage, stoniness, slope, erosion
 and the other features of each kind
 of soil that determine its use and
 capability.

Soil surveys are carried out on a
 nationally coordinated basis in co-
 operation with other federal agen-
 cies, the state agricultural experi-
 ment stations, other state agencies,
 county governments and a number
 of local organizations.

I'm glad to say that good pro-
 gress is being made. In four of
 the 28 counties in the 18th District,
 the mapping has been completed
 and the surveys published. In six
 other counties, the work is com-
 pleted and publication should fol-
 low shortly. Work in other counties
 is in varying stages.

The primary purpose of the soil
 surveys is to make available to
 landowners and farm and ranch
 operators the facts on which to
 guide development of basic con-
 servation plans. With a soil map
 and its interpretation, plus related
 information, a technician of the
 Soil Conservation Service is able
 to provide farmers and ranchers
 with proper planning assistance.

Although soil surveys are being
 used mainly in developing and
 managing farm and forest lands,

they provide information for other
 purposes.

County and community planning
 officials use soil survey informa-
 tion to help locate areas that are
 suitable for housing, schools, shop-
 ping centers, roads, parking lots,
 industry, parks and recreational
 areas. Bankers, insurance officials
 and loan companies find soil sur-
 veys helpful in determining the
 soundness of proposed investments
 in land. Engineers use soil surveys
 in locating and designing highways,
 airports, sewers, pipelines, build-
 ings and other structures.

In past years, a number of at-
 tempts have been made to reduce
 funds available for soil conserva-
 tion programs, including soil sur-
 veys. I have always supported
 proper appropriations for soil con-
 servation work, recognizing the
 great work done over the years in
 the Texas Panhandle, and have on
 several occasions helped lead fights
 to restore threatened cuts appro-
 priations.

It now appears that the SCS
 appropriation for Fiscal Year 1966
 will provide approximately the same
 amount of money as was available
 for the program in 1965. Many of
 us have been concerned because
 a \$20 million cut was threatened
 under legislation to be offered in-
 creasing the extent of financial
 participation by cooperating soil
 conservation districts, landowners
 and operators.

However, this legislation has not
 as yet been submitted to Congress
 and its fate, when it is submitted,
 is very much uncertain. Certainly
 we can ill-afford to handicap the
 soil conservation movement. Our
 treasured soil resources must be
 preserved.

The soil, water, range and forest
 resources of the country are basic
 in the structure of our national
 economy. From that base comes
 our food; the bulk of our water
 supply for agricultural and munic-
 ipal and industrial purposes; most
 of our clothing, paper and other
 fiber; much of our shelter. In
 our growing nation, this most vital
 economic base must be protected
 and enhanced.

Recent visitors: Mr. and Mrs.
 A. M. Hilburn, Mr. Kenneth Farm-
 er, Mr. Howard Lynch, Mr. M. N.
 Skudshelm and the Rev. Robert
 Metzger of Amarillo; Mr. T. A.
 Landers of McLean, and Mr. and
 Mrs. Howard Graham of Pampa.

Armstrong County To Celebrate Its 75th Anniversary in July

A special feature of the annual Caprock Roundup, to be held in Claude July 22, 23 and 24, will be the celebration of the 75th year of the establishment of Armstrong County.

Special recognition will be given oldtimers who were living in the county in 1890 when the area, formerly a part of Bexar District, became a county.

The three-day Caprock Roundup gets underway Thursday evening at 8 o'clock with an amateur rodeo in Legion Park, followed by a dance in Legion Hall.

The big day of the three-day celebration will start at 9 a.m. Friday, July 23, featuring registration of old timers on first floor of the courthouse, followed by a street parade at 10 a.m.

After the street parade the annual Farm Bureau Queen Contest will be held on the courthouse steps. At noon Friday a free barbecue will be served on the courthouse lawn to oldtimers, visitors and residents of the county.

Another rodeo will be Friday at 8 p.m. in Legion Park, followed by a dance.

Invitations are extended to riding clubs and other organizations to participate in the street parade at 10 Friday morning. It will feature the 75th anniversary of the county. Prizes will be given for the best float.

Glen Green of Amarillo will furnish the stock for the amateur show. Events and entrance fees

are: bareback bronc, \$21; saddle bronc, \$16; bulldogging, \$21; bull riding, \$21; head and heeling, \$32; calf roping, \$31; barrel racing, \$21.

mail from T. A. Landers, who has been enjoying the sights of our nation's capital.

Mr. Landers, former publisher of The McLean News for many years, reports that one "can learn more history here in a day than a year in school."

This bit of information makes us more determined than ever to persuade him to write an article about his trip for the News. A little encouragement from others just might help us get the job done.

Mr. Landers left Lubbock Monday of last week on what was probably the swiftest ride he ever made:

"Took turbo-jet for one hour's run to Dallas Monday. Rode jet to Washington in 2 1/2 hours. Arrived here at 11:30 a.m."

An important event overlooked (actually unreported) occurred here early last month, and we would like to report it now.

While most other farmers were waiting for their wheat to ripen enough for harvest, Shorty Burr hauled his first load to the McLean elevator on June 3.

John C. Haynes, who is operating the elevator here, was pleased with the fact that a local farmer was one of the first in the Pan-

handle to harvest a load of wheat. Haynes feels that wheat will play a much more important part in this area's economy in the future than it has in the past.

Those who felt Glenn Wade was biting off more than he could chew in building that overnight trailer park last year now are wondering if perhaps he should have taken a bigger bite.

The park—first of its kind in this area and the only one we know of anywhere—offers special accommodations for tourists who like to take their campers and tents along with them on a trip.

Glenn was beginning to wonder last summer if he hadn't invested a little too heavily in a new thing.

But now he knows the trailer park was no mistake. Tourists flock here every night, and they are pleased to find a place where they can erect their tents and park their trailers somewhere other than on the side of the road.

Not only is Glenn realizing some income from this new business venture. The grocery stores, cafes, service stations and other firms in town also have a new source of revenue.

Our congratulations . . . and thanks . . . to Glenn.

Mrs. T. E. Crisp and Mrs. Lurah Rhodes visited with Mrs. Guy Farrington at Pampa recently. Mrs. Farrington has been ill.

Mr. and Mrs. Henry Koller and Mike and Duwayne of Owensboro, Ky., spent last week with his sister, Mrs. James Carter, and family.

Jimmy Shelton Has 13th Birthday Party

Jimmy Shelton, son of Mr. and Mrs. James R. Shelton, was honored with a swimming party on his 13th birthday last Friday night at the McLean Swimming Pool.

Refreshments of cake, ice cream and cold drinks were served to the guests and honoree. Pictures were made during the celebration.

Lifeguard was Robert McCabe. Other guests attending were:

Wynell McNeill, Mary Kesterson, Marsha Ellison, Neal Middleton, Douglas Kirk, John Hunt, Curtis VanHuss, Dana Miller, Lynn Taylor, Steve Gray, Larry Boyd, Jana Hess, Rose Mary Blankenburg, Diana Tryon, Johnnie Baker, Mr. and Mrs. Melvin Baker, Mr. and Mrs. Buddy Gray, Mr. and Mrs. James R. Shelton and Jeanene Shelton.

Mission Films To Be Shown Sunday

Mrs. Elie Woerner, the former Glenda Smith, daughter of Mr. and Mrs. Edgar Smith, will show films and slides of Baptist mission work in France Sunday evening at the Training Union hour at the First Baptist Church.

Mrs. Woerner's husband is pastor of the First Baptist Church in Chateau Roux, France, and they have been engaged in mission work among the French and Americans for a number of years.

Mrs. Woerner and her two children, David and Kimmy, are spending a 40-day vacation with Mr. and Mrs. Smith and other relatives. Everyone is invited to attend the special program Sunday evening.

ditional prints may obtain a limited number by arrangement with the studio representative when they select the pose they want printed in the paper. It is entirely up to them.

This paper simply wants pictures of all the youngsters, and the more, the better. So the mothers and fathers of the community in which this paper circulates should remember the date Friday, July 16, to bring their children to the photographer.

Appointments may be had by calling GR 9-2447.
